Violent storm lashes area

By **BECKY BERRYHILL**
A Sunday night thunderstorm gave Castro County residents an early Fourth of July fireworks display, but the Fourth itself was calm, wet and cold.

THE WEEK'S unseasonal weather was touched off last Thursday when Dimmitt caught a trace of rain. Then Friday night, high winds and sand preceded an electrical and wind storm that left .08 of an inch of rain in Dimmitt. The storm's display repeated itself Saturday, dumping another .10 on the city.

But Sunday night saw the major electrical and sound display by violent thunderstorms. Dimmitt itself caught .75 as lightning and high winds whipped the area.

A tornado or twister spawned by the noisy storm hit Hart Feeders, Inc., leaving approximately \$20,000 worth of damage behind.

CAROLYN KEYKENDALL at Hart Feeders said that what apparently was a twister hit the feed lots about midnight Sunday.

"It tore the mill up, wrecked a 100-ft. leg and a 40-ft. leg,

severely damaged a hay trailer and scattered hay everywhere, turned over the blower head truck, damaged the flight conveyor, and bent up several Butler and Harvestore storage tanks," she reported.

Sunday night also saw hail and high wind damage east of Hart, according to News correspondent Myrt Loman.

"IT WAS hard on the farms and I heard of a lot of crop damage," she reported.

The storm brought the yearly rain total in Hart to 7.78 inches, with 97 recorded Sunday night.

The nightly electrical display has caused problems all over the county. Patterson's Appliance and Electric reported answering 20 "lightning calls" to farm homes during the past week. A-1 Mechanical logged seven calls Monday, all for damage caused by lightning.

Many Dimmitt residents were without TV Sunday night and Monday after lightning knocked out three amplifiers at the Dimmitt TV Cable Co. tower east of the city. The bolt struck the tower at 10 o'clock Sunday night and service was restored about 5 p.m. Monday.

A CHECK with several insurance companies, though, turned up little in the way of damage claims. Several agencies said they had been expecting claims, but that the few turned in represented only minor hail damage to crops.

The Fourth was one of the

coldest days on record, upsetting picnic and fireworks plans all over the Panhandle-Plains. It was the coldest Fourth of July since 1924 and the second coldest since 1902. Dimmitt reached a high of 61 degrees Tuesday.

Community Grain at Frio reported a half inch total over the

past week, plus high winds and hail Sunday night with hail damage on cropland in that area.

SEVERAL showers with severe electrical storms were recorded at Nazareth Friday and Sunday nights. A half to one inch of rain with some wind and hail damage fell on the community Sunday.

Sunday night, Sunnyside caught one inch with some hail. Damage to farmland from the storm was reported to the north and east of the community. Sunnyside also caught half an inch of moisture with no hail Friday, but hail suppression airplanes worked on the clouds as they moved in.

House okays more funds for water-import study

The US House of Representatives has approved the big annual Public Works Appropriation Bill which includes funds to complete the West Texas-Eastern New Mexico Water Import Study.

HOUSE ACTION was based upon the recommendations of the Appropriations Committee, headed by Congressman George Mahon of Lubbock.

The \$691,000 appropriated this year will bring the amount spent on the seven-year study to \$6.1 million.

The bill also includes \$481,000 to complete the three-year comprehensive water resource study of the Lower Mississippi Valley, which is closely associated with the Import Study.

This \$2.4 million water re-

source study is essential to supplement the information being developed as part of the import study concerning the nature and extent of the availability of surplus water for export from the Lower Mississippi region, Mahon said.

THE NEXT step to be taken will be largely dependent on the findings of the present reconnaissance study, scheduled for completion by June 30, 1973. Authorization must then be obtained to proceed with the follow-on feasibility study.

Mahon said, "We do not know

what the recommendations will be, but we are, of course, hoping for the best because our needs are very great and time is running out."

Two are injured in Friday wrecks

Although the county's highways were free of accidents over the holiday weekend, two local residents were injured in out-of-county wrecks Friday night.

MRS. OLLIE VISE of Hart was admitted to Plains Memorial Hospital following a two-vehicle wreck on State 168 six miles north of Olton Friday evening.

She was released Monday after being treated for a fractured shoulder blade and other injuries.

GARLAND COLEMAN of Dimmitt, son of Mr. and Mrs. G. E. Coleman of 716 W. Grant St., received a concussion and other injuries when his car was involved in an accident with a truck west of Plainview Friday evening.

Coleman, a student at South-west School of Pharmacy at Weatherford, Okla., was admitted to a Plainview hospital, where he is reported improving.

Sunday shooting termed accident

City deputies Ronnie Ballew and Fred Moulton investigated an accidental shooting about 10 a.m. Sunday night on Southwest Fifth Street, according to Police Chief W. W. Jones.

JONES SAID the officers received a telephone call from a girl who said someone had shot her father. She also told officers that her mother had taken him to Plains Memorial Hospital.

