

**BOBCAT OFFENSE**—Here are the 11 gridgers who have earned their starting positions in the Bobcat offensive line-up. Linemen, from left, are split end Max Newman, tackle Hollis Annen, guard Henry Rivera, center Andrew Garza, guard Hoyt Hestand, tackle Pat Barrios and tight end Randy Griffith. In backfield are quarterback Mark Wohlge-

moth, right halfback Jay Stanton, fullback Daniel Frierson and left halfback Kenny Doss. Doss will not see action in Friday night's season opener against Muleshoe because of an injury, and Wohlgemuth—who received a mild concussion in a scrimmage two weeks ago—may still be held out or used sparingly in the first game.

**DIMMITT DEFENSE**—Here's the first unit of the Bobcat defense that will try to stop the Muleshoe Mules in the season football opener here Friday night. Linemen, from left, are corner man Max Newman, tackle Hoyt Hestand, guard Pat Barrios, guard Rocky Kay, end Felton Isaacs and corner man Kenny Doss. Backing up the line, from left, are halfback

Daniel Frierson, linebacker David Nino, linebacker Henry Rivera, linebacker Andrew Garza, and safety man Mark Wohlgemuth. The varsity is tutored by Brown L Smith, head coach, and Roy Blair and Don Parker, assistants. Smith is convinced that the Bobcats "are likely to surprise some people this year."

## Trial to begin Monday in Kemper murder case

The murder trial of Mrs. Joyce Kemper is scheduled to begin Monday in 6th District Court here.

**MRS. KEMPER is charged with murder with malice in connection with the Aug. 14, 1969 death of her husband, Clois Wayne "Bud" Kemper. The state charges that she murdered her husband by running over him with the family car on a dirt road near their farm home in eastern Castro County.**

She has pleaded innocent to the charge, stating that her husband's death was an accident and unintentional.

Judge John T. Boyd of Plainview will preside at the murder trial, which was postponed earlier this year upon a motion by the defense. District Attorney Tom Hamilton of Plainview will be the prosecutor, assisted by County Attorney Robert Buntyn, George S. McCarthy of Amarillo is Mrs. Kemper's defense attorney.

**JURY selection is scheduled to begin Monday at 10 a.m.**

The district attorney waived the death penalty in a motion filed with the court last September, indicating that he will seek a

maximum penalty of life imprisonment.

So far the state has subpoenaed six witnesses for the trial. The defense has requested that subpoenas be issued for 11 witnesses — six Castro County residents and five outside the county.

**SEVEN prosecution witnesses testified in an examining trial on the case last September, after which Justice of the Peace Elvon DeVaney ordered Mrs. Kemper bound over for a District Court jury trial.**

Part of the state's evidence is expected to be X-ray pictures of Kemper's body, taken since his burial last August.

District Attorney Hamilton, noting that the original autopsy did

not include X-ray pictures of any possible bone fractures, filed a motion in July to have Kemper's body disinterred. Judge Boyd granted the motion, ordering the Llano Cemetery and Mausoleum of Amarillo to disinter the body for further autopsy and examination by Dr. Robert E. B. Brierty of Amarillo, who performed the original autopsy.

**THE LATEST pre-trial development** came last Thursday when the defense attorney filed a motion to exclude the testimony of an "expert witness" for the state, who has submitted a written report of his findings in the incident, based on interviews with law officers who investigated the incident.

## Wanted: opinions of older people

Castro County's older citizens will be asked to speak out on their problems and needs in community and club meetings this month.

**IT'S PART of a plan to provide information to the White House Conference on Aging, to be held in Washington, D.C., in 1971.**

The "speak-outs" will be in the form of community forums. Opinions will be recorded and the information will later make its way to Washington to help build the policy recommendations of the 1971 conference.

At the state level, Gov. Preston Smith has established a Governor's Committee on Aging, to boost Texas' participation in the national project. The Extension Service is cooperating with the state committee on the program.

**MRS. GLENDA RICKERD** of Bethel is the county's forum coordinator. She attended an orientation meeting last week in Austin, and is now contacting civic clubs, churches and communities to set up "listen and heed" meetings with seniors citizens.

Mrs. Rickerd is to meet with the "Golden Ones" Club and others in Hart Friday. She also has called a meeting for Sept. 23 at 2:30 p.m. in the Bethel Community Building and one for Sept. 25 at 7:30 p.m. in the courthouse. She said she also plans to set up meetings in the Golden Spread Nursing Home in Dimmitt and in the Nazareth Community Building.

At these meetings, Mrs. Rickerd will pass out questionnaires on which local citizens 55 and older will be asked to mark yes-no answers to basic questions.

**THE questionnaires are now being distributed by other forum coordinators throughout the nation**

so basic trends of opinion can be ascertained to provide the White House Conference with an "information platform" from which to make its recommendations to the President.

Another of Mrs. Rickerd's duties is to refer to the Governor's Committee on Aging the names of local residents who might make good delegates to the White House Conference. She said 3,300 Texans are to attend and take part in the national conference.

**MAIN objectives of the White House Conference will be:**

1. To assure middle-aged and older persons equal employment opportunities.

2. To enable retired persons to enjoy incomes sufficient for health and for participation in family and community life.

3. To provide housing suited to the needs of older persons, and at prices that can afford to pay.

4. **TO ASSIST** middle-aged and older persons to make preparations, develop skills and interests and find social contacts to make their added years of life rewarding and satisfying.

5. To step up research designed to relieve old age of its burdens of sickness, mental breakdown and social ostracism.

6. To evaluate progress made since the last White House Conference on Aging, and examine the changes which the next decade will bring in the character of the problems confronting older persons.

**MRS. RICKERD explained that the first White House Conference on Aging was ordered by President Truman in 1950, but that little was accomplished until the 1960 conference under the Kennedy Administration.**

The 1960 conference listed the

## Grid wars to start Friday

The excitement, color, pageantry, noise and violence of high school football will start Friday night as all three of the county's teams kick off the 1970 grid season on their own fields.

**THE DIMMITT Bobcats** will take on the spirited Muleshoe Mules in Bobcat Stadium, the Hart Longhorns will host the powerful Lazbuddie Longhorns on Sanders Field, and the Nazareth Swifts will tangle with the Hereford Whitefaces' B squad on Swift Field.

Game time for all three bouts will be 8 o'clock.

The Dimmitt-Muleshoe game is rated as a toss-up. The classy Bobcat squad of last year was hard hit by graduation, but Coach Brown L Smith will field a starting lineup Friday night that's heavy with seniors who have been learning their fundamentals under his system since their junior high days.

**THE MULES**, who scored only a lone touchdown last year while suffering a 0-10 season, have shown surprising abilities in their pre-season scrimmages and are ready to serve notice that they're on the way up.

Hart will be the underdog in its season opener against Lazbuddie. Although Hart has stepped up to Class A this year, Coach Doug Higgins' Longhorns might not face a more powerful opponent all year than Class B Lazbuddie, which pounded its way into the regional finals last year and is expected to do so again this season.

Coach R. B. Christian's Swifts are expected to have their hands full trying to corral the B-squad Whitefaces from Hereford. This will be the first meeting of the two squads, and the game could go either way.

**SPORTS buffs** will cluster around the lights Friday night for a wide variety of reasons, ranging from social excitement to community pride. From their sideline perches, they'll try to lead to affect the outcome of the season opener, but the drama of victory and defeat can be played out only on the field as the young gridgers try to gain the valuable momentum that comes with a first-game victory.

**PROBABLE HART STARTERS** in the Longhorns' opening game Friday night against Lazbuddie will be (line, from left) and Erasmo Castillo, tackle Ralph Bell, guard Greg Crosby, center Steve Cox, guard Carlos Martinez, tackle Wayne Ethridge and end Chuck Irons. In the starting back-

field are quarterback Lonny Davis, halfback David Berham (31), fullback Stanley Dyer (44) and halfback Johnny Ethridge (22). Crosby, who is recuperating from a back injury, was the only doubtful starter at presstime, with linebacker Kenneth Davis and guard Dan Sharp ready to fill in.

## Rites set today for Mr. Godfrey

John Wesley Godfrey, 73, a Dimmitt resident 41 years, died Tuesday morning in Plains Memorial Hospital after an extended illness.

**FUNERAL services** will be held at 3:30 p.m. today (Thursday) in the Fourth and Bedford Church of Christ. Officiating will be Ronnie Parker, minister, assisted by Morgan Sturgess, Tullia minister.

Burial will follow in Castro Memorial Gardens, under the direction of Dennis Funeral Home.

Mr. Godfrey, a retired farmer, was born Aug. 24, 1897, in Blue Ridge, Ga., and came to Castro County in 1929.

**HE IS survived by his wife, Pauline; five daughters, Mrs. Faye Bloem of Lancaster, Calif., Mrs. Argie McDonald of Belen, N.M., Mrs. Joe Wells of Friona, Mrs. Johnny Powell of Dimmitt and Mrs. Carolyn Grunhof of Grand Prairie; two sons, Glenn of Keyes, Okla., and Ted of Spearman; a foster son, Sidney Dinkins of Sundance, Wyo.; a brother, Jim, of Melrose, N.M.; four sisters, Mrs. Lena Haase of Wheatridge, Colo., Mrs. Sally Cross and Mrs. Nora Hutcherson of Amarillo, and Mrs. Bertha McGee of Holcum, Mo.; 11 grandchildren and two great-grandchildren.**

## Youth Fair on tap Saturday

A rabbit show and a crafts contest will be new features of this year's Castro County Youth Fair, which will be held Saturday at the county courthouse.

**MEMBERS of the county's 4-H, Future Farmers and Future Homemakers chapters** and compete for ribbons and cash prizes in individual farm and garden products, baking, clothing, household linens, canning, rabbits and craft products.

The rabbit show, directed by Thurman Oloham of Dimmitt, will be held on the south lawn of

the courthouse. Roy McClung, Morton rabbit breeder, will judge the animals and also will give a training session on rabbit production.

**COUNTY Agent Charles Hottel** said young rabbit growers should have their animals in place by 10 a.m. Saturday, in keeper pens of some type.

The new craft show, under the supervision of Mrs. Rayphard Smithson, will include junior and senior competition in decoupage, mosaic, purses, plaster, wood, paper, leather, plastic models, and miscellaneous craft products.

All entries except rabbits must be in place for judging by 9:30 a.m. Saturday. Only 4-H, FFA and FFA members are eligible to compete. Exhibits must remain in place until 4 p.m., at which time award-winners will be named.

**IN THE farm and garden products show**, a Champion Gardener and Champion Farmer will be named, with a \$7.50 cash prize awarded to each. The winners will be those compiling the most points with at least five entries in the vegetable or farm products classes.

Any grain, forage plant, fruit or vegetable raised by a county

4-H, FFA or FFA member may be entered in the farm and garden products show. Basic classes are corn (10 ears), small grains and seeds (one quart), grain sorghum (10 heads), sheaf grains (at least three inches in diameter), sheaf forage (at least 3½ inches in diameter), baled hay (8x10x20), cotton (20 open bolls), vegetables and fruits.

Bob Duke is chairman of the farm and garden products show. Advisors are Joe Hart and David Acker.

**IN ALL phases of the Youth Fair**, youngsters will compete in

two divisions — junior, for those 13 and younger as of Jan. 1, and senior, for those 14 and older as of Jan. 1.

In the girls' events, cash awards will be given for first through fifth place overall winners on the basis of a point system, with nine points for a blue ribbon, seven for a red ribbon, five for a white ribbon, three for a green ribbon, and one for a pink ribbon.

Five ribbons will be awarded in each class of the girls' events. In cases where only one exhibit is entered in a class, judges may award any ribbon from blue to pink, based on the merits of the exhibit.

**GENERAL chairman of the Youth Fair** is Mrs. Fritz Smith.

The Youth Fair Committee is composed of Sue Smith, Agnes Acker, Janet Smithson and Carol Hochstein, with Mrs. Smith and Mrs. Glenda Rickerd as advisors. Superintendents of the different classes are Mrs. Milton Bagwell, baked goods; Mrs. Fritz Smith, clothing and household linens; and Mrs. David Acker, canned fruits and vegetables.

Complete rules, regulations and entry classifications are available at the county agent's office in the courthouse.

## County wards off holiday mishaps

Although Labor Day wrecks dealt injury and death to hundreds of Americans, Castro County was free of accidents over the holiday weekend.

**"WE'RE really proud of the record here over the weekend,** and of our drivers who kept our highways free of accidents," said local highway patrolmen, who maintained a constant nightly vigil on the county's highways during the 3½-day weekend.

## Here comes the parade!

**AMERICAN LEGION COLOR GUARD LEADS NAZARETH LABOR DAY PARADE** ... Twice as long as Roundup Parade, it highlighted annual picnic

**PART PARADE, PART CIRCUS** ... Floats, bikes, horses, wagons, antique cars

**BASEBALL MOTHERS ADORN ONE OF PARADE'S DOZEN FLOATS** ... "Swinging Moms ... We Drank Gatorade"

Sheffy's chatter

Despite Labor Day classes, many manage weekend trips

By MYRTLE SHEFFY

The Boys Ranch Rodeo Sunday was attended by several thousand people. I didn't count them. The B. M. Nelsons, granddaughter Conie, and Sid and I went up after church. We had beef sandwiches and ice tea under those big, beautiful, cottonwood trees.

