

Appear In WT Personality Pageant

AT WT PAGEANT—Dimmitt High School was represented by Sharon Maynard and Gene Bradley at the annual Plains Personality Pageant last Friday night at West Texas State College. The couple was presented during ceremonies along with WT's King and Queen of Personality, Bill McKenzie of Levelland and Judy Neslage of Pampa.

Last Rites for David T. Davis This Week End

Last Rites will be held this week end for Mr. David T. Davis III, 29, who died of leukemia in Hattiesburg, Mississippi Tuesday. He will be buried in Castro Memorial Gardens here under the direction of Dennis Funeral Home.

Mr. Davis was the husband of the former Patsy Rose Hardy, daughter of Mr. and Mrs. Pat Hardy of Dimmitt. They were married in 1954. He was a district manager for General Motors at the time of his death. He is survived by his wife and three children.

Rosary services will be held Friday night at Dentis Chapel at 8 o'clock and High Mass will be at St. Anthony's Catholic Church in Hereford at 10 o'clock Saturday.

Castro County Cancer Society to Meet May 3

A meeting of the Castro County Unit of the American Cancer Society will be held in the commissioner's courtroom in the courthouse on Wednesday May 3 at 4 o'clock. All committee chairmen are to have their annual reports ready.

A SCENE FROM "THE PRINCESS CHOOSES A KITTY"—The Town Crier, Jerry Bill Birdwell (left) had a special mission—to see that the Princess (played in this scene by Suzanne Merritt) and in the matinee performances by Ruth Dyer) received a kitty. Jerry is presenting the princess with her kitty, played by Nelda Thommarson (center) in this scene from the operetta presented recently by the third grade. Proceeds went into a P-TA fund to be used in purchasing a curtain for the South Grade School stage.

Youth Admits to Stealing Money

A 10-year-old Dimmitt youth admitted this week to stealing \$33 from the former Nolan Raney home Friday while the family was moving to a new residence. The youth reportedly took the money and spent \$13 of it for a model airplane at Nolan's Craft Shop, which is owned and operated by Mr. Raney. No charges were filed due to the youth's age.

King to Speak to Young Farmers

Raymond King, former Castro County agricultural agent, will speak here at a meeting of the Young Farmers Association in the Vocational Agriculture room in the South Grade School beginning at 8 p.m. on Tuesday, May 2.

VACATION IN SOUTH TEXAS

Miss Billie Cluck and her aunt Mrs. Pearl Cluck of Gruver are in Houston and San Antonio for a two week vacation and they will also visit relatives while there.

The Castro County News

Official Publication of Castro County, Texas

THIRTY FOURTH YEAR DIMMITT, CASTRO COUNTY, TEXAS, THURSDAY, APRIL 27, 1961 12 PAGES—NUMBER 27

Buddy Byrnes Outstanding JayCee for '60

About two hundred people attended the JayCee installation banquet Saturday night at the Grade School Cafeteria and heard Eddie Coltharp, new Castro County Chamber of Commerce manager, speak on the vastness, history and future direction of the United States.

An outstanding event of the evening was award presentations. Paul (Buddy) Byrnes was named the year's outstanding JayCee. He is a Dimmitt insurance agent. Outstanding officer award went to director Jim Cleavinger. Herb Mayfield was named outstanding "Exhausted Rooster." An exhausted rooster is a JayCee who has passed the JayCee maximum age limit of 35 but still maintains his membership.

The Tullia Junior Chamber of Commerce held their JayCee installation with the Dimmitt group.

Dimmitt officers installed were Pete Wright, president; Bob DuLaney, first vice-president; Larry Allen, second vice-president; Bill Barnett, secretary; Ewing Mathis, treasurer; Fred Bruegel, state director; and Rayphard Simthson, Jack Miller, and Bob Cranford, directors.

Chamber Manager To Write Column

This is the first of a series of columns to be published by the Castro County Chamber of Commerce. It is the purpose of this column to put before the people of Castro County vital information concerning current events including proposed plans and projects advocated by your Chamber of Commerce.

It is the purpose of the Chamber of Commerce to provide the agency through which men may voluntarily pool their energies to accomplish collectively those things for the general welfare that no individual can do alone. And it affords a means for the development and expression of business opinion. In a real sense, the chamber is a summary of the free enterprise system.

