FREAK PIG—Jimmy Hochstein, son of Mr. and Mrs. William Hochstein Jr. of Nazareth, shows why his family could hardly believe their eyes when this little pig was born last Wednesday night. The pig had eight legs, four ears and a single head, with its two sets of hind-quarters joined at the abdomen. The pig was stillborn. (Photo by Mike Elder)

By the time the last-minute flurry of entry forms subsided at deadline time Tuesday, the entry field stood at 17 for this year's Miss Grain Sorghum of the Nation pageant.

THE LIST includes 15 beauties from Texas and two from Oklahoma.

Here are the 17 girls who will compete Aug 7 and 8 for some \$2,000 in scholarships and awards and the right to succeed Karen Lafferty of Portales, N.M., as the official "goodwill girl" of the grain sorghum industry:

CONNIE WORLEY, the 1969 "Miss Guyton," is the daughter of Mr. and Mrs. Roy D. Worley of Guyton, Okla.

The 19-year-old, 5-6, 110-pound girl has a dance act prepared for the talent competition.

Miss Worley, a graduate of Guyton Senior High, says that golfing and bowling are the hobbies which interest her the most.

MISS HANSFORD County, a graduate of Spearman High School is Pamela Kay Wysong.

Miss Wysong, 18, is the daughter of Mr. and Mrs. Sam Wysong of Spearman.

The 5-5, 120-pound Miss Grain Sorghum contestant says she enjoys sewing and water skiing.

For the talent portion of the pageant, Miss Wysong will perform a reading.

JEFFNA TALLEY, 17, is the daughter of Mr. and Mrs. Sid Talley of Miami.

Currently reigning as Miss Miami, the 5-5½, 116-pound Miss Talley has a jazz dance planned for the talent portion of the Miss Grain Sorghum pageant.

Horseback riding, snow and water skiing, swimming, sewing, cooking, and dancing are her main hobbies.

JAN WHITE, presently "Miss Wellington," is the daughter of Mr. and Mrs. P. J. White of Wellington.

The 18-year-old, 5-3, 110-pound beauty lists her hobbies as horseback riding, playing guitar, singing, cooking.

Miss White plans to sing in the talent segment of the Miss Grain Sorghum pageant.

SUSAN PARISH, daughter of Mr. and Mrs. James Earl Parish of Dimmitt, is the best city's only entry.

Presently holding the post as "Miss Dimmitt," she is 5-7 and weighs 135. Miss Parish has a reading planned for the talent portion of the Miss Grain Sorghum pageant.

Miss Parish's hobbies include water and snow skiing, tennis, art, reading, music and sewing.

CYNTHIA BYARS, 18, daughter of Mr. and Mrs. Don R. Byars of Canyon, is presently holding the title of "Miss Canyon." She stands 5-5 in height and weighs 130.

Miss Byars says that sewing, snow and water skiing and fashion merchandising are hobbies which she enjoys.

For the talent competition, Miss Byars has a fashion skit prepared.

SHERI LEE KINZER, 18, the 130-pound, 5-7 daughter of Mr. and Mrs. Howard Kinzer of Granfield, Okla., is a coed at Oklahoma State University.

Miss Kinzer has a dramatic reading prepared for the talent segment of the Miss Grain Sorghum pageant.

Swimming, dancing and twirling are some of the hobbies which Miss Kinzer enjoys.

PATTI STARNES, the daughter of Mr. and Mrs. Harley Starnes of Stratford, is 5-5 tall and weighs 120.

Miss Starnes has a twirling routine planned for the talent portion of the show.

Swimming, bowling, sewing and fishing are hobbies which Miss Starnes enjoys.

DANA CLINE, daughter of Mr. and Mrs. O. H. Cline of Gruver, is 5-5 and weighs 115.

Miss Cline, 18, has a reading prepared for the talent competition of the pageant.

Water skiing, snow skiing and tennis are hobbies which Miss Cline enjoys.

ROSE MARIE ELKINS, a past Lions Club Queen, is the daughter of Olen George Elkins of Tulsa.

The 18-year-old, 5-5, 119-pound, Miss Elkins plans to perform a Hawaiian dance routine for the talent portion of the Miss Grain Sorghum of the Nation pageant.

Hairdressing, swimming, sewing and meeting people are her favorite hobbies.

BECKY SAIN, 17, is the daughter of Mr. and Mrs. Walter Sain of Mulehorn, and is a senior in the Muleshoe High School. She stands 5-6 and weighs 125.

Hobbies which Miss Sain enjoys are playing the piano, flute and piccolo, cooking and sewing. Miss Sain intends to perform a medley of patriotic songs arranged by her father.

Hart FFA boy wins state's 'Star' title

Danny Smith of Hart was named the state's "Star Lone Star Farmer" last Thursday night during the 42nd annual state convention of the Future Farmers of America.

SMITH, who earlier had won the top Lone Star Farmer award at the chapter and area levels, won the state title over 10 other area winners.

He is the son of Mr. and Mrs. Harold D. Smith of Hart. His Hart FFA chapter advisor is Lanny Tucker.

Smith was cited for a project program that included five pigs for pork, 456 steers for beef (190 in a commercial feedlot and 276 on pasture), 232½ acres of potatoes, 252.7 acres of milo, 26½ acres of cotton, 95 acres of wheat and 257.9 acres of layout land.

SMITH started his own farm program at the age of 12, when he and his older brother, David, leased 200 acres of farm land. He has enlarged his farming program every year since, until now he is in charge of more than 600 acres.

His older brother won the Lone Star Farmer degree in 1956 and was the runner-up Star Lone Star Farmer of Texas the following year.

A 1970 graduate of Hart High School, Smith was a member of the Hart FFA chapter four years and served as the "Greenhand," reported as a freshman. He was the co-captain of the Longhorn football team his junior and senior years, and was named to the all-district team as a linebacker during his sophomore and senior years.

HE ALSO participated in basketball one year and track four years, served on the student council as a sophomore, and was class reporter as a sophomore and junior. He was a charter member.

Final rites held for Mrs. Pierce

Funeral services for Mrs. Callie Irena Pierce, 63, who died about 7 a.m. Friday at her home south of Hart, were conducted at 2:30 p.m. Sunday in the Hart Church of Christ.

DOUG LAWYER, minister of the Main Street Church of Christ of Olton, officiated. Burial was in the Hart Cemetery, under the direction of Parson's Funeral Home of Olton.

Mrs. Pierce was born Aug. 7, 1905, in Oklahoma and lived at Lawton, Okla., before moving to Hart some 22 years ago. She was married to B. B. Pierce Aug. 15, 1923, at Lawton.

Survivors are her husband, Baxter; a son, Howard, of Lawton, Okla.; four daughters, Mrs. Buddy Corstange and Mrs. Ray Green of Ely, Nev.; Mrs. Sam Constance of Kearny, Ariz.; and Mrs. Dennis Price of Denver; two brothers, Raymond Clay of Hillsboro, Ore., and Temple Clay of Lawton, Okla.; six sisters, Mrs. Jim Shaw of Oklahoma City, Mrs. Marion MacCabe of Shawnee, Mrs. Bob Felger of Pacific, Calif., Mrs. Charlie Gredwin of Lawton, Calif., and Mrs. Maude Borden of Durcan, Okla.; 13 grandchildren and two great grandchildren.

PALBEARERS were J. C. Jackson, James Jackson, Kenneth Covington, James Kennedy, C. C. Hanes, Mike Burram, W. H. Fielder and Weldon Carmichael.

At this point of construction, it appears that Dimmitt Wheat Growers' corn milling plant will be able to perform an extra day's work per week more than it was originally designed to do.

THIS WAS one of several optimistic points brought out by Jim Harsh, president of Dimmitt Management Co. (DIMACO), at the annual stockholders' meeting of Dimmitt Wheat Growers, Inc., Saturday evening.

"A 12,000 bushel per day grind on the plant capacity is now anticipated," Harsh reported. "This is 2,000 bushels per day more than the plant was originally designed for."

Harsh also reported to stockholders that 60 percent of the first year's production of corn syrup and starches — the mill's main products — are already committed and sold at a profit.

HENRY SPRUELL, who is in charge of the plant's construction, set the target dates for completion at Sept. 22 on the starch mill and late February on the refinery.

"I think you'll have one of the finest, most modern starch plants in America when we're finished, and that you'll be proud of being part owners in it," Spruell said.

Although a large crowd attended the cooperative's annual meeting and barbecue, not enough stockholders were present to bring to a vote the proposal to change the name of Dimmitt Wheat Growers, Inc., to Dimmitt Agri Industries, Inc.

HOWEVER, those present did vote 17-10 to enlarge the senior board from five members to seven, and decrease the number of associate directors (junior board) from five to three.

Four new directors were elected from among 12 candidates. They are Jerome Brockman, Place 5; Elbert Summers, Place 6; George Sides, Place 7; and William Hochstein Jr., director at large.

Main speaker at the meeting was Murrell Rogers, president of the Houston Bank for Cooperatives, which is financing the major portion of the \$12 million mill.

"WHEN THIS plant starts humming you will be the only farmers in the world in the corn milling business," Rogers said. "I'll bet today that in five years you can read that you were the fore-runners of other such member-owned mills."

After tracing the rocky history of the corn mill project from five years ago, Rogers listed the mill's "pluses and minuses." He cited these advantages:

"You own the land on which your raw material is grown, and this is a tremendous advantage. No other member of the corn milling industry has this.

"YOUR location gives the plant a definite freight advantage in the West and Southwest, over the Midwest plants.

"Your plant is streamlined to save as much as \$5 million a year in labor alone, giving the local plant a good price advantage over these that are obsolete.

"The ecological factors are in your favor, too. You're going to pay \$5,000 per year to get rid of your waste products. In some places in the Midwest, this cost runs as high as \$25,000 or \$30,000 a year.

AMONG THE disadvantages which Rogers pointed out were (1) the natural risk involved in a new venture with multi-million-dollar financing, and (2) a limited market in a "tightly closed industry."

Rogers commended the cooperative's members, directors and management for their refusal to quit when the going got rough.

