

'I'VE GOT A CRUSH ON YOU'—Fred Cariker of Amarillo brought his car-crushing machine to Dimmitt Friday to help the Clean Up, Fix Up, Pride Up Committee and the Mayor's Council on Beautification in a joint project to rid the town of unsightly junk cars

and other scrap metal items. More than six tons of metal were collected for the machine, filling three trucks, according to Chamber of Commerce Manager Delores Heller.

Vegetables look good as early harvest starts

Cucumbers are starting to roll and a few loads of onions have been dug as the vegetable harvest in the county is starting up.

Lee Kimball, manager of Western Vegetables in Dimmitt, said

that his plant started receiving cucumbers July 8.

"The harvest is just getting started on the first crop, which will run through about Aug. 15-20," Kimball said. "The yield looks

really good from what I have seen so far, but it's hard to tell for the whole crop, since we've just barely started."

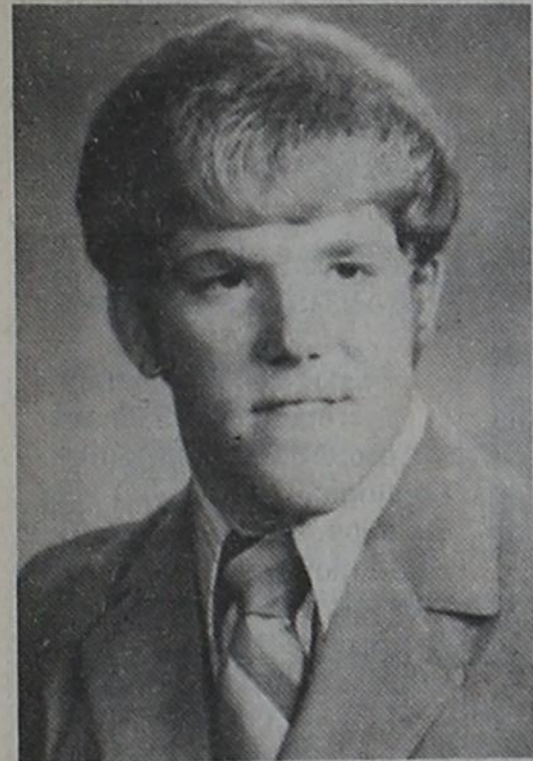

He noted that the recent rains have not been a hindrance to the harvest in general so far, and they will certainly help the second crop, set to come off in September.

Glenn Odom, manager of Blue Ribbon Produce in Dimmitt, said that his company has not started any processing yet. They usually handle carrots, cabbage and mixed pack crops.

"The crops look good," Odom said. "We had a halfway favorable growing season. A few got hailed out, but the others are looking good."

He noted that the rains are helping the crops, and added that the harvest is expected to begin in about two weeks.

Three Dimmitt youth honored by State FFA

Kennen Howell

Three Dimmitt youth received outstanding honors at the Texas Association of Future Farmers of America's 56th annual state convention held last week in Lubbock.

Kennen Howell, 1984 graduate of Dimmitt High School and the son of Jimmie and Sue Howell, received the Houston Livestock Show Scholarship for \$8,000 to be used at any agriculture college in Texas.

Greg Odom, 1983 DHS grad and the son of Glenn and Beth Odom, was elected state First Vice President. He will assist with the leadership of the more than 60,000 members of FFA in Texas. Odom was also awarded the Star American Farmer Degree, the highest degree that an FFA member can receive. He will go into national competition for it.

A 1984 graduate of DHS, Brandon Cox was named the recipient of the Santa Fe Educational Award, which will enable him to attend the National FFA Convention in Kansas City, Mo., this fall. Cox is the son of Lynn and Sharon Cox. He was also selected as Star State Farmer from Area I. This award goes to the outstanding third-year student in production agriculture.

Woody Glass of Dimmitt received the Star Chapter Farmer Award for Area I. He was also runner-up for Star Chapter Farmer Award.

Receiving their State Farmer Degrees were Dimmitt FFA'ers Steven Bagley, Bruce Bryant, Scott Lane, Ricky McKay and Doug Nelson.

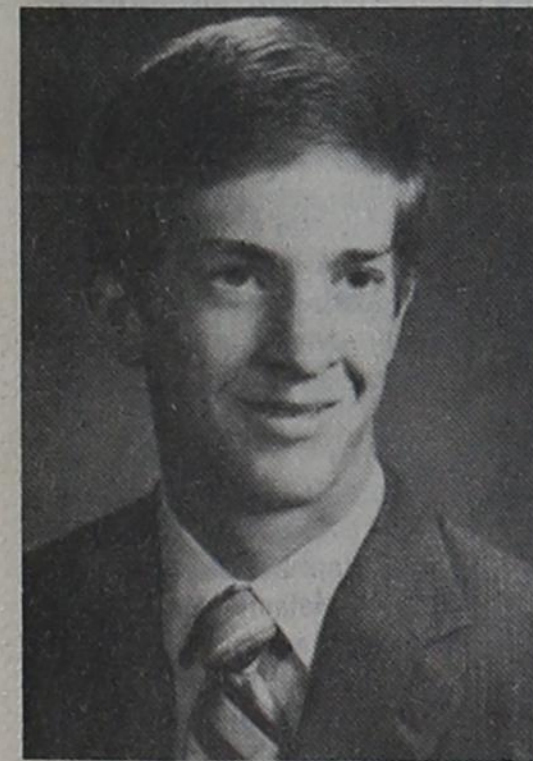

In addition, the Dimmitt FFA Chapter was selected as a Superior Chapter for the State of Texas.

Howell served as president of the local chapter his senior year and was named Outstanding Senior by the Dimmitt Young Farmers.

Also the recipient of the Dana Wall Memorial Scholarship and an Extension Homemakers Scholarship for \$300, Howell plans to attend Texas A&M.

Cox served as vice president of the local FFA his senior year, and served on several competition teams.

Odom had served as local chapter president his senior year, as well as Area I Vice President. He was also named recipient of the Area I Star Greenhand Award, Area I Star Chapter Farmer Award and the Area I Star Lone Star Farmer Award. He was also named Outstanding Senior. He attended Clarendon College last year.

Rev. Street resigns FBC

Rev. John Street, pastor of the First Baptist Church of Dimmitt for the past 12 years, announced his resignation Sunday.

Rev. Street said he and his wife, Dorothy, will be moving to Lubbock when his resignation becomes effective July 29.

"I'm considering several alternatives," Rev. Street said when asked about his future plans. He added that he has no specific church assignment as yet.

Mrs. Street, who has taught fifth grade math at Dimmitt Middle School for 11 years, will be teaching second grade at Wolf-forth, near Lubbock.

Rev. Street first came to Dimmitt in April of 1972, moving here from Phillips, where he had pastored the First Baptist Church. He attended Hardin-Simmons University in Abilene and Southwestern Baptist Theological Seminary, obtaining his bachelor of arts and bachelor of divinity degrees.

"We have tremendously enjoyed living here and being a part of this church," Rev. Street said. "We just feel it's time for a change."

New EDC elects Holme, Collins

Randy Holme has been named president and Wayne Collins secretary-treasurer of the newly formed Castro County Economic Development Commission.

The officers were elected at the meeting of the Commission last Thursday night.

Local attorney Jack Edwards advised the commission on provisions for the charter and bylaws of the organization.

Members of the group divided into teams to contact other businesses and individuals in the county who have not yet committed funds to the development fund.

They also received an update on committed funds.

Commission members set up an interview with a local person who is a prospect for the position of development officer. No name had been released at press time.

Dimmitt City Alderman David Hays was named to replace Alderwoman Joyce Hunter, who said she

was unable to serve, as the city representative to the commission.

Members voted to limit terms on the commission to one year, with no limit designated on the number of consecutive terms.

The next meeting of the commission is set for Friday at 7 p.m. at the Chamber of Commerce office in Dimmitt.

'Surge' demo set for today

A day-long surge irrigation demonstration will be held today (Thursday) at the George Sides farm located seven miles west of Dimmitt on SH 86.

