Olympic team wins state

Dimmitt Middle School's "Treasure Hunters," a computer programming team of sixth, seventh and eighth graders, won the state championship Saturday at the Olympics of the Mind contest at the University of Texas at El Paso.

Team members, who are coached by Dale Wells, include Randy Nutt, Kara Schulte, Jennifer Carter, Mark

Hamilton, Kristi Sims, Shawna McSpadden and Holly Axtell, and will compete in the World OM competition next month at Northern Arizona University in Flagstaff. The contest at NAU will include more than 5,000 students from the 48 continental states of the US and three Canadian provinces.

"Since this is a relatively

Schools set Saturday session

Ahemmmm. Made any plans next Saturday, April 26?

If you go to school in Dimmitt, you might change those plans, because for what's believed to be the first time ever, the Dimmitt public schools will be in session.

You can place the blame on the "snow day" that was missed earlier in the year, and was the "best" Saturday available on the remaining school calendar.

And, if you're wondering why we're not going to school next Monday and are going to school next Saturday, you can thank Sam Houston for what he did 150 years ago.

"Next Monday, April 21, is San Jacinto Day," said Dimmitt Supt. Robert Ryan, "and it is a state holiday. We called the Texas Education Agency, and asked them if we could go to school next Monday, and they called us back and said absolutely not."

The board voted to try not to have school next year on a Saturday during its regular meeting Monday at the School Administration Building, and

will cut spring break two days short, and add the days around Easter, 1987 (April 19). Those days at Easter would be the designated make-up days for the 1986-87 school year.

School will begin next Sept. 2.

A cut in the DHS vocational agriculture department might also begin Sept. 2, as a drop of over 40 students in the vo-ag department's classes dictating a loss of state funds and probable elimination of one of the two positions at DHS.

About 85 students are needed for full funding of one vo-ag teacher, but DISD, for the past several years, has provided for two teachers through increased

local dollars.

"This year, we had to have two teachers, with over 100 students enrolled in the program," Ryan said. "Next year, though, we have just 59 students pre-enrolled in the program, and the state won't give us full funding for one teacher, much less two."

The board voted to eliminate one of the positions by a 5 to 1 vote. Glenn Odom opposed the action.

The board did vote to continue the vocational programs at DMS, which will mean DISD must hire two teachers—someone for small engine repair instruction and another teacher who is home

economics-certified for the posts. The current small engine repair teacher, N. A. Bryson, is retiring, and Jackie McLeroy retired at mid-term from the home economics slot. Carol Schroeder has filled that post on an interim basis for the spring semester.

The board grudgingly gave approval to the band and choir trips to Colorado next month, but put both programs that it expected the groups to "earn" the trips.

"Others are going on trips because of achievement, and because they have earned the honor," Odom said. "I don't want any group going on trips

Baldivia acquitted in Ballard murder

A former Flagg-area farm hand was found not guilty Monday by a Swisher County jury in connection with the June 13, 1985 murder of Robert Ballard near Sunnyside.

Ruben Naranjo Baldivia, 40, was found not guilty by the Tulia-area jury, which heard the case in 64th District Court there on a change of venue from Castro County.

Baldivia had been charged with capital murder in the case because Ballard's murder is alleged to have occurred during the course of a break-in at an abandoned farm house near where Ballard and his wife, Patsy, were staying.

Castro County District Attorney Jimmy Davis, however, chose to seek a guilty verdict on a simple charge of murder, and was prepared to argue for a sentence of 99 years in prison and a \$10,000 fine upon conviction.

Defense attorney Sam Medina of Lubbock, however, was able to successfully argue that the state's evidence was circumstantial and the jury, after four hours of deliberation, returned a verdict of not guilty.

Davis, who left after the trial to join his wife at her ailing father's bedside at M.D. Anderson Hospital in Houston, is reportedly going to present charges of burglary of a habitation against Baldivia at the next session of the Castro County Grand Jury.

The state's case against Baldivia, who was arrested the day after the murder, was hampered on two fronts: the actual murder weapon was never found, and there were no witnesses to the murder.

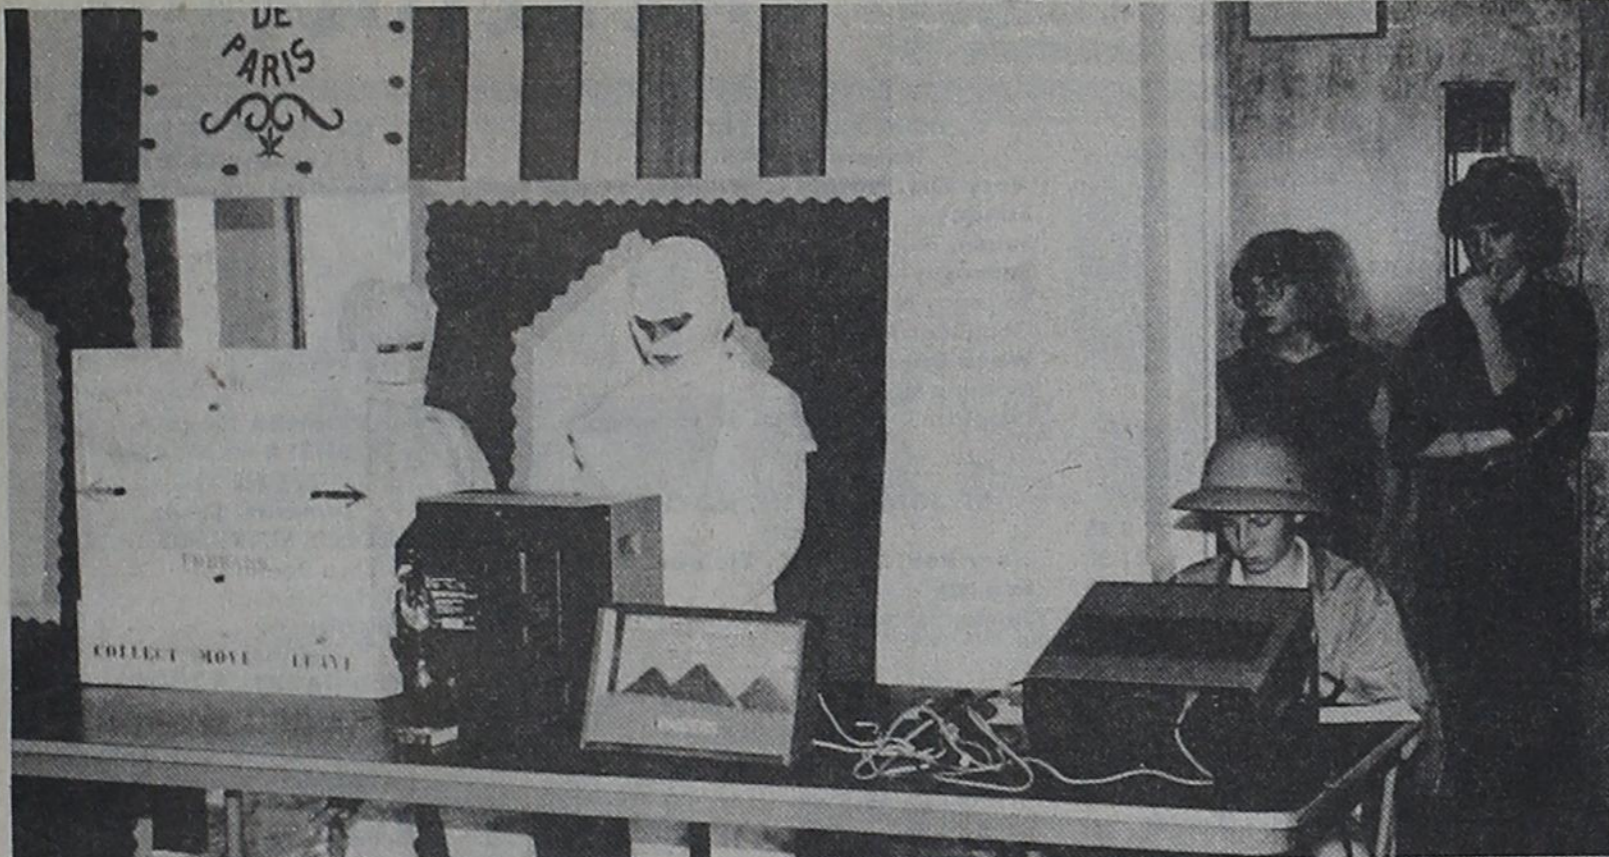

Ballard was stabbed to death when he went to investigate

noises outside the camper in which he and his wife were living 11 miles south and 3 miles west of Dimmitt.