Bob and Jean DuLaney, son Brad and Keith Crum were there. We also saw Fred Batterman with several people. We saw Lowell and Judy Neumayer and boys at the Ranch. They live in Hereford now and have feed lots for cattle with his dad, Dee.

The Clarence Beardens were there too. They came back by Hereford to visit the Jake Moores.

We visited with a pretty teenager, the daughter of the former Melba Chism, who finished school here. I think the girl's name is Sherry. Her parents work at Boys Ranch. We talked with Juanita and Earl Morgan of Amarillo and his brother Horace and Ellen Morgan of Muleshoe. If you haven't been to the anch lately, do go! They have many fine buildings, good homes and we saw the church and the museum located in the old old courthouse.

The boys showed their fine calves and pretty horses. The four

and five-year-old boys did a barrel race on stick horses. They were the hit of the show. We went by Boothill Cemetery, where the men were laid to rest who were shot back in 1886 or thereabouts.

JERRY CRAWFORD of Tulsa and Vandell Grant of Plainview were guests of Vera Jones Thursday.

Cecil Jones, son of Vera and Woodrow, will attend school at Wayland this year. Cecil was one of the managers of the Bobcat football team through high school. The joes live across the street and a little west of us.

Mr. and Mrs. Norman Cleavinger spent a couple of weeks at the place in Tres Ritos. They say it is getting quite cool there.

Seventeen ladies attended the sub-district meeting of the WSCS at Sudan Friday. Katy Wright is the district secretary and Shirley Wise is vice-president. The theme was "What Are Your Goals?" and "How Will You Tell the People?"

HAROLD AND Laura Broadstreet and children, Dale, Curtis, Tressa and Barbara and their aunt and uncle, the Clark Tootles, went up to Boys Ranch to see the young Ranchers rodeo.

The Donald Wrights, the Don Carpenters and the Charles Wales went up to Ute Lake for the weekend. They camp out and have the boats to water ski.

Miss Joan Anderson of Palo Alto, Calif., is a houseguest of the Chet Braaflads. She and Chuck and Patricia Braafladt, a sister, Portia and Jeff Maloney of Dallas and Skitch Anderson of S&K Apartments spent the weekend on someone's houseboat at Lake Meredith. The children stayed with grandparents Chet and Helen.

Sam Manning has gone back to school at Arkansas University. He is one of the fine candidates for a Rhodes Scholarship. He gets it. R.H.Sam is the son of Rev. and Mrs. Ed Manning. Rev. Manning is pastor of the Dimmitt and Muleshoe Presbyterian Churches. He worked this summer for Chet Braafladt and Phillips 66.

Jeannette Seelye is attending Lubbock Christian College instead of WTSU as reported before.

SHIRLEY AND Harold Stephens entertained their dinner-bridge club in their home last Friday evening. Guests were Dr. Charles and Esta Vandiver, Nancy and Charlie Hays, Sue and John Merritt, Myrtle Lois and Russell Moran, Dorothy and Ted Sheffy and Carole and Goldman Dyer.

Mr. and Mrs. E. B. Free of Abilene have been guests of the Jack Cowsets. They saw the show "Texas" and over the weekend then drove to Red River and Taos, and back by the Bedford Ranch, east of Santa Rosa. Mrs. Free is the former Ruth Bedford, whose father was the first sheriff of Castro County.

The Horace Carilles and Jack Pattons have had company — H. H.'s nephew, the Rex Carilles of Abilene came by enroute to Denver, the Norman Johnsons of Pecos, Jack Patton's kin and Jackie Don Johnson, who is county agent at Silverton. These men are Mrs. Carille's nephews.

Mrs. M. M. James and daughter Katy of Winner, S. D. are here for a visit with daughter and sister Billye Wesson. Mac and Judy Wesson of Tulsa, Okla. were also guests of his mom, Billye Wesson.

MR. AND MRS. Sam Espinosa and Ester were hosts to their relatives from Corpus Christi. They are Mr. and Mrs. Charlie Reyes

and daughter Janie, the grandparents Mr. and Mrs. Joe Sanchez, and Mr. and Mrs. Gilbert Sanchez Couter and daughters, Maria and Elena. I talked to the girls. They said the stoma there tore up the homes around theirs, but missed it. Their granddad was injured when the hurricane damaged his house. The Espinosa's have a new baby.

Mr. and Mrs. Bill Gregory are taking a Labor Day vacation in Wilcox, Ariz.

Kathy Jo Calhoun and Gay Rcland have just returned from a two day (last Wednesday and Thursday) visit to Austin. They took a tour through the Capitol building and were refreshed on their Texas history. They also explored the town, which was very pretty. Thursday morning Kathy took her state board test for beauty school. She will receive her license any day now.

Mr. and Mrs. Perry Lee Bland, Rozzie, Dedia and tiny baby Shelly of Frisco spent the weekend with their parents Mr. and Mrs. Holden Bland and Norma.

MR. AND MRS. George Bradford were hosts to their relatives Mr. and Mrs. Earl McDuff of Hurst, Martha Griffin of Lubbock and Bess Jones of Amarillo. Mrs. Bradford has been under the weather for a month but is much better now.

Many people went to Lubbock Monday evening to hear the Lawrence Welk Concert at the Coliseum. The ones I heard about were the James and George Bradfords, the Clarence Beardens, the Horace Carilles, the Jack Cowsets, the Ray Rileys and the Glen Ratcliffs.

Mr. and Mrs. William R. C. Adams of Dallas were guests of their daughter Martie and Robert Benton this week. Everybody I

talk to is busy cutting the corn — some for ensilage and some for grain. Corn is a big thing now, but for real beauty go look at that red maize.

I'm finding news items hard to come by this week.

I got into the plum preserve making and some bean and pea canning.

D. H. (Mollie) and Diana Malone were hosts this week to her parents Mr. and Mrs. Chester Coleman of Walters, Okla., and Mr. and Mrs. Coleman and son of Paducah were here Sunday to visit their daughter Shirley and Frank Wise and family. The two Coleman families are not related. Darla Stewart spent the weekend with her parents in Morton. Her husband O. K. (Pete) works at Western Ammonia.

RAY AND Jett Sheffy went to New Mexico and maybe on to Colorado for their vacation. They hoped to see the Brannans who have a ranch in Colorado. The Arthur Clarks have guests from Colorado.

Mr. and Mrs. Wes Anthony are tripping up north Oregon and Washington State way. They attended the big farewell party for a niece Marcella Davidson of Clovis who was honored at the National Auxiliary of American Legion, Marcella has been president — that was her last meeting in Oregon. The Anthonys were coming home by Yellowstone National Park and no telling where else the car will take them.

Mr. and Mrs. J. C. Gilbreath were hosts Tuesday evening to the dinner-bridge club at the Colonial Inn Restaurant. Guests were Mr. and Mrs. Edgar Ramsey, Mr. and Mrs. Goodwin Miller, Mr. and Mrs. Ray Riley, Mr. and Mrs. Swain Burkett and

Judge and Mrs. Raymond Wilson, Mr. and Mrs. Roy Cluck visited their son R. J. and family at Texhoma a while back. The R. J. Clucks live on a ranch 12 miles from town.

The G. L. Willis Jr., his mother Mrs. G. L. Willis Sr. and Allie Mae spent a few weeks at Gladstone Ranch. They made a few trips — one to Cimarron, Tacs and other interesting places. Beral Hance spent the weekend in Lamesa with her sister Junia Green.

Mr. and Mrs. Cecil Dennis and Mrs. Ray Riley and grandsons Kevin and Jodie, Don and Verbie Nelson, Connie and friend Gay Old ham were among the many people seeing the Ice Capades Saturday evening in Amarillo.

THE wedding of Debra Summers and A. D. Schreck III was very pretty in the First United Methodist Church Saturday night. They used pink glads and white tapers with many pink bows of ribbon and the girls were in long pink dresses. Mary Hays came in from Waco to be a bridesmaid and Elaine Davis came from Lubbock and a Miss Maroney. Rev. Weldon McCormick performed the ceremony. He and Mary and son Chris came over from Midland. Chris says he sings a lot and is trying for a scholarship.

Rex and Shirley Esterwood were here to visit her parents, the Jack Tuckers and to attend the wedding. Shirley is a cousin to A. D. They live in Hereford where Rex is a lawyer.

The Schreck family was here of course. Art II was his son's best man and Mrs. Schreck was very pretty in a pink silk suit. Art is a supply preacher and he preached at Vigo Sunday. All the Summers families were there. Mother of the bride, Martha

Ella, was dressed in a pretty yellow outfit. Most all the college kids were here. Janice Mooney was at the organ.

Mr. and Mrs. Joe Land were here from Clovis. Their little girl was flower girl, dressed up in a long white dress carrying a basket of petals. The Tuckers and Nelsons from Estelina were here for the wedding. They are all related to Mrs. Schreck II.

JUDY AND Tommy Robertson and babies of Oklahoma City, Jane and Roy Stollings of Canyon and Mark who is attending WTSU were all weekend guests of their parents M. E. and Marge Cleavinger. The Tommy Robertsons also visit his mother Mrs. O. B. Winkle.

The Humphreys of Clovis were Sunday guests of the Delbert Scotts and also attended church at the First United Methodist Church with them.

George Froehner of Wichita Falls was a weekend guest of his parents Nolan and Evie Froehner.

Kent Hance of Lubbock was a lunch guest of his mother Beral Hance Labor Day.

Katy Ross of Morton visited her sister Mrs. W. E. Thornton, and attended church with her. Also attending church was Linda Kuntz of WTSU and her friend Mary Whaller, who were visiting her Fred Kuntzes. The girls went to Nazareth first, then back to Dimmitt. Charlie and Marjaret Kuntz of Lubbock were also attending Methodist Hospital School of Nursing and Charles is a student at Texas Tech.

A TRICYCLE was made in 1897 which weighed nearly a ton and could carry eight riders.

GERMANY was the first country to use poison gas in warfare.

Bible Thoughts

THE NEW TESTAMENT CHURCH By RONNIE PARKER

Shouldn't we be greatly distressed over the divided state of religious people knowing that the Lord prayed for unity among his disciples (Jn. 17:20-21)? We must decide whether or not God would want us to believe and practice the same things that men believed and practiced in the first century. Did God intend for the New Testament to be considered a one-for-all revelation of his will to men who live this side of the cross? Did he intend for the church to worship and work in every generation as it did in the earliest years of its existence?

Paul and other New Testament writers warned that a "falling away" would come, that men would turn away from the truth and pervert the simplicity that is in Christ. That apostasy did come. Out of the apostasy came Catholicism and Protestantism.

But men are now asking, in ever-increasing numbers, "Why can't we go back to the way the church was before all these changes were made? Why can't we just take the New Testament and follow it as our guide to Heaven?" And indeed, why not? The church in the twentieth century can be organized, can worship, can work, and can follow God's plan of salvation and His plan for daily living. Then let's do it!

# What determines a food bargain?

By IRENE KEATING  
I hope each of you had a nice Labor Day weekend. Those of us who had Monday off enjoyed it. I got to sew and can tomatoes. What would we do if we didn't have something to keep us busy? I think we're all geared to a constant rush. No wonder people have trouble adjusting to retirement and don't know how to enjoy leisure time!

**THIS WEEK** I'd like to share some information on how to determine the "best buy" on the grocery shelf.

For some time now, homemakers have asked for help in figuring out which size package or can is the "best buy." By this they mean that they would like some way to help them find out which size to choose in order to get the most for their money.

The food shopper today wants facts not only about the product she buys, but also about the price tags attached to them. Encouraged by numerous consumer-oriented federal, state and local laws and regulations recently enacted or pending, retailers are looking for various means of providing the food shopper with more information, clearly stated.

**UNIT PRICING** is one of these measures. In recent months a number of big food chains have in-

troduced customers to unit pricing on a temporary basis. It's too soon yet to tell whether unit pricings what consumers really want, and whether it is something they will really use for their own benefit.

Unit pricing tells customers how much products cost by the ounce, pound, pint, quart, or some other common denominator suitable for specific, comparable items. The idea is to take the guesswork out of prices and make it easier to compare costs.

At present, there are about 8,000 different items in a big supermarket, and around 2,000 new items are being added every year. These items come in numerous differently sized packages. The 6 slice package of bologna, 32 ounce boxes of detergent, 2 ounce jars of instant coffees, and no. 303 cans of peas of undeclared weight are examples.

For the food shopper without a strong background in merchandising, or some talents in mathematics, making comparisons between various sized packages in order to determine which will offer the most for the money becomes difficult.

**ONE'S dilemma** is heightened when items are priced in multiples such as 2-for, or 3-for. Suppose the same size cans of evaporated milk are priced at 2 for 39 cents and 5 for 99 cents. Whis is the least expensive per can? How much would a single can cost? If you are an economy-minded shopper you should be able to tell which of the items are the best buy for your food dollar. Unit pricing would give you the answers.

