**EULA NEWS.**

Nov. 28.—Another good rain to report, and the ground is wet—a good season. The roads are very bad. So much rain now, some think, will cause the grass to rot.

The Jones boys, Lige and Paul, who have been prostrated with fever for several days are reported improving. With this exception, as far as you Exposer knows, no other sickness in these parts.

Mr. W. J. Davenport, of Cisco, was up Sunday, visiting relatives.

Messrs. T. F. Watts and Benj. Gosby, who have been with us for several months, have returned to their home in Correll county.

Mr. R. P. Stephenson and Jas. E. Collier made a flying trip to Abilene, on business, today.

Mrs. Algie Jones has gone to her husband, Claud, near Van Horn, where they are to make their home.

The young people were entertained at the hospitable home of Mr. J. F. Williams on last evening. Ye Exposer was not present and can not give the particulars.

Our burglar is still on a boom, another home going up, that of Mr. J. Mathis. Eula is coming out of the kinks, that is if it ever kinked.

Ye Exposer would describe Eula and surrounding country, but time is precious and adjectives are scarce, but rather give an invitation to all to come and see.

EXPOSER.