When officers arrived at the home, she gave them the names of the men who were with her father when the shooting occurred, Jones said.

Jones said that white officers investigated the incident, a second man drove up and told them, "I shot him. It was an accident." He was arrested and taken to the Castro County Jail. He was charged with discharging firearms in the city and was fined \$100.

However, Jones said, the victim has filed no charges.

Library needs children's books

The Castro County Library needs more children's books. Can you help?

Mrs. Mary Edna Hendrix, county librarian, this week requested library patrons to donate to the library any children's book in their homes not being used.

SHE SAID more books are needed for the summer reading program now in progress.

"We would like to encourage more children to register for the Summer Reading Program," Mrs. Hendrix said. "The contest closes Aug. 5 and the awards party will be Aug. 9. Enough time remains for children to read at least 12 books to qualify for a certificate and to attend the awards party."

Man injured in tire-shop mishap

Jerry Davis was injured at Floyd's Tire Shop Monday when a truck tire on which he was working blew off. He was taken to Plains Memorial Hospital for treatment, then transferred to Lubbock's Methodist Hospital.

Davis' right arm was broken and his left hand injured in the accident, according to a spokesman at Floyd's Tire Shop.

HOWARD COOK

Pioneer in medical electronics, Dr. Harold Bischoff, dies at 63

Dr. Harold W. Bischoff, Dimmitt physician who was known internationally for his work and inventions in medical electronics, died at 11 a.m. Saturday in St. Anthony's Hospital in Amarillo. He was 63.

PRIVATE graveside services were conducted at 2 p.m. Monday in West Lawn Memorial Park. Officiating was Rev. Burr Morris, former pastor of the Presbyterian Church of Dimmitt.

Pallbearers were Chet Braafladt, Paul Acker, Joe Cowen, Joey Cowen, Carl King, W. W. Jones and Fred Annen.

Dr. Bischoff is survived by his wife, Tommye; two daughters, Tressa of the home and Mrs. Barbara Blythe of Pacifica, Calif.; and two sons, Scott of the home and Robert John of Colorado.

BORN Aug. 16, 1908, in San Francisco, Dr. Bischoff received his bachelor's, master's and M.D. degrees with honors from the University of California. He later attended the US Naval Medical School in Maryland, where he received a master's certificate in epidemiology.

As a lieutenant commander in the Navy during World War II, he was the executive officer and director of research for US Naval Medical Research Unit No. 1. His Navy study consisted mainly of research in bacterial warfare. He developed a special protective mask which was to remain in use in the Navy more than 20 years.

After the war he served a residency in pathology and pediatrics at the Children's Hospital in Washington, D.C., be-

came a Research Fellow at the National Institute of Health, and did post-graduate study in Houston, Galveston, Albuquerque and West Texas State University in such specialties as pediatrics, aviation medicine, radiological monitoring, audiology and orthopedics.

HE CAME to Dimmitt in 1954 and built his own clinic here two years later. His clinic in Dimmitt housed not only his medical practice, but also an electronics workshop, amateur radio station, and eventually a cancer research laboratory.

In 1964 he established a radiation research laboratory here that was licensed by the Atomic Energy Commission. The lab—much of which he built himself—utilized the only radioisotope scanner in the High Plains at that time.

During his years of research, he had three inventions patented in the field of medical electronics.

He established a private practice in Las Cruces, N.M., in 1969, then returned to Dimmitt last year to re-establish his practice here.

IN ADDITION to his memberships in regional, state and national medical associations, Dr. Bischoff was a Fellow of the American College of Geriatrics and the American College of Angiology, and was an Associate Fellow in the American College of Chest Physicians. He was listed in Who's Who in the South and Southwest; Who's Who International, published in London, England; and Texas Men of Achievement.

Former AFS'er still homesick

(Editor's Note: The News this week received this letter from the former Martha Nitsa of Greece, who was Dimmitt High School's American Field Service exchange student in 1966-67. While here, Martha lived with the Charlie Hays family, with Mary Lynn Hays as her American sister.)

Dear Dimmitt:

It was an airport so crowded and loud. It was bright and... and suddenly, I woke up. It was a dream. No, it wasn't, it was true. Mary and I were together, crying. Yes, Mary Lynn and I. Mary Lynn came to Greece and she carried in her suitcases all the memories of Dimmitt.

IT HAS been so long, and many things have happened and changed. But there is someone far, far away thinking of the good old times, and missing every minute of these.

Six years ago a young girl came to live with you all in Dimmitt. But she isn't too young anymore.

I am married and I have two babies Aris, 20 months old and Mary Lynn, eight months old. George, my husband, is a ship agent and I am a housewife. We live in Piraeus in an apartment overlooking the sea.

NOTHING has changed about me. I am the same crazy Martha Hays. I miss Dimmitt so much. You don't know how homesick I feel. I wish I could be a bird and fly there just for a day to see you and remember every moment we shared together.

I love you so much. I'll never forget you and Dimmitt. Please don't forget me. Maybe someday, somehow, we'll see each other again.

