

WAGON TRAIN REFUGEES?
— Nope, they're Hart High School students during "Western Day" last week, one of the feature days of Homecoming Week. In left photo, from left, are Tommy McLain, John Cropp, Clodia Castillo, Frances Cunningham and Lisa Lowery. In right photo, from left, are Andy Rogers, Mike Armstrong, Randy Alford, Dee Clevenger and Carol Miller.

Bible Thoughts

WHERE DOES IT SAY SO?

By Ronnie Parker

There are many different doctrines and emotions in religion in our time. Some of the ideas preached in the name of Christ are diametrically opposed to Scripture. There is no doubt that most of these people are honest and think they occupy Bible ground. It is suggested that: "It matters not what one believes as long as he is sincere." Now where does God reveal such a notion? Rather, Jesus demands sincere obedience in Luke 6:46:

"Why call me Lord, Lord, and do not the things which I say?"

Our Lord made it rather plain that it makes an eternal difference in what one believes. Matt. 2:21:

"Not everyone that saith unto me Lord, Lord, shall enter the kingdom of heaven but he that doeth the will of my Father in heaven."

Our faith must be founded on the scriptures, the Word of God. In determining truth we must always ask, What does God say on this matter? Where does it say so in scripture? Only then can we ascertain truth. So whatever the situation or doctrine we must be humble enough to ask; Where did God reveal it? and upon learning truth, obey it.

TREASURES

He walked a long time and rang many doorbells and "scared" a lot of people in order to acquire his Halloween treasures. He wants to sleep with his treasures beside him, where he can feel the sack with his hand.

These treasures somehow remind you that one of your responsibilities toward your adorable child is to teach him what *real* treasures are — friends, country, church, good deeds, family, love of God, and quality of spirit, to name a few.

That "Trick or Treat" bag somehow reminds you of that scripture in Matthew that goes, "*Lay not up for yourselves treasures upon earth where moth and dust doth corrupt, and where thieves break through and steal: But lay up for yourselves treasures in heaven where neither moth nor rust doth corrupt, and where thieves do not break through nor steal: for where your treasure is, there will your heart be also.*"

You know that the church will help you in this, so you vow again to be faithful to every service, thankful for all the wonderful workers there, asking God to help you and them.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Coleman Adv. Ser.

The View From Your Library

By VIRGINIA NEWSOM
We are still holding several reading certificates from the summer reading program. Please ask for them when you come in. We have certificates for Kyle Wise, Barbara Webb and Cheryl, Danny, Ronda and Charles Pevehouse.

THERE were 18 youngsters at story hour this past week. We are using and really enjoying our record player.

Last week we had the Dr. Doolittle story and Pam Nelson let us use her Dr. Doolittle record. Everyone seemed to really enjoy both.

I visited with Troop 5 of the Camp Fire Girls last week. Their leader Mrs. Nelson invited me to come. We were helping the girls with parliamentary laws in conducting a business meeting. They elected their officers the day I was there. I showed them an Indian song with motions also. They seemed to enjoy doing it very much.

KEEP WATCHING for an announcement on contests that will be coming up during National Children's Book Week in November. We will be asking Dimmitt, Hart and Nazareth Schools to participate.

Congratulations to the Bobcats for their win over Abernathy. If I don't make the game, I can always tell how we did when I see Sylvia's face on Saturday morning.

WE HAVE been getting inter-library loans from Amarillo for some of the students again. There will be some good reports on several interesting subjects, if the books I am ordering are an indication.

Some of the best things still, are free

Come to the library, you will see
Check out a book, there is no cost
Much will be gained and nothing lost.

—Virginia Newsom

A&M Volunteers Elect Hoelting

Marvin J. Hoelting of Nazareth has been named a junior member of the Ross Volunteers, Texas A&M's elite honor military unit.

A&M'S OLDEST campus organization, the unit was formed in 1887, 11 years after the university enrolled its first students.

The RVs provide the honor guard at the inauguration of the Texas governor, forms the official escort for His Majesty Rex at the Mardi Gras parade in New Orleans and make other appearances.

HOELTING, son of Mr. and Mrs. Greg Hoelting and a Nazareth graduate, majors in accounting and is a cadet technical sergeant in Company F-2 of the corps.

Shetty's Chatter

New Families Are Moving Into Dimmitt

Donnie M. Stokes, writes to his parents, Mr. and Mrs. N. B. Stokes that he enjoys Shetty's chatter and the Castro County news. Donnie is with a hospital unit in Quantan, Vietnam. He hopes to be in Dimmitt by Christmas.

The Stokes' other son Ronnie and his wife Brookie leave for Alabama this week. Ronnie is a court reporter. Brookie taught home economics here and Ronnie was with Parsons Drug.

MR. AND MRS. Fred Dunn and Mrs. Woodrow Jones went to San Angelo recently to attend a meeting of the Bee Line Fashions at the Ramada Inn. The special guest and speaker was "Mrs. Texas," who is also Mrs. American Fashion, a national award. She is really Mrs. Max White of Lubbock. Mrs. Dunn says that Art Linkletter is co-owner of this line of fashions and the Dimmitt ladies represent it here.

I recently met Darla and Pete Stewart, who came here from Morton. Pete is with Elcor Chemical and Darla is at the drive-in window at the bank. They have lived here since May — am just slow meeting folks. They go to Sunnyside Church.

Mr. and Mrs. Bill Bennett of Lubbock were weekend guests of Jimmy and Nancy Ross.

Sonya or Mrs. Ted Godfrey and children of Guyton, Okla., was here last week to visit her mother Ethel Lowe and sister Mrs. Fred Ammen and family.

KATHRYN AND Bill Birdwell and son Jim attended the McMurry College homecoming last weekend. They saw Darris and Helen Egger there. Darris is pastor at First Methodist Church at Sweetwater and was a former pastor here. The Birdwells stopped off in Roscoe to visit her folks, the Norrises.

Didn't see very many college kids this time, saw Ronnie Golden and a friend at church — waved to Graham Shetty as he passed the house in a pickup. I heard that Jill Braafadt visited friends at WTSU and attended the big football game.

Carolyn Dunn, who goes to school at Arlington, visited her folks, the Fred Duns.

Quite a few music lovers went to Plainview Tuesday for the concert — the Keith Howards, the George Bradfords and others.

Mr. and Mrs. Jack Summers have been to Amarillo to see son, Jack Gladman, who had surgery for a slipped disc in his back at St. Anthony's Hospital. While he was on the operating table he had a heart attack. Mrs. Summers says he is doing very well now.

Mrs. Jack Coswert went to Amarillo Tuesday for a physical checkup.

GUESTS in the Norman and M. E. Cleavinger homes were the men's brother E. H. and Mrs. Cleavinger from Laguna Beach, Calif., and their kin Mrs. Endra Quarnstrom and daughter Dagmar of Durango, Colo., and the M. E. Cleavinger's daughter and son-in-law Jane and Roy Stollings from Canyon.

I met Mr. and Mrs. Lewis A. Etheredge, her name is Elena, in Russel Moran's office. They have bought and moved on a farm eight miles north of town — came here from Abernathy, I think. They are Baptists also.

I saw my first Robin Redbreast Sunday, also a few Blue Jays and Yellow Birds. They will eat the berries before going south, and the grain trucks are going fast to and from the elevators — so we know the cold winds will soon be coming.

Another new family is Mr. and Mrs. Don Girard from Fredrick, Okla. Don works with Cecil Vandiver at Dimmitt Parts and Supply and I hear they are Baptists.

And one day I went to what I thought was Corky's Renfro's Salvage house and he had moved to the old hotel and Carrol Webb has moved his machine shop there. It is the old John Deere place on East Bedford.

Mr. and Mrs. R. C. Adams are grandparents of two new boy babies recently. Edith (Mrs. Adams) spent a while in California with son Jack and his wife. Their boy is Douglas. This month she is at Kingsville with daughter Sandra and baby boy Leslie Shawn. Sandra's husband Bill Sims is with the Navy stationed there. P. M. Adams (great grandpa) of the two boys, has been visiting kin at Stratford.

Virginia and Sam Gilbreath with relatives from Hereford went out to Alamogordo to see a sister, out to Las Cruces to visit a nephew,

who is in college there. Think they were going to stop off in Ruidoso — nice New Mexico trip.