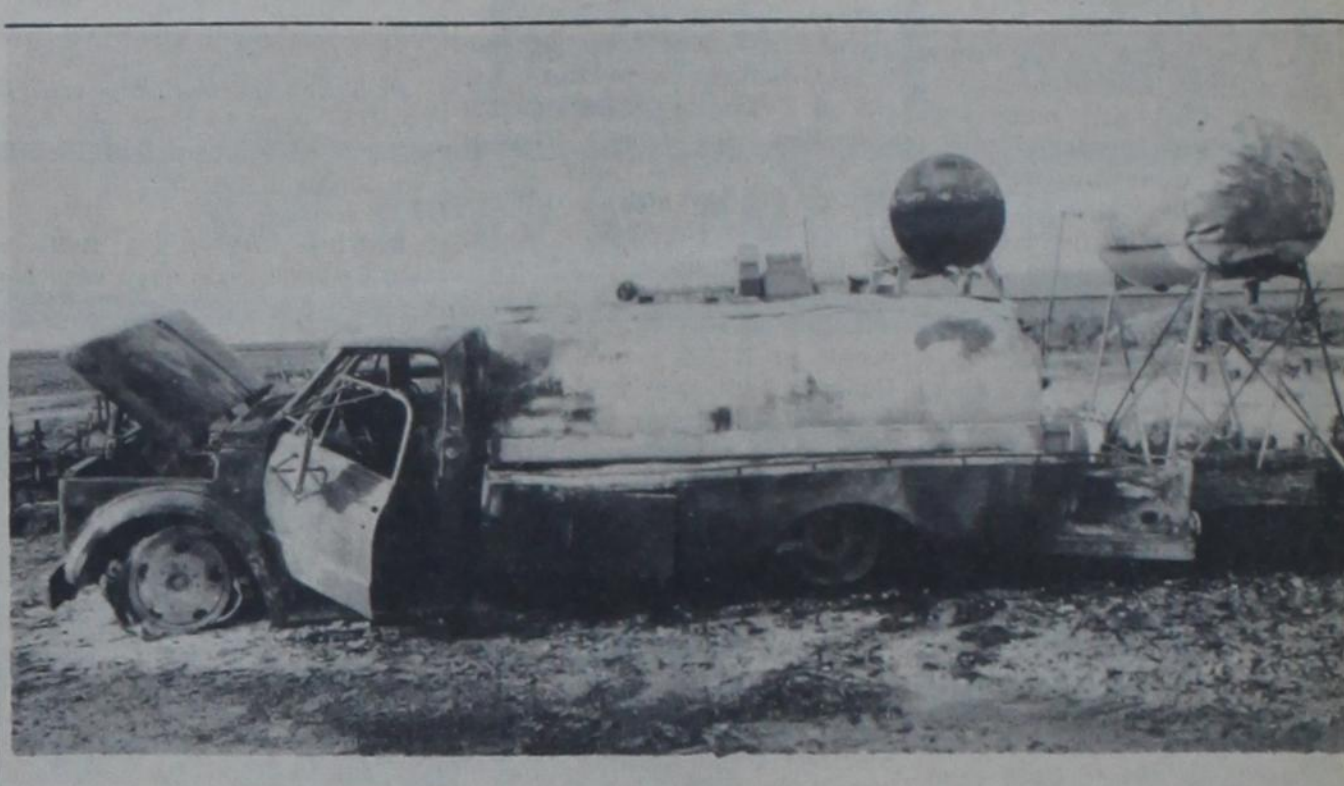

HE ADDED, "No industry of this size and complexity starts with just pushing a button. It must be realized at this point that you'll continue to have your ups and downs. You've got to continue to maintain your perspective and look back at the reason you originally decided to build this mill back in July 1965."

MELTED DOWN—This gasoline truck, loaded with 500 gallons of Phillips Flite Fuel, was literally melted down after it caught fire on the Rachel Hunter farm in Jumbo Tuesday afternoon. The truck, which belonged to Dimmitt 66, Inc., was driven by Jerry Shive, who escaped unhurt. Shive was preparing to fill the gas tanks on the

Hunter farm, and was outside of the truck, when the fire started. The Dimmitt Fire Dept. answered the fire call but could not save the truck. Firemen reported that the truck's huge tanks didn't explode but that they caused "a mighty big fire." Cause of the blaze is unknown. (Photo by Mike Elder)

Pony tournament

Altus in driver's seat

The Altus, Okla., All-Stars moved into the driver's seat of the district Pony League tournament here Tuesday night, turning back a determined Berger team, 8-7, to remain the only unbeaten squad in the tourney.

CASTRO COUNTY, the host team, was the first team eliminated from the tournament via two losses. After losing a 14-1 decision to Altus in the opening round Monday night, the Castro County All-Stars bowed to Tumbleweed 7-4, in their do-or-die game Tuesday night.

The outcome of Tuesday night's double-header set the stage for a showdown tonight (Thursday) at 8:30 between Berger and Tumbleweed. The winner will get another crack at Altus Friday night and the loser will be out of the tourney.

If Berger and Tumbleweed make tonight's encounter a replay of their opening game, it will be a thriller. Leading off the tournament Monday, the two teams were tied 0-0 going into the final inning, with a hot pitcher's duel going between Berger's Roger Holland and Tumbleweed's David Davis, who gave up only one hit apiece. Berger finally broke it open with three runs in the top of the seventh for a 3-0 victory.

TONIGHT'S winner will take the field Friday night against Altus, which sports two of the fanciest pitchers in the business and backs them up with a stingy defense.

Should tonight's winner lose to Altus Friday night, it will all be over and Altus will advance to the sectional tournament in Hereford next week. But if tonight's winner defeats Altus Friday night a playoff will be held at 8:30 Saturday night.

Until the final inning of the Castro County-Tumbleweed game Tuesday night, it appeared that the locals would be going into the

semi-finals tonight. Castro County sported a 4-1 lead going into the seventh, but in the top of the eighth Tumbleweed cashed in on hosts in the bottom of the frame, a rash of Castro County errors and struck for six runs to take a 7-4 lead, then shut out their hosts in the bottom of the frame.

Dimmitt All-Stars reach finals in area Little League tourney

Dimmitt's Little League All-Stars downed Hereford, 6-3, Tuesday night to move into the championship game of the area tournament in Hereford.

DIMMITT was to meet the Randall County All-Stars at 8 p.m. Wednesday on Hereford's south field. The winner will advance to the district tournament next week.

The Castro County All-Stars, made up of boys from the Hart-Nazareth league, were eliminated from the tournament via an 11-4 loss to Randall County Tuesday night.

Dimmitt's Terry Young went out the distance on the mound against Hereford Tuesday night, giving up only six hits while fanning 10 and walking two. Dimmitt committed three bobbles, allowing Hereford three unearned runs.

LOSING pitcher was David Charrest of Hereford, who gave up only five hits but walked 12 in the process, while striking out six. Hereford committed five errors.

The two teams tied it up at 3-3 in the first inning, but Dimmitt added a run each in the second, third and fourth while shutting out the hosts.

Big factors in Dimmitt's victory were the catcher Gaines Howell's behind-the-plate work and the hitting and fielding of Johnny Hampton, Ronnie Lawson and Thompson Mayberry.

IN THE Castro-Randall game Tuesday night, Castro built a 4-1 lead in the first inning as Barry George blasted a three-run homer,

But Randall picked up six runs in the fourth to go ahead 7-4, then added four more in the fifth. Castro's standout was left fielder Terry Hill, who charged several potential doubles and forced the runners back to first base with his pick-and-throw plays.

Girls thrown from truck bed

Two Hereford girls were thrown out of the bed of a farm truck Friday evening when the truck collided with a Ford Ranchero at a farm-road intersection near Bruegel Brothers Gin & Elevator, 15 miles northwest of Dimmitt.

TREATED and released at Deaf Smith County Hospital were Linda Martinez, 15, and Orala Flores, 16, who were riding in the bed of a 3-ton truck driven by Adolfo Rocha, 33, of Hereford.

Highway Patrolman Bill Scott reported that Rocha was driving north on the county road when the Ranchero, driven by Charles Lloyd Mercer, 65, of Friona, collided with the truck at the intersection. The right front of Mercer's Ranchero struck the right rear of Rocha's truck, Scott said.

Mercer was cited for failure to yield right of way in an open intersection.

Migrant housing project is full

As the vegetable harvest approached its full peak here, the Castro County Agricultural Housing Project in East Dimmitt had to hang out its "No Vacancy" sign Saturday for the first time since it was built in 1968.

THE HUGE project — first of its type in the US — has 192 family apartment units.

"All the project's apartments were filled Saturday afternoon and we've had to turn lots of people away since then," reported William J. T. Robertson, project manager.

The project, which had several two-story buildings that had barely been lived in since they were built, is now a beehive of activity as migrant workers and their families settle in for what is expected

to be a bumper harvest season. **ROBERTSON**, noticeably happy about the project's full-up status, said the huge complex was almost filled last summer "but bad weather and an early freeze hurt our occupancy rate."

Full occupancy of the housing project is the result of a series of factors aimed at attracting more migrant work crews to Dimmitt: (1) modern living quarters at reasonable rates, (2) a migrant health unit and state employment office located at the project, (3) an expanded vegetable harvest here, and (4) word-of-mouth advertising of the project among migrant labor crews, who in the past have had to settle for standard living quarters as they followed the harvest.

Migrant farm workers termed 'most underprivileged in US'

(Editor's Note: Before he moved to Dimmitt to manage the Castro County Agricultural Housing Complex, William J. T. Robertson had a long career with the Department of Labor, working mainly with migrant farm laborers. He knows virtually every crevice of the migrant worker's pathways and problems gives him an uncommon understanding and compassion toward them. Here, he discusses the "cycle" of the migrant worker, in the hope that he can promote a better understanding here.)

On many large, highly specialized farms, machinery is used in planting and cultivating. An expanding population and higher living costs require the reduction of ever greater quantities of fruits and vegetables, in the harvesting of which large numbers of workers are needed.

Many migrants have long periods of unemployment, however, while on the road or waiting for crops to ripen or for stormy weather to be over. The average income of the domestic agricultural migrant in 1957 was \$859. His income is low partly because of irregular employment and partly because farm workers usually are not protected by minimum wage, unemployment compensation and other labor laws.

Migrant workers are probably the most under-privileged group of workers in the United States. Not really belonging to any community, the migrants have missed out on school, church, health, welfare and recreation services available to those who are residents of a community. When they come to a community that is interested in them, cares about them and tries to do something for them, the community finds that the migrants have an unexpected number of needs, and that one need will not be satisfactorily served without something being done about the others.

For example, a community that tries to break the cycle by getting the children into school finds that they need health services, and so do their parents. The little children need day care, so the older ones won't be kept out of school to take care of them. A few migrants may desperately (See **FARM WORKERS**, Page 12)

Who are these agricultural migrants? Why do they move about so much? Why do they need special programs? These are questions often asked.

THERE ARE an estimated 500,000 or more domestic migratory farm workers — about 100,000 families.