From Santa Fe to Lisbon, vacationers see the world

By MYRTLE SHEFFY Lee Cole, son of Lois and L. V. is home from a three-week trip to Europe. Lee and his parents went to Dallas June 8 where he joined a group of youth and took the jet to New York City where another group, altogether 100, and their sponsor Stanley Shipp of St. Louis, left out, first for Lisbon, Portugal. They were there three days for a sightseeing trip, then up to Geneva, Switzerland for the campaign for Christ meeting. Lee says they had some of the best food he has eaten there, especially the fresh strawberries and rich cream. They had a cable car trip in the mountains, such a beautiful scenic place. A fine trip he says.

ANOTHER fun trip was made by Polly Bell, Mamie Birdwell and Jo Gregory. They went by car—first to Santa Fe and stayed a night with Ruth Parks. She went with them to Durango, Colo., where they took a ride on the Narrow Gauge train to Silverton, Colo. Now this is in the big Rocky Mountains and deep gorges. They came home by the new road to Chama, the very top of New Mexico down to Tres Piedras, to Santa Fe again, then to Dimmitt. Melvin and Juanita Summers and Dent and Bessie Mae Bradley went to El Paso and Juarez last week, just for fun. They saw the dogs race, and had a tour of the cities. You can get lost down there. Billie Graham went to El Paso too. His trip was to see some cows or buy them. Katy stopped off in Andrews to visit her parents Mr. and Mrs. Leo Davis.

The Methodist young people are keeping the church clean while Earnest and Ann Mayhew are on vacation. And at church Sunday I saw Jim Ratcliff. He and Gayle are here from Corpus Christi to see the folks the Glen Ratcliffs and Jim Elders. And I also saw George Froehner of Abilene for a holiday visit with Nolan and Evie and brother Robert who is home from Texas University for the summer.

NEWS

By GERALD BROADSTREET

Greetings Comrades,
By the time this is printed our favorite holiday will be over, the birth of our Nation. We are the greatest nation in the world without a doubt, but there are some in our midst who think otherwise. Too bad we can't load all the dissenting agitators on a boat and unload them on some other country. If they think our "establishment" is bad, they will learn a quick lesson.

COMRADES the attendance at our fish fry and dance last Saturday wasn't quite what we expected due to the stormy conditions which existed. (I sure wish we could get some rain once in a while without hail, high winds and tornado watches.) Those of us who did attend enjoyed some mighty good fresh catfish served with beans, potato salad and fresh vegetables. A lot of hard work goes into planning and preparing an event like this and I sure hate to see the weather play havoc with it on the day of presentation.

The House Committee and Commander would like to thank all those that volunteered their services in helping with this event.

Have you noticed the new storage space built on the north wall of the lounge area? House Committeeman Herman Acker is responsible for that and I must add what an excellent job he did. Thanks a million Herman, we needed that. Florene Leinen, president of Ladies Auxiliary, is responsible for the curtains that cover the storage area. I think it looks very nice and attractive. Thank you, Florene, we sure do appreciate it very much.

COMRADES, our regular monthly meeting will be next Monday, July 10 at 8:30. Please make a big effort to be there, we need you. There are many plans to be made.

Our District 13 Convention will be here Aug. 12 and 13. Round-up Week is the middle of August and we need to make plans for that.

We are starting our new VFW year and we want it to be one of the biggest and best we've had. Think VFW and talk VFW, get involved in our projects. You'll enjoy it and you'll be helping yourself. When you come to the meeting Monday bring a member with you, but don't eat supper because the Ladies Auxiliary will provide a salad supper when the meeting is over.

Last Wednesday at Game Night we had a surprisingly large crowd. Sure makes me happy to see so many come out. Keep in mind we start at 8:30 and if you want a choice table you'll have to get there a little early.

Comrades, I'll give you a

The Annual Flubber-Dubber Tournament is scheduled July 11 through Aug. 8. Each playing member will be assigned to either the Flubber or the Dubber team, with points given for just playing and scores. The losers treat the winners to a year-end surprise in August.

★
MEMBERS are reminded to sign up for the Ladder Tournament which will end Tuesday, Aug. 22. The new ladies' handicap card rack is ready for use in the locker room, and members must post their score every time they play.

Prizes have been awarded for:

May 2 — Low Hidden Holes: Amy Glover and Maxine Childers tied with 92. High: Juanita Bruegel with a 108.

May 9 — Best Poker Hand: Vaudine Giles with five 6's.

May 11 — High on 3 pars: Joannis Robertson and Barbara Keel tied with 10. Low: Bernice Hill and Bobby Vilas tied with 7.

The monthly Scotch Foursome is scheduled for Sunday, July 9 at 5 p.m. with salad supper at 7 p.m.

★
WE HAD another good bridge day Friday with Mrs. Seletta Gholson giving "one of a suit" instruction to 22 players.

