

Burglars clean out Nazareth farm store

Burglars equipped with a truck hauled off an estimated \$9,000 worth of tires, tools, chemicals, guns and appliances from the Dimmitt Agri Industries farm store at Nazareth last Wednesday night.

IT WAS the first major burglary at Nazareth in eight years, according to the Castro County Sheriff's Dept. Taken in the break-in were 100 or more Co-op brand tires valued at approximately \$5,000, 25 five-gallon cans and five 12-quart cases of Treflan herbicide, \$1,000 worth of Husky brand tools, \$700 worth of Black & Decker brand power tools, a Motorola television set valued at \$124, a 16 gauge Winchester shotgun valued at \$78.70, and a lever-action Winchester .22 rifle valued at \$54.75. Sheriff Jack Cartwright, Deputy Granville Martin and Texas Ranger Clay Bedner of Plainview are investigating the burglary.

OFFICERS said the burglars evidently backed a truck up to the west side of the farm store building and parked it behind a large storage tank that concealed the truck from the view of anyone on the nearby highway. Sheriff's officers believe a bobtailed grain truck was used.

"They broke the latch on a roll-up door, crawled under it and unlocked the main door from the inside," Martin said, "then they carried the goods out of the main door and loaded them into the truck. It appeared that four or five people were in on it."

REV. STANLEY CROCCHIOLA, priest of the Holy Family Church of Nazareth, works in his "writer's nest" in his parsonage. His latest book, "The Texas Panhandle, From Cattlemen to Feed Lots (1880 to 1970)", will be on sale at autograph parties in Dim-

mitt and Nazareth during the next two weeks. He is already on Page 80 of his 38th book—a history of the Plains oil industry—and is also collecting notes for a volume on the Lubbock tornado and other books. (Photo by Becky Berryhill)

45th Year — No. 20 Dimmitt, Texas, Thursday, February 24, 1972 16 Pages 15¢ Per Copy

Stock sale sets new record

With good floor prices and spirited bidding, the Castro County Junior Fat Stock Show sale Saturday set a new record for the fourth straight year.

BUYERS shelled out \$2,857.92 for 306 animals shown by the county's 4-H and FFA youths. The sale total topped last year's record by \$4,411, mainly be-

cause 65 more animals went through the ring this year. Auctioneers Jack Howell and Dean Sanders talked the sale along at a \$10,000-an-hour clip as bidders responded with consistently high prices. Steers and barrows averaged 60 to 65 cents a pound, while lambs brought a \$1-a-pound average. More than half of the money

the youths received for their project animals was premium income above the floor (market) prices. Community buyers' clubs, businesses, neighbors, uncles and grandparents chipped in to double the youngsters' income from their show animals.

THE GRAND champion C I, a 922-lb. Hereford shown by Dean Hill of Hart, brought \$1.05 per pound from Ed Bennett of Hart. The reserve champion, a 1,140-lb. Hereford exhibited by Steven Anthony of Big Square, brought 65 cents a pound from the new Dimmitt Buyers' Club. However, the highest selling steer in the show belonged to Mark Cluck of Dimmitt, who received \$1.50 a pound from his uncle, Johnny Davis, for his 1,120-lb. steer.

Harley Malone of Hart received \$1.25 a pound for his grand champion barrow, a 233-pounder. Claude Cox of Hart was the winning bidder.

THE RESERVE champion barrow, a 202-lb. beauty shown by Danny George of Hart, was the highest-selling swine in the show, bringing \$1.65 per pound from B&K Grocery of Hart.

Rocky Kay of Dimmitt received \$2 per pound for his grand champion lamb, a 103-pounder. The winning bidder was the First State Bank of Dimmitt.

The reserve champion lamb, a 94-pounder shown by Johnny Webb of Dimmitt, also brought \$2 per pound. Jimmy Cluck won the bid.

IN ALL, the county's youngsters received \$18,959.84 for the 35 calves in the show, \$21,827.42 for the 169 barrows that went through the ring, and \$12,069.68 for the 102 lambs.

Commercial buyers paid considerably higher prices for the animals this year than last, and may have set a record themselves for the local show. Homer Hill of Hart won the floor bid on calves with an offer of 37.60 cents per pound. The win-

ning floor bid on barrows was 27.25 cents per pound by Farmers Hog Market of Plainview. Kenneth Gregg of Plainview topped all other commercial buyers on the lambs with a bid of 30 cents per pound.

GIRLSTOWN was a big winner in this year's sale again as organizations and individuals paid their full bid price on a steer, six lambs and five barrows to take the animals "off the floor" and send them to the girls' home near Whiteface.

Saturday's sale was one of the longest on record here, lasting five hours, 15 minutes. The sale got underway at 1:30 p.m. Saturday and ended at 6:45.

Here are the winners:

The overall showmanship award was captured by Bob Duke, who showed in both the barrow and lamb divisions in the annual Castro County Fat Stock Show last weekend. Stephen Anthony won the cattle division showmanship award. Matt Howell in the lamb division and Jim Tucker in the barrow division.

Top honors in the Castro County 4-H Project Show were captured by Diane Hochstein of Nazareth, Carol Bagwell and Kelly Bagley of Bethel and Patti Hochstein of Nazareth.

Area's cattle industry chronicled in new book

By BECKY BERRYHILL
"The Texas Panhandle, From Cattlemen to Feed Lots (1880 to 1970)" is the biggest book Rev. Stanley Crocchiola of Nazareth has written to date.

THE BOOK, which is just off the press covers well over 700 pages and weighs four pounds in its mailing wrapper.

"I spent more time in getting notes and writing this book than I have on any other," said Father Stanley, a leading South-

west historian and prolific author. "All together, I collected notes for 20 years or so, with intense researching for three years. The assembling and typing took me 13 months," the father said.

"OF COURSE it takes me a while to type, since I use only two fingers," he chuckled.

Father Stanley said he intended to use this book as a gauge for his future books on the Panhandle. He chose the Panhandle history because "so little has been written about this area and its history is so rich."

"From Cattlemen to Feed Lots" is a general overview of what happened to the cattle ranches on the Plains. It traces the decline of the cattle ranches and the rebirth of the industry in the feed lots of today.

THE BOOK begins in 1880 when the big ranches were forced to sell out because of the railroads and feed lots. The ranchers fought the railroad until 1887, when the first train crossed the Panhandle.

The big era of the railroad came to the Plains during the period following 1887. Many trains existed only on paper, but the contractors were funded anyway, Father Stanley said.

"If oil had been found back then, the whole story of the Panhandle would have been different," the father said. "But gas wells were tapped first,

and oil wasn't important until 1926."

"THE FEED LOT concept was first tried in South Texas in 1888, but it didn't catch on until the end of World War II," he added. "The pressure for beef animals in the 60's sparked the spread of feed lots from Iowa to California, like wildfire."

Chapters in his new book include the Panhandle counties, Fort Elliott, Mobeette, oil, railroads, newspapers and feed lots on the Plains. With the bibliography, index, appendix, forward and introduction, the book (See NEW BOOK, Page 16)

Paul Fry's sixth grade class launched about 10 rockets Friday afternoon before a packed grandstand of students. Fry's class ordered the rocket kits from Estes Industries of Penrose, Colo., and have spent the entire year constructing them. The class plans to present the rocket program to other area schools to win a \$50 award from the manufacturer—to buy more rockets. Spotters were station-

Welches home from Spain; Smileys attend Mardi Gras

BY MYRTLE SHEFFY

James and Reta Welch are home from a wonderful trip to southern Spain. They left Amarillo with a plane load of Panhandle people as guests of Taylor Evans and Pfizer Chemical of Clovis. Reta says they were in a nice hotel along the coast of the Mediterranean Sea. They could see the Rock of Gibraltar and the African coastline from their window. They took the boat trip across to Tangiers on the northern coast of Africa. They saw the Spanish bull fights and the flamenco dancers and all the nice scenes there or maybe a few of them. Several people left this week for Spain. Will tell you who all next week.