They include Negroes, Spanish-speaking Americans and native Anglos. Some have always been migrants, as were their parents before them. Others were once tenant farmers or sharecroppers. A few owned their own farms which they had to sell when neighboring farms were mechanized and they couldn't compete. Most migrants have little education and no skills other than in farm work.

They move because they must. Migrants, to earn a living for themselves and their families, must go where and when their labor is needed. They must work and earn during the weeks in the year when the work, depending on weather and crops, is available for them.

Smiths enjoy memorable tour of New England states

By MYRTLE SHEFFY

Ralph and Avis Smith have had a good trip to the eastern states. They went to Memphis, Tenn., to visit son Steve, who is at the Naval Air Station, then to Nashville to see "The Hermitage," President Andrew Jackson's estate. Then they went on to Richmond, Va., where Ralph says there is the most gorgeous building in the US. I will say this, also, Avis is a history teacher here, and Ralph says he surely received a short course in American history. They went on to Salem, N.C., a most interesting Moravian town. They saw many antiques and much pottery. You remember the Moravians were very religious. John Wesley felt converted when with these people. This place is worth going to see. They went to the Winston-Salem Cigarette plant. They say it is very clean and smells good. Then on to South Boston, Va., for a visit with Avis' sister Jerry Johnson, had good food and saw the sights, all those fine southern mansions in Williamsburg and Jamestown, cut to Yorktown where the old battlefields were.

AVIS SAYS they made a rush trip to Virginia Beach for a look at the Atlantic Ocean. They saw glass blowing the old way and leathercraft. They were very impressed by the home-baked bread in those big outdoor ovens. They saw the Parthenon, a full-size copy of the Temple to the Goddess Athena in Greece, in Nashville also. Ralph says he brought home five tobacco plants to set out in the yard. They visited the parents of some kin. I think near Salem. He says they had a ten course meal beginning with Brunswick stew. It was the best food ever. The house was in the woods near Chase, Va.

Well! Then they went back to Memphis and picked up son Steve and a friend Gary Davis of Farwell who is also in the Navy. The boys went back Sunday.

Not satisfied with that trip they went to Colorado with Avis' sister and family. They fished and ran up and down mountains in those Jeep-type cars, four-wheel drive things. Aren't you envious? Now they are getting ready for a new school year starting in August.

MYRNA COWSEY visited her son Jim, his wife Jan and baby at Ballinger last week. Jim is with the Federal Land Bank there.

The Jim Robertsons and some friends have been going to Ute Lake to fish and water ski. "Just to go someplace."

Mr. and Mrs. Clarence Bearden, her sister Naomi Ruth and Pat Patten of Hollis, are spending a few days fishing at Creed, Colo.

Friend Noel Gollehon and wife Oleta went up in the Durango, Colo., area camping and fishing. Noel had some kind of heart upset. He is (or was) in the hospital there.

Rita Vick and Bonnie George

have been serving as life guards at Colonial Inn swimming pool. Rita tells me that she will be organist for a few weekends at the Eki Skeller Restaurant at Ruidoso. You remember that Rita played the organ for her talent in the Miss Dimmitt Pageant.

MARINEL BENNETT and Elsie Hunter of Uvalde, came by Dimmitt en route to Colorado, and visited the Rameys. Marinel is the daughter of Elva Boswell, a former Dimmitt teacher. Other guests of the Edgar Rameys and Robert Bentons were Ruth Ann Hill of Cleburne and Marion and Lena Benton of Lubbock. They also visited Betty and Lennie Zecher, who are staying with her mother, Janie Hastings.

I have been doing Peggy's program while she and Allan were in South Texas. I met all the nice people at KCHN - Wayne K. Holliman, who was born in Lubbock and spent four years in the Navy, he was on the Philippines but school at Clark Base. He went to school one year at San Diego where he met his pretty wife Terry, who is the daughter of a Navy man. She has been all over the states while he was stationed at different bases. And I met Jack Rust, who came from Massachusetts. Jack has the big voice. I also met Weldon Lewis, the manager, who is from Berger, and Denise Stone, the receptionist, and she plays records in the afternoon. She has the sweet voice.

MARIA VASQUEZ and children are home from a trip to California. She was with her daughter who has a new baby. They came home with Maria for a few weeks' visit. George and Fannie Blanton went to Ruidoso Thursday for a few days vacation.

And George Bradford, Tom and Johnny Davis also left here Thursday for Ruidoso. They will attend the Independent Ginners Convention, and they will all probably go watch the "sport of kings," Mrs. Bradford had a sick spell, not bad, just enough to keep her from going on the trip.

Rex and Virginia Cowert are home from a recent trip to Arkansas, where they visited Rex's folks. They saw all of that pretty scenery, the rivers, hills and trees. Their daughter Terry Doud attended a wedding in Nebraska at the same time.

Say did you hear Rex Cowert, Billy Scott and Jimmy Ross on the radio telling about the new breathalyzer machine which can determine whether you are driving while intoxicated or not. Most interesting.

ROBERT FROEHRER, a student at the University of Texas in Austin, is home for the summer to visit his parents Nolan and

CONVERSION LINES The release of E3 lines from the conversion program of the Texas Agricultural Experiment Station and the US Department of Agriculture was announced at a July 14 news conference at the Research and Extension Center at Lubbock. There is still much breeding work to be done in order to incorporate desirable characteristics into high yielding hybrids, said D. T. Rosenow of the center. This work will be largely done by commercial seed firms who will use this new germplasm in their breeding programs, he noted.

The USDA predicts that 211 million acres would be needed to feed the projected 230 million population by 1980. This is 20 million more acres than were harvested in 1968.

Evie. The other son George, is employed in Dallas.

Richard Jackson and his cousin Kim Jackson of Olton, went to Kansas City for a visit with their uncle Bo Jackson.

Mrs. Jay Lee Touchstone went with Peggy and Allan as far as Waco. She is a grandmother again. A little girl was born to her son Wig and Mrs. Howard. She has been named Christi Lee, Wig is with IBM.

Mr. and Mrs. W. E. Thornton were weekend guests of daughter, Susan, who is in college at Abilene.

Richard Catoe moved a refrigerator and hurt his back, now he is in the hospital in traction. He is a very cheerful boy though.

RONDA GREGG of Ralls is visiting for a few days with her grandmother Jetti Sheffy and Ray.

Tom and Doris Harrison of Odessa were weekend guests of their parents Earl and Margie and their son Thomas, who is spending the summer in Dimmitt.

Dr. and Mrs. George Worrell have moved to Rockwall, near Dallas, from Lamesa. Dr. Worrell was Baptist minister at Lamesa. The children Edie, Dawn, and Stephanie, have been here visiting Grandmother Leola Haberer, while they were moving, and she flew with them to Dallas and stayed for a few days.

Rennie Hutton, who is in the service stationed in Korea, writes the Ted Sheffys that he is doing okay. He gets a few plane trips to other places. They are near a small town. Ronnie says the capital is a nice place to see, but they don't go often. He says in 356 more days he will be back in the "World." He means Dimmitt. He misses home and sends greetings

to friends. Ronnie is the son of Cecil and Marie Hutton. They also have a son Mike in Germany.

JERRY MORRIS, who is stationed in San Antonio, came home for a few days' visit with his parents C. W. and Anita Morris. His grandmother is Mrs. G. L. Willis Sr.

Mr. and Mrs. Farren Broadstreet of Houston are here for a visit with his parents, Mr. and Mrs. John Broadstreet.

Billy Graham tells me that their daughter Kathy, and George Pulley were married last week in the Prayer Chapel at Methodist Hospital. Kathy is a registered nurse there and grew up here. George calls Amarillo home, but is now a student at Texas Tech and is employed by Waples Platter Wholesale Grocery in Lubbock. They will live there. The families of both attended the wedding. Mr. and Mrs. Bill Graham Sr. are Kathy's grandparents.

Mrs. Kent Gabel was hostess to her bridge group Thursday afternoon. She served a refreshment plate of cherry nut ice cream and cake to Carolyn Farner, Patti Summers, Beth Joiner, Wanda Nelson, Gail Gray, Pat Braafladt, Gail Ratcliff, Jean Morris, Carlee Warren, Sandra Clark, Gail Proffitt and Mary Gabel.

MARK BRANDIS of Banning, Calif., is staying a few weeks with Mr. and Mrs. Ernest Sammann, and his cousin Alfred and the others. Ernest is teaching him how a Texas farm is "run." The Sammann girls Cheryl and Janet, are visiting their aunt and uncle Rev. and Mrs. Lee Ray Brandis at Banning. They have had side trips to Disneyland, the beach and other places.

We and several hundred other people went to the Dimmitt Wheat Growers and Cern Mill business meeting and barbecue supper, which was unusually good. Don will tell you about that, but we met Roger Rablits, who is a traffic director at the Mill. He and wife Alice, children Brian, Dale and Gary have moved here from Bellville, Ill., but they had to get a house in Hereford. They attend the Lutheran Church. I also met George Rush, who is chemist at the plant. They moved here from Illinois, I think, and have bought the Herple house at 729 Oak.

His wife and daughters Barbara 19, and Alice 15, and son Pat 17, will move here in August. George likes to golf and fish and attend the Episcopal Church.

THE Dimmitt Satellite School and sponsors will be hosts at a picnic lunch at the park on July 28. If any of you can bring a freezer of ice cream, call Norma Cernard at 647-4270. The students from Hereford and Tulia will be here. Assistant teachers with Mrs. Cernard are Mrs. Alvin Anderle of Nazareth and other ladies who help are Mrs. Moran and Mrs. Zinda. Mrs. Cernard and Mrs. Anderle attended a school in Amarillo at the Amarillo State Center for Human Development.

Mrs. Conard tells me she has had much help from these high school girls: Donna Gilreath, Jan Giles, Ronda Tidwell, Debbie Zinda, Patti Jackson, Susie Morney, Jackie Schaeffer, Gayla Gilliland, Tarya Erwin, Monica Anderle Pam Barker and Jane Ann McHenry. Parttime helpers are Teena Proffitt, Diane Dyer, Rebecca Stanford and Marianna Murphy. Do remember the ice cream. Make a freezer and bring to the picnic.

DAVID ADAMS and Ray Murphy will drive to New York Saturday and will leave Wednesday for Europe. They plan on touring Spain, France, Italy and Switzerland. Andy and Mariann will accompany them to New York and will visit in Cape Cod while David and Ray are overseas. Fawcayne Murphy lives there.

R. B. and Grace Strother and daughter Elaine are home from a trip to east and south Texas. They went by Denton to visit Fhebe, on to Fort Worth for a visit with his brother and also attended a family reunion of R. B.'s mother's family. They all went out to Six Flags over Texas, then on to Galveston, then back to Huntsville for a visit with the Em Houstons (not the General).

