VOLUME NO. XVI

DIMMITT, CASTRO COUNTY, TEXAS, THURSDAY, SEPTEMBER 24, 1942.

NUMBER 23

## JEFF WALDRIP PIONEER HERE PASSES ON

Death comes to one and all alike, the young, the middle-aged and the elderly. This week the grim reaper has removed several from our midst and among this number was a real pioneer resident, Jeff Francis Waldrip.

Mr. Waldrip was born in Kaufman county, Texas February 15, 1862, being 80 years, 7 months and 7 days old at the time of his death. He died in the home of his daughter following an illness of 2 weeks.

He came to Castro county in 1913 and has resided here since, rearing his family and making a real citizen and neighbor among those he chose to live. His beloved wife preceded him in death some six years ago, since which time he has made his home with his daughter, Mrs. Faye Holland here in the city.

## LIONS CLUB BACKS FAIR

Following a deliciously prepared and well served meal, the Lions were called to order by Lion Harrison, and the minutes of a previous meeting were read and adopted.

The matter of the coming County Fair to be held October 9th was discussed and a meeting set for the district court room Tuesday night to discuss further plans for carrying out proper displays, premiums, etc.

A committee composed of Lions Gregory, McCollum and Neumayer was appointed to make proper arrangements for entertaining the boys who go into the service hereafter, either voluntarily or by selective service as guests of the Club prior to their departure.

## MAIL PARCELS SOLDIERS EARLY

Postmaster Maurine Bice was a visitor in The News office Wednesday morning and left us some information relative to mailing parcels to soldiers, especially to those serving in distant points.

## Farm and Labor Wages Must Be Controlled Alike

It is to the credit of certain farm organizations, such as the leading marketing co-operatives, that they have not opposed stringent control of agricultural prices so long as stringent control of wages is imposed with it.

These organizations, in other words, have simply objected to the farmers being turned into shock troops to fight inflation—while other national groups go merrily ahead getting all the money possible.

The cost of farm labor alone has offset much of the increase in farm income—to say nothing of the higher costs the farmer must pay for equipment, feed, manufactured commodities, etc.

Out of self-interest alone, both labor and agriculture should accept equitable wage and price controls, applied to each on the same principle.

## COUNTY FAIR OCT. 9TH WILL PROVE BENEFIT

The Castro County Fair, which is to be held in Dimmitt on October 9, will not only be a recognition show of the fine farm and home work carried on in the county, but it will also be a means of promoting the Food for Victory program and other phases of the war effort.

Features of primary interest to women and girls will include competitive divisions in foods, clothing and textiles, educational exhibits, a flower show, plus an interesting afternoon program in which two specialists from the Texas A. & M. College Extension Service will participate.

Mrs. Dora R. Barnes, Clothing Specialist, and Miss Winifred Jones, Food Preservation Specialist, will give demonstrations in their particular fields of work as well as aid in judging foods and clothing divisions.

## NUPTIAL VOWS ARE SOLEMNIZED AT YUMA SUNDAY, SEPTEMBER 13

Word has been received of the marriage of Miss Madge Winders, daughter of Mr. and Mrs. L. D. Winders of Dimmitt, Texas to W. H. Awtry, Jr., son of Mr. and Mrs. W. H. Awtry, Sr., of Muleshoe, Texas.

The double ring ceremony was performed at Cupid's Corner in Yuma, Arizona, Sunday, September 13, at 9:30 A. M. with Rev. John Harper officiating.

Madge was attractively dressed in a Soldier's Blue costume suit, trimmed with red fox fur and black accessories.

The attendants of the couple were Mr. and Mrs. Ansel Bynum and Mr. R. L. Bynum of San Diego, Calif.

Mrs. Bynum was dressed in a Russian tan redingote suit, with accessories of dark brown.

The bride is a graduate of Dimmitt High School and was formerly employed as senior clerk in the Agricultural Adjustment administration office at Dimmitt.

The groom is a graduate of Muleshoe High School. He attended Texas Technological college at Lubbock two and one half years and is now employed at the Consolidated Aircraft Corporation in San Diego, Calif.

After a short wedding trip the couple will make their home at 3175 National Ave., in San Diego, California.

Earl Matthews with "Choc" Lay at the Conoco Station has our special thanks for favors shown us during our stay in Dimmitt. Incidentally, Earl has a happy little family composed of the wife and son, Sherman Matthews, the latter being a fine young man of eleven years.

## Truckers Must Watch Capacity Of Tires Also

Our friend, D. Neumayer, local truck operator, calls our attention to the ruling by the ODT on overloading of tires, as well as trucks and left with us a card which inspectors will fill out and give to those who are caught hauling an over-load on their tires, which are loaded on the basis of their condition and ply at time of actual use.

For instance, 7.50-20, 8 ply tires are given a capacity of not over 2250 pounds. ODT does allow for 20 per cent overload, but truckers are cautioned to try to stay within bounds and be safe at all times, as the inspector has authority to stop your truck, and notify your employer that you have been stopped from driving a truck for a certain period for overloading your tires.

