

# City Delivery Starts Mar. 9

Postmaster Davis announced the beginning of city and parcel post mail delivery Saturday.

He released the names of the carriers for city mail delivery, Wednesday. City Route I carrier will be Donald Hooten. This route will cover the residential section. City Route II will be handled by Gerald L. Broadstreet. He also will deliver parcel post. This city route covers

the business section.

All patrons receiving city delivery must have installed a mail receptacle, box or door slot. "It is also necessary," points out Davis, "patrons have a house number on their home and place of business."

He declares, "Everyone planning to receive city delivery should notify all correspondents of the address change.

We still have plenty of cards at the post office for this purpose."

"We also need a change of address card in the post office from all postal patrons who wish to receive city delivery," he emphasized.

Also, Davis pointed out, the drop letter rate of 4c per ounce on first class mail will end, Friday. All first class mail handled in the post office beginning Saturday will be 5c per ounce

DON YARBOROUGH gave a big smile as he landed at the Dimmitt airstrip, Tuesday afternoon. The attorney spoke in Springlake School, Tuesday evening to open Texas Public School Week, there. Yarborough was selected by Life Magazine as one of the 100 Most Important Young Men in the United States. —Staff Photo

## The CASTRO COUNTY NEWS

Published Every Thursday in Dimmitt, Texas

THIRTY SIXTH YEAR DIMMITT, CASTRO COUNTY, TEXAS, THURSDAY, MARCH 7, 1963 12 PAGES — NUMBER 20

### Governor Connally Proclaims 4-H Week in Texas

Governor John Connally by official memorandum has proclaimed the period from March 2-9 as 4-H Week in Texas. President Kennedy has designated the same period as National 4-H Week and special activities have been planned in most counties of the nation as a part of the observance.

In his proclamation Governor Connally said, "The development of citizens and leaders for America is a high purpose in 4-H club work."

"The 4-H program stresses the four-fold development of head, heart, hands and health as well as teaching the latest practices in agriculture and home economics."

"Since the 4-H program was inaugurated by the United States government in 1914, the movement has spread across the nation and built bridges of understanding to more than 50 foreign countries. Members of the 4-H Clubs learn by conducting result demonstrations and participating 4-H activities. By putting into action what they learn, club members improve their homes and communities."

"Voluntary adult leaders working with club members provide a key to the success of 4-H. Parents and friends of 4-H give support and encouragement to club members. The Agricultural Extension Service of the A&M College of Texas, through county extension agents, directs the 4-H program."

"The opportunities offered to 4-H leadership and practical skills are especially valuable to them, the State of Texas and the Nation. The 4-H Clubs are a proving ground for the training of future leaders."

Governor Connally in his message to Texas 4-H members urged them to help others understand the high purposes and ideals of their organization. "The future," he said, "holds bright promise and as 4-H members you have a vital part in this future."

### Science Fair Will Open Saturday

The Dimmitt Science Fair will be held in the Community Room of the courthouse, Thursday, Friday, Saturday and Sunday.

Projects will be set up, Thursday. Judging of the projects will be Friday.

The exhibits will then be open to the public, Saturday from 9 a.m. to 5 p.m. Also, the exhibits may be viewed Sunday afternoon.

### 4-H Week Is Observed Here

DENNIS CLEAVER was Master of Ceremonies for "Share-the-Fun" Festival contest. The contest was conducted Monday night in the High School auditorium. —Staff Photo

In Castro County this week, March 2-9 some 125 bright and enterprising young people join with other 4-H Club members over the nation in observance of National 4-H Club Week.

Organized into eight clubs—Nazareth Community 4-H, Lucky Jumbo Community 4-H, Mulkey Community 4-H, Flagg Community 4-H, Hart Junior 4-H, Hart Senior 4-H, Frio Jolly Workers and Dimmitt Go-getters, these girls and boys under the guidance of about 13 4-H adult leaders are actively engaged in studies and practices to improve themselves and their environment.

The 4-H adult leaders are trained and work under the supervision of the county extension agent and home demonstration agent, Charles Hottel and Miss Celia Patton.

Adult leaders are Mrs. Emil Huseman and Leonard Conrad, Nazareth 4-H; M. L. Simpson and Mrs. W. O. Markley, Jumbo 4-H; Mr. and Mrs. Glenn Merritt and Mrs. S. R. Hutto, Mulkey 4-H; Mrs. Joe Smith and Edd Hughs, Flagg 4-H; Mrs. Floyd Cole and Mrs. E. F. Vogler, Frio 4-H; and Mrs. Edd McLeroy and Mrs. Joe Benson, Dimmitt Go-getters.

Beginning when the first 4-H Clubs were organized in the county, young people had a limited choice of projects to sponsor—today there are some 75 different projects from which to choose their work, such as Clothing, Foods, Home Improvement, Beautification of Home Grounds, Gardening, Canning, Frozen Foods, Electric, Leadership, Citizenship, Recreation, Tractor, Dairy, Poultry, Soil and Water Conservation, Bees, Beef, Swine, Sheep Horse and Pony, Dog, Field Crops, Safety, Town and Country Business, Public Speaking, Health, Wildlife Conservation, Entomology, Money Management, Automotive and others.

4-H Motto is "To Make the Best Better." The pledge which 4-H members begin their meeting says: I pledge:

My Head to clearer thinking  
My Heart to greater loyalty  
My Hands to larger service and  
My Health to better living  
For my club, my community and my country.

Castro County 4-H Clubs have established a good record through the years, with active members and adult leaders. Officers for 1963 are: Madelyn Smith, vice-chairman; Gerald Brockman, vice-chairman; Debra Summers, secretary; and Paralya Render, treasurer.