BLANCHE GINN and Velma Birchfield went to Flagg for the Demonstration Club meeting in the community room. They heard Irene Keating tell about "Family Living in this modern age." Eight people were there. Irene's mother Mrs. Albrecht from Colorado was a guest.

Lemeta Odom and teacher friend Mary Nelms of White Deer were Saturday guests of the D. H. Odums. Lemeta was a star basketball player for Dimmitt and four-year-all-American at Wayland. The girls went on to Plainview for the Wayland College homecoming to see the Queens and Pioneers play.

MURIEL and Dorit Smiley and J. P. and Earlene Jones, who are Dorit's cousins, went to New Orleans to see the Mardi Gras celebration. I think they

danced down the streets with the clowns. Of course the king and queen ride on those gaily decorated wagons. Muriel says she caught many beads and false dollars the big wigs threw. They went on to Mobile Ala. and saw the USS Alabama, followed the coast drive for many miles. They stopped in Dallas to visit other cousins, on to San Angelo to visit daughter Glenda and Gary Heller and the three-month-old boy Ryan.

And last week Suzan Benson and three Denton TWU friends went to New Orleans to see the Mardi Gras festivities. They were guests in the home of Dr. and Mrs. George Antoine. The girls going with Suzan were Kay, Sue and Vandy.

Mr. and Mrs. Isaac Brandon are home from Scottsboro, Ala. where they attended the memorial service for Mary's brother, Floyd Rogers. Mrs. Brandon grew up in Alabama.

We saw Sandy Bruegel Baker and husband Jim from Dallas here to visit her folks, the Fred Bruegel Srs. and family.

LORI Forrester, 6-year-old daughter of the Al Forresters went to Lubbock Friday to see her allergy doctor Ellis. Her mother Jonelle and grandmother Mrs. John T. Reeves went with her. Lori had a good day. She was on the TV Program with Admiral Foghorn and Sally Sam made pictures or his caricatures or comic drawings of young Lori.

Lori had to miss the field trip taken by the Lucky U Kindergarten. Joyce Hunter drove the pickup load of children, with husband Edmund sitting in the back with them. The morning group of 16 under six years went to Dr. Sims dental office where he told them how important it is to brush teeth, and he gave each child a toothbrush. Then Tuesday morning they took 20 of the afternoon group to Dr. Vandiver's dental office. The children of Jerry Cluck had to miss the trip. They were out of town. They had a good time, I hear.

THE DON Hoslers moved here a while back from Amarillo. They live in the Andrews Trailer Park. I believe Mr. Hosler is with the corn mill. Young Don is one of the Golden Glove boxers.

Mrs. Ira Wimberley flew up to North Dakota last week to be with friend Nelda Thomas who slipped on an icy place and broke her leg. Get well soon Nelda.

Ray and Lottie Bearden went to Oklahoma City to be with her brother J. W. Scruggs who had a heart attack.

The State Bowlers got together in El Paso last weekend. They played Saturday and Sunday. Quite a few ladies went from here. They are Neva Hickey, Joannis Robertson, Floyce George, Dorothy Mayfield, Mary Lou Roundtree, Nancy Greer, Sharon Wilke, Mozelle Lilly, B Dee Welch of Earth, Nora Ruby also of Earth, Dorothy Mayfield and Joannis

Robertson and the other bowling girls visited Jerry Cummins Reeves in El Paso. Jerry is a former Dimmitt resident. The girls plan some side trips—one to Juarez. They will tell us later.

RETSA CLUCK was hostess to her bridge group Friday afternoon. She served that good German chocolate cake, salad and coffee to Gladys Cleavinger, Jessie Bradford, Opal Bearden, Cletha George, Jeannie Miller, Magee Boren, Myrtle Shelly and Muriel Smiley who won high score.

Rev. Franklin Swanner, who is interim pastor at the First Baptist Church here, was the birthday boy Feb. 15. So a group of Dimmitt people went to Plainview for a surprise party. Gene Ivey says it is nice to be 68. I say yes to that. Gene and Connie Ivey, Morgan and Geneva Dennis, Irene Carpenter, Billie Wesson, Ivor and Hazel Bagwell, A. T. and Merle Morgan, Elmer and Muzzee Youts wished for Bro. Swanner many more years.

In need of a Pull...

Coleman Adv. Serv.

It is fun to get out and romp with our children, to share in their joy. Sometimes it is even work to pull them on a sled. Afterwards you may be tired and bones and muscles ache, but you think fondly of the laughter, and squeals of delight and the love that shines in a child's eyes. Then you think it's all worth the effort, for they won't be young forever, and someday you will only have memories.

They won't be young forever and now is the time that they need a pull in the direction toward God. Now is the time that you can lead and share in the joys of their worship. Take your children to Church

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Martin attacks court's ruling

Atty. Gen. Crawford C. Martin strongly criticized a Jan. 28 federal court ruling ordering single-member districts for Bexar and Dallas Counties. Martin contends the decision is wrong and that the U.S. Supreme Court may reverse it on appeal. Meanwhile, he asked the highest court to delay effect of the order for 1972 elections. If it is made effective immediately, Martin contended, re-registration may be necessary for 400,000 Dallas and 224,000 Bexar County voters in line with altered voting precinct lines. The three-judge federal court ordered 11 individual House districts in Bexar and 18 such districts of about 74,000 each of Dallas. Other districts drawn by a state legislative redistricting board last October were left intact, for this year's voting, although the legislature was directed to redraw all of them by July 1, 1973.

DIMMITT

DISCRETION is often the better part of valor—as this cougar demonstrates in a wilderness movie coming to Dimmitt next week. "Toklat," the grizzly bear for whom the movie is named, has all the advantage, and the cougar knows it. "Toklat" is booked for three showings at the Carlile Theater next Thursday.

New family film, 'Toklat,' to show here; features grizzly bear in wilderness of Utah

Take a thousand-pound grizzly and put him in one of the few remaining wilderness areas of the country, the high Uintah Mountains of Utah, then add about 20 other North American wild animals, a fine performance by Leon Ames, and you have "Toklat," a new family film that will play at the Carlile Theater next Thursday.

"TOKLAT" has been in the making for over five years, and required 125,000 feet of footage to come up with the right 4,000 feet necessary for the picture. Now in 35mm Technicolor, it's ready for release.

The film is about a gigantic grizzly bear (whose name, Toklat, is derived from an Indian tongue meaning ferocious). And the grizzly, one of the world's largest land-dwelling carnivores, is an amazing animal indeed. The film follows the growth and development of Toklat from

a cub to a giant, during which time one enjoys rare glimpses of a grizzly living, thriving, surviving, in a natural mountain wilderness.

LEON AMES portrays a mountain man, whose respect and understanding of animals, especially Toklat, is based on a lifetime's experience in the wilderness. His heart-rending task of seeking out the bear for the crime of self-defense, is a social statement on man's way and nature's way.

