

Boy, 2, Swallows Rat Poison

Danny Price, a 2-year-old Hart boy, was admitted to Plains Memorial Hospital in critical condition Monday morning after eating cookies that had been sprinkled with rat poison.

DANNY is the son of Mr. and Mrs. Napoleon Price, who live with her sister's family, Mr. and Mrs. Charlie Scott, on the Paul Armstrong farm eight miles southwest of Hart. The baby's father is a farm worker and his mother is a cook in the Hart School cafeteria.

Both parents were working and Mrs. Scott was keeping the boy when the accidental poisoning occurred.

Mrs. Scott told sheriff's officers she had sprinkled a liquid arsenic poison on several cookies and had put them in a garbage can to kill mice and rats. The baby got into the garbage can and ate one or more of the cookies, she said.

WHEN SHE found the boy eating the poisoned cookies, Mrs.

Scott rushed him to the hospital in Dimmitt, then notified his mother at Hart, officers said.

Danny's physician described his condition as satisfactory Wednesday morning, but said that "it's too early to say" whether the boy will live or what the full extent of the arsenic's damage will be.

"He has improved since Tuesday, and we're hoping he'll pull through," the physician said.

Grand Jury Indicts Four

The Castro County Grand Jury indicted four persons last Thursday on charges of driving while intoxicated (subsequent offense).

TWO PLEADED guilty the same day before District Court Judge James Joy, and the other two are awaiting court action.

Bond was set at \$1,500 on each defendant.

Indicted were Mike Menchaca Jr., Louis Garcia Valdez, Severiano Amayo and Florinda Mercado.

Menchaca pleaded guilty and received a three-year probation sentence. Garcia was placed on five years' probation after entering a guilty plea. Amayo and Mercado are awaiting court action.

Christmas Mail Deadlines Listed

Christmas mailing deadlines were announced this week by Postmaster John Wood.

ALL DOMESTIC gift parcels for distant states should be mailed before Dec. 2, while those for local areas should go into the mail no later than Dec. 14, Wood said.

Greeting cards for distant states should be mailed no later than Dec. 11, and those for local delivery by Dec. 16.

Wood added that all Christmas cards will require a six-cent stamp this year, whether sealed or not.

SUGGESTED deadlines for gifts to servicemen overseas are Nov. 23 for small packages under the Space Available (SAM) system; Nov. 30 for Parcel Air Lift, which includes heavier packages; and Dec. 11 for air mail packages.

Last Christmas, Wood said, servicemen in Vietnam received the equivalent of about 50 pounds of mail per man during the holiday rush.

Blood Donors Still Needed

More blood bank volunteers are needed for Plains Memorial Hospital's "walking blood bank."

D. W. "DUB" SIMS, laboratory and X-ray director, said that while the "walking blood bank" project has received widespread endorsement, relatively few people have shown up to have their blood typed and their names placed on the donor list.

Sims has been typing donors' blood samples and issuing blood-type certification cards for the last two Sundays. The final day of the campaign will be Sunday from 7 a.m. to 7 p.m.

"We hope to have enough donors on the list so that no one will be asked to give blood more than once a year," Sims said. "This blood bank could be extremely important in saving lives."

Turkey Dinner Set at Nazareth

The Christian Mothers Society will serve a turkey dinner Sunday in the Nazareth Community Hall.

FEATURED on the menu will be turkey, dressing, potatoes, gravy, salad, stuffed celery, glazed carrots, homemade bread and pie.

The dinner will be served from 11:30 a.m. to 2 p.m. Prices are \$1.25 for adults, 75 cents for grade school children and 25 cents for pre-schoolers.

BOB FROEHNER PORTRAYS ARCHIBALD MacLEISH'S 'J. B.' Here, he tells his belief in God at Thanksgiving

Students to Present Pulitzer Prize Drama

Dimmitt High School's drama department will present Archibald MacLeish's Pulitzer Prize-winning drama, "J. B.," as its all-school play Saturday night and Sunday.

"This is the most ambitious play that has ever been undertaken at Dimmitt High School," said Bob Farrer, drama instructor. "This play isn't attempted very often by students, but we have the actors this year who can do it, and they're doing an excellent job with it."

"J. B." is a modern-day parody of the Book of Job — a tragedy of man's conflict with contemporary society. The play cast includes students from first grade through senior class levels.

PLAYING the lead role of J. B. is Bob Froehner, senior actor, who was named to the district all-star cast last year.

J. B.'s wife will be played by different senior girls in the two performances. Sharron Flynt will play the role Saturday night and Darla Kay will be J. B.'s wife in Sunday's matinee.

Two other experienced DHS actors, Mike Bell and Gail Crum, draw difficult assignments in "J. B." As the Roustabouts, they are called upon to play five different sets of characters during the first act. They make their costume changes onstage while action is diverted to other scenes.

OTHER major roles are those of Zuss, played by Jerral Seale; Nickles, portrayed by Steve Buckley; and the Three Comforters, played by Mike Elder, Steve Faulkner and Glenn Hammond.

Other cast members are Vicki Lawson, Janna Thamsich, Sue Stokes, Teena Proffitt, Darla Underwood, Susan Thornton, Jeanne Dammrc, Lonnie Markley, Craig Vandive, Ricky Bell, Penny Proffitt and Camellia Taylor.

THE PLAY takes place in a circus setting, with action switching from one set to another. During the play's two acts, J. B.'s "patience of Job," a result of his Christian serenity and trust in God, is tested to the utmost as his happy family is beset by one tragedy after another.

Farrer designed the stage sets himself, and Jimmy Coleman was in charge of set construction. Stanley Reed will provide special lighting effects, and Danny Goolsby and Lonnie Markley are in charge of sound effects.

Band to Serve Turkey Supper

The Bobcat Band will hold its annual Thanksgiving Supper Saturday evening from 5:30 to 7:30.

THE SUPPER will be in the South Grade School cafeteria, and will feature a complete turkey dinner with prune cake dessert. Prices are \$1.50 for adults and 75 cents for children 12 and under.

Band parents will prepare and serve the meal, while members of the band clear tables and wash dishes. Dinner music will be furnished by Janice Mooney, National FHA pianist, and by the high school stage band.

The Band Boosters Club sponsors the turkey dinner each year to raise money for the annual band trip.

Boston's Brother Killed in Crash

Woodie Boston of Kress, member of a well-known family in this area, was killed in a car wreck five miles north of Tulia Sunday morning.

OFFICERS said his car ran off the highway and hit a bridge railing at 6:10 a.m. He was pronounced dead at the scene by Coroner D. J. Northcutt.

Mr. Boston, 55, was the brother of Walker Boston, who formerly operated the Sands Motel in Dimmitt, and of Jay Boston of Hereford, who farms in the Rance community in northern Castro County.