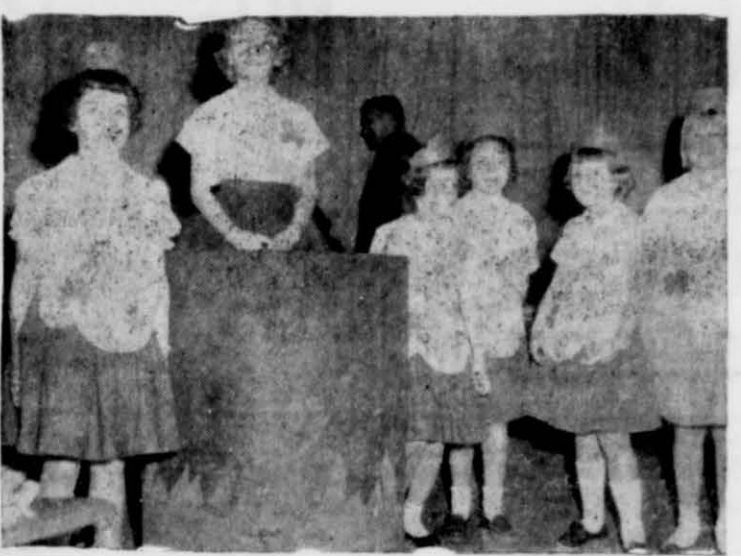

The 4-H Clubs are dedicated to the training of leaders for tomorrow. More and more 4-H Clubs today are developing programs of interest to urban and non-farming young people. 4-H Clubs help develop young people as useful, competent, cooperative, mature individuals.

### Choir Members Attend Musical Clinic At Wayland

A group of 12 members from the Youth Choir of the First Baptist Church are leaving Friday for Wayland Baptist College in Plainview where they will attend an Intermediate Young Choir Clinic. Director Johnny Burnett and his wife will be sponsors for the group.

At this clinic the young people will be participating with others in classes for vocal training and choirs. The Junior and Seniors Choirs will present a concert, Saturday at noon.

First Baptist young people from here will spend Friday evening enjoying a skating party. They will spend the night in the Congress Motel and then return home after the concert, Saturday.

FIRST PLACE WINNERS in the Junior Division are these young ladies from Frio Jolly Workers 4-H. They will be competing at Canyon in the district contest. Their skit was "Brewing A 4-H Stew." Those participating from left to right are Cheryl Cole, Debbie Stringer, Linda Manley, Sammie Ann Vinson, Genie Robbins and Mary Ann Vogler. Not pictured due to illness but part of the skit are Diana Adams and Edlana Vinson. —Staff Photo

FIRST PLACE WINNERS in the Senior Division were Frio Jolly Workers. The participants are Jana Cole (left) and Carol Robbins (right). Their skit was "One On Susie." —Staff Photo

### "Share-the-Fun" Festival Contest Highlights 4-H Week

Dennis Cleaver was master of cond place winner was "The Light Goes Out" by the Dimmitt Go-Getters 4-H - Marilyn McLeroy, Carla Robertson, Sherry Cole, Vicki Vaughan. Third place went to the Lucky Jumbo 4-H with "Sing Along With Mitch" - Carolyn Simpson, Patty and Mark Simpson, Roger and Susan Jones, Teresa Barnes, Mickey Simpson, Denise Stone, Lonnie Markley, and Betsy Simpson, accompanist.

### Anhydrous Ammonia Fertilizer Plant Contract To Be Let Soon

According to an announcement by George H. Landreth, president of Western Ammonia Corporation, a contract for the construction of the company's Dimmitt plant will be let within the next thirty days. The contract will stipulate that construction begin immediately.

The new fertilizer plant will be located on a 20 acre site, under contract, from the northeast corner of the Dewey Wright farm southeast of Dimmitt on the Plainview highway.

Landreth was in Dimmitt Saturday and delivered the contract for the property to the purchasing agent.

### About 20 Men Attend Livestock Feeding Tour

Approximately 20 men from the county attended the livestock feeding tour sponsored by the West Texas Chamber of Commerce, February 17-23.

The group left Hereford at 11 a.m., Sunday, February 17 and returned Saturday at 4:30 p.m., February 23.

According to Charles Hottel, the tour included feedlots in the Tucson area. He said, "We visited dairies and poultry farms in Los Angeles Port of Stockton and feedlots in the Stockton area," commented Charles Hottel.

Aaron Isaacs said, "I took the tour last year and it just covered feedlots. This year the tour was more diversified. We saw feedlot, dairies and poultry farms."

Those attending from Castro County were Leo Witkowski, Aaron Isaacs, C. D. Zachary, Bob Hill, Jimmy Cluck, Bud Hill, Charles Armstrong, Calvin Petty, Raymond Annen and John Schaecker.

Also Ed Bennett, Lon Booth, Fred Bruegel, George Blanton, Charles Hottel, R. B. Hayden, Ben Dierck, Salvatore DiCuffa and Ester Noble.

### Lee St. Baptist Brotherhood Met Tuesday Night

Lee Street Baptist brotherhood met Tuesday night in the church for their monthly meeting, according to the Rev. Allen Owens.

George Pope, president presided over the meeting.

The men enjoyed a Pot Luck covered-dish supper. They also made plans for three nights of prayer before the beginning of the church's revival, April 10-14.

A breakfast will be enjoyed by the brotherhood, Sunday, April 7. Following the breakfast, will be a prayer service.

### Lions Hear Discourse On Communism

Chet Braafadt spoke to 22 Lions, Tuesday noon concerning China and Communism, according to Lion reporter, Johnny Burnett.

He gave some personal observations of how China felt toward Communism. His father was a Lutheran medical missionary. Braafadt said, "I grew up in North China and got a first hand view of revolutionary trends." He speaks the Mandarin Chinese dialect.

He told the group a lack of unity among the Chinese people, different languages, lack of transportation and especially the matter of hunger and disease were big factors in helping Communism to take China. Braafadt said, "Who ever has rice to eat, that's whose side the Chinese will be on."