Here are a few other figures on capacity of tires given out by the ODT:

10.00 - 20	(9.75-20)	12	4000
11.00 - 20	(10.50-20)	12	4500
12.00 - 20	(11.25-20)	14	5475
12.00 - 20	40x10	16	5875

The Inspector's side of the little card which carries the sizes listed on one side, also has the following on the opposite side for him to fill out: Size of Tires on Overloaded Trucks; Make of Truck; License No; Truck; Trailer; N. of Tires; Truck; Trailer; No. of Plies; Truck; Trailer; Size of Tires; Truck; Trailer; Date; Inspector.

The News passes this information to truckers in this section and thanks Mr. Neumayer for the card which he handed us, bearing the ODT's rulings.

## Stay Well And Help Win War

A recent headline in Newsweek said, "Services' call for doctors means U. S. must stay well." And the statistics back that up thoroughly.

This country has 176,000 physicians—of which 22,000 have been taken by the Army. If the goal of a 9,000,000-man Army is attained, about 58,000 doctors—one-third of the nation's total—will be in uniform. And the situation is about the same in the case of nurses. We have 300,000 trained nurses—and 50,000 will be required for the Army and the Navy by the middle of next year.

No one can complain about this—America's fighting men will and must have the best medical attention possible. What it means is that all remaining doctors must work far harder and longer than ever before. The medical schools are stepping up the tempo of medical training as far as practical. And, in addition, civilians must help. Here is how Newsweek puts it: "The civilian will also have to pull his oar in the boat. Instead of expecting punctual appointments and home visits, he will have to wait his turn in the doctor's waiting room. Preventative medicine will loom larger. Facelifting operations will have to yield precedence to emergency appendectomies. By the war's end, hypochondriacs and the bedside manner alike may well have become part of America's past."

This is a small "sacrifice" indeed for the civilian to make in the interest of our soldiers' health, as well as the health of those who

## The Quitter

When you're lost in the world, and you're scared as a child,  
And death looks you bang in the eye,  
And you're sore as a boil, it's according to Hoyle,  
To cock your revolver — and die,  
But the code of a man, says "Fight all you can,"  
And self-destruction is barred,  
In hunger and woe, oh, it's easy to blow,  
It's the hell-served-for-breakfast that's hard.  
"You're sick of the game"? Well, now that's a shame.  
You're young, and you're brave, and you're bright,  
"You've had a raw deal"? I know, but don't squeal,  
Buck up, do your damndest, and fight.  
It's the plugging away that will win you the day,  
So don't be a piker, old pard,  
Just draw on your grit; it's so easy to quit;  
It's keeping your chin up that's hard!  
It's easy to cry that you're beaten — and die;  
It's easy to crawl, and crawl;  
But to fight and to fight, when hope's out of sight,  
Well, that's the best game of them all.  
And though you come out of each grueling bout,  
All broken, and beaten, and scarred,  
Just have one more try — it's easy to die—  
It's the keeping-on-living that's hard.

—Robert W. Service.

## Scouts to Have Scavenger Hunt Monday Night

The Boy Scouts of the Local Troup who miss next Monday night's meeting will be sorry! Plans are being made for a Scavenger Hunt—one that will test each boy's scouting knowledge and skills. The Hunt will get under way at the grade school at 7:15 and all boys are urged to be on time if they want in on the fun.

The four patrols, Owls, Beavers, Flaming Arrow and Flying Eargle, will compete against each other. Troop 67 welcomes four new boys, Glenn Duncan, Jackie Miller, Allen Mixon and Lonnie Rice. Since last October, the troop has registered 42 boys. At the present time there are 37 active boys, three boys having moved and two having been dropped for inactivity.

## V-MAIL SERVICE IS PUT INTO USE TO SAVE SPACE IN HANDLING OF BIG MAIL

The Post Office Department has announced that the V-Mail Service, is now past the experimental stage with each week showing large increases in the number of letters mailed to American soldiers overseas.

The War Department has increased its facilities to handle promptly the volume expected in the future.

Facilities for photographing and reproducing V-Mail to and from the United States and the British Isles, Australia, India, Hawaii and other points are now in operation. A similar service is being planned for Iceland and other points where the volume may warrant.

Pointing out that V-Mail provides a safe means of communication with members of our Armed Forces, the Post Office Department gave assurances that the film (upon which the communications are reproduced) are given the most expeditious dispatch available. Because of the small space taken up by the rolls of film, they often can be carried on ferry planes or bombers.

Every pound of weight which can be saved on air transports overseas, said the Department, means that an equivalent amount of weight can be allotted vital military material.

In recognition of this, and in an effort to insure delivery of mail to as many men as possible at overseas destinations when space is limited, the War and Navy Departments have directed that V-Mail be given priority in dispatch over all other classes — including air mail — when transportation facilities under control of those departments are used.

When V-Mail letters are addressed to places where micro-film equipment is not in operation, the letters are transmitted to destination in original form by the most expeditious means available. Even in these instances savings in weight and space are accomplished since there are approximately 97 V-Mail letters in a pound, whereas, ordinary letters average 40 per pound.

The War, Navy and Post Office Departments all cooperated in developing this Service, largely with a view to decreasing the volume of mail to be carried overseas and providing an expeditious service.