Chambers of Commerce are mainly local institutions. Their prime purpose is, and must always continue to be, the original objective of building the commerce and industry of the community. In achieving this objective the chamber has two principle fields of activity:

1. Increasing the wealth and prosperity of the community by aiding the expansion of existing businesses and by promoting new ones.
2. Improving the civic, educational and cultural facilities of the community.

At the last board of directors meeting, held Friday April 21, a proposed express service was discussed by representatives of the Amarillo Globe News. For further information on this service contact the chamber of commerce office.

A business men-farmers dinner is on the agenda for the near future. Chairman for this event is Edd McLeroy.

This office is in the process of compiling a list of businesses now operating in Dimmitt in order that anyone interested might know what we have now and also to give you an index that may be used in years to come as to the growth and progress of this area.

On April 13, your manager attended the area workshop held in Plainview, Jack Lacy, manager of the Amarillo chamber, was the main speaker. He stated, "It is the responsibility of the chamber of commerce to build a better business climate. It is our objective to return America to a voluntary cooperative effort in solving community problems."

It is the purpose of this column to let the people of Castro County know what is being done by their chamber of commerce. At any time feel free to call on this office for its services, or to offer suggestions for its betterment.

ODESSA VISITORS
Mr. and Mrs. Thomas Earl Harrison and children of Odessa were Sunday guests of his parents, Mr. and Mrs. T. E. Harrison.

VISITS IN PARIS, TEXAS
Mrs. Burl Bradford is visiting relatives in Paris, Texas this week.

GUESTS OF MRS. WILSON
Mr. and Mrs. Pete Wilson and girls of Abernathy spent the week with their mother, Mrs. Ruth Wilson and other relatives.

Northside Baptists Move Sunday Into New Building Here

Northside Baptist Church will hold services for the first time in its new church Sunday.

To help introduce the new church building to the community, the Northside Baptist Church will hold a revival meeting beginning Friday, May 5 and lasting until Sunday, May 14th with preaching by Rev. Lewis N. Johnson of Walla Walla, Washington. Leading the singing will be one of the church members, Rev. J. B. Atkins.

The new building will be generally completed in time for the services Sunday and the congregation plans to put on the finishing touches before the revival begins. Most of the work of construction was by volunteer labor by the congregation. Location of the church is the corner of Northside, fifth and Hall Streets. It measures 36 x 72 and faces east and is made of concrete tile. The old church building will be used for Sunday School Services. Rev. Jimmie L. Gresham is pastor of the church. He is also a student at Wayland College in Plainview, but makes his home in Dimmitt.

Everyone is invited to the services Sunday and to the Revival beginning next week.

ASC Completes Wheat Measure

All 1961 wheat acreage has been measured according to an announcement this week by Charley Hill, ASC secretary.

Farmers who receive notices of excess wheat acreage have until May 10 to plow it up. Those who have already destroyed their excess should report this to the ASC office immediately so personnel there can complete their inspection as quickly as possible.

A lot of the wheat previously reported as destroyed has come back out, Hill said, so farmers are urged to take another look at their wheat. If it needs replowing it should be done immediately since there is a fee for additional inspections.

Danny McLain Has Good Record At Boys Ranch

Danny McLain, a former Dimmitt boy and one of the nearly 300 boys from all over the nation who are making their home at Cal Farley's nationally famous Boys Ranch near Amarillo, was recently commended for the unusual progress he is making at the Ranch.

Although Danny is one of the latest arrivals at the Ranch, his adjustment to the broad vocational and educational and recreational program has been exceptional and he has advanced faster than any other newcomer. A better than average student, Danny is very conscientious and works hard to improve his work in the fully-accredited Boys Ranch School, officials said.

His favorite sparetime activity is horseback riding and although there are not enough horses to go around for all of the boys who would like to ride, Danny tries to ride at every opportunity.

Danny also likes to spend a lot of his free time at one of the three lakes that are stocked for the boys by the state. He is shooting for top honors in the Ranch's spring fishing contest and is one of the leading contenders for the title "Champion Fisherman of Boys Ranch."

"Danny is a fine young man and I'm happy we are able to give him the help he needed," Ranch founder and president Cal Farley said. "He is making the kind of citizen the people of Texas and Castro County will someday be proud of."

Soybeans Not Allowed On Laid-Out Land

The ASC office announced this week that producers must maintain their 1959-60 average acreage of conservation and idle land on their farms in 1961 to be eligible for 1961 price support on soybeans.