Ballard took his .38-caliber revolver with him, and, according to his wife, fired the weapon three times. His wife then went to investigate and found her husband dead in front of the farm house.

Amarillo pathologist, Dr. Ralph Erdmann, in his autopsy report, determined the cause of death to be a stab wound inflicted by someone wielding a screwdriver or similar instrument.

The immediate investigation was hampered because of extremely heavy rains of over three inches the morning of the murder, and it was felt at the time by investigators the murder weapon might have been tossed into a lake in the area, but the weapon was never found.

STATE CHAMPIONS—"Treasure Hunters," Dimmitt Middle School's top Olympics of the Mind team, go through their award-winning paces Monday at the local Delta Kappa Gamma chapter meeting at the First United Methodist Church. Team members Kristi Sims and Shawna McSpadden, left, are all

wrapped up in their work, as Randy Nutt programs a problem into a computer. Looking on at right are team long-range problem solvers Holly Axtell and Kara Schulte. The "Great Art Lives" team, which finished second at state, also performed for DKG.

News cops PPA awards

The *Castro County News* won five first-place awards, including the General Excellence award, Saturday at the annual convention of the Panhandle Press Association.

The *News* also won one second-place, two third places and an honorable mention from the PPA, whose contest entries were judged by the Nebraska Press Association.

First place awards received by the *News* were for Best Spot News Picture, Use of Photography, Best News-writing and Best Sports-writing.

The second-place honor was for Best Special Edition for the 1985 Harvest Days issue, while the third-place plaques were awarded in Advertising Initiative and Front Page Layout.

The *News* received honorable mention in feature stories, which was in competition against newspapers of all sizes from throughout the panhandle. The *Plainview Daily Herald* won first-place in the feature category.

General excellence was determined by the number and ranking of awards received by each newspaper at the contest.

The *Tulia Herald* was second overall with, with a three-way tie among *The Canadian Record*, *Wellington Leader*, and *Olton Enterprise* for third.

The spot news picture entry was a shot of a heart-broken Ricky Backus just after the 1985 Class A state championship game at Austin which the Swifts lost, 47-43, to La-Poyner.

"We picked this as first place because the moment in the photo is very story-telling. The grimace on the basketball players' face tells the story of

what happened at their state tournament game," said the judge.

The use of photography honor was received for the March 7 and Nov. 28, 1985 issues of the *News*.

"Front page picture use

works very well with the layout of the entire page," the judge said. "The photos are used as an element of each page rather than an afterthought. This policy is used consistently throughout the paper. It was

PLAQUE BUILDUP may worry dentists, but it pleases publishers, like *News* publisher Don Nelson, who holds his award-winning spot news picture of Ricky Backus at the 1985 Boys State Tournament at Austin. In the display case behind Nelson are the eight plaques awarded the *News* Saturday at the annual Panhandle Press Association convention in Amarillo.

By Don Nelson

If it hadn't been so much fun, it might have been embarrassing.

During the Panhandle Press Association's annual awards breakfast Saturday morning, contest chairman Gareth von Netzer kept announcing, "First place . . . *The Castro County News*."

We had entered nine of the 12 contest categories for weekly newspapers, and placed in eight of them, winning four first-place plaques, a second, two thirds and an honorable mention. Then our accumulated points gave us the biggie — the first-place plaque for General Excellence.

I guess it's the most plaques (and certainly the most first places) we've ever won in the regional contest.

We conduct these contests to find out how our work stacks up against others', to swap ideas, and to get constructive criticism (or reinforcement,

when possible) from our peers. The end result, we hope, is better newspapers.

It's always gratifying to win a newswriting award, for that's the single most important thing a newspaper does.

I feel our paper should be strong in sportswriting because of the quality of the athletic programs here. (The Arkansas Press Association didn't appreciate our sportswriting last year, but this year's contest was judged by members of the Nebraska Press Association, who are my kinda guys.)

Photography is my pet category because it's the favorite thing I do — although I don't get to do as much of it anymore. News photography is like a glass-barreled shooting match — it's a constant test of reflexes, imagination, composition, technique and luck. I can't stand a ho-hum, obvious news photo, and kick myself

mentally everytime I miss a good one.

That General Excellence award wasn't just for our newspaper — it was for the people we serve. A community newspaper should reflect the quality of its readership.

We have a lot of excellence here in Castro County and its people. Just look around you at the agricultural and industrial innovations, at the constant striving by many of our

David Burkett from Scottsdale, Ariz. was in Dimmitt recently for a few days visit with his parents, Swain and Katy Burkett. All three of David's children are in college, as well as his wife, Connie is in Stanford University in California. Young David is attending Pitzer College in Claremont, Calif., Kati is in a college just out of Phoenix, Ariz., as well as David's wife, Jeri, who is working toward her masters degree. David said when he gets them all out of college, he needs to go back to college just to stay up with his family!

N.A. and Thelma Bryson entertained the Dimmitt Dinner Club on Monday night with a pancake supper. The tables were decorated with brown and white checked tablecloths with a bowl of fresh fruit in the center. Ham, sausage, and sliced strawberries were served with the delicious pancakes to club members: Morgan and Geneva Dennis, Ivor and Hazel Bagwell, Gene and Connie Ivey, Irene Carpenter and Mary Edna Hendrix. Games of "42" and "Skip-Bo" were played.

Dr. Winfred Moore, pastor of the FBC in Amarillo read this little poem on his TV program last Sunday morning.

"Mary had a little lamb,
It would have grown up to be a sheep,
But it went out and joined the Baptist Church,
And it died from lack of sleep!"

Ettie McDermitt was honored on her birthday on Tuesday with a brunch held in the Fellowship Hall of FBC. Ettie's daughter, Audrey Shotenkirck, and two granddaughters, Darla Fisher and Cindy Ellis, were the hostesses for this lovely affair. The serving tables were decorated with a centerpiece of fresh spring flowers sent by family members who were unable to attend. A tray of ribbon sandwiches made of crab salad, egg salad, and ham salad, and a plate of fresh fruit shish-K-bobs. Another table held the two strawberry birthday cakes decorated with daisies and "Happy Birthday Ettie" and a chocolate sheet cake, with a silk flower arrangement.

Cindy Ellis sang "One Day at a Time" and Richard Young sang "The King is Coming" accompanied by Walter Maynard.

Sixty friends, neighbors, relatives, members of Ettie's S.S. class and W.M.U. members enjoyed the food, fun, and fellowship. Ettie received many cards, gifts, and a money bowl as she celebrated 73 years of service to her family and community.

Ruth Hays honored Hazel Bagwell on her birthday by taking her to the Mexican restaurant for lunch. Members helping Hazel celebrate were: Geneva Dennis, Irene Carpenter, Thelma Bryson, Billy Wesson and Mary Edna Hendrix. We had three others crash the party—Richard Young, Bobby and Wanda Murdock. (This was Wanda's birthday, so we sang "Happy Birthday" to Hazel and Wanda.)

The Dimmitt Book Club met at Rhoads Memorial Library on Wednesday with Ronda Wise presiding and Oneida Hutto reading the minutes. Helen Richardson gave an informative talk on cystic fibrosis. A benefit basketball game "Bounce for Breath" will be held at the Dimmitt High School Gym on May 3, the girls' team against the ex-basketball players at 6:30 and the boys' team against the ex-basketball players at 8 p.m. Admission is \$2 for adults and \$1 for children.

