Goods and bads of the two alernate plans will be discussed by such top names in area cottor circles as George Pfeiffenberger, executive vice president of the Plains Cotton Growers. Mr. Pfeiffenberger reportedly has developed a formula for ascertaining the advisability of accepting either plan for the individual

Most farm experts believe the general average farm trend will be to accept the "A" plan, in this county whereby the farm operator stays within regular cotton acreage allotments and receives the 82 percent of parity as payment for his product.

CHRIST WILL COME AGAIN

s. Charles Montgomery an Just as surely as He came the first time, He "shall so come in like manner as ye have seen him go into heaven." Acts 1:11. John said, "Behold, he cometh with clouds; and every eye shall see him, and they also which pierced him: and all kindreds of the earth shall wail because of him." Rev. 1:7.

All who are in the graves shall hear his voice and come forth, John 5:28,29. All the angels will be with him.

The time of His coming is unknown to all men, angels, even Christ, Mark 13:32. When he comes he will find pride and mockery, 2 Pet. 3:3,4. Also, Indifference and Immorality, Lk. 17:

Christ is now reigning, Acts 2:33. He will not return to the earth to reign, 1 Thess. 4:16,17. The resurrection is universal, John 5:28,29; Rev. 1:7; Judsurrection is univers ment is universal, 2 Pet. 3:10. Therefore watch and be

A TRIBUTE TO POWER LINEMEN

Down through the mountains and over the plains stand the high-voltage giants of electricity-those weird tower whose crazy arms reach up into the heavens carrying the juice that lights the nation, heats ovens and furnaces and provides the current of modern living! But all this ma jestic equipment of steel and cable and humming wine would be as naught were it not for the brawny sentinels this system. They are the husky Power Linemen, sensitive the strings of a harp, who keep a constant vigil over the marching army of juice carriers. We applaud these me their work and their importance to the nation. Let's petribute to them today and every time we use that magic flow of power, electricity!

Registered Pharmacist on duty or on call 24 hours per day

IN APPRECIATION ...

The nine years we have been in business in Dimmitt have been rich in human experience and appreciation of the people of this area. Although good business practice justified the selling of Gladman Drug, it is with considerable regret that we are no longer in business here.

Our successor, Mr. Reid Bond, is a licensed pharmacist of utmost integrity and experience. We recommend him to our former customers and friends one hundred percent and we know he will find Dimmitt as rewarding as we did.

Gladman Druchas come a long way and business has been good. We realize and appreciate the fact that all the successes we have known as a business has been due to the faithful patronage of our customers. Consequently we wish to take this means of thanking everyone in this area for their fine patronage and for making this such an excellent place to live during the past nine years.