ASC officials pointed out that this requirement is aimed at insuring that additional soybean production will be on acreage that has been used for crops in abundant supply such as wheat, cotton, corn, grain sorghum, and other feed crops rather than from land now in conservation uses or idle. The Department of Agriculture wants to avoid increasing soybean acreage at the expense of acreage now under conservation practices.

It is the purpose of this column to let the people of Castro County know what is being done by their chamber of commerce. At any time feel free to call on this office for its services, or to offer suggestions for its betterment.

Little League Organizational Meeting May 4

All boys, aged 8 through 12, who are interested in participating in the Little League program this year, are invited to attend a meeting.

This meeting will be in the Assembly Room of the Castro County Courthouse on Thursday night, May 4 beginning at 8 o'clock. Purpose of the meeting will be to make plans for the formation of this year's Little League organization. This is to be an organizational meeting and all boys wanting to play baseball in this age group this summer are urged to attend and bring one or both parents.

Anthony Infant Interred Monday

The infant daughter of Mr. and Mrs. Bob Anthony of Dimmitt was buried following graveside services Monday afternoon at 3:30 o'clock. The child lived only about three hours early Monday morning. Services were conducted by Rev. Hugh Blaylock. Arrangements were by Dennis Funeral Home. Mrs. Anthony is reported to be in fair condition.

Classroom Teachers to Sponsor School Appreciation Day May 4th

Dimmitt's first "School Appreciation Day" will be held Thursday, May 4th, beginning at 8 p.m. This special observance will be sponsored by the Dimmitt Classroom Teachers Association as a local affair and the general public is invited.

A highlight of the evening will be a talk by Dr. Morris S. Wallace, head of the Department of Education at Texas Tech in Lubbock. The topic of Dr. Wallace's speech will be announced later, although it will concern public education facilities and teachers in Texas.

Local teachers and administrators will also appear on the program. Following the activities in the auditorium will be an open house where the audience will be given a guided tour through the Dimmitt Public School system. There will also be a reception following the program in the High School Library.

The program is designed to provide information for the general public so there will be more general consciousness and appreciation of the school work in Dimmitt.

The Dimmitt Junior Band will give a concert starting at 7:30 prior to the regular program. There will be no admission charges.

Baker's Grocery Suffers Fire

A fire about 9 o'clock Friday evening caused considerable damage to Bill Baker's Grocery. A final estimate had not been made this week.

While damage was not extensive, the owner of Baker's building, Mrs. Jess Wright, is planning to replace the old building with a new brick one. Work begins this week. The present Baker's Grocery building is to be moved back and used for storage. Baker said this week. He is running a fire sale to dispose of some of the merchandise in the store at the time of the fire.

Baker was well covered with insurance on the building. Despite close investigation, no cause for the fire has been determined. It started near a back corner, apparently shortly after the store closed for the night Friday. The store will be closed for an estimated thirty days while the new building is being completed.

RUSTLING SUSPECT CAPTURED IN WAXAHATCHIE

County Sheriff Jack Cartwright returned this week from Waxahatchie where he and a Texas Ranger had gone to pick up Henry Lee, a Negro charged in connection with recent cattle rustling near Sunny-side. Three of the four men involved have now been apprehended. They are also wanted in Dallas on other charges including forgery and car theft.

County 4-H Club Holds Tractor Meet

WHAT'S WRONG?—Some of Castro County's school-age farmers had an opportunity for some practical experience Saturday in the 4-H Tractor Contest. These boys are shown looking for troubles on a tractor that has been deliberately sabotaged by adult leaders who loosened the fan belt, disconnected wires and about a dozen other things. Boys were graded on their abilities to spot the discrepancies. —Photo by Charles Hottel

TRACTOR CONTEST WINNERS—These 4-H youngsters won two junior divisions and one senior division Saturday in the 4-H Tractor Contests behind the North Grade School in Dimmitt. They are (left to right) Elgin Brooks, Hart, second place, senior division; Willis A. Hawkins III, second place, junior division; Mark Martin, Hart, first place, senior division; Ray Oglesby, Dimmitt, first place, junior division; Larry Odom, Dimmitt, second place, junior division; and Jerry Walker, Dimmitt, first place, junior division. —Photo by Charles Hottel

City Marshal Jones Praises Dimmitt Drivers

"The people of Dimmitt are doing a lot better job of driving," City Marshal W. W. Jones said this week. "In fact, we haven't had any accidents to speak of this year."

"You police department feels local drivers should know how much we appreciate careful driving. This means that drivers saved themselves money, loss of property and possible self injury or possibly loss of life."

