Will the council remove EDC board?

City leaders to consider action at Tuesday meeting

By STEVE REAGAN
 Staff Writer
 A tug of war which has developed between the Big Spring City Council and the Economic Development Council Board of Directors may have reached its breaking point.
 When the city council meets

McLellan

at 5:30 p.m. Tuesday, it will consider the possible removal and replacement of EDC board members.
 The relationship between the council and the EDC board, which has been an uneasy one for the

past few months, has worsened in recent weeks, with the main tipping point being policies and procedures at the EDC.
 In July, the council approved a resolution fine-tuning its oversight and approval of EDC projects and expenditures, and more than one council member expressed

their hopes that the action would put a lid on what, at times, has been a point of great contention on the economic development board.
 For the past several months, the majority of the EDC board of directors have pushed Executive Director Terry Wegman to establish a written set of rules and regulations

covering how the corporation handles personnel and purchasing matters, which proponents say would increase transparency in the way EDC does business.
 The council's action expanded its oversight of the EDC to include approval of

California residents begin digging out from 6.1 quake

By ELLEN KNICKMEYER
 Associated Press
 NAPA, Calif. — A powerful earthquake that struck the heart of California's wine country caught many people sound asleep, sending dressers, mirrors and pictures crashing down around them and toppling wine bottles in vineyards around the region. Scores were injured as the temblor knocked out power to thousands, caused gas and water lines to rupture, sparked fires and buckled roads.
 The magnitude 6.0-quake struck at 3:20 a.m. PDT Sunday near the city of Napa, an oasis of Victorian-era buildings nestled in the vineyard-studded hills of Northern California. The fires also flared in a mobile home park where four homes were destroyed and two others were damaged, officials said.
 By midday Sunday, the fires were out and power was starting to be restored, said Mark Ghilarducci, director of the California Governor's Office of Emergency Services.
 "While it was bad, it wasn't as bad as it could be, and it was very manageable from a regional perspective," Ghilarducci said.

"While it was bad, it wasn't as bad as it could be, and it was very manageable from a regional perspective."
 Mark Ghilarducci
 California Governor's Office of Emergency Services

The quake struck about six miles south of Napa and lasted 10 to 20 seconds depending on proximity to the epicenter, according to the U.S. Geological Survey. It was the largest to shake the San Francisco Bay Area since the magnitude-6.9 Loma Prieta quake struck in 1989, collapsing part of the Bay Bridge roadway and killing more than 60 people, most when an Oakland freeway fell.
 It was felt widely throughout the region, from more than 200 miles south of Napa and as far east as the Nevada border.
 For many, the quake struck at the worst time possible, rousing them in the middle of the night and sending them fumbling in darkness to take cover and find loved ones. A number of the injuries were caused by people stepping on broken glass, falling down or being hit by furniture.
 The quake's timing was also bad for Napa Valley's famed vineyards, where winemakers were just getting ready to harvest the 2014 crop. The quake broke

Drivers finding nice surprise at gas pump

Survey: Prices at lowest point of summer, should remain down through Labor Day

Special to the Herald

Average retail gasoline prices in Texas have fallen 2.5 cents per gallon in the past week, averaging \$3.24 a gallon Sunday, according to GasBuddy's daily survey of 13,114 gas outlets in Texas. This compares with the national average that has fallen

1.3 cents per gallon in the last week to \$3.43 per gallon, according to gasoline price website GasBuddy.com. Including the change in gas prices in Texas during the past week, prices yesterday were 16.1 cents per gallon lower than the same day one year ago and are 14.6 cents per gallon lower than a month ago.

The national average has decreased 10.3 cents per gallon during the last month and stands 10.5 cents per gallon lower than this day one year ago. "With Labor Day right around the corner, most Americans will be seeing the lowest prices of the summer," said GasBuddy.com Senior

Petroleum Analyst Patrick DeHaan. "And the good news doesn't end there, the national average is at its lowest levels for this time of year since 2010, when prices averaged \$2.65 a gallon nationally during Labor Day weekend. "While most Americans won't have access to sub-\$3 prices, a few hundred gas sta-

tions, mainly in the southern U.S., are offering gasoline under \$3 a gallon today," DeHaan added. "And for those motorists in areas where gas prices tend to be high: just 1.5 percent of gas stations in the U.S. are selling for more than \$4 a gallon, so even California is in on the party at the pump."