Being able to take advantage of the best bargain by using information available, and being able to do some simple arithmetic can save the food shopper money. Remember that pennies add up to dollars.

Interest in unit pricing is spreading fast. But most leading food retailers, and spokesmen for consumers as well, seem to agree that it warrants a closer and longer look before specific costs and consumer reaction can be gauged to a meaningful degree.

It is recognized, too, that food shoppers don't buy on the basis of price alone. They also have preferences, sometimes deep-rooted, for certain qualities, brands, and packagings. There are also status considerations.

**MANY questions** about unit pricing remain. Consumer surveys and analysis of sales data in upcoming months may answer at least some of them.

For example, if there is a noticeable consumer shift from one size package or brand of product to another it may mean that some consumers have gotten the message written for them. But how many? And how many from inner-city, low-income families? Those are the people whom unit pricing is particularly designed to protect and benefit.

After all's done and said, unit pricing may prove to be what consumers want and what their sponsors will endorse. It's well to be aware of the situation should unit pricing be tried in any of the stores in your area.

## Bass returns from voyage

Navy Seaman Apprentice Charles E. Bass, son of Mr. and Mrs. Harold D. Bass and husband of the former Deborah D. Newsum, all of Hart, returned to San Diego after six months in the Western Pacific aboard the destroyer USS Lofberg.

**BESIDES** general patrol duty, Lofberg served as plane guard destroyer during air operations with the aircraft carriers USS Shangri-La and USS Bon Homme Richard.

TEXAS HAS 115 colleges and universities.

## SCS field day plans outlined

More plans for the Sept. 30 field day at the Soil Conservation Service plant materials center at Knox City were announced this week by SCS State Conservationist Clyde W. Graham.

**GUIDED tours** will be conducted through the 60-acre center, which is located on FM 1292, two miles north and 2 1/2 miles west of Knox City. Tours will run from 9 a.m. to 3 p.m. Sandwiches will be on sale by the Knox City FFA Chapter for those who wish to eat lunch at the center.

Grass seed growers, seed dealers, conservation district directors, research workers, sportsmen, and others interested in the search for better plants are invited to attend. The center serves both Texas and Oklahoma.

Seed or rootstock from plants that show promise for solving specific soil and water conservation problems are collected, then grown and evaluated at the Knox City center. The more promising ones are then grown under field conditions on farms of soil and water conservation district cooperators under a wide variety of conditions. Selections that prove superior to other strains available are then released by conservation districts to commercial seed growers. These producers then grow seed and sell it to the public.

**SOME 675 strains** of 164 different grasses, forbs, legumes and woody plants are being grown at Knox City. Grass strains proven and put into use by SCS include Selection 75 Kleingrass, El Reno, Uvalde, and Vaughn side-oats grama; King Ranch blue-stem; green sprangletop; and Grenville switchgrass.

SCS plant testing also helped develop ways to profitably grow, harvest and plant most of the range grasses now being planted in Texas.

Presenting **The VERSATILE Eversman 329**

Longer, Heavier, Stronger — Built To Sell at a LOWER COST

The main wheels of the EVERSMAN 329 have been moved further ahead... and combined with NEW SPRING tension on the blade give faster, more accurate leveling and dirt moving action through greatly increased cutting and filling performance. Here is a big machine for dirt moving and leveling—longer, heavier, stronger—yet built to sell at a LOWER COST. For 3 plow tractors.

**OUTSTANDING FEATURES**—Length 32'6". Width 12'. Blade capacity 1 3/4 cubic yards. Blade vertical travel 13". Weight 2010 pounds. Front V smoother blade for clod busting and use of heavy dry soil. Front Dolly Assembly for use in loose, moist and trashy soil conditions. Screw adjustment on front dolly provides simple, fast regulation for load in cutting blade. Rear Smoother Blade adjustable to all soil conditions.

There are Eversman models to fit all standard farm tractors.

## Nazareth news

# Labor Day celebration draws big crowd Monday

By **MRS. FLORANCE ALBRACHT**

The annual Labor Day picnic was a big success. About 500 enjoyed the dinner; the parade was the biggest ever; the auction had many antiques which sold real well; and the barbecued hamburgers went like hotcakes. The pony rides and fish pond kept the kids happy. The dance in the evening was enjoyed by a large crowd. All in all, it was a big day here.

**SISTERS** Immaculate and Marcia drove to Rhineland for the parish's Diamond Jubilee observance Sunday.

Chief Petty Officer and Mrs. James L. Jones of Agana, Guam, are the proud parents of a daughter, Joyce Lee, born Aug. 22. Grandparents are Mrs. Thelma Wethington of Nazareth and Mr. and Mrs. Pete Jones of Idalia.

Mr. and Mrs. Richard Lupton and daughter, Pam, left Thursday for Dallas where Pam will enter the training school for modeling and management.

**ANOTHER** Nazareth boy has arrived home safe after a one-year tour of duty in Vietnam. Tommy Pohlmeier arrived Sunday night in Washington. He and his fiancée, Charon Brown, are visiting his folks, the Vincent Pohlmeiers. The couple are planning to be married Sept. 19 in Subiaco, Ark.

Bob Steffens and the Tommy Jean Eikes family took a trip to Phoenix, visiting the Tommy Hoeltings and the Conrad Ehiys. They also saw the Grand Canyon and other places of interest along the way.

Mrs. Greg Vanhaus and son spent a couple of weeks here with her folks, the Bob Steffens and Paul Vanhaus families, while her husband was in Denver, testing with IBM.

**MR. AND MRS. Ray Schulte,** Mr. and Mrs. Kennie Schulte and Ed Hoelting drove to Phoenix, taking the Tommy Hoelting's furniture, etc., to them. They are both employed and have a place to live now.

Mr. and Mrs. Carl Wayne Irlbeck and family of Clarendon spent the weekend visiting friends here. Carl Wayne, a former coach here, is with the school there.

**SEVERAL** dairymen from this area and their wives and families were treated to an expensive trip to Chicago by Milk Producers, Inc., for a two-day stay. Chartered buses and planes made the trip possible for the 23,000 people attending from the central and midwestern states. Going from here were Mr. and Mrs. Florence Schacher, Mr. and Mrs. Charles Braddock, Mr. and Mrs. Denis Huseman, Mr. and Mrs. Vincent Huseman, Mr. and Mrs. Paul Vanhaus and daughters, and Mr. and Mrs. Ralph Albracht and Raef.

Francis Woeffe of Amarillo spent the Labor Day weekend visiting relatives and friends here.

Visiting her folks, the Arnold Brockmans, over the weekend.

was their daughter, Jane, of Kansas City.

## 15—LEGAL NOTICES

### LEGAL NOTICE THE STATE OF TEXAS: COUNTY OF CASTRO:

Notice is hereby given that a hearing will be held on the 10th day of September, 1970, at 10:00 a.m. in the County Court at the Castro County Court House in Dimmitt, Texas, on the application of the hereinafter named owner for a license to sell beer at retail and a retail package store permit at a location previously holding Permit No. P44996 and License No. BF244102. The substance of such application is as follows:

1. Type of license and permit: package store permit and beer retailer's off-premises license
2. Exact location of business: 9.3 miles North of Court House on East side of Highway 385, Dimmitt, Castro County, Texas
3. Name of owner: Mrs. Luella Dool
4. Name of firm: Beacon Liquor Store

Any person shall be permitted to contest the facts stated in such application and the applicant's rights to secure said license and permit upon giving security for costs as provided by law.

WITNESS my hand and seal of office this 1st day of September, 1970.

(s) Zonell Maples  
Zonell Maples, Clerk  
Castro County, Texas

# PTA welcomes teachers with ice cream party Monday

By MYRT LOMAN  
The Hart PTA sponsored its annual ice cream supper and "get-acquainted party" for the teachers Monday night on the lawn of the Hart school cafeteria.

comed the parents and teachers. Supt. Ted Ayeritt, introduced H. L. Cheatham, school supervisor, Elmer Six, High School principal, and Frank Barnes, elementary principal; and the principals introduced their new faculty members. The PTA is now seeking new members. Dues are \$1 per member. Contact Mrs. Dwight Miller, membership chairman.

**HART'S CHEERLEADERS** will usher Longhorn fans into the stadiums of District 3-A this year. In front is head cheerleader Roni Cox, a senior. Standing, from left, are juniors Cindy Dyer, freshman Cheryl Friday and Roni McGill. Topping off the pretty pyramid is sophomore Suzanne Hawkins.

organization meeting dates, birthdays and anniversaries may be printed on the calendar for 25 cents each. Contact Mrs. Mike Burnam.

★ **SOME 100 youths and adults** gathered on a vacant lot on Broadway Saturday afternoon for a "spiritual rock festival."

Invocation was given by Dirk Rambo with evangelist Mickey Warlick of Plainview giving a short devotional.

Special guests were a busload of youths from the Slaton Baptist Church, who assisted with singing and testimonials. A group of singers, "Color Me Love," presented special music.

The meeting closed with the group singing, "Amen, Amen, Amen."

★ **THE MEN of the United Methodist Church** met Wednesday morning in fellowship hall for their monthly meeting and breakfast of ham and scrambled eggs.

Plans were made to take a truckload of fresh vegetables to the Methodist Home at Waco.

★ **THE MAROON and White** chapter of Future Teachers of America held its first meeting in the high school library.

Carol Miller, president, conducted the business meeting. Other new officers are Brenda Cheves, vice-president; Kathy Cheves, secretary and treasurer; Betty Follis, chaplain; Jean Foster, reporter; Cheryl Irons and Roni McGill, historians; and David Bass, parliamentarian.

The chapter voted to send Carol Miller to the district convention in the "Miss Future Teacher of America" contest and to send Jean Foster to run for the district office of historian.

The convention was discussed and Mrs. Linnie Campbell, sponsor read the poem, "You Can Be Proud to Be a Teacher."

Refreshments were served by Bledsoe and Kathy Kennedy after the meeting.

★ **WEEKEND** guests in the home of Mr. and Mrs. Henry Hendrix

were her brother and his wife, Mr. and Mrs. D. A. Baxter of Bogata; a nephew, Charlie Morris of Taico; and their granddaughter and family, Mr. and Mrs. Hilbert Weisan of Muleshoe.

Roy Muse, brother of Mrs. Juanita Follis, was rushed to Methodist Hospital in Lubbock Sunday morning, suffering from a respiratory condition.

★ **HERE'S** the school menu for next week:

Monday — Steak cutlets in barbecue sauce, whole new potatoes in white sauce, buttered beets, kitchen made bread, red velvet cake, milk and butter.

Tuesday — Tamales, blackeyed peas, celery sticks, carrot stick, hot rolls, ginger bread, milk and butter.

Wednesday — Chili and beans, buttered corn, onion slice, corn bread, apple cobbler, milk and butter.

Thursday — Salmon loaf, candied sweet potatoes, cole slaw, hot rolls, peanut butter brownies, milk and butter.

Friday — Hamburgers, French fries and catsup, lettuce and tomato, coconut cake, milk and butter.

★ **THE WOMEN'S** Society of Christian Service of the First United Methodist Church held its first meeting of the new club year last Thursday.

Members voted to put new curtains in the cry room of the church and to assist with the "progressive supper" for the UMYF of the church Saturday night, Sept. 19.

Mrs. Leonard Griswald gave the devotional and led the group in the study discussion. Assisting with the program were Mmes. T. H. Taylor, president, L. L. Swindle, Hubert Maples, E. E. Foster, Ed Bennett, W. C. Crick, and Mabel Aven.

Mrs. L. L. Swindle, outgoing president, was presented gifts in appreciation of her work in the society.

★ **THE "Gold n Ones"** will meet in the home of Myrt Loman Friday for their first meeting of the fall, a covered dish luncheon and program.

Mrs. Glenda Rickerd of the Bethel community will present a program pertaining to aging. She has been in Austin recently for a week of orientation. She is the Castro County forums coordinator, working in conjunction with the Texas Governor's Committee on the Aged and the White House Conference on Aging.

The Conference on Aging is to be Sept. 20-26.

MRS. Leonard Griswald, president of the Goodneighbor Club, was hostess last Wednesday to the 17 members for a covered dish luncheon and program.

Time for the month is "Food For Thought," with Mrs. Sid Farmer giving a talk on "Live One Day at a Time."

Special guests were Mrs. Ben Kennedy of Edmonson and 17 members of the Muleshoe Hobby Club. The ladies each brought some of their handiworks and gave instructions on the making of each.

Other visitors were Mrs. T. H. Taylor, Mrs. Iva Stanton, Mrs. H. H. Buchanan of Hart and Mrs. H. T. Gardner of Morton. Mrs. G. R. Bennett will host next month's meeting Oct. 7 with a covered dish luncheon and program.

★ **MRS. T. H. Taylor** and Mrs. Leonard Griswald attended a sub-district WSCS meeting Friday at the First United Methodist Church in Sudan.

The Hart ladies attended training classes for local WSCS presidents and vice presidents. Theme of the meeting was "Goal Setting and Goal Getting."