The Vaden Kirbys, Arney and Mary Mays and relatives from Odessa spent the weekend at Ute Lake.

MR. AND MRS. John T. Fair, Karen and Mike of Taft, Calif., are here for a visit with her parents Mr. and Mrs. Floyd Reynolds. I saw her at church and you will remember Mrs. Blair as Regere.

Connie Burkett is here for a visit with her grandparents Katy and Swain Burkett. Katy visited last week, then her mother Jerri and small David came for her. These are David's children and they live in Fort Worth.

Recent guests in the home of Mr. and Mrs. H. O. Markley were Mr. Markley's sister and brother-in-law Mr. and Mrs. Cullen Eyle of Berger. They also visited the Wendell Markleys and Murray Halls.

Mr. and Mrs. Rayford Barker, Phil and Debbie of Sweetwater, Okla., have been visiting his bro-

ther and family, the Elvis Barkers. They also visited an aunt and uncle, Mr. and Mrs. H. O. Markley and the Wendell Markleys.

Mr. and Mrs. Elvis Barker and daughters Sharon and Pam have returned home after vacationing in several states. They visited in Oklahoma with relatives, then went on to Nashville, Tenn., where they saw the Country Music Hall of Fame, the Hermitage, the

home of President Andrew Jackson, the Parthenon in Centennial Park, Fort Nashborough (where Nashville began) and the Capital building. Then they went to Hodgenville, Ky., where they saw the birthplace of Abraham Lincoln on to Louisville, across Indiana, Illinois, Missouri and back home. Visiting the Barkers before they left on vacation were Joy's parents Mr. and Mrs. Jack Lamm of Sayre, Okla.

Bible Thoughts ONLY BIBLE SCHOOL By Ronnie Parker An old timer of Hodgenville, Kentucky, is reported to have said to his wife on February 12, 1809, "Well, Sairy, ain't much goin on up in town. I saw some ready-made clothes that wuz purty all right, but too high, way too high, I heard that Zeb Smith cut his toe real deep with a axe, but they said he'd be all right. But ain't much talk up in the town today. Oh yeah, Tom and Nancy Linkern had a new boy. Named him Abe. But like I said, nothing important's going on." Next Sunday and Wednesday we have Bible classes in our building for all ages. That's all. Just Bible classes. We have them every Sunday and Wednesday. May God save us from a shriveled near-sightedness that would suggest that nothing important is going on. If we keep our values right, we will know that Bible school and worship hours are the most important things going on. Building boys is better than mending men! Guiding girls and cultivating children is infinitely better than correcting criminals or weeping over wasted womanhood. Gaining spiritual strength for service to God and man is better than spending our energies in the minor things of life. Something important is going on. Bible school. You should be there with your whole family! YOU WILL RECEIVE A WARM WELCOME FOURTH AND BEDFORD CHURCH OF CHRIST

Be ever mindful and thankful to GOD for...

HEALTH and FOOD

In our nation today, the majority of us have so much to be thankful for. Sure we lose a tooth or two in growing up, as the one pictured here, but these will soon be replaced. Health and Happiness are generally ours, and through our abundance we should share with others who are less fortunate. God's word and the church encourage sharing with others. There are many areas of service to others within the churches, and these we should not neglect, but God has said that we should take advantage, as we are able, of all opportunities to give aid. "As we have therefore opportunity, let us do good unto all men."

THE CHURCH ENCOURAGES LOVE AND COMPASSION FOR OTHERS

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

In the Men's City Tournament, Cliff Cook, defending champion, came from three shots back Sunday to win 1970 City Championship honors at the Castro County Country Club by shooting a 79-72-151.

COMING IN at a close second was Bob Lindsey with a 76-77-153. Third place was taken by George Gross with a 77-82-160. Other Championship Flight players were James Wohlgemuth, Ken Cleveland and Roy Ellis.

Ralph Glover won the First Flight slot with a 78-82-160. Bob Myers carded a 79-82-161 for second.

State among top in license sales

Texas ranks third in the nation for sales of fishing licenses and fourth in hunting licenses, according to figures from the Federal Bureau of Sport Fisheries and Wildlife.

CALIFORNIA was the leader in the issuance of fishing permits last year, with 2,075,435. It was followed by Minnesota with 1,381,648, and Texas with 1,396,646.

Pennsylvania leads the list in hunting permit holders with 1,102,749, followed by Michigan, with 918,175; California, with 757,840; and Texas with 729,661.

More than \$183 million was spent by the nation's sportsmen in 1969 for hunting and fishing permits, an increase of \$14.5 million over 1968, the bureau's figures show.

Fishermen set an all-time record last year with 24,076,148 permit holders, an increase of 1,015,816 over the 1968 total. Hunting permit holders numbered 15,269,480, an increase of 338,210 over last year.

ond, and Jimmy Ross came in third with 83-82-165. Other First Flight players were Charley White, Glenn Render, George Gabel, Mark Wohlgemuth and Bill Williams.

Second Flight winner was Dale Prather with 89-88-177. Ronnie Prather took second with a 99-104-203, while third place went to David Bechtel with a 106-99-205. Other Second Flight players were Cary Jackson, John Mueller and Bob Farrer.

Smith candidate for 'Star' award

Danny Smith of Hart is one of 10 candidates across the state for the coveted title of Star Lone Star Farmer at the 43rd annual state convention of the Future Farmers of America in San Antonio.

THE WINNER will be announced tonight (Thursday) at 7:30 at a banquet in San Antonio's Gunter Hotel. The convention started Wednesday and will end Friday.

Smith, son of Mr. and Mrs. H. D. Smith of Hart, is representing the Panhandle as the Lone Star Farmer of Area I, FFA.

A high school senior and captain of his school's football team for the last two years, Smith conducted the past year that included five pigs for pork, 232½ acres of potatoes, 252.7 acres of milo, 26½ acres of cotton, 96 acres of wheat, 275.9 acres of layout land and 466 steers. He has 190 of the steers in a commercial feed lot and 276 on pasture.

His FFA advisor is Lanny Tucker.

SPEAKERS at the state FFA convention include Harry Birdwell, 20, of Fletcher, Okla., national FFA president; Dennis Pharris of Hillsboro, national FFA secretary; and a US astronaut who was still to be designated prior to convention time.

Lanny Tucker family is injured in Tennessee accident

By MYRT LOMAN
Mr. and Mrs. Lanny Tucker, Jim and Lana were injured Sunday afternoon in a one-car accident near Jackson, Tenn.
THE family was enroute home after attending a swine show in Minnesota. Mrs. Tucker was driving the family's pickup when she lost control on a wet highway near Jackson.

The accident resulted in a broken leg and shoulder injury for Mrs. Tucker, a concussion for Jim, cracked ribs for Lanny and a fractured wrist for Lana. All are in a Jackson hospital, and Jim reportedly regained consciousness Monday.
Mr. and Mrs. Tucker are both teachers in Hart Public Schools. He teaches vocational agriculture and she is an elementary grade teacher. Tucker also operates Tucker Duroc Farms.

Farm payments pass one-third mark in county

Approximately 35 percent of the farmers of Castro County have received payments for participation in the 1970 wheat, feed grain or cotton programs, according to Jim Elder, chairman of the County Agricultural Stabilization and Conservation (ASC) Committee.
PAYMENTS will continue to be made as rapidly as farmers certify program compliance, and as fast as records can be processed through computers at the data processing center in New Orleans and checks returned to the county ASCS office for distribution, Elder said.
"The bulk of payments should be made by mid-August if farmers who signed up complete the necessary certification indicating that they have complied with all of the program provisions," Elder stated.
This is earlier than payments have been made in previous years.
ELDER POINTED out that these payments to farmers have an impact on the entire community because most of the money remains in the local area, where farmers pay for the things they need to buy. Participation by producers in farm programs helps even out the year-by-year flow of farm products to market, which also helps stabilize food and fiber prices, a benefit to consumers, he said.
"Farmers earn payments by diverting part of their cropland to conservation uses," Elder explained. "This helps keep a balance between supply and demand for food and fiber, preserves the excess acres for future use when they are needed, and provides an orderly supply of farm products to consumers."

SEVERAL members of the Hart Church of Christ went to Palo Duro Canyon Thursday night, where they met a group from Jacksonville and attended the musical drama, "Texas."

Going from Hart were Mr. and Mrs. Dwight Miller, Tony and Carol, Carolyn Cole, Kathy Kennedy, Cecil Jackson, Brenda Covington, Steven Hanes, Linda Ellis, Mr. and Mrs. Lester Flippo, Mr. and Mrs. L. C. McLain and Darla Wardlow.
The group from Jacksonville returned to Hart and spent the night before returning home.
CAROLYN COLE, Kathy Kennedy and Brenda Covington are attending a Church of Christ camp session at Black Mesa Youth Camp near Boise City, Okla., this week. They were accompanied to camp by Mr. and Mrs. Everette Cole.
Another group of youths from the Hart Church of Christ are attending a two-week singing school at Lubbock Christian College.
Attending from Hart are Elizabeth Stephens, Dee Clevenger, Debbie Hardy, Mike Eece, Cecil Jackson and Lynn Myers.

RICHARD FRANKS, Lion's Club program chairman urges all members to be present Monday at the noon meeting at the Farmers State Bank for an interesting and unusual program.

Financial Facts
By Willis A. Hawkins, Jr.

Did you know that at one time a dollar was worth more than a dollar?
During the Civil War the United States faced bankruptcy. In order to alleviate the situation, the government issued Compound Interest Treasury Notes in 1864.
The idea behind the notes was this. For a three year period after their issue, the notes could be used for currency at their face value. During those three years, the notes would earn six percent interest compounded semi-annually. Only after this time could they be redeemed for their face value plus interest.
Some people were fortunate enough to latch onto these bills for their face value right before the three years was up. Then after

Shower honors Miss Birkenfeld

By **MRS. FLORANCE ALBRAUCH**
A bridal shower honoring Miss Shelia Birkenfeld, bride-elect of Gerald Brockman, was held Sunday, July 12, in the Leonard Wilhelm home. Hostesses were Mrs. Margaret Birkenfeld, Mrs. Leonard Wilhelm, Lorene Brockman, and Earlene Birkenfeld. Out of town guests were the grandmother, Mrs. J. Brandt and aunt, Mrs. Denis Brandt of Umbarger and aunts, Mrs. Irene Klemm, Elizabeth Rickwartz and Mrs. Sandy Klemm of Amarillo.

Mr. and Mrs. Thomas Birkenfeld are home after a visit through Kansas and Iowa. They are moving their house trailer to San Antonio where he will be stationed.