Take note

• The Howard County Association board invites all elementary school children, pre-kindergarten through fifth grade to attend the Howard County Fair without charge Thursday, Sept. 25 and Friday, Sept. 26, between the hours of 9 a.m. to 11 a.m. These hours are available only for this age-level student and are not during the regular hours of the fair. To schedule a time for your class to visit, contact Gale Pittman or Sandy Stewart at 432-267-5201, 432-935-1604 or uway@bigspringtx.com.

• Friends of the Library of Howard County requests donations of books in good condition for the book sale to be held Oct. 17-19. If you have books you wish to donate to this worthwhile cause, take them to the Howard County Library, Monday through Friday during regular library hours. Please, no National Geographic magazines, other magazines, or condensed books.

• The Cross Roads Young Marines are now taking applications for another boot camp. For more information, call 432-517-4791. Young Marines welcomes boys and girls ages 8 to 18 who are still attending school.

• A bank account has been set up to help defray funeral expenses for the family of Shelly Lopez. To make a donation to the Shelly Lopez Memorial Federal Credit Union at 263-8393 located at 1110 Benton.

• Crossroads Hospice is looking for volunteers. Come and be part of our team. Contact Eva at 432-263-5300.

• Help Kids Succeed is asking the public to help local struggling families with back to school expenses.

The average family spends between \$200 and \$600 per child. Jury Padron and her husband Peter Padron hope to "pay it forward" by helping these families with donations of clothes, shoes or school supplies. To make a donation, go to www.gofundme.com/ams9v8 or in person by cash, check or money order.

To make a supply donation or for more information call Jury at 638-0861 or Peter at 270-5228.

COUNCIL

Continued from Page 1

those still-to-be approved procedures.

Council member Raul Benavides expressed his hope that, once the new procedures are finally approved, EDC can put the controversy behind it and get on with its stated purpose — attracting and expanding business opportunities in this area.

"This argument has been going on too long," Benavides said in July. "We need to do whatever needs to be done and put this dog to rest. Let's get this done ... and move on."

The council unanimously passed the resolution.

During its meeting last Tuesday, however, the EDC board approved — by a 3-to-2 vote — yet another set of policies. Board members Don Avant, Frances Hobbs and Nadi Saldivar approved the change,

while Scott McKenzie and Jim DePauw voted against the measure.

Big Spring Mayor Larry McLellan denounced the action as illegal.

"The council unanimously approved a resolution letting the EDC know that the only things we required of the executive director is what is already spelled out in their by-laws," McLellan said this morning. "It was a unanimous order from the council to put this to rest and operate under established policies and procedures and they said, 'Nope, we're going to do something different.'"

The council has the right to remove EDC board members without cause, but McLellan wouldn't predict what action would be taken on the matter.

"I don't know what's going to come out of this," he said. "I think I can safely say that the council is tired of the mess over there ... This is something the coun-

QUAKE

Continued from Page 1

thousands of bottles of wine and toppled barrels.

Omar Rodriguez, 23, of Napa, was treated for a gash on his forehead in one of the triage tents outside a hospital that handled the victims.

"We woke up to the earthquake and I thought I was dreaming because I fell off my bed, you know, it was all dark, and I just got back up. She noticed it was all bleeding," he said, referring to his girlfriend.

Officials were still assessing the damage late Sunday in hopes of getting a cost estimate they could submit for possible federal assistance. The initial assessment found that dozens of homes and buildings in the region were unsafe to occupy, including a historic Napa County courthouse, where a 10-foot wide hole opened a view of the offices inside.

Queen of the Valley Medical Center in Napa reported treating 172 people in the emergency room, although hospital officials could not say how many of them were there for injuries suffered in the quake and how many for more routine injuries and illnesses, hospital CEO Walt Mickens said.

Twelve people were

admitted for broken bones and other medical problems directly related to the earthquake, including an adult who remained in critical condition on Sunday night.

The teen was hit by flying debris from a collapsed fireplace and had to be airlifted to the children's hospital at the University of California Davis Medical Center for a neurological evaluation. He condition was listed as serious, hospital spokeswoman Phyllis Brown said.

