

SAND SCRIPT

We read an editorial this week about a West Texas city's experience with a fall solicitor. In this case it was a girl selling magazine subscriptions by pretending she was a local girl.

In other cases it may be a bogus out-of-town advertising campaign, memberships to nonexistent clubs or organizations, or pleas for "worthy causes" in which all contributions go to the solicitor's pocket. Some solicitors even fraudulently claim they are working with reputable charities.

These solicitations may be expected in our county this fall. They always come with a good harvest.

These bogus solicitors work in many ways. Sometimes they send out asking for contributions, sometimes they induce unsuspecting local people to work for them. But most often they do the work themselves.

Despite how they handle their sales, their goal is always the same: to skin the sucker.

You are provided with ample protection against bogus solicitors by the Castro County Chamber of Commerce—if you will take advantage of it.

Anytime someone you don't know tries to give you a "good deal" on anything usually sold by local stores or representatives, or anytime you are asked to contribute toward any "worthwhile cause," simply call Glen Youts, Chamber of Commerce manager, and ask if the solicitor has been cleared by the C. of C. If not in his office, then call E. B. Noble, city manager. If the solicitor hasn't obtained permission to solicit in Dimmitt and Castro County, then don't patronize him. Send him to the Chamber of Commerce office or to the city manager's office—Glen and E. B. will do the rest.

If the solicitor is reputable, the Chamber of Commerce will give him a written endorsement to show to customers. If he is trying to fleece the public, he'll either be shown the nearest road out of town or will have to make his solicitations without the endorsement of the Chamber of Commerce. So make sure every solicitor has a written endorsement from the Chamber of Commerce, and that the endorsement is on official Chamber of Commerce stationery.

If everyone in Dimmitt and Castro County will follow this procedure, the solicitors will decide it's more trouble than it's worth to "work" our area.

But it will take cooperation at home. Once a solicitor makes one sale, he may safely assume there's another sucker down the road.

Many solicitors may have a "line" to assure you they don't need Chamber of Commerce approval, or they may try to tell you what the municipal laws are with respect to solicitations. They are merely using another pitch here, because there is only one way a solicitor may lawfully work in Dimmitt and Castro County—and that is by obtaining the approval of the local Chamber of Commerce. We have local rulings against unwarranted solicitations.

So please cooperate with the Chamber of Commerce when you are approached by a solicitor. If you do, you can save yourself and your neighbor time, trouble, and money. If you don't, you're the sucker they've been looking for.

Mr. and Mrs. Fred Bruegel received a letter this week from their son, Fred Jr., who is stationed near Seoul, Korea. Following are excerpts from his letter:

"Today I went to the orphanage to visit the little kids. They are really happy to see anyone; they all ganged around and sat on my lap."

"They are really cute, and range in age from five months to three years. They are all born of unmarried girls and their fathers are GI's, so we call them 'GI babies.' It's really a shame to see something like that."

"This particular orphanage is sponsored by a church group and there is an American girl who takes care of the place."

"I was thinking if you could take time you might pitch in and send some clothing or food to this orphanage. It's something that is really needed and would really be appreciated. Their diet consists mostly of rice and they don't have very good facilities. All their clothing and clothing come from GI's who donate those things to them. All the profit we make from the smock bar is sent out there in the form of food."

"Some of the churches in Dimmitt may like to help send something..."

Fred went on to say that he preferred that all donations be made either through him or directly to the orphanage.

As you may remember, Bascom Nelson, our news editor, worked with the Star of the Sea Orphanage in Inchon, Korea, some two years ago. He made the same plea, and Dimmitt people were very good in their response. He also asked that all donations be sent directly to the orphanage.

ZAY GILBREATH races around left end for the third Bobcat touchdown against Friona Friday night. Gilbreath took a pitch-out from quarterback Truman Touchstone, who had deceived Friona linemen to him, and the Bobcat halfback raced over standing up. In the background are Touchstone (13), and Friona's Jerry Childs (44) and Wesley Barnett (45). The Bobcats collected three more touchdowns to defeat the Chiefs 41-13.

City Paving Completed

The Page-Killingsworth Construction Company of Dimmitt this week completed a 37-city-block paving project this week. About \$137,000 was spent by city residents for the paving that left about two-thirds of all the streets in Dimmitt west of Highway 51 paved.

This brings to about 170 the number of blocks paved in Dimmitt since the end of World War II. At that time the only public paving here was Highway 86 from the east to Southwest Second Street.