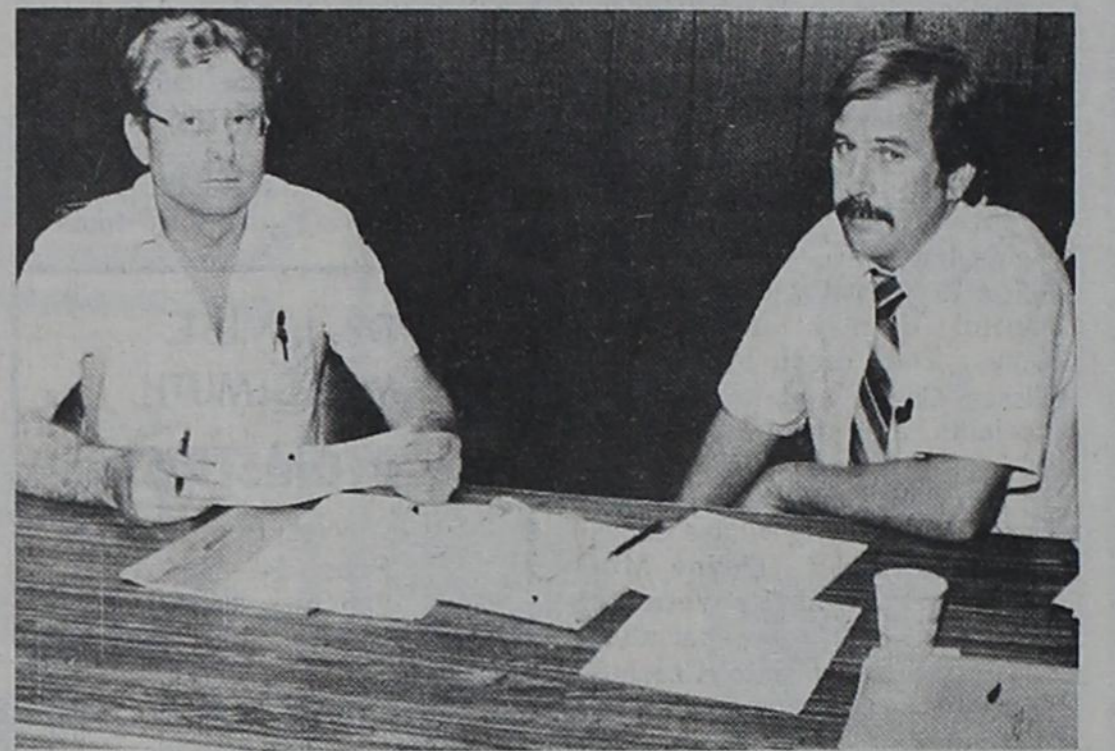

The Castro County Soil Conservation Service in conjunction with the Running Water Soil and Water Conservation Board and the High Plains Underground Water Conservation District No. 1, will conduct the demonstration.

Gary Rainwater, SCS District Conservationist indicates, "We'll be out there all day long running an actual field application test and evaluation of a surge irrigation system on Mr. Sides' farm and we hope we can answer any questions that producers have about surge irrigation."

Surge irrigation is a method of furrow watering through the use of a surge time control system which supplies water in a series of controlled pulses alternating between two sets of furrows.

The demonstration will take place from 9 a.m. to 4 p.m. at the Sides farm. All persons interested in seeing an actual field application of surge irrigation are invited to come by and visit with the SCS and Water District personnel any time during the day.

In addition to the demonstration on surge irrigation, water management techniques and equipment including soil moisture monitoring, pump plant efficiency testing and metering of wells will be demonstrated at this event. The SCS personnel will explain their use of the mini mobile field water conservation labs and the Water District staff will explain procedures for conducting a pump plant energy use efficiency test at this location. The Running Water SWCD Board has agreed to furnish cold drinks for irrigators who drop by.

NEW OFFICERS of the Castro County Economic Development Commission are Randy Holme (right), president, and Wayne Collins, secretary-treasurer. The commission is concentrating on securing additional funding and interviewing prospects for a development officer.

Paving and Energas to be on city agenda

The city paving project and a rate increase request from Energas will be among the items on the agenda at the Monday meeting of the Dimmitt Board of Aldermen at 6:30 p.m. in the city hall meeting room.

Tom Moore of Dumas, the attorney for Municipal Assessment Co., will present to the board a report on the number of property owners in the paving project proposed areas who have signed a lien agreement or made other arrangements for payment of their share.

City Manager Paul Catoe said earlier that the aldermen may make a unit-by-unit decision on the paving at this time.

According to Catoe, the board will evaluate the sign up report, take into account property owners' feelings, and determine whether the public good is affected in deciding on each unit.

Catoe said that local Energas representative Bob Caddell will present his company's rate in-

crease request. The company is asking for a 7.7% increase to be effective Aug. 10.

Other items on the agenda include consideration of bids for a sewer cleaning machine, and appointment of a new member to the city board of adjustment.

Bronco All-Stars Dimmitt, Hereford split

The Dimmitt Bronco League All-Stars fell just short of qualifying for the next level of play in the Bronco tournament Tuesday night as they split a must win double header with the Hereford All-Stars.

After losing the first game to the Herd on Monday, the Dimmitt
(Continued on Page 15)

ROBERT RUIZ of the Dimmitt All Stars scores on a Hereford error in the early game of Tuesday night's playoff double-header for the district Bronco League championship. Ruiz had hit a line drive down the third-base line in the top of the sixth, and a series of Hereford errors allowed him to stretch it to a two-run play that also scored Scott Acker from first base. The play looks like a tag-out, but arrow shows where

the ball is. The umpire is Henry Rivera. Ruiz was the hero of this game as he hit two homers for four runs, and was also the winning pitcher as Dimmitt took a 20-11 win. However, Hereford won the first game of the series Monday night and came back to win the late game of Tuesday night's double-header to capture the championship.

On the Go

with Mary Edna Hendrix, 647-3343

The American Leadership Study Group of the Panhandle flew from Amarillo on June 7 to Dallas and boarded a larger plane (British Caledonian) for Amsterdam.

Students from Dimmitt were Hal Gilbreath, Karen Markley and Brandon Cox. Their sponsors were Emmett and Sue Broderson, Helen Richardson and Ruth Skinner went also.

They refueled in St. Louis, flew over Chicago, the Great Lakes, Canada, Greenland, changed planes in London and on into Amsterdam losing 7 hours through time zones. There were 31 students and 15 adults. The students took notes, wrote papers all during the trip as they were earning six hours college credit.

In Amsterdam, after strolling through Dam Square, The Royal Palais and the 19th century central station, they had a night canal ride along color-lighted canals. The houses were very narrow and tall, 4 to 6 stories as taxes are paid according to the width of lots.

The next day a drive past Leiden (our pilgrim ancestors temporary home) the Dutch capital, the "Hague", a museum of Van Gogh paintings and especially interesting "Madurodam", Holland in miniature. On the following day they took a walk to Ryksmuseum to see Dutch and Flemish masterworks, including Rembrandt's "Nightwatch," then to Anne Frank's house.

Kassel, West Germany had beautiful country and friendly people. They drove by coach to Meissen Castle and its beautiful porcelains appraised as "white gold."

In Dresden, Germany they visited museums among whose collections is Raphael's "Sistine Madonna" and works by Vermeer, Rembrandt and Durer. That afternoon they crossed into Czechoslovakia where they spent the night in Prague.

The next day they went to the Tyn Church of Gothic architecture, the Madonna and the 15th century scene depicting calvary; next was the Town Hall with its famous Apostles' Clock and the cock crowing on the hour (very interesting). They visited the oldest Jewish Cemetery in Europe and walked through Bridge Tower, across statue-laden Charles Bridge and on the Hradcany Castle and St. Vitus Cathedral. (They walked 8 miles that day).

It was so good the next day to be out of East Germany and Czechoslovakia through the barbed wire fences and the suspense of waiting (2 hours) for the communist soldiers to let us go out, they said.

It's the most beautiful country (though all the farlands were lush and green in every country) in Austria, the Vienna Woods were so beautiful as they drove through them. Visits next day were to Hofburg Palace, the Belvedere, Schonbrunn, St. Stephen Cathedral, the Museum of Fine Arts.

On the Salzburg (unforgettable scenery) Gardens and Chestnut trees of Gmunden, through Old World villages. In afternoon they saw Salzburg's Mirabell Gardens and walked down Celreidegasse (the city's medieval main street). At Hallein, they dressed in salt miner's clothes and rode a chute down into the salt mine and took a train and boat ride through the mine. In the afternoon, they drove up to Hitler's "Eagle's Nest" riding a special cog bus to get them that high.