"When you read the newspapers and compare us with other towns, it is easy to see we have very little trouble with the younger set in Dimmitt. This is due to the fine cooperation between the boys and girls, their parents and your police department. We had much rather help a young person who is in trouble than to persecute him."

"You work with the assumption that a boy is the only thing in the world that God can take and make a man out of."

"Repeat performances are also slated May 11, 12, and 13."

"Repeat performances are also slated May 11, 12, and 13."

"Repeat performances are also slated May 11, 12, and 13."

Responsibilities in
American Democracy
Here are the ideas and words
compiled by Keith Davis' award
winning essay in the recent Amer-
ica Heritage Contest in
Plainsville, Texas.

I am an American! This state-
ment, at first glance, seems so
very simple, but is it? How often
do we as Americans, stop to con-
sider how very fortunate we are
under the deplorable conditions of
which the people subsist under
communism? ... until I learn
of the opportunity to be an Amer-
icanist live, ... until I learn
of this cruel and oppressive law
which people of woe nations are
subjected as they desperately fight
against the aggressive communists
... until I look around my coun-
try, my state, my own city to see
in contrast to these things, the ab-
surdities, and the priceless liberty
which the people of my country en-
joy.

When I see and hear these
things, I can then realize that my
using an American does not stop
with the simple statement: "I am
an American!" I must go forward
and strive each day to learn more
of my responsibilities as a citi-
zen in my wonderful America.
I can now begin to realize what
a wonderful part our Christian
religion plays in the making of
our democracy. My religious life
can be restricted to Sundays,
each day I must endeavor to ex-
perience by my actions the true
Christian spirit of love and service
to others. If the rest of the world
is to know the Christ which I know
and love, I must be willing to do
my part with a love which stands
ready to teach the world of Christ-
ianity.

I can see each day the corrup-
tion which filters ever so slowly in-
to our American politics. It is my
duty as a citizen to help bring
America's government to learn
more of my future responsibilities.
In a few years I will be 18 years
of age. Can one year in 100 million
make any difference? I believe so.
It will be only by my own efforts
and definite responsibility which I
will take to the affairs of my gov-
ernment but also to urge others
to take these responsibilities upon
themselves.

In newspaper and magazine
we read the criticism which other
peoples and nations hurl upon
our country. I must be one among
many to stand up defiantly to these
criticisms and to help reveal to
all nations and peoples that my
country is really like I must an-
swer when an attack by commu-
nism upon our integration problems
is launched. "Yes, we have racial
difficulties in our schools, but I
believe we give every individual
equal opportunity to education.
I am proud of our free press. I
am proud of our free and open
elections. I must fight to keep
this nation from becoming a
slave state. I must pray for our
country and our people to live and
prosper in the freedom which has
been given to us.

When I can exemplify the true
responsibilities of all American
citizens and can help other Amer-
icans to do the same, then I
can feel with pride and honor
that my descendants will live and
prosper in the greatest nation on
earth. Only in this land of ours
is there a chance for all men to
live and prosper in freedom.
I AM AN AMERICAN!

OBSCURE PUBLICATION OF DIMMITT HIGH SCHOOL STUDENTS

No other works could better
describe the American Heritage
Awards banquet April 18 at Plain-
ville presented by Wayland Baptist
College than "it was just great."
The department, of history and
American studies gave the
students an event to remember
forever.
As the Dimmitt representatives
entered the banquet hall, their eyes
were arrested by the beautiful
decorations. Various parts of our
wonderful United States were por-
trayed at each table. Examples
of these splendid portrayals are:
West with covered wagons,
cowboys, and oil wells; East and
New York - Empire State Build-
ing, Niagara Falls, United Nations
Building, Cooney Island, and Wash-
ington - little apple trees and
big Washington apples.
The first place winners were
picked from each town. D. H. S.
winners are as follows: POSTER-
1st - Donna Beyer; 2nd - Steve
Wesson; 3rd - Joe Rivers, PEIR-
ICTS - 1st - Alice Acker; 2nd -
Jerry Walker; ESSAYS - 1st -
Jerry Walker; 2nd - Sheri
Walker; 3rd - Zandra Singer.
The first place winners were
awarded a \$25 bond, second place
winners a silver medal, and third
place winners a bronze medal. Con-
gratulations to each of you for
your winning and striving to be a
true American.