The public is urged to use it at every opportunity.

Secretary Kenneth E. Turner of the Castro County Selective Service Board, was a pleasant visitor in The News office Wednesday afternoon. Judge Turner served his county as county judge at one time and when the present secretaryship of the board was open for filling, naturally, he was selected as the man for the place, since he knows everyone and where they reside in the county. We were glad to have him call.

Floyd Thomas, the Cafe man, was by to see us Monday afternoon. Floyd says he has "lived in these parts" for 10, these many years, and was employed as a meat cutter for some nine years before going into the cafe business. Mr. and Mrs. Thomas have two daughters and a son and form a happy group. And, incidentally, Floyd knows "how" to make good coffee and to cook and serve things as you like them.

## BUSINESS MEN JOIN LIONS IN BACKING FAIR

E. F. Harmon was again elected to head the Castro County Fair this year at a meeting held Tuesday night and attended by business men of Dimmitt. P. L. Cunningham and Ozro Stephens were elected vice president and secretary-treasurer, respectively. The meeting was presided over by T. E. Harrison, president of the Lions Club which body has agreed to work with the Fair officials in every way possible.

A large number turned out for the meeting which showed the interest among the people in Dimmitt for a Bigger and Better Fair this year. County Agent M. U. May told the group what might be expected to be exhibited and that farmers over the county were ready to do all that is possible to maket he Fair a real success.

T. E. Harrison was elected to head the entertainment committee of the Fair and all other committees will be appointed this week by Chairman Harmon.

A great effort will be made to stage entertainment at this year's Fair that will be of interest to everyone in the county and a thing to be remembered.

This year's Fair will feature live stock and food for Victory that these livestock will play in helping win the war.

## BOLING FAMILY LEAVES McQUARY FAMILY COMES DIMMITT EXCHANGES

Bob Boling, popular local manager of the Texas-New Mexico Utilities, leaves soon for a new field of labor at Dumas, and Mrs. Boling and Miss Katherine and Charles will go to Canyon, where Miss Katherine will enter college and Charles will get his first start in public schooling.

The News joins the many friends of the Boling family in wishing them happiness and success in their new locations, and we bespeak for Bob continued success in his work for he is one of those fellows who always make a go of it whenever and wherever they go. We regret to lose these good people but our best wishes will go with them.

Dimmitt isn't just being left all alone in this transfer, for we are securing as citizens Mr. and Mrs. Wilbur T. McQuary and Virginia Ruth, who come to us from Plainview. Mr. McQuary comes highly recommended as a public service man, having been engaged in this line of endeavor for a long time and will join right into our community life one hundred per cent. The News joins all of our citizen in welcoming Mr. and Mrs. McQuary and little daughter to our city and trust they will like to live among us.

## Baptist Church

Sunday School — 9:45 A. M. B. T. U. — 7:30 P. M.

Worship Services — 11 A. M. and 8:30 P. M.

Midweek Services — Wednesday 8:30 P. M.

At the close of the Sunday School next Sunday morning, the different departments will award diplomas to the graduates and these will be promoted to the next department higher. During the morning worship hour, the pastor will lead in the installation of all the workers for the new church year which begins October 1st.

Sunday, Oct. 4, the pastor will bring a special message commemorating the 150th anniversary of the founding of the first Baptist Foreign Mission Society in England. This society sent out William Carey to India and marks the beginning of the modern foreign mission movement.

Next week the W. M. U. of our church will observe a week of prayer for state missions. Program will be given each afternoon. A special program will be rendered at the prayer meeting hour on Wednesday night.

Mrs. Harvel, who has been guest in the home of her daughter, Mrs. Elmer Youts, returned to her home at Holdenville, Okla., Saturday night.

## PIONEER PASSES AWAY AT DUMAS

Mrs. John Crum and Buck were called to Dumas to the bedside of their father who was seriously ill Tuesday night and who died in the Dahart hospital last Sunday morning, Sept. 20th, following an operation and the effects of an heart attack.

Mr. Crum was a pioneer of Moore county, moving there in 1909 and lived on the same place until his death. He was an extensive cattleman and farmer and was known for miles around as a real kindly neighbor and friend to all alike.

Deceased was born on June 4, 1868 and was married to Mattie Jenkins of Scurry county on March 15, 1896. To this union eight children were born, seven of whom survive.

Deceased leaves a wife, seven children, eight grand children and a host of friends to mourn his passing. The children are Samuel Wesley, Frank and Eddie Hobert, all of Dumas; Wesley and Jim Hobert of Hartley, Texas, and two daughters, Mrs. John Crum and Mrs. B. Crum of Dimmitt, Texas. The grand children are Juanita and Anna Bell Crum of Dimmitt; Raymond Gene and Lawson Crum of Dimmitt; Bill and Bob Hobert of Dumas and Norman and Jimmie Dale Hobert of Hartley, Texas.

The afternoon will be given over to conferences with individual merchants who need to have special price regulation problems explained and clarified, it was announced.

