**Rogers Named to X-Ray Society**

Carroll Rogers, medical technician at the local hospital, has been named secretary-treasurer of the High Plains X-ray Technicians' Society. Rogers was named to the office at a recent meeting of the organization at Saint Mary's Hospital in Amarillo. Named president of the organization was Ruth Whitehead, X-ray technician at the Veteran's Hospital in Amarillo. Robert Hicks, X-ray technician at Goldstir Clinic, Amarillo, was elected vice president of the Society. The High Plains X-ray Society meets the second Wednesday night of each month at Saint Mary's Hospital.

Mr. and Mrs. Bob Gunderson and Linda returned to their home in Roseburg, Oregon, Friday after a two weeks visit here in the home of her parents, Mr. and Mrs. R. E. Duke and her brother, Robert Duke and family.

**HART NEWS**

Mrs. Paul Allison and children of Anton spent last week in the home of her parents, Mr. and Mrs. Neely Thomas.

Don Winnett and his roommate of Texas Tech. spent the week-end in the home of his parents, Mr. and Mrs. Homer Winnett.

Scott Crum of Dimmitt visited Mrs. A. L. Hawkins, who is ill at the home of her son in Hart, on Thursday afternoon.

Mr. and Mrs. Roy Pyeatt and Royce Lynn with Mr. and Mrs. Herschel Carthel and children of Lockney visited the State Fair at Dallas Friday through Sunday.

Miss Peggy Lou Murray is now employed as bookkeeper at Gilmore's.

Mr. and Mrs. E. P. Smithermar of South Plains visited his brother, Jack, and family on Sunday.

Misses Ella Buchanan and Geneva McLain and Cleve McLain of Texas Tech. spent the week-end at home.

Mrs. Dewey Smith drove to Childress late Friday afternoon and returned on Saturday bringing her father, Mr. and Mrs. Ed Gibson, for a week's visit with her and Mrs. Roy Wall and family.

Miss Wanda Kitchens and Miss Dickey Sue Pruettt of Lubbock visited in the I. D. Kitchens home during the week-end.

Mr. and Mrs. Easton Wall, Mr. and Mrs. Paul Robertson, Mr. and Mrs. W. A. Hawkins, Jr., were among those attending Home Coming at W. T. S. C. on Saturday.

We have been asked to announce that the Assembly of God Church has changed their mid-weekly meeting from Thursday night to Wednesday night and that the Ladies W. M. C. has been changed from Thursday afternoon to Wednesday afternoon at 2 p. m.

Mrs. Royce Sanders and sons, Jack and Jim, were in Littlefield on Saturday night to visit her sister, Mrs. Olen Burt. On Sunday they had the misfortune of being in a collision with another car. No one was hurt but the car was very severely damaged.

Mrs. Bill Wood underwent surgery in the Groom Hospital early Monday morning. Mr. and Mrs. Jim Brooks and Mr. and Mrs. Harvey Davis returned from Groom late Monday afternoon and report Mrs. Wood as doing as well as could be expected. Mr. Wood and the children will remain at the bedside for a few days.

**Last Call Issued for Winter Legume Planting in State**

COLLEGE STATION, October 21—A last call for planting winter legumes went to Texas farmers this week.

With improved moisture conditions in many areas, farmers should have enough time to get legumes started before cold weather sets in, says W. B. Coke, extension agronomist. They normally are planted in the state until about November 1.

In addition to furnishing badly needed grazing and a protective cover of green, legumes can be turned into cash crops if the seed are harvested. Or they may be

plowed under next spring as green manure crops. Any way a farmer chooses to go, legumes will contribute to his soil building program, Coke says.

Properly fertilized and inoculated legumes literally are "on-the-farm" nitrogen factories. Coke advises the inoculation of seed even if legumes were grown on the same land last year. Be sure to get the right inoculant for the plant.

Legumes must make good growth if nitrogen-fixing bacteria in the nodules are to thrive. Here-fertilizer come into play. Lime, phosphorus, potash and the trace elements must be supplied if they are lacking.

General recommendations call for 250 to 400 pounds of 0-14-7, 0-12-12, or 3-12-12 to the acre on sandy soils and the same quantity of 20 percent superphosphate on soils of other types.

**Recruiters to Visit City Each Thursday**

Sergeants George Vandergriff and Rudy Valle of the Amarillo Recruiting Office will be in Dimmitt each Thursday to discuss the U. S. Army and Air Corps enlistment program. The two sergeants will have their temporary headquarters in the Cunningham-Fulfer Real Estate Office on the west side of the square.

Vandergriff and Valle will accept enlistments in the Army and Air Force. Their trips here will serve as public relations visits, also, as the two recruiters will offer Army and Air Force films to civic and service clubs for public showings.

Mr. and Mrs. J. R. Riley left on Tuesday morning for Sherman to visit her mother, Mrs. Furche, for a few days.

The Baptist Church has called Rev. Dale West of Stephenville as pastor of the local church. He will move his family here in time to hold services on Sunday morning, November 1st. Rev. and Mrs. West have three children.