A native of Hale County, Mr. Boston had been a Swisher County resident since 1918 and a farmer near Kress most of his life.

HE WAS a member of the Methodist Church and the Tulia Masonic Lodge, and was active in his soil conservation district and in several farm organizations.

Funeral services were conducted at 3 p.m. Tuesday in the First United Methodist Church of Kress, with Rev. James Patterson, pastor, officiating. Burial was in Tulia's Rose Hill Cemetery, under the direction of Wallace Funeral Home of Tulia.

Hard 'Flu' Winter Foreseen; Doctor Urges Immediate Shots

It's liable to be a hard winter for those susceptible to influenza, and the county health officer urges all local residents who haven't had their "flu shots" to get them immediately.

THERE'S no vaccine on the market yet for the "Hong Kong flu" that's creeping across the western US, but Dr. J. D. Blackburn said a vaccine will be in limited supply by late December or early January.

Those who have already had their first 1968 flu shot could use

the "Hong Kong" vaccine as their second shot later in the year, Dr. Blackburn said. Or, he added, you can take the Hong Kong vaccine after completing your regular two-shot series.

THE PRESENT flu-shot series protects against the most common types of influenza including most strains of the Asian flu, Dr. Blackburn said. But the Hong Kong flu represents a strong new virus strain which the regular two-shot series won't ward off, although the standard shots may minimize the effects of Hong Kong flu.

Medical authorities recommend flu shots for all persons, especially those over 65.

"The ideal time for the first flu shot was a month ago," Dr. Blackburn said, "but it could still be effective if taken immediately."

IDEALLY, the shots should be completed in early December. People with chronic illnesses and those in nursing homes or other "group" environments should make a special effort to be immunized, Dr. Blackburn said.

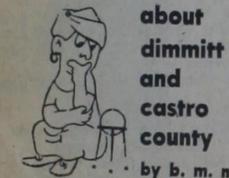

Those wanting flu shots should consult their family physicians, Dr. Blackburn said, and not the local hospital or public health clinic.

HOWARD COOK
US Weather Observer

Just dawned on me the other day that people who make laides' slacks must have quite a problem. There may be some standard sizes, but on the other hand there has to be some very unstandard sizes. To imagine some of the size and shape slacks needed to fill the demand requires some imagination indeed.

A lame duck official, especially a lame duck president of the United States, is in anything but an enviable position. He has played his hand. The record to be judged by history is there, very little can be added in the intervening two and a half months. It is just a matter of trying to protect his score until the whistle blows.

Wes Izzard of the Amarillo Daily News has finally shown a spark of intelligence and came up with something that agrees with one of my opinions. He agrees with me that the Supreme Court of the United States should have refused to consider the alleged case of Congressman James Clayton Powell. Regardless of what the Court's decision may be, this is one case when they should have kept hands off. In a sense congressmen are outside the law. They can shatter traffic regulations and refuse a traffic ticket. Congressional immunity gives them license to make any accusations, insults or charges against anyone or anything without being taken to task by any court, person or law. They only have to answer to one power and that is congress itself. When it becomes necessary for the congress to discipline one of its members, that member should not have the right to appeal to the court. It is regrettable that a man with the lack of character, such as James Clayton Powell, can be elected to high office.

Trying to fast-guess a person is a useless pastime. However, many people are, and it's hard not to join in, trying to imagine just who President-elect Richard Nixon will appoint to his cabinet. It is almost certain that there will be a complete new cabinet come January 20th, or thereabouts. About all the old cabinet can do is to see that business goes on as usual for the next eight or nine weeks, then there will be a complete new team. Chances are they will all be rookies, since it has been eight years since there has been a republican administration and all of the members of the old team are either dead or too old to carry the ball. It seems pretty certain that many, if not all of the cabinet posts will be filled with corporation lawyers, giants in high finance or corporation officials. Whether this is what the nation needs only time will tell.

Gidd Faircloth was just in to let us know that the Dutch luncheon, scheduled for Friday night at the Country Club has been postponed until Saturday night. This information came in too late to be developed into a news story, but the main fact is made public herewith for the information of any and all concerned.

THE LAST HOLE — Herbert Bruns of Hereford (center), US Soil Conservation Service soil scientist, digs the last soil-sample hole east of Dimmitt Tuesday to complete the Castro County soil survey. Representing the agencies that cooperated

in the four-year project are Ernest Brockman (left), supervisor of the Running Water Soil and Water Conservation District, and County Agent Charles Hottel. Bruns was in charge of the project.

What's Your Land Like? New Soil Maps Tell You

Tuesday saw the completion of a four-year project that will have dollars-and-cents value to every resident of the county.

THE CASTRO County Soil Survey is now complete and has yielded maps of valuable soil information on every farm in the county.

The survey was a joint project of the US Soil Conservation Service, Running Water Conservation District and Texas A&M Extension Service. Herbert Bruns, SCS soil scientist from Hereford, was in charge of the survey.

The completion of the project means there are now maps available to tell you what kind of soil you'll find on every farm in Castro County.

PRIMARILY, the survey will enable the Soil Conservation Service here to work with farm operators and land owners on a farm-by-farm basis in planning conservation programs. But the information

contained in the survey also is important to fertilizer companies, banks, real estate agents, developers, farm renters, land buyers, tax evaluators, highway planners, private contractors, school districts, and many others.

The maps — showing the county's variations in lines superimposed on aerial photos — will be kept at the Soil Conservation Office, where they will be available to the public.

They yield information on the soil's texture, permeability, slope, severe erosion areas, depth of soil, amounts of sand, silt and clay in each layer, water holding capacity, and other data.

THE SURVEY maps cover both city land and rural acreage.

"In the city, of course, we can't map the soil with the intensity that contractors sometimes need," Bruns said. "But our maps do give a builder an indication of how much the city soil is likely to expand or contract during weather changes."

NEXT STEP is for the US Government Printing Office to produce 1,500 or more copies of the Castro County Survey book, complete with maps. But Bruns said the printing is still about three years away.

"The criticism we hear most often concerns the length of time between the completion of the survey and the publication of the report book," Bruns said. "This is a matter of budgeting — we don't have too much money to work with, and it takes several years to get the funds for the printing."

When published, the book will give 50 to 60 pages of text on the county's soil descriptions, soil percentages by types, soil use and management, best conservation practices for the types of soil found here, range management, engineering applications, classification of soils, and the general nature of the area.

THE MAIN part of the book will be fold-out maps with soil "type lines" superimposed on aerial photos and soil areas classified by symbols. These are the maps that are available now, but require a trip to the Soil Conservation Office.

When published, the 1,500 or more soil survey books will be made available to the Running

Water Conservation District through the office of the District 18 congressman, Bruns said.

Deaf Smith County's soil survey book is just off the press, with 1,600 copies printed, Bruns said.