Next day they were from Salzburg to Innsbruck through beautiful Inn Valley. They walked up to the Olympic Ski Jump where Olympics are held. They saw Welten Basilica and charming landmarks of the old town. They took an overnight train to Florence, Italy where some of the greatest Renaissance architecture, paintings and sculptures are to be found within a square mile — Ghiberti's Doors of Paradise, Piazza Signoria Cathedral and Michaelangelo's "David."

They took a side trip to Venice, a two-hour train ride. Then took a water taxi up and down the streets of Venice (much larger than they expected). They saw a beautiful

cathedral and palace which they walked to after getting off the boat as part of the city has walkable streets. Part of buildings had part of the first floor in water so only upper floors were used.

In Rome, they visited the Vatican Museum, Sistine Chapel and St. Peter's Basilica. It was all beautiful but so crowded. That afternoon they saw the catacombs, St. Paul's Outside the Wall and St. John's Lateran.

They took a bus the next day to the ruins of Pompeii and another town devastated by Mt. Vesuvius eruption: Herculaneum. That afternoon there was a special bus drive up to Mt. Vesuvius itself.

The next day they took a guided tour through the Forum, the Colosseum, Michaelangelo's "Moses" in the church of St. Peter-in-Chains. They also went to Tivoli Gardens with its hundreds of fountains and formal plants, which was beautiful. After changing to four trains on the way (the last one a cog train) they arrived in Wengen, Switzerland. This is the most beautiful country (it rivals Austria) Wengen, through a small village had their most beautiful hotel with a view of the snow capped Alps where most of the students rode a cable car up the Jungfrau Peak to ski.

The next night they took an overnight train ride to Paris.

The following day they took a

sightseeing trip by coach (bus) in Paris to see the Eiffel Tower, Arc de Triumpe, Latin Quarter, Montmartre, Notre Dame Cathedral. They rode the underground railway called the Metro.

The following day, a trip to Chartres Cathedral to hear Malcolm Miller read the stained glass windows to them. He is the author of three books about the cathedral. They saw the Royal Russian Ballet while in Paris.

On the Palace of Versailles, they saw the formal gardens but the

Palace Guards, who had the keys, were on strike so didn't get to see inside.

The next day was a tour of the world's greatest museums, the Louvre, where they saw Da Vinci's "Mona Lisa" and Michaelangelo's "Slaves." Other sights were the Tuileries Gardens and Rodin Museum.

The following day, they drove to Port of Calais and made an hour's crossing of the English Channel seeing the "White Cliffs" before landing at Dover.

On that afternoon they went to Canterbury Cathedral.

The next day they saw Piccadilly Circus, Trafalgar Square, Westminster Abbey and in the afternoon visited the Tower of London and saw the Crown Jewels.

The day after, they saw the

British Museum, rode the subway called "the tube." Then by coach out to Windsor Castle and Hampton Court Palace. They saw two plays in London; "Aren't We All?" starring Claudette Colbert and Rex Harrison and "Pygmalion" (Continued on Page 6)

UNAFRAID

Although the years left to her are very few, she looks forward unafraid. She knows that soon death will envelop her with its final mystery and seeming oblivion, but for her, death is only the last visible page of life, just as birth is its first visible page. She is at peace with the universe and can be because she trusts in her Maker. She has believed these many years that God is good and this conviction continues even now when the shadow of death is also seen to be His gift.

This kind of assurance about life is meant for you too! Go to Church and hear again and again the words about God's trustworthiness and His love for you. Trust in Him and be delivered from fear of life and death!

Is something wrong with your life — an inner restless dissatisfaction? The answer to every human problem comes only from God our Maker. He alone can forgive and reassure. Through the church God has committed the provision and proclamation of His forgiveness and redeeming love. Without a church relation no one is securely related to God. Everyone should be in the Church and the Church should be in everyone!

On the go

continued from page 2

lion" starring Peter O'Toole. They rode on top of the double decker buses and the black (Rolls Royce) taxis.

Their next English town was York which originated in a Roman campsite. A train engine museum, a folk museum and walk on the city walls was enjoyed. They were scheduled to see York Minster (city cathedral) the next morning but during the night part of it burned and a roof caved in so they could only walk around it. The people assured them that it would be repaired as all the beautiful antique buildings of Europe are in constant repair.

That day they walked along the picturesque street called "Shambles" so narrow that cars cannot even go on it. (By the way, in every country the cars were very small except in Paris and London, where they saw a few large cars.)

The following morning they drove through Robin Hood's Sherwood Forest to Stratford-on-Avon and to Anne Hathaway's Cottage and Shakespeare's Birthplace. That night at the Royal Shakespeare Theater, they saw "Richard III."

The last day they drove to the English town of Bath and on to see the ancient "Stonehenge." On to Winchester to see Town Hall, the famous Round Table with the 24

knights' names on it and Winchester Cathedral.

The next morning they left London at 10 and flew into Amarillo, arriving at 7:40 p.m.

Master Sgt. Mike and Cindy Forbis and their daughters, Jennifer and Jamie, from Langley Air Force Base in Virginia visited several days in the home of Elzie and Serena Teague. Then they went to Hobbs, N.M. to visit Cindy's sister, Cheryl Robibiere, then they toured the Carlsbad Caverns, and on to Ruidoso. On their way home they went by Tenn. to visit more relatives.

Charles and Billie Norris Morgan and Shawn from Saginaw, and Mac Wesson and his two daughters, Mindy and Autumn, from Tulsa, Okla., spent a few days in Dimmitt visiting Billye Wesson and Kate James.

Ruth Voyles has returned from Bakersfield, Calif., where she visited with her brothers and their families, Clarence Philpot and Dick Whitten, and her sister, Velma Gregory. Mrs. Voyles also visited her husband Bill's sister, Gladys Sheats and family. Mr. Philpot has been very ill.

Louise Kemp's two daughters, LaDawn Reichling from San Francisco, Calif. and Ginger Ward and daughter, Jinsie, from Atlanta, Ga., spent a week in Dimmitt. LaDawn went home with Ginger for a few days of vacationing before returning home. LaDawn is Head of Special Olympics in her county. The Tournament was held in Berkley.

Jim and Robertha Bagwell entertained members of their family for a few days. Their son, Robert Bagwell, Billye Faye and Donna from Hazelhurst, Miss.,

their daughters, Christine Bell from Perryton, Grace Marie Holland from Midland, Marianne Bishop and son, Christopher, from Odessa, Donna Kay Srala and son, Timothy of Elk City, Okla., La Trelle from Apple Valley, Calif., and DeVona Weeks from Cheyenne, Wyo.

Lloyd and Louise Lust from Littlefield and Mrs. Earl Lust visited the Bagwells while their company was in Dimmitt.

Christine, La Trelle, and DeVona went to an Amway Rally in Fort Worth while they were in the area.

Sam and Bea Hardy entertained their nephew and family from Baytown recently, Johnny and Debbie Anderson, Jimmy, Jo Hannah, and Jacalyn. They visited in Dimmitt and then Sammy and his boys, Brian and P.J., went with them to Palo Duro Canyon to see "Texas" and they enjoyed camping out in the Canyon. They toured the museum in Canyon and went to Amarillo and had fun on the waterslide there.

Kristi Pennington and little daughter, Bethany, have been here visiting her parents, Jim and Shirley Peggram and for her sister's wedding, Kimberly and Wesley Wellborn. The Penningtons are in language school in San Jose, Costa Rica. Kristi sang a special song and gave her testimony in church on Sunday evening.

W. E. and Eunice Thornton enjoyed a family reunion in Red River, N.M. recently with members of Eunice's family, her two brothers, John Graham from Abilene, Howard Graham from Pampa, a sister Katie and Raymond Ross from Morton, and a sister-in-law Pauline Graham. There were 40 present including children and grandchildren. They came from seven states — Wash., Calif., Utah, Colo., Texas, Fla., and Ga. There were twin nieces and some they had not seen in 20 years. One niece was a newlywed. There are doctors, lawyers, ministers, computer workers, and telephone operators for the Army, all in the family. They all enjoyed visiting, hiking, riding bicycles, and riding the ski lift.

The Thorntons' daughter and family, Irene and Don Helmcke and son were here from Utah. They have lived for 4½ years in England.