★ **REMEMBER**, the first football game of the season will be the Hart Longhorns vs. Lazbuddie at 8 p.m. Friday in Hart.

The Xi Mu Iota chapter of Beta Sigma Phi sorority will serve a spaghetti supper at Hart school cafeteria before the game, from 5 to 7:45. Tickets at \$1.50 for adults and 75 cents for children include homemade pie and drinks.

SEVENTEEN of Hart High School's 32 graduates of 1970 are continuing their education in colleges, universities and technical schools this fall.

Texas Tech is getting the largest crop of freshmen from Hart, with five attending the Lubbock university.

Here's the list of HHS grads of 1970 and where they have enrolled:

Texas Tech — Don Sanders, Harold Bob Bennett, Rex Henderson, David Moses, Andy Rogers. South Plains College, Levelland — Donnie Black, Kathy King, Pam Shive, Frances Cunningham. Amarillo College — Bill Bledsoe.

Lubbock Christian College, Roger Kennedy.

West Texas State University — Vicki Six, Jerry Heller.

Trinity University, San Antonio — Mike Armstrong.

Howard Payne College, Brownwood — Jim Averitt.

Texas State Technical Institute — Quincy Hawkins, Roy Ethridge.

Other 1970 grads are working, married or already in the military service.

## Pro-Ag workers set conference

The Professional Agricultural Workers of Texas will meet at Huntsville's Holiday Inn, Oct. 25-27 for a close look at ways to rebuild human as well as soil resources.

Byron Fierson, assistant director for agriculture of the Texas Department of Corrections and president of the Ag Workers, said conferees will have an opportunity to see the varied vocational training programs used in rehabilitation of prison inmates and also to visit Sam Houston State University's Institute of Behavioral Science.

SOIL conservation provides security not only for farmers and others of this generation, but also for generations to come.

**Financial Facts**

By Willis A. Hawkins, Jr.

Did you know that American currency has been printed in a variety of colors?

Today we're used to only one type of color combination on our paper money. The predominant colors are black and green, with the portrait on the obverse in black and white. The bills are also considerably embellished by various colors of seals, serial numbers and other embellishments.

In the past, however, our currency was printed in other color combinations. Some interesting examples are these:

The Refunding Certificates of 1879 were printed in black and white. They were somewhat dull but still served their purpose.

Brownish black was the color used for the Silver Certificates of 1873 and 1880 and the first issues of the National Bank Notes of 1882 were printed in brown.

## Grain sorghum as dairy silage?

Grain sorghum may be the answer to dairy farmers' silage problems in areas where corn won't grow.

"WE ARE attempting to get a high quality silage comparable to corn by using low growing grain sorghums," Dr. R. E. Leighton, Texas A&M University dairy production specialist, said. "There are areas in the state too dry for economical corn production, yet grain sorghum can be grown. This is an attempt to provide a high quality silage for those areas."

In digestion trials where the entire grain sorghum plant was cut for silage, the total digestible nutrients (TDN) content in the dry matter was 52.9 percent, he said, noting that TDN in the dry matter of good corn silage is 60 percent.

"Tests are being conducted to compare yields and quality of the sorghum silage when different amounts of stubble are left in the field," Dr. Leighton said. "Through these tests, we will be able to determine when it becomes uneconomical to leave more stubble in the field in order to achieve a higher percentage of TDN."

"THERE is a relation in the amount of stubble left in the field to the cost of the silage and its quality. By leaving more stubble in the field, you really get a higher grain content and thereby get a higher quality feed."

There is also a definite variation in protein content in different varieties of grain sorghum, he noted, adding that the protein content of RS 610 was 11.5, while most other varieties tested 8.5 percent in the dry matter.

"In previous tests, the grain sorghum was ensiled with the use of a grinder-blower which broke most of the grain and shredded the chopped forage," Dr. Leighton said. "The average moisture content of the grain at time of harvest was 25 percent and the moisture content of the entire plant was 60 percent."

**LAST YEAR**, urea was added during the ensiling process at a rate of eight to ten pounds a ton and the protein content in the dry matter was increased by 2.5 percent, Dr. Leighton added.

By leaving eight to 10 inch stubbles in the field and adding urea while ensiling, one of the best sorghum silages possible is made, he said. In trials last year, no hay was fed and the only supplementary feed was a mixture of one part ground milo and three parts cottonseed meal, he continued, adding that minerals and silage were available for free-will consumption of the lactating dairy cows used in the test.

"Preliminary estimates indicate a cost of \$12 a ton for the grain sorghum put in the silo," Dr. Leighton said. "Daily income per cow above feed costs in one test using a high stubble silage was \$1.39 as compared to a sorghum grain and hay combination with a daily income per cow of \$1.20."

## Meet Ford's new Pinto. The little carefree car.

**If you have the questions, Pinto has the answers.**

**Q. What do you mean, "carefree"?**  
A. Pinto's designed to free you from car cares, big and little. Cares about high prices and big gas bills. Cares about parking. Cares about service and reliability. Power and stability. Quiet and roominess.

**Q. You say Pinto is little. How little?**  
A. Pinto is only 3 inches longer than VW. But its turning circle is actually a little less, so Pinto can slip easily into tight parking spaces.

**Q. And inside?**  
A. Pinto gives you more interior roominess overall than Volkswagen. And getting in and out is easier because Pinto's doors are a good half-foot wider.

**Q. What about price?**  
A. Pinto is priced like the little economy imports, too.

**Q. What about power?**  
A. Pinto delivers 75 horsepower and averages over 25 miles per gallon in simulated city/suburban driving. The engine is front-mounted and exceptionally quiet for a car in this class. Pinto is the only American economy car equipped with a 4-speed, fully synchronized transmission at no extra cost.

**Q. What else is standard equipment?**  
A. High Back bucket seats. Direct-Aire ventilation with upper-level fresh air outlets. Heater defroster with 3-speed fan. Two-speed electric windshield wipers. Electric windshield washers. Your choice of 15 exterior colors. And more.

**Q. How about optional extras?**  
A. Pinto offers a 100-hp engine and 3-speed automatic transmission. Front disc brakes. Even built-in air conditioning. Tinted glass. Vinyl roof. "Flipper" rear quarter windows. Fold-down rear seat. Bumper guards and side molding with vinyl inserts to protect the paint. More than most imports offer—at prices economy-car buyers can afford.

**Q. Reliability?**  
A. Pinto's engine has already logged 50 million owner-driven miles. And the strength of some of Pinto's parts makes ordinary little economy cars look puny by comparison. Parts like the starter motor, ball joints, rear wheel bearings are heavy duty. Craftsmanship? Pinto is the only American car with hand-matched transmission gears.

**Q. What's Pinto like out on the road?**  
A. Pinto has a wider stance than any economy import, for better stability in turns and gusty crosswinds. For more road feel, and more precise handling, Pinto has rack & pinion steering—like Porsche and Jaguar—something you won't find on any other American car.

**Q. Tell me about service.**  
A. Pinto is so simple you can do much of the maintenance yourself, if you like. The Owner's Manual shows you how. And Pinto's free Do-It-Yourself Key helps you perform minor service functions.

**Q. Suppose I don't service Pinto myself?**  
A. You still save when your Ford Dealer does it. For example, Pinto needs an oil change half as often as the leading import. And a chassis lube only one-sixth as often.

**Q. Sounds great—where can I test-drive Pinto?**  
A. Your nearest Ford Dealer. And if you have any more questions, he can answer them.

**Pinto**  
A little Better Idea from Ford.

**FORD**  
Better idea for safety: Buckle up.

Ford Punt, Pass & Kick Competition. Boys, 8-13, register at your nearest participating Ford Dealer now through September 28.

**BOB GOSS FORD, INC.**  
Dimmitt, Texas

**SWIFT OFFENSE**—Probable offensive starters for Nazareth Friday in the Swifts' home opener against Hereford B will be (linemen, from left) end Ben Huseman, tackle Sammy Birkenfeld, guard Ralph Pohlmeier, center Stanley Gerber, guard Sidney Birkenfeld, tackle Micky Gerber and

end Randy Schilling. The Swift backfield includes quarterback Keith Gerber (10), halfback Melvin Wethington (44), fullback Kerry Brockman (22) and halfback Gordon Wilhelm (30).

**NAZARETH DEFENSE**—Here's how Coach R. B. Christian sees his defensive starting lineup for Friday night's home opener against Hereford B. Linemen, from left, are end Kelvin Klemm, tackle Dennis Kern, middle guard Sammy Birkenfeld, tackle Micky Gerber and end Randy Schilling. In

the secondary are corner backs Gordon Wilhelm (30) and Stanley Gerber (51), linebackers Ralph Pohlmeier (64) and Sidney Birkenfeld (63), and halfbacks Kerry Brockman (22) and Keith Gerber (10).

# Swifts still seeking two foes

With the 1970 season ready to kick off Friday night, Coach R. B. Christian and his Nazareth Swifts are still looking for two more foes to fill out their schedule.

But then comes a big three-week gap in their schedule, from Sept. 18 to Oct. 16, with no opponents in sight.

**THE SWIFTS** will open against Hereford's B Squad at Nazareth Friday at 8 p.m., then will host

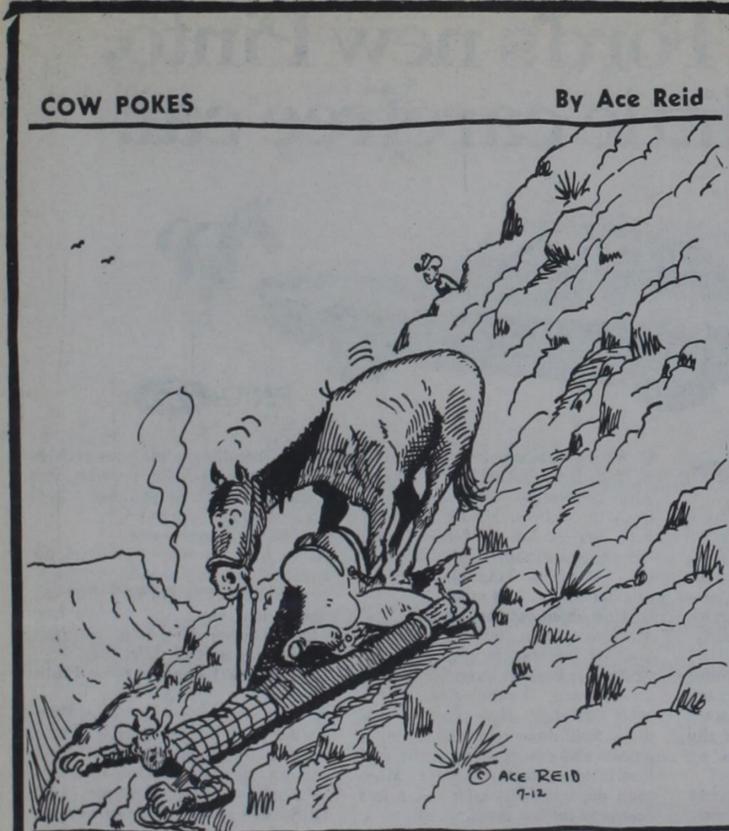

New Home in their second game.

Jackrabbits undergo a population explosion every ten years. The next year of superabundance will be in 1974.—SPORTS AFIELD.

Jackrabbits undergo a population explosion every ten years. The next year of superabundance will be in 1974.—SPORTS AFIELD.

## COW POKES

By Ace Reid

"Now, I didn't fall off, I just come down hills faster than my hosses!"

The Bank of Friendly Service

**1st STATE BANK**  
Dimmitt, Texas

MEMBER OF FEDERAL DEPOSIT INSURANCE CORPORATION

ryton; right tackle Sammy Birkenfeld, 230-pound senior; right guard Ralph Pohlmeier, 167-pound senior; center Stanley Gerber, 175-pound sophomore; left guard Sidney Birkenfeld, 177-pound senior; left tackle Mickey Gerber, 159-pound senior; and left end Randy Schilling, 151-pound junior.

**THIS LINE** will front a backfield that averages 155 pounds. Running the Swifts' attack from the quarterback slot will be Keith Gerber, who was named to the all-district team last year as a defensive back.

Other probable starting backs against Hereford B Friday night will be Melvin Wethington, 168-pound senior; Kerry Brockman, 142-pound junior; and Gordon Wilhelm, 138-pound junior.

Senior halfback David Olvera, a mainstay in the Swift backfield last year, probably won't see action Friday night due to a leg injury that's being treated with daily sessions in the whirlpool. Also on the injured list is junior halfback Neil Dobmeier.

**IN AN effort** to improve their 2-6-1 record of last year, the Swifts will use a multiple offense, operating mainly from a straight T formation.

"We're working on the I formation, and by the time we get down to the district games, we'll probably be working off the I mostly," Christian said.

Helping shape up the Swifts' attack is assistant coach Clayton Neal. Christian and Neal make up the entire coaching staff since the departure of assistant coach Glen Gleghorn to Hart this year.