SOIL SURVEY reports eventually will be available on every acre of the nation, Bruns added. But the projects nationally are only 40 to 50 percent complete, whereas the soil surveys of Texas Panhandle counties are already 70 to 80 percent finished because of the importance of the soil to the area's economy.

Parmer County's soil survey will be finished next, and is already 60 percent complete, Bruns said.

Dimmitt Teams Open With Wins

Dimmitt's Bobcats, Bobbies and boys' B Team all started the basketball season on a winning note with impressive victories over Adrian Tuesday night.

JERRY BRADY, just three days out of his football togs, sank 22 points to lead the Bobcats to a 72-59 victory as every player on the varsity squad saw action. Also scoring in the double figures for Coach Kenneth Cleveland's Bobcats were Mark Cleavinger with 14 and David Land with 12.

Coach Bob Askey's Bobbies racked up an impressive 60-29 victory over the Adrian girls. Ruth Dyer led the Bobbies' scoring with 22 points, followed by Suzanne Merritt with 16 and Sharon Barker and Karen Lytle with 11 apiece.

In the boys' B Team game, Dimmitt staged a 67-29 runaway as Larry LaBodie scored 14 points for the B-Cats.

TONIGHT (Thursday) Dimmitt's cage teams will travel to Springlake to face the rugged Wolverines and Wolverettes. These games, originally booked for Friday night, have been rescheduled for tonight.

The first home games will be Tuesday night, when the Bobcats and Bobbies host Farwell in North Elementary Gym. Game time will be 5:30 for the B boys, 7 for the Bobbies and 8:30 for the Bobcats.

City Officials Go to Conclave

Dimmitt's mayor, two commissioners and city manager represented the city at the annual convention of the Texas League of Municipalities in Dallas last week.

ATTENDING were Mayor and M's. George Bradford, Commissioner and Mrs. Noel Gollehon, Commissioner Troy Kirby and City Manager E. B. Noble.

Mayor Bradford also represented District 1 of the TLM as its second vice-president.

The convention was held Nov. 10 and 11, and the Dimmitt delegation returned Wednesday of last week.

Students to Get Four-Day Holiday

All of Castro County's schools will dismiss an hour early Wednesday and give students a four-day Thanksgiving holiday.

DIMMITT's elementary schools will dismiss from 2:30 to 2:38 Wednesday and Dimmitt High School students will go free at 2:45.

At Hart, all schools will dismiss at 2 p.m. Wednesday, and at Nazareth, schools will turn out at 3 o'clock.

This week marks the end of the second six weeks, and officials of all three school systems said report cards will go out on the Monday following the Thanksgiving holiday.

READY OR NOT — It was a mud-soaked happiness that surrounded Head Coach Brown L Smith Friday night after his Dimmitt Bobcats defeated the Floydada Whirlwinds 13-6 to complete an 8-2 season, the

best for a DHS team in 17 years. The happy coach and his players didn't even seem worried about his blue suit. After all, it was Dimmitt mud.

SCHOOL PAPER — Bob Farrer, Dimmitt High School journalism teacher, looks over the latest issue of "Spirit of 69" with Linda Bradley, associate editor and production manager, in the school's "press room." The paper is being produced on an experimental basis by the journalism class, and is being printed by offset duplicator. This is why there has been no "Bobcat Tales" in the Castro County News for the last three weeks. If the experiment works, Farrer said, the journalism class will sell subscriptions to "Spirit of 69."

Disaster Aid Workshop Set In Hereford

A five-county Red Cross Disaster Team Action workshop will be held at Ward's Restaurant in Hereford from 10 to 2 p.m. Friday.

DICK MEYERE, regional director for disaster from St. Louis, will be present to conduct the workshop.

All registered nurses of the area are urged to be present, as well as Civil Defense representatives and members of Young Homemakers groups.

Registration will begin at 9:30 with an informal coffee and get-acquainted session.

Counties included are Lamb, Bailey, Parmer, Castro and Deaf Smith.

Anyone planning to attend should notify Genevieve Miller, executive secretary, at 364-3761.

The View From Your Library

By VIRGINIA NEWSOM

This is an invitation to everyone to visit the library this week. We will have open house through Sat. Nov. 23. Coffee and cookies will be here each day and pencils for every child who comes in.

WE HAVE a very interesting new book display. The bookmarks and poems from the contests will also be here for you to look at.

Let's all make National Children's Book Week a big week at your library.

THE FRIENDS of the library will be sponsoring the contest with books being awarded to the winners on radio next Saturday morning.

The ladies on the library board will be bringing refreshments each day and First State Bank will furnish the pencils. All in all we are hoping for a big week.

Twenty youngsters braved the cold and wet weather last Friday to come to Story Hour. Mrs. Clark brought some very good cookies for refreshment. We all have a good time. If you have a pre-schooler, why not bring him down some Friday afternoon at 1:00 and let him join the fun.

WE WILL be printing the three winners of the poetry contest in the next few columns and perhaps some of the others which have merit. Some have already come in, and these are some that I think are exceptionally good. There will be five impartial judges for each contest and I don't envy them their job.

Gold Star Winners Cited

By IRENE KEATING

Castro County's Gold Star winners, Debra Hochstein and Eugene Warrick were honored at the District I Gold Star banquet in Amarillo Saturday. They were accompanied by their parents, William Hochstein and Mr. and Mrs. Billy Warrick. Ronnie Burks provided dinner music. Don and Verbie Nelson, Charles and Estelita Hottel and Max and I attended. It was a very pleasant evening.

★ **MANY OF** you will have company for Thanksgiving. So why don't you add spice to the traditional holiday menu?

There are many versions of pumpkin pie. Here are some ideas that may help you.

Dairy sour cream makes pumpkin pie. For variety, add two teaspoons grated orange rind, four teaspoons orange juice and three teaspoons sugar to a cup of sour cream. This sounds delicious.

Another suggestion is to add something to the traditional whip cream. Use spices, nuts, fruit or flavoring to do this.

Mince-meat pies are popular at

this time of year. Top your pie with a sauce made from one cup dairy sour cream, three tablespoons firmly packed brown sugar and one teaspoon nutmeg. Mince-meat can also be used to make a pretty holiday parfait. Alternate layers of ice cream and mince-meat in parfait glasses. This is a good dessert and much better for those of us who must watch our calories.

★ **THIS IS** the time of year when it is very easy for us to overeat. My suggestion to you is to lose a few pounds before the holidays so you won't have to deny yourself so much during the holidays.

However, remember to watch calories — it's all those yummy sweet things we have at holiday time that certainly add pounds. The USDA has put out a handy booklet "Calories and Weight" which gives the caloric value for most foods. I've ordered a supply of these and you may come get them or call and let us mail them.