He pointed out Communist started training during the early school life of the Chinese child. "Students aided the Communist cause due to their great thirst for knowledge and the Communists played on this general phase," commented the speaker.

### Sabin Oral Polio Vaccine Drive Completed Sunday

The mass immunization drive of Sabin Oral Polio vaccine was completed, Sunday with a noticeable drop in attendance.

Dimmitt reported a turnout of 1040 at the South Grade School. There were 320 vaccines given at the Fire Station. There was approximately a 48 per cent drop in citizens receiving the vaccine.

Hart reported 271 taking the vaccine. Nazareth turned out 750 citizens. According to Sister Benedict, mumps and chicken pox kept several children from taking the vaccine.

Dimmitt or other cities in county will not provide a make-up clinic.

April 21 has been tentatively set as a makeup date for all three polio vaccines in Hereford. Anyone not receiving all three vaccines may take the make-up at Hereford.

MRS. WILLIAM D. BELL, fourth grade teacher in the Hart Grade School claims Portales, New Mexico as her hometown. She is a graduate of Portales High School. She attended Eastern New Mexico University in Portales. She then attended Wayland Baptist College where she took a B.A. degree. Her major is elementary education with a minor in secretarial science. During World War II, Mrs. Bell worked as secretary at Walker Airfield in Roswell, New Mexico. She met her husband, William while at Walker Airfield. They have two children, Billy Bob Bell, 15 and Ralph Edward Bell, 9. Mrs. Bell claims this year as her first in teaching. She has been a resident of Hart for 18 years. She chose teaching because, "I like fourth graders and I like to see their growth and development both socially and mentally." Her hobby is spending her spare time with her husband and boys. She is active in her community. She was previous president of Zealot Club and Woman's Society in the Hart Methodist Church. She is program chairman of S.T.A. this year. —Staff Photo

CHOIR OFFICERS for next year are (left to right) Carrol Webb, committeeman; Bill Bar-committeeman; J. B. Moore, institutional representative; A. T. Morgan, assistant Cubmaster; Arles Vandiver, committeeman; Glenn White, president of Parent's Auxiliary; Gene Ellis, ister; and Clyde Vick, assistant Cubmaster and Webelo Leader. Not pictured is Betty Par-secretary for the Parent's Auxiliary. —Staff Photo

...think it over too long," word passed along to the reducers by Charlie E. retary, Agricultural Stab-and Conservation County e. He reminds growers interested in taking part 3 feed grain program that "intention to participate" the Castro ASCS County a necessary first step, sign-up period extends only March 22. This gives far-ly a few days longer in make-up their minds a-3 production plans. an diversion under the gram is 20 percent of the 1 farm's total feed grain r diverting more than the acreage from feed grain n into a conserving use, sion payment will be fi- a higher rate. s the diversion payments through participation in grain program, particpa-ers also qualify for a spe-e-support payment on the production of the acreage o feed grains in 1963, and also eligible to put their ler the regular price-sup- or purchase agreements. rmer wishes, a part of the payment may be made

...E. Hill points out that tion in the feed grain pro-ct only saves the farmer s of planting and harvest-ages of unneeded feed grai aranteeing a substantial from his diverted acres, so increases the conserva- the Nation's crop-land, conse- reduction of government in stocks, and saves dol- tax-payers by reducing the storage, shipping and hand government-owned grains.

### Senator YARBOROUGH'S REPORT

Dear Fellow Texan:  
We read much these days about the Common Market of Europe, and the dispute between Great Britain and France. And we are asked, "Just how does this affect the United States?"  
I'll give one example that comes close to home in Texas. The European Common Market, as you know, is a trade combine of European nations, and it is having harmful effects on American agriculture that are coming home to us.

The European Common Market nations are West Germany, The Netherlands, Belgium, Italy, Luxembourg and France. They have a trade agreement which would cut out tariff barriers with each other, but would allow tariffs on products from the United States, exports.  
We can produce poultry, such as broiler chickens, in the United States at 29 to 31 cents a pound. In Europe, it costs four or five cents more per pound, even after adding the freight charges to our cost. We can ship poultry to the European market and place it on the table of a German family at a price four or five cents cheaper because of the efficiency of our growers, our packers and our transportation industry, and because of the lack of mass production methods in European agriculture.  
But these nations have not put up a tariff against the American poultry industry, and because of the lack of mass production methods in European agriculture. The United States is seeking ways to knock down this wall, so the American farmer and the Texas poultry producer will not be the loser. A few days ago, I attended a hearing of the Senate Finance Committee where Secretary of Agriculture Freeman and others discussed the impact of the European trade combine, commonly called the Common Market, on the broiler and turkey industry in the United States.  
It is apparent that we will have

### St. Baptist Youth Week

St. Baptist Church will have a "Youth Week", March 10-14. Church youth will take the lead in the week-long program. The week will culminate in a church service on Sunday, March 10. The week will be a time of spiritual refreshment and help for the youth of the church.

### Conduct Sale

Embassadors youth group of the Assembly of God is conducting a Bake Sale at the Baker's Food and Market, Saturday, March 9, from 10 a.m. to 2 p.m. The sale will be a purchase carpet for the building which is scheduled construction soon.

### Met In Person Home

Meet W.M.U. met Tuesday, March 5, in the home of Mrs. L. V. Ellison. There were nine present. The meeting was opened with prayer by the pastor, Rev. J. W. Jones. The Chains are for 10 minutes. The meeting was given by Lavern Camp of mixture of egg mixture. The meeting was concluded by a prayer by Nola Mae Henderson. The meeting was held in the home of Mrs. L. V. Ellison. The meeting was held in the home of Mrs. L. V. Ellison.