Sisters Corinne and Cordelia of Fort Smith, Ark., visited their brother and family, the Joe Langes the past week after visiting their sister and family, the Ted Dirks of San Antonio, who brought them here and visited relatives and friends here.

Sister Norbert left Saturday after visiting her family, the Hoeltings, and other relatives.

Mr. and Mrs. George Huseman and family were hosts for a Sunday dinner for Emil Huseman and Rodney, the Leo Durbin family and Rudolph Huseman.

Rudolph Huseman is entering Baptist Hospital in Amarillo Tuesday, where he will have throat surgery on Wednesday.

Mrs. Walter Schulte is staying with her daughter and family in Plainview the Charles Bowens, after having had knee surgery the past week in the Plainview Hospital.

Lots of folks from here enjoyed the barbecue supper and tour of the new corn milling plant in Dimmitt on Saturday, July 18.

The Ernie Brockman family were hosts for a chicken barbecue supper on Sunday evening for the Francis and James Wilhelm families, Father Stanley and Mr. and Mrs. James Verner of Wilton.

Those from here who went to San Antonio for the Catholic State League and Catholic Life Insurance Convention on July 17-18-19 were Mr. and Mrs. Tom Acker.

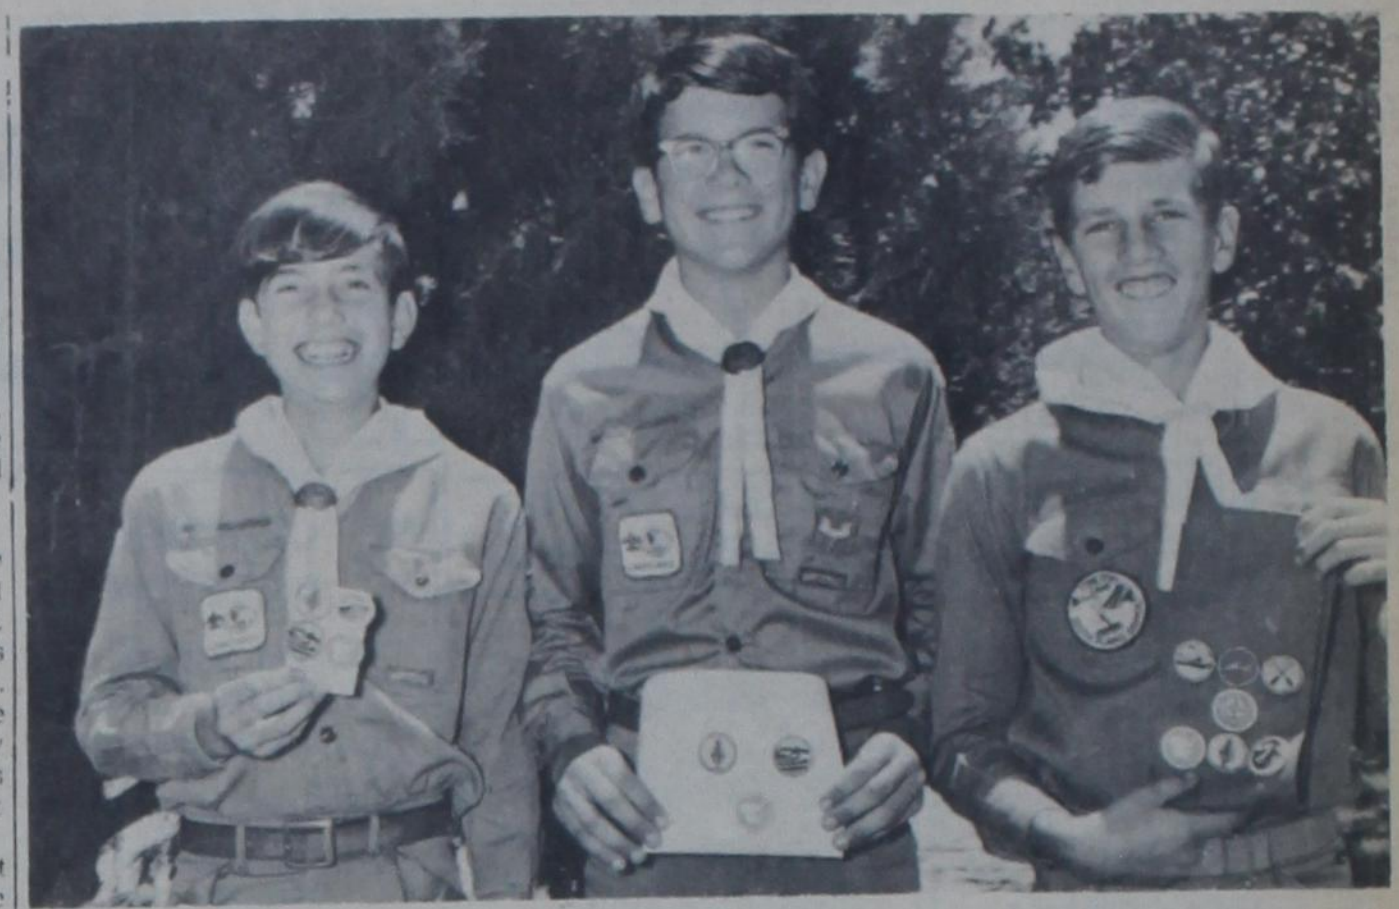

Mr. and Mrs. Florance Albrauch, Mr. George Book, Miss Jackie Book, Sammy Birkenfeld and Tommy Cameron.

THE Benedictine Sisters are back after a short vacation at their convent in Fort Smith, Ark. Some are taking summer courses at West Texas State University. Sister Benedict Marie has gone to visit her brother and family in California. Sister Roberta is here visiting. She will go back to the convent to teach art.

Cloudy and cool weather, but not much rain so far here, the past few days.

Having been gone over the week end I didn't get much news this week.

SECRETARY of Agriculture Clifford Hardin has announced the establishment of a National Cattle Advisory Committee. Its duties will be to advise Hardin on imports of beef, veal and live animals and their effect upon the domestic economy; international trade as it pertains to beef and related products; activities designed to affect the domestic consumption of beef and veal, including USDA purchase programs, policies related to feeding and production of livestock and other conditions and developments related to prices, production and marketing of cattle and beef. Membership will be announced later.

SCOUTS WIN HONORS—Roger Allison, Steven Reed and Tommy Cloavinger proudly display awards which they won during their recent Boy Scout camping trip to Tres Ritos. Allison won merit badges in forestry, cooking, water and soil conserva-

tion, and camping. Reed took honors in forestry, water and soil conservation, and camping. Cloavinger added forestry, cooking, and camping merits to his collection. Their Scoutmaster is Jim Cleavinger. (Photo by Mike Elder)

On the Go

PAT MORAN of Newport News, Va., arrived in Lubbock by plane Monday to spend a month with her parents, Mr. and Mrs. Russel Moran. Miss Moran is a fourth-grade teacher in the Newport News elementary schools.

"Conservation of souls and conservation of soils are inseparable — what is good for the land is good for man." Morris E. Fonda, "THE LORD'S LAND."

NEW LAMB PRODUCTS

A \$23,650 research grant to the Texas A&M University Agricultural Market Research and Development Center from the American Sheep Producers Council has been made to market test a completely new line of lamb products. Center Coordinator Robert Branson said the tests will be made in Tyler and Tulsa, Okla. The testing will require about five months and will start in late September or early October, Branson said.

KEEP YOUR FARM SAFE

Safety is the prime factor in the success of modern farming, for accidents can prove more costly than maintenance. Your farm can be a showplace of progress and efficiency if you keep tools and equipment in top condition, check buildings for cleanliness, soundness. Keeping everything in apple-pie order eliminates many fire hazards. Practice good safety habits and prosper!

Pork, beef prices slightly higher; look for fresh vegetable bargains

Gwendolyn Clyatt, Texas A&M University Extension consumer marketing specialist, gives the following hints and suggestions for weekend grocery shoppers.

"Pork supplies are normally smaller in summer, and prices are higher than when supplies are abundant. However, beef supplies are larger and should have a tendency to hold pork prices at a lower level," Mrs. Clyatt said. Several pork cuts, including smoked hams, loin cuts and the Boston butt, are among the better meat values from a cost standpoint.

State may need \$700 million in extra tax money

Texas Press Service
Budget requests by major state agencies continue to prompt speculation of a huge tax need next year — perhaps as high as \$700 million.

THE BOARD of Public Welfare finally officially approved a \$2.1 billion biennial spending plan, which is \$347.6 million above present spending levels. The Mental Health-Mental Retardation request of \$314 million is \$139.7 million above the current level, and colleges and universities want an increase of \$258.9 million. Combined with public schools biennial operating proposals of \$377.1 million, major agencies of education, mental hospitals-retardation schools and welfare want more than \$1 billion more than they now are getting.

"We are all concerned that our water resources, once believed to be as inexhaustible as the air we breathe, are limited, and are being wasted at a prodigious rate. And even the air is being polluted to such an extent that it also has become a misused resource," — Secretary of Agriculture Orville L. Freeman

"When we save a species of wildlife by protecting its habitat or by encouraging its propagation, we save more than a wild animal. In a sense, we save ourselves for we are saying — often instinctively — that civilization must permit all of God's creatures to live free of the threat of total destruction." — Secretary of Agriculture Orville L. Freeman

Beef prices generally are up a bit, she noted, adding that most hindquarters remain at regular prices while scattered specials will be found on some forequarter cuts.

ACCORDING to Mrs. Clyatt, beef cuts most often featured this week include chuck roasts and steaks, round steaks and rolled rib roasts with both beef liver and ground beef available at reasonable prices.

"Current prices for whole, quarters and pieces of fryers should stimulate interest in this versatile protein food," Mrs. Clyatt said. "Many markets will offer poultry items at special prices, and eggs continue to be a very reasonably priced protein food, too."

Cantaloupe is in plentiful supply, and generally, sizes are larger than a couple of weeks back, Mrs. Clyatt noted. Most of the peaches on the market now are semi-cling varieties and the supply is increasing, she added. Watermelons, honeydews, bananas, plums, nectarines, strawberries and pineapples are also good fruit choices.

"Seasonal fresh vegetables, in good supply and at reasonable prices include corn, squash, cucumbers, tomatoes, mustard greens, blackeye and purple hull peas, carrots, radishes, green onions, potatoes and dry onions," Mrs. Clyatt said.

Buy fresh vegetables in quantities that will be used in two or three days in order to maintain the "freshness" of purchases, she suggested.