Mrs. Gholson reminded students to always study the score before they bid. All bids are based on scoring status, both yours and your opponent's.

brief run down on the Department of Texas VFW Convention I attended in Dallas.

FIRST I'D like to mention that our state officers are very happy and excited that our membership is in excess of 71,000. Since our membership is over 70,000 this entitles us to a new National Council Member which means we'll be one more voice stronger this coming year. I had hoped to attend the Service Officer Seminar, but it was meeting the same time the Council of Administration was, and this is the meeting I went to and found it most informative.

Our first business session was Friday the 23rd and the man who gave the welcoming speech was Pat H. Kveton the first Commander of the Dept. of Texas in 1922-23. He is a very spry 83-year-old gentleman and gave an interesting talk praising the growth and achievements of our organization.

There were resolutions brought before the assembly supporting President Nixon's action in North Vietnam, and to continue our struggle for the release of our Prisoners of War. There were other resolutions denouncing amnesty for the draft dodgers who fled to Canada when their country called them. One resolution called for a portion of our dues to be put in a fund on a national level to be used in times of national disasters such as the widespread flooding that has plagued our country.

OUR own, Comrade T. C. Selman a hardworking individual for the Dept. of Texas, will carry our endorsement for the position of Nation Jr. Vice Commander-in-Chief at the Southern Conference to be held in August. This is where they decide policy, who will be candidates, etc.

I did not attend the election Sunday morning, for I had to get an early start for home. Indications were pretty strong that El Paso would be the next department convention site and there was no talk going around that there would be any surprising upsets in the election of officers.

DISTRICT 13 had a total of 10 delegates attending and Littlefield had the strongest representation. All in all I had a most enjoyable time, met a lot of Comrades and found the meetings very informative. meetings very informative. ward to the convnetion next year.

Girl's team has perfect record

By Mrs. Florence Albracht
The "American" girl's team from here had a perfect record after playing their last game with Happy Sunday evening, July 2. Several showers of rain were received around the area with severe electrical storms both Friday and Sunday nights. Amounts ranged from 1/2 inch to over an inch Sunday night with some wind and hail damage.

ARNOLD and Lon Brockman took a fast trip to Plainville, Kan the past week to attend the funeral of their cousin Ernie Rempe.

Albert Gerber is in fair condition after suffering a heart attack Saturday morning while working in his shop. He was taken to Plains Memorial Hospital in Dimmitt. From there he was taken to Methodist Hospital in Lubbock to be under the care of a heart specialist.

The members of the Order of Martha met in the home of Mrs. Marie Hanson Tuesday afternoon for their regular meeting. The afternoon was enjoyed by the members with games and visiting.

Cloud-seeding planes buzz around heavy stormclouds

By TEENY BOWDEN

One-half inch of rain with no hail was recorded for the community Friday night. It was heavier to the south. All three hail-suppression planes were at work as the storm clouds, indicating turbulence, moved in from the northwest. The planes stayed just out in front of the cloud seeding it as it passed over. They worked back and forth, clearly visible most of the time. They worked Sunday night also, almost all night.

About one inch of rain with some small hail was received Sunday night. The hail damage was in the north and east. Winds were extremely high and accompanied by an electrical storm which took out the electricity twice.

Marines offer \$1,500 bonus

Men enlisting in the Marine Corps for four years and qualifying for service in the fields of infantry, artillery, tanks or amphibian tractors will be eligible for the \$1500 bonus upon receiving their advanced occupational specialty designation.

THE TIME TO act is now because this special program will only be good through Aug. 31, 1972. For more information on this and other challenging programs call Sgt. John H. Diehm collect in Amarillo at 806-376-5151 extension 2151 or 335-1228.

ONE of the things that kills time in life is the necessity to beat around the bush and not come out and call a spade a spade.

What type men do Marines want?

Have you seen your Marine Corps representative in town? He isn't looking for quantity. He's looking for a few good men. That's all.

THAT'S ALL, the Marine Corps needs to accomplish its very special and very difficult role in defense of our country. The Marines would rather have a few good men who want to be the best, than a gang of guys who are content with the easy life. That's why the Marines have kept their ranks small and their standards high for nearly two hundred years.

They train men the way they've always trained them. No compromises. No shortcuts. The results are worth the extra effort. A tight team without equal in the air, on the sea, and on the land... anywhere in the world.

If you're interested, you should first finish high school... because today's corps demands as much of your intelligence as it does of your strength and stamina. If you've already graduated, then take a giant step and see Sgt. John H. Diehm at the Post Office in Dimmitt Tuesdays from 12:30 until 1:45 or if this is not convenient call Amarillo 376-5151 extension 2151. You may be one of the few good men that he's looking for.

Dina Jo Hampton participated with the Lamb County junior riders in the District 4-H Playday at Post Wednesday. She entered in halter, pole bending and barrel racing. Mrs. Hampton and Belinda and their grandmother, Mrs. Ima Blewett

No Sauce for the Gander?