Mr. and Mrs. Glenn Maples attended the State Fair at Dallas over the week-end. The girls stayed with their grandparents, Mr. and Mrs. Mrs. Hubert Maples.

Mr. and Mrs. Finis Wright of Dimmitt have moved into one of the Harold Smith Apartments. By the way, these apartments and Harold Smith's new home is quite an addition to our town. Drive by and look the mover.

Joe Newman is now agent for new and used Ford cars and trucks in Hart.

Mrs. R. E. Brooks is employed at Burrus Elevator in Hart. Grain and cotton harvest is really keeping everyone busy now. Weather is ideal for both operations.

**CARD OF THANKS**

My husband and I are deeply grateful to the many friends who sent letters and cards of sympathy during my recent illness and who showed their kindness and generosity through deeds or services rendered. May God bless all of you.

Mrs. C. H. White and Mr. White

Mr. and Mrs. John Van Zandt and daughter, Carla, of Wink, and Mr. and Mrs. Taylor Van Zandt of Seminole visited their parents, Rev. and Mrs. Raymond Van Zandt here, Sunday. Mrs. Ham accompanied her granddaughter, Mrs. John Van Zandt, on the trip here. The visitors attended services at the local Methodist Church where Mr. and Mrs. John Van Zandt's daughter was christened.

Grown on depleted soils, legumes will need a complete fertilizer such as 5-10-5. Apply 300 to 400 pounds per acre. The plant food can be supplied as part of the seeding operation with a fertilizer attachment or the grain drill or row crop planter. Such a joint operation cuts costs and puts the fertilizer where it is readily available to plants. Local county agricultural agents can suggest best adapted varieties and make fertilizer recommendations for a particular locality.

**INTERESTING FACTS ABOUT TEXAS**

**BIG BEND NATIONAL PARK**

The BIG BEND COUNTRY was so named because of the southward bend of the Rio Grande. The deepest canyons and some of the most rugged terrain in Texas are found here. Santa Elena Canyon has a gorge with perpendicular walls about 1550 feet high. The Boquillas Canyon is little less spectacular. In the southern part of the country 707,338 acres were deeded to the Federal Government for the BIG BEND NATIONAL PARK. Romantic interest is added by the close proximity of the people of Old Mexico and by the colorful legends and stories of the country.

**New FORD THUNDERBIRD**

**A personal car of distinction ...with Trigger-Torque performance**

Something totally fresh is here—a bewitching new all-steel beauty that sets the styling keynote for other Ford cars to come.

But, styling gives the merest hint of what the Thunderbird has to offer. In traffic and on the open road the Thunderbird's Trigger-Torque performance is literally a revelation. Here is hair-trigger response . . . fleet, liquid agility . . . backed by a reserve of swift, sure power to meet safety's every demand. Trigger-Torque performance stems from Ford's new Thunderbird Special V-8—a high-torque engine with 4-barrel carburetor, dual exhausts, wide-opening valves and Ford's famous low-friction design. And you can have the Thunderbird with the transmission of your choice—Conventional, Overdrive, or new Speed-Trigger Fordomatic.

Ford's Ball-Joint Front Suspension not only velvet-cushions your ride, it also allows the Thunderbird to handle with utmost ease—to corner with greatest stability.

But, more important, the Thunderbird is the product of the same advanced engineering . . . the same manufacturing skills that have made Ford products so dependable, so value-full and so desirable to so many.

### Why Suffer SLEEPLESSNESS, NERVOUSNESS?

"Nerves", Sleeplessness, Digestive Disturbances, Constipation  
 May Be Due to Iron-Poor Blood or Dangerous Deficiencies of Nature's Essential Vitamins and Minerals in Your System.

When your body is starved for these vital elements you may also suffer from loss of appetite, dizzy spells, bad breath, poor complexion and no color. If so, suffer no more. Get new iron-rich, vitamin-rich, blood producing Drag-Not Tablets and see immediate results.

The lazy organs will go back to work and the black waste and impurities will begin to leave your body. Then the years will seem to slip away and you will discover new pep and vitality, feel and look younger. Get Drag-Not Tablets (rich in yeast concentrate, liver, stomach substance, 8 vitamins, 5 minerals). Nothing else like Drag-Not. See results in 7 days or your money back. For men, women, children. Only \$1.98 for month's supply.

GLADMAN DRUG

### Joyner to Head Area Ag Census

Appointment of Charles L. Joyner of Canyon as the supervisor of the 1954 Census of Agriculture field office to be established at Amarillo was announced today by Director Robert W. Burgess of the Bureau of the Census, Department of Commerce.

