**HALLOWEEN ART**—These pumpkin-heads may not be as pretty as the faces behind them, but they're certainly colorful. Approximately 200 pumpkins in and around Dimmitt will have an artistic flair at Halloween, thanks to 25 members of the United

Methodist Youth Fellowship, who used tempera paint to create a patch-ful of colorful originals to sell. The models, by the way, are Donna Behrends (left) and Carla Sheffy, kneeling amid samples of the UMYF's work.

### Carnivals, bazaars open season

The holiday season is here, with traditional Halloween festivities today, and the opening of the Bazaar season tomorrow.

Participating Dimmitt merchants are sponsoring a special "Dress Up for a Discount" promotion, with costumed customers getting special bargains.

Tonight, the community Halloween Carnival, sponsored by the Dimmitt Lions Club, will be held from 6 p.m. to 10

p.m. at the old cotton compress on the northeast edge of the city. Over 30 game booths, several food booths, and other promotions will be featured. Admission will be \$1 for adults and 50¢ for students, with preschoolers being admitted free. A pair of eyeglasses will also be good for admission.

Ghosts and goblins will be out in force this weekend as the Easter Lions Club hosts their annual Halloween Carnival at the Easter Community Building.

The Halloween carnival will begin tonight and will be open through Saturday at 7 each night.

The carnival will include games, food and a cake walk, as well as the traditional spook house.

Tickets for the spook house are \$2 each and can be purchased at the Community Building.

The bazaar season opens tomorrow with the annual Plains Memorial Hospital Aux-

iliary Holiday Bazaar, featuring homemade art and craft items, from 10 a.m. to 3 p.m., with a buffet lunch featuring an assortment of homemade dishes, from 11:30 a.m. to 1:15 p.m. at the Expo Building.

Homemade baked goods, candies, crafts and holiday and seasonal items, including 25 grapevine and straw wreaths, will be on display at the annual bazaar and Thanksgiving dinner sponsored by the women of the United Methodist Church.

The bazaar is slated to begin Tuesday at 10 a.m., and will be held at the First United Methodist Church in Dimmitt.

The Thanksgiving dinner with turkey, dressing and all the trimmings will be served from 11:30 until 1:30 p.m. Prices for the meal will be \$4.50 for adults and \$2.00 for children. Take-out plates will be available for the same price.

Tickets for the meal are available at the church office or from the United Methodist Church women.

Proceeds from the bazaar and meal will benefit United Methodist missions and the scholarship fund for local Dimmitt students.

## Police arrest murder suspect

A 19 year old Corpus Christi man wanted on charges of homicide and willful killing was taken into custody by local law enforcement officers Sunday.

Daniel Tangume, Jr. was originally stopped on suspicion of DWI. Police reports indicate the vehicle he was driving had been swerving on the road. He was pulled over and was found to be intoxicated. A search revealed a pair of num-chucks, which is a prohibited weapon, in his possession.

Further checks of Tangume by police revealed the fugitive

warrants issued by the Corpus Christi Police Dept. He was taken into custody and will be turned over to authorities in Corpus Christi.

Luther Kilgore reported that someone had attempted to enter his residence last Wednesday night.

According to police, someone had apparently cut away the shank portion of a padlock securing the north east door of the residence. No other damage was reported.

Approximately \$10 worth of merchandise was taken from Thriftway Food Store last

Thursday. Brian Hufhines told police he observed a woman take several items and put them in her purse. She then proceeded to leave the store without paying for the items. She was detained by store manager Doug Pybus, who called police.

## 1:1

In Tuesday's special election, we have another chance to conserve and extend West Texas' precious supply of water.

I hope you'll vote Tuesday, and that you'll vote in favor of Proposed Amendments 1 and 2.

Amendment 1 would authorize the Texas Water Development Board to issue an additional \$980 million of water development bonds for municipal and agricultural water conservation and development projects, and

would create a new state-backed bond insurance program to make the bonds more marketable at better rates.

Amendment 2 would authorize a two-year pilot program of low-interest loans to farmers for purchasing water-conserving irrigation equipment. (It may be years before most of our farmers could afford to take advantage of this provision, but the pilot program is worth a try.)

These amendments are expected to pass because they

(Continued on Page 14)

County voters will help decide the fate of 14 constitutional amendments proposed for the Texas Constitution in next Tuesday's General Election.

The focus of the election will be on the first two amendments, which would authorize the issuance of \$1.18 billion worth of bonds by the state for water projects.

The first amendment would authorize \$980 million of Texas water development bonds to be issued for a variety of projects, while the second amendment would allow \$200 million worth of bonds to be issued for agricultural water projects.

Gov. Mark White, Lt. Gov. Bill Hobby, Speaker of the House Gib Lewis, Texas Agriculture Commissioner Jim Hightower, other elected officials and numerous organizations across the state have thrown their support behind both of the amendments.

There is a plethora of other amendments involving state government as well as issues in eight Texas counties for which statewide approval is required by the 109-year-old state constitution. The amendments are discussed in full in the *Voter's Guide* prepared by the League of Women Voters and included in last week's issue of the *News*.