An approximate value of city paving within the Dimmitt city limits is \$612,000.

The paving project came as a result of a \$35,000 bond election last summer. This revenue went to the city for such things as intersections and alley entrances. Several other blocks of paving would possibly have been laid, but the city had already participated to the maximum extent the bond election revenue would allow.

Financing services for the project were handled by the First

Mrs. H. L. Lilley In County Hospital Following Accident

Mrs. H. L. Lilley was resting at Castro County Hospital Wednesday afternoon on a country road five miles south and one mile west of Hart.

She suffered several fractured bones and bruises when her car went out of control and turned over. The automobile was a total wreck according to Mrs. Truman Swopes of Hart, daughter of Mrs. Lilley, who brought her to Dimmitt. Mrs. Lilley, who lives about three miles east of Sunnyside, was alone in her car at the time of the accident on the unpaved country road. Cause of the accident was believed to be a faulty steering mechanism.

Farmers Have 10 Days To Add Wheat Acres To Reserve Program

All farmers who have expressed a desire to include wheat allotted acres in excess of 50 percent or fifty acres in their 1957 wheat acreage reserve by designating such acres in item 18 of their agreement with the ASC may do so by executing a new agreement within the next ten days according to the ASC office.

ASC Committee Members Selected

New members of the ASC county committee are Leo Witkowski, chairman; Jim Elder, Willis Hawkins, Sr., alternate; Marvin Simms, ex-officio; and A. L. Hodges, alternate. These men were selected by a meeting of delegates from community committees September 26. Chief purpose of the county committee is to set acreage allotments and to make acreage adjustments according to the ASC office.

Three Dimmitt Men Finish Boot Camp

SAN DIEGO, Calif. (FHTNC)—Bobby M. Adams, son of Mr. and Mrs. Elza Adams of Dimmitt, Edgar R. Newton, and Wayne D. Newton, sons of E. C. Newton of Dimmitt, graduated from recruit training September 29 at the Naval Training Center, San Diego, Calif.

The nine weeks of "boot camp" included drill and instruction in seamanship, gunnery, life saving, sea survival, boat handling and the use of small arms.

Following two weeks leave, graduates report to shipboard duties or service schools depending on the qualifications each has demonstrated.

1956 Should Be Another Record Grain Year

Dimmitt grain men this week crossed their fingers and said the county's grain sorghum production this year should reach somewhere around 800 million pounds.

Basis for this guess is that apparently production will be somewhat higher than last year's bumper crop of about 750 million pounds.

Of the elevator operators contacted, all felt the harvest was from 40 to 50 percent completed. No figures were available as to how much poundage had been harvested, but it is estimated upwards of 400 million pounds must be in so far.

One elevator operator indicated there would not be near as much grain on the ground this year as last. "Our rail freight service is the best I've seen yet," he said.

A chief reason for the increase this year is given as more emphasis on fertilization and additional irrigation wells. Some farmers, through scientific farming practices, have come close to doubling their per acre production during the past four or five years on grain sorghums.

Another point turned up was that as much as ten percent of this year's crop is probably stored on the farm. This would leave 40 or 50 million pounds on the farm and out of the elevators. All in all, it was expected, however, that most local elevators would be putting some wheat on the ground before the harvest is complete.

This year's crop should represent a gross of about \$14 million to the county's farmers. The market price is \$1.80 and loan net is \$1.74. Last year at about this time, grain sorghum prices were \$1.50 market and \$1.56 storage, meaning that aside from generally increased per acre production, farmers will get a slightly higher price. Taking the difference in market prices for instance, a farmer producing 4,000 pounds per acre would realize \$12.00 more per acre this year than last. The High Plains will probably produce most of the nation's grain this fall since other producing areas are hampered by lack of rain. This is one reason the market price is as high as it is this year.

Since milo is an integral part of Castro County economy, the bumper crop in process of being harvested bids fair to act as a stimulant on retail sales and services during the coming six to eight months. At the same time it should permit a general easing of the financial strain undergone by many farmers in this area for the past several years. High costs of production through irrigation and fertilization of grain crops in the county have been difficult for many farmers to meet at former prices.

Farm Bureau Convention Tuesday at 8

Eight New Directors To Be Selected at Courtroom Meeting

The annual Castro County Farm Bureau Convention will be held Tuesday night, beginning at 8, in the District Court Room.

This meeting will be generally of a business nature, according to Hugo Beyer, president of the organization. A main purpose will be to adopt resolutions for the state and national conventions coming up.