Mr. Joyner will direct a force of 24 crew leaders and 322 enumerators in 68 Texas counties from the Amarillo office. The coun-

### ATTEND TELEPHONE CONVENTION AT CHICAGO

Mr. and Mrs. T. A. Singer, Mrs. Grace Radloff and Mrs. Juanita Stiff of Roswell, N. M., attended the National Telephone Convention in Chicago last week. Mrs. Radloff was the proud recipient of a colored telephone and \$100 worth of telephone cable which she won while at the four-day convention. Mrs. Radloff also spent three days with friends at Omaha, Neb., on the return trip to Dimmitt.

ties to be covered by Mr. Joyner are Archer, Andrews, Armstrong, Bailey, Baylor, Borden, Briscoe, Carson, Castro, Childress, Clay, Cochran, Collingsworth, Cooke, Cottle, Crosby, Dallam, Dawson, Deaf, Smith, Denton, Dickens, Donley, Floyd, Foard, Gaines, Garza, Gray, Hale, Hall, Hansford, Hardeman, Hartley, Haskell, Hemphill, Hockley, Howard, Hutchinson, Jack, Kent, King, Knox, Lamb, Lipscomb, Lubbock, Lynn, Martin, Mitchell, Montague, Moore, Motley, Ochiltree, Oldham, Parmer, Potter, Randall, Roberts, Scurry, Sherman, Stone, Swisher, Terry, Throckmorton, Wheeler, Wichita, Wilbarger, Wise, Yoakum and Young.

### Light is Key to Egg Production Official Claims

Laying hens need 13 to 14 hours of light daily to keep up top egg production, says John H. Quisenberry, head of the poultry department at Texas A. and M. College. While the layers don't take particular interest in the matter, Quisenberry explains that light influences a secretion from the pituitary gland of the brain. The glandular stimulus makes the birds eat more feed and water. The result from the lighting system is more eggs and more profits.

One 40-watt bulb for each 200 square feet of floor space is sufficient. Shallow reflectors make the light more effective. Start using light now, he says, and increase the lighting period as the days become shorter. Perches, feed hoppers and water troughs should be lighted, too.

Quisenberry recommends early morning lights. All night lights are satisfactory, he adds, but egg production is not increased after 14 hours.

Mrs. Byron Carraway of Amarillo was a week end visitor in the home of Mr. and Mrs. Posie Cunningham.

Mr. and Mrs. M. E. Cleaverger and children visited his mother and attended W. T. S. College homecoming last week end at Canyon.

Mrs. F. B. Faust is visiting her daughter, Faith Helen who is attending Stephens College in Missouri.

Mr. and Mrs. Burl Bradford of Blossom have moved to Dimmitt. He is a brother of George Bradford.

Mrs. Sam Hunter, Mrs. Ray Sheffy, Mr. and Mrs. John Merritt and Miss Hazel Merritt attended the W.T.S.C. homecoming in Canyon Saturday.

Mrs. J. B. Traylor received word Tuesday that her nephew, Jimmy Lucas was killed in a car accident near Greenville, this week.

Mrs. Vivilene Duke, Mr. and Mrs. Jack Edwards and Jack's mother of Big Spring were visitors in the home of Mr. and Mrs. R. E. Duke last week end.

# The Basic Idea Behind the All-New 1955 PONTIAC

On Display October 29 and 30

ABOUT 30 years ago General Motors Corporation presented to America a new car called Pontiac. This new car was the direct result of a very specific idea.

The idea was this: to create a car which took its style, its engineering principles and its features from the very best and most expensive in America—and to build these into a car priced just above the very lowest!

Naturally, such an idea produced a wonderful and highly popular car—a car which millions of satisfied owners have driven with outstanding pride and pleasure.

Now, nearly three decades later, an entirely new Pontiac has been created for 1955—a car completely new from the ground up!

One thing, however, about the 1955 Pontiac remains unchanged—its basic idea—to offer the American public the very finest car that can possibly be built to sell at a price within easy reach of any new-car buyer.

When you see the new Pontiac on Friday or Saturday—Oct. 29 or 30—you will be immediately impressed by its remarkable new styling. No other car in the world looks like this new Pontiac!

When you drive it you will be astonished at its performance. For the 1955 Pontiac introduces the powerful new Strato-Streak V-8, an all-new engine that has already been proved in more than 3 million test miles!

When you price the new Pontiac you will come face to face with the basic Pontiac idea—you will be agreeably surprised that so much car, so much sparkling newness, so much luxury, so much downright goodness can be priced so near the very lowest.

We cordially invite you to come in on Friday or Saturday and see for yourself what a superb all-new General Motors masterpiece has been created to carry the wonderful name "Pontiac" for 1955.

# DON'T TIE HIS HANDS

YOU ELECTED THIS GREAT AMERICAN ...

## NOW GIVE HIM THE SUPPORT HE NEEDS!

Send a man to congress who'll give President Eisenhower the backing he needs to complete his great program.