**Staff Photo**

This hearing was one step in our government's efforts to save the poultry export industry in the United States. In 1962, the total broiler industry in the United States brought a gross income of \$1 billion, of which \$50 million came from poultry exports. In 1962, the poultry export trade of the U. S. was virtually zero. Texas was the sixth ranking state in this trade in 1962—therefore, we have a major share of this poultry export.

But today the European Common Market, with its unreasonable and unfair tariff wall, is dealing a severe blow to the national industries and the Texas poultry industry. Our sales are going to fall off sharply unless we can correct this tariff barrier that has been erected against us.

It is apparent that we will have

### LEGAL NOTICES

#### ORDER FOR CITY OFFICERS' ELECTION

##### THE STATE OF TEXAS

##### CITY OF DIMMITT

I, G. W. Bradford, in my capacity as Mayor of the City of Dimmitt, Texas, do hereby order that an election be held in said City on the 2nd day of April, 1963, for the purpose of electing the following officials for said city:

Mayor & City Judge  
That in accordance with an order adopted by the City Commission of said City, said election shall be held at the following place in said City, and the following named persons are hereby appointed officers for said election.

In Election Precinct No. at City Hall Building, in said City, with Ray Bearden as Presiding Judge; Goodwin Miller as Assessor, and Mrs. Ray Bearden and Mrs. Goodwin Miller, Clerks.

That said election shall be held in accordance with the Election Code of this state and only resident qualified voters of said city shall be eligible to vote at said election.

That the City Secretary shall give notice of said election by posting a copy of this order in each of the election precincts of said city, which posting shall be done not less than 30 days prior to date fixed for said election.

That immediately after said election is held, the officers holding the same shall make returns of the result thereof to the City Commission.

FLAGG NEWS

The Flagg Home Demonstration Club met Friday, March 1 at the Community building.

The president, Marie Winders, presided over the business meeting. There were ten members of the club present.

The finance committee recommendations were read and approved.

Final plans for the club's annual tour were made.

Refreshments were served to the following ladies: Marie Winders, Mary Lu Smithson, Dee Yates, Mildred Bradford, Ruth Wooten, Frances Duke, Janice Aze, Billie G. Davis, Fay Damon and Darlene Wooten.

The next meeting will be March 15 at the Community building.

Mrs. Rayphard Smithson and Mrs. Ben Smithson were shopping in Amarillo recently.

Mr. and Mrs. Robert Yates visited in Hereford Sunday.

Mr. and Mrs. James Bradford attended the basketball games at Lubbock Friday and Saturday.

Mr. and Mrs. Jesse Wooten visited in Cortell, Oklahoma last week-end.

Mr. and Mrs. J. W. Birchfield are visiting this week in Houston, Texas.

Saturday visitors in the Clyde R. Davis home were: Mr. and Mrs. C. P. Davis of Littlefield, Mr. and Mrs. Wayne Davis and girls of Lubbock and Mr. and Mrs. A. W. Birchfield.

Mr. and Mrs. Rex Wooten were Sunday dinner guests of the Deroy estates.

Mrs. Bob Hill and children of Hereford visited Wednesday evening with the Rex Wooten and Jesse Wooten families.

Mrs. Cecil Ginn was in Lubbock last Friday on business.

Eddie Ben Smithson, son of the Luther Smithsons of Temple visited in the Rayphard Smithson home last week.

Laurie Cook and children of Amarillo visited recently in the home of her parents, the C. T. Damonns.

SONS VISITS

Carroll West, YN3 from San Diego, California is visiting with his parents, Mr. and Mrs. R. C. West and Sheila. He is home on a 30-day leave.

Miss Dobmeier - David F. Irlbeck Wed In Holy Family Catholic Church

Miss Judith Ann Dobmeier and David Frank Irlbeck of Happy exchange wedding vows in the Holy Family Catholic Church, February 20. The Rev. Wilmer J. Riechel officiated.

Mr. and Mrs. Leo Dobmeier are parents of the bride and Mr. and Mrs. Ed Irlbeck are the bridegroom's parents. Dobmeier escorted his daughter to the altar and presented her in marriage.

Traditional wedding music was played by Mrs. Leonard Conrad, organist. Mrs. Tom Brockman and Wayne Brown were groomsmen. Users were Daniel Irlbeck, brother of the groom and Allen Dobmeier, brother of the bride.

After the reception in the community hall, the couple left for a brief wedding trip.

For travel, the bride wore a brown sheath dress with a matching plaid coat and accessories.

The couple will be at home in Happy where Irlbeck is engaged in farming.

HERE FROM ALBUQUERQUE

Mr. and Mrs. Herbert Burnham and sons, Michael and Rex of Albuquerque, N. M. arrived here Saturday for a visit with her parents, Mr. and Mrs. B. M. Nelson. Mr. Burnham returned home Sunday. Mrs. Burnham and children remained for a two-weeks visit.

CASTRO COUNTY LIBRARY HOURS

2:00 - 5:00 p.m. 10:00 - 4:00 Saturday - Closed Mondays

THIRD AND FOURTH GRADE HONORABLE MENTION

JANE ANN MOONEY FOURTH My dad's greatest gift to me is that he taught me to pray to God. Now I pray before I go to bed and in the morning when I get up. My dad said when you are in trouble just ask God to help you. Also he said when I get big I will know how to pray even better. My dad taught me another thing to love. I always remember to help somebody at home, at school, and at play. I go by the Golden Rule. If you went by the Golden Rule you might live a better life. And that's my greatest gift to me from my dad.

HONORABLE MENTION FIRST AND SECOND GRADE

VICKIE HUNTER SECOND My father's greatest gift to me is to teach me to love and trust in God.

HIGH SCHOOL DIVISION Second Place - Senior

Georgene Blanton "My Dad's Greatest Gift to Me" I do not believe that I can designate a single gift from my father as being more important than another one. "Gift" does not exactly seem to be the word to describe what Dad has given and given generously to me. When I think of a gift, I think of a present, a thing of material value, and although my father has provided well for our family, and I have never lacked for gifts, Dad has given me much more than can be counted in dollars and cents.