The *News* has come out in support of the first two amendments.

The other amendments are:

- authorizing the legislature to enact laws permitting a city to spend public funds and levy assessments for the relocation or replacement of water laterals on private property;
- authorizing proceeds from the sale of land dedicated to the permanent school fund to be used to acquire other land for that fund;
- authorizing the legislature

to regulate the provision of health care by hospitals;

- permitting state prisoners to be placed in penal facilities of another state pursuant of an interstate agreement;

- authorizing Chamber County to have one more justice of the peace precinct than its population would otherwise permit;

- providing \$500 million in additional bonding authority for the veterans housing assistance program and change eligibility requirements;

- protecting public funds by authorizing prior approval of expenditure or emergency transfer of state appropriations;

- authorizing the issuance of bonds for assistance with the purchase of farm or ranch land;

- changing the manner in which a person is charged with a criminal offense and to certain requirements applicable to state writs and processes;

- granting the Supreme Court of Texas and the Court of Criminal Appeals of Texas jurisdiction to answer questions of state law certified from a federal court;

- providing for the reapportionment of judicial districts by the judicial districts board or legislative redistricting board, and;

- abolishing the office of County Treasurer in Andrews and El Paso Counties and abolishing the office of County Surveyor in Collin, Dallas, Denton, El Paso, Henderson and Randall Counties.

While the off-year elections traditionally draw light turnouts, polling is expected to be heavy in Houston, where city races are on the ballot, including a heated mayoral election with incumbent Mayor Kathy Whitmire.

Polls will be open from 7 a.m. until 7 p.m. Tuesday.

## State focus is on first two issues

Tuesday's election isn't the first time Texas voters have seen a "statewide" water plan, but it's the first time voters have seen a plan that truly affects the whole state.

Thanks mainly to the efforts of Lubbock State Sen. John Montford, a compromise was struck between the Texas House and Senate that gives West Texas and agriculture a voice in the amendments, while helping cities and towns from Houston and Dallas to Nazareth and Hart.

While the two amendments are separate, one really can't be effective without the other, hence the "bonding together" of the two by supporters across the state. Very few groups have come out in opposition of either of the measures—even the Sierra Club, which has been traditionally opposed to such plans, has taken a neutral stance in this, off-year, election.

Portions of the two plans are already in place, and have been for quite some time. \$600 million worth of Texas Water Development Bonds have been authorized since 1957. Amendment No. 1 would call for \$980 million worth of bonds to be issued, with the state to pledge up to \$250 million of its credit to guarantee payment of bonds issued by political subdivisions, with a two-to-one ratio of bonds insured to the state's liability. Maximum bond coverage would be \$100 million in any fiscal year.

There are other safeguards, with the entire amendment discussed in the *Voter's Guide* in last week's issue of the *News*.

"The amendment could provide a source of low-cost funding for many towns and cities throughout the state as they look at their wastewater treatment and handling needs, and at assuring their residents of an adequate, good quality water supply," said Wayne Wyatt of the High Plains Underground Water Conservation District. "It has the potential of saving the residents of cities and

towns a considerable amount of money, because they can use the Triple A credit rating of the state.

"Unfortunately, under today's economic conditions of low prices and high costs, the irrigation farmer is hard-pressed to afford the implementation of all the water conservation measures that could conserve valuable water supplies for future use," Wyatt said. "Approval of the amendment could help to alter the situation."

Approval of the second proposed amendment would set the wheels in motion for irrigators throughout the state to obtain low-interest loans for upgrading the efficiency of their irrigation systems.

72% of the water used in Texas is consumed by agriculture, and is the sector which has the potential for the greatest water savings.

"This water plan only gets our feet wet, but I'm going to vote for it because it gets agriculture into the process of total immersion that our state must eventually have in water conservation," said Ag Commissioner Jim Hightower.

"Personally, I preferred taking a head-first plunge... For agriculture, this water proposal is a good start, giving us something to build on, beginning with the opening gavel of the next Legislature."

"By making it financially feasible for farmers to purchase and implement water conservation equipment and practice, we can save—in a single decade—upward of 20% of the water now being consumed by agriculture. We're talking about the possibility of saving 650 billion gallons of water every year."

"That's as much as is consumed by every single household in the state. We couldn't save that much water if we outlawed indoor plumbing. At a cost of \$8 million to \$10 million a year, we can really make a difference in a very short time."

# On the Go

with Mary Edna Hendrix, 647-3343

Congratulations to Bobby Murdock, who received his 25-year service pin and recognition from Southwestern Public Service Co. at a banquet held at the Civic Center banquet room in Amarillo last Thursday night.

Bobby was one of 118 who received pins for 5 through 40 years of service with SPS in the Amarillo Division. Some other towns represented were Amarillo, Pampa, Borger and Hereford. Dean Kelley was the master of ceremonies, and he was full of jokes. He said one out of four persons is mentally unbalanced — so just look around and if the three persons next to your are okay, you may be the one!