Mary Jo Brown introduced

her guest speaker, Mrs. June Wells, from Plainview, who gave an interesting program on the Texas Sesquicentennial. Mrs. Wells read some from several different books about Texas: "Texas and its History," "Texas, the Beginning," "The Flying Colors," "Texas, A Salute to Texas," and the latest book by James Michener, "Texas." Mrs. Wells also had her personal copy of "History of Castro County Texas" and she told about some of the stories from that book.

Diane Townsend and Sara Hill were hostesses for the social hour and they served pound cake and fruit and coffee from a serving table with a Spring bouquet of flowers in a brown basket.

Members of the Plains Memorial Hospital Auxiliary are selling an interesting and informative book — "A Century of Home Remedies" — for entertainment and historical value.

Mauzee Youts went to Monahans to visit with her daughter and husband, Pat and A. P. Sligh. On Sunday night they attended church at the FBC of Monahans. The choir presented a musical drama of the Biblical character, Ruth. This was the story of Ruth and Boaz. The choir members were dressed in costumes of Biblical times. It was an outstanding production. Pat was a member of the Village Singers. Mauzee reported that she enjoyed it very much.

Ina Cleavinger was hostess to the Thursday Bridge Club that met in her home. Ina served a fresh fruit salad and cookies to: Mildred Bradford, Carolyn Jones, Dorothy Gilbreath, Dorothy Mayfield, Doris Lust, Jo Eddie Riley, Shirley Wise, and Ruth Jackson. Jo Eddie won high score.

On Wednesday, April 23, at 8 p.m. ABC will present the

movie "Alex, The Life of a Child." This concerns the disease, cystic fibrosis, and the *Readers Digest* printed a story about this recently.

Mark Gilbreath, son of Zay and Charlotte Gilbreath from Gruver, participated among the 72 schools represented in the track meet on Saturday in Levelland. Mark ran in the 800 and 1-mile race. Grandparents, Louise Mears and Sam Gilbreath were there for the big event. Zay and Charlotte went by Lubbock to visit their son, Alan, who is a student at Tech, before going to Levelland. Alan and his roommate drove over to Levelland for the track meet to watch Mark run.

After returning to Dimmitt the group went to K-Bob's to eat, including Zay and Charlotte and Mark, Sam and Virginia Gilbreath, Dorothy Gilbreath, Matt, Coby and Connie Gilbreath, and Louise Mears.

Dimmitt was represented in the track meet at Levelland and they won in their division. Woody Glass and others were participating.

The Thursday Bridge group met at the Senior Citizens Center for a day of bridge. High scorer was Loranel Hamilton with Johnnie Vanoy coming in second. Others playing were Jean Christian, Cleo Forson, Oleda Schumacher, Edith Graef, Opha Burks, Anita Morris, Ferne Dickey, Louise Mears, Jo Gregory and Elizabeth Huckabay.

Patricia Braafladt hosted her bridge club Tuesday at the Hereford Country Club. Attending were Virginia Hansen, Nancy Ross, Stefanie Love, Sandra Clark, Deanne Clark, and guests Dorothy Gilbreath and Jill McLean. High for the day's play was Deanne Clark with Virginia Hansen, second high.

Jeff Isaacs called his parents this week to tell them he has an

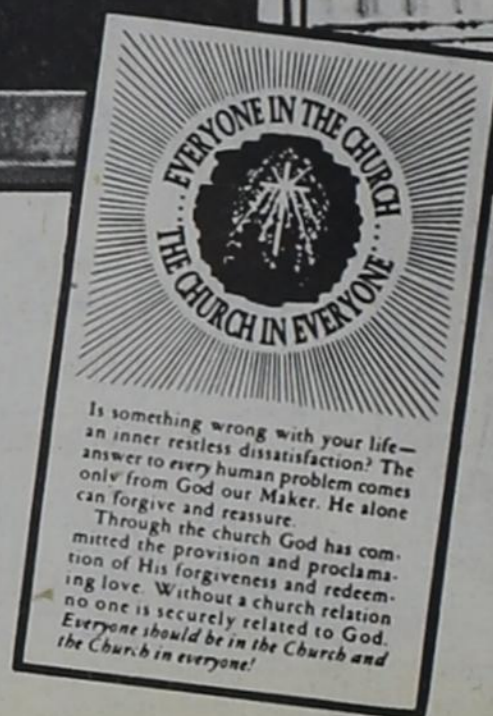

audition at Julliard School of Music and Theater in New York City. He will go there for the audition July 3, and all the

family is excited for him. He is in school at Santa Fe, where he is directing a play for his final grade at this time.

Tonya Clark Brewer and infant son, Adam, visited her parents, Mr. and Mrs. Bill (Continued on Page 13)

Come unto Me

The open door of this church is a fitting symbol for the heart of God, for His heart is open always to all men. The Bible records these words, "Behold, I have set before you an open door which no one is able to shut." Yes, literally no one can put any kind of block between God and us. His love surmounts every obstacle. That door is open for you today and every day.

We Salute Little Dribblers Volunteers

As you well know, Basketball Fever does not end after the state tournament. It merely takes a breather before getting its second wind.

Girls and boys ages eight to thirteen are keeping the gym floors hot five days a week. They get out there and play each game with a dedication that each of us can admire.

We want to take this time to recognize the people that make programs like this possible. The volunteers, fathers, mothers and other individuals who are interested in young people, interested enough to give of their time. The coaches spend hours each week in practices and actual games. The referees who call the games and also spend a fair amount of time teaching and coaching during the competition. And lets not forget the people who organize the games, get the coaches and referees signed up, find the sponsors, get the uniforms ready and much, much more. Their job is vital to a well organized season.

Young people and parents, join us in saluting your coaches. Tell them you appreciate the time they have spent with your team. Also, be supportive of the referees. Theirs is not a easy job.

To these volunteers, we say Thanks. We believe you're working with future state tournament material.

Ideas in the making . . .

TAKE A FRONT ROW SEAT with a fully "automatic" assumable VA loan. No credit check - no hassle! It's as EASY as the floor plan of this 3 bedroom, 1 1/2 bath, with formal dining, double entry, and corner lot.

START THE GAME WITH A P-U-T-T from your own back yard for a double birdie and you're looking at a perfect score with a double garage, fenced yard, 3 bedrooms, 1 1/2 bath, refrigerated air, and a just-right kitchen. The house with the TREE in front.

YOU'D RATHER TEE-OFF?? Try a 3 bedroom with oversized bath, oversized den, oversized closets, private entry, arched windows, and an "undersized" price. Good looking from the curb too.

SO MAYBE JUST "KEEPING SCORE" from the sun porch swing is "your" game. Or renting a movie to watch by the corner fireplace is for you. Patio doors for the view, an aisle kitchen for convenience, separate bedrooms and bath for the kids, an isolated master and 1/2, a double garage for "your" car and "his" boat, and an interesting, good deal for the "because" of it.

DROPPING BACK a street but keeping up the pace with polished paneling, brass ceiling fan, granite countertops, ash carpets, coordinating interiors, and a weatherized, associate owned. Sorry you missed this one!

JUST FINISHED our 2 bedroom with brand new everything. Brand new carpet, brand new cabinets, special-order countertops, Adam Briggs wall coverings and fully insulated with storm windows, storm doors, and R31 for the "economics" of it. Better hurry, the paint is drying fast and with this wind, it'll sell fast!!

LOOKING FOR THAT PERFECT 'niche' with fireplace, 3 bedrooms, 2 baths, garden tub, bayed window in the master? Refinancing made simple and completely "MOBILE"!

YOU LOVE COUNTRY, the birds, the sun, the space, the FEEL, and she's a city buff?? We just listed that dream come true from the private sector and the arguments on "YOUR" side!! Stroll the gardens enjoying the more than a dozen fruit trees, or hammock in the shade and make a list of how to spend all that extra income. And Uncle Sam - eat your heart out - endless tax advantages MEET endless storage, a rec. room for Monday night football, a metal workshop for your "craftier" moments, and a superized garage to "put" stuff. If that doesn't grab her, have her choose her decor from lots of paper, woodwork, built-in desk, microwave and more. Your final rebuttal - it's 3 minutes from anywhere that's ANYWHERE!!