While inspecting the shattered glass at her husband's storefront office in downtown Napa, Chris Malloy described calling for her two children in the dark as the quake rumbled under the family's home, tossing heavy pieces of furniture for several feet.

"It was shaking and I was crawling on my hands and knees in the dark, looking for them," the 45-year-old woman said, wearing flip flops on feet left bloodied from crawling through

broken glass.

About 70,000 customers lost power after the quake hit, but Pacific Gas and Electric spokeswoman Nicole Liebelt said early Monday that the number was down to about 150 by 4 a.m.

An earthquake early warning system currently being tested issued a 10-second warning before the quake struck, said Richard Allen, director of the University of California, Berkeley, Seismological Laboratory. California is working to implement a statewide system, though Allen said funding has not been secured.

The timing of the quake was bad for business in Napa as well.

Vintner Richard Ward of Saintsbury Winery south of Napa watched Sunday afternoon as workers righted toppled barrels and rescued a 500-pound grape de-stemmer that the quake had thrown to the ground.

"That's what happens when you're a mile from

the epicenter," said Ward, who lost 300 to 400 bottles.

The grape harvest was supposed to start overnight Monday, but it would now be pushed off a few days, he said. Had the harvest started a day earlier, the quake could have caught the workers among the heavy barrels when it struck, Ward said.

Aftershocks were expected to continue for several weeks, though State Geologist John Parrish said they would decrease in magnitude and it was unlikely that there would be a large follow-up earthquake. Still, he warned people to be careful because buildings that were damaged by the quake were now more susceptible to collapse.

Affordable pre-need planning.

You deserve a factual look at . . .

The Shame of Gaza

Hundreds of innocents have died in Gaza. Who is really to blame for this tragedy?

Israel left Gaza completely in 2005, freeing the Palestinians to build an autonomous state there. Yet since then, the Hamas terror regime has instead chosen to use its resources to wage an unrelenting war against the Jewish state from military installations located in the midst of densely populated Arab residential areas.

What are the facts?

When Israel evacuated its citizens and military from Gaza in 2005, Israelis hoped this would be the beginning of a win-win, land-for-peace exchange with the Palestinians. American Jewish donors even paid \$14 million to purchase 3,000 greenhouses left by Israeli settlers and transferred them to the Palestinian Authority.

But instead of creating a thriving agricultural enterprise, the greenhouses were vandalized and destroyed. Gaza's golden Mediterranean beaches could have made it a Middle East tourist mecca. But instead of the vibrant state that both Israel and many Palestinians envisioned, today under Hamas Gaza's poverty is worse than ever, its cities are ravaged by self-inflicted warfare and its people suffer under an Islamist dictatorship. What a shame that is.

What's worse, since Hamas strong-armed the Palestinian Authority out of power in Gaza in 2007, the terror group began attacking Israel with a nearly continuous barrage of unsophisticated, but still deadly short-range rockets. Avowedly committed to destroying Israel, Hamas and other Gaza-based jihadis have since 2001 fired more than 15,000 rockets at Israeli cities and kibbutzim.

Israel responded in 2009 with a ground offensive in Gaza and in 2012 with intense shelling of Hamas military positions, most of them purposely located in Gaza's heavily populated urban areas. Israeli military responses did untold damage to Gaza's infrastructure, and led to short-term ceasefires by Hamas. Unfortunately, Israel's defensive responses also resulted in approximately fifteen hundred deaths, many of them Arab civilians living near Hamas military positions. What a shame that is.

Recently Hamas has acquired longer-range, Syrian-produced missiles via Iran that are capable of reaching Tel Aviv, Ben Gurion International Airport and Jerusalem. In the first seven months of 2014, Hamas militants launched more than 3,500 such high-powered rockets, threatening 80% of Israel's population—and sending many of those six million people fleeing in terror to bomb shelters.

Contrary to some media reports, the conflict between Hamas and Israel is not a "cycle of violence," nor does it require "mutual restraint." Rather, Israel, a nation smaller than tiny El Salvador, surrounded by a sea of hostile Arab and Muslim nations, is responding logically to protect its citizens from an enemy directly on its border. What nation would not respond to such existential threats with definitive force meant to defeat this enemy?