The show choir from Canyon High School furnished the entertainment, including some of Elvis Presley's songs. The meal was catered by the Big Texan. Others attending from Dimmitt were Wanda Murdock and SPS manager Calvin Marsh and Donna.

Molly Scott honored Lois Scott on her birthday Friday by entertaining with a luncheon for several friends and relatives. The table was so pretty with a white cloth, peach place mats, crystal candle holders and lace bow ties, and peach candles. The food was delicious and a very attractive plate. Gifts and cards were shown and a most enjoyable time was spent together.

Maxine Myers and Ruth Cochran spent the weekend in Childress. They attended church Sunday at Carey Baptist Church, eight miles west of Childress, where they were celebrating the church's 80th anniversary. They had the regular church services in the morning, lunch where there was plenty of food, and a special service in the afternoon. There were 120 registered, including some former pastors: Rev. Merritt, who was pastor in the late 60's and is now pastor at Keller; Wayne Williams from Lubbock; Gary Reckling from Happy; and the district missionary, Burl Bumpass is the current pastor. Mary Moates received a corsage for being the oldest one there (82) and Maxine's mother, Mrs. L. H. (Sue) Myers received a beautiful rose corsage for being a member of the church the longest.

Recently Lois Scott, Velma Birchfield and Coalene Millsap were guests of Jo Gregory at Angel Fire, N.M. They enjoyed the beautiful foliage as they drove over to Taos. On Sunday they attended church at Eagle Nest. The group was invited to stay and have lunch and fellowship with the church congregation. Such a pleasant and enjoyable time!

Virgil and Geneva Justice went to Post and Lubbock over the weekend to visit relatives. I am sure they told about their recent trip and showed pictures of the beautiful foliage in New England.

Dalia Gregory entertained members of her bridge club at Angel Fire, N.M. for a few days. Connie Nelson took them in her van, so they enjoyed traveling together. From Vega on, they reported, the scenery was beautiful. The cottonwood tree leaves were turning at the Canadian River. They stopped at Clayton and ate lunch at the old hotel there. The group visited antique shops all along the way. The trees were beautiful in New Mexico. The girls played bridge while they were in Angel Fire. Betty Dennis won high score and Jimmie Glenn from Canyon won second high. They all hiked and took walks around the pretty new cabins that have been built recently. The group ate at

the new Plaza Hotel where they served wonderful food. Others enjoying the fun were Darlene Dowell, Earlene Myatt, Dorothy Hopson, Mona Merritt and Murna Miller.

Morgan and Geneva Dennis, Ivor and Hazel Bagwell and Jauvada Curtiss from Amarillo drove to Canadian Saturday, where they ate lunch and took the foliage tour. They went to Lake Marvin and on to Wheeler and Shamrock, where they ate their evening meal.

Armond O'Neal from California has been visiting his sister, Mauzee Youts. They went to Shawnee, Okla., to visit relatives. Clara Gladden went along to visit her relatives.

Irene Carpenter and I went to Hart for the Christmas Bazaar held in the James Jackson home. They had Christmas trees of all sizes decorated with all kinds of lovely ornaments they had made. I liked the tree in Jami's room that was decorated with school ornaments such as a miniature little red school house, small blocks, and crayons. They had made pretty pillows, aprons (mother and daughter sets), wall hangings and stocking stuffers. In the kitchen was a display of delicious baked goodies such as candy, cakes, pies, coffee cakes, and Hawaiian bread. Hostesses for the bazaar were Janet Mitchell, Debbie Jackson, Doris Wylie and Arlene Miller. We visited with Jonalyn (Aldredge) Jones while we were there.

Debbie Murdock of Amarillo spent the weekend with her parents, Bobby and Wanda, in Dimmitt. They all attended the wedding of Nancy Acker and Lynn Buchanan in Nazareth Saturday afternoon.

Carol Moyer and little son, Royce, from Childress spent the weekend with her parents, Milton and Sandra Bagwell and other relatives, including Ivor and Hazel Bagwell.

Edith Graef was hostess to the Thursday Bridge Club that met at the Senior Citizens Center for lunch and a day of bridge. Johnnie Vannoy won high score and Jean Christian won second high. Others playing were Oleda Schumacher, Elizabeth Huckabay, Bernice Hill, Ferne Dickey and Jo Gregory.

On Friday, Oct. 18, Ruth Coleman was hostess to the bridge club that met at the Senior Citizens Center for lunch and a day of bridge. Opal Bearden won high score and Cletha George won second high. Others playing were Josie Bradford, Dorothy Elder, Retta Cluck, Anita Morris, Gladiola Shipley, Beral Hance, Edith Graef, Oleda Schumacher, and Betty Renfro from Amarillo.

Ralph and Velma Lambright spent a few days in Oklahoma City and Norman, Okla. visiting grandkids and great grandkids, and Ralph's sister, Cora Krapf.