**NINE of the Swifts' starters** will go both ways this season. Players whom Christian intends to start on defense Friday are sophomore Kelvin Klemm and junior Randy Schilling at ends; sophomore Dennis Kern and senior Mickey Gerber at tackles; senior Sammy Birkenfeld at middle guard; junior Gordon Wilhelm and sophomore Stanley Gerber at corner backs; seniors Sidney Birkenfeld and Ralph Pohlmeier at linebackers; and junior Kerry Brockman and senior Keith Gerber at halfbacks.

Since the Swifts have plenty of size but are shy on speed, Christian plans to stick mainly to a running attack designed to produce "three yards and a cloud of dust" — and hopefully, touchdowns and victories.

## Miller will be Bobcats' 'voice'

Jim Miller, Dimmitt High School journalism teacher, will be the "voice of the Dimmitt Bobcats" both in the newspaper and on radio this football season.

**MILLER**, a former member of the Amarillo Globe-News sports staff, will write the Bobcat game stories and pre-game features for the Castro County News, and will recap Friday night's games on a Saturday morning sports program on Radio Station KDFN.

Following the Hart Longhorns' games for the News this season will be David Bass, HHS student who was the school's sportswriter last year also.

Reporting results of the Nazareth Swifts' games to the News will be Assistant Coach Clayton Neal.

WE MUST help more Americans, both urban and rural, to make use of the right land for the right purpose.  
—Kenneth E. Grant

# Coaches are 'shocked' at Mules improvement

By JIM MILLER

For the Muleshoe Mules, who failed to win a decision last season while scoring but one touchdown, the only way to go is up — and Dimmitt's coaches are convinced that's the direction the Mules are headed.

"**MULESHOE** isn't the same ball club they were last year," Head Coach Brown L. Smith said this week. "Their play in a scrimmage against Littlefield shocked us — they're 100 percent improved."

Smith's Dimmitt Bobcats will open the 1970 football season against the Mules Friday at 7:30 p.m. in Bobcat Stadium.

Under the able tutelage of Fred Hedgecock — now in his second year as head muletender — the Mules will be out to test a re-charged team with senior Mike Riley at the controls of the Texas Wishbone-T attack.

**MULEWATCHERS** will want to keep an eye on Riley.

"He's tough, and a good competitor," Dimmitt's scouts report. "He runs the veer offense very well, and will hurt you if he keeps and runs himself. He loves to hit. He also plays defensive left halfback and is in on every play."

The 155-lb. Riley figures to deal the ball at various times to juniors Bobby Hayes and Randy Shields. A transfer, Don Wheat, also will hear his number called frequently during Friday night's opener.

**THE MULES**, welcoming nine lettermen back into the corral along with six starters, hope to get yeoman duty from veteran John Hatchington, a 185-pound tackle who is described by scouts as "their best lineman — tough, a good blocker, aggressive, hard to block."

Other versatile performers are the Mule forward wall in Clyde Lanky Ford Buke (6-4, 170), and hard hitting guard Gary Lackey, an aggressive performer who pulls often to lead the triple-option sweeps.

Jon Cole, 160-pounder, also hopes to aid in springing the Muleshoe ball carriers for long gallops.

**IF BEING** kicked around to an 0-10 record builds determination, then the Mules will be exceedingly long on that attribute this season.

Hedgecock, who says this is one of the finest groups of athletes he has ever worked with, hopes this is the season that finds the Mules reaping the fruits of the rebuilding program.

Dimmitt's coaches, after seeing the spirited Mules swap blows with the rugged Littlefield Wildcats on the scrimmage field, fear that this may indeed be the year for the Mules to come charging out of the cellar.

"**MULESHOE** is a tough football team," Dimmitt's scouts summed up. "They like to hit and do a good job of it. They have lots of spirit and will be fired up and ready to go. They're a tremendously improved football team from a year ago."

The Bobcats, back from a 7-3 campaign in 1969, are an unknown quantity.

The main question marks right now are in Dimmitt's backfield. Starting halfback Kenny Doss (155, junior) probably won't see action in the first game, and senior quarterback Mark Wohlge-muth may or may not get to play.

**DOSS**, a fleet runner who also is trained as a back-up quarterback, received a deep, painful bruise in his lower back when the Bobcats scrimmaged Dalhart Friday night.

Wohlge-muth, a 168-pounder, received a mild concussion when he was walloped as he scored on a quarterback keeper in a scrimmage against Tulia two weeks ago. He has been inspected by a specialist in Lubbock and hasn't

done any contact work since his injury.

If Wohlge-muth sees action Friday night, Smith said, he'll be wearing "the best helmet money can buy" — a Riddell creation with inflatable padding, now used extensively by professional gridirers.

**IF THE** physician's order Wohlge-muth sidelined for Friday night's season opener, the quarterbacking chores will go to Jerry Matthews, (153, junior), with sophomore signal-caller Terry Powell (130) as the back-up man.

Rounding out Dimmitt's backfield will be Jay Stanton (155, junior) at halfback and Daniel Frierson (147, junior) at fullback. Other hard-pressing backs who are likely to see action against the Mules are Charles McLean (139, junior), Matthew Daniel (133, junior), David Nino (137, junior), Natividad Anes (164, junior), Mike

Dedson (122, junior), and sophomore David Schaeffer (157) and Kenny Ringo (168).

The Bobcats' offensive linemen will average a hefty 170 pounds, and most of them are seniors.

Senior Max Newman (159) has drawn the starting assignment at split end, while senior veteran Randy Griffitt (170) will run the tight end post. At tackles are a pair of big juniors, Hollis Annen (189) and Pat Barrios (210). Manning the guard posts are a pair of fast, experienced seniors, Hoyt Hestand (168) and Henry Rivera (159). Starting at the center post will be senior captain Andrew Garza (145).

Two-way starters are Wohlge-muth, Frierson, Doss, Garza, Rivera, Hestand, Barrios and Newman, who will be joined on defense by guard Rocky Kay (189, junior), linebacker David Nino (137, junior) and tackle-end Felton Isaacs (139, junior).

## Booster kick-off is well attended

Sixty adults joined Dimmitt High School's football players and coaches for ice cream, cookies, watermelon and game films at the first meeting of the Dimmitt Athletic Booster Club Monday night in the DHS cafeteria.

**WATERMELON** was served as the meeting opened, then the first meeting of the Dallas Cowboys' 1969 season were shown. Before the business meeting, ice cream and cookies were served, then the football boys were dismissed. All coaches reported on the progress of their teams, and varsity coaches showed films of the Bobcats' scrimmages against Tulia and Dalhart.

The Booster Club meets at 8 o'clock each Monday night during football season in the DHS cafeteria for game films, coaches' reports and refreshments. The meetings are open to the public.

US POSTAGE stamp was approved in 1847.

## Jarvis singing in LCC chorus

Garland Jarvis, son of Mr. and Mrs. A. G. Jarvis of Dimmitt, is a member of the A Cappella Chorus at Lubbock Christian College.

The A Cappella Chorus is directed by Wayne Hinds and represents LCC in performances on the campus and at schools, churches and tours each semester.

**AN ALL-OUT** war against pollution in all of its forms must be waged, and it must be started in the small, upstream watersheds where the districts are well known and where their supervisors are experienced, have exercised traditional responsibilities, and already have invaluable support and working relations with state and federal agencies.

—Daniel Hale, M.D.  
NEW ORLEANS is about 130 miles farther from the Gulf of Mexico today than when it was founded.

**On the Go**  
MR. AND MRS. Cecil Dennis attended the Ice Capades in Amarillo last Saturday. They saw several Dimmitt people there.

**MAVERICK FOR 1971** offers two new models—the four-door family-sized sedan (top) and the sporty Maverick Grabber (bottom). The four-door version is seven inches longer than the original two-door Maverick model and offers substantially increased rear seat roominess. The Grabber Sport Sedan features a "charblack" grille, twin nonfunctional air scoops, reflective tape stripes, racing mirrors and a blackout treatment of the spoiler and rear end. The model that started it all, the two-door sedan, also will be available in 1971. Local dealer is Bob Goss Ford.

### Di-syston termed most effective for spider mites

Preliminary research conducted by the Texas Grain Sorghum Producers Board shows granular Di-syston to be the most effective control of spider mites. To date, it appears to be the only effective chemical control.

**THE SPIDER** mite has invaded the grain sorghum of the High Plains again this summer and is seriously damaging the grain. It is a microscopic insect that covers the underside of the leaves and sucks the nutrients from it, which sets it up for lodging and a large reduction of yields. A webbing on leaves is an indication of the presence of mites. It also causes a rapid deterioration and browning of the leaves.

Elbert Harp, TGSPB executive director, expressed concern about the mite causing severe damage to the area's production this year. Farmers should be aware of its presence, he said.

**'KAMMBACK'** is the name of this wagon model of Chevrolet's 1971 Vega 2300 economy car line. The new type of sports wagon blends improved handling stability with cargo carrying utility to make it a four-passenger all-purpose vehicle that's fun to drive. It has a rear "window-door" that lifts for maximum accessibility, and a fold-down rear seat for extra load capacity. This is one of four Vega models. All come equipped with a US-built, lightweight

overhead cam engine that is designed for impressive fuel economy and low emissions. Among economy-car "firsts" which the Vega offers are power-flow interior ventilation (with air exhausted through louvers on rear fenders), comfortable molded foam seats and steel side-guard beams in the doors. Vega models will be unveiled in Dimmitt today (Thursday) at Webb-Mears Chevrolet, Inc.

### 27 from here enroll in SPC

South Plains College registration came to a close Friday with a record enrollment of 1,735. This number compares with 1,647 last year and includes 475 from Levelland, over 200 from Lubbock, 115 from Brownfield, 65 from Littlefield, 69 from Morton, 27 from Dimmitt, and 25 or more from other towns in West Texas.

SPC students are from 147 towns in Texas; 13 towns in New Mexico; 11 other states and six foreign countries.

A MAJOR national highway safety experiment in the San Antonio area uses Army helicopters to pick up highway accident victims.

## Mrs. Boozer is coffee honoree

By MRS. JACK RISTER  
A COFFEE was held Tuesday morning honoring Mrs. Sue Boozer. Those attending were Mrs. Horace Sides of Lubbock, Carolyn Sides, Sue Howell, Charlene Howell, Goldie Stanton, Janie Longan, Vickie Yokum, Brenda Brutor, Oleda Cole, Jean Gilreath,

Norma Smith, Frances Smith, Reta Welch, Lois Wales, Sandra Bagwell, Nell Ingram, Gail Bruegel, Bobbie Bruegel and Doris Lust.

Funeral services were held last Saturday at 3:30 p.m. for W. C. Rape of Sulphur Springs.

Services were in Tapp Funeral Home Chapel.

Mr. Rape was the father of Mrs. Murray Snyder of the community. He is also survived by his wife and six daughters. Our sympathy goes to this family.

Mr. and Mrs. Jimmy Howell attended a bridge party at the Bob Anthonys Saturday night.

Mr. and Mrs. Jack Howell, Gaines and Matt ate dinner with the Carl Lees of Summerfield.

Mr. and Mrs. Bill Yokum visited with his sister and family Mr. and Mrs. Jack Hawkins of Amarillo.

## Ross to head up Bentsen campaign in Castro County

Lloyd Bentsen, Democratic nominee for the US Senate, has named two more Parhamdale citizens to his campaign team.

**JIMMY L. ROSS**, Dimmitt attorney, accepted appointment as coordinator of Bentsen campaign activities in Castro County; and Mrs. Elmer Kimball of Hereford will head the ladies' campaign activities in Deaf Smith County. "Jimmy Ross and Leona Kimball are both outstanding citizens," Bentsen said in an announcing the appointment last Wednesday. "They are known and respected as hard-working community leaders."

Ross, who is a University of Texas graduate with BBA and LLB degrees, is a partner in the Dimmitt law firm of Burkett and Ross. He is the past president of the Castro County Chamber of Commerce and the 64th Judicial District Bar Association.

**MRS. KIMBALL**, who is a Hereford housewife and the mother of three, is active in the Hereford PTA, several study clubs, the garden club in Hereford and the First Methodist Church.

★ **MR. AND MRS. Albert Clubb** of Lubbock, Mr. and Mrs. Elza Gullions of Tulsa, Okla., and Mr. and Mrs. Moss Howell were dinner guests of Mr. and Mrs. Moss Howell.

Mrs. Earl Lust and Mrs. Vern Lust visited Mrs. Jim Bagwell Monday night.

Vern Lust and Earl Lust attended a meeting of Methodist Men at Hart Monday night.

Mr. and Mrs. Jack Rister visited his mother Mrs. C. C. Rister of Levelland Sunday. They also visited his sisters and their families Mr. and Mrs. J. D. Bradley and boys and Mr. and Mrs. Jack Lackey of Carlsbad, N.M. and on their way home they visited a cousin Mr. and Mrs. E. B. Dick of Littlefield, and Rev. and Mrs. L. D. Regan of Ropes. Rev. Regan and Jack were classmates in school.

Mrs. Bud McElroy and Mrs. Jack Rister were in Hereford Thursday afternoon.