AFRICAN VIOLETS NEED LIGHT

African violets need plenty of light to bloom properly, says a landscape horticulturist with the Texas Agricultural Extension Service. Although they can't tolerate direct sunlight, African violets often need more light than most people give them. Fluorescent lights are excellent for growing African violets. However, don't crowd plants under light and keep about 8 inches between plants and lights. If plants seem to stretch, lower the light slightly or raise the plants. Plants that get plenty of light are symmetrical with closely spaced leaves and an abundance of flowers in the center.

FARMERS PLOWING TOO MUCH?

Because too much plowing is costly and bad for the soil, farmers need to give close attention to the number of trips they make over a field, advises an agronomist with the Texas Agricultural Extension Service. Farmers no longer can afford "recreational plowing." Any tillage operation should afford some crop benefits that will contribute to higher yields rather than just appearance. In addition to being costly, excessive plowing causes soil compaction, which reduces crop yields due to poor water infiltration, poor root penetration and related problems.

Reunion asks \$15 deposit

The Dimmitt High School Class of 1974 will hold their 10 year reunion July 28 at the Dimmitt Country Club.

Any class member who wishes to attend the reunion must turn in a response by July 25.

A deposit of \$15 per couple must be left at Central Plains Savings if you wish to attend.

For more information or to leave a response contact Jaci Holcomb at 647-4400 or Donna Newton at 647-5318.

Mulanax to visit Dimmitt

Judge Virgil E. Mulanax, Republican candidate for Place 1, Court of Criminal Appeals, will be in Dimmitt at the City Hall from 1 p.m. to 1:30 p.m. July 24.

Judge Mulanax of Gilmer, Tex had served in the 115th District Court since 1975, and is anxious to get acquainted with Castro County voters and share his beliefs.

Judge Mulanax is a conservative who believes that a Judge should recognize and protect the rights of all citizens — not just the criminals. "Too many criminals are turned loose on technicalities, even though their rights to a fair trial have not been violated...this is an injustice to the victims and the lawful taxpaying citizens of Texas," according to Judge Mulanax.

County Republican Chairman, Deanne Clark, urges the voting public to drop by to meet the candidate and enjoy a glass of lemonade.

Bethel Chicken Fry endureth

By DON NELSON

AND it came to pass in the place called Bethel, that the people set aside a time after the gathering of the wheat, as a time for feasting.

And they came to the meeting place, as they had done since the olden days, and there they sacrificed the Chicken, and tossed it into the simmering pot. And they placed upon the tables outside the meeting place Vessels, two by two, filled with the richest bounties of the field and orchard, which they had prepared in exotic wise, until the tables were heavy laden.

And they gathered together, more than ten times ten strong: the elders, husbands and wives, their children and

their children's children, even unto the third and fourth generations. And others joined them from nearby villages, and still others (these being their children's children) came from such hinterlands as A&M and Harvard, to enjoy the feast.

And after a holy man from the nearby village blessed the food and the people gathered thereunto, they set upon the feast. And they feasted and visited until the heavy sun set in the west and the full Julian moon rose in the east. And they returned to the tables to sample a king's delight of sweet dishes, even unto Crystal Howell's fresh apricot pie.

And the elders who had broken out the land in the olden days were visited and shown respect (for one was in her ninth decade and had partaken of more than 40 such feasts.) And those who had removed to other provinces and returned for the feast were welcomed back. And they gathered in circles (some standing, some sitting), and discussed the events of the day, and the crops. And they admired the newborns, and the young mothers gave their babes over to the grandmothers and great-grandmothers to hold and coddle and spoil and enjoy.

And the children played football and other games, and laughed and shouted, and had the run of the grounds and the nearby farmyard of the Lusts. And the boys found frogs and tadpoles and worms, which one placed upon the food tables amid shouts of surprise and scolding.

And as the evening light began to fail, the men (some of whom had partaken of the Bethel Chicken Fry even since they were in swaddling clothes) carried the chairs and the tables back into the meeting place, and the people departed to their respective houses, with full stomachs and renewed spirits.

The Lucas oil well at Spindletop, Texas, ran wild for nine days when it began operating in 1901.

Cancer Society

Amanda Blake, television actress renowned for her role as Miss Kitty in "Gunsmoke," received the American Cancer Society's Courage Award from President Reagan in a white House ceremony recently.

Joining Blake in the Oval Office were actor Cliff Robertson, the 1984 ACS national Crusade Chairman, G. Robert Gadberry, chairman of the Society's national Board of Directors, and Dr. Gerald P. Murphy, president.

The award plaque, signed by President Reagan, reads: "The American Cancer Society salutes Amanda Blake for her personal courage in her battle against cancer and for the hope and inspiration she gives all Americans in the fight for life and health."

In 1976 Blake was diagnosed as having cancer of the mouth. After undergoing surgery, she is completely free of the disease today.

"I'm a firm believer in those early warning signs now; don't put off going to a doctor if you have one," Blake advises. "Remember, cancer is being cured every single day. To me, the 'Big C' doesn't stand for cancer, it stands for cure."

In the years since her surgery, the actress has assumed a real-life role as an active volunteer for the American Cancer Society. In 1979, she led the society's national crusade, and has testified frequently on behalf of the society in congressional hearings on cigarette smoking. A former two-pack-a-day smoker for twenty years, Blake quit cold turkey upon learning she had cancer.

She plans to reside in Austin after marrying Austin businessman and city councilman Mark Spaeth.

Teams continue to vie for title

The Celtics, Mavericks, Suns and Nuggets all gained victories in summer basketball action Monday night.

In the opening matchup, the Celtics took on the Coaches in a close contest. The Coaches led 18-15 after the first period, but fell behind at the half by a count of 37-36.

The Celtics pulled away to a 60-54 lead in the third quarter. The Coaches, behind Joe Lombard, who scored 32 points on the night,

outscored the Celtics in the final period 16-14, but it wasn't enough to overcome the Celtics previous lead.

Lyman Schroeder contributed 14 points along with Lombard's 32 to lead the Coaches. Pat McDonald tossed 22 points and Scott Rawls added 19 for the victorious Celtics.

The Mavericks, behind Darrell Washington's 20 points, defeated the Rockets 84-73.

The Rockets jumped out to an early 21-16 lead after the first period, and extended their lead 41-38 at the half. The Mavericks found the mark in the third stanza and took the lead. They held on for the 84-73 victory. Chris Gerber was responsible for 17 points in the Mavericks win along with Washington's 20 points.

Scott Rawls, who played in two games on the evening, led the Rockets in scoring with 24 points, while Danny Martinez added 19.

Jeff Watts' and John King's combined points outnumbered the whole 76'ers team totals in the Nuggets-Sixers contest.

Watts tossed in 24 points and King added another 23 for the Nuggets, for a total of 47 points. The total was more than the

combined 40-point team total for the 76'ers.

The Sixers were never in the game. They fell behind 24-8 in the opening period and never regained the lost ground. They fell behind by 20 points at the half and were down by 33 after three periods of play. The Nuggets walked off with a 72-40 victory on the night.

The Suns topped the Lakers by a count of 102-73 in the late contest.

The score at the end of the first quarter was 24-13 in favor of the Suns, and they were never behind after that. They were ahead 15 points at the half. Kevin Cleveland of the Suns got the hot hand in the third period. He scored 12 of his 22 points in this quarter, helping the Suns extend their lead to 75-50. They concluded the game with a 27 point final quarter and a 102-73 victory.

Charles Lee added 19 points to Cleveland's 22 to lead the Suns while Mike Love tossed in 31 and Ricky Backus contributed 14 for the Lakers.

Harman reaches finals at Dragway

Billy Harman of Dimmitt reached the finals of the Street-Stock Division at Amarillo Dragway Sunday.

Harman reached the finals of the 21-car event only to lose out to Ronnie Stewart in the championship race.

The leader going into Sunday's competition was Abe Escobedo of Friona with 260 points on the season. At the bottom of the top ten are Bobby Fulks and Bo Cowell of Friona with 180 points.

Going into Sunday's races, Harman had 160 total points and was tied for 12th place with Stewart and three other men. He feels that Sunday's events should place him in the Top 10, but he wasn't sure what his point total would be. He estimated that it would probably be around 250.

Harman drove a 1967 Dodge Coronet R/T, with a top time of 14:27 seconds through the quarter-mile at 102 miles per hour.

Harman is currently in the running to qualify for the Western Conference Regionals to be held in Amarillo on Aug. 19-21, with a chance to advance to competition in Fort Worth at Green Valley Raceway.