MRS. HORACE CARLILE, Mrs. B. M. Nelson, Mrs. George Bradford and I left Monday for Austin to attend a luncheon sponsored by Mrs. Lyndon B. Johnson for Mrs. Hubert Humphrey. We will tell you all about that next week.

Mr. and Mrs. Glenn Hatla are the parents of a new son, whose name is Tracy Shawn Hatla. He was born Oct. 9, and came to the Hatlas Oct. 15. His big brother is Stephen Todd.

Mrs. Horace Carlile was hostess Thursday afternoon to a few friends in for bridge. She served chow mein and strawberry shortcake to Mmes. Edgar Ramey, Goodwin Miller, Pearl Shetty, Edna Riley, George Bradford, Winnie Cunningham, Clarence Bearden, Swain Burkett and Vera Patton. Later Sid and I went over for Chinese food supper with the Carliles.

Mrs. Jasper Proffitt, Mrs. Jack Patton and Mrs. Daisy Langford attended a PTA Workshop in Amarillo Thursday. Mrs. Patton quoted a judge as saying in his talk that the problem children come from homes of "no rules" — no certain time to study — eat or sleep. Children need love with discipline.

SPG-5 LARRY D. ODOM, son of Mr. and Mrs. M. B. Odum, is home from a tour of duty in Italy. He had several sightseeing trips while there. He will be here for 40 days then go to the state of Washington for several weeks' training in jungle warfare, then probably go to Asia. Of course now, he doesn't know. The Odoms live at 610 SE Sixth St.

The Norman Cleavingers, his sister and husband Mr. and Mrs. W. E. Miller of Canyon, Gladys' brother and wife Ray and Mattie Axtell spent a few days at Tres Ritos getting the cabin ready for winter. They said it rained and snowed while they were there and most of the leaves are gone.

R. D. and Vivian Rogers with their daughter Hazel and Curtis Green of Lubbock spent a week camped on a lake at Commanche. They caught Channel Cat and Croppie. She says good eating. They went over to Dublin to see Mr. and Mrs. Vestal. Mrs. Vestal was Hazel's second grade teacher. They visited an uncle at Leggett and then went on to Houston to see son James and Gay. He is with General Electric there. They saw the Astrodome, the zoo and several other things. Saturday the Rogerses went to Lubbock. Her folks were in a minor car wreck.

Margaret Wilson is in Mesa, Ariz., for a while visiting her daughter Pat and her husband Dr. Bob Brock. Young Rebbie had his tonsils removed and grandmother was needed.

CONNIE DENNIS and Robin Burgess, five-year-old birthday girls were hosts at a tea party in the home of the Edgar Dennises Thursday afternoon. The young girls came all dressed up in mommie's long dresses and highheel shoes, bringing their dolls. Big sisters Lori Burgess and Debbie Dennis served pink lemonade, ice cream and cake and taught the five-year-olds to make doll aprons. Small cups and saucers were given to the guests who were: Tammy Stanford, Cammye Gambin, Lori Dices, Sheryl Baldrige, Denise Dobbis and Sonya Andrews. Mr. and Mrs. Ray Bearden visited last weekend with their daughter Yvonne and Leonard Fry at Port Neches. Mostly they wanted to see small grandson Steven kick, punt and pass — a football contest sponsored by the Ford people.

Allie Mae Willis and Jeanne Miller took Mrs. G. L. Willis Sr. to Lubbock Wednesday for a checkup. She is doing fine. Mrs. Willis visited a while with a relative while the other ladies made the Home Beautiful Tour.

MRS. BRAD FULFER and her daughter Mrs. Doug Adams, attended the big opening of the Amarillo Garden Center building and Chrysanthemums Show Saturday.

Mrs. John Gilbreath had a few ladies out to the farm place near Sunnyside for refreshments and bridge. Her guests were Mmes. Kenneth Jackson, Charles Armstrong, Glen Merritt, Frank Wise, Jim Cleavinger, Carl Bruegel, Ray Robertson, Jim Butler, Carolyn Jones, Ray Joe Riley, Herb Mayfield, Bud Hill.

Pete and Eva Morobeto from near San Francisco are here for a visit with her brother Francis and Ivy Jackson and nephew Ken-

neth Jackson and family. Bo Jackson of Kansas City has been down for a day or two.

Mrs. Gus Barron and son Claude Blocker of Tulsa visited Mrs. Elta Brashears this week.

AURAL DAVIS was telling me about the big black and white ball at the Hereford Country Club Friday evening. This is the directors once a year party. Everyone came dressed in either black or white. A big buffet of prime rib roast and artichokes, dips and many good foods were served. Snozz Dunn's orchestra

with Lily Marie Howard at the organ made the music. Going from here were Messrs. and Mmes. Fred Bruegel Sr., Dorit Smiley, Bud Giles, James Bradford, Carl Lee Kemp, Joe Butler, Bill Lee and Aural Davis and maybe others.

Mr. and Mrs. Keith Howard and girls visited her parents Mr. and Mrs. Seipp in Plainview Sunday. Her dad is not well and Keith Ann caught the plane back to the University of Texas at Austin.

KAREN McDaniels and James Tedders were married in a pretty

ceremony Saturday afternoon at the Catholic Church in Hereford. Mrs. Keith Howard was at the organ and daughter Keith Ann sang Ava Maria. Going from here were the Howards and Aural Davis and Mrs. Gene Latham and the Colonial Inn girls and maybe others.

Grace Wright was hostess Thursday afternoon with a bridge party out at their place north of town. She served a salad with that good whipped cream pumpkin pie to Reba Touchstone, Dugan Butler, Johnny Boothe, Muriel Smiley, Aural Davis, Anita Mor-

ris, Ouida Willis and Gladys Benson. And quite a large group of Pink Ladies went to Grace's house Friday to make things for the Christmas Bazaar coming up soon.

Miss Nellie Albrecht, Extension Home Economist in Batesville, Ark., spent last week with her twin sister, Irene Keating and Max Keating. Sunday they went to Stratford and Monday they went to Midland to see friends. Other guests included Irene's mother, Mrs. August Albrecht, who is visiting while Mr. Albrecht is deer hunting in Colorado.

BONFIRE KING — Joe Quiroz, Hart senior class president and captain of the Longhorn football team, was crowned Bonfire King last Thursday night. Here, Head Cheerleader Rebecca Futrell crowns the new king during the Homecoming bonfire. Quiroz is the son of Mr. and Mrs. Joe Quiroz of Hart.

Warning to Would-Be Puffers Opens Christmas Seal Drive

"The time to stop a youngster from smoking is before he starts — not after," said Dr. James P. Cornette, newly-announced chairman of the 1968 Christmas Seal campaign this week.

DR. CORNETTE, President of West Texas State University, mentioned that over a thousand deaths from emphysema — sometimes called "the smoker's disease" — occurred in Texas last year. "If we are going to prevent emphysema at age 40 or 50," he said, "we have got to educate the individual to the danger of smoking at age 15 — or before."

NUMEROUS medical groups have warned that smoking is a causative factor in emphysema, a condition in which the small air sacs of the lungs have lost their elasticity to the point that they can not expel carbon dioxide from the lungs and replace it with fresh air. The end result is a slow, smothering death as body cells deteriorate from lack of oxygen

— along with changes of personality disastrous to marriage and other personal relationships as the brain cells deteriorate.

Sponsored by the Top of Texas Tuberculosis Association, the campaign will fund a massive health-education campaign directed toward the dangers of the cigarette habit and infectious tuberculosis, of which 3,209 new cases were reported in Texas this past year.

Dr. Cornette urged parents to contribute to the campaign starting with the mailing of Christmas Seals on Nov. 1.

"USING the seals on their parts of the Panhandle etainuthr Christmas mailing is one way the parents of the Panhandle area can protect their children from the ravages of smoking and tuberculosis," Dr. Cornette said.

New Voters Have One More Week To Cast Ballots

Voters in the coming general election who moved into the county on or after May 5, must vote in the county clerk's office by Nov. 1, according to information received from County Clerk Zonell Maples.

FORMERLY, persons who moved from one county to another could not vote during the first six months after the change of residence, but a new law enacted last year now permits them to vote on all statewide offices, including president and vice-president, and on proposed constitutional amendments, but not on local offices and issues.

However, instead of voting at a regular polling place on election day, they must vote during a special time period in the county clerk's office in the county of their new residence. This period, which is the same as the period for absentee voting, began on Oct. 16 and will end on Nov. 1.