There is an old saying, "What's sauce for the goose is sauce for the gander."

It is well to bear this bit of folklore in mind in view of a recent decision of the United States Supreme Court in what is known as the TOPCO case.

Back in the early 1940's in a move to compete with the big national food chains who promote their private brands, there was organized in Skokie, Illinois, an operation known as TOPCO.

This is actually a wholesale operation serving some 25 regional supermarket chains, with the principal items of merchandise packed for them under the TOPCO label, thus establishing a brand comparable to those owned and controlled by some of the nation's biggest chains.

However, under the operation of TOPCO, each member has held a territorial franchise on the sales of the TOPCO brand items. This practice, the Supreme Court rules, is in violation of the Sherman Act, which prohibits competition carrying the TOPCO brand.

From a layman's understanding of the Sherman Act, it would appear that the decision is on sound legal ground.

But there also crops up a question as to whether or not

the Supreme Court has placed the cart before the horse.

If this is the proper sauce for the goose, then why not have the same sauce for the gander? In other words, if TOPCO brands must be available to all retailers who wish to handle this brand, why should not then the private brands of the big corporate chains be available to all retailers who may wish them?

The National Federation of Independent Business, through the voted support of its members, has long called for enforcement of existing legislation, and the enactment of further legislation, that would make competition in the market place equal.

There is no question but that exclusivity of distribution for private brands does defeat the competitive ideal of a free and open marketplace.

But the Supreme Court decision leaves open one major question.

And that is the question of where is the equity involved in denying the right of a group of independent marketers the exclusive right to their own brand, while permitting this right to be freely exercised by a few big corporate national chains. In other words, is not the sauce good for the goose also good for the gander?

Hereford office opens to provide market news

As vegetable crops made good progress in the High Plains-Panhandle areas and began to move to distant consumers, John C. White, state commissioner of agriculture, announced the opening Monday of the fruit and vegetable market news office at Hereford.

MODERATE shipments of Texas potatoes and onions will begin next week, with heavier supplies available by mid-July. The first market report will be issued July 10, according to John D. Engle, federal-state market news reporter at Weslaco. Movement of West Texas commodities is expected to continue until Oct. 15 or later.

Engle said that Greg Morrow will be in charge of the Hereford office, located at 116 Twenty-Five Mile Avenue.

In addition to potatoes and onions, as harvest progresses and supplies warrant, reports will cover cabbage, peppers, lettuce, carrots and cantaloupes from the Pecos district as well as the Hereford area.

THE MARKET news service will be provided through cooperation of the Texas Dept. of Agriculture and the USDA's Agricultural Marketing Service.

The Hereford reporting office is a part of USDA's 21,000-mile leased wire system connecting market news offices, which cover most farm commodities. Prices in the Hereford area are available in a matter of minutes to shippers, buyers, haulers or other interested persons in all parts of the country.

In addition to the leased wire service, latest market information may be obtained day or

night by dialing the automatic answering service, Area Code 806, 364-0129. This market report will be updated three or four times daily, with a final summary of the day's trading around 5 p.m.

Those interested in receiving printed, mailed reports on fruits and vegetables can be placed on the mailing list by writing the Federal-State Market News Service, PO Box 1853, Hereford, 79045.

The view from your library

By MARY EDNA HENDRIX

The Summer Reading Program is half over! We have had 203 sign up for the program so far. We had 228 registered last year, so I hope we have several more to sign up for this program after the Little League baseball teams are through playing ball.

Several more families have donated books for our new library. Maria Den Ouden, Father Stanley from Nazareth, Helen Richardson, Leola Haberer, Karen Trabeck, Jo Eddie Riley, Barbara Blanchard, Lena Allen, the Russel Morans and the Charles Vandivers; Betty Renfro donated money for us to buy a special book to put in the library.

The book Mrs. Haberer donated is "Our Country." This is an attempt, in words and pictures, to recover a sounder perspective and appreciation of our country and ourselves. While recognizing the great problems besetting our country—poverty, ignorance, inequality, pollution, drug abuse, war—this book focuses on the qualities of Americans and their institutions, which hold the promise of overcoming these ills and of clearing the way for still greater advances.

We have three girls working with the NYC program this summer, Irma Salinas, Lupe Quionones, and Maria Leal. These girls have worked hard to clean the library. We have so many books stored in boxes, it has been hard to keep the library clean, but it is looking much better since these girls started working and they have more time to devote to "housecleaning."

MRS. LYNN KING has been working on the children's books that were donated so we can use them in the Summer Reading Program. We can use more children's books—so if you have some in your home that are not being used—please donate them to the library!

Interesting people in the library last week: Cecil Ginn and Jim Hays came by the library, maybe next time we can get them to check out a book or donate some money to buy new books. Mona Acker came by and invited me to go have a Coke with her. She comes in often to check out books for her family. Mrs. Alton Louder visited awhile in the library since she was waiting to go back to jury duty.