Another bulletin I've ordered is "Baking for People with Food Al-

lergies." This will be of help to many of you. It contains recipes for baked goods without wheat, milk or eggs.

Easter to Host 'Shoot' Sunday

You can "shoot" your own Thanksgiving turkey or ham Saturday when the Easter Lions Club sponsors a turkey shoot.

★ **THE SHOOT** will be held from 10 a.m. until dark on Easter's "Main Street," Farm Road 1055.

Shotguns only will be used, and the shoot is open to both men and ladies. Shooters will compete in five-person groups, with each taking five shots at clay pigeon targets. The top scorer in each group will get a choice between a frozen turkey or ham.

★ **WHY** were your story and picture printed free in the News? Because advertising paid the cost. It's another good reason to shop Dimmitt first!

Bible Thoughts

SIN

By Ronnie Parker

Sin is defined in I John 3:4, "Whosoever committeth sin transgresseth also the law: for sin is the transgression of the law." In the American Standard Version this passage is rendered: "Every one that doeth sin doeth also lawlessness; and sin is lawlessness." Thus sin is anything in one's life which is contrary to the standard of righteousness set forth in God's law, the gospel of Christ.

But not only does one sin in committing an outward act of evil, but also in refraining from doing good. James says, "To him therefore that knoweth to do good, and doeth it not, to him it is sin" (James 4:17). Still further, the New Testament deals with sinful motives, intentions, and desires (Matt. 5:21, 22, 27, 28).

There are divine provisions offered in the gospel for all sinners. It can rightly be said that Christ is God's answer to the problem sin. All men need salvation through the Lord Jesus Christ and that is why the Gospel is "good news". Every sinner has a choice. He can be convicted of sin and seek God's help and forgiveness through trust and obedience or he must live life in this world without Christ and face certain doom in the world to come. Dear friend! It is better to trust and obey.

LAND OF PLENTY

★ THANKSGIVING FOR ...

- PROSPEROUS NATION
- FOOD
- A STRONG NATION
- FREEDOM OF WORSHIP

Pages could be filled with ways that God has blessed us, and we should be continually thankful for God's goodness. At this time, however, we should pause from our daily workday habits and in unison, give special thanks to God, that we still have freedom of worship.

Attend church this Thanksgiving weekend

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Sen. Ralph Yarborough

Nixon and Congress Must Work for Unity

By Sen. Ralph Yarborough (D-Texas)

The American people have chosen a new man to lead them beginning in 1969. Richard Nixon will become the 37th President of the United States. The voters also chose a new House of Representatives and 34 Senators to make up the new 91st Congress which convenes in January.

I WORKED with President-elect Nixon during the 1950s, serving in the Senate where he presided as Vice President. I know him to be an intelligent and hard worker with a deep love for his country. I am hopeful he'll provide the leadership we need to prosper and progress in America.

The Senate convening in January apparently will include 13 freshmen — an usually large number of new faces. Democrats still have a majority and thus will control chairmanships of the 16 Senate committees.

Nevertheless, three committees will have new chairman. Sen. Carl Hayden, longtime chairman of the Appropriations Committee, and Sen. Lister Hill, chairman of the Labor and Public Welfare Com-

mittee, are retiring. The chairman of the Post Office and Civil Service Committee was unfortunately defeated in his re-election campaign. Thus we have three chairmanships open. I served on all three of these committees in the past Congress. The Democrats lost only nine seats in Congress, however, and so I do not expect any major change in its legislative action.

IT IS too early to predict what sort of government we will have under the new administration, but a few things are clear. Since Democrats control Congress with a Republican President, I'm hopeful these next years will be relatively bipartisan ones. We must work to unify our nation, rather than further divide it along party lines. I plan to work with the administration and do what I can to contribute to national unity. But I do not intend to surrender the great programs which we have developed under the Kennedy and Johnson Administrations, such as Medicare.

For while the President will be new, many of the problems facing the Nixon Administration also faced the Kennedy and Johnson Administrations. Paramount is the need to settle the war in Vietnam and bring our men home. We must ratify the nuclear non-proliferation treaty without wasting further time, to curb the spread of nuclear weapons to other nations of the world.

Here at home we must find a way to reduce crime and unrest. We must better the lives of nearly 30 million Americans — 15 percent of our population — who still fall below the poverty line and who lack proper food, housing and clothing. We must find a way to help our farmers achieve prosperity; and we must seek new horizons in the fields of education,

mass transportation, housing, and conservation of our resources. These next four years must be constructive ones, and I intend to make them that way.

Financial Facts

By Willis A. Hawkins, Jr.

Here is a peculiar expression — "near money". Yet it is an important division in present day financial set-ups.

Near money may be defined as securities that are not quite money. Something has to take place before the actual cash is forthcoming.

Let's look at some examples of near money: savings account balances; United States Savings bonds; Savings and Loans shares; and United States Treasury bills.

You can't pay for a cartload of groceries by tendering your savings account pass book. But the money draws interest for you!

Nor can you get a filled tank of gas at a service station by offering a United States Savings bond, a Savings and Loan share or a United States Treasury bill. "Near Money" must be converted

ed into money before being accepted as a medium of exchange.

Make It a Bright Christmas For GIs on Our Mailing List

If you want to send Christmas cards or packages to Castro County's men in service, here's the complete mailing list, compiled by Mrs. Raymond Hance for the "Candy for GIs" project.

POSTMASTER John Wood said the deadlines to observe to assure delivery of overseas mail by Christmas are:

—Nov. 23 for small packages to go under the "Space Available" (SAM) system.

—Nov. 30 for packages up to 30 pounds or 60 inches in girth to go under the Partial Air Lift (PAL) mailing system.

—Dec. 11 for air mail packages of all sizes.

THE DEADLINE for mailing large packages overseas by surface transportation was Nov. 9. Wood emphasized that all Christmas cards mailed to servicemen — or to anyone else, for that matter — must carry a six-cent

stamp this year. The Post Office Dept. has done away with the five-cent system for unsealed Christmas cards.