If the voter has lived in the same congressional, legislative, or judicial district for six months, he may also vote on that district office.

IN ORDER to vote, the person must be registered as a Texas voter for the 1968 voting year, and he should have his registration certificate with him when he applies for his ballot at the county clerk's office. However, if he has lost his certificate, he may vote after making an affidavit of its loss.

PERPETUATION of America, the Nation, depends upon perpetuation of physical America — the land itself. We must have a place to carry out our democratic ideals or we shall join the parade of vanished civilizations.

Square Dance Tips

By **BILL NARMAN**
It was birthday time at the Dimmitt Promenaders Tuesday night with all the trimmings.

GAGS, birthday cake and birthday present, all for our caller, Sid Perkins, on his annual birthday. His age is still a question among the Promenaders, but he is holding his age very well.

Plans were complete for the graduation dance for 22 students on Oct. 22 at 8 p.m. at the Catholic Community Building. Area clubs and dancers all have an invitation to this gala affair.

COMFORTABLE dancing in the proper spirit is the utmost desire of most square dancers. It is not necessarily how much you know about square dancing, but how well you can do those things you already know. The object of the game is not simply to get from point X to point Z in as few steps as possible, but to cover his distance smoothly, comfortably, and to the beat of the music.

Rough dancing is not good dancing. Good dancing is smooth and effortless allowing time for pleasure as one goes along. The remarks on comfortable dancing is taken from the official publication of square dancing "Sets in Order."

Remember Square dancing is clean wholesome fun for all ages.

Pastor Resigns After Eight Years

By TEENY BOWDEN
Rev. M. D. Durham went before the Southside Baptist Church in Lubbock last Sunday in view of a call. The church extended him a call and he announced Wednesday night he had accepted. He submitted his resignation Sunday morning to take effect Oct. 27. The Southside Church is a new church in a new section of Lubbock and has a great potential for the experienced pastor with a vision and solid in doctrine. The Durhams plan to move to Lubbock Tuesday.

and Dara Loudder and their mother, Kevin and Timmy Epperson and their mother and Johnny and Aloha Crozier and their mother. Mr. and Mrs. Alton Loudder visited Tuesday afternoon with Mr. and Mrs. Dwayne Loudder of Flagg.

ONE-HALF inch of rain and some hail was received over the community Tuesday night of last week.

Mr. and Mrs. Cliff Brown and Mrs. Wanda Newberry took seven young people to the youth rally at Bovina Monday night.

Mrs. Milburn Haydon taught the fifth chapter of the WMS manual to the WMS members Wednesday night. Mrs. E. R. Sadler and Mrs. J. Paul Waggoner assisted her. This was the fourth class of the leadership course.

MARSHA DAWSON was one of the contestants in the High Plains Thursday through Saturday. She also attended a Coke party and rehearsal for the pageant Wednesday afternoon.

Mrs. Raymond Lewis of Olton had dinner with Raymond and Donnie Lilley Thursday.

Mrs. Carl Bradley and boys and Mrs. Gerald Elkins shopped in Lubbock Tuesday.

MR. AND MRS. Bill Matlock and family and Mr. and Mrs. Carl Bradley and family visited in Springlake with their parents, Mr. and Mrs. Jesse Matlock and Mr. and Mrs. Charles Hedrick and family of Stratford.

Mrs. Alton Loudder and Mrs. Bob Ott visited last Sunday afternoon in the Amherst hospital with Mrs. Willis White of Springlake.

Mrs. Ida James of Lubbock and Inez Ott of Plainview were also there.

Mr. and Mrs. Alford Crisp and Terry went to Tahoka last Sunday afternoon for the ordination service of Eddie Howard, who was ordained as a minister. Crisp, as a visiting deacon, had a part in the service, by serving on the presbytery.

MRS. JAMES POWELL of Dimmitt, Cheryl and Tresa Denae visited last Sunday afternoon with Mr. and Mrs. W. E. Loudder and Mrs. Ezell Sadler. Debbie Morgan and Sandy Loudder ate dinner with the Loudders and Mrs. Sadler.

Mr. and Mrs. John Moore have a new granddaughter, Kimberly Dawn, born to Mr. and Mrs. Chad Moore of Oklahoma City Sept. 17. They have one little boy, also.

Renée Jones and Lesa Morgan were on the eighth grade A and B honor roll for Springlake-Earth Junior High the first six weeks. Lonnie Wilson was on the same roll for the seventh grade.

MARSHA DAWSON and Debbie Curtis were on the high school senior A roll, Marion Dawson on the freshman A roll and Terry Bridge on the junior B roll.

W. E. Loudder was admitted to Plains Memorial Hospital in Dimmitt Monday afternoon with chest pains. He was dismissed Wednesday afternoon. The pain was believed to be an infection in the chest cavity due to a fall last Friday.

The WMU Council met Monday morning at the church with the director, Mrs. E. R. Sadler, presiding for the first phase of the annual planning. All members were present or represented.

MR. AND MRS. R. A. Axtell were at Tres Ritos Monday through Thursday with Mr. and Mrs. W. E. Miller of Amarillo as guests of Mr. and Mrs. Norman Cleavinger of Dimmitt at their cabin there. They made several scenic tours of the area.

Rev. and Mrs. M. D. Durham attended the testimonial banquet in Littlefield Monday night honoring Rep. Bill Clayton of Springlake.

Mrs. E. R. Little helped with the luncheon in Dimmitt last week at the Republican headquarters honoring Mrs. Bob Price, Mrs. Frank Ford, and Mrs. Paul Eggers, and attended the ribbon cutting ceremonies officially opening the headquarters.

MRS. MOKEY IVEY and baby daughter Paula Sue, were dismissed from Plains Memorial Hospital in Dimmitt last Saturday. They were honored with a coffee at the home of Mrs. Garner Ball Thursday morning. Her mother, Mrs. Floyd Kiser of Canyon, came for the coffee.

Carrie Sadler was honored with a birthday party in her home Tuesday afternoon on her fourth birthday. Those present were Cheryl Powell of Dimmitt, Lyle

cently, and Mrs. Punk Gilbreath attended the Plains Memorial Hospital Auxiliary meeting Wednesday of last week in Dimmitt.

Mrs. John Gilbreath and Hal and Mrs. Ray Joe Riley and Jody stopped in Lubbock Friday.

Mrs. Mokey Ivey and the baby spent the weekend in Canyon with her parents, Mr. and Mrs. Floyd Kiser.

A 6-POUND, 9 ounce boy was born to Mr. and Mrs. David Blair in Dallas Sunday morning, making five grandsons and no granddaughters for Mr. and Mrs. Weldon Bradley.

Mr. and Mrs. Roy Phelan had dinner Sunday in Fieldton with Mr. and Mrs. Earl Phelan and Larry Don and Marie Phelan, who are home on a furlough.

The Junior GA group did some visiting in the community Sunday afternoon.

Romona Donez started working for Mr. and Mrs. W. E. Loudder Sunday. She will live in the home with them.

Eighty-three attended Sunday School with 52 in Training Union Sunday. Chris Elkins was baptized

Mrs. Nob'e D. Moss and a grandson, Mark David DeLuca from Cashtown, Ohio, arrived last Saturday and spent the week with her daughter, Mr. and Mrs. Gerald Graham and boys.

MRS. TROY JONES and Wanda Newbury helped with the garage sale sponsored in Dimmitt Saturday by the Rebekahs.

Mr. and Mrs. David Sadler of Lubbock arrived Friday evening to spend the weekend with relatives here and in Hereford.

Mrs. James Powell and children of Dimmitt visited Sunday afternoon with Mr. and Mrs. W. E. Loudder, Mrs. Ezell Sadler, Mrs. David Sadler, and Mr. and Mrs. L. B. Bowden.

RAY JOE RILEY helped with a Water, Inc., meeting in Littlefield Tuesday night. He had earlier he'd with one at Hub. He attended a directors' meeting for the Plains Cotton Growers in Lubbock Thursday.

Mr. and Mrs. Ray Joe Riley and boys had dinner in Hereford Sunday with her parents, Mr. and Mrs. Ira Scott.

Mrs. John Gilbreath entertained her bridge club at her home Thursday afternoon. She and Mrs. Punk Gilbreath attended the Dimmitt Garden Club home tour re-

after the regular evening services. Mr. and Mrs. L. G. Elkins of Olton attended the evening services to see their grandson baptized.