SWCID set to kick off volleyball program

By TOMMY WELLS
Sports Editor

The SouthWest Collegiate Institute for the Deaf Lady Rattlers will write a new page in Howard County athletic history tomorrow night. They will bring collegiate volleyball action to the Crossroads. The Lady Rattlers will take to the SWCID Activity Center at 6 p.m. for their first-ever game.

"I'm sure there will be lots of jitters," said SWCID head coach Derrick Jackson, who began laying the foundation for the program last year. "We've been working hard for the last two weeks and I think we are as ready as we are going to be."

"It should be a lot of fun. We are definitely looking forward to the challenge," he added.

The Lady Rattlers will face off against Western Texas College in their season-open-

er. Despite having never played a game, Jackson said SouthWest Collegiate Institute for the Deaf has plenty of talent to build on, including Schyler Kimbrell, a 6-foot-1 standout from Roscoe.

"She has been playing well for us in practice," he said.

Kimbrell will line up as the middle blocker for SWCID.

Other players Jackson has high hopes for include sopho-

more Judy Lopez and 5-foot-6 setter Britney Breedlove and 5-foot-7 outside hitter Marivel Holquin-Orta.

A native of Seminole, Lopez is 5-foot-3 standout that will play at the hitter or setter positions. Breedlove is a transfer from Arlington Baptist.

"We're expecting a lot of good things from her," said Jackson.

Holquin-Orta played high school volleyball at the Texas

School for the Deaf in Houston.

Marti Lail will serve as the Lady Rattlers' first libero.

SWCID is scheduled to play six regular season games this fall, as well as participating in WTC volleyball tournament on Sept. 19-20.

Following tomorrow's game, the Lady Rattlers' only other home outing will be their season-finance on Oct. 17 against Ranger College.

Rangers avoid sweep by Royals

ARLINGTON, Texas (AP) — Scott Baker has found quite a niche with the Texas Rangers, and is winning again after Tommy John surgery.

Baker went five innings in a spot start to win as a starter for the first time in more than three years, helping Texas beat the AL Central-leading Kansas City Royals 3-1 on Sunday to avoid a series sweep.

"It's still special because of the road that I've had to endure as far as injuries," said Baker, who earned a win in relief in his previous appearance on Aug. 12. "It's fun, regardless of whether you're a starter or a reliever. And it's a good team win."

With Yu Darvish still on the disabled list and Miles Mikolas pushed back a day, Baker (2-3) threw 51 of his 71 pitches for strikes in difficult conditions with the temperature near 100 degrees. The only run on his line was Billy Butler's leadoff homer in the fourth.

"He certainly went beyond the call of duty to have not been out there in 11 days, and to go out there and throw the strikes the way he threw them," manager Ron Washington said.

Adrian Beltre put Texas ahead to stay with an RBI double in the first. Beltre had his fifth straight mulithit game, including all three games against Kansas City to extend his hitting streak against the Royals to 17 games.

Baker hadn't pitched since that relief win against Tampa Bay. That was his first victory since a start for Minnesota against Detroit on July 23, 2011, and ended a string of 26 consecutive appearances in losses.

The 32-year-old right-hander missed all of 2012 after elbow surgery. He made three starts for the Chicago Cubs at the end of last season and has started five of his 22 games since joining the Rangers in June. He had made six relief appearances since his last start July 13.

Neftali Feliz worked the ninth for his sixth save in seven chances since reassuming the closer role a month ago after Joakim Soria was traded to Detroit.

Kansas City's Jason Vargas (10-6) allowed 11 hits and walked four in his six innings, but allowed only three runs. The left-hander had walked only one in 25 1-3 innings previously this month.

Texas had five doubles off Vargas, including a run-scoring hit for Adam Rosales in the second.

Big Spring harriers to open season

The Big Spring High School cross country teams will swing into action this weekend when they compete in the Tall City Invitational in Midland.

Big Spring, under the leadership of head coach Kelly Ritchey, will participate in six regular-season meets. They will compete in the District 3-4A meet on Oct. 23.

Members of the Big Spring Lady Steers volleyball team took time out of the busy schedule at the Granbury Classic this weekend to take a ride on the world's largest rocking chair. The BSHS girls will play in the Frenship tournament this weekend.