The adult choir at the First Baptist Church had a "pot luck supper" and choir practice Saturday night. Members brought all kinds of good food and they enjoyed singing under the direction of the new choir director, Richard Young. After some serious practicing, they formed duets and quartets and had some fun singing in groups.

Five Dimmitt women went to Midland Oct. 25 through Oct. 27 for the Texas Federation of Republican Women's Convention. They were Betty Freeman, Ann Ethington, Marie Sammann, Tina Rawlings and Deanne Clark. Patsy Rodgers, Tina's daughter, treated the group to a Neil Simon play, "They're Playing Our Song," at the Midland Little Theatre before the convention activities began. The ladies also met Jamie and Earlene of Odessa, who are daughters of Don and Ann Ethington. Jamie and Earlene met the ladies for the Saturday luncheon and style show. Speakers at the luncheon were the three candidates for governor, former Rep. Kent Hance, former Gov. Bill Clements and Rep. Tom Leoffler.

Deanne Clark was hostess to her bridge club this past week. Ladies attending were Pat Braafladt, Sandra Potts, Sandra Clark, Nancy Ross, Stefanie Love, Margaret Parsons, Virginia Hanson, Martha Harman, and guest, Cenci Hardee. Sandra Potts won high and Margaret Parsons won second high.

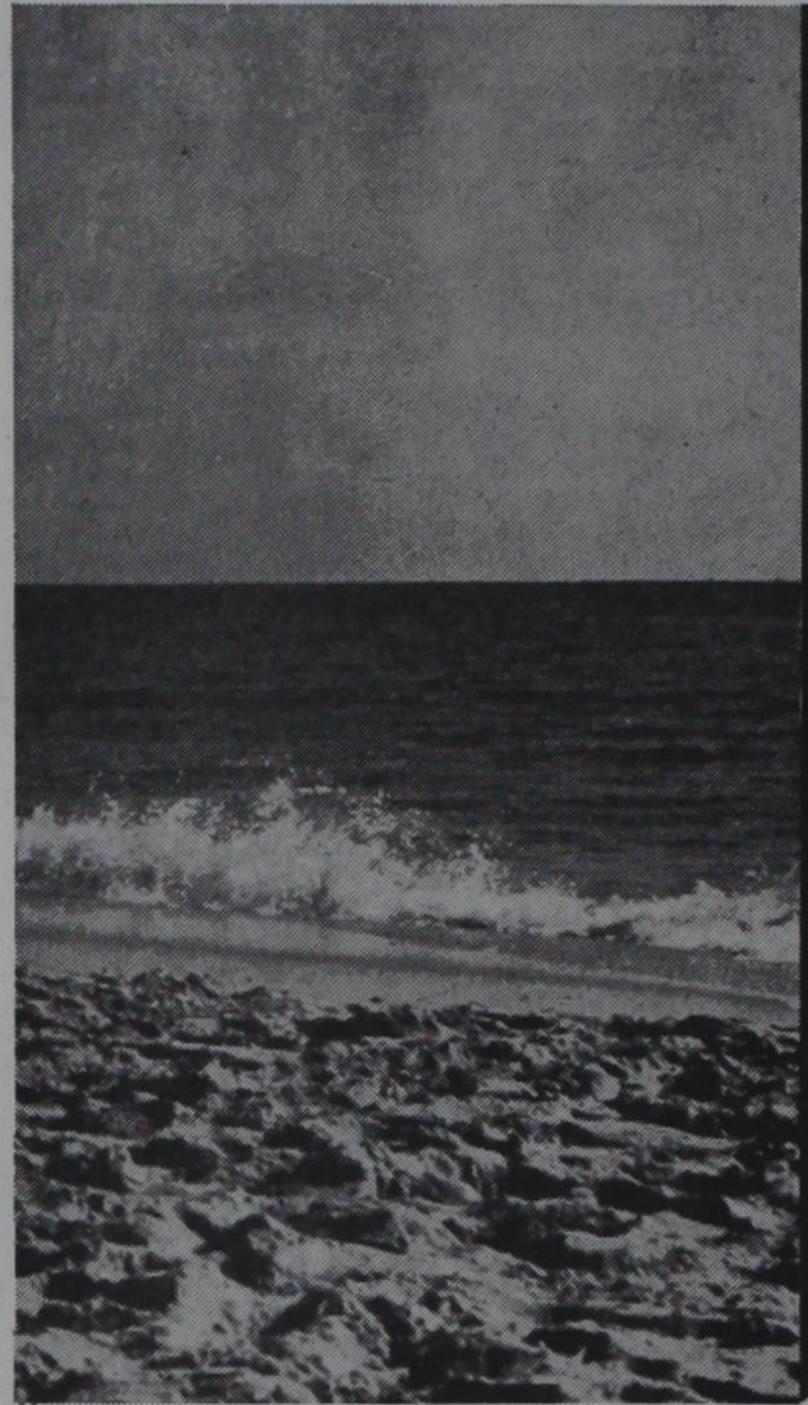

Deanne and Bill Clark have just returned from a visit to first grandbaby and his parents in Chicago. They found young Adam Clark Brewer and his parents coping with joy all the benefits of parenthood.