Bobbies Start Season With New Head Coach

Dimmitt's Bobbies will have their work cut out for them tonight (Thursday) when they visit the Springlake Wolverettes, defending state Class A champions. THE BOBBIES, who started their season Tuesday night against Adrian, are guided this year by a new coach, Bob Askey, who previously coached at Frenship. The 12-girl varsity squad is composed of nine juniors and three seniors, including four who started regularly last year. E. cable starting forwards tonight at Springlake are junior Ruth Dyer, returning starter; junior Suzanne Merritt, who saw lots of action last year; and senior Sharon Barker, a converted guard. SENIOR guard Carla Robertson, returning starter, anchors the Bobbies' defense. Expected to start with her tonight are juniors Beverly Newman and Keri Kirkpatrick, both of whom saw lot of action last year. Kirkpatrick's starting assignment depends on a mending ankle. Coach Askey said. The Bobbies' main utility player is junior Delores Wilke, who started much of the time at guard last year. She'll alternate between guard and forward this season. COMPLETING the varsity roster are senior Sandy Hilger and juniors June Ewing, Karci Lytle, Vicki Vaughan and Debbie Wilson. The Bobbies are using a "double post" offense this year, with Dyer and Barker setting up near the baseline and rotating to the high post spot, depending on the direction of the playmaker's pass from Merritt. Askey said his forwards

also will use a "roll" offense occasionally, with inside drives and outside handoffs. Tonight's game will be a rugged test for the young Bobbies, but Askey thinks his girls can give the Springlake Wolverettes a run for their money. "Springlake beat us pretty badly in a scrimmage before the season," he said, "but we've been

trying to correct the mistakes we made in that scrimmage. I think we'll give them a good game." Springlake has won the state Class A championship for the last two years, and has four starters back from last year's squad. Game time tonight is 5:30 for B boys, 7 for the varsity girls and 8:30 for the varsity boys.

Longhorns Pound Matadors, 35-7

By BILL AND SUE BATES

Joe Quiroz led the Hart Longhorns to a 35-7 victory over the Matador Matadors in District 4-B

competition Friday night at Sanders Field.

THE LONGHORNS scored first with just 2:26 left in the first quarter. Quiroz started the scoring by running 15 yards on an off tackle play. The extra point try was no good.

ASCS Notes Cotton Election Two Weeks Away

By CHARLEY HILL County Office Manager

The period from Dec. 2 through 6, has been set for the marketing quota referendum for the 1969 crop of upland cotton. The vote will be held by mail, as it has been for the past two years. Notices of farm acreage allotments will be mailed to operators of cotton farms prior to the referendum.

Late in the second quarter, the Longhorns decided to score again. They moved the ball to the 2-yard line and Quiroz ran for another TD, making the score 13-0 at halftime. Jimmy Allensworth kicked the extra point.

With just 6:30 gone in the third quarter, Quiroz scampered five yards for his third touchdown, then Rambo passed to Quiroz for two extras.

IF QUOTAS are approved by at least two-thirds of the upland growers voting, the program under which payments are made to cooperators will be in effect. While all program details of the upland cotton program have not been announced, the farm domestic allotment has already been set at 65 percent of the farm acreage allotment.

During the fourth quarter the Matadors finally got into the scoring too. Don Cox ran up the middle eight yards for a touchdown, and he also kicked the extra point.

MEASURING service is again available for your 1969 wheat. There will be a fee for the measuring service; therefore, if you are interested, please contact the Castro County ASCS Office.

The Longhorns will play Turkey Turks Friday night at Turkey for their last game of the season.

1968 WOOL PROGRAM Producers are reminded to file their application for incentive payments covering unshorn lambs and wool sales no later than Jan. 31 for the 1968 wool marketing year.

Land Sparks Bobcats to Final Victory, 13-6

By JIMMIE CHAPMAN
David Land, playing his last and perhaps best game for the Dimmitt Bobcats, ran with the ball 32 times and gained 161 yards Friday night on a muddy field to spark a 13-6 victory over the Floydada Whirlwinds and give the Bobcats second place in the District 3-AA with an impressive 8-2 record for the season.

LAND PUT the finishing touch on the contest in the last three minutes when he rambled 59 yards in seven plays to score the final touchdown. Land went over from the two-yard line for the final touchdown of his outstanding high school football career.

Coach Brown L. Smith thus finished his best season since coming to Dimmitt four years ago. His charges lost only two games during the year, one to the district champion Mustangs and another to the Farwell Steers. Smith had nothing but praise for his Bobcats after the game, and refused to take credit for the victory, saying that his boys had wanted to win this one to make their record the best since 1951, when the Cats posted an 11-1 record.

IT WAS a cold, muddy night but the Dimmitt stands were practically filled for the encounter. Water was standing in several places on the field and the boys were well-soaked within a few minutes after the kickoff.

The game also set a record for punts for the season, nine for each team. Bobby Baker covered

335 yards on his kicks and Whirlwind Steve Craig got a total of 301 for his efforts.

The first quarter was a scoreless affair with only the Whirlwinds threatening. After Baker boomed his first punt, Floydada took over on its own 21 to start the first long drive of the night. With runs by Steve Puckett, Steve Craig and Con Bearden, the Winds moved the ball on the ground to the Dimmitt 34 before the Cats' defense held and Dimmitt took over.

FLOYDADA'S touchdown came as a result of a fumble by Danny Newton on Dimmitt's 26 late in the first period. Four plays later,

after the second quarter started, Jack Gregory hit Todd Wester with a 22-yard scoring pass. Floydada had moved the ball to the 12-yard line, but the hard-charging Dimmitt line pushed them back to the 22, from where Gregory passed Wester tried to kick the extra point but the ball was wide to the left and Floydada held a 6-0 lead early in the second quarter.

Floydada recovered another Bobcat fumble on the Dimmitt 25 and drove to the nine before the Cat defense held and took over midway in the second.

Late in the quarter, Jimmy Coleman intercepted a Gregory pass on the Dimmitt 40 and ran it back to the Floydada 47 before being hauled down. Land carried three times and gained 20 yards to put the ball on the 27-yard line. Quarterback Jerry Birdwell then found end Jerry Brady down the sidelines on the 5-yard line and hit him with a TD pass. Land's kick was good and Dimmitt had a 7-6 lead with 2:22 remaining in the first half.

JUST BEFORE halftime, Birdwell again hit Brady with a pass that went for 35 yards, but the big end was found guilty of offensive pass interference and the play was nullified. Brady was to have this called on him twice during the night for the only 15-yard penalties in the game for either side. The half ended as Baker punted 54 yards to the Floydada 10. The third quarter was scoreless, with the punting duel between

Baker and Craig keeping both teams on their own end of the field. Baker kicked one that put the Winds on their own 8-yard line, and Craig put one out of bounds on the Cats' 6. The punting, coupled with a muddy field and great defensive play by both teams, kept the quarter scoreless.

The first part of the final period was the same story. Nelson Chavers, Danny Newton, Gary Langford, Roy Thomas, Jerry Cartwright, Larry Gamble and Brady were outstanding on defense side for the Cats in this period. Covered with wet, cold mud, they stopped every threat that the Whirlwinds could put to them. This was by far the best defensive game of the season for the entire Bobcat line, which limited Floydada — supposedly one of the better running teams in the district — to only 114 yards total for the night.

DIMMITT'S clinching score

came with only 38 seconds left on the clock. It was set up when Danny Newton pulled in a Craig punt on his own 15-yard line and battered it out to the Dimmitt 41.