Dad always has time to listen to my problems, no matter how small, and, although he does not always offer an immediate solution, I find great comfort in having someone to be concerned for me. Love and understanding are a part of my dad's nature.

It is a very rare occasion when my dad criticizes me on important matters. Many times he will say that my skirt is too short, or my hair has been cut too much, but he is usually only teasing.

For my mother and daddy, I have provided the necessities and the comforts of life. Also he has provided the stable background necessary for a happy home. He and Mother have surrounded the home with an atmosphere of love and stability. By giving their children this, they have given us many things; emotional stability, a pattern for our homes, an example of happiness, and a deep respect for our mother and daddy.

Garden Club Meets Tuesday

Dimmitt Garden Club will meet Tuesday in the Community Room at the First State Bank at 3 p.m.

Mrs. John Graham of Sunnyside will be the featured speaker for the occasion.

Hostess for the event are Mesdames R. D. Rogers, H. E. Horen and Iris Tschotzke.

VISITS DAUGHTER

Mr. and Mrs. Frank Meurs, Jr. visited their daughter and family, Mr. and Mrs. Zay Gilbreath and Gary in Manhattan, Kansas last week-end.

PTA Spotlight

The Harlem Stars and the Dimmitt All Stars danced Friday night at the North Grade School Gymnasium before a packed house.

The Harlem Stars beat Dimmitt, the score was 94 to 61. This is not a new record for Dimmitt since they have not played regularly and the Harlem Stars are professional players.

The Harlem Stars have played every night except Sunday nights since the first week in September, and they don't practice between games. Laughter was heard during the game as the Harlem Stars performed their special brand of basketball—that is a little playing and a lot of fooling.

We sold 97 tickets and made \$49.50 for the P.T.A., and that is more than enough to buy the machine we need. There were many people involved in this project and we wish to thank the players, officials, score keepers, gate keepers, the high school who provided the gymnasium, and the Castro County News for their help.

Since I am the younger child, a girl, I was destined to become a "Daddy's boy." When I was small I went everywhere with my Dad. I did everything with him, and loved every minute of it. I was quite a tomboy. Because of this I have always been closer to my father than to mother, explaining to my mother that I have a special relationship with my father and I love him.

Daddy has always provided my family with the necessities and the comforts of life. Also he has provided the stable background necessary for a happy home. He and Mother have surrounded the home with an atmosphere of love and stability. By giving their children this, they have given us many things; emotional stability, a pattern for our homes, an example of happiness, and a deep respect for our mother and daddy.

Legislature Report To District

The House has passed four bills that affect a wide area of our population. Number one is a bill that would allow the speed limit to be increased in areas where the Department of Public Safety thinks it is advisable, from sixty to seventy miles per hour. I helped to sponsor this bill in the House, and the mail I have received from our area indicates that this is a bill that will be welcomed.

Number two is the teacher retirement legislation that allows teachers retirement allotment to be based on a year period, and it will increase the amount of retirement pay that retiring teachers will receive, but this will not cost the State any additional money. I supported this legislation in the House.

Number three is a bill pertaining to Padre Island. It allows the Federal Government to develop the Island as a National Park, but retains for the State the rights to the minerals, and allows for no further expansion than the land included in the bill. Number four is a referendum that would allow counties to decide whether or not they shall continue to have an office of County Superintendent. This bill makes it mandatory for the counties to provide for a referendum on the bottom of the ballot in the 1964 general election on the question to abolish the office.

After listening to the debate and seeing the votes on these and other measures it is apparent that the House will have a conservative vote throughout the session, as had been previously predicted, with the vote varying ten to twenty votes according to the issue.

Our Committee on Municipal and Private Corporations is considering the very important annexation bill. The bill protects future growth of cities, as well as giving protection to the areas being annexed. I believe this legislation may well be the answer to the annexation problem which has faced prior legislatures.

Toward the last of this week of the first of next week I will introduce in the House a bill that will be controversial, I am sure, but which if passed will provide for a central licensing office for all of the agencies that now license from individual offices. This would bring some twenty-two agencies into one office, and would

seats. It even offers a new Comfortite steering wheel that positions right where you want it. The new Chevy II Nova SS has its own brand of excitement. Likewise the turbo-supercharged rear-engine Corvair Monza Spyder and the all-new Corvette Sting Ray. Just decide how sporty you want to get, then pick your equipment and power—up to 425 hp in the Chevrolet SS, including the popular Turbo-Fire 405\* with 340 hp for smooth, responsive handling in city traffic.

House racing, liquor by the drink, and longer curfew hours for package stores will be coming up before long, but I don't think any of these will have much of a chance to pass, I hope not, as I am opposed to all three bills, and I know by the mail I have received from the people I have talked with that our district is opposed to

birds planted earlier or later. A Grain Sorghum Date of Planting test was initiated in 1961. The purpose of this test was to determine the effects of planting date on yields of early, medium and late maturing varieties of grain sorghum. Despite the early planting damage from birds, and the late planting by midge, the results clearly demonstrate some of the advantages and disadvantages of

House Bill 106, a revision of the Sales Tax Bill, has been heard before Committee. The big opposition to the bill, as it is now, is a 2 per cent tax on farm machinery and removing alcoholic beverages from 2 per cent tax. This bill is now in sub-committee.

The bill to merge the Fish and Game Department and the Parks Department has passed the House and is pending in the Senate. There is some question as to how this bill will fare in the Senate.

I am anxious to be of any service I can to the people of my district, and I would like to hear from you when any legislation, in which you are interested, is considered. I would also like to know if you would like to receive any other reports, such as this.