"This will be the most important meeting of the year," Beyer said, "for it is here that we voice our opinions and pass resolutions so these opinions may be made known in the later and larger conventions."

Also on tap for the Tuesday meeting will be the election of eight new directors. There are a total of 16 directors for the 520-member Castro County Farm Bureau, and half of them are replaced at every convention by an election. The directors handle local Farm Bureau activities and policies and select the organizational president, among other things.

Mr. Wes Anthony Hits Jackpot With Bumper Grain Crop

The highest yield for an entire grain sorghum crop reported to the News so far this year, is an astounding 6,000-pounds per acre yield of Mr. Wes Anthony, 8 miles west and 10 south of Dimmitt.

Mr. Anthony planted his 50-acre crop in Martin Maize, 12 pounds per acre, after prewatering. He fertilized with 60 pounds of anhydrous ammonia per acre and 100 pounds of 0-45-0, a mixture of nitrate, sulfate and phosphorus. Total cost of production was \$47.80 per acre, leaving a net of \$55.35 per acre. Counting pre-watering, five waterings were made on the crop.

(Ed. note—Should any farmer in Castro County have a better yield than Mr. Anthony's on 50 acres or more, he is urged to contact the News and give a staff member the same general particulars as outlined in the above account. Purpose of this is to show that practical application of scientific farming can produce higher yields and net profits on smaller acreages. Experiments on one or two acres are also welcome.)

Wildcat Oil Rig Begins Operation In North Castro

Lubbock Men Aiming For Production in Pennsylvanian Reefs

Castro county's third wildcat in recent years was scheduled to spud in Wednesday on the I. C. Little farm about 20 miles northeast of Dimmitt.

It will be a Mississippian test in the Plainview Basin, with hopes for production centered in the Pennsylvanian Reef. Depth of the well is scheduled for 8,200 feet.

The well will be dug by I. A. Stephens et al of Lubbock as No. 1 I. C. Little. Great Western Drilling Company of Midland will do the work.

Exact location is 660 feet from north and west lines of Section 172, Block M-6, of the Stone, Kyle and Kyle survey.

If successful, this will be Castro County's first producing well. Two others have been dug in the general vicinity of Dimmitt. One was a Sun Oil Company venture that quit where it hit granite, and Anderson-Richard's No. 1 Fowler McDaniel went to 9,200 feet before shutting down. The latter showed a slight indication of oil in the lower Permian and had several hundred feet of porosity, but was given up as a failure.

Mississippi rocks were laid down in early geologic time and on top of these are ancient Pennsylvanian shaly reefs. It is from one of these that any obtained production is expected to come.

J. R. BROWN

Bruegel & Sons' New Elevator to Open Wednesday

J. R. Brown Manager Of 550,000 bushel Concrete Elevator

The new Bruegel & Sons elevator just outside the north city limits of Dimmitt will begin taking grain Monday.

Constructed of concrete, the 550,000 bushel capacity elevator was built by Chalmers & Borton of Kansas.

J. R. Brown will be general manager of the new elevator. He has spent most of his life in Dimmitt except for three and one-half years in the Navy, several years at the University of Texas, and the past two years as an automobile salesman in California.

Brown, 34, is the son of the late Garland Brown, one time sheriff of Castro County. This is not Brown's first elevator experience, since he operated Kimbell's elevator in Dimmitt for several years prior to going to California.

Work on the new elevator began July 13 and total cost was about \$250,000. It works on the gravity flow system and is equipped with modern 60-foot Fairbanks-Morse Print-o-Matic scales.

Mr. Bruegel said at the beginning of construction that this elevator and the new Dimmitt Wheat Growers elevator are the only two in this area with the all-gravy principal. Only two others anywhere are known, one in Hamlin, Tex., and another in Kansas.

This elevator will be Mr. Bruegel's first strictly business venture in Dimmitt. The new elevator corporation is a family enterprise with Mr. Bruegel as president; Juanita Bruegel, vice-president; and Fred Jr. and Carl Bruegel as directors.

Mr. Bruegel first came in contact with elevator operation when he moved a former Dimmitt Wheat Growers 25,000 bushel elevator to his farm five miles west of Dimmitt. This elevator has had its capacity increased to about 55,000 bushels since then.

Hart and Dimmitt Merchants Host Farmers Oct. 15

Businessmen from both Hart and Dimmitt will meet at a dinner with farmers of the Hart area beginning there at 7:30 p.m. on Monday.

