Bobcats Over Run Yellow Jackets

The Bobcats played their first game of the season Friday night against the Muleshoe Yellow Jackets. The boys scored very freely and therefore ran up a rather large score.

Jowell was high point man with the score of 22 points. He was followed by Lonnie Rice with 14 points. All of the boys had good teamwork and most of them had high scores.

The Bobcats final score was 70. The Muleshoe team was only able to score 33 points against Dimmitts defense.

Keyhole Kourtships

My! How these kids do get around! Monday night seen after the ball games with Hart we saw Lonnie and Tiny, and Rusty and Babe. Floyce makes a pretty good chauffeur doesn't she??

Tuesday night Lavita and Keith were seen at the show. You kids must like "Tarzan" shows. What about this?

Twila and Loyd and Babe and Rusty were seen making the rounds Wednesday night. We also saw Jacqueline and Harry that night too.

We notice that Lavelle is back in the going circle again. As she and Kenneth have dissolved partnership, she was seen with Harold Friday night and Bob Mapes Saturday night.

Sunday night Jacqueline and Marlin, and Waymon and Wyvonna, and Gus and Margaret were seen at Sing Song.

Ruth and Harold and Pat and Keith were seen at the preview Saturday night.

Pat and Harold Brannan, Connie and Jesse Click, and Floyce and Jimmy were seen in Hereford Sunday and Sunday night.

Seen Saturday night were Tommy Taylor and Lucille, Jacqueline and Frog, Jane Stalcup and Guy

Cox, Jo Anne and Wade, Howard and Jo Beth, Marlene and Bobby, and Thelda and Bill Birdwell.

We have seen Yvonne and Billy Sam lately. Could this be getting serious?

Friday night at Muleshoe we saw La Nelle, Jacqueline and Frog. Which one of you girls were with him?

Hazel and Kenneth Murphy seem to be enjoying each other's company Monday night.

See you next week—so be good.

(George Pendleton)
 Pete and Panellopy were tending the cattle, and gathering the corn.
 Along came a motorist blowing his horn.
 The farmer—the driver with scorn on their brows,
 Got out in the road and picked up the dead cows.
 (The moral of this poem is: Drive safely over the Christmas holidays.)

Mr. DeWolfe

Mr. DeWolfe's musical department presented a very interesting program in assembly Friday, 3rd period. Participating in the program were Carolyn Bagwell, Carolyn Rothwell, and Sandra Neumayer. Mr. DeWolfe brought the program to an end with a beautiful rendition of "Rhapsody In Blue."

Bobbies Vs. Muleshoe

The Bobbies played their first record game of the season Friday night against Muleshoe. The first quarter was over with the score 16 to 3 with the Bobbies ahead. At the half the Bobbies were still leading 25 to 4.

The game ended 40 to 8 in favor of the Bobbies, with Pat Tate being high point player for the Bobbies.

The Bobbies wore their new suits and work-out jackets for the first time. They are hoping they can make themselves worthy of the suits.

Punishment

All schools usually have some type of punishment in order to keep the students in line. Some schools have a more systematic way of punishing than others, due to the difference of opinions of the administration.

If the punishment is of the right source the students should accept it very readily. Sometimes, however, the punishment is a bit severe and thus causes a feeling of resentment and revenge between the students and teachers.

We, as students and teachers, should keep in line so that the administration will not have to use any means of punishment.

Why Hudson Beauty is more than "skin-deep"

The modern design for '49

The New Hudson—the first and only car you step down into—achieves true streamlining and today's lowest silhouette as the natural result of a basically new design principle available in no other type of automobile!

Every time your eyes linger on a New Hudson, you are admiring beauty as genuine as nature at her glorious best!

For this stunning streamliner has fresh styling that begins deep inside the car with a recessed floor which is the key to the "step-down" design—the exciting idea that opens up new opportunities for genuinely beautiful lines!

Yes, for years it has been widely known that the lower a car can be built, the more beautiful it will be, the better it will ride and handle.

But whenever men have sought to create the ideal in low-built motor cars, without lowering the interior floor, they've had to keep top lines high to preserve inside head room, or reduce inside roominess to get top lines down—an unsatisfactory compromise in either case.

And even with compromises, no car has ever matched the glamorously low silhouette Hudson brings you today!