THE CASTRO COUNTY NEWS IS AN INDEPENDENT COUNTRY NEWS PAPER DEVOTED TO REPORTING THE NEWS AND REFLECTING THE OPINIONS OF THE PEOPLE OF CASTRO COUNTY AND THE GREAT HILL PLAINS.

ENTERED AS SECOND CLASS MATTER IN THE UNITED STATES POST OFFICE IN DIMMITT, CASTRO COUNTY, TEXAS, UNDER THE ACT OF MARCH 3, 1879.

Hospitals have been playing an important part in State government.

While Gov. John B. Connally was recuperating from a hernia operation, the state senate turned thumbs down on his choice of former Supreme Court Justice W. St. John Garwood as a University of Texas regent.

The man who sponsored Garwood, Sen. Charles Herring of Austin—also was recuperating from an operation: an appendectomy.

Attempts at bedside maneuvers by both to get a senatorial confirmation for the prominent Texas failed and the appointment was turned down by an estimated minority of 12-16.

It takes a two-thirds majority to approve an appointment.

Governor Connally issued a statement, saying he was bitterly disappointed that a minority group of the Senate prevented confirmation of Judge Garwood.

He added, "To me, it seems inconceivable that the people of Texas could so deny the services of a man of exceptional intellect, a man of great capacities, and a man of deep devotion to the University and his State."

The governor said he had hoped the senate might choose to reconsider its action but had no further comment at this time.

Game-Parks Merger—Senate spent most of the week signing the wheels. But over in the House of Representatives on the Governor Connally's major reorganization—merging the Game and Fish Commission and the State Parks Board into a single three-member

ing shell-taking permits—was postponed for a week. Padre Island Park Approved—A noisy but brief flurry attended final House passage of Rep. Menton J. Murray's bill to make a National Seashore of Padre Island. But the Harlingen representative's bill passed by a 126-19 vote.

It is expected that the first bill to get committee approval by the other chamber will go to a joint conference committee.

Some coastal legislators were hoping the matter will be settled in time for April consideration by Congress, where appropriations must be made to finance the purchase of privately-owned land on the island.

County Building Like Okayed—A bill by Rep. Vernon Beckham of Denison, designed to solve a local problem, may prove helpful for rural counties.

It would allow county commissioners' courts to spend up to \$20,000 for county buildings outside the county seats. Present law limits this expenditure to \$10,000.

Bill was passed by the House, 143-0.

County seat of Grayson County is Sherman. But Denison—in the same county is almost as big and busy. Therefore an adjacent county courthouse building is under construction there. Building and property costs have been estimated that the Denison courthouse can't be finished until the increase is authorized.

Committee Busy—Senate and House Committees have accomplished quite a bit—either by positive or negative action—to settle some legislative issues.

They have given a green light to a bill to raise the age ceiling from 14 to 16 on the state's program of aid to dependent children (an effort to keep needy children in school).

Given a friendly reception to the bill by Rep. W. H. Miller of Houston to require seat belt anchors in all new cars sold in Texas.

Given cool reception to a series of Senate-proposed constitutional amendments and bills designed to revise—and eventually eliminate—the state property tax and leave it to local units of government.

Approved a Senate bill to set up a state school for mentally-retarded children in Corpus Christi.

Other bill to create a similar school somewhere west of the 100th Meridian in West Texas is set for a Senate committee hearing on March 20.

Budget Hearing—In two quiet rooms in the Capitol and one in the Sam Houston State Office Building, budget hearings are grinding toward an end by the Senate Finance Committee, and by Governor Connally's budget staff.

These groups have the most influence on how the state's \$3,000,000,000 income will be spent in the next two years starting September 1.

Their figuring will determine whether the hearings by the House Revenue and Tax committee eventually will turn into serious consideration of bills for sales tax revisions.

It's very likely that the first bill to increase taxes will be one revising the exemption on auto sales, to raise sales tax revenue by \$10,000,000 a year.

Court Rules on Safety Law—Col. Homer Garrison, r., director of the State Department of Public Safety, questioned drivers of publicly-owned vehicles that they comply with the provisions of the state's responsibility law.

Garrison said that a recent ruling by the Waco Court of Civil Appeals confirmed the fact that the law must be complied with by drivers of publicly-owned vehicles.

The safety responsibility law requires everyone involved in an accident to show his ability to pay for damages caused to others.

This can be done by purchasing a liability insurance policy; by obtaining written releases from damaged persons; or by depositing cash in the amount of damages with the Department of Public Safety.

House Committee on Insurance has approved a bill by Rep. Robert Fairchild of Center which would strengthen and stiffen the safety responsibility law. Under this bill, if anyone failed to prove financial responsibility, the DPS could take his driver's license, as well as his car license plates.

Governor's Appointment—Governor Connally has made these new appointments.

Evening's program of Lubbock has been named to the State Securities Board.

Appointed to the Board of Regents of State Teachers Colleges are Clayton Hare, Amarillo; Otis Lock, Lufkin; and Dr. Jose San Martin, San Antonio.

W. S. Bellows Jr. of Houston will fill the unexpired term of Joe W. Winters, also of Houston, on the Board of Control.

Lynch Ban Constitutional—A law prohibiting lynching is constitutional, says Atty. Gen. Waggoner Carr.

Carr also held that Floyd R. Palmer's landscape Commission can be held to a bid of \$16,161 for landscaping work around a state office building, even though the company says it will lose money on the project.

In other opinions, Carr said: A facility caring for six or less children during the day must be licensed as a commercial boarding house.

A county which purchases gasoline for its own use must pay the state excise tax, but is not subject to the federal excise tax.

Texas, buying and registering

## Walter Rogers' WASHINGTON NEWSLETTER

The House Committee on Un-American Activities again seems assured of adequate financial support for its work in the coming year. I expect a resolution to be introduced in the House soon calling for a \$30,000 appropriation for the same sum as granted to the committee last year. There is only spotty opposition around the country to the work of this committee, and the overwhelming majority of House Members supports it. The committee again will have the money it needs.