The dinner will be prepared by the Hart Home Demonstration Club, with Mrs. Fred Hamm, President, in charge of the menu.

This get-acquainted meeting is set up by the Castro County Chamber of Commerce periodically to discuss the problems and accomplishments of residents of this general area by both farmers and businessmen. It is expected a main speaker will be arranged for, but as yet this has not been done.

Similar meetings have been held over the county this year. This will be the first one for Hart and a delegation of businessmen from Dimmitt will be there, as has been the case at other similar meetings. Participation has always been good, and this is expected to be one of the largest meetings yet.

All arrangements will be under the direction of the Hart Home Demonstration Club.

Monday Deadline For 1956 Soil Bank

Farmers with cropland from which no crop has been harvested or which has not been grazed during 1956 and who are interested in the soil bank conservation reserve program, are eligible to participate in the reserve program for 1956, the ASC office announced this week.

The ASC office in the Court-house basement will accept applications for participation in the program until Monday at closing time from those who are eligible.

Those interested in conservation Reserve beginning with the year 1957, have until March 15, 1957, to make application. Mr. Charley Hill, ASC manager, stressed this is a 6 or 11 year program if entered during 1956 and a 5 or 10 year program if entered in 1957.

Lions' '56 Expenses Listed by Officers

Dimmitt Lions Club officials made public this week the principal spending of the organization during the past year.

For glasses for underprivileged children, furnished by Dr. James E. Wohlgenant at reduced cost, \$22.50; for flowers to patients in the hospital, \$117.00; for the summer recreation program for boys, \$262.50; to state Lions headquarters, \$221.00 (dues); for expenses while staging the Lions Club Minstrel show, \$196.29; speaker expense, \$16.60; to local Boy Scouts, \$25.00; for the crippled children's camp at Kerrville (two boys from Dimmitt have gone there), \$170; and for boys' state, \$58. Total is \$1,089.59 which came from proceeds of Lions Club Minstrel, broom sales and dues.

Gaylon Patterson Wins Promotion

AUGSBURG, GERMANY—Gaylon D. Patterson, 20, son of Mr. and Mrs. Sam W. Patterson, 20, son of Mr. and Mrs. Sam W. Patterson, 122 Avenue J, Hereford, recently was promoted to specialist third class while a member of the 11th Airborne Division in Germany.

Specialist Patterson, a truck driver in Service Company of the division's 188th Regiment, entered the Army in February 1955 and arrived overseas last March.

A 1954 graduate of Dimmitt High School, he was employed by the Tri-County Gin Co. in Sumnerfield.

JayCee-Ettes' Drive To Sell Christmas Cards Going Good

The Dimmitt JayCee-Ettes' efforts to raise money to give Dimmitt's less privileged families and youngsters a big Christmas this year are going over in a big way, according to organization officials.

The group of young ladies have extended the usual Christmas card selling idea to include addressing, stamping, and mailing cards for business firms. They plan to also visit every home here in their card-selling drive.

JayCee-Ettes are made up of the wives of Dimmitt Junior Chamber of Commerce members. It is expected they will work with the Junior Chamber this Christmas season to help see that children of low-income bracket families enjoy the festive time as much as anyone else.

Mary orders, as well as promises of orders, have been turned in during the first two weeks of the campaign, they said.

Panhandle Compress Building Near Complete

The last phase of construction began Monday on the Panhandle Compress and Warehouse Company's new cotton storage building.

When the building is completed in two weeks the Panhandle Compress will have almost doubled its storage facilities. Bob Cranford, manager, said. The new building will increase the total floor space to 150,000 square feet, enough to store 22,500 bales of cotton.

The floor and foundation of the new building have been completed, Cranford said, and property roads have been paved. Paving is also being completed on city roads leading to the company site in East Dimmitt, he stated.

The new building, like the present buildings, will be steel and concrete. All the warehouse buildings have inner sprinkler systems which turn on automatically in case of fire.

At last Monday's WSCS meeting, Mrs. Katherine Cardwell, a sister of Mrs. E. B. Wright, and Mrs. Gamblen, recent guest of Mrs. Wright, told the group about a jurisdictional conference at New Orleans, La. Tea was served in the church parlor.

High Texaco Job Given Harvey Cash

NEW YORK, Oct. 11 (Spl.)—Augustus C. Loeg, chairman of the Board of Directors of the Texas Company, today announced the appointment of Harvey Cash as assistant to the chairman.