Ames' commentary is amusing, educational and poignant as he describes how he witnessed Toklat's growth for the years he knew him.

The picture also captures the natural beauty of the wilderness and its changing seasons. The picture, which was a labor of love, makes the plea that wild animals have an in-

alienable right to the wilderness.

"TOKLAT" will show at the Carlile Theater in Dimmitt next Thursday only. Show times will be 4:30, 6:30 and 8:30 p.m. Admission prices will be \$1.50 for adults and 75 cents for children.

Easter Seal's services grow, chairman says

Because of the steady growth in numbers of crippled children and adults in Texas, the Easter Seal Society for Crippled Children and Adults of Texas has stepped up its rehabilitation services.

ACCORDING TO Mrs. Walter Maynard, who is the Easter Seal representative for Castro County, over 22,000 handicapped Texans received Easter Seal treatments during 1971.

"Despite medical scientific advances," Mrs. Maynard explained, "the ranks of the crippled are growing. This is because of population growth, increased number of accidents and medical treatment which saves victims of crippling diseases who might not have lived in past years."

Quoting the annual report of the Easter Seal Society for Crippled Children and Adults of Texas, he said that 19 affiliated treatment centers are in operation in Texas. They include treatment and rehabilitation centers, sheltered workshops, recreation and educational programs, and many others.

"THROUGH these programs, persons with a wide variety of handicaps receive the help they need to live normal lives," she said.

The largest group served includes those with major deformities of bones and joints, severe speech defects, cerebral palsy, arthritis, muscular dystrophy and multiple sclerosis and stroke. The Easter Seal Campaign, which provides funds for continuation of these services, begins Feb. 28 and continues through April 2, Easter Sunday.

THE BOARD of directors of Gifford-Hill & Co., Inc., approved an agreement last Thursday to acquire ASC Industries, Inc., a Spokane, Wash., based company. ASC is engaged in the manufacture of roll-formed metal building products, machine tools and dies for metal fabricating and aluminum and plastic tubing.

Patent granted to Continental on new type of telephone cable

W. T. Smith, president of Superior Continental Corporation, Hickory, N.C., has announced that the company has been granted U. S. Patent No. 3,622,683 covering the cable structure and method of manufacturing telephone cable with improved crosstalk properties. The patent, as issued by the U. L. Patent Office, bears the date of Nov. 23, 1971.

SUPERIOR Continental Corporation markets the patented cable product under its registered trademark T-Screen, primarily for communications applications involving high-speed PCM (pulse code modulation) data transmission systems. More than 10 million sheath feet of T-Screen cable are now in service, including unfilled and Water-Bloc filled types.

T-Screen cable, invented by Walter L. Roberts and Frederic N. Wilkenloh of Continental Telephone Laboratories, Superior Continental's central research and development facility, has a low cost in-core screen which electrically transforms a single conventional communications cable into a dual-compartment cable, permitting simultaneous transmission of high-frequency pulse streams in two different directions without either stream being affected by the other. Thus, the one cable with its two compartments gives performance similar to that of two separate cables at considerably less cost.

One of the most significant cable developments in recent years, T-Screen economically provides crosstalk improvement of conventional cables by about 15db for T-1 PCM carrier system operation. It permits 100 percent PCM cable system fill in one cable with repeater spacing the same as with two cables while maintaining high level signal quality. This results in considerable cost savings since fewer repeaters are required per system.

MR. SMITH reports that several of the country's largest cable manufacturing firms have shown interest in obtaining licenses to manufacture T-Screen cable and that details of the licensing arrangement are now being worked out.

Superior Continental Corporation is the primary manufacturer and supply unit of Continental Telephone Corporation, the nation's third largest independent telephone system.

receive a special trophy from the producers of Funk's G-Hybrids.

ACCORDING to D. D. Walker, president of Funk Bros. Seed Co., Bloomington, Ill., Moore's yield of 165.1 bushels per acre topped all other entries from the state. More than 650 entries were received from Future Farmers of America members throughout the nation.

In preparing for the 1971 contest, Moore used 280 pounds of nitrogen and 74 pounds of phosphate. The Funk's G-4697 was planted in 40-inch rows on April 11 at the rate of 28,000 kernels per acre.

AT HARVEST on October 8 the plant population was 26,000 plants per acre and moisture level of the corn was 21.0 percent. This was converted to No. 2 corn in calculating the yield.

In recognition of the championship yield, Cletus Moore will

Vanguard's rubber gasket very seldom runs into a problem it can't handle.

What you see here is just about the only thing that will do it in. But this little demonstration also points out a very important fact. Vanguard's rubber gasket is extremely flexible. Where an irrigation system is concerned that offers lots of advantages. Once the line is down, all the ground shifts and temperature changes you can imagine aren't going to bother our rubber gasket. We tested the Vanguard rubber gasket joint under extreme conditions. Once it proved itself hydrostatically, we twisted it and turned it and even buried it in highly acidic soils. Nothing happened. The gasket still held a watertight seal. Very simply, it's been through everything it could ever encounter on your farm. And more. At this point, we would naturally expect you to run right over to the nearest Gifford-Hill sales office and buy up all the Vanguard irrigation pipe you could get your hands on. But if you really don't need an irrigation system right now, keep Vanguard in mind for the next time you run into a problem that takes a special kind of pipe to handle.

New parsonage to rise from ashes of old one

The Frio Baptist Church plans to begin construction this week on a new parsonage to replace the one that burned last month. The ground was graded and packed last week, and on Sunday morning at the close of the worship service, the congregation assembled at the site of the home for a dedication prayer.

Mrs. B. H. Baldwin gave the dedication invocation and T. L. Sparkman Jr. the dismissal prayer. McCaslin Lumber Co. of Hereford is to construct the house. Plans are for a three-bedroom, two-bath home with a brick exterior.

MRS. SAM OGAN underwent skin graft surgery Saturday in High Plains Hospital in Amarillo. She was reported to have stood the four-hour operation well. Her entire left arm and most of the right one were covered. Other major grafting remains to be done.

Guests at Frio Baptist Church Sunday evening were Mr. and Mrs. Nelson Rutter and children, and Mr. and Mrs. Art Snibes, all of Clovis. The two couples gave the evening mes-

sage of their trip and two weeks missionary effort last Fall in Spain. They were part of a group of 26 persons from Clovis Baptist churches participating. Slides were also shown. The Rutters are both former Hereford residents.

Mrs. Ronnie Andrews and infant son, Jim Eric, came home from Deaf Smith General Hospital on Friday. He was born on Feb. 15 weighing over six pounds. The Andrews have another son, Kyle, 17-months old.

MR. AND MRS. Lloyd Shultz visited the J. C. Walkers of Alamogordo the last of the week. Lloyd's children, Mrs. Paul Wright, Mr. Wright and their two children of Carson, Calif. and the Joe Shultzes and three sons of Melrose, N.M. met them at the Walkers for the family

gathering. Visiting the Jim Brooks Monday evening, were their daughter, Mrs. Jewel Price of Floydada, Mrs. Deward Taylor, Mr. Taylor, Kenny and Robin of Friona.

Mrs. H. M. Mobley and her sister, Mrs. Jewel Price of Floydada, went on Sunday to visit their mother, Mrs. J. W. Taylor, at Throckmorton and with other relatives around there.