CARL BRADLEY led the singing Sunday for both services since Bobby Stewart was away on a BSU choir trip. Randy Jones, who now lives in Rogers, Ark., was a visitor in the morning services and played the piano.

Rev. and Mrs. Luke McClung of California attended the Sunday evening services and spent Sunday night with his nephew, Rev. and Mrs. M. D. Durham.

LIFE-LINES FROM BRUCE TAYLOR
A MORTGAGE IS A MATTER OF DOLLARS AND CENTS
Perhaps the biggest part of the dollars and cents angle to a mortgage is the principal sum. Then there is the size of the monthly payment. But, with a mortgage on that new home, there are other dollars and cents items, such as decorating, landscaping, fire insurance, theft insurance, furniture and perhaps other "extras". So, the amount of mortgage insurance you should own is also a matter of dollars and cents. You should never have less mortgage insurance than the amount of your mortgage, and you should own disability income insurance at least equal to the amount of your monthly payments. We'll be happy to discuss this dollars and cents matter with you.

A TIME FOR DECISION
A Presidential election, the most important one in our lifetime, is close upon us. With three candidates in the race Texans are confronted with such a variety of appeals that some confusion is not surprising. We see some of our top state political leaders urging support of Hubert Humphrey on the self-serving appeal of party loyalty. We see fine Texans tempted to support George Wallace because they like his outspoken position on certain issues and are thus swayed by an appeal of sheer emotion. With full respect for the right of every Texan to make a personal decision, this message in behalf of Richard Nixon is offered as
... AN APPEAL TO REASON!
HUBERT HUMPHREY WILL NOT change. He has proved consistently anti-Texas. He is famous for his filibuster against Texas owning its tidelands. He has fought our right-to-work laws and sought to destroy our vital oil depletion allowance. On every issue of world importance his position is contrary to that of most Texans. Humphrey, an ultra-liberal founder of the ADA organization, would gain executive authority for radical minority viewpoints should he become president. This cannot happen by popular vote. In view of his vicious attacks upon George Wallace, what a ghastly miscarriage of intent it would be if Wallace supporters themselves should throw the election into the House of Representatives where every Wallace vote in Texas would automatically go to Humphrey!
GEORGE WALLACE CANNOT be denied his impressive showing. A number of fine people heed his third party call. The very least that can be said is that he has dramatized the desires of many people for a change of direction in the affairs of our government. However, the very most his supporters can hope for is to split the popular vote so that all of us would be at the mercy of Washington politicians who would elect our president for us. This is Hubert Humphrey's only hope for election. The more positive way to vote for change is to recognize the many fine merits of Richard Nixon and his program, then vote for Nixon to assure the election of our president by the people instead of by the Congress!
RICHARD NIXON CAN... AND WILL supply dynamic, experienced leadership for an immediate change of direction—at the top—in all our national affairs at home and around the world. Your concerns are his concerns!
NIXON ON LAW AND ORDER is pledged to help improve local police protection, to appoint an Attorney General dedicated to rooting out crime, to restore balance in our courts strengthening peace forces against criminal elements and to cease freeing so many of the guilty on technicalities.
NIXON ON VIET NAM will call upon his experience as vice-president during eight great Eisenhower years of peace to reform world alliances now in disarray, to redirect our strategy on new global terms. He will end this war and avoid future ones by dealing with adversaries in the only way they respect—through strength, collective security and patience.
NIXON ON LOCAL GOVERNMENT is pledged to move control of local schools and all other governmental functions which properly belong at the local level closer to the people.
NIXON ON OTHER PROBLEMS has solid solutions PLUS solid backing of enough members of Congress to implement those solutions.
IF YOU REALLY WANT A CHANGE . . . AND IF YOU WANT TO BE SURE YOU REALLY GET IT . . . VOTE FOR NIXON/AGNEW
NIXON'S THE ONE!

Wagner Finishes Air Force School

Airman First Class James R. Wagner, son of Mr. and Mrs. Lawrence L. Wagner of Nazareth, has been graduated from a US Air Force technical school at Keesler AFB, Miss.

HE Was trained as a radio repairman and has been assigned to a unit of the Air Force Systems Command at Edwards AFB, Calif.

Wagner is a 1967 graduate of Nazareth High School.

FOOD prices will slow their rapid climb by the last half of 1968, according to the US Department of Agriculture. Reason: larger supplies of fruits, vegetables and meat and slower rise in income.

QUEEN AND COURT — Reba English (center) was crowned Homecoming Queen of Hart High School Friday night in ceremonies at Sanders Field prior to the Hart-Anton football game. Miss English, a senior, is the daughter of Mr. and Mrs. Hubert English. She was crowned by Joe

Quiroz, football captain and senior class president. The complete court of contestants are, from left: Nancy Reed, a senior; Pam Shive, a junior; Miss English; Gaylene Hawkins, a sophomore; and Dee Ann Clevenger, a freshman.

Awards Program Planned

By IRENE KEATING
The Castro County 4-H'ers are all busy preparing for their annual awards program Nov. 2, in the Dimmitt High School cafeteria. The decoration committee has been making plans and I think this will be our best awards program ever.

Several special guests will attend. Rep. and Mrs. Bill Clayton of Springlake and Mr. and Mrs. Norman Farris of Amarillo (she is our district agent) will be among the special guests.

MANY OF you are sewing for winter now, so I'd like to let you know of several new sewing notions. One company has developed a "polyspun" thread. It is for synthetic and permanent press fabrics where elasticity, endurance, and smooth seams are important. To sew with it use a 10-12 inch stitch an inch length and loose, balanced tension.

Another new thread is a pure silk that is available in 90 colors. It is used to sew silk, wool or a blend of the two. It is elastic, strong and soft and has a sheen. It is excellent for basting as it will remove easily and leave little or no mark on fabric.

ZIPPERS have been modernized again also. New covered zippers

should prevent damage from repeated washings, heat and wearing. They have a fabric tape which completely covers front and back of them. The zipper itself is very fine and flexible with metal teeth and nylon coil. There is no chance it will show in the garment and you can install it with a regular zipper foot.

The newest, most fashionable fabric for fall and winter is the leather-like material. Three types of this new fabric are available by the yard. One is a vinyl surface with cotton knit backing. It comes in light to heavy-weight with smooth or antiqued finish in several colors. Some are machine washable but should not be ironed.

The cotton canvas has a resin or polyurethane coated outer surface. This type may be ironed carefully on the wrong side and washed or dry cleaned.

THE THIRD type is a nylon knit. It has a soft, sleek kid-like surface and may be washed and pressed lightly.

Sewing techniques used on leather-like fabrics are similar to those for vinyl and real leather. Select a pattern with simple design lines. Raglan and kimono sleeves are easier to set in sleeves. In cutting the fabric pin pat-

tern in seam allowances only. Use sharp shears and cut accurately. To mark the garment, use dress-makers carbon and a smooth edge tracing wheel.

STITCH a test seam on a scrap before beginning. From this determine correct pressure and tension. It should be medium tension and light pressure. 8 to 12 stitches per inch is recommended; a size 14 needle for medium weight fabrics and size 16 for heavy weights; use heavy duty mercerized cotton thread. Plain seams will roll and cannot be ironed flat. Flatten them with rubber cement or adhesive. Taper darts to a very fine point. The last three or four stitches should be on the fold. Don't back-stitch.

To hem use a tailor's hem picking up 1 to 3 threads in the backing. Don't pull the stitches tight or the garment will pucker on the right side.

Golden Spread Rest Home

By DeLorise Gilliland
Oct. 15, the Beginners of the Sunbeam Department of the The First Baptist Church of Dimmitt surprised residents with an unexpected visit. The Beginners were not easily recognized, for they were in "Halloween Costume." The youngsters presented Halloween treats to all residents.

★
ANOTHER treat was enjoyed Oct. 15. A birthday party honoring residents with October birthdays was celebrated. Included in the party was songs, picture making, gifts, and refreshments. Residents honored were: Mrs. Susie Blackwell, Tom Tate, V. A. Hall, Frank Drerup, and Mrs. Callie Martin.

Those in charge of the party were: Melissa Moore, Kim Miller, Sandra Carpenter, Mrs. Don Carpenter, Carla Carpenter, Donnie Carpenter, Mrs. Lonnie Bell and Viola and Jeannine Melcher. Many thanks for those who have special interest in residents of the nursing home.