Beth Hodges of Panhandle and her daughter, SHERALYN Bowersock and her grandson, Kent Andrew of Wichita Falls were visiting Beral Hance Thursday. He is the great-grandson of Beral.

The Dimmitt Middle School eighth grade class invites you to its Cake Walk at the Halloween Carnival. A specialty

cake, decorated by Alene Thomas, will be auctioned off during the evening. The Cake Walk is a project of this year's

eighth grade class to raise funds for their end-of-year banquet. Stop by and see if you can win a homemade cake.

## DEEP AS THE SEA

Standing in the sand, looking at the sea, one cannot help thinking of the boundless, fathomless love of God toward us. Oh, how he loves us, uplifts us, protects us and encourages us. There comes to mind many of his precious promises and the heart swells with gratitude. Recalled first of all, perhaps, are verses like these:

*"Fear thou not; for I am with thee: be not dismayed; for I am thy God: I will strengthen thee: yea, I will help thee."*

*"Yea, I have loved thee with an everlasting love: therefore with loving kindness have I drawn thee."* Jeremiah 31:3.

*"For God so loved the world that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life."*

*"For God sent not his Son into the world to condemn the world; but that the world through him might be saved."* John 3:16, 17.

Many more words of comfort await you in the Bible and in the Church as His words are proclaimed from the pulpit. We invite you to attend church this week. You will be glad you did.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Coleman Adv. Ser.

The Nazareth High School Marching Swift Band received a I rating at the UIL marching contest Saturday afternoon in Lubbock.

The contest was held at Texas Tech Stadium.

13 other Class A schools participated in the contest, and only two bands, Ropes and Sudan, received I ratings with Nazareth.

The three judges gave Nazareth's band, which consists of seventh through twelfth graders, top ratings.

The band performed three selections including "España," "Still" and "Apache."

They used a new corps style marching drill in the contest.

The band has no more marching contests left this year, but are working for the school's first sweepstakes award.

Debra Smith of Hart thought she had lost her 1985 Bronco II after it rolled 2½ times while her niece was driving it. (Her niece was wearing her safety belt and escaped serious injury.) Our new Lazer Beam Aligner showed the frame was bent only slightly at the back. We straightened it on our new Kansas Jack Magna-Rack, then rebuilt the vehicle from the frame up, using our Lazer Beam Aligner every step of the way, to make sure everything from the radiator supports to the doors and roof lined up perfectly. According to Mrs. Smith, the Bronco II "handles just as well as it did before—it's wonderful."

## Chiefs bounce Bobcats out of playoffs, 7-0

Three missed tackles brought Dimmitt's playoff hopes to a sudden end Friday night as Lonnie Phillips broke out of his own backfield and raced down the sidelines for a 49-yard run to lead the Friona Chieftains to a 7-0 win at Friona.

The loss left the Bobcats with a 1-2-1 record in district 2-3A. Friona is tied with Tulia

at 3-1 for second place in district, with Idalou all alone in first place at 5-0. The Chieftains will meet the Hornets at Tulia Friday in a contest that will decide the district's second-place representative.

Thanks to Friday's loss, the Bobcats can finish, at best, in third place, a half-game out of the playoffs.

The contest matched the best two defenses in 3A in the area, with Friona giving up less than 95 yards a game, while the Bobcats had given up a little over 150 yards a contest. There was a little more offense than the team's usually give up—Dimmitt picked up 158 yards, while the Chieftains had 207 yards.

Wouldn't you know it—the yardage would have been even for both teams without Phillips run—just like the score would have been.

Both teams had other chances to score in a heated contest between the two rivals, who were meeting for the forty-

second time. Scott Killough recovered a Friona fumble at the Bobcat 6 on the Chieftain's sixth play of the game, and Sam Montoya was short on one field goal attempt and had another blocked in the fourth quarter.

The Bobcats had only one legitimate scoring drive, when Mark Standee fell on a Friona fumble at the Chieftain 23 on the second play of the third quarter. Quarterback Woody Glass hit split receiver Todd Durham with a pass at the Friona 13, but Glass was intercepted in the end zone two plays later to wipe out the threat.

Dimmitt threw 21 passes in the game, but the Chieftains picked off four of the tosses. That hampered the Bobcats offense as much as the ineffective ground game, which was damaged by leg injuries to fullback Mark Smothermon and tailback Cruz Arce.

"His heart has to be as big as a washtub," said Littlefield coach Jerry Blakely after Smothermon, who was well

**SACK TIME**—A swarming Friona defense sacks Dimmitt quarterback Woody Glass at the Bobcats' 25-yard line in the first quarter of Friday night's District 2-3A game at Friona. Dimmitt players in photo besides Glass are Kerry

Lewis (77), Milton Carrasco (75) and Eric Stump (78). The Chieftains broke a 49-yard touchdown run in the first quarter, then held on for a 7-0 victory in an otherwise even-up battle.