MR. AND MRS. E. F. Vogler went as guests of Hereford Grain Co-op on a trip to a Dallas convention for the business. Vogler is a director. The group of six represented Hereford. The group in which Voglers went flew from Amarillo on Monday and returned Wednesday. They enjoyed tours, shopping, a banquet and stayed at the Hilton Hotel, in addition to the scheduled meetings.

Kiwanians break ground Tuesday for new retarded children's camp

Wayne Lindley, president of Dimmitt Kiwanis, announced this week that ground was broken for Camp Kiwanis at the Lubbock State School Tuesday at 2:30 p.m.

THE dedication and ground-breaking ceremonies featured Bill J. Doggett, deputy commissioner of Mental Retardation Services, Texas Department of Mental Health and Mental Retardation, as guest speaker.

Lindley said the camp will be for West Texas children handicapped mentally or physically. It will be sponsored and built by nine Kiwanis clubs in Division 7 of the Texas-Oklahoma district on the grounds of the Lubbock State School property.

Camp Kiwanis will benefit special children from a 20-county area around Lubbock—including Castro—and will operate mainly during summer months. Completion of the camp is expected by 1973 with three construction phases utilized. Phase One, scheduled for this summer, will include a housing unit with restrooms and dining facilities for 32 children. Phase

AUSTIN — Insurance again made headline news on three fronts here.

—President Nixon's Phase 2 inflation controls, the State Insurance Board said, will mean lower premium rates for hundreds of thousands of Texas homeowners.

—Lawmakers threatened to "put the state in the insurance business" unless rates are reduced for a new catastrophe pool designed to protect hurricane and other disaster-prone areas.

—An American Insurance Association executive offered to "guarantee" that no fault auto insurance in Texas would bring a minimum cut of 25 percent in bodily injury and property damage coverage rates.

NEW homeowners' insurance rates are expected to be issued May 1, effective June 1. A federal price commission order of a 37.5 percent cut in the board's "trend factor" (aimed at keeping rates up with normal inflation) may mean a reduction of 2.1 percent in the Central Inland Territory. Usual rating formulas would have meant an increase of 5.9 percent there.

While most fire and extended coverage rates will go up, the rise will be lower than expected due to new federal limits.

The State Insurance Board proposes to cut catastrophe pool rates for non-beach property about a third. Insurance companies strongly resisted. Legislators at a rate hearing retorted that the state may have to get into the insurance business.

Under the pool, authorized last year by the legislature, insurance companies are required to join in providing coverage for areas of the coast which cannot buy policies in the regular market.

The State Board of Insurance is studying effects of various no-fault insurance plans which provide compensation from a driver's own policy regardless of whether he was at fault in an accident.

MORE TIME SOUGHT Texas is seeking more time to avoid loss of \$24 million in highway funds.

Gov. Preston Smith has asked US Secretary of Transportation John Volpe to extend the deadline for adopting prohibitions against additional erection of billboards adjacent to interstate and primary highways. A transportation department hearing officer proposed a May 31 deadline for the state act. Smith asked until Sept. 1, start of the new fiscal year.

The governor noted a special session of the legislature must be called to enact appropriations for the fiscal year beginning Sept. 1.

The session may be timed before May 31, Smith said, but a later date would be "preferable."

LI. Gov. Ben Barnes said the potential penalty of \$24 million for lack of a billboard act demands that Smith call an immediate special session of the legislature.

BRINE DISCHARGES HIT Parks and Wildlife Department Executive Director James Cross told a Senate study committee the Railroad Commission overruled 100 PWD objections to brine discharges into public waters last year.

The Railroad Commission has authority to permit the discharges from oil field operations, although PWD has assigned responsibilities to protect marine life.

A commission staff member could remember no case where an oil operator's application for a discharge permit had been turned down. He said the commission attempts to "educate" operators to avoid oil spills or threatens to revoke production allowances where conditions appear likely to cause spillage.

Cross suggested reviving of a bill to authorize the state to demand compensation for fish kills due to pollution.

ATTORNEY GENERAL'S OPINIONS

Atty. Gen. Crawford Martin held the state cannot pay the cost of primary elections without legislative authorization and appropriation, but he went back to a Dallas federal court for guidance.

In other recent opinions, Martin concluded:

—The Legislative Property Tax Committee can employ attorneys and purchase or rent a law library for its codification research.

—The same committee, headed by Sen. James S. Bates of Edinburg, must purchase its supplies, materials and equipment through the State Board of Control as all other departments of state government do.

—Texas State Technical Institute has no authority to grant baccalaureate or bachelor degrees in technical education or technology at its James Connally campus in Waco.

—Texas Water Quality Board and Water Development Board must approve state loans to lo-

cal governments for construction of waste water treatment facilities.

—A private non-profit water supply corporation cannot receive financial assistance from the state.

OIL ALLOWABLE SOARS

Texas Railroad Commission lifted the oil production allowance to 86 percent of potential—highest in 13 months and third highest since "wide open" days right after World War II.

At the same time, Chairman Byron Tunnell warned that crude oil stocks—at 87.5 million barrels—are the lowest since 1966 and 20.2 million barrels less than a year ago.

Tunnell said pumping at the rate of a year ago would yield 100,000 barrels a day less oil. Highest previous allowables since post-World War II days were 87.3 percent in November 1970 and 87 percent in October 1970. Maximum production for March is 4,074,850 barrels a day.

FEED LOT RULE

REWRITE ORDERED

Texas Water Quality Board staff members have been ordered to rewrite a proposed regulation which would permit QWB Executive Director Hugh Yantis to issue or deny feed lot permits.

Both ecologists and cattle and poultry raisers opposed allowing Yantis such authority without requirement of notice or public hearing. Cattle and poultry industry spokesmen expressed doubt they could comply and opposed defining agricultural wastes as "ecological contaminants."

COURTS SPEAK

Texas Supreme Court will consider March 22 whether Southwestern Bell Telephone Co. was justified in building a parking lot at its Spring Valley office after the city said it couldn't.

The High Court heard arguments that Rusk Mayor E. H. Whitehead should be allowed to run for the legislature (from District 15, Leon, Houston, Limestone and Cherokee counties). A decision is expected before February 28, when candidates draw for ballot places.

Supreme Court judges will hear March 15 an appeal over constitutionality of requiring a minor to conform to an Odessa city charter regulation on personal injury damages.

Conviction of a Corpus Christi film projectionist for exhibiting obscene movies was reversed by the Court of Criminal Appeals.

APPOINTMENTS

Gov. Smith named as the first Texas student ever to serve on a state university board of regents Richard Allen Moore III, a black law student at the University of Texas. Moore, 28, will be a regent at Texas Southern University, Houston. Wells Stewart of Houston was reappointed to the same board.

Margaret E. Mayhall of Austin, Dr. Aram Gloriz of Dallas and Dr. Harold N. Williams of El Paso were reappointed to the Texas Board of Examiners in the fitting and Dispensing of Hearing Aids.

Trends in food like a car race

Per capita food consumption climbed one percent in 1971, with meat and fruit consumption leading the way. Studying food-buying trends is similar to watching an auto race, with different entries gaining or losing ground.

MRS. Gwendolyn Clyatt, consumer marketing specialist for the Texas Agricultural Extension Service, said there were small consumption gains posted for potatoes, vegetable oils, cereal products and eggs as well as the beans, peas and nuts group. Consumption of poultry, vegetables, coffee, fish, animal fats and melons has declined.

Pork accounted for an estimated four percent rise in red meats. Beef consumption was unchanged, according to the specialist.