WANT SUN, garden, orchard, birds, but don't need cash flow; just house, barn, storage, and quiet?? Stop off on the next acre over and find another grand 3 bedroom, large 1 1/2 bath, great room and great price!! Out of town interest with city-fied appeal. By the way, it takes the same 3 minutes to "sneak" past the stop sign at the end of the block . . .

ANOTHER "MOBILE" SUGGESTION! 2 bedrooms, 1 1/2 baths, low equity, low payoff - pick-up payment loan. A nice start.

PERHAPS easy terms, easy payments, and an easy-to-live-in floor plan suits you. 2 bedrooms, fenced yard, storm cellar, extra storage and a workshop. Better think about it!!

FIRST TIME ON THE MARKET and a definite on the best-dressed-list. Almost 2,000 sq. ft. of well-done blues and beiges, large open den with fireplace, 3 bedrooms, 1 1/2 baths, tiled entry, formal "settee" room, kitchen designed for entertaining (or kids), and "really something" location. Now open for bids . . .

BETTER GET YOUR PENNIES TOGETHER. Our designer wallpaper, custom-sewn draperies, hand-rubbed wood work, isolated master, raised-beam den, arched entry, and pretty location for the prestigious-at-heart house won't be on the market for long . . .

AND DON'T FORGET that 4 bedroom with more bathrooms, more closets, more room for you AND the kids. It's now for a 3 bedroom PRICE!!

to be continued, of course . . .

CFF fundraisers held in honor of Alex Deford

Alex Deford was born Saturday, Oct. 30, 1971. She died Saturday, Jan. 19, 1980 of cystic fibrosis.

Wednesday, the movie version of her life *Alex: The Life of a Child* will be aired on ABC television beginning at 8 p.m.

This spring, the Cystic Fibrosis Foundation will conduct fundraising events in honor of Alex.

Breath, a fund raising basketball tournament Saturday, May 3, in Dimmitt. The games will feature the Dimmitt High School seniors against the Dimmitt High School exes.

Proceeds from the games will go to benefit the CFF.

Cystic fibrosis is an inherited disease of children, adolescents and young adults. In the US, it is the number one genetic killer of children and young adults.

The disease affects the exocrine, or externally secreting

glands of the body. The glands fail to produce normal, free-flowing fluid and secrete thick, sticky mucus which tends to block ducts and other passageways in the body. This abnormal mucus accumulates in various parts of the body, particularly in the lungs and intestines, and interferes with the vital body functions such as breathing and digestion.

It is not contagious. It is a genetic or inherited disease, beginning at the moment of conception and resulting from a defect or abnormality of a gene. Each parent of a child with CF is a carrier of a single CF gene. An individual with CF has inherited a pair of chromosomes, each containing a CF gene.

At present, there is no reliable method for identifying the symptom-free carriers of CF.

Symptoms of CF are respiratory problems and at some time during their lives, the development of lung disease; digestive problems; and excessive salt loss.

The earliest symptoms may appear at birth in the form of an intestinal blockage known as meconium ileus. The symptoms may appear within the first few months of life, and even later in childhood or adolescence.

Patients with CF receive comprehensive treatment based on their condition. Treat-

ment includes bronchial drainage, a form of chest physical therapy which helps loosen mucus from the lungs and keep lung passages open; antibiotic therapy, drugs which help fight respiratory infections; and dietary management, including vitamins, enzyme replacements and nutritional supplements in addition to a well-balanced diet with extra quantities of food.

There is no cure for CF now. The basic cause of the disease is not known. Today, with improvements in diagnosis and medical treatment, half of the CF patients born will live past 20 years of age. 15 years ago the average life expectancy was six years.

The CFF is a non-profit, voluntary health organization dedicated to improving the outlook for the CF patient and ultimately finding the answer to the cause of CF.

Naz teams take tennis titles

For the third consecutive year, Mona Heiman was one of the winners of the Amarillo Relays' 1A-3A doubles championship team as the Nazareth tennis squad captured three first-place trophies at the meet Saturday.

Heiman, who is also one-half of the defending Class A state champion doubles team, joined with Traci Hill to dump Perryton's Holl Lovett and Shari Thomas, 6-4, 6-0, to claim the doubles title, while Kenny Kern and Todd Hill took the boys doubles crown by down-

ing Perryton's Chris Garrison and Jerry Lile by an identical 6-4, 6-0 count.

Stephanie Brockman gave Nazareth a third championship when she won the girls singles crown after her finals opponent, Keri Johnson of Happy, was unable to compete

Heiman and Traci Hill lost only five games in four matches, while Kern and Todd Hill had a tough road in the early rounds, and lost one set in the semifinals to Happy's Justin Clark and Marty Middleton

before prevailing, 6-3, 1-6, 6-4. Brockman's toughest match Friday was with county rival Risha Ammons of Hart, which Brockman won, 6-4, 6-3, in the

second round. Brockman then fought back after losing the first set to beat Kris McGarraugh of Perryton in the finals, 5-7, 6-2, 6-4.

SCHILLING SIGNATURES—Kelly Schilling (seated, left) signed a letter of intent to play basketball for South Plains College at her home last Thursday, while her sister, Shari (far right), who has starred for the Lady Texans for the past two years, signed to play for West Texas State University's Lady Buffs. DIMMITT

IT'S A DIRTY JOB, by the expression on their faces, but secretaries, insurance agents and, yes, even the county judge have to do it, and they did all over Dimmitt during the 1986

CUFUPU clean-up day activities Saturday. From left, Martha Isaacs, Carolyn Jones and a scowling County Judge Polly Simpson helped clean up around the county courthouse.

Kickoff for Cancer Crusade set Sunday

Adopting sound dietary habits will be the focus of the 1986 Cancer Crusade, slated to kick off Sunday in Castro County.

The county unit of the American Cancer Society has set their goal at \$13,000 for the 1986 Cancer Crusade.

According to Doris Lindsey, president of the county unit, last year the drive netted \$9,888, \$2,476 over the goal which was set at \$7,412.

Mike Foskey is in charge of the Dimmitt fund raising and educational drive. Mary Olvera will head up the Nazareth drive and Jonalyn Jones will be in charge of the Hart drive.

Around 100 volunteers are expected to help in the county crusade drive.

Volunteers will call on residential areas and businesses as part of the 1986 Cancer Crusade, a statewide and national effort involving more than two million American Cancer Society volunteers.

Funds raised during the annual crusade go toward several society programs, research, rehabilitation programs, and services for cancer patients as well as professional and public educational programs.

Some of the programs the

county unit offers to help patients are providing equipment for loan such as hospital beds, siderails, wheelchairs, and others.

They also can provide limited ostomy supplies, dressings, gowns, bedpads, sheepskins and wigs. They provide rehabilitation programs for cancer patients, and can provide volunteer transportation for local patients to treatment centers. The American Cancer Society is, however, unable to pay for treatments, medications or ambulance service, but they can furnish referral services to other community services.

During the annual drive, volunteers will distribute a folder entitled "Eating to Live: What Food May Help You Reduce Your Cancer Risk" to residents. The folder includes recommendations that may reduce your chances of getting cancer, such as adding more high fiber foods and foods high in Vitamin A and C to your diet.

Final concert set Sunday

The last in the 1985-86 series of Plainview Community Concerts will be at 2:30 p.m. Sunday, in Haral Memorial Auditorium on the Wayland Baptist University campus in Plainview.

Presenting the program will be Empire Brass, composed of Rolf Smedvig, trumpet; Charles A. Lewis Jr., trumpet; David Ohanian, French horn; Scott Hartman, trombone; and J. Samuel Pilafian, tuba.

"The Empire Brass has found a way to combine flash with impeccable musical attainment," commented *The Boston Herald*.