Land proved what a fullback is supposed to do on a muddy field, and Birdwell called on him every play. It took the big senior fullback seven plays — one when he needed five yards on third down and gained 35 — to produce the TD. He went over the back of Richard Jackson for the score from two yards out after Floydada had been penalized two yards, half the distance to the goal line. The extra point attempt never came off as the snap from center was missed.

To top the game off, with 38 seconds remaining Land puled an inside kick and Jimmy Coleman recovered for the Cats at the Floydada 40. Birdwell simply pulled two quarterback sneaks to run

out the clock and end the game with a 13-6 Bobcat victory.

With Dimmitt's speedy halfbacks unable to go on the slick field, Land was almost the whole show on offense for the Cats with his 32 carries, but the quarterbacking of Jerry Birdwell was exceptional, also. The junior quarterback called one of the best games of the year and lost the mud slick ball only once. His ball handling, going mostly unclipped by the fans, was outstanding with only one fumble being missed. He called the right plays and passed enough to keep the linemen off of Land and Newton, who did practically all of the Cats' running. He also completed five of 16 passes, good even in dry weather. Birdwell was pushed to the man-der slot three weeks ago when Billy Sanders, the regular quarterback was injured and had to undergo surgery. He led the Cats to three district 3-AA victories so the Cats could end the season with the impressive 8-2 record in a district that was very evenly balanced.

Co-Captain Durward Strickland who had been injured the previous two weeks, returned to put a spark in the Cats' line. And Co-Captain Larry Gamble stood out on offense and defense, playing the entire game.

BOBBY BAKER finished the sea-

son with a punting average of 37.93 yards per kick. He booted the ball 46 times for a total of 1745 yards. His average dropped considerably in the Hale Center game when he punted only 3 times for 64 yards and had the only punt blocked for a touchdown. Jerry Birdwell punted the ball once, in the Abernathy game, for 46 yards.

Seniors suiting out in purple and white for the last time were Jesse Vasquez, Jimmy Coleman, David Land, Richard Jackson, Robert Upfold, Durward Strickland, Larry Gamble and Jerry Brady. Lee Buchanan, another senior and starter on the team, had to give

up football earlier in the season because of an injury.

Well, it's basketball time so this is "30" for the grid season of 1968. Well done, Bobcats!

Zinc Is Vital To Fence Life

Thirty years of testing have shown the value of zinc coating as a means of adding to the useful life of farm fencing.

TESTS recently concluded at Texas A&M University confirmed that the more zinc or galvanized coating on a wire, the longer it will resist rusting. Farmers and ranchmen should keep this in mind when fencing materials are being purchased.

Rainfall and humidity are major factors contributing to rust and heaviest coatings for wire used in such areas are recommended.

Wage-Hour Law Seminar Slated

Merchants who will be covered by the Federal Wage-Hour Law after Feb. 1 may learn the complexities of the program at a special seminar in Lubbock Monday.

THE SEMINAR, sponsored by the Texas Retail Federation, will begin at 1:30 p.m. Monday in the In Town Inn in Lubbock. Registration is \$10 per person.

Michael R. Moore, executive secretary of the TRF, said the seminar will last approximately four hours, and suggested that all store owners, managers and chief accountants attend.

"As you know, on Feb. 1, 1969, all retail establishments whose annual volume is \$250,000 or more will be covered under the Federal

Wage-Hour Law," Moore said. "Coverage is presently limited to those whose volume is \$500,000 or more.

"THIS IS a very complex law which few retailers, ever those currently covered, completely understand," Moore added. "Proper education can save these people considerable time, trouble and, in many cases, substantial payroll costs."

Similar seminars on the Wage-Hour Law are being conducted by the TRF throughout the state.

TOPICS to be covered include a brief history of the Wage-Hour Law, which retail units are covered, required record keeping, minimum wages, working hours and overtime pay, exempt retail personnel, equal pay provisions, child restrictions and age discrimination.

IRS Answers Tax Questions

Q — I started working this fall. Will enough be taken out of my paycheck to cover the new surtax as well as the regular income tax?

A — For most people, withholding will be sufficient to satisfy their federal tax liabilities this year as it has in the past.

Withholding rates were adjusted in July to take care of the tax surcharge. As you started work after that date, tax will have been withheld at rates set to satisfy your federal income tax liability.

The new tax surcharge will have an effective rate of 7½ percent in 1968. Although the tax surcharge rate is 10 percent it is in effect for only nine months of the year for individuals. The surcharge on corporation income is in effect for the entire 12 months of 1968.

Q — Our country place was damaged by lightning. Can we deduct the loss?

A — If the loss exceeds \$100 and is not covered by insurance you may be entitled to a tax deduction. Generally, the loss is the difference in the value of the property before and after the lightning struck.

For details send a post card to your District Director and ask for a free copy of Document No. 5174, Disasters, Casualties and Thefts.

Q — Why isn't a check made out to cash acceptable as proof of a charitable contribution?

A — To substantiate a deductible expense your records must indicate, among other things, the purpose of the expense, to whom paid, as well as the amount.

A check made out to cash or to yourself gives no indication by itself of the nature of the expense. This kind of check must be supported by other records, such as receipts, to be useful in proving any deductions you claim.

A check made out to a specific organization, a charity for example, may well be sufficient to establish that a deductible contribution has been made.

Q — I've made a substantial pledge to my church's building fund. Can I take this deduction on my 1969 return if it is to my advantage?

A — Deductions for charitable contributions can only be taken for the tax year they are actually paid. If you pay all or part of your pledge this year then you must take the deduction on your 1968 return for the amount actually paid. To take the deduction on your 1969 return you should

postpone your payments until 1969.

Q — My paycheck was a few dollars higher last time even though my gross earnings were the same. Are taxes lower?

A — No, the only recent change in federal withholding rates was the 10 percent increase resulting from the surcharge.

Your net pay could be higher if Social Security taxes are no longer being withheld from your wages? An employer is required to withhold Social Security taxes only on the first \$7,800 paid. After that total is reached, these taxes are no longer withheld so that the net amount of an employee's paycheck will go up.

Q — Can I make changes in my withholding exemptions whenever I want?

A — It depends on your employer. Many employers will let an employee change his withholding certificate at any time. Under the law, however, the employer is only required to make payroll changes four times a year, on January 1, May 1, July 1, or October 1, for changes filed at least 30 days previously.

Workmen's Compensation Hike Proposed to New Legislature

By Texas Press Service
Austin — A dramatic 40 percent increase in benefits to injured Texas workers is proposed in compromise legislation agreed to by labor, employers and trial lawyers.

AFL-CIO, Texas Manufacturers Association and Texas Trial Lawyers Association have unveiled details of their agreement on a "workmen's compensation administrative reform bill" which will go to the Legislature in January.

THE proposal would raise the maximum weekly benefits for on-the-job injuries from \$35 to \$49 during time lost from work. This will cost employers 18 percent more in insurance rates—or about \$36 million in additional annual premiums.