Canned citrus fruit and dried fruits made major gains last year. Consumption of fresh citrus increased nearly 2 1/2 percent. Frozen orange concentrate increased slightly.

A SMALL decline in fresh vegetables and a steady rate of use for processed items lowered per capita vegetable consumption about one percent. A sharp increase in processed potato products accounted for a two percent increase in the potato and sweet potato group. (This group increased faster in per capita consumption than any other group.)

Decreases in per capita consumption of coffee, veal, lamb, mutton, and condensed and evaporated milk are consistent with patterns of recent years.

GUIDELINES for implementing a new quarter system for Texas schools were reviewed in Austin last week.

HART'S CUB SCOUTS and Webelos have been busy with handcraft projects recently—as evidenced by this display which they set up this week at Kittrell Electronics in Hart.

State funds may be used by Texas Parks and Wildlife Department to meet new federal requirements that qualified residents and businesses receive financial aid when they are uprooted by state-federal land acquisition, Attorney General Martin held.

Investment tax credit is back. FARMERS, ranchers and businessmen can claim a seven percent investment tax credit on their 1971 tax returns for qualifying property. Such property must have been ordered and acquired after March 31, 1971, or acquired after Aug. 15, regardless of when ordered, explains Dr. James I. Mallett, economist with the Texas Agricultural Extension Service.

Investment credit also applies to property where construction or reconstruction was begun after March 31 or was completed after Aug. 15, regardless of when begun. If construction was begun before April 1, only costs attributed to the period after Aug. 15 apply, explains Mallett.

Investment credit must be taken the year the property is placed in service and cannot exceed your tax liability, the economist said. If the tax liability is greater than \$25,000, the limit is \$25,000 plus one-half of the tax liability in excess of \$25,000. Unused credits can be carried back three years and then forward seven years.

THE AMOUNT of investment credit on each asset depends on its useful life. This must be the same for computing both investment credit and depreciation. One-third of the investment qualifies for tax credit if the useful life is three years but less than five; two-thirds, if five years but less than seven; and 100 percent, if seven years or more. There is a \$50,000 limitation on investments in used property eligible for credit.

Property qualifying for investment tax credit must be depreciable, points out Mallett. It includes tangible personal business property such as machinery, office equipment, trucks, autos and—for the first time—livestock (except horses), elevators and escalators. Tangible real property tied closely to production is also included, such as fences, silos, grain bins, hay barns and fuel storage tanks. Buildings not used strictly for storage do not qualify.

Tax laws prevent the creation of artificial credits by disposing of raised or non-capture depreciable livestock and then acquiring substantially similar livestock. The cost of substantially identical livestock acquired within one year beginning six months before the original livestock was sold is reduced by the sale value.

THE BUSINESS percentage of property used for both business and personal purposes is also eligible for investment credit, Mallett added.

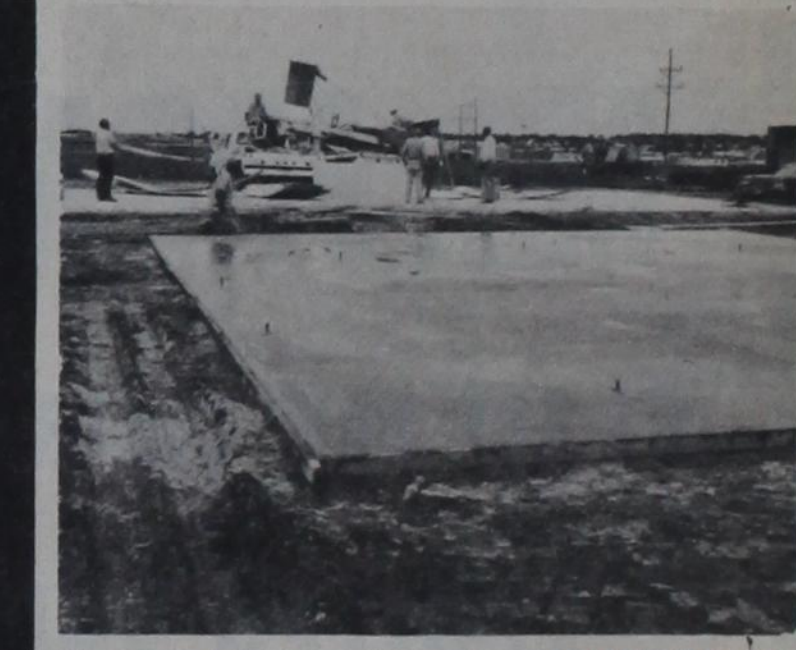

Foreign-made equipment is not eligible for tax credit unless it was ordered between April 1 and Aug. 15 last year. This includes all property completed outside the United States and property completed in this country if less than 50 percent of the cost is attributable to value added inside the US.

The economist explained that if investment credit property is disposed earlier than its estimated life, the credit must be recaptured. Any credit for which the actual holding period does not qualify must be paid back.

Huston - Gallagher vows are recited

Miss Pamela Jean Huston and Robert Joseph Gallagher recited their wedding vows Friday night in a double ring ceremony in the Hart Baptist Church.

THE BRIDE is the daughter of Mr. and Mrs. A. C. Huston of Hart. The groom is the son of Mr. and Mrs. James E. Gallagher of Olton.

The ceremony was read by Rev. C. T. Cunningham, pastor of the Hart Baptist Church, and Father Clarence Huber of St. Theresa's Catholic Church of Hale Center.

Given in marriage by her brother, Larry, the bride wore a formal length gown of silk organza with a fitted Empire waistline, Victorian neckline and sheer see-through bodice. A silk ribbon attached to the Empire waist trailed to the floor. The double bishop sleeves were of embroidered satin figures. Her veil of floor length Chantilly lace fell from a petal cluster of pearls and silk. She carried a bouquet of large and small clusters of red carnations on greenery.

LINDA POPEJOY of Hart was maid of honor. Mrs. Jim Cottingham was matron of honor and Nancy Reed, was bridesmaid. Karen Myers of Hart served as flower girl. Guests were registered by Gayle Reed.

The attendants wore street length red printed Daecon dresses with long puff sleeves and high stand-up collars. They carried long-stemmed white carnations with red and white streamers. The flower girl carried a white basket decorated with red and white carnations and streamers.

Best man was Gary Hukill of Canyon. Serving as groomsman were Jim Cottingham of Hart and Larry Smith of Olton. Gene Gallagher and Kenneth Gallagher, both brothers of the groom, served as candlelighters and ushers.

The altar was decorated with two spiral candelabras decorated with greenery. Baskets of white gladioli, red carnations and greenery with red and white bows flanked the altar. Red and white bows marked the pews.

MRS. CAROLYN EVERS of Hereford was organist. Larry Kuper of Hereford sang "We've Only Just Begun," "Twelfth of Never," and "The Lord's Prayer."

A reception was held in the fellowship hall honoring the couple. Laurie and Evelyn Gallagher presided at the serving table. The table was covered with a lace cloth over white satin with crystal and silver appointments. The bride's bouquet decorated the table which held red punch, a three tiered wedding cake and coffee.

For her wedding trip the bride chose a brown and white crepe dress with white accessories and a red corsage.

THE BRIDE attended the Hart schools and graduated from Stephenville High School. She is presently employed at Farmers State Bank in Hart as a bookkeeper. He is a graduate of Olton High School and attended West Texas State University. He is presently employed by Don's Super Market in Olton.