The top 32 racers in the Dragway will qualify to enter the Regionals.

Oklahoma all-stars defeat Texas 109-82

The Oklahoma All-Stars hit 63% of their field goal attempts and out-rebounded their smaller Texas opponents 49-29 on the way to a 109-82 shellacking in the Texas-Oklahoma All-Star Girls Basketball game Saturday night.

The game was played under Oklahoma's six-player rules and was the third victory in a row for the Sooners, improving their series advantage to 10-5.

The Texas All-Stars were led by Vonda Morgan of Dallas South Oak Cliff with 24 points. Vanessa Wells of Palo Duro High added 19 points and seven rebounds for the Texans.

Nazareth's Shari Schilling and

Renee Ramaekers were members of the Texas squad, and both had an opportunity to play both the forward and guard positions in the contest.

Ramaekers hauled in three cars for the Texans.

The Sooners placed five players in double figures in the game, which was held at the Hutcherson Center on the Wayland Baptist University Campus in Plainview.

Bronco All-Stars Hereford tops Dimmitt 11-6

Raymond Dones hit a homerun in the bottom of the fifth inning and Henry Rocha blasted a grand slam homer in the bottom of the seventh inning for Dimmitt, but it was all for naught as the Dimmitt Bronco League All-Stars were defeated by Hereford All-Stars 11-6 Monday night in Dimmitt.

Dones' and Rocha's homeruns were countered by Jason Walterscheid and Elonzo Ramirez of Hereford. Walterscheid knocked the ball out of the park twice, each time driving another man in with him. Ramirez also hit a two-run homer in the top to the fifth to give the Herd an 11-6 victory.

James Flores was on the mound for Dimmitt and Benny Gonzales pitched the victory for Hereford.

Jr. Babe Ruth Castro County team competes at district

The Castro County Jr. Babe Ruth District II team competed in the district tournament Friday and Saturday in Plainview.

In the first round action Friday night the Castro County all-stars faced the Plainview all-stars. Plainview jumped out to a 5-2 lead after the first inning and added another big inning in the sixth to take a 10-3 victory. The losing pitcher was Todd Durham of Dimmitt and the winning pitcher was Justing Perry for Plainview.

The Castro County team dropped into the losers' bracket for Saturday's game. They faced Muleshoe, who had lost to Herford on Friday by a score of 2-0.

The Castro County squad jumped to a 6-0 lead and held it until the top of the sixth inning. Muleshoe picked up five big runs in the sixth to pull within one point of the lead. In the seventh and final inning, Muleshoe picked up two runs to take a one-point lead over Castro County. Muleshoe came away with a 7-6 win and the right to advance in the playoffs.

Ronnie Perez was the winning hurler while Todd Hill was on the mound for Castro County.

Double-ring ceremony unites Terri Boyer, Dwayne Huseman

In a formal, double-ring ceremony Saturday night, Terri Ann Boyer and Dwayne John Huseman exchanged wedding vows in the Paramount Terrace Christian Church of Amarillo.

Rev. Ron Trusler officiated, assisted by Father Orville Blum. The bride is the daughter of Garry and Fredia Boyer of Fritch, and the groom is the son of Phillip and Martha Huseman of Nazareth.

With dusty rose candles filling two spiral and one arch candelabra at the front of the church and decorating the candelabra set on alternate pews on the main aisle, the bride's colors of dusty rose and navy blue were further carried out in the dresses worn by her attendants.

Matron of honor was Shari Gillean of Denton, sister of the bride. Maid of honor was Nancy Boyce of Amarillo. Susan Godfrey of Amarillo was bridesmaid, and Kristi Boyer of Fritch, niece of the bride, was junior bridesmaid.

They wore dresses of dusty rose taffeta belted in navy. Styled with a rounded neckline and short, bell sleeves, the dresses featured a split at the ankle-length hemline, rising to the back of the knee. Each wore baby's breath in their hair and carried a cascade bouquet of navy tiger lilies, navy and dusty rose roses and baby's breath, all intertwined with ribbons of picot and dusty rose silk.

Serving as best man was Ken Huseman of Houston, cousin of the groom. Groomsmen were Ralph Schulte, Royce Huseman, brother of the groom, and David Cox, all of Amarillo.

Tera Boyer of Amarillo, niece of the bride, and Misti Murrell of Lubbock, niece of the groom, both served as candlelighters. Ring bearer was J.J. Boyer of Keyes, Okla., nephew of the bride.

MRS. DWAYNE JOHN HUSEMAN
... nee Terri Ann Boyer.

Flower girls were Sarah Gillean of Denton, niece of the bride, and Brandi Murrell of Lubbock, niece of the groom.

Ushers were Rodney Boyer of Canyon and Greg Boyer of Fritch, brothers of the bride, and Kevin Huseman of Amarillo and Leon Huseman of Dallas, brothers of the groom.

Debbie Boyer, sister-in-law of the bride, and Rodney Boyer, brother of the bride, sang the selections "Endless Love," "What a Difference You Made in My Life," "Flesh of My Flesh," and "There is Love." They were accompanied by pianist Gary Minguo of Fritch.

The bride selected a formal-length gown of imported ivory organza over taffeta, with Schiffl forming the yoke, outlined with silk Venice lace motifs at the neckline and bodice. Tiny seed pearls and crystal beads accented the motifs. The full upper part of the Victorian-style sleeves was made of organza over taffeta, gathered at the elbow. The lower

part was fitted and made of the same sheer material as the yoke, accented by the same lace motifs, and fastened with tiny self-covered buttons. From the natural waistline flowed the full circular skirt edged in a wide border of the silk Venice lace. The semi-cathedral length of the train was trimmed with the same lace.

Her wide-brimmed picture hat was complemented by Chantilly and silk Venice lace motifs, and adorned with ivory roses. A three-quarter length veil was attached to the hat. Her cascade-style bouquet was made up of blue tiger lilies mixed with roses in navy and dusty rose, mingled with baby's breath. The streamers of picot and dusty rose silk ribbon were tied in love knots.

The Fifth Season Inn's Atrium Room in Amarillo was the scene of the reception. The main table was covered with a dusty rose cloth overlaid with ivory lace. The punch and napkins were also in dusty rose. Iced in ivory, the three-tiered cake was decorated with rosebuds in the dusty rose color. Linked wedding bands topped with doves graced the top of the cake and were surrounded by dusty rose and navy flowers.

After their wedding trip to Hawaii, the couple will be at home in Amarillo next week.

A first grade teacher at River Road ISD, the bride attended West Texas State University, where she was a member of Zeta Tau Alpha sorority. She obtained her bachelor's degree in elementary education.

The self-employed owner of Dwayne's Quick Auto Service in Amarillo, the groom has an associate degree in auto mechanics from Amarillo College. He was a member of the 101st Airborne division in Vietnam, and is a graduate of Nazareth High School.

Newlyweds establish new home in Nazareth after July 7 vows

Mr. and Mrs. Virgil Huseman are at home west of Nazareth following their honeymoon trip to Red River, N.M., after their July 7 wedding.

The bride is the former Dianne Hochstein, daughter of Mr. and Mrs. William Hochstein of Nazareth. The groom is the son of Mrs. and Mrs. Arnold Huseman of Nazareth.

Vows were exchanged in a formal, double-ring ceremony in the Holy Family Catholic Church of Nazareth with Father Harold Waldow, pastor, officiating.

Michele Schulte of Lubbock served as matron of honor. Bridesmaids were Marlene Acker of Dimmitt, sister of the groom, and Patti and Carol Kern, both of Nazareth, sisters of the bride.

Bryan Huseman of Nazareth, brother of the groom, was the best man. Groomsmen were Johnny Hochstein of Amarillo, brother of the bride, Derwin Huseman of Nazareth, brother of the groom, and Calvin Schulte of Lubbock, cousin of the groom.

Ring bearer was Terrell Pohlmeier of Yukon, Okla., nephew of the groom. The ring pillow was made by Patti Kern of Nazareth, sister of the bride.

Flower girls were Sheri Hochstein of Nazareth and Brandi Keel of Amarillo, both nieces of the bride. They carried white baskets of pink and white silk baby's breath, adorned with pink streamers.

Ushers were Darrell and Bernie Huseman of Hereford, brothers of the groom, and Jimmy Hochstein of Hart and Micky Hochstein of Nazareth, brothers of the bride.