I've always been a strong supporter of the Committee on Un-American Activities. Not only does it stand as a watchdog against subversive influences at work in this nation, but the investigations it conducts have produced much worthwhile legislation. In the years 1941 through 1962, the committee has introduced and secured passage of 142 legislative recommendations to the Congress, of which 42 were enacted into law, including six in the last session.

Already in this session, the chairman of the committee, the Hon. Francis P. Walter of Pennsylvania, has introduced a set of bills to tighten provisions of the Internal Security Act of 1950. One of those bills is a bill to require that those of us who set up this program were trying to avoid. In no case has the government introduced legislation to protect itself against placing the government into any industrial activity that would be handled by a series of enterprise companies equipped to work in the field.

The President's tax revision proposal for oil and gas amounts to an end run to avoid a head-on collision with the 27 1/2 percent depletion allowance. The tax program submitted by the President would leave the 27 1/2 percent rate intact, but it would in effect cut the allowance by tightening reporting and computation procedures. The Treasury Department estimates the effect would be the same as a drop of up to one-fourth in the oil and gas depletion allowance. The Independent Petroleum Association of America estimates that the effect would be a drop in the al-

## About Your Health

People who are deliberately indifferent to their personal hygiene are as scarce as purple cows.

Nature has endowed most of us with an acute sense of pride about such things as daily bathing, brushing teeth, clean fingernails, good grooming. We would go to practically any length to avoid being of workmen, or whoever.

And most of us resent even the slightest suggestion that there are times when our PH (personal hygiene) quotient slips a little. Think about it for a moment: what in this competitive life is as important to the average man or woman as personal cleanliness? What contributes more to their being accepted and welcomed by others?

Fortunately a high PH quotient is easy to come by. Actually it is a habit, a way of life, and a very pleasant one. Here are its main ingredients:

Bathing: Daily bathing is as refreshing as it is healthful. Besides making you more agreeable to those around you, it is less vulnerable to disease when you wash off the 24-hour accumulation of perspiration and sweat. Most people find it practical to wash their hair at least once a week. One brand of soap isn't necessarily superior to others. The important thing is to use plenty of it.

Dental health: This is absolutely essential to a high level of personal hygiene, so see your dentist regularly.

Don't be confused by television commercials about the therapeutic and cosmetic effects of certain tooth pastes or powders. Fingernails: Nothing is more fatal to attractiveness than dirty fingernails. By all means check yours regularly—two to four times a week—ready-for-the-day—ritual.

Handwashing: Frequent handwashing, particularly after restroom visits, is another part of a high PH quotient. It is a must habit for cooks, waitresses, bartenders, beauty operators, etc.

## FROM SUNNYSIDE

Ermon of Summerfield joined them Sunday. Mrs. Patterson and children are staying with Mrs. Lilly and Twila.

The WMS day circle met for the circle meeting. Mrs. Roy Diehl, President had charge of the program.

The WMS met for business Thursday afternoon following the day circle meeting. Mrs. Roy Diehl, President had charge of the meeting.

The Beginner Submeets met during both WMS meetings Thursday afternoon. Mrs. Raymond Lilley is their leader.

Mr. Edillon Lyle had the stitches removed from his eye in Amarillo Friday and the surgery was successful.

Rev. and Mrs. M. D. Durham and Mrs. M. D. Durham left at noon Friday for Dallas to see his mother who is in the hospital with pneumonia and visit with other relatives over the weekend.

Mr. and Mrs. Weldon Bradlee visited in the Muleshoe hospital Wednesday with Mrs. Raymond Green. Mr. Green passed away Saturday morning and the Bradlees visited with the family again Saturday afternoon.

Larry Don Phelan was dismissed from the Campbell Memorial Hospital and will. Most people find it practical to wash their hair at least once a week. One brand of soap isn't necessarily superior to others. The important thing is to use plenty of it.

Personal health: This is absolutely essential to a high level of personal hygiene, so see your dentist regularly.

Don't be confused by television commercials about the therapeutic and cosmetic effects of certain tooth pastes or powders. Fingernails: Nothing is more fatal to attractiveness than dirty fingernails. By all means check yours regularly—two to four times a week—ready-for-the-day—ritual.

Handwashing: Frequent handwashing, particularly after restroom visits, is another part of a high PH quotient. It is a must habit for cooks, waitresses, bartenders, beauty operators, etc.

These things as daily bathing, brushing teeth, clean fingernails, good grooming. We would go to practically any length to avoid being of workmen, or whoever.

And most of us resent even the slightest suggestion that there are times when our PH (personal hygiene) quotient slips a little. Think about it for a moment: what in this competitive life is as important to the average man or woman as personal cleanliness? What contributes more to their being accepted and welcomed by others?

Fortunately a high PH quotient is easy to come by. Actually it is a habit, a way of life, and a very pleasant one. Here are its main ingredients:

Bathing: Daily bathing is as refreshing as it is healthful. Besides making you more agreeable to those around you, it is less vulnerable to disease when you wash off the 24-hour accumulation of perspiration and sweat. Most people find it practical to wash their hair at least once a week. One brand of soap isn't necessarily superior to others. The important thing is to use plenty of it.

Dental health: This is absolutely essential to a high level of personal hygiene, so see your dentist regularly.

SECOND PLACE WINNERS in the Junior Division are these girls from the Dimmitt Go-getters 4-H Club. They are (left to right) Vicki Vaughan, Sherry Cole, Carla Robertson, Marilyn McLeroy and Jeannette Seely. Their skit was entitled "The Light Goes Out."

PRESENTING "King of Cannibal Isle" are these contestants representing the Dimmitt Go-Getters 4-H Club. Front row (left to right) includes Keri Kirkpatrick, Judy McLeroy, Julie Hottel, Jeanne Damron and Debbie Wilson. Second row (left to right) includes Cindy Rogers, Susan Benson, Kathy Markley and Donna McGowan.