Mrs. Margarette Stewart and Miss Nannie Tedford returned to the nursing home after spending several days in the Plains Memorial Hospital. Each is up and about, and seem to be doing fine. Everyone is very happy to have them back.

Paul Thomas of Phoenix, Ariz., is spending a few days visiting his mother, Mrs. Lula Thomas, resident of the nursing home, and his sister, Mrs. Viola Griswold, owner of the nursing home.

★
A SPECIAL evening of gospel singing and o'd-fashioned preaching is planned for Friday, Oct. 25 at 7:30 p.m. at the nursing home. The Bible Missionary Church of Clovis, N.M., and Littlefield will be in charge of the special service. A very special invitation is extended to everyone to attend the service.

Financial Facts

By Willis A. Hawkins, Jr.

The earliest coins were minted in about 700 B. C. They contained an alloy of gold and silver and originated in Lydia which is now Turkey.

The world's smallest coins were the gold "pinheads" of Colcata, Southern India, used in 1800. They weighed only one grain. It took 480 "pinheads" to make a Troy ounce, which shows how small they were.

The world's heaviest coin weighed 38 1/2 pounds. How would you like to carry a few around in your suitcase? They were made in the mid-17th century in Sweden and were of copper.

The highest denomination coin was 5 3/4 inches in diameter and weighed 70 ounces. It contained \$2,462.00 worth of gold and originated in India in 1654 during the

reign of the Moghul Emperor Shah Zehan.

HARMAN'S

IN DIMMITT

NATIONAL HONOR SOCIETY of Dimmitt High School installed officers and inducted new and provisional members last Thursday night.

cording secretary. The induction service was conducted mainly by these officers and by senior members Diane Webb and Sandy Hilger (not pictured), and was held in DHS cafeteria with the students' parents present.

NEW MEMBERS of the National Honor Society at Dimmitt High School are these nine sophomores (standing) and six junior and senior inductees (seated).

Bradford, Clyde Damron, Ann Golding, Julia Hottel and Janna Thanisch. Seated, from left, are Patty Simpson, Barbara Hansen, Marilyn McLeroy, Juanita Murillo, Dolores Wilke and Wolfgang Buschardt.

HART NEWS

Bennett Resigns From Board

By MYRT LOMAN
Bob Bennett resigned from the Hart School Board at last week's meeting.

scholarship for a Hart senior next year. The new officers will be installed in January.

wedding anniversary is planned for Sunday, Nov. 3, from 2 to 5 p.m. at their home east of Dimmitt.

met Tuesday afternoon in the community room of Farmers State Bank.

THE GAVE no reasons publicly for his resignation. The school board will announce later its appointment for Bennett's place on the board.

THE CHI PSI Chapter of Beta Sigma Phi met Thursday night in the home of Mrs. Bob Bennett, with Mrs. Tom Edd Benton and Mrs. H. H. Parker co-hostesses.

Hasting the occasion will be Mr. and Mrs. Frank Sharp, and the couple's grandchildren of Tullia. The couple have nine grandchildren and one great grandchild.

De Ann Richburg served refreshments to 14 members, one guest and the leaders, Mrs. Kenneth Covington and Mrs. David Nelson.

AVERAGE daily attendance of Hart Public Schools for the first six weeks was 670.

"THE NEW BREAK" was the topic of the program led by Mrs. Willis A. Hawkins Jr. at the meeting of the Women's Society of Christian Service Thursday at the United Methodist Church.

Adults sponsoring the trip were Rev. and Mrs. Fred Brown, Mr. and Mrs. Weldon Jones and Mr. and Mrs. David Willis.

THE WOMEN'S Missionary Society of the First Baptist Church met Monday afternoon for a mission study on Rhodesia.

MRS. ROBERT HAWKINS, leader of Brownie Troop 256, and her assistant, Mrs. Charles Nelson, met with 13 members and three guests Monday afternoon in the community room of Farmers State Bank.

MOTHER Columba of St. Acholathics Convent in Fort Smith, Ark. visited the runs in Amarillo and here the past week.

Churches Book TANE Speakers
Texas Alcohol Narcotics Education (TANE) representative will speak Sunday in two Dimmitt churches.

MR. AND MRS. Frank Hoelting and daughter Mrs. Estelle Keys of Plainview went to Panhandle Thursday to visit John Helman at St. Ann's Home.

MRS. JACK DYER and Mrs. Jimmie Davis were hosts Monday at 4:30 in the community room of the bank for a special meeting of the Zealot Club.

MRS. GLADYS McLAIN, who recently graduated from Plains Memorial Hospital in Dimmitt, an L.V.N., went to Austin with some of her group the past weekend to take State Board tests.

PLENTIFUL foods which will be featured in food stores include pork roasts, apples, potatoes, rice, dry beans and cheese.

Call 647-3123 For Your Printing Needs

It's time for new leadership in our Country

- 1. FARM POLICIES: SINCE LBJ AND HHH HAVE BEEN RUNNING THE COUNTRY, RETURNS ON INVESTMENT IN AGRICULTURE HAVE FALLEN BELOW THE DISASTROUS DEPRESSION YEARS. SINCE JUST LAST YEAR, FARM INCOME IS DOWN \$1.5 BILLION WHILE COSTS SKYROCKET. FARM DEBT HAS INCREASED 90% SINCE 1960. ONLY NEW LEADERSHIP WILL GIVE THE AVERAGE FARMER A CHANCE TO KEEP HIS LAND.
2. THE WAR. When Lyndon Johnson and Hubert Humphrey were elected in 1964, the U.S. had 22,000 troops in Viet Nam. Today we have over 565,000 American combat troops committed in Viet Nam. More than 25,000 Americans have been killed and we have suffered over 143,000 casualties in this undeclared, frustrating, heart-breaking war. Only new leadership can give us any hope of ending the war.
3. INFLATION. Since Johnson and Humphrey were elected in 1964, the American family has been faced with runaway inflation. The cost of living increased 3.3% in 1966, another 3.1% in 1967, and a huge 5.0% increase is projected for 1968. If you are earning \$5000 per year, this Administration is cutting your income \$250.00 this year through inflation. Only new leadership offers any hope of stopping runaway inflation.
4. CRIME. In the last 8 years, crime has increased 9 times as fast as the increase in population. Court decisions have hampered crime control. Today only one in eight crimes result in conviction and punishment. Only new leadership can restore respect for law in this Country.
5. CREDIBILITY. Since Johnson and Humphrey were elected in 1964, the people have consistently been mis-informed. Walter Cronkite, noted CBS commentator, in a speech on February 21, 1966, said, "The political lie has become a way of bureaucratic life. It has been called by the more genteel name of 'news management'. I say here, now. Let's call it what it is... lying." Only new leadership can restore the confidence of the people in their government.

Two Dimmitt Coeds Named UT Beauties

Two Dimmitt coeds were selected among the "Top 50" most beautiful girls at the University of Texas in Austin, and one of them is still in the running for the Top 10.

KEITH ANN HOWARD, sophomore, daughter of Mr. and Mrs. Keith Howard, was chosen last week as one of the Top 25 Beauties as the eliminations continued, and is still in the competition for the Top 10.

Karyn Hughes, freshman, daughter of Mr. and Mrs. Van Earl Hughes, was among the top 50 semi-finalists after the field was narrowed from an original nomination list of 285 coeds. Miss Hughes is the current "Miss Grain Sorghum of the Nation," and has been enrolled at the University only four weeks. She was eliminated last week when the Top 25 were

named. Next phase of the beauty search will be photogenic qualities. Miss Howard's portrait, along with those of the 24 other finalists, will be sent to Hollywood this week for selection of the Top 10.

MISS HOWARD, a music major, was nominated by Dexter Heuse, the women's rooming house in which she lives. The annual beauty contest is sponsored by the staff of the University yearbook, the Longhorn. The Top 10 Beauties will be featured in full-page displays in the 1968-69 annual.

FRESH pumpkins on the markets remind that Halloween is near. Pumpkin makes puddings, pies and cakes. Since it is in the squash family, stew it to serve as a side dish.

Socially Yours

Miss Hamilton Is Tops Queen

Mary Hamilton was honored as "Queen of the Week" at last week's meeting of the SOS Tops Club for her weight loss of 4 1/2 pounds during the week.