On the Go

MRS. ODIE MUNDELL and Mrs. M. F. McRee attended a Weems family reunion recently in Olustee, Okla. They were among five sisters attending, all of whom are the daughters of Mrs. R. O. Weems of Olustee. Approximately 50 family members attended from Oklahoma, Texas and California.

Throughout the six-state cattle on feed report, numbers of cattle on feed increased. The 7,925,000 head as of June 1 is 12 percent more than a year ago.

'Loan bank' of machines is goal of Panhandle Kidney Foundation

An area-wide campaign to collect S&H green stamps to purchase artificial kidney machines has been launched by the Kidney Foundation of the Texas Panhandle at its regular monthly meeting in the St. Anthony Hospital Auditorium.

JOHN ROGERS, president of the Foundation, said the group hopes to collect enough stamps to provide a "Loan Closet" of machines so they will be available at no cost to area victims of kidney disease.

Approximately 1,500 books of stamps will be necessary for each machine, the cost of which is \$2,965.

Mrs. Roy Cutrell, 4206 E. 13th, chairman of the campaign, said full or partly-filled books or loose stamps could be contributed.

Mrs. Cutrell said the stamps can be mailed to the Kidney Foundation at P.O. Box 9234 or can be collected by an organization member.

"ALL MEMBERS of the local Foundation will be involved in the stamp campaign, but volunteers are needed to help sort, count and package the stamps received," Mrs. Cutrell said.

Rogers said 2,500 persons in Texas died in 1971 because of lack of funds for dialysis on artificial kidney machines or for life-giving transplants.

A second project adopted at the meeting was the Organ Donor Program which is currently

conducting a nation-wide program to get the public interested in leaving vital organs such as the kidney to be used after death.

A FUND to defray medical expenses for Amarillo kidney patient Mary Weldon, 403 Osage, has been set up by friends at the First National Bank of Amarillo. Donations may be sent to the bank, the Foundation or to Mrs. Shirley Harp, 529 W. Colorado.

Meetings of the Kidney Foundation are held at 8 p.m. on the third Tuesday of each month at St. Anthony Hospital Auditorium and are open to the public.

NATIONWIDE, egg production declined two percent from a year ago. The daily egg production per 100 layers was slightly higher than for Texas at 63.7.

Little League

Dodgers take it with 13-1 mark

Capping their season with a 6-0 victory over the Tigers Monday night, the Dodgers coasted to the Little League championship with a brilliant 13-1 record.

THE CARDS topped the Braves 11-1 to finish the season in second place, sporting a fine 11-3 record.

And the Astros defeated the Yankees 4-0 to make it a three-way tie for third place. The Yanks, Braves and Astros all finished with 5-9 season marks.

The Tigers' loss to the Dodgers in the final night of play dropped their season mark to 3-11 for the sixth-place finish.

MONDAY night's games brought the regular Little League season to its official close, although League President Dan Heard announced that the local parks would come alive again with activity July 24-25, when Dimmitt hosts the district tournament.

Competing in the district meet here will be all the area champions of the district. Dimmitt's All-Stars will go into their area tournament at Happy July 18, when they meet either the Randall County or Castro County All-Stars at 7 p.m.

After Monday night's final games all teams marched onto the infield, where coaches received their appreciation plaques from their players.

JOE WEATHERFORD, player agent and announcer, commended the boys on their hard-fought season and announced that the Braves and Yankees had tied in the voting for the

Sportsmanship Award. This award was decided by vote of the boys themselves.

The Dimmitt Baseball Commission presented awards to the four main umpires who have worked in the boys' leagues this summer—George Howell, Bob Murdock and Edmund Hunter in the Little and Minor Leagues, and Jimmie Chapman in the Babe Ruth Leagues.

LAST WEEK'S Little League action started with a jolt as the second-place Cards handed the league-leading Dodgers their first and only defeat of the year, by a decisive 8-1 score.

The Cards controlled the game all the way, building a three-run lead in the first inning and holding the high-flying Dodgers scoreless in all but one frame. Meanwhile, the Braves squeaked past the Yankees in an 8-7 thriller to make it a third-place tie between the two teams. And in the nightcap, the Tigers cornered the Astros into a fifth-place tie with a 9-5 victory.

BUT LAST Thursday night it was the Tigers' turn to take it on the chin as they dropped a 5-1 decision to the Cards. At the same time, the Astros got back on the winning track with a narrow 6-5 decision over the Braves. In the nightcap, the Dodgers bounced back from their loss with a decisive 14-0 victory over the Yankees to set the stage for Monday night's curtain act.

FIRST GIANT VEGETABLE reported this year was grown in Shorty Manning's vegetable garden. Manning planted half a package of turnips about May 1, and the giant he's holding was picked last week. Manning said he has several more in the garden as large as this one. "No fertilizer was used on the garden, but where the turnips were planted was once a strawberry bed that I mulched with cotton burrs," Manning said.