### Rewards Of 4-H Adult Leader Is Discussed

(EDITOR'S NOTE: This article was written especially to emphasize National 4-H Week, March 2-9. This piece gives a first-hand report from an active adult leader in 4-H and how they feel about the program.)

To list the rewards of being a 4-H Club leader is nearly impossible. To be a 4-H leader you must believe boys and girls and in what you are doing and sell others on 4-H Club work. This I believe strongly. I think of a quotation by Harry Emerson Fosdick given to a group of 4-H leaders, "Great living starts with a picture, held in a person's mind of what he would like someday to do or be..." First, every mother thinks of her own children and wants to help them to become well adjusted, happy people. So we want to do our best

to help them achieve a high goal. In working with 4-H it is very rewarding to see children learning new skills and new ideas through educational projects and to apply the latest research in agricultural, home economics and other fields. They learn to adjust to these changing times and prepare themselves for efficient, effective living. They learn to match "what they have" with "What they need" for the jobs they want. They learn "whys" as well as "hows" of what they do. Thinking of my own club I feel like a paid worker or that good feeling when you see girls receive the satisfaction of learning a method or something they did not understand, but that they finally understood for the first time. The young girls have a chance to lead the group and to know parliamentary procedure. Sometimes their parents have not had this chance until they were grown. These 4-Hers are training for our leaders of tomorrow and they are becoming responsible citizens.

### Lucky Jumbo 4-H Activities Are Discussed

(EDITOR'S NOTE: March 2-9 is National 4-H Week. This article gives an insight into the activities of 4-H in a local club. The author is active in 4-H.)

More than being a social organization, 4-H teaches boys and girls things they are directly concerned with: livestock, tractors, safety, cooking, clothing care and construction, interior decorating, parliamentary procedure, how to lead songs, games, discussions, how to groom animals for showing, how to fix cookies, cakes and display aprons. The community club also helps boys and girls to get along amiably together. They learn how to be a good sport about winning and losing. 4-H awards are given according to age and merit. Lucky Jumbo Community 4-H Club has in the past year garnered many such awards.

We entered three team method demonstrations and one individual demonstration in the County Eliminations last April. The group won four blue ribbons and the right to represent Castro County at district in Canyon, May. In Canyon, the Club took two first awards, one second and one third.

The Club entered the County Fair with one of their members showing a Sears pig. The girls entered their events 100 per cent and won several blue and red ribbons. In the Project and Fat Stock show just completed, February 1 the Club had one boy to enter a

OFFICERS OF THE HART 4-H CLUB are pictured here (left to right) Quincy Hawkins, Jerry Smith, Joe Bob Sanders and Bob Crick. These boys are active 4-H Club members.

### Mulkey 4-H Club Activities Revealed

(EDITOR'S NOTE: March 2-9 is National 4-H Week. This article gives highlights of the activities in the 4-H organization. It relates the activities of young 4-H members in action in a local club.)

The 4-H Club in the Mulkey Community has meant much to the boys and girls. Each has had the opportunity to feed, groom and show livestock in the County Fat Stock and Project Show.

In addition the girls have taken clothing, foods and safety in club activities. Last year, a group went to district in safety and soil testing. For two years, judging teams went to College Station to 4-H roundup.

The project show this year was a happy occasion for the girls. Jeanne Petty won a banner and \$5 on chocolate fudge and marshmallow dainties. Le Ann Merritt won \$1.50, and Jana Thunisch won a blue ribbon on food products entered. This is a wonderful record for first year girls. They are very enthusiastic.

Mulkey Club has earned a purple seal for the past three years. That is work well done. They hope to earn a purple seal again this year.

It has been said, "The future belongs to those who prepare for it." Mulkey is trying to prepare its boys and girls for a place in the future.

### "Share the Light" . . .

(Continued from page 1) In the Senior Division, first place went to the Frio Jolly Workers 4-H for "One On Susie" by Jana Cole and Carol Robbins. Second place winner was "The Nouse Nuisance" by Peggy Godfrey and Rodney Hutto from Mulkey 4-H Club.

Other 4-H members participating were: LeAnn Merritt, Jeanne Petty, Jana Thunisch, Jeanne Damron, Susan Benson, Donna McGowan, Judy McLeroy, Keri Kirkpatrick, Cindy Rogers, Kathy Markley, Julie Hottel, Debbie Wilson, Clyde Damron, Jr., James Edd and O. R. Hughs, Arie Petty and Byron Hutto.

steer and two entered sheep. The girls entered the Project Show 100 per cent.

The busy Club members have just completed their part in "Share the Light" festival contest.

We plan next to work on method demonstration where we will be busy adding to our knowledge and representing ourselves, our club and our county and ultimately our American way of life through 4-H.

### Letters to the Editor . . .

Hillsborough, California  
February 25 1963

Dear Mr. Nelson  
Thank you, for changing our Castro County News to California address. Just couldn't get along without it during the two months, we will be away.

We like the mailing envelope very much. It impresses California people with the fact that Dimmitt is the Grain Sorghum Capital of the nation.

It was good to see the large representation from Castro County with the West Texas delegation on

the California Tour. We met them at the Sir Frances Drake Hotel last Friday morning. We are feeling fine and enjoying the California sunshine, our grandson, young Bill Koonce, and his mother and daddy. Kindest regards and best, wishes to you and Mrs. Nelson.

Sincerely,  
Mary and W. E. Kirkpatrick

Thursday night 2-28  
Castro County News  
Dimmitt, Texas  
Dear Editor,  
Just wanted to compliment you

We're glad to join in celebrating National 4-H Club Week. We proudly salute 4-H'ers, and the local leaders who give freely of their time and talents.