### HERE ARE SOME OF THE ACCOMPLISHMENTS OF PRESIDENT EISENHOWER AND THE 83 CONGRESS

1. Income taxes cut 10 per cent; excise taxes cut 50 per cent; tax law revised. Total tax saving, \$7.4 billion.
2. Korean war ended. Seized initiative for peace, new foreign policy based on firmness and strength.
3. Appropriations for 1954-1955 cut \$64 billion below appropriations of Democrat Congress in 1952-1953.
4. Federal spending in 1953-1954 cut \$6.7 billion below Democrat spending in 1952-53.
5. Communist Party stripped of all legal rights and Red infiltration of unions checked; 50 Communist Party leaders convicted; 93 alien subversives deported; 62 organizations added to subversive list; 2,486 security risks separated from Government service.
6. More state control provided for modern highway program of almost \$2 billion in 1956 and 1957.
7. Stronger defense program adopted. Heavier reliance on atomic weapons and air power. Air Force Academy established.
8. New housing program raises limits of Government-insured home mortgages, lowers down-payments, makes home ownership easier for thousands.
9. Offshore tidelands restored to states; Federal rights safeguarded.
10. 216,243 unnecessary Federal jobs abolished.

NOW, MORE THAN EVER, IKE NEEDS THE SUPPORT OF EVERY FREE-THINKING AMERICAN TO KEEP HIS DYNAMIC PROGRAM GOING FORWARD.

## AND

Let's give the Panhandle the 100% representation it deserves by electing a man who'll be on the Eisenhower team.

## THE PLIGHT OF THE "LAND OF THE MORNING FRESHNESS"

(By Pfc. Bascom M. Nelson, Jr.)

Probably one of the greatest tragedies of all time for a people as a nation is the historic plight of Korea—The Land of the Morning Freshness. First razed by the Moguls whose golden hordes came streaming across the Yalu River from Manchuria in 1231, Korea as a nation has seen a procession of many conquerors. First believed settled about 3,100 years ago, Korea, because of its meek, unwarlike attitude, has lived many of these centuries as victims of the sword.

Now with the halting of the Korean war, the people here seem to be accepting the inevitable with characteristic Oriental stoicism and are again working to shape an economy out of their ravaged land.

They're not working alone, for during the fiscal year ending in July, the United Nations poured something like \$730 million into Korea through recognized official reconstruction agencies like Armed Forces Assistance to Korea, Korean Civil Assistance Command, United Nations International Children's Emergency Fund and others. On top of this amount are individual gifts from the United States and donations by American soldiers in Korea. With this aid the Republic of (South) Korea is slowly arising from the wreckage of war and bids fair to someday become a world power.

A glance at the Korean people will show just what they are up against. Possibly the hope of Korea, as in many other countries today, lies in its blue-uniformed school children who spend most of every day in drafty, insufficient school buildings studying the trades most needed by their country. This new generation of

Koreans will be the first to begin work in a democratic system. It might be a good guess that Korea is on the verge of a small-scale industrial renaissance which will by far exceed that of the fifteenth-century Yi Dynasty which saw the first smattering of mechanization. They have learned the advantages of machines from United Nations forces stationed here and consequently may strive to reap some of these advantages for themselves. But this remains to be seen.

As things stand right now, the older people of Korea appear to be easing back into the centuries-old customs of their country and some of the pagantry, color and simplicity of their culture is making its appearance.

From Pusan on the southern tip of the peninsula to Seoul in the northern portion of South Korea, the indications of a normal life are becoming apparent. Korea was quick to begin rebuilding and, although there is still not enough housing in the country, it is surprising what has been done on the

family level. A Korean papa-san, given elemental materials of mud and some sticks, can construct a home for his family in a week or less. Consequently, Korea was able to weather the loss of material property and shelter somewhat better than European countries.

But the things hardest to rebuild—her churches, schools, public buildings, bridges and other heavy construction—are giving Korea the most trouble. And this is where United Nations aid comes in. Materials almost non-existent in Korea have been brought into this country by these official relief agencies and since the beginning of the summer Korea has been experiencing a moderate building boom.

Korea needs this help and it is doubtful whether she could do much of her own rebuilding by means of taxes, since the average Korean will make only about \$76 during 1954, almost a ten-dollar increase over last year.

A chief difficulty in supporting the population of Korea lies in the terrain of the peninsula itself. Its thousands of mountains and un-arable hills force the jamming of over 20 million people into small valleys and into the cities. One answer lies, of course, in world trade. Those mountains, so long a tragic nuisance to the

Korean people, hold untold treasures of iron, copper, gold and other minerals and coal. Timber resources, supplemented by a Korean custom similar to our arbor day called "Sik-Mok II", are in evidence. Some 73 percent of Korea is suitable for forestation, although South Korea only has two national forests at the time and they are relatively small. Time is needed for an increase in tree acreage since the huge timber supplies of the north have been cut off.

Korea is now finding itself in a position unparalleled in its history. Literally the country must forge ahead to survive the present crisis. She is looking to the United States for help. The next few years will be crucial but her people have proven their ability to survive almost impossible conditions.