Since the OPA is starting immediately an inspection and check of all retailers and others who are under the price ceiling regulations, it is declared that the September 30 Clinic is extremely timely for Messrs. Ben Hill and Claude Mixon, proprietors of the M System Grocery and Market, were in to see The News editor Wednesday morning. Mr. Hill came over from Vega and Mr. Mixon has charge of the local Store. We were glad to meet and know Mr. Hill, personally and invite these gentlemen to call every time it is convenient.

The News editor dropped in on City Secretary J. W. Skipworth at the City Hall Tuesday morning and found the gentleman busily engaged with his work. Mr. Skipworth was reared over in Clay county in the Secret Springs community and left there when about sixteen, so we had quite a visit discussing some of the early day settlers in that section. Mr. Skipworth showed us through the hall where the painters are busy redecorating the interior and it will add much to the looks of rooms when this work is completed. We enjoyed our visit with him.

In the Chisos Mountains in Texas are found rare species of juniper, not known to exist elsewhere.

## BOND DRIVE!

Mayor H. W. Golden, chairman of the Castro County War Bond Committee, received the following telegram relative to the War Bond Quota drive and we reprint it in full, just as received by the Mayor in order that all alike may see just what the state chairman is facing. We understand, however, that Castro county is holding right in there with her quotas.:

Mr. H. W. Golden,  
Dimmitt, Texas.

War Bonds Sales reports for the period ended Sept. 15 indicate that Texas will fall short of the quota assigned for the month of September unless New Sales can be stimulated during the remaining days of this month. For obvious reasons

it is considered of utmost importance that the quota for Texas be reached this month.

We realize that you and your co-workers have labored hard and the special publicity given by the Motion Picture Theatre industry has been splendid. But we feel the emergency justifies asking you to extend yourselves even further in a final extra effort for New Sales and particularly stress the importance of having Theatre and other Bond Orders and Pledges converted into completed purchases in time for the money to clear the Federal Reserve Bank before Sept. 30th to assure cash reaching Federal Reserve Banks in Time for the September tally.

I am sincerely urging that you, as County Chairman, exert every possible effort with the assistance of your committeemen with the definite determination that your county will go over the top and exceed the quota assigned to Texas for September.

We have fallen short of our quotas during the past few months and it is most urgent that we do not have a recurrence of this in September. Certainly the citizens of Texas are not complacent and unaware of the situation that confronts us. May I have your all-out cooperation and assurance that your County will not be the one to fail at this critical point. Our boys on the battle front are not faltering in doing their duty and certainly we must strengthen our force on the Home Front and let the nation know that Texas has met the quota assigned one hundred per cent.

FRANK SCOFIELD,  
War Band Administrator for Texas.

E. J. Wilhelm, Happy, Route 2, was in to see The News man on Tuesday afternoon.

Mr. and Mrs. Elmer Youts and daughters spent the weekend at Shawnee, Okla., with Mr. Youts' parents.

## Methodist Church

We appreciated having a number of our local folk in the service at Bethel last Sunday morning, and also in the evening service. The Lord blessed us and we had a good meeting at Bethel.

You are cordially invited to worship with us next Sunday. Our services are:  
Sunday School 10:00 A. M.  
Preaching 11:00 A. M. and 8:30 P. M.  
Woman's Society of Christian Service Monday, 3:00 P. M.  
Midweek Service Wednesday, 8:30 P. M.  
URAL S. SHERRILL, Pastor.

How many of our readers have ever seen a boy with his first bb or 410? Well, that's about how proud they usually are when they catch a nice "string of fish." Our fine little friend, Jimmie Singer and his chum went out one day this week and "really brought home the fish" for they had sixteen nice size catfish and they took time out to let the News editor see them,—and, we think, just to "make our mouth water" for a bite! Well, Jimmie and Edwin Byrnes were the fishermen, and Jimmie said Edwin was the "one" and Edwin said Jimmie was the "one," so we just concluded they were both "pretty fair on the catch" since they had such a nice string, and they were just right to eat.

Irving King of the Spring Lake district was among our callers on Tuesday afternoon, coming in to have us place the name of his son, Pvt. Billie J. King, and nephew, Pvt. Harvey E. Looney, on our mailing list. The son is located at Camp Luna, Las Vegas, N. M., and the nephew is stationed at Enid Flying School, Enid, Okla. We hope both boys enjoy reading the News each week, and we were glad to have Mr. King pay us a visit.

## LETTERS TO THE NEWS

San Diego, Calif., Saturday 4 P. M.  
Castro County News,  
Dimmitt, Texas.

Dear Editor:  
Just a line to let you know I have changed my address once more. I am now stationed at San Diego. I am here attending a Torpedo School. I was transferred from Alameda, Calif., to this Station September 12. I will be here eight weeks, possibly longer.

I wish to thank you very much for the paper, and hope to receive it again very soon.

Your friend,  
S-Sgt. R. V. McMahon

Mrs. Scarborough was in to have the names of her three sons, now in the service, properly addressed and while here she informed us it had been their misfortune since the three boys had been taken into the service to be forced to vacate the farm she and Mr. Scarborough had been renting. That is a terrible thing to happen to a good American family right here where we claim to be "real Americans" and that, too, after the family has three sons already in service and another likely to go soon. This is something, and most worthy too, for the Lions to look into!