The view from your library

By MARY EDNA HENDRIX

Last Friday Mrs. Lynn King, the assistant librarian, and I went to Amarillo to attend a workshop on "Reaching Your Unserved Population." (The unserved population is anyone who does not use the library).

THE NEW Extension Coordinator, Judy Smith, conducted the workshop and it was very interesting as well as informative. One of the speakers talked on "Drug Abuse" and some of the books that we have in our library on this subject are: "Drugs, Facts on their use and Abuse" by Norman W. Houser; "Drugs from A to Z: A Dictionary" by Richard R. Linge-man; and "Some of My Best Friends Were Addicts" by Virginia Ely.

Charles Baker, the field representative for the Texas State Library, came by just in time to have lunch with us so I visited with him a few minutes. After the meeting Mrs. King and I came by the Mall and saw the art exhibit in Western Plaza. It is almost unbelievable that junior and senior high students can draw and paint so well. Some pictures were just about perfect in my estimation.

From there we came by the Branch Library of the Amarillo Public. It is such a pretty building both inside and out and so well planned for a library. Naturally I like the children's department better since I have always worked with the younger children and I am more interested in that section. Thanks to the book club members, Mildred Bradford, Sue Merritt and Stefanie Love who kept the library while we were at the meeting.

FATHER STANLEY'S new book "The Texas Panhandle From Cattleman to Feudler, 1880 to 1970" is out now. We have a copy in the library just for viewing at this time. The Friends of the Library plan to have an autograph party about March 1. Rev. Stanley is from Nazareth and he has had several books published. Two of his books that we have in the library are: "Satanita and the Kiowas" and "F. V. Sumner Major-General United States Army (1797-1863)." We are proud of the authors in our county. We still have some of Mrs. Broden's books in the library for sale: "This Land We Hold."

Here are week's best food buys

"Consumers continue to show a desire for beef. Considering the purchasing power behind this choice, the trend is likely to continue," said Mrs. Gwendolyn Cluett, consumer marketing specialist for the Texas Agricultural Extension Service.

SO SHOP the beef counter carefully, and check the cost of each item before making a decision. Generally, items to check include chuck roasts and steaks, round steaks, some of the boneless pot roasts, ground beef and liver.

Pork prices are on the increase, but good values include Boston butt roasts, quarter loin sliced, rib chops, smoked hams and picnic hams and some brands of bacon.

According to the specialist most fresh vegetable prices are higher than at the same time last year. This is the time to make price comparisons in fresh, canned and frozen vegetable to find economical choices. Supplies of green cabbage are plentiful and quality is excellent. Potatoes, carrots, try yellow onions, bulk turnips, hard shell squash and rutabagas are among the most economically priced vegetables.

Gardeners hear conservationist

The Dimmitt Garden Club met in the home of Mrs. Wes Anthony Wednesday afternoon. Guest speakers were David Springer and E. B. Noble who spoke on conservation in Castro County.

SPRINGER spoke and showed slides illustrating the need for effective water control on Runway Water Draw. Other slides showed terracing and other methods to hold water when the rains fall.

Noble talked about the water wells now being used in the city and the water treatment plant. He also described the city disposal system and how keeping the city clean must be a personal goal. He also extended the women an invitation to attend city commission meetings.

Mrs. Bill Behrends presided at the business meeting. The hostesses, Mrs. C. G. Miller Mrs. Behrends, served heart shaped cookies, cherry cream dessert, coffee and punch to the 12 members and guests.

Easter Seal drive to open

The 1972 Easter Seal Appeal will open in Castro County on Monday according to Mrs. Walter Maynard, who serves as Easter Seal Representative for the county.

MRS. MAYNARD said that Easter Seal Appeal letters would begin arriving at homes in the county about February 28.

As Easter Seal Representative, she is the person to contact to request rehabilitation services from the Easter Seal Society for Crippled Children and Adults of Texas. These services include physical and occupational therapy, speech and hearing programs and special information services to help solve the many problems faced by the families of handicapped children and adults.

LAST YEAR over 22,000 handicapped people received help from the Texas Easter Seal Society. With the costs of providing expert professional care rising, more money than ever will be needed.

Funds help support 19 centers in Texas, where crippled children and adults are treated, regardless of their ability to pay. Walkers, wheelchairs, and related services are provided to those who cannot provide for themselves.

"The people of Texas have always responded generously to helping the handicapped, and I feel certain they will make it possible to increase Easter Seal services to crippled Texans throughout the coming year," Mrs. Maynard said.

On the Go

Lee and Flora Stanford had company Monday — Flora's cousins Mr. and Mrs. Nathaniel Dubberly of Dallas and their daughter Dorothy Laudermilch of Morton.

SWINE SHORT COURSE

V.F.W. NEWS

By GERALD BROADSTREET
Greetings Comrades,

There has been quite a bit of activity these past few days. First I'd like to report that business at the post home has been pretty good according to the Post Custodian. I know that we sure had a large crowd at our game night activities last Wednesday. Makes us feel good to see so many come out and be with us.

THAT dance I was talking about last week—well all the details have been worked out. The event is set for March 4th at the post home and it should be something real special. No only are we going to dance, but there will be a barbecue pig supper. We have a new band contracted to play for us and they call themselves the "Crystal-Aires." They are a most versatile band and can play the kind of music everyone can enjoy. For the supper, K-Bob's in Hereford is going to barbecue a whole pig for us so don't worry about us running out of food.

We are selling tickets for this event at \$3 each and that entitles one person to the supper and dance. Tickets can be purchased at the door or in advance from myself or Reese Kesler.

I have a report from delegate Ted Stubblefield who attended the Mid-Winter Round-Up at San Antonio. Our Post received a most warm and friendly welcome upon arrival. Dept. Commander Mel Stanley personally greeted us and recognized our name just by our post number on our hats. This is quite an honor, we are definitely a "what's happening" post if the department heads can recognize us in that manner.

It was discussed at the Round-Up that some of our elected leaders are still trying to combine the Health, Education & Welfare with the Veterans Administration. We are strongly opposed to this as it will hurt us considerably in obtaining our rights that we alone are entitled to. A letter was composed and distributed to all the posts in Texas declaring our opposition to this action. We have this letter at our post now and every member should make an all out effort to come by and sign it in the very near future. We will see to it that it is mailed to the proper authorities. Our future is at stake! Sign the letter now!

MEMBERSHIP in the state of Texas has exceeded the 61,000 mark and is steadily climbing. This is going to be a record year for the VFW. I might add, it was mentioned at the Round Up that Dimmitt was one of the few quota posts in the state. How about that? At the present we have exceeded our quota by 7 members making us 163 strong.

Last Sunday Hereford Post 48 hosted the District 13 Convention. Those attending from Dimmitt were Garnett Holland, Reese Kesler, Florene Leinen, Shirley Pope, Kitty Johnson, Silvia Stubblefield, Jane Killough and myself.

Our Dept. Representative was Comrade W. K. Huber Jr., vice commander, and the Auxiliary representative was Yvonia Williams.

Post 5399 of Plainview won the Traveling Plaque by having the most officers and delegates present. Also it was voted by those present that the next district convention be held in Plainview in May. The exact date to be announced later.

This convention will be most important for we'll elect our new district officers then. Discussion last Sunday included the VFW's involvement in community type projects and how we can serve our community better.

DISTRICT Commander Wayne Driskill asked comrade Huber to assist him in attempting to reduce the size of District 13. Being 200 miles across makes it most difficult for a commander to serve such a large area. Comrade Huber agreed to assist in every way possible.