★ **THE Bethel Home Demonstration Club** met Wednesday afternoon with 12 ladies present. Carolyn Sides had charge of the program on landscaping and fruit trees. The next meeting has been re-scheduled for the 23rd instead of the 16th because too many will be attending the TH-DA meeting at Galveston on the earlier date.

### Three from here get NTSU degrees

Three Dimmitt students were among 1,236 students from 36 different states receiving degrees at summer commencement Aug. 15 at North Texas State University.

**MASTER'S degree recipients** were Mary Elizabeth Beecher, daughter of Mr. and Mrs. William E. Beecher, 404 SW fourth, master of education in guidance; and Latheta Sanderson, daughter of Mr. and Mrs. William G. Sanderson, Route 4, Dimmitt, master of library service.

Billy Glenn Griffith, son of Mr. and Mrs. Earl Walker, Route 4, Dimmitt, was awarded a bachelor of science degree in physical education.

UNITED STATES mint was established in Philadelphia in 1792.

**KEY BOOSTERS**—Officers in the Dimmitt Athletic Booster Club this year are (from left) Bob Kay, secretary; Dr. James Sims, treasurer; Earl Griffith, vice-president; Mrs. Jesse Ebeling, reporter; and J. R. Matthews, president. Club members are producing a 32-page football program this year, are now selling copies of West Texas Football Magazine on commission, and soon will sell window-display photographs of Bobcat football players. Proceeds from the club's projects will go into the school's athletic fund to be used as needed.

### New point system to determine bag limits on ducks and geese

The Texas Parks and Wildlife Commission has adopted a new point system for determining limits on migratory waterfowl, and has authorized extension of the 1970-71 duck shooting season to 70 days, from Nov. 4 to Jan. 12.

The goose season also will open Nov. 4 and will continue through Jan. 17, with bag and possession limit at five and the same restrictions on "dark" geese as last year.

The point system, which assigns varying values to different species of wildfowl, offers a possible

daily bag limit of 10 ducks. This represents the most liberal maximum authorized in the state in the past 25 years.

The US Department of the Interior has handed Texas duck hunters a bag limit based on a total of 100 points. The point system, which already has been used experimentally in several other states, is based on the theory that rare species or those fewer in number deserve a higher point rating in order to keep their annual harvest small.

**CONVERSELY**, more numerous species are given a lower point rating and may be harvested in greater numbers.

Thus, the following ducks count 90 points each: mallard hen, black duck, wood duck, redhead, canvasback, New Mexican duck and hooded merganser, both drakes and hens.

The following ducks count 20 points each: mallard drake, pintail hen, both drake and hen ring-necked duck and mottled duck.

All other ducks, not listed, above, count 10 points each, except for the closed season on fulvous and black-bellied tree ducks.

**UNDER THE point system**, a hunter's limit of ducks can be as few as two or as many as 10, depending on their individual point values.

**IN COUNTING points**, the approved proclamation states, "The daily bag limit will be reached when the point value of the last bird taken during the day and added to the sum of the point value of other ducks already taken during that day reaches or exceeds 100 points."

For example, a hunter who has taken nine ducks of 10 points value each for a count of 90 may fill his daily bag with one more duck of any value.

On the other hand, a hunter with one 90-point duck in the bag who then takes a second duck of any species has also filled his limit for the day.

**THE FOLLOWING open seasons** were adopted by the commission:

**DUCKS and COOTS** — Nov. 4 through Jan. 12 from sunrise to sunset, daily bag limit two to 10 ducks, possession limit the maximum number of ducks which could be taken in two days, daily bag limit 15 coots, possession 30.

**GEESE** — Nov. 4 through Jan. 17 from one-half hour before sunrise to sunset, bag and possession five, no change in variations on either side of US Highway 81 from last year.

**SANDHILL CRANES** — Oct. 31 through Jan. 10, bag limit three, possession six, no change in hunt area.

**RAILS** — Sept. 1 through Nov. 9 from one-half hour before sunrise to sunset, daily bag 15 and possession 30 for King and Clapper Rails, 25 daily and possession for Sora and Virginia Rails.

**WOODCOCK** — Nov. 21 through Jan. 24 from one-half hour before sunrise to sunset, bag five and possession 10.

**SNIFE** — same as woodcock, bag eight and possession 16.

**GALLINULES** — Sept. 1 through Nov. 9 from one-half hour before sunrise to sunset, bag 15 and possession 30.

### Guest editorial

## Friday night's hero

Friday night, in virtually every city and hamlet from the windy plains of the Panhandle to the sun-kissed Rio Grande Valley, from the piney woods of East Texas to the Big Bend country, Texas' September Song will again ring through the air. High school football, played as only the youth of the Lone Star State can play it, will light fields and fill stands everywhere.

**IT'S A TIME** when a very special breed of youngster steps into the spotlight — some rather bashfully, others as if to ask what in the world took so long. He's the schoolboy football player, a magically complex kid with short-cropped hair and a skinned nose; a boy who looks upon his evening chores with a stone-faced stare — a little afraid, yet determined; unsure, but eager to give it his dead level best.

He's the kid down the block; son of a lawyer or banker, postman or plumber prepared through daily sacrifice to give his part, modest, but firm in his belief that his particular team is the best around.

He's the super hero who makes the sportswriter's job easy and the college scout's mouth water — the scrub who prospers in that quiet satisfaction that comes from

just being a part. Both approach their respective duties with the same vigor and enthusiasm, determination and dedication. In doing so, the great and not-so-great stand on equal ground.

**THE HIGH school football player** is tomorrow's poet and scientist, teacher and politician, trying today in the way he knows best, to show that he deserves admittance to that fascinating, often bewildering, world of manhood. He's today's hope — assurance that tomorrow will be a brighter day.

He's his own worst critic but the first to applaud the performance of his best buddy. He likes nothing more than winning but respects the rules which govern the game.

He dreams the dreams of youth — glory, stardom, success, and adoration. By the same token, he accepts loss with the same humility and pride generally reserved for those who occupy the winner's circle.

He likes out-of-town trips, pep rallies, short workout days and the swelling pride that comes from seeing his name in the morning paper. He's the natural athlete to whom everything comes easy; the skinny kid who spends long hours perfecting the most simple of tasks.

**HE'S THE hero of little brothers**, girl friends, and mothers who live in the constant fear that her boy will be injured. He's the culmination of dad's dream — a youngster he can proudly point to and say, "That's my boy..."

On his shoulders ride the hopes of the entire community — the students, the man on the street, and all those who have worn the school's colors before him. He readily accepts the challenge, without reservation or doubt, vowing to perform to the best of his ability.

He's too busy doing windprints to bother with stealing hub caps, too tired after an afternoon of blocking and tackling to build protest signs. He may not get the same size headlines as those who are threatening the very foundation of our society, but he'll run until he's ready to drop if it will help defeat an upcoming opponent.

**HE'S THE kid who blushes** from praise yet bristles if you degrade his teammates or coaches — the kind of fella who can make you feel almighty small when, criticizing a defeat, he answers simply that "we did our best."

He's what the Red, White and Blue is all about; as American as apple pie; refreshing as the cool breezes which signal him to center ring.

It'll be good to see him again. (Amarillo Globe-Times)

### Dove hunters take to field

Dove-hunting season opened Tuesday and will continue to Oct. 30 in the North Zone, which covers most of Texas.

**MOURNING and white-winged doves** may be hunted from 12 noon to sunset daily. Limits are the same for both species — a daily bag limit of 10 and possession limit of 20.

The Texas Parks and Wildlife Dept. requires that the hunter retain one fully feathered wing on field-dressed dove.

Doves may not be shot in game refuges, federal parks, game reserves, within corporate city limits or from public roads or rights-of-way.

**"ORDER OF THE Garter"** was instituted in 1349 in England.

**THE PILGRIMS** landed at Plymouth Rock Dec. 21, 1620.

**AMERICAN Medical Association** was organized in 1847.

### Savings Bond bonus termed a 'real boon'

Raymond Wilson, Castro County chairman for US Savings Bonds, reports that the 1/2-percent bonus approved by President Nixon means that Savings Bond owners can realize 5 1/2 percent annual interest on their holdings.

**"THE BONUS applies both to bonds purchased on and after June 1, 1970 and those bought before, and still outstanding,"** Wilson said. "There'll be no need to redeem any bonds to benefit from the new rate. Now more than ever before, it pays to buy and hold onto your bonds. The increase is a real boon."

Wilson also pointed out that federal funds for protecting our environment, and for developing recreation areas are bolstered through the purchase of Savings Bonds.

"Savings Bonds are the best way most of us have to help our country, our neighbors and ourselves, all at the same time," he said. "The higher interest rate, by making bonds an even more valuable part of our personal financial security, will encourage more people to buy bonds or to increase their holdings."

"The rate increase should be a fine inducement to our Future Farmers, 4-H Clubbers and other young people who haven't yet begun to save for their futures with US Savings Bonds," Wilson said.

# WEBB-MEARS CHEVROLET CHEVROLET'S NEW LITTLE CAR OPENS ITS DOORS THURSDAY, SEPTEMBER 10.

And it's got a lot of doors to open, too. Because our new little car, the Vega, is actually three little cars. A coupe, a sedan, and a wagon.

Plus there's a fourth Vega: a little panel truck. We'll open our doors for Vega business on September 10. We invite you to come in

and see why we call this the little car that does everything well.

And while you're here, pick up a Vega catalog. It's good reading.

Then talk to our salesman. It's good conversation.

Bring a friend.

### High Plains Foundation will launch annual field day today

Hundreds of High Plains farmers and businessmen are expected to attend 14th annual field day activities today (Thursday) at the High Plains Research Foundation to view the latest farm research work. Also, they can take a closer look at modern farm equipment on display for three-day farm equipment show.

**THE FARM** equipment show is co-sponsored by the Plainview Chamber of Commerce and will feature various agricultural products and machinery. It will be conducted through Saturday at the research farm near Halfway.

The field day and farm equipment show will open simultaneously with field tours on the 310-acre research farm beginning at 1:30 p.m.

Sen. Ralph Yarborough will be guest speaker for the field day evening program which begins at 5 p.m.

Door prizes and a grand prize of a vacation for two to Acapulco, Mexico, also will be awarded during the evening program. The vacation trip plus \$500 expense money is sponsored by Plainview Co-op Compress, Inc., City National Bank and Hale County State Bank.

**THE FIELD** day tours will feature three primary stops with foundation scientists. Dr. Doug Owen, Jim Valliant and Joe Wright, assistant agronomist, explaining various phases of research and study underway.

The semi-annual meeting of the foundation trustees board of directors will be conducted today, beginning at 9:30 a.m. in Plainview Holiday Inn.

# Corn dryers are boosting harvest

By TEENY BOWDEN

The first load of corn was received at the Farmers Grain Company leg elevator here last Wednesday. Two corn dryers were installed on the property this week, one by John and Sam Gilbreath, and the other by Truman and Jay Lee Touchstone of Dimmitt. They can dry several loads an hour, then the elevator takes the corn when it gets dry. The activity has been heavy as the dryers are something new to the community.

**JANIS BRIDGE** was the first runner-up in the Miss Lamb County contest in Littlefield last Friday. She rode in the parade along with the winner last Saturday, Mrs. Cliff Brown, Mrs. Alton Loudder, and Mrs. E. R. Sadler entered art exhibits in the two-day Littlefield Festivities Day on Friday. Several from the community attended the festivities.

Mrs. Irving King returned last Saturday from a week's visit with Mr. and Mrs. Billie King and family at Monument, N.M. She spent the week before with the Francis Kings and other relatives in Amarillo.

The book "While Heaven Waited" has been presented to the church library by Mr. and Mrs. Edward Bridges in memory of Heuston Carson. The book "The Gutter and the Ghetto" has been presented to the church library by Mr. and Mrs. L. B. Bowden in memory of Roy Durant.

Bill Morgan and Thomas Parson attended the Llanos Altos Association Baptist Men's meeting at Farwell Tuesday night.

**ALLEN MILLER**, state manager of the United Church Directories of Waco met with the committee at the church Tuesday afternoon to give instructions and explain the procedure we will be using Saturday, Sept. 12, from 4 until 9:20 p.m. We are more eager about the church directories or albums now than before, because we saw the excellent color pictures and quality of their work. You will be very disappointed if you don't take advantage of getting a free directory. If you come have your picture made you will receive a free album. Families can be included, if only part of the family is a member. Remember, many want your picture in their directory even if you don't want a directory. The directory will not be in color, but the pictures will be, if you want to buy extras. Anyone may buy a directory if you will send \$1.25 to one of the committee.

Leslie Loudder spent Tuesday night in Hereford with Mr. and Mrs. Larry Odom and new daughter Lisa Michelle, and visited again Sunday evening.

**MRS. RACHEL** Elsea has spent the summer in Canada with her brother, Fred Cox and family. She plans to come home in October.

Mr. and Mrs. Jack Ogletree are the new grandparents of a third grandson, the first child for their daughter Jane. Mr. and Mrs. Joe Frank Cuthbertson of Arlington became new parents Sept. 3. The baby has been named Stephen. Joe and he weighed eight pounds. They are former residents.