### News of Our Neighbors

Wellington—(from the Wellington Leader) With cotton money beginning to come in, the solid financial accomplishment of the area is reflected in the more than five million dollars on deposits of the four banks in the county as shown in the bank statements that were released this week. Deposits total \$5,163,299.43, showing a decline of approximately \$100,000 from the statements published in June of this year. Records of the last several years show that the bank deposits are the lowest at the time of the October call and are at their highest at either the January or March calls.

Childress—(from the Childress Reporter) In regular session recently the Childress City Council okayed the sale of an airfield building to the Calvary Baptist Church, agreed on a portion of the Jones-Black leases at the air-

field, and doubled the amount of the lease of a city hall office. A release was secured on the nurse's recreation building in the hospital area and the building was offered to sale to the Calvary Baptist Church for \$250. The price was lower than previously set as recent damages from hail had decreased the value of the building. CANYON—(from the Canyon News) About 300 season tickets for West Texas State College's special program series have been placed on sale for the general public in Canyon and Amarillo. The tickets were made available after WT students were allotted seats through their activity tickets. No single admission tickets will be sold for any attraction, and season tickets are \$5.00 each. First attraction will appear Nov. 4, when the United States Navy Band presents a concert. Other programs during the year will include Soulima Stravinsky, pianist, Jan. 17; Nora Wahn, famed author, Feb. 14; and a Victor Herbert Festival, featuring Robert Rounseville, March 17. EARTH—(from the Earth Sun) At present time the enrollment of

the Springlake school is 833 with approximately 50 being enrolled for the cotton season only. Regular facilities will accommodate only 507 students. All over this number have been housed in every available space on the campus. Bonds have been voted for the purpose of building additional facilities.

Fourteen ladies of Springlake met in the home of Mrs. K. B. Parish recently for the purpose of organizing a Study Club. Mrs. W. T. Clayton, Extension chairman of the Town and Country Club of Earth, helped organize the club and install officers. The new president is Mrs. James Sander-

LOCKNEY—(from the Lockney Beacon) Ginnings in Floyd county have passed the 9,000 mark. North Floyd is leading the south part of the county slightly with 5,069 bales ginned in the north part and 4,056 in the south part. The county's production is being estimated at 75,000 bales this year compared to 100,000 last year.

Well, they could be coming out with a seven-cylinder car!

**Rogers Named to X-Ray Society**

Carroll Rogers, medical technician at the local hospital, has been named secretary-treasurer of the High Plains X-ray Technicians' Society. Rogers was named to the office at a recent meeting of the organization at Saint Mary's Hospital in Amarillo.

Named president of the organization was Ruth Whitehead, X-ray technician at the Veteran's Hospital in Amarillo. Robert Hicks, X-ray technician at Goldstair Clinic, Amarillo, was elected vice president of the Society.

The High Plains X-ray Society meets the second Wednesday night of each month at Saint Mary's Hospital.

Mr. and Mrs. Bob Gunderson and Linda returned to their home in Roseburg, Oregon, Friday after a two weeks visit here in the home of her parents, Mr. and Mrs. R. E. Duke and her brother, Robert Duke and family.

**HART NEWS**

Mrs. Paul Allison and children of Anton spent last week in the home of her parents, Mr. and Mrs. Neely Thomas.

Don Winnett and his roommate of Texas Tech, spent the week-end in the home of his parents, Mr. and Mrs. Homer Winnett.

Scott Crum of Dimmitt visited Mrs. A. L. Hawkins, who is ill at the home of her son in Hart, on Thursday afternoon.

Mr. and Mrs. Roy Poyatt and Royce Lynn with Mr. and Mrs. Herschel Carthel and children of Lockney visited the State Fair at Dallas Friday through Sunday.

Miss Peggy Lou Murray is now employed as bookkeeper at Gilmore's.

Mr. and Mrs. E. P. Smithermar of South Plains visited his brother, Jack, and family on Sunday.

Misses Ella Buchanan and Geneva McLain and Cleve McLain of, Texas Tech, spent the week-end at home.

Mrs. Dewey Smith drove to Childress late Friday afternoon and returned on Saturday bringing her father, Mr. and Mrs. Ed Gibson, for a week's visit with her and Mrs. Roy Wall and family.

Miss Wanda Kitchens and Miss Dickey Sue Pruett of Lubbock visited in the I. D. Kitchens home during the week-end.

Mr. and Mrs. Easton Wall, Mr. and Mrs. Paul Robertson, Mr. and Mrs. W. A. Hawkins, Jr., were among those attending Home Coming at W. T. S. C. on Saturday.

We have been asked to announce that the Assembly of God Church has changed their mid-weekly meeting from Thursday night to Wednesday night and that the Ladies W. M. C. has been changed from Thursday afternoon to Wednesday afternoon at 2 p. m.

Mrs. Royce Sanders and sons, Jack and Jim, were in Littlefield on Saturday night to visit her sister, Mrs. Olen Burt. On Sunday they had the misfortune of being in a collision with another car. No one was hurt but the car was very severely damaged.