This is because Hudson—and Hudson alone—has a recessed floor in an exclusive, all steel Monobilt body-and-frame* which makes it possible to build the lowest car on the highway—just five feet from ground to top—but with more head room than in any mass-produced car built today!

The exciting, more than skin-deep beauty of the New Hudson is the natural result of this basic "step-down" construction, which is so right it frees the designer of the need for makeshifts in styling.**

We cordially invite you to see and drive the New Hudson. You'll quickly sense that this car is so far ahead it's a protected investment in motor car value.

*Trade-mark and patents pending.

**The many advantages in Hudson's "step-down" design are explained in a booklet available at all Hudson dealers.

ANNOUNCING --- RATE CHANGE AND IMPROVED TELEPHONE SERVICE

Your local telephone company is happy to announce that installation of new equipment is nearing completion and that the new improvements will be put in operation December 1.

Dear Subscriber:

The policy of this company is to furnish the best telephone service at as low a cost to the subscriber as possible. Your residence telephone rates now in effect were computed in 1927 on a basis whereby the company could pay operating expenses and realize a fair return in its investment. It costs more than three times as much today than it did in 1927, to provide service to a telephone. It is obvious that no business can continue operations under such conditions of increased and increasing operating costs without increasing revenue.

The figures on costs of operation and revenue were given a lot of consideration and were considered at length before the new rates were established:

Our increased rates, which went into effect December 1, are indicated on your current telephone statement as rental charges are collected in advance or at beginning of month during which service is rendered.

Cordially yours,

SPORTS AFIELD

By Ted Kesting

In Nature the battle does not always go to the strong and fierce. Consider the cottontail, and his vigorous prosperity, advises Byron Dalrymple, author of many outdoor articles.

The well-loved little rabbit, known everywhere in the United States and hunted from border to border and coast to coast by millions, is not, as he has always been portrayed, a cute little bunny of bedtime stories, or a cartoon character. He is actually a sly, crafty soldier of fortune who has padded silently about, chuckling inwardly over the hoax he has perpetrated upon his neighbor, including man.

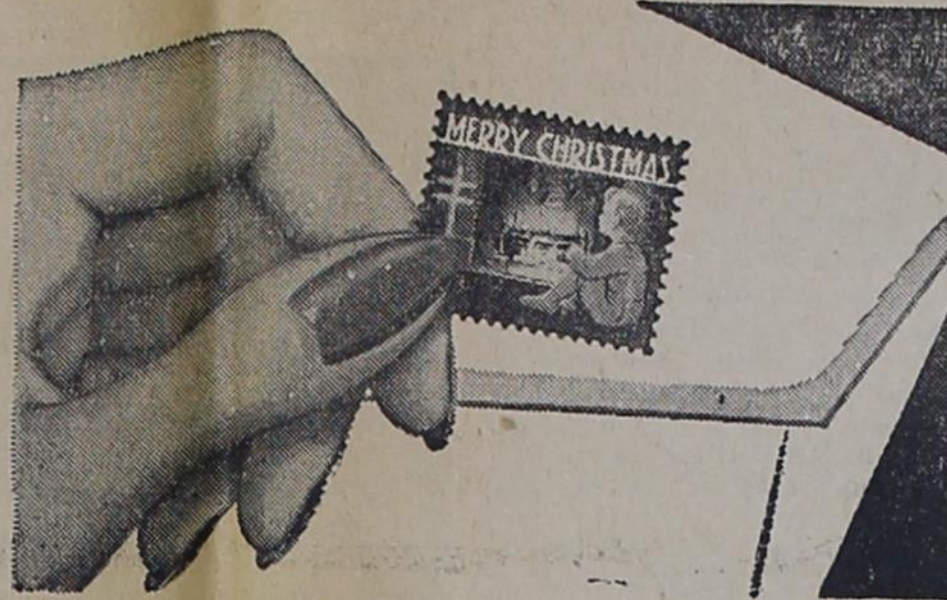

He has managed this great hoax by taking the role of forage beast in his world of enemies. He has aroused our sympathy and love by posing as the meekest of the meek, all the while prolifically reproducing his species. He has attained an enviable position in the world of wildlife: he consorts with mankind, and prospers!

We must assume that the cottontail started in some restricted territory. Yet today his beat covers almost every section of the United States—and more. He has pushed his trails up mountain slopes of the West, out into southwestern deserts, felt his way into the cold of southern Canada, probed the tropics below our borders and on down into South America. No timid spirit ever colonized such vast, varied, and dangerous lands.