ASK ME or Ask Your Neighbor about the EW-MIRACLE GRAZING CROP DEKALB "SUDAX" SX-II

Continued from Page Four

THE SNOOPER

Such a pretty day I decided to go for a walk. Well, it began to get dark. I hadn't realized it was so late and there I was right in the middle of town. I started home in a slow trot at first — then it hit me all at once — Yes, my dear rheumatiz had set in I couldn't walk another step — there was on the street corner. I sat down and watched everyone go by.

Tuesday I decided to ride in my souped-up jitney. I heard some loud laughter and discovered Sue and Jarlene and I'm buying Jimmy and Roy a frosted coke at the Dairy Mart. Times sure have changed.

Wednesday night I called my old friend Miss Daly and we went to church. It felt good to be with old friends again — made me feel like I was young until Bontia and Gene walked in. After church we decided to go to the drive-in too. Well, we sat there for awhile and didn't get waited on — then Sheri and Kent drove up and got prompt service. We chugged home and had a good game of dominoes.

have known! Bontia and Dean were kicking up their heels at the lake home. These memories! I hadn't realized it was so late!

By Sunday night I was completely confused. I saw Sheri with Harold, Sue and Roy Battles, Jan and Darlene, Mickey Waggoner and Vivian Shives from Hart. Sharov, Edward and Larry Sadler. Of course I saw Charley and Bill and Jimmy and Gaynell wasn't very shocking.

Time Is Running Out Might this serve as a final reminder for all students ordering supplemental to get your mailing envelopes in the office and turn them in to the journals.

Mysteries of the Mind In 1957 Marie Hauspiez, 27, of Touhou, France, became bed-ridden as the result of a paralysis which her husband, Jules, had to retire from railroad employment. He attended to her constantly. He did the shopping, cooking, and housecleaning and in the evenings sat beside his wife's bed and read to her.

About Your HEALTH

The next time Johnny comes home crying, "Mom, I got something in my eye!"—here's what you should do:

Wash the upper lid, and pull it down over the lower lid. This will give the tears a chance to wash out the offending speck. Tears are nature's own eyewash.

But if the speck doesn't come out, wash the eye with drops of lukewarm tap water, using an eye dropper. While doing this, be sure to hold Johnny's head so the tap water will run away from his nose, toward the side.

If this doesn't dislodge the speck, put a light bandage over the hurt eye to prevent Johnny from rubbing it. Then take him to a physician or an eye clinic.

Keep this in mind: Never try to rub a speck from the eye. It can cause an infection that will scar the cornea, resulting in partial loss of sight.

Ever hear someone say, "My eyes are simply worn out"? That's nothing but a figure of speech. You cannot "wear out" healthy eyes by overuse.

If your eyes feel strained the trouble may be an eye disease, a need of glasses or improperly fitted glasses, or failure to heed the rules of good lighting.

Under the right conditions you should be able to use your eyes as much as you want to without "wearing them out." They function with unusual ease and comfort when you sit erect with your work at 45 to 70 degrees from horizontal. Tall-top desks or book cases are best for children because reading material can be kept at the most comfortable eye focus.

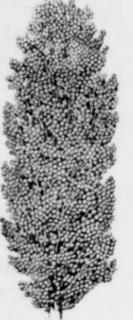

Read in bed if you like so long as you obey the rules of good lighting and posture. Never read in sunlight, even though your book is shaded.

Watching television won't hurt your eyes provided the picture is clear and steady and there is enough light in the room to prevent too great a contrast with the screen. Don't sit off center when watching TV and don't sit too close.

Protect your eyes from long exposures to sunlight, but don't wear sunglasses merely to be Hollywoodish. Never wear them at night, especially while driving. They reduce your vision to the point where you cannot distinguish dark objects.

Close work calls for eye muscles to work overtime. You can give them the rest they're entitled to for a moment from time to time as you read or do close work. Looking off into the distance occasionally will help. Persistent eye fatigue may indicate you need an eye examination, in order to correct your vision, in spite of having good distance vision.

Catholic Women Hold Area Meet

The Plainview Diocese of the DCCW held its annual spring meeting in the Nazareth Community Hall on April 11.

The theme of the meeting was "The Family—America's Heart—Challenge to Catholic Action." The one hundred twenty-one women who registered at this meeting represented the parishes of Nazareth, Tulla, Dimmitt, Bovina, Ulnahoe, Hereford, Plainview, Canyon, Uthar, and Happy. Also present were the Most Reverend John I. Morkovsky, S. T. D., Bishop of Amarillo, Very Reverend Most Rev. Francis Snyder, Auxiliary Bishop of Amarillo, and the Most Reverend Most Rev. Francis Snyder, Auxiliary Bishop of Amarillo, and the Most Reverend Most Rev. Francis Snyder, Auxiliary Bishop of Amarillo.