EIGHTEEN members attended the meeting and recorded a total weight loss of 29 1/4 pounds and gains of 3 1/2 pounds.

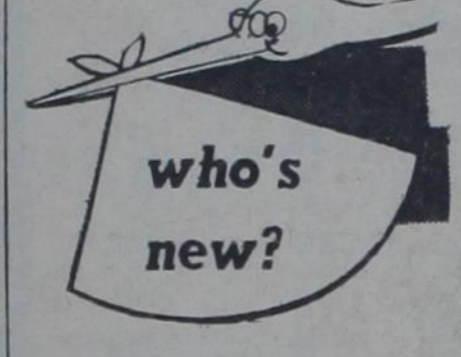

Members heard a report on the club's recent rummage sale and discussed other means of raising money to send the year's queen and club leader to the state convention.

After seeing a film of the previous activity night, members closed the meeting with a song.

Miss Self

Nov. 9 Date Set

The approaching marriage of Miss Ellen Jane Self of Dimmitt was announced this week by her parents, Mrs. Bernadine Self of Lubbock and Glenn B. Self of Hereford.

SHE WILL wed Kerry Layne Struve, son of Mr. and Mrs. W. V. Struve of Hereford. The wedding is scheduled for 4 p.m. Nov. 9 in Dennis Memorial Chapel here.

Miss Self, who is employed by Family Mart of Dimmitt, is a 1965 graduate of Slaton High School and attended Texas State University.

Struve graduated from Dimmitt High School in 1965 and attended South Plains College and Texas Tech. He and his father operate a farm south of Hereford.

All friends of the couple are invited to the wedding.

Library Groups Back State Plan

The Castro County Library Board and its service arm, the Friends of the Library, have endorsed the proposed new Texas Library Systems Act, which would establish state aid for all public libraries in the state.

THE ACT is expected to come before the next session of the Texas Legislature. According to Hazel Merritt of the county library board, if the act were passed by the legislature it would be the first program in Texas history allowing state aid to local libraries.

The state's only library program, she said, is the provision for a state library that originated when Texas was still a republic.

THE PROPOSED new Texas Library Systems Act would: —Give the Texas Library and Historical Commission the authority to provide "adequate library facilities and services in and for the state government and adequate public library facilities and services throughout the state."

—Establish a hierarchy of library systems for research, information and recreation to adequately serve all the people of the state.

—**PROVIDE** incentives for small public libraries to combine into larger service units with a strong enough financial base to support adequate library service.

—Provide state grants for public libraries to augment local appropriations, with guidelines for maximum economy and effectiveness in their use.

—Provide for cooperation with other state and interstate agencies, federal agencies and private organizations to create better library facilities throughout the state.

"WITH THE technological changes we're seeing today," Miss Merritt said, "the library is becoming a vital part of the community because of its role in providing new knowledge and information. The provisions of this act would help in the growth of our library, and would make virtually any reference book available to us through our local library."

SEVERAL varieties of grapes are on the market now. Bananas are plentiful and are priced lower than usual in some stores. Fresh cranberries are coming into season as are pomegranates and persimmons.

THE ADS in this week's News will be welcomed in more than 2,400 homes. How many salesmen would you have to hire to get the same results?

PEOPLE in high income areas pay the same prices for groceries as those in low income areas, shows a recent US Department of Agriculture survey. The study used stores of the same chain.

New Camp Fire Group Picks Name

Mrs. Virginia Newsom spoke with the Group 5 Camp Fire Girls last week about parliamentary procedure and how it should be used in Camp Fire meetings.

MRS. NEWSOM helped the girls elect their officers. Elected for officers for this quarter were Melaine Nelson, president; Becky Veazy, vice-president; Linda Wise, secretary-treasurer; Cinde Sides, reporter; and Lavanda Murphy, song leader.

In this week's business meeting the girls selected their Indian name. The name chosen was "In a wa pa," meaning "to trust in." "In a wa pa" Group members are selecting their individual Indian names and working on the symbols.

Miss Conard Will Lead HSU Cheers

Juanele Conard of Dimmitt is one of the six new freshman cheerleaders at Hardin-Simmons University, Abilene.

SHE WAS elected by the freshman class last week during the annual student elections.

Miss Conard, a 1968 graduate of Dimmitt High School, is the daughter of Mr. and Mrs. Tex Conard.

Other freshman cheerleaders elected were Zelda Donaldson of Farwell, Pat Fairchild of San Antonio, Donna Hill of Iowa Park, Tommy Majica of Albuquerque and Chad Winsor of Topeka, Kan.

Miss Bonds

Couple To Wed

Mr. and Mrs. Leticia Bonds of Tullia announce the engagement and approaching marriage of their daughter, Loretta, to Mike Reed of Hart, son of Mr. and Mrs. Glyn Reed.

MISS BONDS is a 1966 graduate of Tullia High School, and has attended West Texas State University. At present she is an employee of Taylor-Evans Seed Co. of Tullia.

Reed is a 1963 graduate of Hart High School and attended South Plains Junior College at Levelland. He is associated with his father in farming at Hart.

Camp Fire Leaders Plan 'Sing-Alongs'

The Camp Fire Girls leaders had their monthly meeting Monday at the Boy Scout and Camp Fire Girls Hut.

THE CAMP FIRE Girls will have a group singing every second Monday at 4 p.m. The first singing will be held Nov. 11 under the direction of Mrs. Ann Touchstone.

There have been three new Bluebird groups organized under the leadership of Bobbie Bruegel, Stephanie Love, Carol Bryant, Nancy Riss, Glenna Polson and Carolyn Wiseman.

Other new leaders working with groups already organized are Jean Reed, Thelma Butler, Betty Harris, Carolyn Sides, Peggy Corneilus and Barbara Hargrove.

THE LEADERS continuing with their groups are Doll Smith, Wanda Kay, Shirley Wise, Gay Lewis, Jean Moore, Hazel Nelson, Juanita Welch, Selma Taylor, Jo Shearer, Wanda Murdock, Darlene Nossaman, Cleen Byrd, Christine Claborn and Hazel Calhoun.

Myrra Miller, as program chairman helps the leaders with program planning and Gail Bruegel, as leadership chairman, finds leaders for groups needing them.

There are approximately 14 girls in the Bluebird and Camp Fire Girls program. There are 26 leaders and assistant leaders, and approximately 28 individuals or businesses are sponsoring the

Camp Fire Girls program. The Camp Fire Girls board consists of 15 people who guide and aid the program.

THERE is a need for more adult workers in this program. Anyone interested in working with Camp Fire Girls as a leader, sponsor, or by giving programs to different groups should contact Mrs. Jack Miller of Mrs. Carl Bruegel.

Mrs. Gilbreath Holds Workshop

"Creative Beauty" was the subject of a flower arranging workshop conducted by Mrs. J. C. Gilbreath at last week's meeting of the Dimmitt Garden Club.

Mrs. George Bradford, hostess, served a salad luncheon. Her assistant hostesses were Mrs. Ann Singer and Mrs. Retta Cluck. Twelve members were present.

NEXT MEETING will be a luncheon at 11:30 a.m. Nov. 20 in the Colonial Inn.

Mrs. Myrtle Sheffy, chairman of the club's recent flower show and home tour, reported that 145 persons attended the event, in addition to club members and hostesses. She expressed thanks to Ward Golden for providing materials for the art show, and to the Castro County News for its photographic coverage of the event.

If the hat you bought was the wrong size...

you'll know it.

But what about buying fertilizer?

Applying the wrong fertilizer formulation won't show up as fast as a hat that doesn't fit. It might show up only as less hearty growth than you'd expected. Harvest could produce just under your original goals.

But there's a way to know. A CO-OP Soil Test.

Fertilizer needs are different because no two soils are alike. Careful soil testing is the only way to know exactly what is needed. Your CO-OP is ready with whatever it takes... the exact combination of nutrients to produce profits.

When you're buying fertilizer, there's a way to know what is exactly right. As sure as a tape measure in a clothing shop, a CO-OP Soil Test.

Automation Put to Use to Find Better Markets for Area Cotton

High Plains cotton men reached a milestone last week in their efforts to pull their flagging industry up by its fibers.

A SAMPLE of Castro County cotton was the first to go through \$60,000 worth of sophisticated fiber testing equipment in Lubbock.