While employers apparently are satisfied with that, state and local governmental employees would also be brought under terms of the bill, and that will mean a cost to taxpayers estimated at two to three percent of payrolls. Opposition is expected, particularly from city and county officials.

HIGHLIGHTS of the bill, in addition to the benefit hike and coverage to all governmental workers, include:

—Raising total and permanent disability recovery ceiling from \$14,035 to \$19,669 and death coverage from \$12,600 to \$17,640.

—Provisions for pre-hearing conferences by Industrial Accident Board examiner, to save time and money.

—Encouragement of employers to continue paying part of injured employees' wages until workmen's compensation benefits begin, with reimbursement guaranteed for 10

weeks' maximum from insurance carriers.

—GRANTING Industrial Accident Board authority to require medical evidence.

—Establishment of uniform attorneys fees not to exceed 25 percent of recovery regardless of whether court appearance is necessary. (Lawyers are now limited to 15 percent for cases settled before the Board and 30 percent if they go to court. Board and court will set fees.)

Sponsors term the bill "fair to all."

Putting you first vaaaarrrroooooommm keeps us first.

Chevrolet's got a big surprise for the guy who'd buy a sports car if only it had more room. It's the Impala SS 427.

Like all Impalas, it comes with a 119-inch wheelbase, Astro Ventilation and full door-glass styling. Like all Chevy Sportsters, it comes with a beefed-up suspension and

grabby red-stripe wide oval tires.

Under the hood, it's more of the same. We tucked in a 427-cubic-inch 390-horsepower Turbo-Jet V8.

That means it's the kind of car you can take for a workout even if you're just going to work.

There's driving excitement in these other packages too: Corvette

Stingray, Chevelle SS 396, Camaro SS, Camaro Z, 28 and Nova SS.

Vaaaarrrroooooommm! Listen for it at your Chevy dealer's Sports Shop.

Try Cranberry Sauce or Crunch

The unusual cranberry fruit comes into season in time for versatile holiday use. Cranberries are easy to cook because there is nothing to peel, and there are no seeds or pits, says Gwendolyn Clyatt, Extension consumer marketing specialist.

CRANBERRY sauce, which contains vitamins A and C, is good with meats and poultry. To make it, first wash and sort berries. Then combine two cups of water and two cups of sugar, heat to a boil and add one pound of cranberries. Then cook over low heat until berries pop — usually 15 minutes.

The sauce can be used whole or strained through a food mill or strainer.

Mrs. Clyatt suggests freezing the berries in the bag or box in which they are purchased. Simply put the unopened container into the freezer. Since they go in the freezer dry, they are easy to separate while still frozen.

THEY NEED not be thawed before cooking, says the specialist with the Texas Agricultural Extension Service. Just a brief rinse in water and they are ready to go into a pie, fruit cake or this recipe for Cranberry Crunch:

- 1 cup uncooked rolled oats
- 1/2 cup flour
- 1 cup brown sugar
- One third cup butter or margarine
- One pound cranberry sauce (jellied or whole)

MIX OATS, flour and brown sugar. Cut in butter until crumbly. Place half of this mixture in an 8 x 8 inch greased baking dish. Cover with cranberry sauce. Top with the remaining half of the oat mixture. Bake 45 minutes at 350 degrees. Serve hot in squares topped with vanilla ice cream. Serves six or eight.

Mr. and Mrs. Joe Andrews, Elizabeth, Valerie and Jason went to Vernon to spend the weekend with her grandparents, Mrs. Hat-

tie Haseloff and the Z. P. Pilgreens and other relatives. On Tuesday Mrs. Andrews, Mrs. Herbert Bruns and Mrs. Owen Andrews went to the George Zetzches to celebrate Mrs. Joe Andrews' birthday. When she returned home, her parents, the Herbert Haseloffs of Abilene, were there to surprise her with a birthday visit.

MR. AND MRS. Charles King of Amarillo spent the weekend with her sister Miss Alma Andrews and others of the family. King, who has been ill for several weeks is continuing to improve and is able to be up and about but not to resume working at all.

Mr. and Mrs. Clark Andrews were gone Sunday until Thursday night on a trip to Dallas and Fort Worth. At Dallas, they were delegates to the State Farm Bureau Convention held in Dallas Convention Center. Other delegates from Castro County were Milton Bagwell and Rayphard Smithson. Jack Flynt, Farm Bureau agent and Mrs. Flynt also attended the meeting.

At Fort Worth the Andrews attended the Texas Baptist Convention in the new Convention Center on Tuesday night and they spent Wednesday night with her aunt, Mrs. Eva Wright at Arlington. The Andrews children visited her mother, Mrs. E. B. Beryman and his parents, the Owen Andrews while they were gone.

Mrs. Floyd Cole, Beverley and Cheryl visited Jana Cole, at Waco during last weekend. Bill Cole, Steve Robbins and Marsh Pittman also were in Waco and they all were among those attending the Texas University vs. Baylor game Saturday afternoon at Waco.

D. C. MILLER IS working in Dumas building a church as contractor for Killingsworth Cons. of Dimmitt now.

Mr. and Mrs. Don Mobley and sons have been to Farmington, N.M. making arrangements to move there within the next few weeks. He plans to work with his brother Raymond with oil field equipment there. Don will be leaving farming, planning to sell out farm and equipment.

Relatives of the D. O. She went from here to Greenville to visit her daughter, Mrs. Darrell Peeler, Mr. Peeler and two daughters.

UIL Announces Rule Changes On Athletic, Literary Events

At a recent meeting of the University Interscholastic League's policy-setting body, academic and athletic contests were discussed and several rule changes were made.

The legislative council authorized division of the state tournaments in boys' basketball. Under the new plan, 1970 competition would match A, AA, and AAA state tournament teams on one weekend, while B and AAAAA teams would battle for their state titles on another weekend. Girls' competition in all conferences will continue to be held on one weekend.

DR. RHEA WILLIAMS, League

director, explained that the change in boys' basketball competition was made on practical grounds. The new schedule will divide crowds and allow more fans to see the championship games.

Other changes in athletic events include:

- Approval of swimming competition and adoption of a tentative swimming plan.
- Elimination of consolation playoffs in baseball, girls' volleyball, and boys' and girls' basketball at the state level.
- Approval of synthetic turf for athletic fields, on the condition that schools with the special turf provide soccer type shoes for visiting teams for at least one practice period on the day preceding the game.

IN THE literary and academic contests, action was taken to make more students eligible for participation in journalism events.

Dr. Williams explained that under present rules, one student competes in all areas of the writing and editing contest, thus limiting the number of students who participate.

The council approved individual contests with the first-place winner in each advancing from district to regional and on to the state meet. That change, plus the elimination of copyreading from the competition, will be effective in 1970.