Mrs. Bill Wood underwent surgery in the Groom Hospital early Monday morning. Mr. and Mrs. Jim Brooks and Mr. and Mrs. Harvey Davis returned from Groom late Monday afternoon and report Mrs. Wood as doing as well as could be expected. Mr. Wood and the children will remain at the bedside for a few days.

**Last Call Issued for Winter Legume Planting in State**

COLLEGE STATION, October 21—A last call for planting winter legumes went to Texas farmers this week.

With improved moisture conditions in many areas, farmers should have enough time to get legumes started before cold weather sets in, says W. B. Coke, extension agronomist. They normally are planted in the state until about November 1.

In addition to furnishing badly needed grazing and a protective cover of green, legumes can be turned into cash crops if the seed are harvested. Or they may be

plowed under next spring as green manure crops. Any way a farmer chooses to go, legumes will contribute to his soil building program, Coke says.

Properly fertilized and inoculated legumes literally are "on-the-farm" nitrogen factories. Coke advises the inoculation of seed even if legumes were grown on the same land last year. Be sure to get the right inoculant for the plant.

Legumes must make good growth if nitrogen-fixing bacteria in the nodules are to thrive. Here-fertilizer come into play. Lime, phosphorous, potash and the trace elements must be supplied if they are lacking.

General recommendations call for 200 to 400 pounds of 0-14-7, 0-12-12, or 3-12-12 to the acre on sandy soils and the same quantity of 20 percent superphosphate on soils of other types.

**Recruiters to Visit City Each Thursday**

Sergeants George Vandergriff and Rudy Valle of the Amarillo Recruiting Office will be in Dimmitt each Thursday to discuss the U. S. Army and Air Corps enlistment program. The two sergeants will have their temporary headquarters in the Cunningham-Fuller Real Estate Office on the west side of the square.

Vandergriff and Valle will accept enlistments in the Army and Air Force. Their trips here will serve as public relations visits, also, as the two recruiters will offer Army and Air Force films to civic and service clubs for public showings.

Mr. and Mrs. J. R. Riley left on Tuesday morning for Sherman to visit her mother, Mrs. Furches, for a few days.

The Baptist Church has called Rev. Dale West of Stephenville as pastor of the local church. He will move his family here in time to hold services on Sunday morning, November 1st. Rev. and Mrs. West have three children.

Mr. and Mrs. Glenn Maples attended the State Fair at Dallas over the week-end. The girls stayed with their grandparents, Mr. and Mrs. Mrs. Hubert Maples.

Mr. and Mrs. Finis Wright of Dimmitt have moved into one of the Harold Smith Apartments. By the way, these apartments and Harold Smith's new home is quite an addition to our town. Drive by and look the mover.

Joe Newman is now agent for new and used Ford cars and trucks in Hart.

Mrs. R. E. Brooks is employed at Burrus Elevator in Hart. Grain and cotton harvest is really keeping everyone busy now. Weather is ideal for both operations.

Grown on depleted soils, legumes will need a complete fertilizer such as 5-10-5. Apply 300 to 400 pounds per acre.

as part of the seeding operation with a fertilizer attachment on the grain drill or row crop planter. Such a joint operation cuts costs and puts the fertilizer where

it is readily available to plants. Local county agricultural agents can suggest best adapted varieties and make fertilizer recommendations for a particular locality.

**PRESENTS INTERESTING FACTS ABOUT TEXAS**

**BIG BEND NATIONAL PARK**

The BIG BEND COUNTRY was so named because of the southward bend of the Rio Grande. The deepest canyons and some of the most rugged terrain in Texas are found here. Santa Elena Canyon has a gorge with perpendicular walls about 1550 feet high. The Boquillas Canyon is little less spectacular. In the southern part of the country 707,338 acres were deeded to the Federal Government for the BIG BEND NATIONAL PARK. Romantic interest is added by the close proximity of the people of Old Mexico and by the colorful legends and stories of the country.

**CARD OF THANKS**

My husband and I are deeply grateful to the many friends who sent letters and cards of sympathy during my recent illness and who showed their kindness and generosity through deeds or services rendered. May God bless all of you.