Admittance is by membership cards in the Plainview and Dimmitt Community Concert Association.

"Great Art Lives" team coached by Gerald Hanners, narrowly missed going to the world meet as the team placed second at UTEP. The team won a special award for high score in long-term problem solving and a special award for "exceptional performance in creativity" in spontaneous problem solving. The team was edged out by a team from Bowman.

Team members include Sandra Sandoval, Jerry Lopez, Jennifer Hanners, Tito Villanueva, Fabian Longoria, Robert Langford and Dena Richards.

"When you look at the total picture, to think that Dimmitt, in its first time ever to compete in this, came in first and second in the state, it's very gratifying," Sims said. "We found out that ours is a classy, creative group of kids."

"Their behavior was beautiful and their performances were outstanding. They did so well that they drew crowds as they performed — to

the point that the judges had to ask people to move out of the way so they could see. This was unique at the competition; I didn't see any other groups draw the crowds our two groups did.

"The core of our effort originated in our Gifted/Talented classes. These students are not all in the G/T program, but each of them has exceptional ability in one or more areas. We had excellent response and input by people in our community who worked with these children. I didn't have a single turndown from anyone I asked to work with the students in the program. It has really been a team effort involving the students, school personnel and people in the community."

Accompanying the students to UTEP were Gainell Minnick, G/T program coordinator for the DISD; Sims; Dale and Cindy Wells, Susan and Gerald Hanners; Dianne Axtell, Vicky Richards and Jerry Nutt.

DHS students join Hands Around Texas

Three Dimmitt High School freshmen received participation awards for entries submitted to the Hands Around Texas Sesquicentennial Children's Showcase.

The three students, Joshua Gonzales, Ray Dominguez and Lupe Galvan submitted pencil drawings depicting scenes in Castro County.

According to art instructor Sue Broderson, the students had just three weeks to work on the drawings.

Gonzales' drawing featured a pheasant hunter with a pheasant rising from the ground with a windmill in the background. His drawing was entitled *Opening Day*.

Gonzales was presented with a certificate of recognition for achievement and support of the Texas Sesquicentennial Children's Showcase Program of Texas Cultural Alliance. It was presented by Hands Around Texas.

His entry, the winner in Castro County, will be included in an exhibit with the winning entries from the other 253 counties of Texas.

The opening of the exhibit is scheduled for May 3 in Bastrop at the Hands Around the World Museum.

Dominguez entered a drawing depicting a sunrise over a

house and windmill, a typical southwest scene.

Galvan's drawing depicted cattle feeding at a windmill tank as a man works on the windmill.

Dominguez and Galvan were presented with an award by the Texas Cultural Alliance for participation and support of Hands Around the World pro-

gram. The purpose of the contest was to encourage and to stimulate history and fine arts in Texas, to promote a sense of brotherhood and community among young people through mutual acknowledgement of history and to support the dreams and creativity of young people.

The Hands Around Texas showcase will be an exhibition highlighting Texas county history. It will feature one painting from each of the 254 counties of Texas created by a student depicting the past, present and/or future of their county.

After appearing in Bastrop, the exhibit will travel around Texas being exhibited in each county for a month. The exhibit has been reserved by the City of Dallas as its featured exhibit during the two-month tenure of the State Fair in 1986.

hands-down the first place winner."

The best newswriting plaque was received for three stories submitted by the *News*: "Hance: 'I couldn't relate anymore,'" May 9; "\$1.5 million bond issue vote Saturday," including "sidebars" on arguments on both sides of the nursing home issue and a story about how the moratorium on nursing home beds would not be in force here, Dec. 5; and "City isn't very 'Sold on Contel,'" Sept. 26.

"Your entries all had a rare quality in Division I (weeklies) newswriting," a judge said. "Brief, interesting opening paragraphs. All of your subjects were well chosen and newsworthy. Your treatment of sorting out related information into sidebars is good. You are to be commended for including opposite views in these stories."

"The writing was lively," said a judge of the first-place winning sportswriting entries, which included "Swiftettes grab eighth state title," March 7, "Swifts fall in 'almost perfect' final," March 14, and "Buster, Bobcats rally for 14-14 tie," Oct. 17.

"Obviously, the writer worked hard after the game," the judge said. "Analytical quotes from coaches and players show that hard work add much to stories," the judge said.

The second-place honor for the Harvest Days edition of the *News* last Sept. 12 was recognized by the Nebraska judges as "one of the few weeklies attempting modular design for editorial content . . . unusual, but for special edition ads, the 'editorial' copy treatment was interesting."

The *Shamrock Texan* won first place in the category for its 66-page St. Patrick's Day edition.

"Didn't jump stories, body type is a good size for reader," was the judge's comment in the front-page layout category, which was won by *The Wellington Leader*. "Good local

stories, good paint job."

The judges praised the *News* for its third-place entry in advertising initiative, which included the Harvest Days and March 7 issues, and gave special recognition to the "Business and Industrial Review."

The honorable mention in the Best Features category was for three entries submitted: "Jacksons set for life with tax deposit forms," April 4; "Where in the world is Holland-Texas," July 25; and "Dimmitt searching for roots," Oct. 3.

The General Excellence award is a "sweepstakes" honor, based on points received in all contest areas.

Also honored Saturday at the convention was former *News* publisher B. M. Nelson for over 50 years of service.

"I'm reminded of the two Indians in New Mexico who saw the first atomic bomb blast — one looked at the other and said, 'I wish I had said that,'" said *Tulia Herald* publisher Wendell Tooley. "Every time I read one of his columns I'd say, 'I wish I had said that.'"

"He exemplifies what community journalism is all about."

"I spent a lifetime working at and publishing weekly newspapers believing, and convinced, there is no other profession that can give more satisfaction and more opportunities to give service to the public than publishing a local newspaper," Nelson said.

Also receiving recognition at the convention were the Texas Corn Growers Association, Dimmitt Agri Industries and American Fructose Corp., who joined to sponsor the banquet Friday night. The publishers and editors at the banquet were given background material for the three groups as well as samples of 55HFCS produced by American Fructose at the Dimmitt plant.

Republican gubernatorial candidate Kent Hance addressed the convention Friday night.

just for the sake of taking trips. Let's don't send the kids just to send the kids."

"I'm not opposed to what Glenn has just said," new board member James Sims said. "Some of the kids in choir are not in anything else, and they need to go."

"In the future," Odom said, "they need to know we expect the utmost from these kids—we expect them to do their best."

In contests last week, the DHS Band earned II and III ratings in concert and sightreading, while the DHS Choir earned II and IV ratings in concert and sightreading.

DHS Band students attending the trip will miss two

school days because their competition will begin a day earlier.

The board approved new selection procedures for the DHS National Honor Society chapter that were formulated because of complaints lodged in the past that selection processes were unfair to some prospective members.

"We did some research," said NHS sponsor Danna Beck, "and some of our criteria is not as stringent as the national requirements. It is a right to be considered, but it is not a right to be selected—everyone just has a fair and equal opportunity, and they always have."

"Students and parents may be disappointed if they are not

selected, but they will not be able to truly claim they were deprived of anything to which they have a legal right."

"We just want to guarantee teacher confidentiality," said DHS Principal Alex Glass. "If a student is not selected, we will tell them why they were not selected, but we are not going to tell them that a certain teacher, by name, was the reason why they weren't selected."

The board also agreed to sell several surplus vehicles, agreed to consider a request by the local American Field Service chapter to give exchange students more freedom in the number of school days they may miss, okayed the English III course outline for advanced transcript students at DHS, and elected Monty Boozer as president, Odom vice president and Nelson secretary of the board.

The Texas Wagon Train is coming to Dimmitt!

It will arrive here Wednesday, May 14.

Plans are underway to give the Texas Wagon Train a big, memorable Castro County welcome. It will be our main Texas Sesquicentennial event.

With the arrival of the Texas Wagon Train, the News will publish a special section unlike any we've ever done.