That's about it for now, see you at "Game Night" Wednesday.

WANDA McElroy visited Mr. and Mrs. J. D. Bradley, Granny Rister's daughter, in Levelland last Tuesday.

Wanda McElroy went to Morton to see her mother Mrs. Lennie Hooper and her mother-in-law Mrs. Audrey McElroy in Levelland last Tuesday.

Mr. and Mrs. Eddie Lane of Lubbock visited their daughter and family Mr. and Mrs. Charles King Monday afternoon.

Mrs. Richard Alsup of Lubbock visited her parents the Charles Kings Monday afternoon.

Terry Smith of Lubbock spent Friday night with Kenna Howell.

MRS. NELL Ingram and Mrs. Doris Lust went to Lubbock Thursday.

Mrs. Doris Lust and Flo went to Amarillo Saturday.

Mrs. Joe Finck of Tulia visited her daughter and family, the Houston Lusters.

Mrs. A. D. Roberts and daughter of Quanah visited Mr. and Mrs. George Bagwell and Mrs. Kay Roberts Friday.

The B-Team basketball girls were treated to a supper by their mothers at the Houston Lust home Tuesday night.

SEVERAL ladies attended a coffee at Mrs. Betty Boothe's home Monday. They were Mrs. Jean Gilreath, Mrs. Pat King and Mrs. Charlene Howell.

Mrs. Pat King gave a real interesting book review at the Baptist Church. The name of the book was "Catalyst in Mission." Those from Bethel to hear her were Mrs. Merle Morgan and Mrs. Charlene Howell.

Mr. and Mrs. Earl Lust went to Littlefield Sunday to visit their son and family, the Lloyd Lusters. They attended a piano recital which their grandson Jeff had a part in. They also visited their granddaughter Mrs. Jerry Graham in Littlefield.

Mr. and Mrs. Vern Lust visited Mrs. Glen Stiles of Big Square Thursday.

THE JAMES Welches visited the Raymond Carsons at Olton. Several families in the Bethel community have the flu or are just getting over it.

George Sides went to Dallas on business.

Mr. and Mrs. B. H. Sides of Lubbock attended the Stock Show Saturday and visited their son and family Mr. and Mrs. George Sides. Jack Sides of Lubbock also was here for the show.

Mr. and Mrs. Lyndon Smith and family of Lubbock and two girls from LCC, Carolyn Marable and Jamie Newton, all visited in the Moss Howell home Sunday. Also eating with them were the families of Jimmie, Jack, the Melvin Stovalls of Hereford, Herb and children of Bovina and the Bill Yokums.

Little Bobby Light is still visiting but may go home this week.

MRS. RONNIE Longan has a stray black and white male dog who came to her home. It may be part Border Collie and a stock dog. If it belongs to anyone in the Bethel community, please call 647-4686.

The Bud McElroys and the Wayne McElroys spent Sunday over at the Ronnie McElroys at Lazbuddie.

CONEY CRITTERS

I don't know how it is in your neck of the woods, but it's colder'n a blue eel around here. Better warm your hands by the stove before we start cookin' so's you won't drop anything. We're gonna make some Coney Critters that all kids like and they're not as bad for you as all the candy you been eatin' over the holidays. They're just Wieners, but we'll make a sauce for 'em that's mighty good. Boil some water, put the Wieners in, bring the water to a boil again. Now you don't want too much water in the pot, just about enough to cover the Wieners depending on how many you're goin' to cook. Now, put a lid on the pot and take it off the burner. Let your Wieners steam for awhile. Now get a fryin' pan and put it over a low heat. Melt a tablespoon of butter or lard in it and add some chopped onions — a half cup or so. When the onions are about soft, add a 14 ounce bottle of catsup, 1 tablespoon of vinegar, 1 tablespoon of sugar, a couple of big spoons of pickle relish, a quarter cup of water, and some salt and pepper. Cook the stuff slow for 15 minutes or so. While that's cookin', heat your hotdog buns by wrappin' 'em in foil and settin' 'em in a hot oven for a few minutes. Now you're all set to dip the Wieners into the sauce and plopp 'em into the buns. Gettin' a bunch of kids together and makin' these Coney Critters beats a lot of other things you could be doin', specially on those cold days. Don't forget to clean up the kitchen!

Dimmitt's '72 basketball story: 15 teams compile 193-63 record

Dimmitt Public Schools this year fielded 15 basketball teams which played 256 games and compiled an impressive overall record of 193 victories and 63 losses.

TWO TEAMS whipped through the season undefeated. They were the seventh grade and eighth grade boys' teams, which finished the year with identical 17-0 records.

These are the highlights of a season report issued this week by Athletic Director Kenneth Cleveland.

All 10 "A" squads in the school system, plus one "B" squad, posted winning seasons, Cleveland reported. From the seventh grade through high school, the "A" squads compiled a won-lost record of 188-49 this year.

DIMMITT'S teams brought home 24 tournament trophies, including 10 championships.

Because of the tradition of invincibility built by the Dimmitt Bobcats over the past 15 years, 1972 could be termed "the year the Bobcats didn't win the district championship." However, the Bobcats posted a record that nearly any other team in the country would envy. Although they ended in a second-place tie in District 3-AA—their lowest finish in almost a decade—the varsity boys compiled an impressive record of 25 wins and only six losses.

The Bobcats captured the championship trophy of the Plainview Tournament, placed second in the rugged Caprock Holiday Tournament at Lubbock, and came in third in the Tulia Tournament.

TWO MEMBERS of the Bobcat squad—Danny Ebeling and Jerry Matthews—were named to the 3-AA all-district team. Also, Ebeling earned a berth on the All-South Plains Team and Matthews gained an honorable mention. The two seniors paced the Bobcats in scoring all year.

The Dimmitt Bobbies finished the season with a 17-11 record. Mementos of their suc-

cessful year include the championship trophy from the Farwell Tournament, the consolation cup from the Tulia Tournament and the third place trophy from the Friona Invitational.

Dimmitt High's B-team Bobbies finished with a 16-5 record, and earned the third place cup in the Silverton Tournament and the consolation trophy at Canyon.

THE JUNIOR varsity boys compiled a 24-6 record while winning first place in the Silverton Tournament, second at Littlefield and second at Canyon.

The sophomore boys won 16 and lost three, finishing second in the Amherst Tourney and third at Sudan.

The freshman boys' team won 17 and lost 5. They captured the championship of the Dimmitt Freshman Tournament and brought home the second place trophies from the Canyon and Hereford tournaments.

The freshman girls' squad compiled a 14-7 record and had a good tournament year, winning the championship at Canyon and the runner-up trophy in the Dimmitt Freshman Tourney.

DIMMITT'S junior high teams compiled records that are probably second to none in the territory, with two teams going undefeated and two others posting records of 16-1 and 15-5.

The eighth grade boys never did find anyone who could whip them as they breezed through a 17-0 season. They won the championship trophies in both the Muleshoe and Hereford eighth grade tournament. The eighth grade boys' B-team played seven bouts and finished 3-4.

Meanwhile, the eighth grade girls' A-team compiled a 15-5 record, winning the championship trophy at Muleshoe and the runner-up cup at Canyon. The girls' B-team had its problems, however, finishing with an 0-4 record.

NOT TO BE OUTDONE by their upperclassmen in Dimmitt Junior High, the seventh grade

boys whipped through an undefeated season also, finishing 17-0. They captured the championship trophies in both the Canyon and Hereford seventh grade tourneys.