## Naz, Dimmitt seniors see last home action Friday

The Dimmitt Bobcats play for pride in their final home game Friday night, while the Hart Longhorns and Nazareth Swifts try to maintain a foot in the playoff door.

The Bobcats host Floydada at the annual Parents Night game, while the Longhorns travel to Bovina. The Swifts, with the best chance of any county team to make the

playoffs, host the Kress Kangaroos. All three of the games start at 7:30 p.m.

**Floydada at Dimmitt**  
16 Dimmitt seniors will see their last action at home Friday when they meet the 1-6 Floydada Whirlwinds at Bobcat Stadium Friday night.

The seniors and the other varsity Bobcats will honor their parents just before Friday's kickoff.

Floydada has won just one game, 13-6 over Muleshoe. That's the only game in which they've scored any points. Idalou beat the Winds 32-0 last week, and Littlefield trounced them earlier, 55-0. But the Winds of coach Joe Paty haven't been out of the rest of their games — they just haven't been able to score.

"You can look up at the board over there and see they aren't that bad," Dimmitt coach Clifford Smith pointed out. "There's a lot of 7-0 and 14-0 games, which they probably could have won. They haven't had a lot of success on offense, but they have a strong defense.

"Their best two defensive players are their linebackers, senior Richard Rendon (5-8, 176) and Leif Younger (5-8, 171, Jr.). Haney Robertson (5-8, 163, Sr.) does a good job at safety.

"I hope we can play with some pride and enthusiasm," Smith said.

**Hart at Bovina**  
Bovina got to do some rolling in the end zone last week after a 14-14 tie with Olton, and the Mustangs have Hart coach Mark Stroebel a little worried.

"They've definitely improved, and they've improved every week," Stroebel said of the

0-7-1 Mustangs. "We just hope they don't pull on us what they did on Olton.

"They do a lot of basic stuff, and they hustle. They're not afraid to hit you. I just hope we play well. If we do, we ought to come out ahead. It's hard to get up for a team like Bovina, because they haven't had a lot of success, but after what they did to Olton last week, it shouldn't be as hard for us to get enthused about this game."

The Horns will still be without tailback Johnny Washington, who is suffering from a deep thigh bruise, and flanker Tony Sosa, who had knee surgery earlier this week. Danny Ledesma sustained a broken hand in an accident Sunday, but should be able to play Friday.

**Kress at Nazareth**  
The Kangaroos come hopping into Nazareth Friday with a 2-6 record hoping to knock off the Swifts, who haven't lost since the first game of the year.

"They always get after us, and I'm a little afraid of them. They have a real good quarterback, and they're not as bad as their record shows."

Junior quarterback Anthony Alvarado will lead the Kangaroos, who have 10 offensive starters back from last year's 4-6 team. But the Kangaroos don't have much depth, as all of the Kangaroos have to go both ways.

"They're a lot smaller than we are, so we shouldn't have any trouble handling them on the line. We have to keep them contained. And, too, I hope we aren't looking ahead to next week's game with Farwell.

That's the one that decides everything, but we need to win this week."

Lazbuddie threw 44 passes against the Nazareth Swifts Friday night, with sophomore quarterback Tim Lust completing 28 of the throws for 360 yards.

But the Longhorns couldn't stop the overpowering Swift ground game, which trudged for 298 yards en route to a 37-14 win Friday at Lazbuddie.

The Swifts drove the ball almost at will in the first half in rolling to a 28-0 halftime lead, then topped their point total with a 76-yard interception return by Billy Steffens and a safety in the third quarter. The junior varsity filled out the rest of the night on offense, while the Nazareth secondary had to stay on its toes all night.

Steffens scored the first Swift touchdown on a 1-yard plunge on the seventh play of the game. Kevin Hoelting missed the PAT, leaving the score 6-0.

Six minutes later, tailback Mike Huseman, who had 159 yards on 20 carries, scored on a two-yard dive. Hoelting's PAT kick made it 13-0 through the first quarter.

Huseman grabbed the first of four interceptions for the Swifts early in the second quarter to set up a short TD drive for the Swifts. Fullback Frankie Huseman scored from

3 yards out, then quarterback Chris Schmucker threw a two-point conversion pass to split end Craig Huseman to put the Swifts up 21-0.

Moments later, Schmucker returned an interception 30 yards, then Mike Huseman ripped off a 34-yard run before Steffens ran for his second touchdown of the night. Hoelting's PAT gave the Swifts a 28-0 halftime advantage.

Paul Gonzales, who had almost 200 yards in receptions Friday night, returned the opening kickoff of the second half 92 yards for a touchdown, then caught a two-point conversion pass to close the gap to 28-8.

On the next series, Lust threw an interception to linebacker Steffens at the Swift 24. Steffens brought the ball all the way back on a scin-

tillating return, and Hoelting added the extra point to make it a 35-8 ballgame.

Just before the end of the third quarter, the Naz defense provided Nazareth's last score of the night, tackling a Lazbuddie player in the end zone for a two-point safety.