Gleaned from back issues of the News dating to 1929, the Sesquicentennial Section will include stories and photos of the events that have helped mold the personality and character of our dynamic county. It will be an intriguing trip for every reader.

This special section also will give our businesses, industries, commodity groups and associations a chance to tell their story, through advertisements tracing their history, growth, contributions and present services.

The News will print 1,000 extra copies of this keepsake section, to be distributed free to our fellow Texans aboard the Sesquicentennial Wagon Train. We want them to read it on the trail, take it back home with them to all corners of Texas, share it with their friends, and learn what we're all about, and why we're so proud of our county.

Yep. We've got a big welcome in store for the Texas Wagon Train.

RALLY DELEGATES—These six Dimmitt teachers—two from each building—will attend a statewide rally in Austin Saturday to try to convince Gov. White and the Legislature to make changes in House Bill 72 and restore lifetime certification for teachers. From left are Dwight Joiner, high school choral music; Jan Bryan, first grade; Dawn Goolsby, fifth grade; John Lantz, eighth grade American

history; Joanne Snider, high school home economics; and Mary Jo Brown, second grade. They were elected as delegates by their fellow DISD teachers, who also are paying their transportation costs through voluntary donations. Three Nazareth delegates—Jim Owens, Principal Jim Peggram and Supt. Johnny Mason—also will take part in the rally, which will be held in front of the Capitol.

EDC \$ SIGNS

The CUFUPU cleanup day Saturday has been hailed as another tremendous success. People from throughout the community participated with the Mayor's Council in launching the Spring cleanup effort.

The cleanup drive grows bigger and better each year as increasing numbers of our residents become aware of the importance of community appearance.

We commend all of those who gave their time, tools and muscle to make the effort a success. Thanks to you Dimmitt is picking up!

program is designed for business owners and managers who need additional training in profit and cash flow forecasting.

The program clarifies the frequently misunderstood concepts of gross profit, pre-tax profit, net profit and overhead. How to calculate and forecast profit are two of the major points explained in the seminar.

We are inviting all business owners and managers to reserve the evening of April 24 and attend the workshop. It will be held at 7:30 p.m. at the Chamber of Commerce office. A \$5 fee will be charged for materials.

Plan to attend the "Forecasting for Profits" seminar Thursday, April 24, at the Chamber of Commerce office.

Combest to host New York rep

US Rep. Larry Combest of Lubbock and Congressman David Martin of Canton, New York will tour the 19th Congressional District Friday and Saturday as part of the "Congressman to the Country" program being sponsored by Farmland Industries.

The two representatives will be in Dimmitt Saturday morning for a breakfast with area agricultural leaders at K-Bob's Steak House, then will tour a local farm, Dimmitt Agri Industries, a local feedlot and the American Fructose Corp. plant.

Martin and Combest will travel through Lubbock, Littlefield and Plainview to visit a Coop gin, the American Cotton Growers denim plant at Littlefield, the Texas A&M Ex-

periment Station in Lubbock and will be hosted at a barbecue in Plainview Friday night.

Martin's hometown is in the far northwestern portion of New York, near the St. Lawrence River, and his 26th Congressional District takes in the northern one-third of the state.

"Those members of Congress who are from other states or do not represent predominantly agricultural districts often times do not understand what being a farmer is all about," Combest said. "For agriculture to have a strong voice in the nation's capital it is imperative that all Congressmen are made fully aware of our current state of agriculture and the importance of keeping agriculture

strong and healthy in rural America.

"Rep. Martin will have the opportunity to see the wide diversity of ag production and practices in West Texas. In ad-

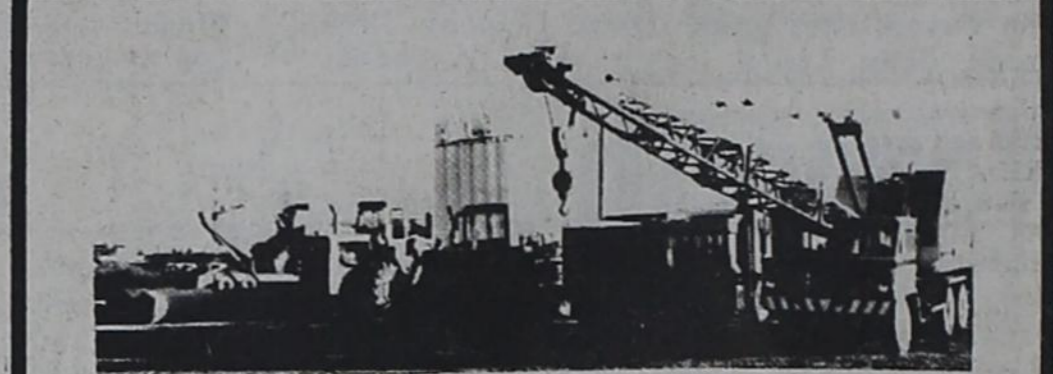

dition to meeting with several producers and agribusinessmen, the tour will include visits to a wide array of agricultural production facilities."

Sunnyside

By Teeny Bowden, 647-5703

Since April 21 has been declared Texas Sesquicentennial Day in the state, the church voted Sunday night to have a Sesquicentennial Sun-

day morning service April 20. If you are not in the services of your own church Sunday, come and join with us in this celebration. To hear Kathy Gwyn sing "Texas, Our Texas" will make it worthwhile.

Gerald Elkins sat up with his dad in the Hale Center Hospital Saturday night so his mother could get some rest. Mr. Elkins was admitted Wednesday. Gerald and Pat both have been helping out with him.

Verba Sadler visited with Beck Bridges Friday and Teeny Bowden visited with her Saturday and Bruce Bridges Sunday. Howard Bridges was dismissed from Plains Memorial Hospital in Dimmitt Thursday after being treated for pneumonia for a week. He was readmitted Friday morning and transferred to St. Mary's Hospital in Lubbock for tests by a nephrologist since he was experiencing kidney problems, also.

Saturday marked the anniversary of the Sunnyside tornado of 1960. April 12 was on Tuesday that eventful night. Some us still remember.

Rev. Gerald Seawright of Plainview had charge of the morning services for the Spanish speaking Sunday. He is a former missionary to Brazil where he served for 16 years. He speaks four languages fluently.

The Good News America Simultaneous Revival begins Sunday (20th) with the pastor preaching, Dr. R. P. Ward of Lubbock, who will do the preaching, and Sandy Sandifer of Smyer, who is now with KDHN radio, will arrive for the Monday night services. Monday night will be Sunday School night. Sandy will give his testimony and bring a mini-concert Tuesday night, and

members of the church will bring the special music Wednesday night. Friday, there will be a Men's Luncheon with Ty Jones, a cattleman from Canyon, giving this testimony. Activities are planned for the youth that night. Activities for children are Thursday night and the Anchor Brothers Band will bring the music for both Friday and Saturday nights. The revival will end Sunday with testimonies of the week and a mini-concert. Friday night will also be a homecoming night for members and former members of the church. Hope to see a lot of our former members then.

Randy Waldrip was in Nebraska last weekend on business. Petra and Chance stayed with his parents, Mr. and Mrs. Roger Waldrip at Boy's Ranch.

Mrs. Beatrice Shirey was honored with a birthday luncheon in her home Monday by the birthday club. Those going were Bess Bills, Verba Sadler, Lillie Ivey, Nelda Curtis, Leona Blanton, and Emma Jean King. Mattie Axtell of Earth was also present. They enjoyed "84" after the luncheon.

Ezell and Verba Sadler and the Hereford Blue Grass group were honored Friday night

with a steak supper by the bank which sponsored the hamburger dinner they played for recently, in Hereford. They visited with Ruth King, and Karl King and Bethany Dawson before the supper.

L. B. and Teeny Bowden visited in Plainview Tuesday with Eddie Guffee at the Llano Estacado Museum.

Gale and Verna Sadler attended the Alpha Chi-Honors annual banquet at Wayland Baptist University Friday night.

.08 inch of rain was received Tuesday night.