Big Spring spikers make strong showing at Granbury tournament

By TOMMY WELLS
Sports Editor

The Big Spring High School Lady Steers did exactly what they wanted at the Granbury Classic on Saturday. They played volleyball.

Unfortunately for the Lady Steers, the end result probably wasn't what they had hoped for.

Big Spring went 0-2 in the Silver division bracket on Saturday morning and bowed out of the tournament early. Overall, the BSHS spikers went 1-5 during the two-day event which showcased some of the top large-school volleyball programs from the Dallas-Fort Worth region.

The Lady Steers, who finished fourth on their pool on Friday,

opened the tournament with a solid showing against Plainview Haltom in the first round. In the loss to Haltom, Julianna Rodriguez, Katie Wash, and Erin Pollard all turned in stellar efforts. Rodriguez and Wash recorded 19 and 18 assists, respectively, while Pollard knocked down 15 kills.

Leksey Yarbar also reached double figures in kills, with 11.

The Lady Steers' outing came to an end in the ensuing round with a 10-25, 25-19, 20-25 loss to Burleson Centennial.

Despite the loss, Big Spring collected 10 assists from Rodriguez, and a team-high eight kills from Pollard and nine digs from August Alexander.

Erin Pollard was selected to the Granbury Classic all-tournament team.

Rams' Sam Bradford to miss season with torn ACL – again

ST. LOUIS (AP) — Jeff Fisher shared the bad news with Sam Bradford on Sunday morning.

By the time the St. Louis Rams coach began his day-after news conference, he'd had several hours to digest the impact of an injury that puts the team's once-rosy outlook in serious doubt, and to give a vote of confidence to journeyman backup Shaun Hill.

After announcing Bradford's season-ending torn ACL in his left knee for the second time in nine months, Fisher said speculation about a trade was premature.

At the least, they'll likely wait to see who hits the market in the first round of cuts on Tuesday when rosters must be at 75 players.

"It makes no sense to jump and react right now

and try to fill the hole at whatever cost," Fisher said.

"There's going to be some quarterbacks that are released and there may or may not be some quarterbacks out there that have trade value."

Fisher confirmed the extent of the injury first reported by ESPN and the St. Louis Post-Dispatch. He said no timetable had been set for surgery.

Opening lead — three of spades.
This deal occurred in the semifinals of the 1991 United States Bridge Championship.
When the deal was first played, Kerri Shuman reached three no trump as shown. West led a spade, and Shuman decided her best chance was to play for both hearts and diamonds to divide favorably.
Accordingly, at trick two she led a low heart to her eight, losing to West's ten. When West exited with a diamond, declarer played the K-Q-A of diamonds and was pleased to see

the suit break 3-3. She then cashed her fourth diamond before playing the K-A of hearts. When that suit failed to divide evenly, she cashed out for down one.

At the second table, the auction began the same way, but then took a different turn when South, Dan Morse, elected to raise two hearts to three with just three-card support. North, John Sutherland, then carried on to four hearts, opting to play in a 4-3 fit.

Sutherland won East's spade lead with the ace, led a heart to the king and then a club to the jack and East's queen. East returned a spade, and the queen was covered by West's king, ruffed by North.

Declarer crossed to the diamond ace and led a club to the ten. When this held, he continued with the club ace, ruffed by East for the defenders' second trick. East forced declarer to ruff another spade, leaving North with the singleton ace of trumps opposite dummy's 8-7 while East held the J-6.

Sutherland cashed the heart ace and began to run his remaining clubs. East could score his heart jack whenever he so desired, but dummy's eight of trumps prevented the opponents from taking their spades, and declarer had the rest of the tricks. The score of +420 at this table and -50 at the other gave Sutherland's team a 10-IMP pickup on the deal.

Tomorrow: Dutch treat.

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY**Notice of Draft Federal Operating Permit**

Draft Permit No.: O3180

Application and Draft Permit.

WTG Gas Processing, L.P., 211 North Colorado Street, Midland, Texas 79701-4607, has applied to the Texas Commission on Environmental Quality (TCEQ) for a renewal of Federal Operating Permit (herein referred to as Permit) No. O3180, Application No. 21246, to authorize operation of the East Vealmoor Gas Plant, a Natural Gas Liquids facility. The area addressed by the application is located 17 miles East Northeast of Big Spring, in Coahoma, Howard County, Texas 79511. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to the application. You can find an electronic map of the facility at: <http://www.tceq.texas.gov/assets/public/hb610/index.html?lat=32.494444&lng=-101.352222&zoom=13&type=r>. This application was received by the TCEQ on April 4, 2014.