It took a controversial fumble call to set up the last Lazbuddie touchdown, as Todd Hill was tackled at his own 13, then fumbled the ball.

"I told the referee the ground couldn't cause a fumble, but he told me he didn't see it," Minshew said.

Lust hit Gonzales with a 13-yard scoring toss to make it final at 37-14.

"The line did its job of keeping Lust off balance, letting the defensive secondary do its job," Minshew said. "We played well offensively and defensively."

## Hart holds on for win over S-E

The Hart Longhorns upped their record to 5-3 Friday night by defeating the Springlake-Earth Wolverines 21-18 in an exciting district contest.

Both teams were playing in hopes for a second place finish for a playoff spot.

The Horns were led by an outstanding performance from Danny Valadez who had 14 tackles, seven of which were unassisted, a blocked extra point, and a 55-yard kickoff return for a touchdown.

In the first quarter of play neither team could muster up enough offense to put any points on the board. However, Hart managed to get to the S-E 15 yard line before the drive was stalled due to two holding penalties and three incomplete passes.

S-E drew first blood in the second quarter when quarterback Danny Randolph went over from the two. The extra point attempt was blocked by Valadez.

With 23 seconds to go before the half, the Longhorns culminated an 8-play, 81-yard scoring drive. The touchdown was set up by a 17-yard pass to Joe Isaguirre from Brett Ritter and another pass to Paul Ramirez for 26 yards. The drive was capped by a 13-yard scoring strike to Ronnie

Rodriguez from Ritter. The extra point attempt failed leaving the score 6-6 at intermission.

The third quarter started with a bang for the Longhorns as Valadez received an inside kick and raced 55 yards to paydirt with just nine seconds gone in the quarter. Ritter tossed a pass to Paul Ramirez for the two-point conversion, putting the Horns on top 14-6.

S-E was unable to move the ball and was forced to punt. Hart marched 45 yards in nine plays to score its last touchdown. Leading the drive was Chris Rodriguez who picked up 25 of the 45 yards. With 5:38 remaining Chris' brother Ronnie took over by hauling in a 20-yard scoring strike from Ritter. Arthur Guzman kicked the PAT making the score Hart 21, S-E 6.

Springlake-Earth came back in the fourth quarter by scoring two touchdowns. The Wolverines' first TD of the quarter came with 8:48 remaining when Randolph went in from the two. The extra point attempt failed making the score 21-12.

The Longhorns were unable to move the ball on their next possession and were forced to turn the ball over on downs. It took S-E just three plays to go 43 yards, as running back Mitch Lowe scampered 30 yards for the final touchdown of the night. The two-point conversion was stopped by Ronnie Rodriguez, making the final score 21-18 in favor of Hart.

## Freshmen grab win

The DHS Freshmen Bobcats improved their record to 5-3 last Thursday with a 14-8 win over Friona.

Chad Davis led the freshmen with 141 yards on 27 carries and one touchdown. Davis also had a 65-yard pass reception.

Quarterback Brac Wardlaw was 5-for-10-passing for 118 yards, with a TD pass to Mat Bradley and a PAT pass to Josh Gonzales.

The freshmen will be combined with the JV for the rest of the season, and will travel to Floydada for their next game, today at 5 p.m.

"This game was a tremendous effort," said Coach Alan Steidle. "They put out what it takes to win. It was a tribute to the hard work they have done—the players deserved this win very much."

## Return dumps JV

If the Dimmitt JV didn't have to kick off, they would be a win better off after last Thursday's 8-5 defeat at the hands of Friona.

After taking a 3-0 lead in the first quarter on a field goal by Jim Nelson, Friona returned the ensuing kickoff 65 yards for a touchdown, then ran for the 2-point conversion.

In the fourth quarter, the JV Bobcats scored a safety when Rodrigo Jackson tackled a Friona runner in the end zone, but the JV Bobcats, now 2-5,

couldn't take advantage of the Friona punt from its own 20 after the safety as Jacinto Lopez couldn't field the kick cleanly, pinning Dimmitt deep in its own territory.

Ryan Smith led Dimmitt with 66 yards, while Greg Gentry and Rickey Major both had 42 yards rushing.

The JV will be combined with the freshmen for the last two weeks of the season, and will go to Floydada for a 5 p.m. contest today.

## Boosters to sponsor video replay

The Dimmitt Athletic Booster Club will sponsor a video replay of Friday's game between Dimmitt and Floydada on Channel 6 of the Dimmitt TV Cable System at 10 a.m. Saturday.

"We've had a bunch of inquiries about doing this, and we're looking at the possibility of doing all of next year's games, plus some of this year's big basketball games," said Booster president John Brooks, who will be doing the play-by-play on Friday's game.

"They've been doing this in Muleshoe and Friona for quite some time, and the local cable system is cooperating with us, trying to get the technical end worked out so we can start this Saturday. We would like to have some feedback, too, on whether people think this is something the Booster Club should pursue."

The Hart and Nazareth girls will also be in action, with the Nazareth girls vying for their fifth straight trip to state at 8:20 Saturday morning.