Lillian Carson attended a special meeting in Roswell Monday night with friends. For the last two weeks she has been sewing for the public and keeping busy when she is home.

James and Patricia Powell visited with Ezell and Verba Sadler Friday on their way to Sul Ross University for a visit with Cheryl Powell.

Pat Elkins visited with Cindy Lawson Saturday and did her washing for her. She still has the flu and it has been diagnosed as Philippine flu.

Dr. Bill and Lou Fleming of Abilene brought Terri Louder, Lacy, Jake, and Katy home Monday and visited awhile with Lance before returning home.

How do you CUFUPU?

YUK!!! Four youths from the First Baptist Church clean up the area east of Dimmitt Meat Company and Dimmitt Car Wash Saturday.

The group picked up everything from scrap paper to bones, as they helped CUFUPU the city.

WHEN PUSH COMES TO SHOVE a front end loader helps. Several Dimmitt residents dig their way through litter of all types at the livestock pens between FM 3215 and South

Street Saturday during the CUFUPU drive. Around 80 people turned out to join the city cleanup day kicked off with a breakfast at the Methodist Church.

Thanks for CUFUPUing!

THROUGH RAIN AND SNOW and sleet and hail, litter will be put in its place, says Dimmitt postmaster Bill Sava as he cleans up around Dimmitt Consumers Saturday morning in cooperation with the CUFUPU push in the city.

Dear Editor:

For the first time in the five years we've been CUFUPUing Dimmitt, I looked at our town and declared it *clean!* We owe thank-yous to so many people and business organizations. The Castro County News has published articles and pictures of every phase of our clean up effort, and we are so grateful. We'd like to use the paper at least one more time to publicly thank the ones who helped make Cufupu '86 so successful.

I'm sure we'll miss someone but these people and businesses come to mind: KDHN, TV Cable Company, Soil Conservation, Republican Organization for Women, Methodist Church, Ministerial Alliance, American Fructose, Texas Highway Department, First State Bank, Dimmitt Fire Department and The Clean-Up committee chaired by Ray Bain and Polly Simpson and sub-committee chairmen, Pam Josselet, Sara Hill, June Sutton, John Hamilton, Susan Hanners, Barbara Bain, Jim Evans, Kathy Lust, Jeff Robertson, Mayor Wayne Collins and Van Earl Hughes.

There were about 80 people who turned out to Cufupu the highways and other public properties Saturday. Some who went the second mile are Jerry and Donna Stump, George and Carolyn Sides, Walt Hansen, Lynn Sides, Gene King, Bill Sava, Mary Edna Hendrix, the Richard Young family, Jim and D'Linda Evans, Leslie and Kristina, First Baptist fifth and sixth graders and the

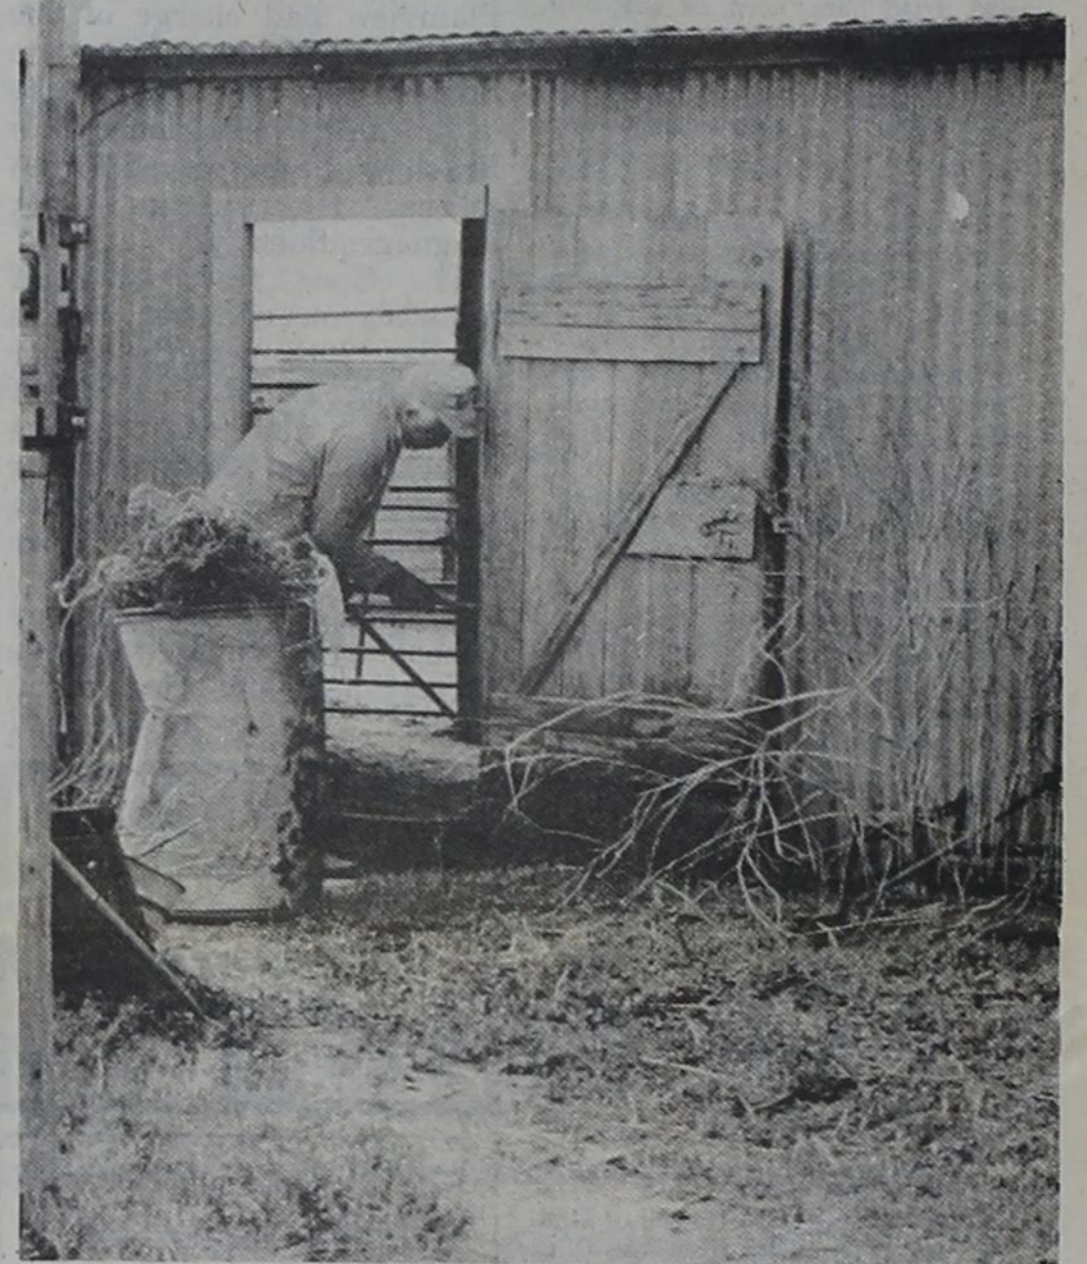

GOTCHA! Dorothy Hopson of the Mayors Council for City Beautification closes in on an unsuspecting aluminum can Saturday as the annual Clean Up, Fix Up, Pride Up campaign got underway in Dimmitt.

Methodist Children who've collected hundreds of aluminum cans. Thanks Delores, and the Chamber, you've done it again.

King and Sava discovered an unkept spot across from the government housing project that has trees, a lilac bush and flowers blooming. The Bill Clarks and D.A.I. have agreed to pursue the project of making this a playground area.

We've stuck our necks out to win a \$30,000 award. We may not even make the finals, but we are already the winners. Dimmitt is picking up!

Sincerely,
Dorothy Hopson

THISTLES, THISTLES AND MORE THISTLES were found at the livestock pens between FM 3215 and South Street Saturday by CUFUPU workers. The livestock pens were a major concern of the cleanup committee before the drive began and the results after Saturday's cleanup showed a definite improvement.