The seventh grade boys' B-team won two and lost two.

Right on the heels of the boys in their class, the seventh grade girls lost only one game out of 17 during the year. Their single loss was in the Olton Tournament, where they finished third. They won the championship of the Canyon Tournament while compiling their 16-1 season record. The seventh grade girls' B-team played four games but couldn't pull out a win.

THE SCHOOL system's overall cage record of 193-63 for 15 teams indicates that basketball is still both popular and strong in Dimmitt.

And judging from the records posted by the school system's younger teams, there seem to be plenty of winning seasons yet to come for Dimmitt fans.

Radio auction set Saturday for Heart Fund

The Castro County Heart Fund campaign will wrap up a week of door-to-door canvassing with a radio auction Saturday. Area merchants have donated a wide variety of items for the auction block.

THE AUCTION will be broadcast live from the First State Bank community room from 9 a.m. until noon on KDHN Radio, which has donated this time to the Heart Fund. All-sup's 7-11 Store will serve doughnuts and coffee at the auction.

Chairman of the Dimmitt fund-raising committee, Mrs. Jay Lee Touchstone, said area businessmen are enthusiastic about this approach to the fund-raising campaign and have been generous with their contributions. Items for the auction will be on display at 8 a.m. Saturday in the community room of the First State Bank, and the public is invited to view them.

By press time, 53 Dimmitt businesses and individuals had donated merchandise for the Heart Fund radio auction.

Hart girl, 14, severely hurt in car rollover

A one-car rollover 6½ miles southwest of Hart Sunday afternoon sent 14-year-old Carol Sue Armstrong of Hart to a Plainview hospital with severe head injuries.

HIGHWAY Patrolman Dvirle Maples, investigating officer, said the wreck was reported about 6:15 by Jimmy Cluck, who discovered the overturned Jeep van.

Maples said Miss Armstrong apparently lost control of the van on the county road, and was thrown out as the vehicle rolled over. She was unconscious when Maples arrived.

Maples said the damage to the 1969 Jeep van was heavy. Miss Armstrong is the daughter of Mr. and Mrs. Paul Armstrong.

'Outsiders' win third at Olton

Eight Dimmitt men formed an "outsiders" basketball team last Wednesday, traveled to Olton and won third place in a three-day independent tournament.

DIMMITT defeated Lockney, 79-36, in the opening round last Thursday, lost to Friona by 69-44 Friday, then defeated Amherst 64-59 in the third-place game Saturday.

Kenneth Cleveland was Dimmitt's high scorer in each game and was named to the all-tournament team. Other team members were Gene King, Jerrv Durham, Robert Ryan, Ewell Kelly, Billy Scott, Dr. David Bechtel, Kenny Dost, and Bobby Baker.

Team members said they hope to organize an independent tournament in Dimmitt in the near future.

BIDS on a proposed new \$29 million highway department headquarters near the state capitol and governor's mansion will be taken in May.

PARKS and Wildlife Commission is expected to review the Mustang Island purchase controversy at a Friday (Feb. 25) meeting.

A RECORD turnover in both the Texas House and Senate is seen this year.

DIMMITT'S GOLDEN GLOVES, WITH TROPHIES ... After regional finals in Amarillo Saturday night

Two dozen fighters from the new Dimmitt Boxing Club invaded the Golden Gloves Regional Tournament last Thursday, captured the hearts of the crowd and fought their way to six trophies, including the big "Fighting Heart Award."

AND THE entire Dimmitt Boxing Club shared in the huge "Fighting Heart Award" club trophy presented by regional Golden Gloves officials.

Other Dimmitt boxers who "cut in" the regional matches were David Blackburn, Scott Armstrong, Tommy Kenworthy, Kyle McDermitt, Brad Glenn, Lou's Vasquez, Kelly Hill, Brad DuLaney, Richard Ewing, George Walker, Robert Ewing, Pete Davila, Sam Espinosa, George Perez, Andy Gonzales, Jay Day, Don Hosler, Mark

Joe Day, 20-year-old son of Mr. and Mrs. Jim Day of Dimmitt will represent the Amarillo region in the state Golden Gloves Tournament at Fort Worth in March. His regional championship won him an expense-paid train to the state matches.

WRECK occurred on FM 145 (the Hart-Lazbuidie highway), two miles west of its intersection with US 385.

Highway Patrolman Billy Scott, who investigated, said Copeland's 1965 Chevrolet Impala ran off the road at a curve and overturned several times. Copeland was thrown approximately 50 feet as the hood, right door and trunk lid of the car ripped off in the rollover.

Robert Duke of Sunnyside discovered the wreck shortly after midnight and notified the Highway Patrol. Copeland was taken to Plains Memorial Hospital for emergency treatment of a skull fracture and possibly serious internal injuries, then was transferred to the Lubbock hospital.

Copeland's injuries would have been "much less severe" if he had been wearing a seat belt, Scott said.

Leslie Heard, champion in the 100-lb. senior division; and Randy Roberts, second place in the 90-lb. junior division.

More About New book

(Continued from Page 1)

has a total of 782 pages. Rev. Crocchiola, writing under the pen name of F. Stanley, has written and published in limited editions 36 books and 107 pamphlets. The price of his new book is \$13, which covers only the costs of printing. All of his books are published on a non-profit basis.

FATHER STANLEY still works on a 6 a.m. to midnight schedule which includes his priestly duties, painting, research and writing, and plenty of time for reading.

"I like to read four or five books at a time, many newspapers including the New York Times, 28 magazines a month and then there's my painting too," he said.

Father Stanley teaches free painting classes three times a week to adults and children of Nazareth and Dimmitt. "Four or five of my Nazareth students are already selling paintings," he beamed.

But he chose to forego artwork in his huge new book.

"**THIS BOOK** is straight, solid reading material," the father said. "Many counties are coming out now with their own stories with pictures, so I chose straight print with no illustrations."

He said information and facts were often hard to find, and people often were unwilling to give him the needed information.

"Many people want a cut of the profit for their information; many feel their family life and business is personal; many early ancestors were lawbreakers and you must be careful with names in history; and many know one or two facts that are a part of a whole, that they want included as is," he said.

FATHER STANLEY summed it all up: "I just write anyway and expect to be panned by many."

The Friends of the Library will sponsor an autograph party honoring Father Stanley Wednesday from 2 to 5 p.m. in Castro County Library. And on March 12, another autograph party will be held in Nazareth at the Catechetical Center of the Holy Family Church.

USMC recruiter now here weekly

A Marine Corps representative will be in the post office in Dimmitt every Tuesday from 12:30 to 1:15 p.m. to answer any young people's questions concerning a future in the Marines.

SAME SQUARE, ANOTHER ERA—This was the Great Hall area to Peking, China, 27 years ago when the First Marine Division arrived in the historic capital in September, 1945, to accept Japan's surrender of China to the Allies. Although it has been 23 years since an American flag could be hoisted in Peking, this scene now looks strikingly similar to many TV and newspaper pictures being beamed back this week during President Nixon's visit to China.

One big difference: the bandmen are members of Chiang Kai-shek's forces, marching under the Nationalist Chinese flag. Mao Tse-tung's forces—although they had fought fiercely against the invading Japanese—were not allowed to take part in the surrender ceremonies. The photo was brought back from China by Jimmie Chapman, News production foreman, who witnessed the surrender as a member of the First Marines.