Mrs. C. H. White and Mr. White

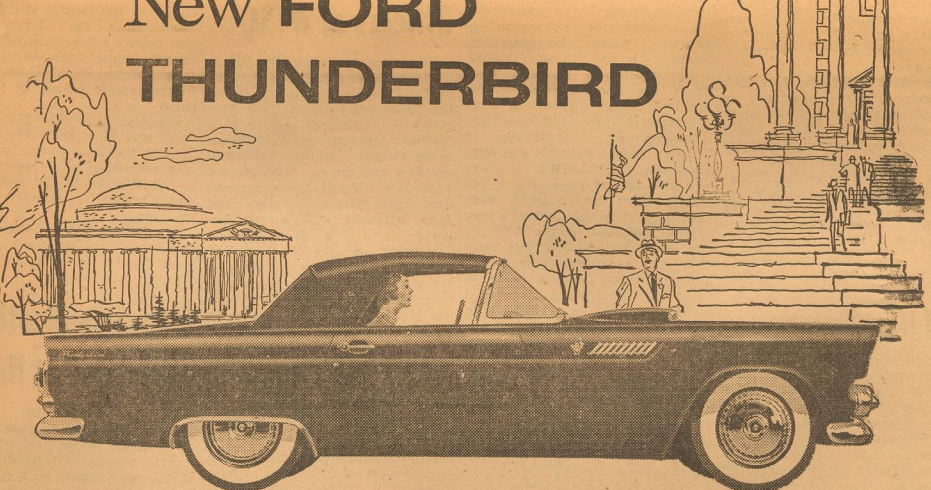

Mr. and Mrs. John Van Zandt and daughter, Carla, of Wink, and Mr. and Mrs. Taylor Van Zandt of Seminole visited their parents, Rev. and Mrs. Raymond Van Zandt here, Sunday. Mrs. Ham accompanied her granddaughter, Mrs. John Van Zandt, on the trip here. The visitors attended services at the local Methodist Church where Mr. and Mrs. John Van Zandt's daughter was christened.

**New FORD THUNDERBIRD**

**A personal car of distinction ...with Trigger-Torque performance**

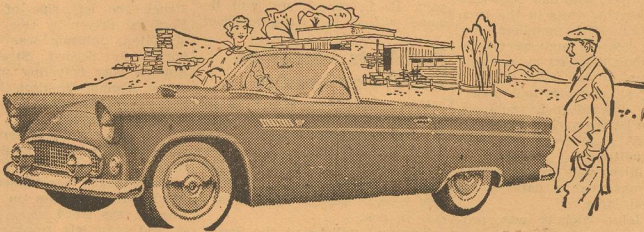

Something totally fresh is here—a bewitching new all-steel beauty that sets the styling keynote for other Ford cars to come.

But, styling gives the merest hint of what the Thunderbird has to offer. In traffic and on the open road the Thunderbird's Trigger-Torque performance is literally a revelation. Here is hair-trigger response . . . fleet, liquid agility . . . backed by a reserve of swift, sure power to meet safety's every demand. Trigger-Torque performance stems from Ford's new Thunderbird Special V-8—a high-torque engine with 4-barrel carburetor, dual exhausts, wide-opening valves and Ford's famous low-friction design. And you can have the Thunderbird with the transmission of your choice—Conventional, Overdrive, or new Speed-Trigger Fordomatic.

Ford's Ball-Joint Front Suspension not only velvet-cushions your ride, it also allows the Thunderbird to handle with utmost ease—to corner with greatest stability.

But, more important, the Thunderbird is the product of the same advanced engineering . . . the same manufacturing skills that have made Ford products so dependable, so value-full and so desirable to so many.

Athletic Ability—Edgar Dennis  
Wittiest—Jerry Jones  
Cutest—Don Sheffy  
Best All Around—Joe Lee Wilcox  
Personality—Joe Nelson  
Most Likely to Succeed—George Ray.

**Homemaking Girls Visit Dallas**

The third year Homemaking girls enjoyed their trip to the Dallas State Fair last week-end. One of the highlights of the trip was the "Ice Cycles Revue" which was highly impressive. Their main attraction was "Snow White and the Seven Dwarfs." After the Revue the F.H.A. and F.F.A. were served a free dinner.

We were interested in all the exhibits, but our favorite was the Women's Building which had educational displays of new fall materials and fashions.

A few of the new experiences were staying in a large hotel, being in a large city, seeing the gigantic fair, and attending an out-of-town church.

The roller coaster was a new experience and proved to be one of the most exciting rides on the midway.

The trip was considered highly successful and enjoyed by Billye Norris Wesson, Barbara Stevens, Blanche Ballard, Mary Alley, Joy Kirby, Miley Daniel, and Miss Charlene Potts, sponsor.

**Seniors Sponsor Queen Contest**

The Senior Class is sponsoring a Halloween Queen Contest at the High School Auditorium. The Candidates are, Freshman, Judy Boothe; Sophomore, Rowena Sheppard; Junior, Belva Warren, and F. H. A., Minnie Gauna. The Pep Squad will have a candidate.

If you wish to vote for one of these girls, make sure you vote. The voting will be counted a penny a vote. Put all your pennies away until Halloween night.

The Queen Crowning will climax the Carnival. One of these girls will be Queen, and the others will be attendants, each girl will be escorted by a boy of her own choosing. The voting will cease at 9:00, and the crowning will be held at 9:30. So come and see your Queen crowned.

Mr. and Mrs. J. W. Sallis and children attended the Fair at Dallas last week-end. They also visited his mother and brother and family in Munday.

**Belva Warren Junior Candidate For Halloween Queen**

At a special class meeting last Friday the Junior Class selected Belva Warren as their candidate for Halloween Queen. Belva is the 16-year old daughter of Mr. and Mrs. R. M. Warren of Dimmitt. She has attended Dimmitt Public School for the past 11 years. She has been a cheerleader two years and is a member of the F. H. A. This vivacious Junior has brown hair, blue eyes, weighs 105 lbs., and is 5' 2" high.