To the rabbit, every moment is filled with personal danger. Hawks, owls, foxes, wolves, bobcats, house cats, dogs, hunters seek him always and everywhere. Yet he leaves the mark of his hunger for adventure everywhere. He goes out in plain view of all the dangers which beset him.

Perhaps his philosophy is primarily one of fateful resignation, but certainly there's nothing defeatist about it. Curiously, he holds a wry sort of natural power block, for by suddenly stopping his breeding, he could starve his enemies and thereby shatteringly alter the entire wildlife economy.

Mr. and Mrs. Richard Garrett made a business trip to Plainview Monday.

The Seal that lives . . . and lets live

Christmas Seals live throughout the year . . . make possible 365 days of tuberculosis education, X-ray examination, patient rehabilitation and medical research.

The result? Since 1907 it is estimated that they have helped save an average of *ninety thousand lives a year.*

As always, the 1949 program of the tuberculosis associations will be financed by your purchase of Christmas Seals. So please, take just a moment—send in your contribution today.

Huge Loan Granted Deaf Smith County Electric Co-op

The Deaf Smith County Electric Cooperative, Inc., of 129 West Third St., Hereford, Texas, has received approval of a new loan of \$760,000.00 from the Rural Electrification Administration to finance new line construction consisting of 137.4 miles of single phase line, 79.8 miles of three phase line, 9.4 miles of service and 51.7 miles of single phase converted to three phase line, system improvement, four 2,000 KVA transformers to double the capacity of Substations 1 and 4 which are approximately four miles east of Hereford and five miles south of Hereford, respectively, headquarters building and two-way radio. T. W. Roberson, president of the board of directors, announced today. The increased substation capacity will enable the Cooperative to render

service to an additional 152 irrigation wells and 178 single phase consumers, as well as to keep more constant voltage for the use of the irrigation consumers.

Construction will be pushed as rapidly as materials and labor can be obtained, President T. W. Roberson said.

The co-op now has 1,051 miles of power lines which bring electric service to 1,654 rural consumers. Upon completion of its present building plans, the system will be increased to 1,329.3 miles of rural lines serving 1,984 consumers, the president said.

"It is our purpose to see that rural electrification in our area keeps pace with its advance in other sections of the country," Mr. Roberson declared. Congress has indicated its interest in rural electrification by making more than a billion dollars available for loans since 1935. The greater part of this is being utilized by rural electric cooperatives such as ours. This Federal rural electrification program has been a leading factor in raising the Nation's level of electrified farms from one out of ten in 1935 to six out of ten today.

"We're going ahead with plans to serve the greatest possible number of rural people in our area. We operate on an area coverage basis—in other words, we hope eventually to bring service to every rural resident who wants electricity instead of only to those in our more thickly settled communities."

The Rural Electrification Act requires that REA loans be made on a self-liquidating basis, and the cooperative received approval of its new \$760,000.00 loan only after REA had completed a thorough study of the application. This study indicated that the cooperative will be able to make these additions to the system and have adequate revenue from consumers' power bills to meet operating expenses and repay, with interest, all money borrowed from REA for its rural power facilities, Mr. Roberson said. Rates charged consumers by the cooperative are based on the actual cost of service.

Since the Deaf Smith County Electric Cooperative, Inc., was organized in 1937, it has received \$2,292,000.00 in loan fund allocations from REA. The co-op is meeting payments on schedule and has paid REA a total of \$196,862.66 in principal and interest on its loans.

Mr. O. L. Stephens has accepted employment with the Dimmitt schools as assistant janitor.

By DANIEL F. LINDSAY
KALLY O'NEIL walked slowly up the front steps. Her mother watched her from behind the curtain. Being five years old and having a problem had her near tears. She reached up on tip toes and opened the door.

"Kally, honey. Come in here a minute." Kally pushed the hood of her snow suit back and went into the living room.

"What do you want, Mommie?" She shook her blonde curls free.

"Oh, nothing much," her mother smiled. "I just want to know why my little girl looks so sad?"

"Well, Mommie," she slipped her coat off, "it's that girl down the street."

"Yes, dear, what about her?"

Kally could stand it no longer. She burst into tears and running over laid her head on her mother's lap. "That girl says," she sobbed, "that there isn't any Santa Claus."