The three workshops held were on "Spiritual Development," "Catholic Charities," and "Family Home Aid School." The Most Reverend John Morkovsky urged all ladies to try and attend one of the two latest retreats being held at St. Anthony's School of Nursing in Amarillo on April 28 through 30 and July 18 through 21. He asked everyone to join the Diocesan Society for Vocations and pray for religious vocations. He then spoke on the March of Faith that the DCCW is sponsoring in Amarillo on Sunday, April 23, and asked the women to remind their husbands to participate in this march and help make this a great success.

After the luncheon the Demonstration Mass was given by Rt. Reverend Monsignor Andrew Marchalier, Rowena, and assisted by Reverend Joseph James, Tulla. The parish presidents gave brief reports on parish activities during the year. The delegates voted on and passed the seventh resolutions presented to the Plainview Diocese. Some of the important factors of the resolution were: That the women of the Plainview Diocese hold two institutes, for the purpose of holding workshops in order to familiarize members with the work of the various committees of the DCCW. That the women of each parish and mission hold days of reflection, and promote vocations to the priesthood and the religious life. That the women, through personal and collective efforts, in study groups, private reading, etc., achieve a clearer understanding of the theory and practice of athletic communion, in order to more surely combat the continued

spread of this great evil. They efforts be made through the work of the library and literature chairman, to promote wholesome television and radio programming and to combat harmful programming, by positive approach to both sponsoring agencies and stations. That the women continue to support the valuable work of the San Jose Mission and Hospital in Hereford. The closing address was given by Very Reverend Monsignor Snyder at which time he told the ladies to take home all the good ideas they learned from the workshops and efforts and spread to other members of the parish and to keep it to themselves and soon forget about them. He urged all ladies to read "Council Contacts," written for, the register each week by Mrs. Rosemary McLaughlin and know what the DCCW is doing. The Monsignor asked everyone to read more and find out about the threat of communism as it is anti-Christ and will take away the freedom of worship.

The meeting closed with Benediction and the Blessing of the Sisters new convent.

Next year's spring meeting will be held in Uthar.

EASIEST WAY TO APPLY NITROGEN:

SPENCER URA-GREEN NITROGEN SOLUTIONS

Just spray it on or dribble it on! Spencer URA-GREEN does not require deep soil injection—and URA-GREEN goes on faster because there are fewer steps for fertilizing! You can apply URA-GREEN yourself, or we will apply it for you.

Contains three types of nitrogen to "feed" your crops all through the growing season! Spencer URA-GREEN includes (1) quick-acting nitrate nitrogen to get crops off to a fast, strong start; (2) ammonia nitrogen, and (3) urea nitrogen to keep crops growing steadily. This smooth, even release of nitrogen helps your crops make higher yields per acre, higher profits per acre!

URA-GREEN is recommended for corn, cotton, small grains, pastures, sorghum, millet, sudan grass, rice, cabbage, tomatoes, sugar beets and many other crops.

So this year, go after extra yields and extra profits with Spencer URA-GREEN—the easiest way yet to put on nitrogen!

See Us Right Away For SPENCER URA-GREEN FLAGG FERTILIZER

Through a hard-hitting, Conscientious Advertising Program

Competition is a demanding taskmaster—but it can also be the greatest rewarding factor in merchandising or servicing.

It is a taskmaster when competition defeats, when it sets the rut that engulfs the businessman. Competition is rewarding when the merchant forces it to become his tool, when he knows he has a thriving, growing business that will never want for customers.

Business goes where it is invited—and competitive prices, outstanding courteous service with a good selection, and promotional advertising will do the most inviting.

Do yourself, your customer, and your community a favor by using the pages of the Castro County News to sell your goods and services.

It is not only good business but it will help you gear your operation to today's quickly changing trends and increasing competition.

Success stories of large businesses almost always hinge around concentrated advertising and other sound business practices. Start a campaign now—you'll be amazed at how quickly you will feel the difference.

Just telephone 88 and a salesman will call on you at your convenience.

DEKALB ANNOUNCES

FREE Sorghum SEED for Replanting Use

Bred into DeKalb Sorghum Seed are such profit-making features as full, open heads; stiff stalks; early vigorous growth; quick drying; easy combining; big yields of heavy test weight grain.