Mr. and Mrs. J. W. Sallis and children attended the Fair at Dallas last week-end. They also visited his mother and brother and family in Munday.

**DHS Band In Cotton Bowl**

Monday morning two chartered busses left for Dallas with the Dimmitt Bobcat Band, several parents, and the director, Mr. Ralph Smith. After stopping at Wichita Falls for dinner they arrived at Dallas around 4:15. After arriving at the Hotel Dallas the group had Monday night free. Nearly all the students went to the show and saw a little of downtown Dallas. Pictures seen by most of the group were "A Star Is Born" and "Bridgroom". Some went skating and others tried out the trolley cars down town.

Tuesday morning a tour of the huge Manor Bakery was made. On completion the bakery gave the group enough sweet rolls, doughnuts, cupcakes, cookies, and pies to last the remainder of the trip. After returning to the hotel most of the group spent some time shopping in the many huge stores of Dallas.

At 3:30 the anxious group left for the State Fair of Texas. Besides the enormous Midway there were many attractions and exhibits its enjoyed as much as time would allow. Some of the things reported enjoyed were the Bird Show, Aquarium, Home Beautiful for 1955—which even included a swimming pool, the Auto Show, which had many modern experimental models, the Electric Show, Gas Show, Telephone Exhibit, Women's Building, General Exhibits, Livestock, Judging Shows, Daredevil Show, Ice Cycles of 1955, and Broadway play "The King and I."

Wednesday the band played a concert on the Magnolia Stage which was near the famed huge Cowboy "Big Tex." Afterward rehearsal was attended. The temperatures were rapidly rising and as the day wore on there was a tired group that rehearsed in the Cotton Bowl again for two hours with 21 other bands. Later the Fair furnished supper for all Music Day Festival Participants.

**Dimmitt "B" Raps Farwell 25-6**

The white not Dimmitt "B" squad romped by the Farwell "B" eleven on the Farwell field with a score of 25 to 6 last Saturday night. The weather was cold and blustery, but this did not hinder the Dimmitt boys. Gary Cleaver opened the scoring with a touchdown in the first quarter. The try for extra point was no good. In the second quarter Zay Gilbreath tallied for another six points. Alton Bates plunged for the extra point. The score stood at 16-0 at the half. Alton Bates made two touchdowns in the third quarter to close Dimmitt's scoring. Farwell's lone touchdown came in the last half. The Dimmitt team played superb ball throughout the entire game.

**Frosh Elect Judy Boothe**

The Freshman Class elected Judy Boothe for their Halloween Queen. She has blonde hair, blue eyes, and stands 5 feet 3 inches tall, and weighs 113 pounds. Her parents are Mr. and Mrs. Dan Boothe. Judy was also Freshman candidate for Fair Queen. She is

At eight o'clock the "Parade of Bands" began in the Cotton Bowl with 22 colorful 'top of the state' bands. There was also a huge orchestra and a Mass Choir made of the finest groups in the state. After the performance a gigantic fireworks display began. It included everything from simple cannon balls to figures such as Liberache at the piano and his candles. The group was quite tired after this show and returned immediately to the hotel.

The band started home at 8:30 Thursday morning. At lunch in Wichita Falls Mr. Smith was presented with a check for \$50 and a large birthday cake in honor of the occasion.

The group reported they had a wonderful time, but were tired and really glad to get home Thursday night.

**Bobcats Swat Hornets**

The Dimmitt Bobcats chased the Sudan Hornets around Masten Stadium Friday night at Sudan to the tune of 33-0.

The Bobcats' offense was much superior to that of the Hornets. They out-passed, out-ran, and out-maneuvered the Hornets in every way. The Dimmitt goal was threatened only once when the Hornets marched to the Bobcats 10 yard line. Then the main defensive team held them for four downs.

At the half-time the Dimmitt team, coached by Leo Fields and Alvis Fuquay, held a 27-0 margin over the Hornets. After the half the second string got in the game and everyone saw action.

The most yardage was made on the end sweeps. There was quite a lot of yardage made through the line however. Touchdowns were made by Bobby Brock, Richard Wood, and Edgar Dennis. On defense the two players getting the most tackles were Charlie Brown, George Ray, Joe Nelson, and Edgar Dennis. Acting Co-Captains were Ivan Sinclair and Edgar Dennis.

**Rowean Shepard Is Soph Candidate**

In a class meeting Monday, the Sophomore class selected Rowean Shepard, daughter of Mr. and Mrs. Roland Shepard, to be their Halloween Queen candidate. Rowean is 5'6 1/2" in height, she weighs 135 lbs., and has green eyes and brown hair. Rowean was born February 11, 1939. She is in the band and is a member of the F. H. A. The queen will be crowned at 9:30 at the Halloween Carnival.