Dimmitt Consumers will move into new home soon

The people of Dimmitt Consumers expect to be in their new, bigger business home in late August or early September, according to Al Gibbs, manager of the cooperative.

THE NEW site will be the former Willson-Nichols Lumber Co. facilities on the corner of East Bedford and Second. Construction started July 1 to convert the former lumber yard into a service station, gasoline bulk plant and farm store.

Dimmitt Consumers bought the Willson-Nichols property from the Higginbotham-Bartlett Co., which purchased it two years ago when Willson-Nichols closed its operations here.

Dimmitt Wheat Growers, Inc. has purchased the present Consumers property.

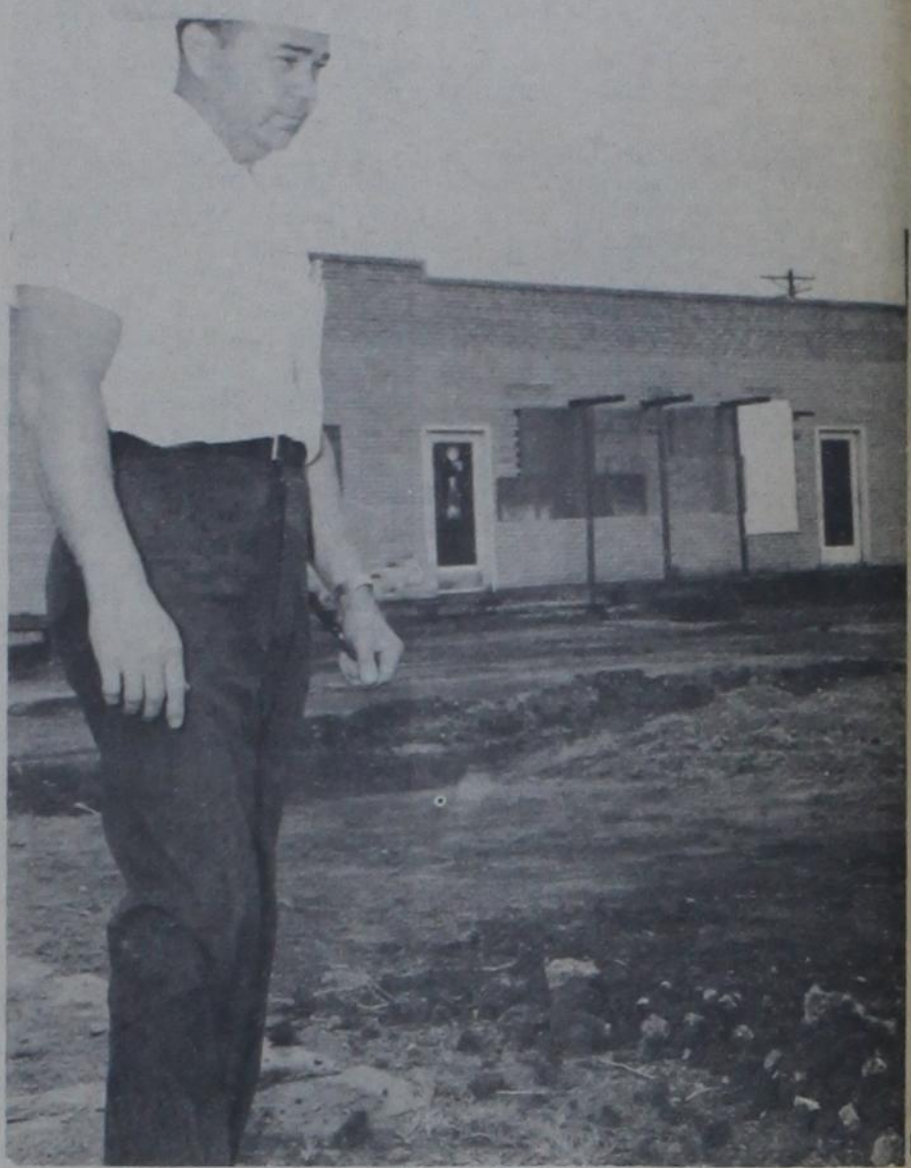

THE NEW site will give Dimmitt Consumers twice as much usable space as the present site has, Gibbs said.

The \$50,000 remodeling project is expected to be completed about Aug. 15, Gibbs said. Don Hargrove is the building contractor and Killingsworth Construction Co. is in charge of the paving and concrete work.

Consumers will utilize the main Willson-Nichols building for offices and retail display, and will convert the lumber storage building on the west side of the property to a covered parking area for the employees' and company's vehicles.

Gibbs said the cooperative will also add bays for tire and lubrication service, and will concrete the corner for the service station area. Bulk tanks already have been installed underground to give Consumers a storage capacity of 28,000 gallons of gasoline and 18,000 gallons of diesel fuel.

DIMITT Consumers deals in Shamrock brand petroleum products, as well as many brands of auto accessories and farm supplies. Gibbs said all the cooperative's sales departments will be expanded with the move into larger quarters.

Dimmitt Consumers has been at its present location 38 years. It was founded in April 1932 as a cooperative fuel association. The first officers and directors of the association were C. J. Mapes, president; H. T. Bartlett, vice-president; O. C. Axtell, secretary; and C. W. Frye and William Hochstein Sr., directors. Present officers of Dimmitt Consumers are Raymond Annen,

president; Moss Howell, vice-president; John Gilbreath, secretary; and Milton Bagwell and Robert Benton, directors. **GIBBS HAS** been manager of Dimmitt Consumers since 1962. Other employees of the association are Henry Howell, assistant manager; Mrs. Carol Jeffery, bookkeeper; J. C. Gardner, C. J. Johnson, Emilio Nino and Alex Abrego.

The view from your library

By MARY EDNA HENDRIX
Last weekend I went to Ruidoso with my sister and her husband. We each took a book to read; some were old ones but good reading. "The Moving Finger" by Lillie Mae Hunter, "Everything but Money" by Sam Levenson, and "Our Hearts Were Young and Gay" by Cornelia Skinner and Emily Kimbrough were the books which we took.

We had just read about five pages when a neighbor came over and wanted us to see their new home. It is a beautiful house with a scenic view of the mountains and pine trees. In the family room they have one big section of shelves for their books. They are teachers in Roswell, and they spend their summers in Ruidoso. They plan to retire there.

THE CASTRO County Genealogical Society met Thursday night with 25 people attending. Leroy Hutton from Canyon was the guest speaker. He suggested several ways to trace your "family tree" through birth and death records, marriage licenses, and probate and tax records. It was an interesting as well as informative meeting.

Irene Keating, president of the Friends of the Library, has received several donations from persons interested in the library. Mrs. Carroll sent \$100 for a life membership to the Friends of the Library, and we are grateful to her for this generous donation.

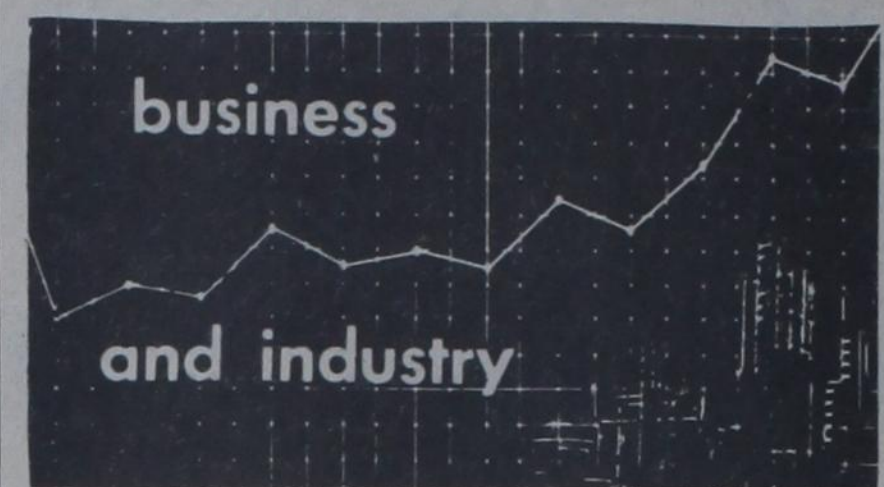

Beral Hance brought her daughter, Linda Compton, and her two little granddaughters, Tracey and Paige, to the library to check out some books to read while they are visiting in Dimmitt.

State's draft quota is down

(Texas Press Service)
The August draft call for Texas is 560. That's 257 less than the 817 in July. No man will be inducted with a random sequence number higher than 195.

State quota for pre-induction physical and mental examinations in August is 1,490, down from 1,601 in July. Those called for these examinations will have

random sequence numbers one to 215.

Deferred or exempt men may be forwarded for examinations if they are likely to lose their deferred or exempt status within the next six months. No men with 215 will be forwarded for examination until further notice. All volunteers at draft boards must be inducted ahead of the non-volunteers selected and ordered to report for the draft by "draft lottery." National call is for 10,000 men, all for the army.

Courts speak

Tyler is sued on segregation

Federal court suit has been filed against the City of Tyler by the US government seeking to end school segregation by this fall.

THE COURT of Criminal Appeals held that a driving while intoxicated conviction is invalid if the defendant was on private property at the time of arrest.

The State Supreme Court refused to upset a lower court denial of damages to the widow of a man killed in an auto-train crash near Edna. Jury found negligence on the part of both the mand and Southern Pacific Railroad employees.

The High Court also held that a Potter County couple was not entitled to damages from a doctor because the woman could no longer have children after an operation.

A Harris County district court granted an injunction against Goodyear Tire and Rubber Company, prohibiting it from discharging industrial wastes into Sims Bayou in greater amounts than that permitted by the Water Quality Board. Court ordered a \$20,000 fine, the largest civil penalty in Texas pollution case history.

It is vital to consider that all conservation, recreation, and environmental issues are inter-related. The problems of air pollution, water quality, highway beauty, state parks, planning and zoning, wildlife habitat protection and stream improvement are interwoven in the total conservation fabric. If one thread is pulled, the whole tapestry has a tendency to unravel and everybody has to tie a knot in a number of places to keep this from happening.

"The real wealth of our nation — food, minerals, and fiber — comes from the soil, and conservation practices are prolonging the soil's usefulness for decades, even centuries." — John F. Cunningham, Dean of Agriculture, Ohio State University.

TUESDAY'S FIRE—Most of Dimmitt's volunteer firemen were just getting ready for lunch Tuesday when the fire alarm called them to this scene near East Andrews Street, where a small building was ablaze. Here, Rex Cowart sprays part of the burning debris while Butch Strickland mans the hose in background. Behind Cowart are Billy Scott (in cap) and Dyrle Maples. Ellis Mayberry, who owned the building, said it had been torn down and was in the process of being moved off the property.