But sand, crusting, flood or other disasters can make replanting necessary. If this happens this season, DeKalb will supply its customers, replant grain sorghum seed FREE of charge, if all requirements are met. See your DeKalb Dealer for full details.

Miller-Brockwell Wedding May 30

Mr. and Mrs. C. M. Miller of Rt. 3 Hereford, announce the engagement of their daughter Carolyn to Jimmie Brockwell of Dimmitt. Jimmie is the son of Mrs. Siegfried Bolte of Umbarger. He is a graduate of Canyon High School and is employed by Piggly Wiggly in Dimmitt.

The engaged couple will be married on May 30 in St. Anthony Catholic Church in Hereford.

Lateral Oiling May Solve Cotton Weed Problems

Like to save up to \$25 an acre on labor costs on this year's cotton crop?

Lateral oiling for grass and weed control is the answer, says Glenn Black, A & M extension cotton specialist. He points out that a once-over application of naphtha costs only a dollar to a dollar and a half an acre for material compared with more expensive hand hoeing.

Black recommends spraying seedling grass and tender weeds in young cotton with 5 gallons of naphtha an acre. The first application can be made when the cotton is 7-10 days old. Be careful, he adds, and apply the spray below the leaves of the cotton plant. Cotton plants have enough growth and natural wax on the stalks at this stage to shed the naphtha without injury while the grass and weeds are killed.

Other applications, at 7-10 day intervals, may be used if needed. Stop oiling, he warns, when the cotton is 5-6 weeks old or when bark begins to form on the stalks or damage to the cotton may occur.

This practice, Black says, was used on over 71,000 acres in 75 Texas counties last year where the cotton was rolled at planting time or rotary hoed later to prepare a smooth surface for the operation. Parallel action oiling shoes for a 2-row set-up are available and can be connected to a low volume insect spray rig.

Local county agricultural agents advises Black, can supply detailed information on this cost-cutting production practice.

SILVERTON VISITORS

Mr. and Mrs. Winston Hamilton of Silverton visited his mother Mrs. Ora Hamilton and sister Mrs. E. C. Caudle and Mr. Caudle.

Miss Irene Sharp and Louie Steiert Exchange Vows in Formal Ceremony

Mr. and Mrs. Louie (Bud) Steiert of Hart were wed in a double ring ceremony on April 11 in the Immaculate Conception Church of Fort Smith, Arkansas. The Rev. Father Thomas Walshe read the wedding vows.

Mrs. Steiert is the former Miss Irene Marie Sharum, daughter of Mr. and Mrs. L. T. Sharum of Fort Smith, Arkansas and Mr. Steiert is the son of Mrs. Louis A. Steiert and the late Mr. Steiert of Hart.

Nuptial vows were exchanged before an altar adorned with white snapdragons and chrysanthemums.

The bride given in marriage by her father wore a white lace formal wedding gown fashioned with a fitted bodice, sabrina neckline and long, close-fitting sleeves coming to points at the wrists. The bouffant skirt made of alternating ruffles of lace and pleated tulle formed a chapel train. Her fingertip veil of illusion was attached to a Juliet cap and she carried a cascade arrangement of white carnations and lilies of the valley.

Walter Paclawsk also of Fort Smith attended the bridegroom as best man. Ushers were Davis Sharum and Maurice Sharum of Fort Smith.

A reception immediately following the ceremony was held in the home of the bride's parents. The receiving rooms were decorated with white and pink snapdragons and pink carnations.

Both Mrs. Sharum and Mrs. Steiert, mothers of the bride and bridegroom were dressed in navy blue and wore white accessories and white carnation corsages.

For travel the bride chose a smoke green suit with white accessories. Following a wedding trip the couple are residing near Hart.

The bride attended school at St. Scholastica Academy, St. Edwards Mercy Hospital School of Nursing and did post graduate work at Colorado General Hospital.

Mr. Steiert is a graduate of Nazareth High School and served several years overseas with the 8th Army Air Force and is in the Air Force Reserves.

Stamp, Coin Show In Amarillo April 29

A coin and stamp show will be held in the Amarillo College Gym on 24th and Washington in Amarillo on April 29 and 30. Doors will be open to the public at 9 a.m. on Saturday and 10 a.m. on Sunday. This will be the first Annual Golden Spread Stamp and Coin Show to be held.

There will be a number of exhibits on display from a large group of collectors. This show is one of the largest in the state.