Minor League

Braves extend record to 9-0

After salting away the Minor League championship two weeks ago, the Braves continued to roll last week, building their final record to a perfect 9-0.

AND THE Cards racked up another win to finish in second place with a 5-3-1 mark, while the Tigers took a pair of one-run victories during the week to climb to third in the final standings with a 5-4-1 record. The Astros finished the year at 3-5-1, the Dodgers came home with a 4-6 mark and the Yankees ended with an 0-8-1 record.

To start the final week's action, the Braves rolled to a 13-6 victory over the Dodgers to extend their final record to nine wins and no losses. In the nightcap, the winless Yankees gave the Tigers a big scare before bowing 15-14.

Friday night the Tigers won another cliff-hanger, posting a 13-12 victory over the Astros in the early game. In the second bout, the Cards closed out their season with a 15-8 victory over the Dodgers.

THE GIANTS are champions of the red-hot Junior Babe Ruth League. After dropping their first three games, the Giants went undefeated the rest of the season to compile a 7-3 record. Kneeling, from left, are Robert Ewing, Richard Ewing, Jimmy Dean

Smith, Carl Coggin, Johnny Hampton, Jerry Schaeffer and David Reed. Standing, from left, are Coach Shorty Barlow, Dudley Wooten, John Cook, Shannon Truelock, Travis Hampton Jr., Saul Arce and Dusty Dobbs. (Wear Studio Photo)

Junior Babe Ruth

Giants are the champs

The Giants emerged as the champions of the Junior Babe Ruth League last Thursday night when a Pirate uprising spoiled the Tigers' hopes, 6-5.

WITH THE Tigers nursing a good 6-3 record, a victory would have given them a tie for first place with Shorty Barlow's Giants. And there was some question among league officials about which team would be the champion in that case, since one of the Giants' victories was a forfeit.

But the Pirates made the question academic as they dashed the Tigers' hopes, painted the game ball gold and handed it to the Giants, who already had closed out their season with a fine 7-3 mark.

After fulfilling their spoiler's role, the Pirates won another one Friday night, then settled for fifth place with a record of four wins, five losses and a rainout.

THE RANGERS and Tigers ended the whisker-close race in a tie for second with identical 6-4 records. The Astros finished 4-4 with two rainouts, while the Indians came in with a 4-6 mark.

(Before last week's torrid finish, the Giants took a bad rap from the News, which erroneously placed them back in the pack by transposing their 6-3 record to 3-6. Actually, they were on top of the heap at the time, with the Rangers and Tigers battling for contention.)

The Rangers kicked off the final week's action with a Monday-night victory over the Astros, 12-2, as pitcher Gilbert Nino spun six strike-outs in five innings to pace the winners.

THAT WAS the season for the Rangers, who could only keep their 6-4 record in their pocket and watch the rest of the week.

But the Astros still had another long night in store, meet-

ing the Pirates in the season finale Friday and taking it on the chin again, 5-3. Fresh from their victory over the Tigers, the Pirates were paced by pitcher Windy Traylor, who fanned 10 batters while giving up only one walk, and catcher Rick Wright, who raced the bases in near-record time to score an inside-the-park home run off the right field fence.

Sharing mound duties for the Astros were Bernie Huseman, who fanned five and walked one, and Doyle Kleman, who struck out two and walked one.

Junior girls

Rangerettes post perfect season record

The Rangerettes downed the Papooses 13-4 Friday to extend their record to a perfect 8-0 and waltz away with the championship of the Junior Girls Softball League.

THE FINAL week's action started with a double-bang Monday as Kathy Goldsmith clouted two grand-slam home runs to pace the Blue Bonnets to a 20-14 victory over the Mini-Tigers. With the bases loaded both times, Miss Goldsmith walked to the plate and rapped round-trippers that accounted for eight of the Bonnets' 20 runs.

Tuesday was a better day for the Mini-Tigers, though, as they bounced back with a 13-0 victory over the Powder Puffs. Mini-Tigers scoring were Jan Robb (2), Roxanne Gallion (3), Debbie Leonard, Janice Johnson, Libby Crooks, Brenda Johnson, Cheryl Robb, Cecilia Gallup, Lori Dyer and Mary Coody. Fortune turned fickle for the Blue Bonnets last Wednesday as they bowed to the Papooses, 24-17. Pacing the Papooses' hot attack were Sheryl Davis and Raynell Fagan with two home runs apiece.

Coaches to play benefit Saturday

The Little League and Minor League coaches will play each other in a benefit game Saturday night at 8 in the Babe Ruth Park in Dimmitt.

ADMISSION is 50 cents for adults and 25 cents for students and children. A family of four or more will be admitted for \$1.50.

Senior girls

Panthers win championship

In the championship showdown game between the two top teams in the Senior Girls Softball League Saturday, the Panthers scored a 9-1 victory over the Rangers to break a first-place tie and win the season's crown.

THE VICTORY gave the Panthers a 9-2 season record, while the Rangers finished with an 8-3 mark.