With this computerized analysis, some textile mill buyer will surely grab up the bale because he will know the cotton's exact micronaire rating and tensile strength.

This precision sampling system is the result of a unique arrangement between 70 independent ginners and Texas Tech.

THE GINNERS have formed a corporation known as Quality Fiber Control, Inc., and have furnished \$60,000 worth of the latest automated fiber-testing equipment for the Textile Research Center at Tech.

The new project has three main objectives: (1) to skip the red tape and inconsistencies in the present cotton classing system; (2) to build a better market for the area's growers and ginners by providing information to textile mills on the specific qualities of High Plains cotton samples; and (3) to develop research information that will lead to the development of the best quality cotton for the High Plains.

It was significant that the first sample tested by the new Quality Fiber Control, Inc., was 90-D variety, and that it was sent in by Gene Ellis, manager of Bruegel Brothers Gin at Frio and secretary of the new corporation.

Ellis was in on the ground floor in organizing and promoting Quality Fiber Control, Inc., and his gin has been experimenting for two years with the new 90-D, an early maturing variety.

Four gins in Castro County are members of the new corporation. They are Bruegel Brothers, Sunnyside Gin, Five Point Gin and Dodd Gin.

GENE MORRISON, owner of Sunnyside Gin, also has worked two years to bring Quality Fiber Control, Inc., into existence.

"We're in a position on cotton now where we can simply go out, or we can go all the way back up," Ellis said. "There are some of us working to get cotton all the way back up."

Ellis' first sample of 90-D cotton — planted May 28 and hand-picked two weeks ago — was shown by Quality Fiber Control's equipment to have a micronaire rating of 4.2, a staple length of 30-32, and a tensile strength of 20.7 grams per tex, which translates on the psi scale to 82,000 to 83,000 pounds per square inch.

"THE MILLS tell us this tensile strength is good for making blue jeans and denim," Ellis said.

"When the psi scale test shows over 108,000 pounds per square inch, then the fiber can be used in higher quality cloth, such as cotton shirts."

He added, "I've contacted the best mills in the country, and they tell us that fiber length is nearly as important to them as Presley rating. After the cotton becomes yarn, it goes through some very fast textile processes

Chemist Gives Fertilizer Tips For Fall-Winter

Phosphorus and potassium can be applied well ahead of planting with little reduction in availability, advises Dr. C. D. Welch, Extension soil chemist at Texas A&M University.

PHOSPHORUS in fertilizers is soon converted to new forms in the soil and does not move unless the soil is disturbed by plowing or disking, says Welch. Potassium, he adds, is also held by soil particles and does not move except in sandy soils low in clay and organic matter. Therefore, such soils would be an exception for potassium application too far in advance of planting time.

The big question about fall and winter fertilization concerns nitrogen. Welch says losses and reduced availability of nitrogen will vary with soil properties, temperature and moisture conditions.

Ammonium nitrogen, he says, is held by clay particles and generally remains near where it is placed in the soil. Therefore, nitrogen in the ammonium form should be used but not until soil temperature is down to 50-55 degrees F. When the soil temperature is above the 50-55 degree range, soil bacteria convert ammonium to nitrate at an accelerated rate and losses could occur, says Welch.

NITRATES are mobile and move with soil water. This means they can leach from a very sandy soil in heavy winter rainfall. Still another possible loss is through denitrification. This takes place, he says, in soils that stay extremely wet for long periods of time.

As for the best acceptable dates for making fall and winter application of nitrogen, Welch says each set of soil and management conditions needs to be evaluated. On practical approach, he says, would be to apply phosphorus or phosphorus and potassium if needed early then the nitrogen later, closer to planting time.

But he concludes a reliable soil test will help when the decision is being made on what is needed. The county agent's office can supply detailed information on soil testing.

— it's literally jerked off the spool by the high-speed weaving machines. So the fiber has to be able to withstand the pressure of the process. That's what's important to the mill."

Houston Sweat of Lubbock, president of Quality Fiber Control, Inc., said, "We believe this testing system will provide producers with a better bale value and will entice more mill customers out here."

MILLS ARE inclined to pay a premium for cotton on which they have precise and reliable data on lint quality, Sweat said.

In addition to providing data on

cotton samples, Tech will use the QFC equipment in its own textile research work. So it is expected to be a profitable venture for cotton men and the college alike.

The new equipment is capable of handling 140 samples an hour with a five-person staff. Ginners in the High Plains this year hope to have 75,000 to 100,000 bales handled under the automated classing system.

FORMATION of Quality Fiber Control, Inc., was a big, expensive step — but the independent ginners behind it are betting it will "pay off for the entire High Plains cotton industry."

MODERN AGRICULTURE

Many Foods Down Despite Spiral

Despite furor of rising food costs, some food items have actually decreased in price. The most recent Consumer Price Index shows the price of bulk ice cream just below its level a decade ago.

DURING the same time, the average price of all food items increased 18 percent, reports Extension specialist Wanda Meyer, Texas A&M University. All dairy items are up 19 percent.

Other food items that are at lower prices than they were in the 1957-59 period include fryers, tur-

key, ice cream, bananas, fresh orange juice, canned grapefruit-pineapple, frozen orange juice concentrate, frozen lemonade concentrate, frozen broccoli, canned chicken soup and frozen french fried potatoes.

IN THE LONG run, the overwhelming urge of mankind for survival will dictate that every remaining productive acre be handled in such a way that it will continue to produce indefinitely. —H. H. Bennett

Water Holds School Keys, Clayton Says

Education in West Texas is tied to water resources development, according to Rep. Bill Clayton, who is seeking re-election to the Texas Legislature for the 72nd district.

"WITHOUT the water importation project," said Clayton, "the economy of West Texas will fall. This would cause people to leave a lower tax base, and consequently less need for schools, churches, and other public institutions."

Clayton pointed out that hope in the area for additional water supplies would help to stabilize population and allow for continued business expansion.

"But there can be little hope," he said, "unless we obtain concrete success with the Texas water development program. We have to maintain our leadership with water in the legislature. Everyone involved and interested in education in West Texas surely realizes the necessity for imported water to keep our economy going."

CLAYTON said, "I have continually worked for appropriations to be used in vocational and technical training in our junior colleges and high school programs."

Higher pay for teachers is emphasized by Clayton as necessary for continued progress in education. With Rep. Red Simpson of Amarillo, Clayton introduced a tax bill to provide enough teacher pay raise next year without having to pass still an additional tax bill in 1969. Forty-five cents of each tax dollar in Texas now is spent for education. Clayton said he believes in economy in government, but not at the expense of needed programs, such as improving education. Economy, according to Clayton, means "stretching every dollar spent by the state and eliminating duplication and waste."

WOMEN SUFFER WITH BLADDER IRRITATION

Common Kidney or Bladder Irritations affect twice as many women as men, often causing tenderness and nervousness from frequent, burning, itching urination. Secondly, you may lose sleep and have Headaches, Backaches and feel other tired, depressed. In such cases, CYSTEX usually brings relaxing comfort by curbing germs in acid urine, and easing pain. Get CYSTEX at drugists today.

Church Concludes Revival Sunday

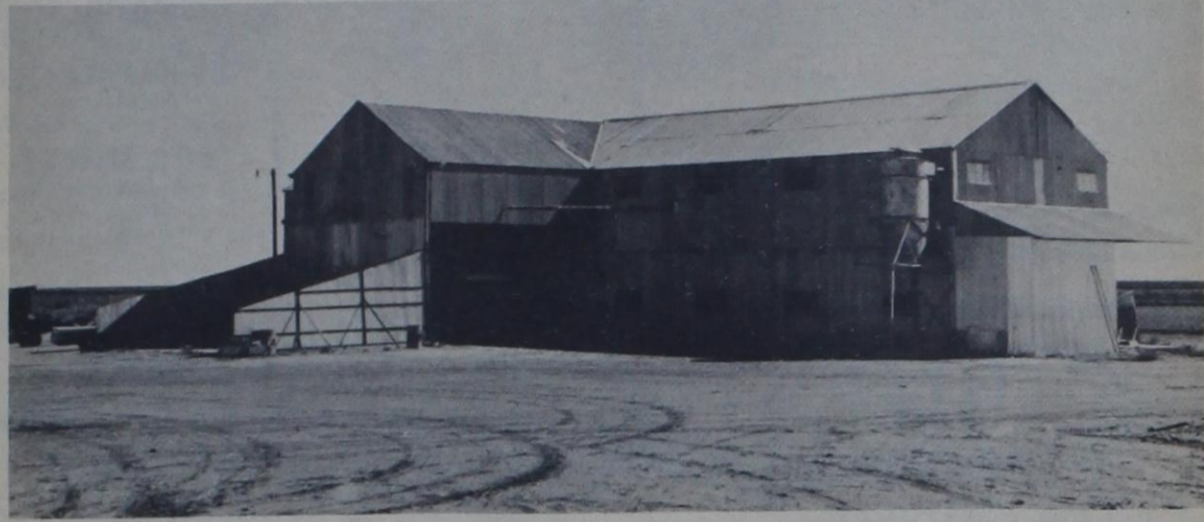

The fall revival at the First Christian Church came to a successful close Sunday, Minister Bedford W. Smith reported. Several were added to the church roll by baptism or statement.