The purpose of a federal operating permit is to improve overall compliance with the rules governing air pollution control by clearly listing all applicable requirements, as defined in Title 30 Texas Administrative Code § 122.10 (30 TAC § 122.10). The draft permit, if approved, will codify the conditions under which the area must operate. The permit will not authorize new construction. The executive director has completed the technical review of the application and has made a preliminary decision to prepare a draft permit for public comment and review. The executive director recommends issuance of this draft permit. The permit application, statement of basis, and draft permit will be available for viewing and copying at the TCEQ Central Office, 12100 Park 35 Circle, Building E, First Floor, Austin, Texas; the TCEQ Midland Regional Office, 9900 West Interstate 20 Suite 100, Midland, Texas 79706-2636; and the Howard County Public Library, 500 South Main Street, Big Spring, Texas, beginning the first day of publication of this notice. The draft permit and statement of basis are available at the TCEQ Website:

www.tceq.texas.gov/goto/tvnotice

At the TCEQ central and regional offices, relevant supporting materials for the draft permit, as well as the New Source Review permits which have been incorporated by reference, may be reviewed and copied. Any person with difficulties obtaining these materials due to travel constraints may contact the TCEQ central office file room at (512) 239-1540.

Public Comment/Notice and Comment Hearing. Any person may submit written comments on the draft permit.

Comments relating to the accuracy, completeness, and appropriateness of the permit conditions may result in changes to the draft permit. **A person who may be affected by the emission of air pollutants from the permitted area may request a notice and comment hearing.** The purpose of the notice and comment hearing is to provide an additional opportunity to submit comments on the draft permit. The permit may be changed based on comments pertaining to whether

the permit provides for compliance with 30 TAC Chapter 122 (examples may include that the permit does not contain all applicable requirements or the public notice procedures were not satisfied). The TCEQ may grant a notice and comment hearing on the application if a written hearing request is received within 30 day after publication of the newspaper notice. The hearing request must include the basis for the request, including a description of how the person may be affected by the emission of air pollutants from the application area. The request should also specify the conditions of the draft permit that are inappropriate or specify how the preliminary decision to issue or deny the permit is inappropriate. All reasonably ascertainable issues must be raised and all reasonably available arguments must be submitted by the end of the public comment period. If a notice and comment hearing is granted, all individuals that submitted written comments or a hearing request will receive written notice of the hearing. This notice will identify the date, time, and location for the hearing.

Written public comments and/or requests for a notice and comment hearing should be submitted to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087, or electronically at www.tceq.texas.gov/about/comments.html and be received within 30 days after the date of newspaper publication of this notice.

If you communicate with the TCEQ electronically, please be aware that your email address, like your physical mailing address, will become part of the agency's public record. **A notice of proposed final action that includes a response to comments and identification of any changes to the draft permit will be mailed to everyone who submitted public comments, a hearing request, or requested to be on the mailing list for this application.** This mailing will also provide instructions for public petitions to the U.S. Environmental Protection Agency (EPA) to request that the EPA object to the issuance of the proposed permit. After receiving a petition, the EPA may only object to the issuance of a permit which is not in compliance with the applicable requirements or the requirements of 30 TAC Chapter 122.

Mailing List.

In addition to submitting public comments, a person may ask to be placed on a mailing list for this application by sending a request to the Office of the Chief Clerk at the address above. Those on the mailing list will receive copies of future public notices (if any) mailed by the Chief Clerk for this application. **Information.** For additional information about this permit application or the permitting process, please contact the Texas Commission on Environmental Quality, Public Education Program, MC-108, P.O. Box 13087, Austin, Texas 78711-3087 or toll free at 1-800-687-4040. Si desea información en Español, puede llamar al 1-800-687-4040. Further information may also be obtained for WTG Gas Processing, L.P. by calling Ms. Elena Hofmann at (713) 983-0112. Notice Issuance Date: August 4, 2014 #8431 Aug. 25, 2014

Unusual New Moon

Mars and Saturn will stage a rebellion against the better nature of this Virgo new moon. In the same way that water eventually carves the mountains

HOLIDAY MATHIS

and turns cliffs into miles of sand, the soft things in life will always, in time, conquer the hard things. Soft things to consider: compassion, gentleness, tenderness, smiles, warmth and patience.