Steve Morgan was elected president of the 40 member Springlake-Earth Junior High Band in a meeting to elect officers Monday night. Others from the community in this band are Kelly Haydon, Le Brown, Don Merriott, Susan Stephenson and Debbie Wilson.

The Sunbeams met Tuesday afternoon this week instead of Monday because of other interests on the part of the leaders.

One-half of an inch or more of rain was received over the community on Tuesday night and Wednesday morning.

Mr. and Mrs. Francis King of Amarillo visited Wednesday with his mother, Mrs. Irving King.

The Springlake-Earth seniors received their senior rings last Wednesday. David Bradley, Denise Morgan and Janis Bridge, were among those who did.

**MR. AND MRS.** Alton Loudder and Mr. and Mrs. Bob Ott attended the funeral services in Clyde Thursday for their uncle, Clifford Davis. They left Wednesday, and came home after the funeral services Thursday.

Mrs. Roy Phelan was dismissed from the Central Plains General Hospital in Plainview Friday, but will have undergo major surgery in about two weeks for the removal of a huge gallstone.

Mr. and Mrs. Cliff Brown and boys visited in Lubbock with relatives Wednesday night.

Mr. and Mrs. Howard Spencer had supper with Mr. and Mrs. John Spencer Thursday night before leaving for the area around Amarillo for the ensilage cutting in that area.

Mr. and Mrs. David Sadler and Melody of Lubbock took the week off from his work in Lubbock to help Larry Sadler with the ensilage cutting here this week. Mrs. David Sadler went with her father to Hereford Friday to spend the day with her family. Mrs. Ezell Sadler and Mrs. Larry Sadler and girls went up for her Friday night and visited with the Kings for a while, also with Mrs. Larry Odom and

new baby.

**MR. AND MRS.** James Powell and children of Dimmitt had dinner Saturday and spent the day with Mr. and Mrs. Ezell Sadler, the David Sadlers and the Larry Sadlers.

Rev. Mack Turner underwent tests by a bone specialist Friday and Saturday in Amarillo, and will have to go again next Thursday to a neurologist to determine if surgery will be required to repair a perished disc.

Mrs. Lillian Carson and Resa attended the wedding of her sister, Geneva Brooks and Ira Burrous in the Oakwood Methodist Church last Saturday night in Lubbock. The Burrouses will make their home in Austin.

Mr. and Mrs. Cecil Curtis celebrated his birthday Tuesday with his brother, Mr. and Mrs. Glenn Curtis in Petersburg. They also visited her folks while there.

Mrs. Ezell Sadler visited Saturday afternoon with Mrs. Francis Watson of Springlake.

Mr. and Mrs. Ezell Sadler, Mrs. James Powell and children of Dimmitt, Mrs. Larry Sadler and children and Mr. and Mrs. Weldon Bradley, Kent and Kolby and Mr. and Mrs. Gerald Elkins had a picnic lunch in the park at Clovis with Mr. and Mrs. Cleo Widner of Melrose and their family Sunday.

Mr. and Mrs. John Gilbreath and children attended the wedding of his cousin Sally Ann Peterson in Hereford Saturday evening. Mr. and Mrs. Punk Gilbreath also attended.

Mrs. John Gilbreath and Mrs. Ray Joe Riley played bridge at the home of Mrs. Ray Robertson Thursday.

**MRS. D. A. BARNETTE** of Oton spent several days last week with her daughter, Mr. and Mrs. John Gilbreath, Coby, Matt and Hal.

Mr. and Mrs. Winston Waggoner and children were in Chicago Friday through Sunday for a dairy meeting.

Mr. and Mrs. Willis Brock, superintendent of the El Paso Natural Gas plant, moved from the community to Metcalf Monday. He has not yet been replaced. The camp gave them a farewell supper and a gift was presented to them last Thursday night.

Mr. and Mrs. Thomas Parsor attended the Sunday School "Action '70 Thrust" Associational meeting in Muleshoe Monday night.

Mr. and Mrs. Bill Morgan and family attended the wedding of Marian Crisp in Plainview Saturday night. They saw the Alford Crisps and Mrs. M. D. Durham there. She had a bridal shower in Plainview Tuesday.

Mr. and Mrs. Thomas Parson spent the weekend with his family in Blanket, Texas. They helped celebrate his parents' 50th wedding anniversary Sunday.

Mr. and Mrs. Jimmy Waggoner had dinner Sunday with Mr. and Mrs. Bill Morgan and family.

**FIFTY-THREE** attended Sunday School with 13 in Training Union Sunday. Mr. and Mrs. Roy Phelan had as their dinner guests, Mr. and Mrs. Mark Wysong. He has been working with the choir, and on Sunday night, Sept. 20, he has invited the young people from the Calvary Baptist Church of Tulia to perform a sermon in song, or musical program, designed to reach the youth in the community. The fall revival will begin the next Sunday, Sept. 27. It will be a one-week revival.

Remember to have your picture made at the church Saturday between 4 and 9 p.m. for the church directory. We would like to

see every member take advantage of this opportunity.

Ben Loudder of Canyon and Bob Loudder of Happy visited Sunday afternoon with Mr. and Mrs. W. E. Loudder, Mr. and Mrs. Alton Loudder and Marie Lewis. Mrs. Ben Loudder had suffered a possible stroke and was in the hospital with pneumonia.

# CHEVY'S NEW LITTLE CAR IS OPEN FOR BUSINESS.

We call it Vega.  
We also call it "the little car that does everything well."  
Because it does.

**Everything? Everything.**

Vega moves well, stops well, steers well, rides well, handles well, responds well, passes well, travels well, parks well, wears well, and is priced well under what you'd expect to pay for such a talented little car.

In our highway tests, Vega has been getting gas mileage in the neighborhood of the little imports, which isn't a bad neighborhood.

Yet unlike your average little car, ours steps right out when you step on the gas.

The engine is a specially designed overhead cam four with a lightweight aluminum alloy block. It turns slowly and quietly at turnpike speeds, with power to spare.

Disc brakes are standard in the front. So are bucket seats, except on the truck.

How we doing so far?

**Numbers speak louder than words.** The wheelbase is 97 inches. Total length is just under 170 inches, or nearly four feet shorter than a full-size Chevrolet.

Height of the coupe is just 50 inches, nine inches lower than the leading import.

Width: a nice stable 5 1/2 feet.

Weight: 2,190 lbs. for the sedan.

Engine displacement: 140 cubic inches.

Fuel economy: about 25 mpg, with the standard engine and transmission, in our highway tests.

Horsepower: 90. You can order 110. (80 and 93 hp, SAE Net.)

Seating capacity: 4 adults.

What it all adds up to is a lot of little car.

**Three cars and a truck.**

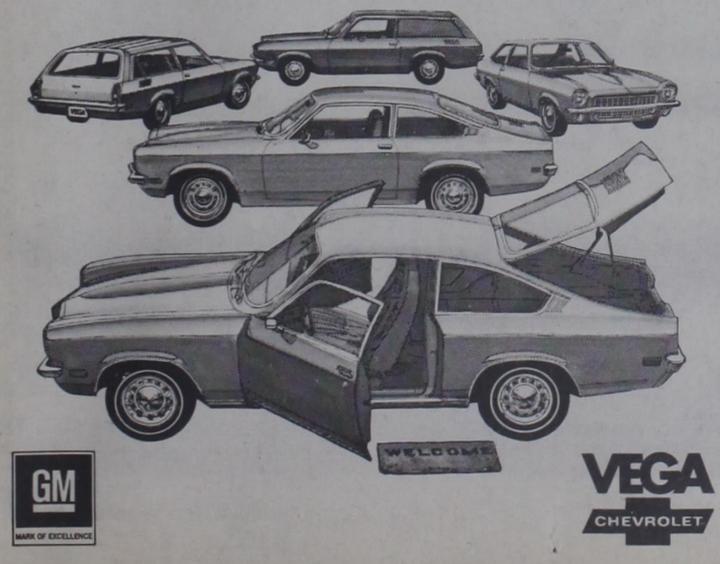

Vega turned out so well that we couldn't turn out just one.

So we're turning out four: the sporty little hatchback coupe shown open and closed in the foreground below; the sedan, on the right; the Kammback wagon, on the left; and the little panel truck, in the rear.

Oh, and a special GT version of the coupe and wagon which we'll show you later on.

**September 10th is Opening Day.** All 6,300 Chevrolet dealers are handling Vega, so you shouldn't have to go very far to see and drive one.

Chevy's new little car is open for business. Look into it.

### Silver anniversary reception set Sept. 20 for Mr. and Mrs. Layman

Mr. and Mrs. L. G. Layman of the Dodd community will be honored with a 25th wedding anniversary reception in their home Sunday, Sept. 20, from 3 to 5 p.m.

Mr. Layman was born and raised in the Dodd community. Mrs. Layman, the former Jo Nell Waide, was raised in Cotton Center.

THEY WERE married Sept. 19, 1945, in Earth. He was in the US Army at the time, and was sent to Germany shortly after their wedding to serve with the Allied Occupation Forces. After his return from military service, they lived in Earth for six months, then moved to their present home in May 1947.

Miss Harris

### Oct. 17 date set

Mr. and Mrs. Duard D. Harris of Hart announce the engagement and approaching marriage of their daughter, Paula Sue, to Tommy Dean Portwood, son of Mr. and Mrs. Harold Dean Portwood of Dimmitt.

AN OCT. 17 wedding is planned. The bride-elect attended Hart High School and is presently employed at Dale Prather Bookkeeping and Tax Service in Dimmitt.

### Baptists plan mission meetings

The First Baptist Church of Dimmitt will observe a "Week of Prayer for State Missions" Sept. 13-20.

WEEKDAY prayer meetings will be held at the church on Monday, Wednesday, Thursday and Friday mornings at 10. On Tuesday night, the prayer meeting will be in the home of Mrs. Irene Carpenter, 104 NW Sixth St., at 7:30.

Texas Baptists have set a goal of \$807,500 for a special offering for Texas missions. Of this amount, \$400,000 will be used for a major mission thrust in the 23 bulging metropolitan areas of the state. This means new chapels and churches, new buildings, new social ministries and counseling opportunities. Another \$35,000 will be spent in mission work along the Rio Grande River.

A half-hour film, "Behind the Shadows," explains the 1970 Baptist program of state mission work, and will be shown on Texas television stations Sunday.

MILTON SOLD the copyright to Paradise Lost in 1967.

### Entomologist urges shredding cotton stalks early this year

Shredding cotton stalks and plowing them under immediately following harvest has long been recognized by cotton producers as extremely important in combating the pink bollworm.

THIS practice is also most effective in reducing the potential diapausing boll weevil population, John G. Thomas, Extension entomologist, notes.

"Total stalk destruction immediately following harvest is not only extremely devastating to the boll weevil population, which is destined to enter diapause and infest fields the following year, but also adds little, if any, to the cotton production cost," Thomas said.

"Properly timing these operations consistently makes the difference in effective weevil suppression and results in reduced weevil numbers the following year."

Stalk destruction will prove extremely important in areas of Texas where diapause boll weevil control programs are conducted and in the areas where a short crop is anticipated, he said.

"Growers should shred stalks and plow under debris as harvest is completed," Thomas said.

WHERE desiccants or defoliants are used in preparing the crop for harvest, Thomas urged adding an insecticide to kill weevils before they enter their overwintering sites.

Growers should check with the county agent on the insecticide use, he said.

"Stalk destruction and plowing under the stubble deprives insects of the food supply which is necessary for obtaining sufficient fat reserves to enter winter diapause and successfully survive," he said.

"This practice is most effective in reducing populations of pink bollworm, boll weevil, cotton bollworm and tobacco budworm in the following growing season."

IMMEDIATE VACANCIES exist for trainee plant operators and laboratory technicians for the new Wet Milling Plant of DIMMITT WHEAT GROWERS. Job requires excellent physical stamina and High School education. Salary paid during training, and no previous experience assumed. Those interested, please contact Plant Manager, Barry Love, at (806) 647-2141.

9-48-tfc

PLAINS MEMORIAL HOSPITAL. It's a boy for Mr. and Mrs. Carlos Balderaz of Dimmitt. He was born Sept. 1 and has been named Oscar.

A girl was born Sept. 2 to Mr. and Mrs. Max Zamarrano of Dimmitt. She has been named Eunicie Lois.

Mr. and Mrs. Severic Espinosa of Dimmitt became the parents of a boy Sept. 3. They have named him Paul.

A daughter was born Sept. 4 to Mr. and Mrs. Keith Johnson of Plainview. She has been named Lindora Chrene.

OUT OF TOWN. Mr. and Mrs. Paul Nathan Catoe of Lubbock are the parents of an 8-pound, 1-ounce boy born Aug. 17. His name is Jeffrey Duane. Grandparents are Mr. and Mrs. R. E. Catoe of Dimmitt and Mr. and Mrs. C. W. James of Hereford.

### Driver's course may be held here

The Driver's License Division of the Public Safety Dept. hopes to organize a free driver's course here next month to give local adults the classroom training they'll need to pass written exams and become safe drivers.