Nursery school is good service

By IRENE KEATING
Last week I mentioned the need for someone to care for small children, and I've had some response.

DID YOU know that Dimmitt does have a nursery for children from about age 2 and up? I didn't. Thanks to Beth Jones for letting me know. Beth and Glydene Gross will be working together this year at Lollipop School. Last year they started a nursery school and had nine children enrolled. This school is operated on a regular school-year basis. This year the nursery age children will be at Glyn's house in the mornings and at the school in the afternoons.

The ladies are seriously thinking about having hot lunches for the children this year. They can and will keep younger children if you can bring a playpen or bed for the child's nap time. Wanda Murock will be one of the helpers this year. Beth needs more helpers, so call her if you are interested.

If any of you others are keeping children, particularly younger than 2, please let me know and I'll let the readers know who you are.

THIS HAS been a busy week for 4-H Dress Reveys. I judged at Dalhart and Vega. Debbie Acker went along and helped me. Getting to help judge contests is valuable training for our 4-H girls.

Tops Club holds swimming party

Fourteen members of the Dimmitt SOS Tops Club weighed in at last week's meeting. Sybil Stefens was crowned "Queen of the Week" with a loss of two pounds. The total loss for the club was 9 1/4 pounds during the week.

After everyone weighed in, the meeting adjourned for a swimming party.

The new meeting place is the First United Methodist Church at 7:30 p.m. each Monday.

Miss Summers

Sept. 5 date set

Mr. and Mrs. Bill Summers of Dimmitt announce the engagement and approaching marriage of their daughter, Debra Sue, to Arthur D. Schreck III of Tulia.

THE WEDDING is scheduled for Sept. 5 in the First United Methodist Church of Dimmitt, with all friends and relatives of the couple invited.

Miss Summers, a 1968 graduate of Dimmitt High School, is a junior math and economics major at the University of Texas, Austin.

Schreck, son of Mr. and Mrs. Art Schreck of Tulia, is a Specialist-5 in the US Army, and is now stationed at Fort Carson, Colo., after having completed a tour of duty in Vietnam in March. A 1966 graduate of Dimmitt High School, he attended West Texas State University two years before entering military service.

The couple plan to continue their college educations after Schreck is separated from active duty in the Army next July.

Hastings-Walton plans announced

Mrs. Neva Hastings of Lubbock, formerly of Dimmitt, announces the engagement of her daughter, Lois Mae, to Noel Desmond Walton, son of Mr. and Mrs. J. D. Walton of Fritch.

THE COUPLE plan an August wedding in the First United Methodist Church of Fritch.

Fryers are main meat bargain now

Fryers remain a bargain in most retail meat departments, and Grade A large and medium eggs are nip and tuck in offering the most in quality and economy for the egg dollar, Gwendolyn Clyatt, Extension consumer marketing specialist, reports.

"LOOK FOR best beef values on round steaks, chuck roasts and steaks, ground beef, boneless rolled roast and liver," Mrs. Clyatt said. "A few of the popular steak cuts are offered at moderate prices. These usually include sirloin and T-bone steaks."

Best pork values, according to Mrs. Clyatt, include hams, picnics, shoulder roasts and steaks, end-cut loin roasts and chops and all kinds of lunch meat.

Fresh fruit items in good supply at the most economical prices include nectarines, apricots, bananas, peaches, cantaloupes, watermelons and plums, Mrs. Clyatt said.

"PURPLE hull and blackeye peas, corn, carrots, squash, dry yellow onion, celery, potatoes, head lettuce, cabbage, okra, cucumbers, radishes, green onions, and tomatoes are also in good supply and are available at economical prices," she said.

"Agriculture, directly or indirectly, pays the burdens of our taxes and our tolls — which support the government, and sustain our internal improvements; and the more abundant her means, the greater will be her contributions." — Jesse Buehl

McDaniel-King vows exchanged Saturday

Miss Sharon Inez McDaniel became the bride of Donnie Lynn King Saturday evening in the Dimmitt Assembly of God Church.

THE BRIDE is the daughter of Mr. and Mrs. Robert McDaniel of Dimmitt. The groom's parents are Mr. and Mrs. Otis King.

Rev. W. E. Summers officiated at the double-ring ceremony. The setting was a heart background with rainbow colored carnations and greenery entwining a seven-branch candelabra.

Mrs. Sue Young of Dimmitt served as matron of honor. Bridesmaids were Vickie Durham, Gayla Gilliland and Cyndy Williams, all of Dimmitt. The attendants wore crepe dresses of pastel colors, with satin bows accenting the Empire waists. They wore

short white gloves and headpieces of bow and net, and each carried a colonial bouquet feathered with carnations.

WARREN SMOOT of Tulia served as best man. Groomsmen were Jimmy Don Lavender of Tulia, the groom's brother-in-law, Eddie Biles of Sunset, and Ronny Rogers.

Soleist was Vincent Sandlin, accompanied by Mrs. Dee Williams, organist.

Given in marriage by her father, the bride wore a floor-length wedding dress of white silk organza over peau de soie and Chantilly lace, with an Empire waistline, Juliet sleeves and a high neckline. She carried a colonial bouquet feathered with carnations and centered with a white orchid.

A RECEPTION followed the ceremony in the church's fellowship hall.

For her wedding trip to Red River, N.M., the bride wore a three-piece blue suit.

The groom is a 1967 graduate of Hereford High School. He is presently employed as a machinist at Coner-Mathes Inc. in Plainview. The bride is a senior in Dimmitt High School.

The importance of cold-weather boating continues to grow. The old idea of laying a boat up for the winter still holds true for big inboard wooden boats but most small boats can sit in their trailers the year through with no danger. Essentially your rig is ready to go any time 12 months a year with only a few concessions to the special circumstances.

The greatest danger to a wood boat comes from skin ice. In effect the ice acts as a cutting edge as the hull drives through it. A small amount of ice can chew up a wooden hull very quickly. Obviously canvas-covered boats aren't up to ice work and shouldn't be employed. What most do today to "ice proof" a wood boat is cover the waterline with fiber glass. If you have a fiber-glass, aluminum or steel boat forget about ice danger.

The major problem with motors in cold weather is that the cooling water inside the engine can freeze, expand and crack something. Something important like the block or manifold. New cars today come with permanent antifreeze that does away with the problems, but boats with inboard and stern drive engines suck cooling water into them and have to be drained. You can tackle the problem by making all the drains easily accessible.

Another way to solve the problem is to cool your motor with a heat exchanger—another name for it is fresh-water cooling.

If you have an inboard boat with facilities, the head will also probably have to be drained. A trick some use is to pour a can of cheap antifreeze into a plastic bottle. Protecting the drinking water is another problem. Freezing won't hurt a round tank if it is less than half full, but it will bust copper tubing (not plastic pipe). What most people do is drain the system and carry water aboard.

If your motor starts okay in warm weather, it should start equally well in cold—if your battery is maintaining a reasonable amount of voltage. Another trick to ease cold-weather starting problems is to buy a can of starting fluid for about 75¢. Starting fluid is a fancy name for ether.

Since outboards automatically drain cooling water when they stop, the freezing problem is solved. Only if you tip the machine up so the water can't run out can they be harmed. Leave the motor down in the water if you motor. If you haul out, the water will run out without problems. Except for possibly hitting very heavy ice floes and nicking the prop, running in ice won't phase outboards.

MR. AND MRS. RONALD BARHAM
... She's the former Reba English

Student newlyweds to live in Lubbock

Miss Reba English became the bride of Ronald Perry Barham Friday evening in the Hart Church of Christ.

THE BRIDE is the daughter of Mr. and Mrs. Hubert English of Hart, and the groom's parents are Mr. and Mrs. Perry Barham.

Gordon Downing of the WTSU Church of Christ Bible Chair in Canyon, officiated at the double ring ceremony. The setting was a kneeling bench covered in white satin and backed by large baskets of fresh garden flowers and a candelabra entwined with greenery.

Mrs. Glen Kuykendall of Lubbock, the bride's sister, served as matron of honor. She wore a yellow crepe street length dress with long, pleated yellow chiffon sleeves. She carried a bouquet of yellow and white lilies with yellow streamers.

DAVID BARHAM of Hart served his brother as usher and candlelighter.

Soloist was Mrs. Don Ewing of Claude, who sang "The Lord's Prayer" and "The Twelfth of Never."

Given in marriage by her father, the bride wore a street-length wedding dress of white crepe, with an Empire bodice, and long tapered sleeves of lace. Her veil of

white tulle was secured by a lily headpiece. She carried a bouquet of white and yellow carnations and yellow streamers, atop a white Bible.

For something old the bride wore a necklace; something borrowed was the white Bible, which belonged to her sister; and for something blue she wore the traditional garter. The bride and groom each had a penny in their shoes, presented by a friend.

A RECEPTION in the home of the bride's parents followed the wedding ceremony.

Brenda English of Plainview, niece of the bride, and Sandra Lacy of Hart served the three-tiered wedding cake and punch from a table covered with white, lace-edged net over a white cloth. The serving table was centered by a bouquet of white daisies, and white wedding bells hung from the ceiling above the serving table.

For her wedding trip, the bride wore a two-piece suit of purple and orchid, with white accessories.

The newlyweds are now at home at 3811 21st St., Apt. D, Lubbock.

THE BRIDE and groom are both 1969 graduates of Hart High School, and both attended West Texas State University last term.

Mrs. Aven's father dies

Services for Claude C. King, 78, of Lubbock, were held at 2 p.m. Monday in Resthaven-Wilson-Singleton Chapel, with burial in Resthaven Memorial Park.

MR. KING, the brother of Mrs. Mabel Aven of Hart, owned and operated the C. C. King Barber Shop. He died shortly before 4 p.m. Friday in St. Mary's Hospital. He had been a resident of Lubbock since 1950.

Survivors include his wife, Edna; three daughters, Mrs. J. E. Burleson of Pensacola, Fla., Mrs. Hugh Smith of Plainview and Mrs. Maxie Barrett of Amarillo; two sons, Keith of Norfolk, Va., and Calvin of Dallas; two sisters, Mrs. Gregg Rattliff of Ola, Ark., and Mrs. Mabel Aven of Hart; a brother, Clyde of Midland; 11 grandchildren; 11 great grandchildren; and a great great grand child.

Pallbearers were Emil Blair, Don Ward, Floyd Watson, Danny Pounds and Aaron Wright.

On the Go

MR. AND MRS. Oscar Wylie of Dimmitt attended a Wylie family reunion over the weekend in the Providence home of his parents, Mr. and Mrs. W. O. Wylie. It was the first time in many years for all eight of the brothers and sisters to be together, including Wylie's twin sister, Bessie. Family members attended from Arcadia, Florida, Odessa, Dumas and Lockney.