ARIES (March 21-April 19). You are smart in many ways, and now it's like there's a war of intelligences going on in your being. When in doubt, go with your emotional intelligence. There's a lot that can be solved with a hug.

TAURUS (April 20-May 20). You don't want to be remembered for what happened to you. You want to be remembered for how you reacted to events, rising above them. Your spirit is more powerful than the circumstances it will manage today.

GEMINI (May 21-June 21). Your work will be pleasant; your leisure, peaceful. It's getting from one to the other that's hectic. It's a bit of a juggle, and juggling is all about the art of transitions.

CANCER (June 22-July 22). You'll get a rather persistent and fascinating idea in your head, and it will be difficult to drop it or change your mind. Instead of resisting, dive into the hypothetical and work through it.

LEO (July 23-Aug. 22). As the sign of performers, you get used to hearing thunderous applause at the conclusion of your work. Today, don't take a lack of audience response as a bad sign. They haven't caught on yet. Supply your own enthusiasm.

VIRGO (Aug. 23-Sept. 22). You don't have to have the skills to embark on a task. You don't even have to have a good plan or a vision. What you must have is desire and the courage to jump in. The rest will come.

LIBRA (Sept. 23-Oct. 23). One thing that sets you

apart: You're not afraid of laughter and derision. Your confidence will draw people to you. You'll attract admirers. They may not be vocal about it now, but eventually you'll learn that you're well thought of.

SCORPIO (Oct. 24-Nov. 21). There are those who will want you to learn things that you're not sure you want to know. Why? So you can serve their purposes. What are you interested in? That's the only thing worth learning today.

SAGITTARIUS (Nov. 22-Dec. 21). You once watched a person make the same mistake multiple times, which led you to believe that some people never learn. That may be true, but now you'll get evidence that, for most people, breakthroughs are possible.

CAPRICORN (Dec. 22-Jan. 19). You know that you are not defined by external things, and now you're not so sure that internal things define you, either. Your thoughts and feelings will seem to come through you, but they are not you.

AQUARIUS (Jan. 20-Feb. 18). Many will benefit from your seemingly small acts of problem solving. What you do today you do for your family, for your team and for everyone who ever had similar goals and faced similar challenges.

PISCES (Feb. 19-March 20). People will long for your brand of entertainment today: colorful, unexpected and beyond what can be gleaned from facts. So feel free to stray into exaggeration and fantasy -- they'll love it.

TODAY'S BIRTHDAY (Aug. 25). Don't think; don't flinch. Whatever comes at you, just know it's for your best and highest good, and take it on like the winner you are. Singles: September brings fascinating flirtations. Couples: Love gets deeper and richer. October forwards your social agenda. You're inventive and entrepreneurial in November. Capricorn and Sagittarius people adore you. Your lucky numbers are: 3, 15, 32, 1 and 16.

ASTROLOGICAL QUESTIONS: "I'm a Cancer. A year and a half ago, I lost a close friend whom I secretly crushed on for four years. Now I'm

25, and I can't seem to get past this loss and find someone new. I've never had an actual boyfriend, but I always thought my special friend and I were soul mates and would eventually be together. There are a few guys who've tried to get with me, but I just can't let go of my sad past. What should I do?"

You are a hopeless romantic, Cancer, and this tragic loss at such an early time in your romantic life has set up a story in your mind that is difficult for the average Joe on the street to fit into. But you need an average Joe -- or 10 -- to get you into the groove of reality. Think of these Joes as nice guys who will enjoy your company, bring you out of that crabby shell, and help you understand and embody the social skills that will lead you to relationship normalcy. In short, hold up those crabby pincers of yours, and snap out of it. Your friend would have wanted you to love (or crush) again. You can do this.

CELEBRITY PROFILES:

Her role in "Gossip Girls" won her multiple Teen Choice Awards and a whole lot of free designer clothes, too. Virgo actress Blake Lively will soon appear as an accidental immortal with Harrison Ford in the romantic drama "The Age of Adaline." Virgo is the sign of the ever young, and oddly enough, Lively was born under a remarkable number of Virgo influences, with her first five luminaries in that sign.