Wm. Hochstein of Nazareth was a visitor in The News office Monday morning while in town trading with our local merchants. He ordered The News sent to his son, Pvt. Eugene Hochstein, Sheppard Field, Wichita Falls, Texas, as well as to his daughter, Miss Geraldine Hochstein, who is employed in the Hastings Hospital, Tahlequah, Okla. We hope both the son and daughter enjoy reading the paper each week. We were glad to have Mr. Hochstein call and extend him an invitation to come in every time he comes to Dimmitt to trade.

We enjoyed a visit from Manager W. R. Simon of the Willson & Son Lumber Co. Monday afternoon, and Mrs. Simon and Master Charles Ray came by while Mr. Simon was in the office. Mr. and Mrs. Simon have purchased the Tom Hanks property in the south part of the city near the Grade School and are "at home in their new home" in Dimmitt and The News is glad they are happily domiciled. Mr. Simon has an advertisement in this issue for his firm, Willson & Son Lumber Co., calling attention to their special nation-wide Cook's Paints Sale. Look it up, read the ad and then go by and recure some of Cook's Paints and Varnishes and repaint or redecorate your home or some of the rooms or furniture and you will be mighty well pleased with the results.

Mr. and Mrs. J. R. Rothwell, proprietors of the Steak House, are enjoying a nice business during the present fall months, as much wheat sowing is being done and people rushing to complete the fall planting are usually hungry and go by their favorite spot to get what they want to eat. These young people are always glad to serve you with good things to eat.

## BETHEL

(By Mrs. Billie B. Sinclair)

Mrs. Glenn Smith, Mrs. Inis Davis and Mrs. Bryan Sinclair visited Mrs. J. G. Davis Sunday evening. Mrs. Davis has been quite sick but is reported as improving.

Billie B. and Marguerite were Sunday guests of Mr. and Mrs. Guy Cox.

Mr. and Mrs. Bryan Sinclair and boys were business visitors in Littlefield Saturday.

Mrs. Bryan Sinclair and Marguerite accompanied Dorothy Shannon to Oklahoma Line to meet Mrs. Bill Johnson. They are going to join their husbands in Camp White, Oregon. They plan on spending a few months there.

Mrs. Buel Ayers and Lynell McKinney spent the week-end with their parents, Mr. and Mrs. W. R. McKinney of Dimmitt.

Mrs. Ray McIntire of Floydada is spending this coming week in Dimmitt.

Grace Marie Bagwell of Pampa spent the weekend with home folk.

Mr. and Mrs. Guy Cox and Marguerite Sinclair were Amarillo visitors Monday.

Mr. and Mrs. Melvin Summers of Cleo have been visiting relatives in Wellington and Kingman, Kan.

## FLAGG

(By Mrs. Sid Sheffy)

Mr. and Mrs. Clyde Dameron were Sunday guests of Mr. and Mrs. Andy Thompson.

Mrs. Elzie Teague was the dinner guest of Mrs. J. M. Coke Sunday.

Kenneth Turner and Grandmother Turner of Dimmitt were Sunday visitors in the Mrs. Claude Johnson home.

Mr. and Mrs. Gene Ivey visited relatives in Amherst Sunday.

Mr. and Mrs. Cecil Ginn spent Sunday with Mr. and Mrs. Ocie Ginn of Friona.

Clay Thomas, Claude Johnson and Elzie Teague were business visitors in Slaton Sunday.

Mr. and Mrs. C. C. Chance have been in Turkey the past week.

Mrs. Houston Hawkins and Mrs. Clarence Erwin were shopping in Earth Monday.

Mr. and Mrs. C. J. Johnson are the happy parents of a boy, born Sept. 18. His name is Kenneth.

Douglas Dameron spent Sunday with Corky ReRnro.

Mrs. Adams visited Mrs. Fred Walker Monday.

Mr. and Mrs. Buddie Birdwell visited Mr. and Mrs. J. W. Hawkins Sunday.

Wm. E. McCarty was a visitor in The News office Wednesday morning and we were glad to have him call. William drives the Jumbo district bus. He and Mrs. McCarty are the happy and proud parents of a mighty pretty little blond baby daughter, Lawana, and The News editor "took a liking to the little Miss" Sunday when she was in the family car and "Choe" Lay drove the car upon the greasing rack and she became very frightened. We helped her out of the car and her troubles were soon over. We think she is a mighty pretty baby girl.

CORRECTION

A correction should be made about the Home Ec. Classes. They are cooking instead of sewing...

The girls have canned a total of 80 containers, which include peach pickles, peas, greens, tomato, okra, pears, beets, and corn.

The girls taking first year home ec. are learning to make milk shakes, cocoa, and egg nogs...

This looks like the girls are going to eat throughout the duration, doesn't it, boys?

LUNCHROOM NEWS

The seventh and eighth graders met at grade school and canned vegetables for the lunchroom...

We are appreciating all donations of food as well as the help to can the food.

The seventh and eighth grade mothers who helped are:

SENIORS ARE PREPARED FOR SCHOOL YEAR

The Seniors are prepared for the coming school year with some officers who will do everything they can for the class.