IF 20 OR more sign up for the course, it will be taught in Spanish as well as English. A course now underway in Muleshoe reportedly has 55 enrollees.

The course will start sometime after Oct. 11 and will be held in the courthouse basement. The course consists of three night sessions of two hours each.

Local civic and service clubs are being asked to endorse, sponsor and publicize the course. So far, the Chamber of Commerce, Kiwanis Club and Dimmitt Volunteer Fire Dept. have endorsed the course here.

Anyone interested in signing up for the course may register either in person or by phone with Mrs. Dorothy Magness at the Chamber of Commerce office in the city hall or with Mrs. Sandra Robb in the Driver's License Division office in the courthouse.

### CAC carnival now underway

The annual fall carnival sponsored by the Castro County Activities Committee cranked up Monday for a six-night stand on the courthouse square in Dimmitt.

THE CARNIVAL, operated by James Shows, includes such rides as the scrambler, tilt-a-whirl, ferris wheel, boat rides and merry-go-round.

Service clubs and community organizations will provide ticket takers on different nights, with proceeds to go into the activities committee fund to help finance the annual Roundup celebration and other county-wide events sponsored by the committee.

MELVIN BARTON, committee chairman, said the carnival will be open every night through Saturday, and also will operate Saturday afternoon.

Tickets for rides are 35 cents each, or three for \$1, Barton said.

### Contract awarded for highway work

A contract for more than half a million dollars' worth of highway construction in Castro, Hale and Swisher Counties has been awarded by the Texas Highway Commission.

HIGH Plains Pavers, Inc., and Western Pavers, Inc., of Plainview were awarded the contract for grading, structures, base and surfacing on 13.6 miles of Farm Roads 168, 3183 and 3141. Low bid was \$523,426.82.

The project extends from the north city limits of Hart, southward to the Lamb County line; from US 87, two miles north of FM 1767, eastward to FM 400; and from State 86, four miles west of Tulla, southward to FM 524.

H. C. Weaver of Plainview is the Highway Department engineer in charge of the project, which will take an estimated 250 working days. The work will be under the supervision of District Engineer O. L. Crane.

### Heaths host family reunion

Thirty-four persons from Texas and Oklahoma gathered Sunday at the home of Mr. and Mrs. Gene Heath, 601 Oak St., for a Heath family reunion.

OLDEST person present at the all-day reunion was Heath's father, S. L. Heath, 84, of Cartwright, Okla. Other family members attended from Odessa, Lubbock, Brownfield, Dumas and Shallowater.

### Local corn seems safe from new virus disease

Southern corn leaf blight, the fungus disease playing havoc with corn crops in some states, reached Texas just a little too late.

THE FUNGUS disease is reported to be a serious problem in Mississippi, Alabama, Georgia and Florida. However, its occurrence in Texas was too late in the season to cause substantial yield losses, Dr. C. Wendell Horne, Extension plant pathologist, said.

"The infection of southern corn leaf blight that hit most of the major corn-producing areas of the US is caused by a suspected new race of the fungus parasite, Helminthosporium maydis," he said. "Greatest yield losses have been observed when severe infection occurred at the beginning of the silk and tassel stage; however, Texas corn was past this stage before serious infestation problems began."

Many corn growers are probably asking themselves if they should forget about raising corn next year and grow another crop.

"IT WOULD BE somewhat shortsighted to not plant corn because the disease might occur again next year," Dr. Horne said. "Three factors must be present before there can be another disease occurrence."

There must be a susceptible host, and we know that this is present because of this year's disease problem.

The pathogen, or infecting agent, must be present in sufficient quantities to cause infection, and this depends on many factors, which just happened to all be favorable this year.

Miss Hopson

### October date set

Mr. and Mrs. V. C. Hopson announce the engagement and approaching marriage of their daughter, Cynthia Kay, to Donald James McDaniel.

THE COUPLE will be married at 8 p.m. Oct. 2 in the home of Mr. and Mrs. Sandy Parsons, 1011 Pine St., Dimmitt.

McDaniel, son of Geri Davis of Dimmitt and Lloyd McDaniel of Boise City, Okla., is a 1968 graduate of Dimmitt High School. He is employed by A&H Supply.

Miss Hopson, also a 1968 graduate of DHS, is employed in the business office of Plains Memorial Hospital.

### Letters To The Editor:

#### What creates our 'slums'?

Dear Editor: I would like to make a comment or two about the picture on Page 10 of the Aug. 27 issue ("The Face of Dimmitt," contrasting sub-standard housing to the new migrant housing project).

THE TOP picture (a vacant shack) shows the evidence of people destroying the building, and not the building destroying itself, for buildings are not slums — people are slums.

When you try to make everyone alike you have a communal system of government, or a dictatorship — you don't have a democratic form of government with free enterprise. That top picture denotes our free enterprise system. As the evidence shows, the slums have kicked it in.

I lived in a tent for a year once so we could work and make a living, and I didn't consider it a slum. We had no water supply or bathroom facilities, but it was honorable and I was as proud as a king in a mansion. It's the cut-throat cut in life and not the building that you live in, that makes slums.

EULESS WAGGONER Sulphur Springs

THE OBJECTIVE of conservation districts is to insure that people receive the full economic and environmental benefits from their natural resources. —Charles Eochthy

### VFW to serve seafood supper

Fresh seafood will be flown in from the Gulf Coast for a shrimp and oyster supper to be served Saturday evening by the local Veterans of Foreign Wars.

HOWARD COOK, commander of the Castro County Memorial Post, said the supper at the post home will be open to all adults and will be followed by a dance.

"These ought to be the best shrimp and oysters we've ever had," Cook said. "They'll be large select grade, and will be flown in Friday from the Seven Seas Fish Market in Corpus Christi."

Admission will be \$5 per person for the supper and dance, or \$3 per person for the supper only. Minimum age for admission is 21, the VFW commander said.

THE SEAFOOD supper will be served buffet style, starting at 6 p.m. Chefs will be Fred Brungel Jr., Dale Carmichael and Garnett Holland. They'll keep cooking and serving shrimp and oysters "until you've had all you can eat." Cook said.

The dance will begin at 9 p.m., with music by Jimmy Allen's Tradition of Amarillo.

Ford will continue to be served throughout the dance, until 1 a.m.

#### More about:

#### Wanted: opinions

(Continued from Page One)

high cost of medical care and hospitalization as the most nagging problem of most older people, and the Kennedy Administration respcrded with the formation of the Medicare and Medicaid programs, she said.

"Progress since 1961 has been real, but 20 million older Americans still face many serious problems, especially in regard to income, housing, health and employment," Mrs. Rickerd said. She added that Texas has done more for its older residents than most other states.

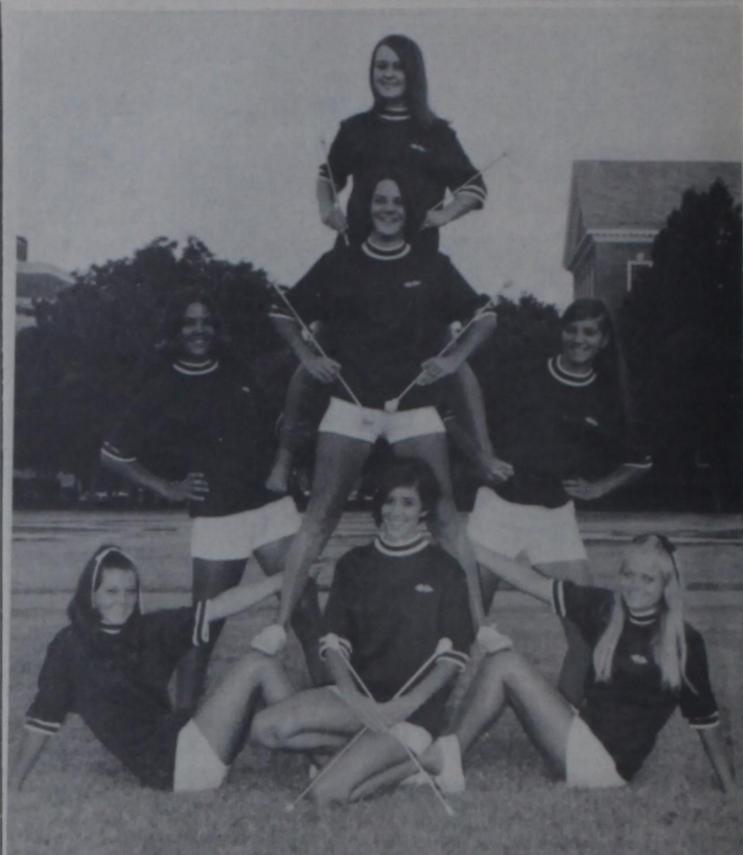

"WE HAVE to solve some of our older people's main problems and close the generation gap before the problems become worse," she said. "We now have 20 million Americans aged 65 and over. This is 10 percent of our total population, and the number of senior citizens is growing at a net rate of 900 per day, or 330,000 per year."

She said that she personally feels the main problem of the nation's older people "is that many of our senior citizens don't plan for their retirement when they were younger, and now find themselves arbitrarily retired and living on fixed incomes that are too low to maintain a good standard of living."

But the county's older people themselves may have other ideas on what their main problems are, and these are the opinions which Mrs. Rickerd wants to compile and send on to the state committee and the national conference.

"WE WANT our older citizens to tell it as they see it" concerning the problems of the aged," she said. "I'm supposed to listen and feed, and refer their comments to the state committee. And I'd like to hear from all the residents 55 and older that I can see we can get an accurate picture of their opinions and feelings."

THE WHOLE land is made desolate, because no man layeth it to heart. —Jeremiah 12:11

FRONT-LINE TROOPERS—Here are the high-stepping girls who will set a lively pace while leading the DHS Bobcat Band onto the field this fall. They struck up this pose during the recent drum majors' and twirlers' training camp at Southern Methodist University. Forming the foundation of the pyramid are (from left) twirlers

Sarita White, Beverly Hill and Vicki Carpenter, all juniors. Standing left is assistant drum major LeAnn Merritt, and standing right is drum major Ann Lust. In the center is head twirler Leisa Dannevik, a senior, and topping the pyramid is twirler Jeanne Petty, a junior.

### Marketing seen as key to future farm survival

The market is the basis of survival in the "farming game," and many farmers are becoming increasingly aware of this fact.

"FARMERS are becoming much more aware that they must pay more attention to the market," Dr. William E. Black, Extension agricultural economist, says. "They are realizing that the market can't be ignored if they are to stay in farming."

They are realizing, too, that agriculture is marked NOT by a scarcity of goods, but rather by a scarcity of markets."

As a result of this realization, some farmers see agriculture gaining more by being oriented outward toward the market, instead of inward toward the commodity, he said. The purpose of agriculture must be to satisfy people, not to produce endless piles of food and fibers, he added.

DR. BLACK noted that there are several reasons why marketing is getting much more attention and interest from producers. "Producers are finding that only through marketing are they able to measure the real worth of their effort," he said. "Gone are the days when the farmer considered his success during a growing season by the fullness of the grainery or barn at the end of the year."

"The real measure of success, now, is how much money was put in the bank and how much of this money was in excess of cost," he said.

Through marketing, farmers are converting from bushels, tons and bales to dollars, Dr. Black said.

THERE IS also no longer a

clear delineation between production and marketing as there was in the past, Dr. Black added. Today, marketing and production are entwined into one large complex, and in this complex, marketing controls production rather than production controlling marketing, he said.

"The farmer's most important asset in 1980 will be a market ahead of time for what he is going to produce, and if a man has a market arrangement, he will be more likely to secure necessary finances to farm," Dr. Black said. "Farming is becoming a 'residual activity.' It is something that will be done after obtaining a market and financing."

A third reason is that farmers are realizing that marketing is also a profit generator, he said, adding that marketing is an economic activity just as farming, and with higher returns.

#### FTA to wash cars Saturday

Dimmitt High School's Future Teachers of America will wash cars Saturday to earn money to attend the state FTA convention in Houston.

THE CAR wash will be at the La Mantia, Cullum, Collier & Co. vegetable packing plant on East Halsell Street.

The FTA members will wash a car or station wagon for \$2, wash a pickup for \$3, and wash and wax a vehicle for \$5. Pick-up and delivery service will be available by calling 647-5350.

"EVERYONE is in favor of conservation — it's just like prosperity — no one would vote against it. Conservation, however, is not something which can be voted into effect. It is a method of farming — a principle, and principles have to be used in order to work."

—Jim Bruner

SOIL IS the farmer's bank. It won't stand too many promissory notes.

SOME SUNFLOWERS! — The children of Mr. and Mrs. David Acker harvested this pickup-load of huge sunflowers Saturday from their garden. The largest was 19 inches across. Displaying their jumbo sunflowers, from left, are Agnes, 14, Elaine, 11, Bernard, 9, Norman, 12, and Steve, 15.

The youngsters and their mother will salt and bake the sunflower seeds for the winter. They also plan to enter some of the seeds in the County Youth Fair in Dimmitt Saturday.