This Date In History

Today is Monday, August 25, the 237th day of 2014. There are 128 days left in the year. Today's Highlights in History:
On August 25, 1944, during World War II, Paris was liberated by Allied forces after four years of Nazi occupation. Romania declared war on former ally Germany.
On this date:
In 1718, hundreds of French colonists arrived in Louisiana, with some settling in present-day New Orleans.
In 1825, Uruguay declared independence from Brazil.

In 1916, the National Park Service was established within the Department of the Interior.
In 1921, the United States signed a peace treaty with Germany.
In 1943, U.S.-led Allied troops liberated New Georgia in the Solomon Islands from Japanese forces during World War II.
In 1958, President Dwight D. Eisenhower signed a measure providing pensions for former U.S. presidents and their widows.
In 1960, opening ceremonies were held for the Summer Olympics in Rome.
In 1967, George Lincoln Rockwell, founder of the American Nazi Party, was shot to death

in the parking lot of a shopping center in Arlington, Virginia; former party member John Patler was later convicted of the killing.
In 1980, the Broadway musical "42nd Street" opened. (Producer David Merrick stunned the cast and audience during the curtain call by announcing that the show's director, Gower Champion, had died earlier that day.)

Griner helps Mercury advance to WNBA semifinals

LOS ANGELES (AP) — Brittney Griner bounced back from a poor performance and helped show why the Phoenix Mercury are such a dominant team.

Griner scored a career playoff-high 21 points, including a breakaway two-handed dunk, and Phoenix cruised to a 93-68 victory over the Los Angeles Sparks in Game 2 on Sunday night to complete a sweep in their Western Conference semifinals series.

Penny Taylor scored 17 points and Candice Dupree had 16 points and eight rebounds as Phoenix, which had a league-record 29 wins during the regular season, advanced to a matchup against defending champion Minnesota in the West finals.

Griner bounced back from a 2-for-11 shooting effort in the opener to go 9 for 9 from the field, setting a WNBA playoff record for most field goals without a miss.

"I played (terrible) that game and I didn't help my team at all," Griner said of Game 1. "I definitely wanted to come

out and establish myself down in the paint and help my team out. The coaches did a good job getting us ready and letting us know that we definitely needed to bring it here in L.A. I think we did that."

Griner's dunk midway through the third quarter stretched Phoenix's lead to 25 points. It was the second-year star's fifth career dunk, giving her nearly half of the 11 dunks in WNBA history.

"That's what I do," Griner joked. "I dunk." Phoenix coach Sandy Brondello went over video with Griner after Game 1 on position, but said it was mostly a change in her mindset.

"I thought tonight she really established herself deep in the paint, and when she's that deep it's really hard for teams to bring that trap because she can go automatically into that shot," Brondello said. "For Brittney, I knew she was ready to go. She told me. For a young player, she's mentally tough, and that's a great attribute to her."

Seattle tops Washington, 2-1, in NWSL semifinals

SEATTLE (AP) — Hope Solo saved a late penalty shot and Megan Rapinoe scored the game-winner as the Seattle Reign FC defeated the Washington Spirit 2-1 in the National Women's Soccer League semifinals on Sunday night.

Solo made her crucial save in 79th minute when she deflected Diana Matheson's attempt into the crossbar. Seattle (17-2-6) then safely cleared

the deflection. Rapinoe set herself up for the go-ahead goal 3 minutes later after intercepting defender Toni Pressley in the Spirit backfield.

Kim Little pulled Seattle even at 1-1 on a penalty kick in the 72nd minute. Her first effort was good, but waved off due to encroachment. She made the second try as well.

Morgan State player dies

BALTIMORE (AP) — Morgan State University in Maryland says a football player who was hospitalized after a workout two weeks ago has died.

Television station WBFF-TV first reported that 18-year-old Marquese Meadow died Sunday.

Morgan State University spokesman Clint Coleman confirmed the death. He told The Associated Press that Meadow had been hospitalized since becoming disoriented during the workout two weeks ago. Coleman says Meadow had recently been improving but took a turn for the worse Saturday.