JUNIORS ORGANIZE

The Junior class has left itself in good hands once again. Joe Wagley is now president; Raymond Mobley, vice president; and Lillie Sparkman, secretary.

SOPHOMORE CLASS NEWS

The sophomore class have started out the new year in a big way. As their sponsor they have chosen

Ray Sheffy, Mrs. Joe Gollehon, Mrs. Nixon, Mrs. Sam Hunter, Mrs. Timmons, Mrs. Moore, Mrs. Eubanks, Mrs. Carthel, Mrs. Earl Lust, Mrs. Murphy, Mrs. Gillam, Mrs. Barrett, Mrs. Ewing, Mrs. McDermitt, and Mrs. Cryer, who supervised the work.

Two F. F. A. Boys Receive Awards

Two prominent senior boys received their State Farmer's Degree Wednesday in Chapel. They were none other than Eugene Watson and G. D. Caison.

To get this award they have to have \$250 invested; have a supervised farming program; show leadership ability; hold office in local chapter; have their own livestock, etc.

Eugene and G. D. were to receive their awards at the State Banquet in Fort Worth, but due to the war situation it was postponed and these awards were mailed here.

The senior class is glad to have these boys in their class and the whole school is proud to have them in school as they are the only two boys from this district to receive these awards.

Eugene was reporter of the Dimmitt F. F. A. Chapter in 1940-41, president in 1941-42, and vice-president in 1942-43.

G. D. was treasurer in 1942-43, and is secretary this year, 1942-43.

Mrs. Hudspeth, who is lots of fun and will make a good sponsor. She is capable, which will help make the sophomore class stand out this year as never before.

They have also selected good officers, which are: As president, they have chosen C. H. James; for vice president, Dorothy Dee Clingsmith; for secretary, Sue Watson; Barbara Ann Hunter, treasurer; Joyce Sherrill for reporter; and Norma Hunter as assistant reporter.

FRESHMAN CLASS ORGANIZES

The freshmen class of Dimmitt High School met September 16 to finish organizing their class. They are now in full swing for the new year with Mr. South as sponsor.

Freshmen we wish you a very successful year.

EIGHTH GRADE ORGANIZES

QUESTION Of The Week

How did you earn and spend your first dollar?

Rex Sheffy: Dancing for the Salvation Army and spent it for War Stamps.

Raymond Mobley: I have my first dollar yet to earn.

Dorothy Clark: How can I remember; I was so young.

Bill Gladman: Shining shoes on the street and I started out buying clothes with it.

Sis Ferguson: I helped cook through harvest to earn my first dollar and bought clothes.

Marvin Sherrill: The first time I earned a dollar all at once was cleaning out the church. I saved all my dollars and bought a bicycle.

Mr. Blaine: I earned my first dollar working for my grandfather. After admiring it for a few days, it went for candy, ice cream, and all the other necessities of young boys.

Howard Cook: Catching catfish; bought fish hooks to go fishing.

Miss Morris: Picking strawberries, (I'm from Arkansas) and bought my first pair of shoes.

Wana Mobley: Washing dad's feet. Then I had to buy smelling salts.

Virginia Anderson: Keeping a neighbor's kid and I had to give the dollar to the kid to keep it from crying.

Miss Rudkins: I think I earned my first dollar chopping cotton and with a few cents more I went to a Ringling Brothers circus which was very exciting.

Glenn Godfrey: When I was eight years old I earned a dollar working for my dad. I went to Mexico and spent it for candy and watermelons.

I Would Like To Know

Here are some of the questions going around school:

Allorah Byrnes would like to know how she is ever going to pull through this senior year?

P.S. Are there any good looking boys running around loose who would like to help?

Howard Cook would like to know if he may flunk American History early to avoid the rush?

Raford Ginn would like to know if all the girls still love him?

N. M. Cruse would like to know why Mr. Blaine brought that big leather belt to school Tuesday morning?

All the girls are wondering what Mary Nell has that gets them. (And we do mean the good looking boys of D. H. S.)

Patsy Lou Houtchens would like to know how to get along with Miss Morris in study hall.

Jack George would like to know the quickest, easiest and shortest way to get out of school? (Wouldn't we all?)

Miss Morris would like to know why it seems so impossible to have a quiet study hall in D. H. S? (Suppose you answer that one, kids.)

TEACHERS WANTED!

In an attempt to relieve the teacher shortage situation that has become acute, State Superintendent L. A. Wood has authorized a special examination for second-class certificates to be given October 16 and 17, 1942.

Anyone who is a graduate of high school, and is at least eighteen years of age, is encouraged to prepare for these tests at once.

All applicants who are interested should register with Superintendent R. A. McCollum by October 1.

class with a boom this year. They have chosen Mr. Blaine as their sponsor.

They plan to be going strong with defense work soon. As individuals, they are going to buy War Stamps and Bonds.

They did a nice job in selecting their officers. They elected Andrew Behrends as president, Doris Jean Belknap as vice president, Jewel Faye Hackleman as secretary and treasurer, and Bobbie Ruth Birdwell as reporter.

Uncle Sam will be proud of these young defense workers.