"Well, now," her mother leaned down and gently bit the tip of her ear, "who'd ever believe a tale like that?"

"You don't believe her?"

"Of course not," she smiled down into the worried blue eyes. "We know there's a Santa Claus."

"B-but she said Daddy was him."

"Oh, pooh. Sit down there on the floor and I'll help you get your snow pants off."

"We could ask Daddy," Kally suggested.

"Yes, we could," she had an inspiration. "Better still we can wait until tomorrow night and see for ourselves."

"We can?" she sat up in surprise. "Sure. You go to bed just like always, then when he comes I'll wake you up."

"Santa was just coming out."

She got up from the floor all excited. "You mean we can peek?"

"That's just what we'll do."

"George," she turned to her husband that evening after Kally had been put to bed, "our daughter has quite a problem."

"Women always have problems," he smiled over his newspaper.

"What is it this time?"

"She knows about Santa."

"That's too bad," he pursed his lips, "but what can we do?"

"Get someone to put her toys under the tree while she watches."

"Sure," he laid the paper down, "why couldn't I do it?"

"She heard that you are Santa," he chuckled. "She isn't the only woman in the family thinks that."

"How about Bob Perkins?" she ignored his attempt at humor. "He's the right build."

"Okay," he agreed, "I'll arrange it in the morning."

"Kally," her mother shook her gently, "Santa is downstairs."

"He is?" she sat up rubbing her eyes. "HE IS?"

"Okay," she slipped out of bed and into her slippers. In the early morning light she looked like a tiny blond elf.

"Put on your robe."

She got it and took her mother's hand. They crept down the stairs. Mommie held her back while she made sure Santa wasn't smoking a cigar. He was placing gifts around the tree. She motioned her to look. Kally peeked around the corner with big eyes. Then her head darted back.

"Where's daddy?" she asked in a stage whisper.

They heard footsteps on the stairs. Daddy crept down. Kally peeked around the corner again. Santa was just coming out with an army bar-cacks bag over his shoulder. The three of them ran and hid behind the staircase. As soon as the front door slammed Kally was up the steps like a shot.

"Hey, Sweetheart," Daddy called after her, "he left the toys in the living room." He stopped as he heard his wife's laughter.

"What's the matter with her?" he glared at her suspiciously. "Don't she like the trike?"

"I'm afraid, dear, that you'll never understand the feminine mind."

"What do you mean... where's she going?"

"To get her coat."

"Her coat... wh?"

"She's going down the street to tell the little girl that she's all wet. Because she has just seen Santa in her front room."

Mr. and Mrs. Alex Inman of Reydon, Okla., visited recently in the home of his sister, Mrs. Bob Estes and family.

Barbara Sue, one of scores of children treated by the Scottish Rite Hospital as out-clinic patients, watches anxiously as her cast is removed so that doctors and specialists may note her recovery from a bone infection. Little Barbara Sue and her parents, Mr. and Mrs. Jack Clifton of Dalhart, have been making the 900-mile round-trip to the Scottish Rite Hospital for Crippled Children in Dallas every eight weeks for nearly two years. The Scottish Rite Hospital is supported by contributions and bequests from generous people in the Lone Star State.

NAZARETH NEWS

Series of Christmas Parties Held
 The Catholic Daughters of America held their Christmas party October 1. Mrs. Emil Huseman and Miss Bobbie Hafernik were in charge of the evening of entertainment. Gifts were exchanged and refreshments served.
 The Christian Mothers' Society held their annual party December 5. Entertainment was in charge of Mrs. Leo Ehly, Mrs. Greg Hoelting, Mrs. Florence Albracht, Mrs. Earl Backus, Mrs. A. M. Heiman, and Mrs. Joe Schmucker. This club also exchanged gifts and served lunch.

The Sodalisists were the last club of the group to hold the season's party. It was held in the Community Hall December 8. Sr. Jerome, with the aid of the sophomores, was in charge of the evening of entertainment. The hall was beautifully decorated in green and red Christmas decorations and a brightly bedecked Christmas tree. Everyone reported an enjoyable time after a full evening of fun.

Retreats Given By Father Richard Vaughn
 The Christian Mothers' Society had their annual day of retreat and prayer on December 5-6. As their day of recollection closed on the afternoon of December 6, the Children of Mary started their day of retreat. It closed on the evening of December 7. Both retreats were conducted by Father Richard Vaughn of Amarillo.