Sydelle McDonald was 23rd overall in 13:57, while Jill Smith was 25th in 15:07.

## Turkey shoot on tap Sunday

The Nazareth Volunteer Fire Dept. will sponsor a turkey shoot Sunday from 1 p.m. to 6 p.m. at the draw 3½ miles north of Nazareth.

Both skeet and rifle events will be on tap, with hams and bacon awarded to the top shooters.

## Festive Food Show set

The annual Festive Food Show, sponsored by the Castro County Extension Office is scheduled for next Wednesday, Nov. 6. There will be two shows on this date. One at 10:30 a.m. in the meeting room of Rhoads Memorial Library in Dimmitt and one at 2 p.m. in the Farmers State Bank at Hart.

Mary Binderman, consumer representative for Southwestern Public Service Co., will demonstrate various holiday foods. Free cookbooks containing the demonstrated recipes will be distributed.

Everyone is invited to attend the free show.

"These girls took 45 seconds off their previous best, and I think they can improve more," said Dimmitt coach Richard Wood. "It'll probably be a little tougher (the field in the regional meet) but we have a strong district."

The Hart team qualified two weeks ago, and will be led by Tammy Menchaca and Risha Ammons, who finished one-two in the District 3-2A meet two weeks ago.

**DIMMITT COACH RICHARD WOOD** (left) jokes with his girls cross country team Tuesday just before their workout. The Bobbies took second place in the team race Saturday at the District 2-3A meet at Mae Simmons Park in Lubbock. Team members include (from left)

*PUFFINS do it differently. Unlike other diving birds which propel themselves through the water by kicking their webbed feet, puffins use their wings to actually fly underwater. After converting from a "plane" to a "submarine," puffins can move rapidly enough to catch fast-moving fish, such as herring.*

## We Salute Our Cheerleaders

"You know, when you see those girls down there on the field in those short skirts in freezing weather, you know they've got to be dedicated."

That's the main comment you hear about our high school cheerleaders. But braving the winter wind and snow bare-legged is just one of the many adventures and adversities these girls share together. There's much more involved in being a cheerleader.

They start in the spring, with cheerleading tryouts and elections. They practice and practice, and overcome their fears to perform before the student body in hopes of becoming one of the chosen.

After they're elected, they learn that fame is short-lived, but work goes on forever. During summer vacation, they trudge from store to store selling ads for football programs or magazines, or both, and dream up other projects to raise money to pay their way to cheerleading camp. There, they try to become the best. They learn and practice yells, steps, routines, precision timing and acrobatics. They learn to form pyramids and other formations. They learn to smile while holding the weight of one, two or three others, or while balancing 10 feet above the ground on another's shoulders. Some of the routines they do are downright dangerous. But always, they do it with a smile.

We see them only at the games or pep rallies. We don't see all the work they have to do BEFORE the big event—the supplies they have to scrounge, the posters and banners they have, all the details they have to attend to. They carry out all these chores in their "spare" time, and still have to keep up their studies.

Our cheerleaders are more than just spirit leaders for the schools. They're the personality and vitality of the student body. They're the school's "front line," constantly on display, setting an example, leading the way.

Our hats are off to the Dimmitt High School cheerleaders—Donna Behrends, Tiffany Brafladt, Carla Pybus, Angie Salinas, Anessa Scott, Karla Sheffy, Sheryl Simpson and Stacy Wilson.

And to the Hart High School cheerleaders—Risha Ammons, Kathleen McLain, Tracy Jeffcoat, Christy Hernandez, Shandi McLain and Melinda Wilson.

And to the Nazareth High School cheerleaders—Tammy Drerup, Kelly Hoelting, Michelle Schulte and Jill Schulte.

Thanks, girls. You make it fun for all of us. To smile and cheer as you do, often in the face of discomfort or adversity, is a good character lesson for all of us.

**It's half a mile long.  
It's super-efficient.  
It's a ZIMMATIC.**

We designed and installed this ZIMMATIC section machine for Ray and Jeff Robertson, a mile north and a mile west of Easter.

It's 2,650 ft. long, with 19 spans of 10-in. pipe, one span of 8-in. pipe and one span of 6-5/8-in. pipe. It has low-pressure drops at 60-in. intervals.

The Robertsons were using nine wells to irrigate this section of land. Now they feed this ZIMMATIC section system with only three wells, which deliver a total of 2,000 gallons per minute at 24 lbs. of pressure, to irrigate 506 acres.

If they were to use four pivot sprinklers on this section, they would have 16 seven-acre corners. But with this system, they have four 28-acre corners, which are easier to manage.

A 6-cylinder, fan-cooled Maline engine powers the generator for the system's electricity, and also powers a booster pump that collects and pressures the water.

We're proud of this ZIMMATIC system. We urge you to study the economics of this very efficient irrigation machine. We can give you the details and literature in our Dimmitt office.

Also, we invite you to ask Ray or Jeff Robertson what they think of our system and our service.