SEVENTH GRADE ORGANIZED

The seventh class have not decided their sponsor as yet. Miss Shreve and Miss Rudkins are the nominees. With neither of these as their sponsor they will be a help in D. H. S.

WHO'S WHO In D. H. S.

The person of whom I am thinking is not very short and not very tall. She has blond hair and blue eyes and is a member of the Junior Class. She is very popular and is known for her singing ability.

The boy who I am going to describe this week is also popular among his fellow students. (Especially with the girls.) He plays football and was one of the star players on the basketball team last year.

The boy and girl who were described in Who Who last week are Bill Graham and Mary Alice Sherrill.

SCHOOL TAKES UP LATER

Beginning last Monday, September 21, school took up an hour later, which was 9:45 instead of 8:45. Therefore, we didn't get out until 4:30.

This was a good advantage to some who rode the buses and got on before 7:00.

Grade School Library Improved

The grade school library which is used by the third, fourth, fifth and sixth graders has been improved for this school year.

One large book case for supplementary readers has been built, desks have been put on runners, and a new magazine rack has been acquired.

In addition, all of the books have been repaired and a new set of World Books, complete up to June 1, 1942, will be received very shortly.

Pupils are given a thirty minute period each day in this combination library and study hall. Often it is used for longer periods by social science classes.

Librarians are Mrs. Floyd Smith, Mrs. Helen Richardson and Mrs. Juanita Blaine.

"MARGARET"

When she's supposed to zig she zags; when she is supposed to swing, she sways, and when she is supposed to go, she stops. That's Margaret.

She often balks and has to be shoved and can drink water faster than you can pour it to her. She often gets her wires crossed and refuses to run until she has been straightened out.

She has a very original dance step, which she insists on doing all the time. Most people call it "Road Walking."

In case you are wondering who she is, she's a little strip down Ford that you've probably seen around town quite often.

She has some peculiar habits; her lights won't burn unless the clutch is in, and the horn "honks" only when you push up on the steering wheel.

Well, Your's Till the Motor Falls Out!

FASHIONS

The wheels of fashion never stop turning, so let's take a look through the D. H. S. Halls and see what the girls are wearing this year.

Sloppy Jo sweaters and bright plaid skirts seem to be the most popular with the girls. Harriet Huckabay wears a very becoming red sweater with a black, red and gray plaid skirt. This makes a very attractive school outfit.

Among some of the other sweater girls, we find Mary Nell Earnest. Her powder blue sweater is most becoming to her blond hair and blue eye.

Accompanying the sweaters, most of the girls wear long, bright or neutral colored beads.

To be in style one is now forced to buy a skirt, Sloppy Jo sweater and beads.

From three to four million trees are planted annually on the prairie farms of Northwest Texas.

With James Cayton as president, Jack Ziegler as vice-president, and Phyllys Youts as secretary and treasurer, they will be going in full swing soon. The reporter has not been elected at this time.

Teacher Changes Name

Saturday, September 19, at 12 o'clock in Clovis, Miss Hazel Shreve became the bride of Mr. Ernest Penn of Happy.

The bride wore a blue crepe dress with black accessories. Officiating was Rev. Bailey, Methodist pastor of Clovis.

After the ceremony the couple, accompanied by Miss Ruby Morris, returned to Dimmitt.

"MYRT SEZ"

There are always new people to talk about. Wana Mobley has a new interest in a new guy around town. His name is Willard Wilson and he isn't hard on looks.

I thought tire rationing bothered everyone, but last week those popular kids from Flagg were hitting Dimmitt's Bright spots (Show and Drug stores). Dorothy Sheffy, Ray Aldridge, Virgie Eva Cooper, Billy Walker, June Thompson, Billy Jones. They all agreed it was most thrilling.

I don't know if I should tell this or not, but I feel it is my duty. Yes, Mary Nell was at the show Friday night and it wasn't with Eugene. It was none other than Bob Beck. With them were Harriet and Johnny.

Who will be next no one knows. Friday night it was Charles, Saturday night G. D. Caison. Oh well, Mary Alice you aren't bothered about the shortage of boys to go with, are you?

I have often been asked not to put someone's name in this. But the other day a certain little girl begged me not to say anything about her, so I won't, but if you want to know why ask Genevieve Hicks. I didn't say anything about you, now did I, Genevieve?!

Will someone tell me who C. L. and Duke are? I over-heard Betty June and Anita talking about them and from what I could gather, they must be something on a stick.

I'm not one for gossip, but some people can't seem to make up their minds. Eugene, whom I thought was for Mary Nell only, fooled me Saturday night. He was in the company of Martha Jo, Hazel wasn't doing so bad; she and Charlie were together part of the time. Mary Evelyn and Allorah were with some one but I couldn't find out who. (Must be slipping!)

These Blonds sure do attract men (some anyway). Patsy Lou has a new one. His name is Brian-ell.

Sue and Raymond were seen together Saturday, also. Our Gallant Romeo, Jim Dyer and the Juliets were Dorothy Clark and Virginia Anderson.

I should talk about this girl, Sue, but I have just learned something I don't think many know. She was with Louis Wilkerson Friday night. She gets around quite a bit, doesn't she?