THE NATURE of the journalism State Meet in 1970 also will change from a "hard-out" contest to one where competitors participate in a mass interview to gather facts for their stories.

An experimental contest in radio speaking was added to speech competition. The contest will be held on a trial basis in conference AAAAA next year.

To insure uniform judging standards for music contests, the council unanimously approved a request that the Texas Music Educators Association make a study on qualifications and training of judges.

THE COUNCIL heard a proposal that private and parochial schools be admitted to League membership, but voted to retain present membership rules.

Dr. Williams indicates that private and parochial schools can now participate in invitational meets with League members. The transfer rule was not changed. The rule states that boys participating in football or basketball will be ineligible for first-team membership for one year when they transfer to another school. A continuing study of the rule, with a report to the council, was authorized.

THANKSGIVING

It is good to give thanks to the Lord,
to sing praises to thy name,
O Most High;
to declare thy steadfast love in the morning,
and thy faithfulness by night . . .
For thou, O Lord, hast made me glad by thy work:
at the works of thy hands I sing for joy.

Raymond M. Perkins, Jr.
Creator and be thankful more often.

Thanksgiving and praises to God are important. None of us would deny this. All would agree that men need to remember their Creator more often.

One of the important reasons for thankfulness is a shining spark on the horizon. You see, the attitude of thankfulness toward God clears the mind of lesser things. In our kind of world we become so easily irritated with the nitty-gritty things of life. Tempers flare, voices raise, anger engulfs us. But when we think of God and are thankful, these smaller things face and assume their rightful insignificant place.

Are methods of praise important? To some it would seem so. A certain posture must be assumed: a specific tone of voice remembered; certain types of meals prepared. But Psalm 92 (quoted in part above from the RSV) knows nothing of this. It is enough to praise and to be thankful from the heart.

Let us remember — lest we forget. See you Sunday?

LBJ Sees Farm-City Alliance As Key to Future 'Good Life'

"The quality and quantity of our resources in the 21st century will depend on how well we plan uses for our nation's countryside and how successfully we develop town and country economies."

THIS statement was made by President Johnson in proclaiming National Farm-City Week, Nov. 22-28.

Already the American farmer is producing enough food to feed himself and 42 others — far more than the two that 18th Century Economist Adam Smith dreamed could make the country strong. Now it is estimated there will be another 100 million mouths to feed in the US by the end of this century.

"Individual lives will be shaped, too, by whether our core cities are restored — and whether suburban growth is translated into durable and desirable forms of community development."

"OUR MAJOR tools for achieving these goals are: an agricultural capacity for abundance never before attained by any nation; a vigorous economy with a gross national product this year of around \$850 billion, the largest in the world; and "... our people's

School History Being Compiled

By TEENY BOWDEN
An attempt is being made by this reporter to write the history of the Sunnyside School. Memory is not too good as a reliable reference.

ELMO and Charline White (Mrs. Henry S. Bell) had both preserved their copies of the Thanksgiving program of 1914-15. From these we have picked up many names that would have otherwise been overlooked. There is still a Rex and a William whose last names no one can remember, since only first names were used on the program.

Mrs. George Blanton (Fannie Kimbell) has a picture of the 15 pupils Mr. and Mrs. Jack Hinson taught in 1920-21. This, too, has given us fine material.

Jewell Gilbreath (Mrs. Browne Rhodes) has an old notebook from the 1917-18 year which lists the pupils' names and ages.

MRS. MILTON OTT had a picture of the 17 students in 1923-24. This is a snapshot made beside the old school building. Easily recognized are Irvin and Betty Rose Ott, Nettie Mae and G. T. Abbott, Tracy Tucker, Herman and Thurman Gilbreath. The Bakers and Mundells and possibly one or two others are in this picture.

Ember Roy Sadler has a picture of the last year in the old building, 1924-25. Miss Helm was the teacher.

A PICTURE made in 1926-27 shows the student body in front of the two Model T Ford busses, but it is a snapshot and the principal, J. C. Cherry, is about the only recognizable one.

The Loudders have pictures of the 1929-30 year for the three older rooms, and pictures of the 1930-31 year for Mr. Brannon's room, Miss Letha Buchanan's room, and pictures of the 1931-32 year of Kilty Oxford's class and Miss Carrie Buchanan's class. Mrs. Alton Loudder has a picture of the only high school graduating class in 1934. There's also a snapshot in front of the school bus of the ones who went to Dimmitt in 1937-38.

Robert Duke has a snapshot made in 1934-35 of Miss Graham and the children on the west or northwest route. He also has a picture of 1937-38 and another of the 1938-39 year.

IF ANY of my readers have pictures of years not mentioned, I would appreciate a list of the names of those in the picture and any information you would care to add about the people or any experience while attending, where people lived, etc.

My address is Mrs. L. B. Bowden, Rt. 1, Dimmitt, 79027.

★ THE DON Sanders moved from the El Paso Gas Plant to Choho plant near Blossfield, N.M.

M. H. Fowlkes left from Lubbock last Friday for his home in Rockport for the winter months. Mrs. Roy Fielan taught the foreign mission book "Columbia: Land of Challenge," to the Lee Street Baptist WMS group and the Sunnyside group Tuesday in Dimmitt. There was a get-acquainted luncheon between sessions. Only Mrs. Phelan and Mrs. Alford Crisp attended from here.

Weldon Bradley and Roy Lilley flew to Fairview, Okla., Monday morning for their annual Veteran's Day fly-in and celebration.

★ MILBURN HAYDON and Bill Morgan were the guest speakers at Lee Street Baptist Church in Dimmitt Tuesday night as both groups had their Baptist Men's meeting together. Lee Street men furnished a chicken supper. Other men from Sunnyside attending were Rex Jenkins, president, Roy Phelan, Alford Crisp, Johnny Epperson and Thomas Parsons.

Bob Ott, Cliff Brown, Alton Loudder and L. B. Bowden returned home Monday evening from Junction and their deer hunt there. Alton got a seven-point buck, and the rest got sho's, but no deer.

Mrs. Robert Bidge started to work this week at the Springlake-Earth school at tax-collector-assessor.

Mrs. Purk Gilbreath, Mrs. Calvin Lippard, Mrs. E. R. Sadler and Mrs. L. B. Bowden attended the Plains Memorial Hospital Auxiliary meeting in Dimmitt Wednesday morning. Mrs. Pearl Sadler of Dimmitt came home with Mrs. E. R. Sadler to spend a few days.

★ DWAYNE LOUDDER of Flag had dinner Tuesday with Mr. and Mrs. Douglass Loudder and Lyle and Dara.

Mr. and Mrs. J. Paul Waggoner flew home from Houston Wednesday morning. They visited in Dallas with Mr. and Mrs. Mickey Waggoner during a four-hour delay in flight.