Ortiz, Young, Seely, Mooney and Davis rapped two hits apiece to lead the Panther attack, with Mooney and Davis getting a triple apiece. For the Rangers, Burrous and Salinas each got two hits.

The Panthers jumped ahead 5-0 in the first inning then were never in trouble as they added three more in the second and another in the fourth.

IT WAS the third victory of the final week's action for the Panthers. Earlier in the week they scored a 19-8 win over Molly's Dollies and a 35-11 victory over the Tigerettes.

Except for their loss to the Panthers, the Dollies had a good week. They took the spoiler's role last Wednesday night, downing the Rangers 11-8 to set the stage for Saturday's Panther-Ranger showdown. And the Dollies kicked off the week's action with a 20-13 victory over the Tigerettes Monday night.

The Happy Helpers 4-H Club of Easter had their first family gathering Friday night since organizing. Games of volleyball, badminton and horseshoes were enjoyed by seven families.

The new adult leaders for the coming year are Mr. and Mrs. Buster Thomason. Outgoing leaders are Mr. and Mrs. Don Tindal.

Saturday afternoon the Happy Helpers met in the Easter community building for instruction in filling out individual records for the 4-H Dress Revue.

Monday the girls modeled their finished garments for the Easter Lions Club and Sue Smith, their instructor.

On Thursday the girls will meet at the community building for the trip to the county Dress Revue in Hart.

THE RANGERETTES finished the season undefeated to capture the championship of the Junior Girls Softball League. Team members are (kneeling, from left) Carol Wegs, Tammy Gallion, Jerri Small, Candice Anderson, Debbie Hrabal, Julie Hra-

bal and Muffi Truelock. Standing, from left, are Norma Sandoval, Regina Laury, Anita Saenz, Tonya Hampton and A'lan Truelock. Coaches, from left, are Ben Derrick, Mrs. Ramona Annen and Mrs. Ellen Hrabal.

SENIOR CHAMPIONS of the Girls Softball League are the Panthers, coached by Mrs. Carolyn Moke (standing, right). The girls defeated the Rangers in the title game Saturday and finished the season with a 9-2 record. Team members are (kneeling,

from left) Eliza Ortiz, Mary Ann Nino, Janet Mooney and Annette Anes. Standing, from left: Karen Seely, Linda Wise, Pat Summers, Sue Ann Davis, Loretta Young and Mrs. Moke. Not pictured is Delia Perez. (Wear Studio Photo)

HD notes 4-H dress revue scheduled today

By IRENE KEATING
I hope each of you had a good holiday. I enjoyed my day off—did some sewing.

TODAY IS the 4-H Dress Revue at the band hall at Hart. There are 68 girls entered this year. Next week we'll tell you all about it.

We all need to start thinking about those fall wardrobes. As early as school starts now you need to start soon. Plaids of all kinds are the biggest news as well as cotton fabrics in suede cloth, corduroy, voile, seersucker, dotted swiss and flannel. Traditional summer fabrics appear for fall '72.

Classic and simple geometrics, stripes, twills, are in. There is more dimensional effect in fabrics. Colors are neutrals—gray and camel; brights as greens, reds and purples; backgrounds are white or black.

WAISTLINES are defined by ribbing, sashes, bands, gathers or shirred. Skirts wrap, flare with bias seaming or are pleated. Pants are still strong cuffed, rolled to mid-calf, trouser pleated at the waist, with rising waist bands or straight legged or widely flared.

Hats are much more than sometime items, hosiery is versatile from flesh colored sheers to costume colored tights and body stockings.

Footwear includes platforms, wedges, clogs, ties, straps and higher thinner heels. Bags include larger shoulder bags and clutches. Jewelry projects pendant necklaces and strands of pearls. Belts are important but not as wide as in the past.

'How-to' program set Tuesday on microwave ovens

In response to local homemakers' questions concerning the use of microwave ovens, a home service advisor from Southwestern Public Service Co. in Plainview will demonstrate use of the new ovens at 9:30 a.m. Tuesday in the Dimmitt High School homemaking department.

THE FOOD demonstration is being presented to the summer homemaking students and members of Young Homemakers, but all interested homemakers are invited to attend.

Good Cancer Plan Gives Peace Of Mind

By MICHAEL SALDINO. Michael D. Saldino, director of the complaint division of the Indiana Department of Insurance, answers some questions that have come to his office.

Saldino

Q. I have been solicited to buy a cancer plan. I am confused by cautionary articles on avoiding certain types of health insurance. Are these plans serving the public's needs?

A. A good liberal cancer plan will augment regular insurance. A cancer plan will give peace of mind. One has to only look around to see relatives and friends who have been saddled with huge debts incurred for cancer operations and treatment.

Editor's Note: This column is for general information only. For specific insurance guidance you should consult your own insurance agent. Mr. Saldino will attempt to answer questions of a general nature which are forwarded to him at The Indianapolis News, 307 N. Pennsylvania 46206.