ALERT FOR SCREW-WORMS

With the increase in screwworm cases, officials of the program quickly made plans to increase their sterile fly production and fly distribution in the Big Bend and Trans-Pecos area. Livestock producers are urged to continue and strengthen the alert for screwworm cases. The time has come to observe the basic three principles — examine, collect, and treat.

And have enough hot water left to do the uniforms.

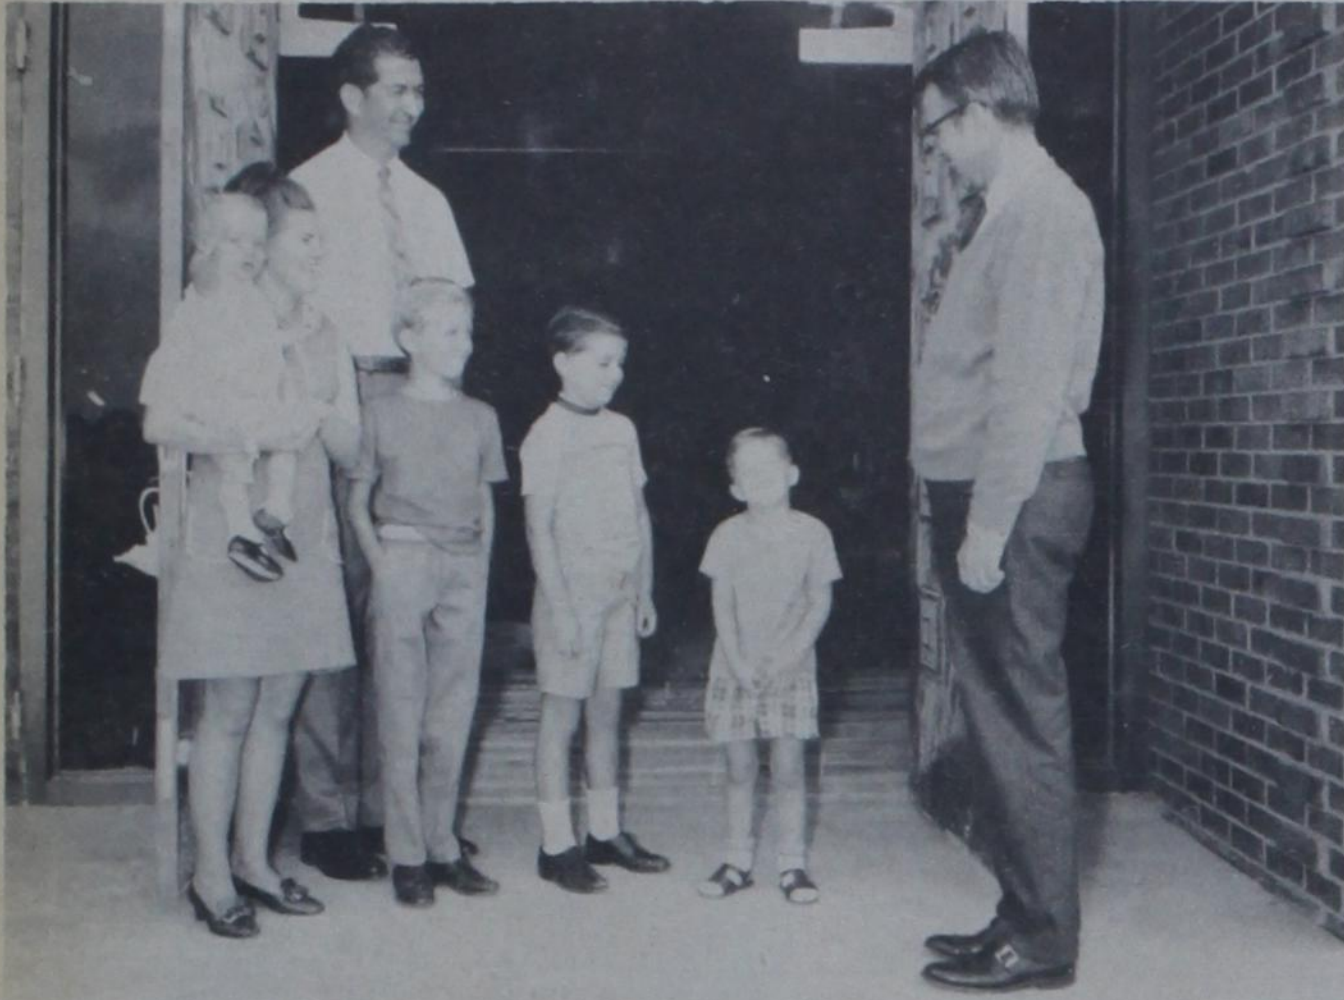

A GAS WATER HEATER does it all, and does it better, because with gas there's always plenty of hot water when you need it... at the cost you want.

Here are seven reasons why a gas water heater is best:

1. Fast recovery keeps your gas water heater way ahead of every demand.
2. The thermostat on your gas water heater automatically maintains a constant temperature, even when you use large amounts of hot water.
3. Gas is efficient. Gas burners start up instantly, deliver more heat to the water. And gas is clean too.
4. Nothing is more dependable than gas.
5. Automatic gas water heaters cost less to buy and install.
6. Gas burners last longer and give years of trouble-free use. That's another saving.
7. Gas costs so little to operate that you can afford to use all the hot water you want.

So, if it's hot water you need, and plenty of it, you need an automatic gas water heater. Call your plumber or gas appliance dealer soon.

'WHILE YOU WERE AWAY' — Mr. and Mrs. Johnny Burnett and children, back in the US after spending three years as missionaries in Brazil, got a guided tour of the new First Baptist Church complex from Dr. Raymond Perkins (right), pastor. The new complex, which is nearing completion, was just a dream when Burnett served as

the church's director of music and education in 1960-66; it was during their last year here that the congregation voted to build. The Burnett children are Barry Scott, 10, Bruce Jon, 8 1/2, Bret Dale, 4, and Belinda Ann, who was born in Brazil 11 months ago.

Burnetts loved Brazil, but are glad to be home

By MIKE ELDER
"Brazil is a country of great potential. Presently it is coming along very fast, but a lot depends on its political and financial stability."
THESE WERE the overall impressions which Johnny and Barbara Burnett have after their three-year stay in Brazil.
Burnett was the minister of music and education at the First Baptist Church in Dimmitt for six years before he and his wife left for Brazil as career missionaries in 1966.
Burnett was appointed director of religious education for the State Baptist Convention Para. This involved helping churches set up clinics and educational projects. The Burnetts and their children traveled all over Brazil during their three-year mission.
THE PEOPLE of Brazil, Burnett said, "are in the majority friendly and helpful. For instance, our fourth child was born there, and we found that our pediatrician and a nearby lady helped out very much. The lady visited Barbara quite often. She must have understood that we were very far from home, and she knew we needed friends.

"We liked the Brazilian people. Some were lazy; some were ambitious; they're just people."
The Burnetts lived in Belem, a town called "Queen of the Amazon," because it is the gateway to the Amazon River. It has a population of 60,000 people.
Mrs. Burnett described Belem as a beautiful city, much older than Boston, where many things are similar to US Cities, but still very different.
OF HIS church in Brazil, Burnett said, "We served the Baptist Church. We went to Brazil as Southern Baptists, but here we became Brazilian Baptists. The church we belonged to was the First Baptist Church of Belem."
"I am there to help them by training and teaching someone else to do what I'm doing. Then I'm to go on to work someplace else. I believe we will still be needed in Brazil for several years."
Mrs. Burnett said, "There are not as many conveniences there. There are not dishwashers and very few washing machines. In Brazil these are no pre-packaged foods. You have to buy things

fresh. Another thing which was inconvenient was that I had to go to several stores to buy what I needed. One store never had everything."
BURNETT said he felt he had accomplished much in his three-year stay in Brazil, but it will just take patience for some of the people he works with in Brazil to take over for themselves.
"Remember that we are speaking of the upper part of Brazil, in the Amazon Valley," Burnett said. "The other parts of Brazil are much more advanced."
The Burnetts are on a year's "home leave" and are spending the first weeks of it with friends here.
"IT FEELS plenty good to be home again," Burnett said. "I'll tell you one thing — if everyone who finds so much wrong with our country were to spend several years somewhere else, seeing how the other half lives, they'd be glad to get back to the United States."
The Burnetts plan to spend their year's sabbatical in college classrooms, and work with churches wherever they're called on weekends.

More about: Farm workers

(Continued from Page One)
need medical care and welfare services. Some of the housing is found to be so unsanitary that health services are not much use unless housing is improved.
So it is necessary to develop one program after another. Some communities are doing just that, with very satisfying results. But a community can't do everything alone.
People of Dimmitt saw the need and did something about it by building the Castro County Housing Complex and by securing the services of the Migrant Health Unit located at the Castro County Housing Association complex. There is no place known where the migrant workers and their families receive better treatment than in Dimmitt.

'Texas Football' mag predicts Bobcats will have good season

"Texas Football" magazine, which went on sale at local newsstands Tuesday, predicts that Coach Brown L Smith's Dimmitt Bobcats this year will match their solid 7-3 record of 1969.

THE BOBCATS have two offensive and four defensive holdovers from last year's classy team, plus some good young prospects, the magazine notes.
"Texas Football," published by Dave Campbell, underscores the ruggedness of District 3-AA by noting that only two of the district's eight teams had losing seasons last year.

About this year's Bobcat squad the magazine comments:
"The old pros who are back again this year are quarterback Mark Wohlgenuth, tailback Jay Stanton, wingback Kenny Doss and linemen Pat Barrios, Rocky Kay, Henry Rivera, Robert Woolbright, Randy Griffith and Andrew Garza. Jerry Matthews, David Frierson and Matthew Daniel should lend good backfield support."
IN ITS Class AA roundup, the magazine gives Floydada the nod to repeat as the district champion, and ranks the Whirlwinds No. 8 in the state in its pre-season placings. Floydada has five offensive and eight defensive starters back from the team that posted an 11-1 record last year, losing only to Iowa Park in the regional finals.
The magazine picks Iowa Park to repeat as the state Class AA football champion.

For Safety's Sake, Farm with Care and Caution...

Every week, every day, farm safely. A little extra care can often make a big difference in assuring your personal safety. Watch your step to prevent serious falls. Watch out for fire hazards. Use the right tools for every job, and put them away when you're finished. Keep farm machinery in top condition. And be financially safe... insure to be sure.