Mr. Cash has been general manager of Texaco's foreign operations department—Eastern Hemisphere since April, 1954.

Mr. Cash was born in Dimmitt September 28, 1910. He graduated from Texas A&M College with a BS degree in electrical engineering in 1933, and joined the Texas Company in the same year. Beginning in 1942 he served four years in the Office of the Chief Signal Officer in Washington as a Lieutenant Colonel.

Upon his return to Texaco, he was named supervisor of field operations, Geophysical Division, at Houston. He held positions as Petroleum engineer and assistant division manager in the producing department prior to being transferred to Foreign Operations in New York in 1953.

DIMMITT HIGH SCHOOL CHOIR will be a leading feature of the PTA program Tuesday night at 8 o'clock. Choir director is Mr. Dale Welch (far right). The choir members are (front row, left to right), Betty McDermitt, Omata Bradley, Karen Dutton, Vella Mae Oakley, Karol Waggoner, Betty Lamb, Jerri Mac Dowell, Lanelle Blanton, (second row from front) Norma Messenger, Thenia Smith, Jeaneanne Robinson, Derry Dodd, Gail Cooper, Hazel Rogers, Joyce Slough, Pat Cowell, Una Wilson, (third row from front) Karen Gray, Zetha Ivey, Douglas Moke, Ann Gollehon, Leon Crum, Maxine George, (back row) Jerry Belknap, Wilmer Studer, Jerry Jones, Jerry Andrews, Don Page, Jimmy Tate, Charles Minchew and Cecilia Stehr.

Thurmon Doyle Morris Enlists in Army

Thurmon Doyle Morris, 1956 graduate of Dimmitt High School, was enlisted in the US Army September 29.

Morris enlisted at the US Army Recruiting Station in Plainview. His assignment will be with the Army Medical Corps, and upon completion of his eight weeks of basic training he will be scheduled as a medical technician.

Morris' enlistment is for three years. He has been forwarded to Fort Bliss at El Paso for further processing and assignment.

Visits Friends in Dimmitt

W. N. Master, who is with the US Army Quartermaster Corps, visited friends in Dimmitt this week. He returned Tuesday to San Diego, Calif., and will be sent to Guam for one and one-half years of active duty.

Bobcats Win by 41-13 Over Friona Chieftains

The Dimmitt Bobcats scored twice within a minute Friday night and went on to roll over the Friona Chieftains 41-13 in Bobcat Stadium.

It was the first breather of the year for the Bobcats as they scored six touchdowns and five extra points to swamp the Chiefs. It was the highest score rolled up against Friona this year.

The Bobcats took the first kickoff and marched to the Friona 37. Friona, the Chiefs had the ball only three plays, however, as Cary Johnson intercepted a jump pass over center to give the Cats possession again.

Seven plays later, after a 17-yard setup run by halfback Zay Gilbreath, the Bobcats pushed the ball across for their first touchdown. Quarterback T. R. M. A. Touchstone sneaked over center for the final yard, halfback Keith Lowe missed his point-after kick, and the Bobcats led 6-0 with three minutes remaining in the first quarter.

Friona was allowed only nine plays by the Bobcats in the first quarter, while the Cats controlled the ball on 23 plays. The Chiefs and Bobcats swapped the ball five times in the second quarter before Friona, behind good blocking, raced 44 yards to the Friona 22 to set up the third Bobcat touchdown.

In the fourth quarter, Friona quarterback Childs tried a jump pass over center, and after a scramble, halfback Larry Farris laid up with the ball and raced downfield. Jerry Hyatt caught him from behind, but he had already crossed the goal line. A left-end sweep gave the Chiefs their extra point and the score was revised to 34-13.

THE EIGHTH GRADE BOBBICATERS won their first football game Tuesday night, taking the Muleshoe Colts, 19-6. Members of the team are: Top row, Larry Seader, Jerry Ulmer, Junior Coffey, Marshall Young, Sammy Kirk, Bruce Odum, Billy Joe Stevens, Darless Goolsby, O'Neil Mullon, Richard Cate, Don Moke, and Coach Thomas Harrison.

Eighth Grade Kittens Beat Colts 19-6 As Seventh Graders Take 13-7 Loss

The Dimmitt Bobcats won their first football game Tuesday night as they took on the Muleshoe Colts in Bobcat Stadium.