Gifts were brought to the altar by Mary Jeanne Hochstein of Nazareth, sister of the bride, and Anita Huseman of Nazareth, sister of the groom.

Lisa Pohlmeier of Odessa sat at the registry.

Greg and Glenda Birkenfeld and Dwayne Klemm, all of Nazareth, sang and played guitars. They were accompanied on the piano by Pati Jones of Nazareth, and on selected numbers Bobbi Hochstein of Nazareth, sister of the bride, on her flute.

Selections included "The Rose," "Boundless Love," "All My Life, All My Love," "Wedding Prayer," "After All Those Years," "Sunrise, Sunset," and "Beginning Today."

Given in marriage by her parents, the bride wore a Victorian-style gown made by her mother. It was made from white point d'esprit lace over taffeta. The fitted bodice had a lace capelet trimmed with seed pearls. A lace ruffle and white satin ribbons accented the puff sleeves. A cascade of crystal-pleated ruffles graced the back of the dress, forming a chapel-length train. Lace and crystal-pleated ruffle edged the hemline.

A wreath of silk flowers and satin ribbons was attached to her fingertip-length veil of illusion finished with lace. Her bouquet was a silk arrangement of pink roses and baby's breath.

For something old, the bride wore pennies in her sandals, minted in the years of the couple's births. Something new was a pair of pearl earrings given to her by the groom and a lace handkerchief given to her by her grandmother. She borrowed a bracelet from her sister Bobbi Hochstein, and for something blue, she wore a blue garter.

The feminine attendants wore floor-length gowns of pink, styled with a scoop neckline with a self-flounce and lace. The full, gored skirt was gathered at the waist and formed a self-flounce at the hem.

MRS. VIRGIL HUSEMAN
... She's the former Dianne Hochstein.

Accents of white satin included the sash and bows on the shoulders. Each carried a white lace fan with silk pink roses and baby's breath. In their hair they wore wreaths of pink roses and baby's breath with pink streamers.

At the reception at the Nazareth Community Hall, the tables were decorated with glass candle holders and pink candles with silk baby's breath.

The bride's cake featured separated layers decorated with pink roses, and between the layers was placed a Precious Moments figurine. On top of the cake was an arrangement of silk baby's breath

clinging to a cross. The groom's cake was in the shape of a horseshoe and was decorated with horses.

Servers included Bobby Hochstein of Nazareth, sister of the bride, and Missy and Jenny Brockman of Nazareth, nieces of the bride.

The bride is a graduate of Nazareth High School and she attended South Plains College for two years. She is employed by the ASCS office in Dimmitt.

A graduate of Nazareth High School, the groom is employed by Gerber Welding and Repair in Dimmitt.

Wedding vows are read at Dimmitt

In a candlelight ceremony Saturday at 8:30 p.m. in the First Baptist Church of Dimmitt, Kimberly Diann Peggram and Arthur Wesley Wellborn Jr. recited wedding vows led by Rev. Glenn Reese of Sherman, uncle of the groom.

The bride is the daughter of Mr. and Mrs. Jim Peggram of Nazareth. The groom is the son of Mrs. A. W. Wellborn of Athens and the late A. W. Wellborn Sr.

A flugal horn played by Anita Bergen of Borger was included in the prelude music, along with the organ played by Jennie Lynn Hodges of Plainview and the piano played by Kloette Camp of Miami, cousin of the bride.

Penny Golden of Grapevine, sister of the groom, sang a solo of "And On This Day," and then joined Kristi Pennington of San Jose, Costa Rica, sister of the bride in a duet presentation of "God, A Woman and A Man."

After being given in marriage by her father, the bride sang a solo, "In His Time." Following the recitation of vows, the groom sang his own original composition, "God Has Ordained It," accompanied on the guitar by Anita Bergen. "The Lord's Prayer," sung by Mrs. Pennington, was used as the benediction.

Mrs. Pennington also served her sister as matron of honor, and Mrs. Golden was named bridesmaid. Bridesmaid was Jamie Peggram of Amarillo, cousin of the bride.

They wore teal satin dresses in a matinee length, styled with fitted bodices and an off-the-shoulder cape effect at the neckline. They carried long-stemmed ivory roses with baby's breath.

Best man was David Wellborn of Lewisville, brother of the groom. Groomsman were Eddie Reese of Midland, uncle of the groom, and

MRS. WES WELLBORN
... She's the former Kimberly Diann Peggram.

Darrell Reese of Post cousin of the groom.

Flower girl was Bethany Pennington of San Jose, Costa Rica, niece of the bride. She wore an

ivory taffeta dress accented with a teal sash and teal bows on the skirt.

Ushers were Phillip Golden of Grapevine, brother-in-law of the groom, Jeffrey Camp of Wellington and Jody Peggram of Wiggins, Colo., both cousins of the bride. At the registry were Shannon Fulgham of Hartley and Paula Partain of Gallup, N.M.

The bride chose a matinee-length gown of candlelight angel chiffon veiled over antique peau de soie. A frosting of Venice lace appliques enhanced the slightly raised bib bodice that featured a scoop neckline. The elbow-length sleeves of chiffon had lace appliques and were bordered with lace. The sleeves formed a cape effect in the back. Elbow-length gauntlets of ivory net were accented with Venice lace appliques dotted with seed pearls. Her A-line skirt formed a slight train, and lace outlined the hem.

A picture hat trimmed with Venice lace appliques also held her veiling of illusion. Her cascade bouquet was formed of japette orchids, white sweetheart roses, starburst crystal poms, stephanotis, gypsophilia and plumosa fern.

At the reception in the church fellowship hall, the bride's table was covered with teal and ivory bows at the corners. The wedding cake was made in three tiers frosted in ivory and decked with teal and ivory paste flowers. The centerpiece was made of white mini pixie carnations, teal starburst crystal poms and white roses, accented with baby's breath.

A teal cloth draped handkerchief-style over an ivory cloth covered the groom's table. It had a fruit bowl, ham rolls and sweetbreads.

Servers were Natalie cline of Dimmitt, Atha Sue of Floydada, Cheryl Wiseman of Abilene, and Debbie Conner, Michelle Northam and Sharla Peterson, all of Plainview.

Hostesses for the reception included Oma Dee Heard, Sandra Bagwell, Bobbie Baldrige, Ysleta Ball, Irene Carpenter, Mary Edna Hendrix, Joyce Higgs, Charlene Howell, Billie Kirby, Carolyn Moke, Dorothy Street and Mauzee Youts.

The bride is a 1979 graduate of Dimmitt High School and of Wayland Baptist University, where she obtained a bachelor's in music education.

A graduate of Sulphur Springs High School, the groom is a student at WBU.

After their honeymoon trip to points in Colorado, the pair plan to reside in Childress, where the groom is serving as minister of youth and education at the First Baptist Church.

Cotton growers make 1985 program recommendations

A higher loan, an increased target price and more effective acreage control got major emphasis at a meeting July 11 in Lubbock when the 50-man Board of Plains Cotton Growers, Inc. finalized its recommendations for the 1985 cotton program.

By law, the base loan rate must be set by a formula which takes into consideration past domestic and world market prices, and PCG will urge US Secretary of Agriculture John Block to "set the loan rate at the highest level permitted by law." Although all figures are not yet in, PCG calculations show the possibility of a loan between 57 and 57.5 cents per pound, which would be up from the 55-cent statutory minimum in effect for both 1983 and 1984.

The target price, used to determine the amount of each year's deficiency payment, for the 1984 crop is 81 cents per pound. The 1981 Farm Act mandated an increase to 86 cents in 1985, but Congress this year in the Budget Reconciliation Act "froze" the 1985 target at 81 cents.

However, authority remains in the law for the Secretary to raise the target price if he determines it necessary based on the increase in average cost of production. So PCG will ask that the 1985 target price be restored to the 86 cents that would have been in effect automatically without the freeze put on by Congress this year.

USDA figures received on the day of the PCG meeting project the Aug. 1, 1985 cotton carryover at over 3.7 million bales, up 500,000 from the previous month's projection and about 800,000 bales above expected stocks on Aug. 1, 1984. Under the Budget Reconciliation Act, a 3.7 million-bale 1985 carry-out would require USDA to announce a maximum 20% voluntary acreage reduction program and a paid diversion program (at the rate of 27.5 cents per pound) of at least five percent. Percentages would apply to the national base of approximately 15.6 million acres and participation in the combined program would be a prerequisite to eligibility for program benefits.