Play to Be Presented
 On Monday evening, December 13, at 7:30, the pupils of the first four grades of the Nazareth School will present a Christmas program consisting of songs, dances, choral readings, and play-

lets in the school auditorium. The public is cordially invited.

Recital to Be Given
 Mary Ruth Backus, Eugene Gerber, Colleta, Mildred, and Rosemary Conard, Howard, Clarise, and Joan Schulte, Lorene, Imogene, and Elaine Albracht, Aurelia, Josetta, Grace, and Phyllis Acker, Dolores and Leonard Warren, Joan Book, Faye, Gladys and Rubye Mae Annen, Carolyn and Mary Ann Huseman, Virginia and Irene Birkenfeld, Ronnie and Diana Hoelting, Ronnie Dobmeier, Linda Lou Hindman, Grace Drerup, Patsy and Odetta Ball, Lorene Wilhelm, and Angela Wethington. The public is invited.

Swifts Play Games
 The N. H. S. Swifts met St. Mary's and Price College in two hard-fought games on December 3 in the Nazareth gym. The Price Cardinals, who out-numbered and out-sized the Swifts by a wide margin, won their game by 48-24. However, the Nazareth girls' squad evened things up by coming out ahead of St. Mary's by the tight score of 30-26.

New Members Received
 The Christian Mothers' Society had a reception of new members December 5. Those enrolled were Mesdames Alma Conard, Helen Warren, Pauline Litsch, Marie Brockman, Florene Brockman, Ida Birkenfeld, Bertha Huseman, Dora Pohlmeier, Alvina Gerber, and Mary Acker.

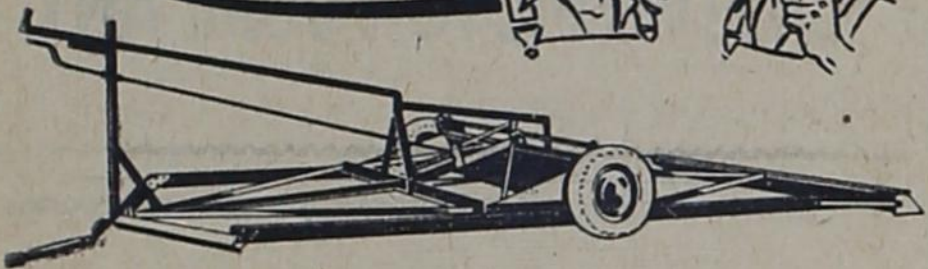

Sodalisists Elect Officers
 At an interesting and lively election, the local Sodalisists elected officers for the coming year at the meeting December 5. The new prefect is Jo Ann Heiman, the vice prefect is Jerome Brockman, the secretary, Laurene Wilhelm, and the treasurer is Viola Stork.
 The Christian Rural Overseas Program is progressing rapidly

and generously. Many people have brought bundles of various kinds of clothing to fill up the boxes set up in school.

A movie, "The Mark of Zoro", was given in school December 10. The entire body enjoyed the entertainment.

GET YOUR DIRT MOVING and LAND LEVELING done

Quickly at LOW COST

with an EVERSMAN AUTOMATIC LAND LEVELER and DIRT MOVER

Have you been planning to improve the surface of your fields? Eliminate humps and hollows, smooth out old fence rows, fill in small gullies or put new land under irrigation. Fall is the best time to do this work. The best machine to handle the job is the EVERSMAN AUTOMATIC.

Only the EVERSMAN has the eccentric (crank) axle—when wheels go on a high place the blade AUTOMATICALLY lowers to gather a load—when wheels go into a low place the blade raises to release enough dirt to fill.

The EVERSMAN breaks clods, pulverizes the soil, smooths and packs the surface, forming a fine seed bed while AUTOMATICALLY LEVELING.

Also excellent DIRT MOVER with patented wheel lift which raises and lowers the whole machine and gathers or releases a big load of dirt wherever you wish. After dirt is moved with the EVERSMAN it can be graded down and AUTOMATICALLY LEVELED with the same machine. One inexperienced man driving your present tractor handles this ALL-PURPOSE machine. Moves fast on rubber tired wheels. Comes in four sizes. Inexpensive to buy.