Wilda Bales has at last fallen— for whom?? None other than Howard Cook.

VICTORY For the Bobcats!

The Friona vs. Dimmitt game ended with a 19-12 victory for the Dimmitt Bobcats.

Good gains were made with Bill Birdwell's passing to Kenneth Jackson. Mobley made most of the points by carrying the ball through the line and around ends.

Aldridge, Birchfield and Warnock showed good defense work in the Bobcat line. The entire Bobcat team was in high spirits, with plenty of fight.

From the sound of things coming from the pep squad the Bobbies will have plenty of backing.

The line up for Friday night with Hereford is:

Hereford's team: L. E. — Russell... 155, L. T. — Manjest... 152, L. G. — Olson... 141, C. — Hussey... 137, R. G. — Brock... 145, R. T. — Hopson... 140, R. E. — Hill... 148, R. H. — Weems... 142, L. H. — Williamson... 137, F. B. — Olson... 171, Q. B. — Merrill... 149

Dimmitt's Team: L. E. — Jackson... 135, L. T. — Aldridge... 151, L. G. — Matthews... 114, C. — Hastings... 131, R. G. — Warnock... 135, R.R.T. — Birchfield... 155, R. E. — Curtis... 145, R. H. — Mobley... 126, L. H. — Walker... 113, F. B. — Birdwell... 128, Q. B. — Sheffy... 117

Be careful, Wilda; your cooking with a cook who knows how to cook.

## RURAL TRENDS

There is an old story about the writer and philosopher, Elbert Hubbard. When he was driving along a country road one day, his keen eye spied a discarded horseshoe lying in the dust. He told his young son to pick up the horseshoe, and take it home as a good luck token.

A little later, the son called his father's attention to a pile of old horseshoes at the side of the road, spilled out of an overturned junk wagon. "Leave them right there," said Hubbard. "One horseshoe picked up is a good luck symbol—a pile of them is merely junk."

Those junk piles today have a new significance. For a good many years, we have had such a large supply of metals, and they have been so cheap, that we have given a little thought to re-claiming them. Salvaging them from discarded machines and building ships and

planes and tanks and guns that will make unheard of demands on our supply of iron, steel, copper, aluminum and other metals. Many of us are faced with strict rationing of metals for peacetime uses, and certainly we shall have to learn to get along without a good many of the things we have come to look upon as a matter of course, without much thought of their value.

This condition imposes a new and very important responsibility on every citizen. His first duty is to repair and make useful everything made of metal that can be put into working order. His second duty is to collect and turn over to the proper authority every pound of metal that is not working—every broken machine or part, every discarded tool or utensil.

War is destructive. It uses up, mostly without possibility of reclamation. The greater part of the metals we must put into war supplies will be permanently gone from our national supply. We may be facing a very long period during which no metals will be plentiful and cheap for peacetime purposes.

An increasing supply of scrap metals must come from the factories and the farms. City homes do not use metals in such large quantities—household machines are seldom heavy, farm machines are.

So every farmer has a special obligation, to seek out every fence corner, to look in and behind every farm building—for metals that can be reclaimed and put to use.

Thus we can contribute to winning the war quickly—to keep terrific losses of life and property to a minimum—to protecting the supply of metals we need in our everyday lives.

### DON'T WASTE STALE BREAD

The majority of military experts don't go as far as this. They argue that relatively few of the bombs dropped by planes ever hit important objectives, and that the damage done can, as a rule, be swiftly remedied. They point out that constant progress is being made in air defense—such as camouflage, anti-aircraft guns and fighter planes. They think that the airplane can do an all-important job in "softening up" an enemy and in disrupting his supply lines—but that it will be up to navies and armies to finish the job.

No one can say with certainty which side is right. In the meantime, the United Nations' high command continues to prepare for a grand-scale invasion of Europe. If that invasion is to succeed, they figure, at least a million superbly equipped fighting men must be landed—and there must be another million in reserve. This, when it happens, will be the greatest military operation in history.

It should also be noted further that, as the now-honored General Billy Mitchell said during his lifetime, the airplane will do the job if given the trial in proper quantity and at the right time! Look how easily the Jap planes sank the big new Prince Edward and Repulse! And, while they argue the plane "can be USED to soften 'em up" yet they are unwilling to admit it can also ruin the enemy if it destroys his transportation systems and lines of communication! Trouble is with most of these fellows who argue the plane "can't" is that they have other means they want to "try out" and the loss of a few hundred thousands of lives will not mean anything, if they can still lead the procession! It is high time those in authority do a little more real fighting, themselves and a little less theorizing at the expense of the masses! The airplane has never yet been tried as Major de Seversky suggests!

The argument goes merrily on between the air-power enthusiasts and those who think that the airplane, vital as it is, can't win a war alone.

Such persuasive friends of the plane as Major de Seversky are convinced that if the United Nations could build and keep in operation enough planes, Germany and Japan could be literally obliterated from the skies—and that major land operations would thus be unnecessary. The fact that the airplane has not yet proven a decisive weapon means nothing in their opinion—because no nation has as yet been able to keep up air attacks on the scale necessary.