But the PCG Board doesn't think such a program would attract the broad participation necessary to prevent excess production and

price-depressing supplies in 1985. The organization therefore is calling for a program which will offer producers a payment for idling 10% of acreage bases and requiring 15% additional diversion.

Recalling the problems experienced the past two years with regulations on the care and use of acreage taken out of crop production, the PCG group's comment to the Secretary also will include two recommendations in that regard. First, the Board voted to suggest that grazing of such acreage be permitted except during the six-month principal growing season as in the past, but that there be "allowances for extended grazing and haying under unusual weather conditions and haying of cover crops to be used exclusively for feeding of the producer's own livestock."

Second, PCG wants to see all regulations relating to the program's "acreage conservation reserve" come from the Agricultural Stabilization and Conservation Service instead of the Soil Conservation Service as was the case in 1984.

The originally announced signup dates for the 1984 cotton program were Jan. 16 through Feb. 24. The ending date was later extended to March 16, but PCG directors consider even that date too early

for final decision-making. They are recommending that signup be required no more than 45 days prior to the final planting date established for each county.

Also on program signup, the Board agreed that requiring producers to sign binding contracts, as was done this year, increases program effectiveness, but will ask that "county ASCS committees be allowed to void contracts when there is a change of tenant and/or landlord after the signup date, or when initially planted crops are destroyed by an act of God and producers wish to plant an alternative program crop or crops.

In other action the Board approved a 1984-85 PCG budget of \$322,500, just over 1.5 percent above the \$317,250 budgeted for 1983-84.

Free cheese to be given

Free cheese and other commodities will be distributed next Thursday (July 26) beginning at 9:30 a.m. at the County Expo building.

Castro County Community Action office manager Wannie Stevens said that a police officer will be on duty at the distribution to prevent any disturbances or rowdiness.

She also noted that senior citizens will be allowed to go to the head of the line to prevent their getting too tired during waiting. The officer on duty will also aid in enforcement of this rule, she said.

To comply with guidelines set down by the Dept. of Human Resources, a record will be kept on each recipient and will be on file at the Community Action office, Stevens said.

She added that income guidelines are used to determine eligibility and quarterly income certification is performed.

No one is permitted to pick up commodities for anyone else, and each individual must present their own Social Security, Medicaid or AFDC card for identification purposes. "Only one allotment will be given per family," Stevens said.

Police calls

A car-pickup accident at North Broadway and West Halsell late Thursday resulted in light damage to a 1977 Oldsmobile driven by Jean Johnson.

Timmy Lee Kenworthy was the pickup's driver.

City police said that Kenworthy, who was driving a 1983 brown Chevrolet Silverado pickup owned by Fisher Ditching Co. of Garland, was attempting to turn right off of North Broadway onto West Halsell when the pickup struck the Johnson car.

Mrs. Johnson was stopped at the stop sign on West Halsell Street when the accident occurred, police reported.

Investigating officers said Kenworthy was traveling at "a high rate of speed" before the accident, and that he was on his way to see his father, who had just suffered a heart attack.

In other law enforcement activity during the week, local officers jailed five persons on charges ranging from disorderly conduct and public intoxication to DWI and parole violation.

Area 4-H'ers return from Washington Focus

Kim Howell, Becky Benton and Robby Hottel returned home from Washington, D.C., after attending Citizenship-Washington Focus, a week-long experience in citizenship and leadership training at the National 4-H center.

The three Castro County residents were among 70 members from Texas and 11 states participating. The program is designed to help young people understand the structure and function of our system of government, the heritage of our country and the importance of active participation as citizens.

Using the nation's capital as a "classroom", the program included a day on Capitol Hill to meet with members of Congress and see government in action.

The three had a chance to visit with Kent Hance. Field trips to historical and cultural sites as well as to federal agencies and community organizations were among the most informative and exciting parts of the week according to the Castro County delegates.

In workshop sessions at the National 4-H center, the young people discussed contemporary issues and concerns and ways in which skills and knowledge gained

during the week could be applied to the 4-H program here. Delegates also participated in a pilot computer project in which they experimented with a program to determine how the public policy affects soil erosion and conservation.

Delegates got an opportunity to participate in mock Republican and Democratic conventions, cast a presidential ballot and use a voting machine, since this is a presidential election year.

Howell was elected to represent the state of Texas on the ceremonies committee. She also participated in church services, flag raising and lowering and the opening and closing ceremonies.

Citizenship-Washington Focus is conducted by National 4-H Council in support of the 4-H program of the Cooperative Extension Service of the state land-grant universities and the US Dept. of Agriculture.

More information on 4-H can be obtained by calling Seth Ralston, Teresa Nutt or Menzies McWilliams at the Castro County Extension office at 647-4115.

Free film set tonight

"The Cross and the Switchblade" will be shown at the First Assembly of God Church tonight (Thursday) at 7 p.m.

The film, which is based on the book of the same title, presents the story of David Wilkerson's now legendary ministry with gangs, addicts and hopeless youth on the streets of New York.

Rev. Tom Mullins, pastor of the First Assembly of God Church says that the power of the Gospel of Christ to change the human heart is presented with clarity and power that has set the film apart since it was first released in theaters. He adds that millions have been moved by this film experience not only in North America but throughout the free world.

Gateway Films cites "The Cross and the Switchblade" as "the most effective evangelistic film ever made."

Everyone is invited to come and view the film.

Phil Gramm talks on nuclear waste

Phil Gramm, Republican candidate for US Senate from Texas, announced today that Bernard Rusche, director of nuclear waste management for the Dept. of Energy, has assured him that his opposition and the opposition of the people of the Panhandle will be a "major factor" affecting any decision regarding the location of a nuclear waste repository.

Gramm also noted that any such proposal must ultimately be submitted to President Reagan. The congressman said that strong local opposition to locating a site in the Panhandle rightly should be a major consideration in the DOE process, "especially in light of the fact that Congressman Sid Morrison of Washington State supports locating a repository within his congressional district."

According to Deanne Clark, Castro County Republican Chairman, Gramm co-authored the provisions of the Nuclear Waste Policy Act which guaranteed that local citizens, local governments and state officials would have a say at all levels of consideration in the siting process. He also co-authored the provision giving the governor the power to veto a proposed site in his state and requiring one house of Congress to vote to sustain the veto.

Congressman Gramm pledged that he would be "guided by the desires of the people of the Panhandle" and would "vigorously oppose any siting in Texas."

Faster deposits to earn more interest

State Comptroller Bob Bullock announced last week that taxes paid anywhere in Texas today will be drawing interest in the State Treasury tomorrow with a new rapid deposit system for state funds.

Under the program, a cooperative effort between Bullock and State Treasurer Ann Richards, motor vehicle receipts from the state's largest counties and other tax receipts collected at each of the Comptroller's 60 offices across the state, will be picked up daily by commercial courier and delivered to the Treasury the following day.

"It took about three and a half days for the mail to deliver this money to Austin," Bullock said. "After expenses for the couriers, we'll be earning almost a half million dollars in added interest under this new system."

"We are extremely pleased Bullock has begun his own rapid deposit program," Richards said.

The Treasury has brought the Texas Dept. of Highways and Public Transportation into a rapid deposit system and is negotiating with other agencies to start similar programs.

Superstition is talk subject

Joe Bob Sanders presented a program on the origins of many old superstitions at the meeting of the Dimmitt Rotary Club on Friday the 13th.

One old superstition says that it is good luck to wear your clothes wrong side out, because then the evil spirits can't recognize you, Sanders revealed.

He explained the tradition of saying, "God bless you," when someone sneezes, and told why it is believed bad luck to spill salt.

Fifteen club members were present for the meeting, along with guest Jerry Pybus of Amarillo, brother of club member Doug Pybus.

WTSU selects Sava for \$800 scholarship

Debra Lea Sava, a 1984 graduate of Dimmitt High School, has been chosen to receive an \$800 Campus Service scholarship as one of 12 campus hosts and hostesses for the 1984-85 academic year at West Texas State University in Canyon.

Sava is one of six scholarship recipients who will begin as a freshman student at the beginning of the fall semester. The other six Campus Service students are upperclass students.

Campus Service students are selected on the basis of personality, attitude, enthusiasm, academic achievement and interview, said Bob Graves, WTSU admissions adviser and Campus Services sponsor.