PLAINVIEW Mrs. B. DeAnn of Plainview will be in charge of the day with her H. R. Show.

30,000

miles between lubrications in the car that's beautifully built to take care of itself!

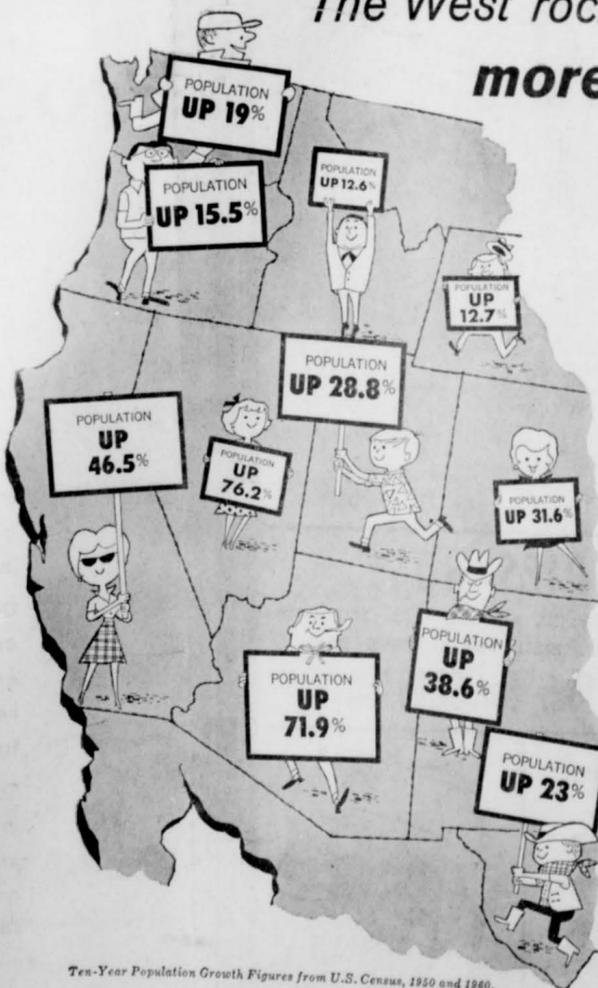

In the '61 Ford, a new sealed-in lubrication system has replaced old-fashioned fittings. Result: you'll go 30,000 miles before you'll need a chassis lubrication. The '61 Ford automatically adjusts its own brakes, goes 4,000 miles oil changes, never needs waxing. Find out how care-free driving can be in a car beautifully built to take care of itself! P. S. A 1961 Ford equipped Thunderbird 292 V-8 swept the low-priced V-8 class in this year's Mobilgas Run—averaging 21.3 mpg! See your nearby Ford Dealer today!

The West rockets ahead with more and more energy from natural gas

Ten-Year Population Growth Figures from U.S. Census, 1950 and 1960.

Growth and expansion continue to be the two big activities in the West—both for the people who live and work and play in this booming region, and for El Paso Natural Gas Company which supplies natural gas to so many of them for so many purposes.

Much of the story in detail is in the Company's Annual Report for 1960, just out.

The growth part of the story for El Paso, in a sentence:

In 1960, El Paso furnished customers in 11 Western states more than 1 1/4 trillion cubic feet of gas—an all-time record and over four times as much as was delivered just a decade ago.

The growth story in the 11 states is a climb in population to a total of 35,718,636 (1960 census), up 33.9 per cent in the past 10 years and still rocketing.

As for expansion—

Demand for El Paso's services and products by long-time customers keeps increasing as families and communities and businesses grow. Then add the millions of new people, more new businesses and all their needs. Add, too, the ever-increasing realization by everyone of the economy and conveniences of gas as a source of dependable energy for a multitude of uses.

And El Paso is expanding to meet this need. To supply its customers—including such growth areas as California—it has developed the most diversified gas supply of any company in the nation. Today, El Paso's pipelines are connected with the principal producing areas of the West and Southwest, in addition to vast reserves in Canada.

The Company's Annual Report reviews a number of important projects recently completed, and reports progress on others from Canada to the Mexican border.

For copies of El Paso's 1960 Annual Report write to: El Paso Natural Gas Company, El Paso, Texas

EL PASO NATURAL GAS COMPANY

El Paso Natural Gas Company provides natural gas to industrial customers and distribution companies in Arizona, California, Colorado, Idaho, Nevada, New Mexico, Oregon, Utah, Washington, West Texas and Wyoming.