The eighth grade Bobkittens came from behind to rip off three touchdowns and defeat the first Kittens touchdown, however, to even the score. Fullback Billy Joe Stevens ran the lead point and the Kittens had a 7-6 lead at halftime.

In the third quarter halfback Marshall Young ran 60 yards for a second Kittens touchdown, and in the fourth quarter Young put the game on ice when he broke loose for 60 yards and another tally. Both extra point attempts failed.

\$1.80 GUARANTEE

We will guarantee \$1.80 cwt. for local stored milo on all milo stored from this date. On warehouse receipts issued prior to this date, we will make up the difference to those patrons in cash March 31, 1957. This will amount to more than \$77,000 which we feel is a good cash dividend at this time rather than to wait until the end of the fiscal year.

Whenever our facilities are filled your grain will be shipped to terminal storage and you will get regular loan rates.

PROMPT SERVICE:

We issue warehouse receipts promptly on receipt of grain. We have plenty of storage and three fast elevators with two sets of truck scales to give you prompt and efficient service.

IN APPRECIATION...

One year ago this week we began operating your King-Seely Furniture and Appliance Store in Dimmitt. As in every young business we had high hopes for the future, based on a desire to sell top quality furniture at reasonable prices and to offer the best service possible. It has been our endeavor to become a long-lived institution in Castro County offering the people of this area one of the best furniture and appliance markets to be found anywhere on the High Plains. After our one year of operation in Dimmitt we feel more confident than ever our goals have, and will continue to be realized. Our business has been tremendously good and your fine comments and patronage have led us to feel we have the best location and the best customers of any similar store anywhere. The management and staff of King-Seely Furniture and Appliances are truly grateful for the opportunity of being of service to you during the past year.

Sand Script...

There is a reason. If you send food or clothing to children in Korea without stipulating a certain orphanage or charity organization, chances are that the needy children will never wear the clothing. Often Korean parents pick up the donations and use them as bartering merchandise rather than giving them to their children.

OUR MANNERS ARE SHOWING

As you know, our next two football games, Dalhart and Canyon, will be hosts to over 200 students. We should feel obligated to make these students feel at home. This brings up another question. How do our sportsmanship boys? We all know that both of these games will be tough and trying to our school.

FHA MEETING AND KANGAROO COURT

"The Music of the New Testament"

The music of the New Testament is presented as follows:
"And when they had sung an hymn, they went out into the mount of Olives." Matt. 26:30; Mk. 14:26.
"And at midnight Paul and Silas prayed, and sang praises unto God." Acts 16:25. "For this cause I will confess to thee among the Gentiles, and sing unto thy name." Rom. 15:9.
"What is it then? I will pray with the spirit, and I will pray with the understanding also: I will sing with the spirit, and I will sing with the understanding also." 1 Cor. 14:15.
"Speaking to yourselves in psalms and hymns and spiritual songs, singing and making melody in your heart to the Lord." Eph. 5:19.
"Let the word of Christ dwell in you richly in all wisdom; teaching and admonishing one another in psalms and hymns and spiritual songs, singing with grace in your hearts to the Lord." Col. 3:16.
"I will declare thy name unto my brethren, in the midst of the church will I sing praise unto thee." Heb. 2:12.
"Is any among you afflicted? let him pray. Is any merry? let him sing psalms." Jas. 5:13.
There are just two kinds of music: Vocal and Mechanical Instrumental. Which is set forth in the New Testament?

Ike Can't Make It Rain, But He's Still Best Man

The other day I asked a farmer who keeps up with which way the wind is blowing, generally speaking, it's Stevenson, Kefauver and Johnson.
Then he went on to say that he realized the national farm program hadn't pleased everybody—including him. If he was in the White House, he would do things different, at least in our country. He allowed that the \$61,000,000 spent by the Eisenhower administration for drought relief in Texas could have been doubled and still not made all the farmers happy and prosperous.
"But," said Old Man Jones, "I keep remembering that the main reason for our troubles, besides the drought, is the fact that we are not at war. Now, if Adlai and Estes really want to jump on President Eisenhower, there is a real issue. They've sure got the goods on Ike in that respect. If he hadn't stopped that Korean War, farm prices would be higher, no doubt. I wonder why they never mention that."
Old Man Jones was kidding a little, of course, in his usual way, but I think he had something there. We have got to adjust to peace-time, which is taking awhile but President Eisenhower is working at it. And meanwhile our boys aren't fighting and dying on foreign soil. It's worth thinking about.
Yours truly,
Tex