"They must be able to communicate well and have had academic success," he said. "The Campus Service organization provides a personal outreach to prospective students interested in WTSU. When high school seniors call, write or visit campus, it is important that they receive

individual attention from our entire staff."

The students work four hours each week at the WTSU Development Office where they conduct campus tours for visitors, serve as student hosts and hostesses at university functions, correspond with prospective students and help with office work.

They also will participate once each week in a class where they will discuss introductions, etiquette, self-image and goal-setting, said Graves.

Sava, who plans to major in elementary education, is the daughter of Bill and Jacque Sava of Dimmitt.

During her years at Dimmitt High School, she has been a cheerleader, member of Key Club, band and student council, and served as manager for the basketball team. She also participated in track.

She was chosen to represent the area at Girls' State and has been listed in Who's Who Among American High School Students.

AC sets dates for fall registration

Amarillo College academic registration for Fall Semester '84 will take place in Hereford on Aug. 21 from 7-8 p.m. at Hereford High School. Representatives from the AC Registrar's and Business offices will assist in the registration process. Appropriate textbooks will be available.

Twenty-two different course selections will be offered in Hereford this year, from accounting to literature, nutrition, nursing and real estate. A brochure outlining complete class listings, admissions policies, and tuition and fees will be mailed in early August to areas residents.

Instructors for these Amarillo College classes include full-time AC faculty, area business professionals, and local high school teachers.

Courses such as composition, literature, government, and history are considered general academics. These classes not only apply to two-year degrees available at AC, but also transfer to four-year institutions anywhere in the state or country.

One course of special interest that fills the criteria of an elective is College Reading Techniques. Instruction is designed to improve all levels of reading proficiency, speed, comprehension, vocabulary, and general study skills. An individual program is designed for each student based on a diagnosis of reading levels and needs.

College Reading Techniques is a three-semester-hour course that meets Thursday evenings from 7-9:45 in the high school. This course benefits all students in their

college endeavors, regardless of their chosen occupation or degree plan, a spokesman said.

Amarillo College coursework is made available to area residents in cooperation with the Hereford Independent School District.

Students earn full resident credit, that is the same credit as if they were attending classes on the AC campus in Amarillo. New classes are formed when sufficient need or demand is established, according to Clifford Siess, Amarillo College's associate dean of instruction.

Further information can be obtained by calling Kenneth Helms, vocational director of the Hereford Independent School District, at 364-5112.

Requirements changed by Hart school board

In their regular meeting July 9, the Hart School Board voted to require that all high school students must take six subjects at all times and have 22 credits in order to graduate from either the regular program or the advanced program.

In addition to the above requirements, high school students must be enrolled in physical education the first 1½ years, but they may substitute marching band for physical education. To be eligible to substitute band, students shall achieve an acceptable score on the Texas Physical Fitness Test.

The board also agreed that top honor students will be selected from students taking the advance transcript only. Honors courses shall be defined as those courses having specific criteria for entry of highly motivated students; a differentiated curriculum that includes a wider range and greater depth of subject matter than that of the regular course; and emphasis on higher level and critical thinking skills; provisions for creative, productive thinking; a stress on cognitive concepts and processes; and instructional strategies that accommodate the learning styles of the students involved.

Two years of science will be required for every student according to the board, and three years of science will be required on the advanced transcript with biology, chemistry and physics the recommended courses of study.

The board also voted that all freshmen will be required to

take a vocational course.

The board voted to employ Lea Ann Wells as the kindergarten teacher and William Logan as assistant coach and math teacher.

Summer improvements in the Hart schools consist of resurfacing the tennis courts, constructing a new foyer for the business office, a new roof on the Industrial Arts building, completing work on the elementary library, and taking care of painting and maintenance work around all buildings. Ten new see-saws have been ordered for the elementary playground, 30 new desks and chairs have been ordered for the third grade classrooms and 30 tables were also ordered for the lunchroom.

In other action, the board adopted the 1984-85 school handbooks as presented by William Ammons; high school principal, and Jack Burkhalter, elementary principal, with new requirements and additions approved by the board. Additions made to the handbook include no school facilities will be used by a senior parent organization for money making purposes. No school personnel will be sponsors or be permitted to work or be responsible to the senior parent organization during school hours or school activities.

Leonard Griswold met with the board and gave a review on his bus repairs and maintenance for the 1984-85 school year.

The Board approved the vocational agriculture budget in the amount of \$7,000 as presented by Jerry Mathis, vocational agriculture teacher.

Nazareth school board votes on roofing job

The Nazareth School Board voted in their regular meeting July 11 to hold approval of payment for the new roofing job until work is complete.

The following work must be completed before payment will be made: the skylight must be completed; finish installing the vent in the eighth grade boys' restroom; fix cracks in the cover of expansion joints; and finish or replace the roof drain. Other factors include the damage from leaks after the roof was removed. Ceiling damage on the tiles, the carpet damage in the superintendent's office, expenses resulting from re-doing of rooms that had already been stripped, waxed and polished, and damage on a brand new plaque for a board member were suffered from the leaking roof. Information from the insurance adjuster is needed in these cases.

BIGGEST FOOD SPENDERS

The fastest-growing age segment of the U.S. population — the 35 to 44 year-old group — is also the segment which spends the most on food, says Dr. Al Wagner, a food technologist with the Texas Agricultural Extension Service.

"Households headed by persons from 35 to 44 years of age spend 38% above the national urban average at food stores and at eating-out establishments," Wagner reports.

This age segment now comprises 12% of the U.S. population, he says.

The age segment is expected to increase to 15% of the population by 1990 and to 17% by the late 1990's, he adds.

More about Bronco...

[Continued from Page 1] squad faced a must-win situation going into Tuesday night's games. They bounced back after Monday night's loss with a 20-11 victory in the opening game, but dropped the second game of the evening to Hereford.

Robert Ruiz led the Dimmitt Broncos to victory in the first game with two two-run homers, one in the top of the fourth inning and the other in the top of the eighth. He was aided in his efforts by Raymond Dones who also added a two-run homer in the top of the eighth.

Dimmitt fell behind 2-0 after two innings of play, when Jim Amina belted a 2-run homer for Hereford, but took over the lead 4-3 headed into the top of the fourth where Ruiz would blast the first of his two homers in the game.

Johnny Cornelius hit a two-run homer in the bottom of the fourth to narrow Dimmitt's lead to 9-5 going into the fifth.

The two teams were tied at 11 headed into the eighth and final inning, when Dimmitt got in some batting practice. Ruiz got his second two-run homer of the night and Dones added his first to key a nine-run inning that cinched the 20-11 win for Dimmitt, and forced another game with Hereford.

In the second game of the double-header, Hereford defeated Dimmitt by a count of 14-6.

Benny Gonzales of Hereford knocked in a man with a two-run homer in the top of the first inning to lead off the game. Johnny Cornelius hit a home run in both the third and sixth innings while Jim Amino added one in the sixth.

Despite Ruiz's and Dones' efforts, Dimmitt was never able to gain the lead in the contest and Hereford took the 14-6 victory and the right to go to Amarillo for the next level of play in the Bronco League tournament.

Former teacher to appear on 'Dallas'

Don Blankenship, award-winning director and outstanding Texas educator has landed acting rolls in two different films, and will be appearing on the hit night-time drama "Dallas" this season.

Blankenship was a drama, speech and English teacher, as well as tennis coach, at Dimmitt High School from 1974-1977.

He was known to his students at Dimmitt as "Mr. B". During his tenure at DHS, one of his one-act play casts advanced to the UIL state meet.

Blankenship leaves an award filled 10-year teaching career to return to his first love — acting. He is now based in Dallas and has signed with the Miller/Turpin talent management agency.

"Professional acting is a new road I selected to travel after leaving behind 10 years of teaching. I elected to sign with the Miller/Turpin Agency because of their professionalism, enthusiasm and their positive approach to the business. I am honored that they selected me as an acting talent," said Blankenship.

Laura Bellomy, director of the Miller/Turpin Agency wasted no time recruiting Blankenship after she noticed him. "It took me less than five minutes to realize that Don had the right amount of personality, talent and maturity to be a big success in "Dallas."

Don Blankenship

I wanted to represent him."

Blankenship continues to direct and is now working on a variety showcase with talent from the Professional Actors Studio.

The director of the Professional Actors Studio, Cindy Miller remarked that she was "very glad we have someone with Don's expertise and experience available to us.