EVANGELIST Cecil Beaver finished with his part in the meeting Friday evening, Minister Smith preached the closing sermons Sunday.

His messages for this Sunday will be "Eyes of Faith" at the 10:30 a.m. service, and Sunday 6 p.m., "Matthew, Chapter 24." "The 24th Chapter of Matthew discusses the end of the world, the destruction of Jerusalem, and Christ's return again to earth," Minister Smith explained. "This chapter is perhaps the hardest to understand of any in the New Testament except the Book of Revelation; and so results in a great deal of confusion."

WE'RE MAKING PROGRESS! FOR CASTRO COUNTY'S COTTON GROWERS

90-D Leads The Way!

Our sample of 90-D variety cotton lint was the first received and tested by the new Quality Fiber Control, Inc., which Bruegel Brothers Gin & Elevator Co. helped organize.

The above report gives the automated fiber analysis on this first sample. The analysis was made on \$60,000 worth of new classing equipment located at Texas Tech's Textile Research Center.

The sample cotton was planted May 28 and hand picked two weeks ago. This field will be stripped by Nov. 1, showing the fast maturing qualities of 90-D.

Bruegel Brothers Gin & Elevator Co. is in its second year of experimental production on the new 90-D variety. This year our customers planted 1,900 acres of 90-D between June 4 and 15, and it is now ready for harvest.

Bruegel Brothers Gin & Elevator Co. is the exclusive agent for 90-D seed in Castro County.

The Independent Cotton Ginners of Texas have long recognized the position of the cotton producer and the need for a better market. Now, some 70 ginners on the High Plains have organized an instrument grading and classing company that has been contracted to Texas Tech's Textile Research Center for this year. We are striving to make a better market for the producer by a more informative type grading of your cotton samples.

We have spent 14 months of research study and spinning mill formulation of their needs and wants. Everything points to a need for a better breakdown of what cotton really is. This is the reason for the forming of Quality Fiber Control, Inc.

We will have the benefit of Texas Tech's long experience in cotton research and the prestige it has built through the years.

In the Dimmitt cotton producing area, Bruegel Bros. Gin has put forth much effort, time and expense to try and help you, the producer.

We would like you to know we have taken these steps of progress with the cotton producer in mind, and that we would appreciate the opportunity to discuss with you the advantages that can be yours.

Please come by and let us outline our hopes and ideas for a better cotton for all of us.

Quality Fiber Control, Inc.

112 N. University Ave.

Lubbock, Texas, 79415

Phone PO 3-5231

October 14, 1968

Mr. Gene Ellis
Bruegel Bros. Gin
Route 2
Hereford, Texas 79045

Dear Gene,

The fiber analysis on Gin Bale #1973, Panhandle Compress and Warehouse coupon #583267 are as follows:

Micronaire	4.2
Staple Length	.93 or 30/32
Tensile Strength	20.7 grams per tex

This latter, 20.7 grams per tex, on a psi scale would approximate 82,000 to 83,000 pounds per square inch.

I hope this helps and thank you for this bale as it was the first sample tested by Quality Fiber Control, Inc.

Sincerely yours,

Conrad L. Lohoefer
Manager, Quality Fiber Control, Inc.

Bruegel Brothers Gin & Elevator Co. now provides aerial spraying, too. This is our new Cessna professional spray plane, which is hangared just east of our offices. If you need spraying done, we'll be glad to do it for you.

WHAT DOES QUALITY FIBER CONTROL MEAN TO YOU?

When you have your cotton ginned at Bruegel Brothers Gin & Elevator Co., Quality Fiber Control will enable you to direct your cotton to the best market.

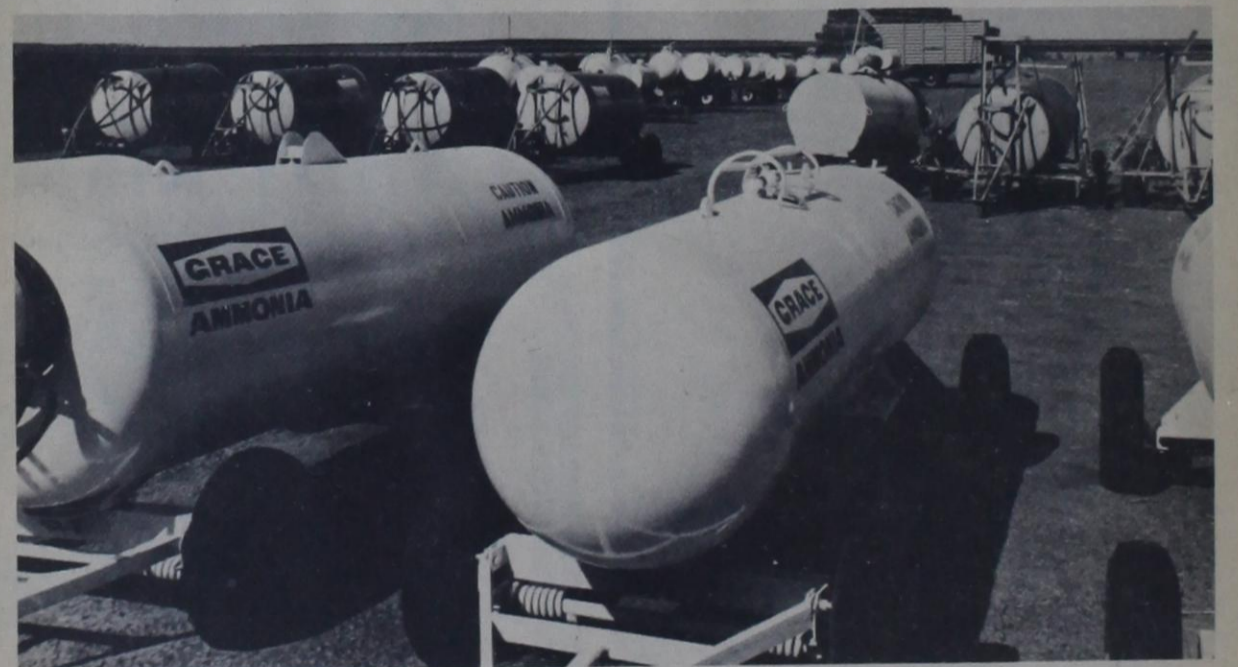

When you bring your cotton to us, we will send samples of every bale to Quality Fiber Control, Inc., which tests your cotton fiber's full potential scientifically, on automated equipment which we helped purchase.

Quality Fiber Control, Inc., will send back a report on your cotton, similar to the report on this page. This report will contain the specific information that is the most useful to the nation's leading textile mills. The mill buyers will know, from this report, what your cotton is best suited for — both in product and profit. They'll pay a higher price for your cotton because the report saves them time and trouble, and because they know exactly what they're buying.

To insure you this top market, Bruegel Brothers Gin & Elevator Co. is in contact with the very best cotton mills in the US. We are an agent for these textile mills, so we are your "contact" for the best cotton market.

At Bruegel Brothers Gin & Elevator Co., we are paying \$1.75 for milt.

Come in and let the personnel of Bruegel Brothers Gin & Elevator Co. explain and plan your 1969 fertilization program. We can offer custom application or we have at your disposal rigs to help you put your fertilizer dollars to work where they will bring the most return per dollar spent. Fall application of fertilizer is extremely important to you — your fertilizer dollars will be at work for you throughout the long, cold winter months.

BRUEGEL BROTHERS GIN & ELEVATOR CO.