WEEDKILLERS—Jimmy Evans and his daughter, Kristina, spray weeds growing in the cracks on sidewalks west of the stoplight on Bedford Street Saturday morning. The Evans family, Jimmy, D'Linda and their children, worked along the major streets in Dimmitt as well as on some of the less frequented areas cleaning litter from the streets and vacant lots.

Dimmitt is picking up!

BUTCH STRICKLAND, JR. has a litter bag in hand, ready to pick up any trash littering the streets of Dimmitt as he jogs Saturday morning. Saturday was earmarked for cleanup day in Dimmitt and citizens and businesses helped to make Dimmitt a cleaner place to live through their cleanup efforts.

ANOTHER ARDENT CUFUPU WORKER—Ralph Lambright walks around the area north of the stop light picking up trash and aluminum cans. Aluminum cans were kept in separate trash bags and were recycled. To the left is a flower garden featuring a variety of blooming flowers and groundcover that was planted to help improve the looks of the major streets in the city.

EVEN THOUGH HER HANDS ARE FULL OF LITTER and there's more work to be done, Mary Edna Hendrix takes time to stop and smile as she thinks about how much cleaner the city of Dimmitt will be after the CUFUPU day is over.

FORMER NEWS PUBLISHER B. M. NELSON was honored by the Panhandle Press Association for his 50 years of service with the organization. *Tulia Herald* Publisher Wendell Tooley presented The Editor with a plaque praising his newspaper work during the closing luncheon on the PPA convention at the Sheraton Hotel in Amarillo Saturday.

SQUARE DANCE TIPS

By Cyndy Reynolds
Four couples from the Kurlie Q's attended the Promenaders anniversary dance Saturday night at the Expo Center. There were 17 squares in the Grand March with dancers represented from all over the area. We danced to two fine area callers, Roy Johnson of Amarillo and Sid Perkins of Plainview, and everyone enjoyed the good job Bill Harman of Dimmitt did cueing the Rounds. Everyone had a fun night of dancing and refreshments afterward.

Don't forget—the Castro Co. Kurlie Q's start lessons April 21, 8 p.m. at 113 W. Bedford. Couples and singles of all ages are welcome and the first three lessons are free. No need for a babysitter—bring the kids along! Call 647-3255 for more information.

Our regular dances are the first, third and fifth Mondays each month, following lessons, with Sid Perkins of Plainview calling and Bill Harman of Dimmitt cueing the Rounds.

For the next few weeks I am going to run informative articles about square dancing for those who are not acquainted with what square dancing is all about.

Drinking and Square Dancing
Drinking has no place in square dancing. Anyone who connects drinking with square dancing is completely wrong. There is no police protection at square dances simply because there is no need for any! You will be among the best people on earth. Square dancers are gracious folks—just out for an evening of good fun. Square dancing is done in an air of clean conviviality and fun—with *no drinking*. A square of eight dancers are depending on one another to execute the calls and one who has had a drink or two is certainly *not* welcome to flub up some good clean fun!

Police Calls

A Dimmitt High School sophomore was treated for facial lacerations and possible knee and hip injuries following a two-vehicle accident in front of DHS at 4:05 p.m. Monday.

Melissa Polivoda was a passenger in the back seat of a 1974 Ford Pinto driven by Brenda Schinkus, 17, a DHS junior.

According to police reports, the Pinto, which was traveling east in front of DHS and skidded just over 16 feet before striking a 1981 Chevrolet Silverado pickup driven by Kayla Jones, also a DHS student.

The pickup was stopped in the 1500 block of Western Circle Drive due to after-school traffic when it was struck from behind by the Pinto driven by Schinkus.

Polivoda was taken by ambulance to Plains Memorial Hospital, where she was treated and released. Schinkus was taken to PMH in a private vehicle, and was treated and released.

Mrs. Eddie Dominguez of Dimmitt reported that her son, Reynaldo, had been missing

since 6:30 p.m. Friday.

Mrs. Dominguez said he had driven one of the family cars, a 1978 Chevrolet sedan, to a basketball game in town and had not returned by 8 a.m. Saturday.

Investigation revealed Reynaldo had been with Henry Martinez and Tony Martinez, both of Dimmitt. The boys had traveled to Amarillo to visit Reynaldo's brother, and spent the night there.

Approximately \$770 in video equipment and movies was reported taken from Taylor and Sons Food Store.

Juana Bugarin, assistant store manager, said a man who identified himself as Ricardo Martinez had rented a video cassette recorder and two movies on April 3 and had not returned them.

On the rental agreement, the man listed his address as 404 Lee Street, but investigations revealed no one lived at the listed address. Checks on the driver's license number listed on the agreement revealed the number did not belong to Ricardo Martinez, and the man is being sought by police.

business and professional people to be the best they can be, at the quality of our churches, schools, sports programs and academics. Look at the youngsters who just won top awards in the state's Olympics of the Mind competition, at the teachers who guided them and recognized their abilities, and the adult volunteers who coached them. Last week's issue was full of pictures of our youngsters who had won literary and academic contests. Look at the excellence of our Junior Livestock Show and the efforts of all who make it happen. Look at the CUFUPU campaign that's underway, and the community pride it shows. Look at our Harvest Days celebration, our Follies, all the other "fun" events we enjoy. Look at the state political races — a Dimmitt man could be the next governor. Look at all the caring and sharing that you see here. Look at the number of young people who want to stay here after graduation, or come back here after college to live and work.

Together, the people of Castro County make a class act. And when our newspaper wins a General Excellence award, it means that maybe we're keeping up with you.

Dimmitt and Castro County were in the spotlight throughout the PPA convention.

Friday night's banquet was sponsored by the American Fructose Corp., the Texas Corn

Growers Association and Dimmitt Agri Industries, Inc. and representatives of each were present at the banquet—Eddie and Cindy Adams for American Fructose, Carl and Frances King for the TCGA, and Bill and Deanne Clark for DAI. Introducing our banquet sponsors gave me a good chance to tell the Panhandle's editors and publishers about the impressive size, scope and accomplishments of our corn industry here. And, by happy coincidence, the banquet speaker was Kent Hance.

At the closing luncheon Saturday, my dad, B. M. Nelson, received a big plaque commemorating his 50-plus years as a newspaper publisher. It was a fitting tribute, and he did us all proud with his acceptance remarks.

More on UT all-American Kamie Ethridge, whose roots trace back to Dimmitt:

Friday in Cincinnati, the 5-5 senior guard was awarded the Margaret Wade Trophy as the outstanding female college basketball player in the US.

In accepting the award, she credited her religious faith, her teammates and Coach Jody Conradt for her success.

We in Dimmitt know there were also a lot of others who contributed to Kamie's success — her mother, the former Mitzi Wilson, who was an all-stater for the Dimmitt Bobbies in 1951 and 1952; her father, Johnny Ethridge, who coached basketball here before she was

born; her uncle, Edd Wilson, who used to loan Mitzi his car when she was in high school; and others too numerous to mention.

By the way, about my column on Kamie and her family two weeks ago, I need to clear up several things.

I noted that Mitzi and Johnny had three daughters, but failed to mention that they also had a son, Kirk, who is the oldest of the Ethridge children. Kirk, 26, is an insurance and real-estate agent in Austin (which is a good place to be during basketball season, when your sisters are doing their thing every week in the Super Drum.)

Also, Kamie's cousin, Cathy Wilson, coached the Nazareth

Swiftettes to one state championship instead of two. She took the Swiftettes to state twice, but they didn't win the championship on their first trip. Anyway, Cathy is the coach who started the Swiftettes on their record-setting tradition.

Also, I said that Mitzi graduated from DHS in 1954. That was the typewriter's fault — I knew better than that. She graduated in '53. My sister Mary graduated in '54. (Mary, by the way, was a four-year starter for the Bobbies, was on three state championship teams, and was also an all-stater. I gave her a lot of advice, which I imagine she shared with Mitzi, who probably passed it on to Kamie.)