Greatest Show Ring Bull Retires

After dominating the show rings of the nation for the past 12 years as the greatest of show animals, Netherhall Swanky Dan, the national grand champion Ayrshire bull, is retiring.

This announcement was made by Otto Schnering, president of the Curtiss Candy Company, which operates the farms at Cary, Ill., where Swanky Dan will continue to serve as their famed Ayrshire herd sire.

His latest triumph—senior and grand champion at the National Dairy Cattle Congress at Waterloo, Iowa—represented the 84th consecutive championship of his career, achieving the record of winning more championships than any other dairy or beef animal. He has become both a legend and an institution throughout the agricultural world. Swanky Dan qualifies as the "grand old man" of any group of champions. His 13 years of age are equivalent to 75 years in a human. He continued his winning ways at an age twice that of most prize show cattle.

His greatness is also supported by the winnings of his progeny. At the Dairy Congress, he was sire of the first prize get-of-sire, as well as sire of heifers that won the junior and reserve junior championships. His get stand high in production. His first daughter to finish her production record at the Curtiss farms gave 18,000 pounds of milk and 666 pounds of butterfat.

"All good things must come to an end and so has Swanky Dan's show ring career," Mr. Schnering commented. "He could go on winning for some time yet, but it is more appropriate that he quit as an undefeated champion."

DO YOU WANT TO SELL YOUR LAND NOW? while the price is high, and the demand to buy is still good. It would not be difficult to sell your land now at a good price. How long this condition will prevail, is any body's guess.

Castro County Land, is good land to own, as well as good land to sell, and is likely not to decline in price, but the demand to buy will be considerable less, if the present lower price trend on farm products continue.

If you have some land you would like to sell, now might be a very good time. There are more buyers at this time of year, and the change in ownership can usually be made at this time of year.

I would like to work with you on any land you might want to sell. I devote my time to this work, and I am familiar with land, and land values in this section of the country, and I believe I can render a good service in this respect.

Should you need a farm loan to buy land, to improve, put down an irrigation well, I can arrange for you a loan at a low rate of interest, that will be affable to your needs.

If you are in any way interested, just drop me a note and I will contact you directly, for more particulars.

Yours truly

Texas 4-H'ers Win Special Recognition

SUPERIOR records in 1948 National 4-H Soil Conservation, Recreation and Rural Arts, and Dairy Production programs won three Texas club members special recognition. The winners and brief outlines of their records follow:

Edwin Hanz, Jr. Gene Massey, Jr. Doyle Davis

Edwin Hanz, Jr., 21, of New Braunfels received the State winner's award for outstanding achievement in the 1948 National 4-H Soil Conservation awards program. Edwin put into practice such soil saving and building operations as constructing terraces, contouring, using phosphate and fertilizer, making draining ditches, building dams and rotating crops. During three years of club work he has completed 18 projects and has served as assistant leader and president of his local club. In recognition of his achievements, Edwin has been given a \$50.00 U. S. Savings Bond, provided by Firestone.

Promoting recreational and handicraft work has brought State recognition to Gene Massey, Jr., 16, of Moore. His record will be judged to determine the eight national winners in the 1948 National 4-H Recreation and Rural Arts program.

Objectives of the program are to assist 4-H members in developing cultural and recreational opportunities in their homes and communities; help 4-H members develop a higher appreciation of rural arts; make 4-H programs more attractive and self-satisfying and teach members to lead recreational activities. Each of the counties having an outstanding recreational program received a \$25.00 cash award, provided by United States Rubber Company.

Doyle Davis, 18, of Hart, was the top State winner whose record was considered for sectional and national honors in the National 4-H Dairy Production awards program. During seven years in club work, Doyle completed 6 dairy projects and developed a herd of Jersey dairy cattle. He served his club as junior leader, president, vice-president and secretary. As a recognition of his achievements in dairy production, Doyle was awarded a \$25.00 U. S. Savings Bond, provided by Kraft Foods Company.

All of these activities are conducted under the direction of the Extension Service of the State Agricultural College and USDA cooperating.

"NOW IS THE TIME"
A short history of disease is something like this: We grow up about like Topsy, with very little knowledge of the fundamental principles of health. In middle life the stress of living, wrong food combinations, improper elimination of toxins, and living habits tend to cause nervous exhaustion and make us sick. Then we either do something about it, or we don't. Finally the organs break down, then nobody can do very much about it. The time to act is NOW.
