Big Spring Police's biannual Pharmaceutical Take-Back scheduled for Oct. 27

By ROGER CLINE
 Staff Writer

Do you have some expired prescription drugs that you need to get rid of? How do you dispose of them? If you flush them or just throw them away, they'll eventually leach into rivers, oceans, or groundwater, which can have adverse effects on drinking water and wildlife.

The Big Spring Police Department has you covered, said Chief Chad Wil-

liams. "It's called the 'Pharmaceutical Take-Back Initiative,'" Williams said. "We do it twice a year. People can bring any prescribed substances, except injectibles and syringes are not being accepted because of the hazards

of the blood-borne pathogens." The event will be Oct. 27 from 10 a.m. to 2 p.m. by the west doors of the Spring Town Plaza, 1801 E. FM 700. "It's a no-questions-asked type deal," said Williams. "People just walk up, drop it in a box, and walk off. It's an easy way for them to destroy

their expired medications, or medications they no longer need." People may either simply deposit the medication in its original container, or those concerned about the personal information on the container may dump the medication out of the container directly into the disposal box. However, liquid medications, such as cough syrup, must remain

Prairie Dog Movie Night

By TYLER SCHELLIE
 Staff Writer

Reminder, Big Spring McMahon-Wrinkle Airport will once again host the Prairie Dog Movie night this year at the airport, located on 3200 Rickabaugh Drive. The event will take place Friday, October 5, at 8 p.m.

The movie that will show is the Pixar film "Planes, Fire and Rescue." This is part of the 13th annual Prairie Dog Fly-in. The event has been growing and we want to continue that trend, including the recently added movie night that had tremendous success last year," Fly-in coordinator Phillip Welch said.

The movie night is the first of the two events, and provides a good time

for parents to take their children out to catch a good family-friendly movie tied to the theme of the event, which is completely free of charge.

"We host these events for the children, especially those growing up interested in aircrafts. I'm really happy at the large amount of support we have been receiving from the community. It feels good to see so many people are not only interested, but want to participate in the event," Welch said.

The second day of the Prairie Dog Fly-in begins with a breakfast on Saturday, October 6 at 8 a.m., followed by a showing of aircrafts from all around West Texas, and more.

The public is welcome to attend the breakfast, however there is a small fee to cover the cost of food. If you have any questions, need any additional information on the 2 days of the Prairie Dog Fly-in, or to find out the cost of the breakfast, you can contact the Big Spring McMahon-Wrinkle Airport at 432-264-2362.

at Parkview, located at 3200 Parkway Rd. "Blood is needed every two seconds. You can make a difference as a donor, because when you donate blood, you can save up to three lives," said Senior Donor Recruitment Representative, Linda Grace. "Think about how the people who need those donations feel about you. You are, without a

doubt, a hero to them." Grace went into detail on the donating process, stating the first step is a brief interview. During the interview, the donor will be asked about medical history and current health. The phlebotomist will check your temperature, blood pressure, pulse and blood iron

"Should the need arise, it's good to be proactive and make sure the blood bank is stocked. These blood drives give the community an opportunity to help out, donate, and possibly to save a life," said Grace. "O negative is considered a universal blood type since it can theoretically be given to any person regardless of his or her blood type. This especially comes in handy when someone is in an emergency situation and needs a blood transfusion to stay alive and there is not time to perform a blood type. They can use this type safely. Also, premature babies can only receive this blood type."

Grace also stated that each and every blood donation is screened for HIV, hepatitis B and C, HTLV, West Nile virus, Chagas' disease and syphilis.

"For the most part, donors must be at least 16 years old and weigh at least 110 pounds. All 16 and 17 year-olds must have parent or guardian permission to donate," said Grace. "There is no upper age limit."

United Blood Services is a nonprofit community blood center, providing blood and blood products for local area hospitals throughout the United States. Existing to make a difference in people's lives by bringing together the best people and getting together like Parkview to help raise awareness and get involvement.

"We will be giving out free hot dog lunches to anyone who comes to donate," said Parkview Activities Director, Laurie Martinez. "We encourage everyone to come out and donate potential, life-saving blood."

Also those who donate will receive a t-shirt, Chick-Fil-A and Sonic coupons, and 700 HERO points that can be redeemed at www.bloodhero.com. Call Sally Grant at 432-466-1306 to schedule an appointment, or 877-827-4376 and give the code PNR. Find the hero in you and donate.

BUT WHAT ABOUT DIVORCE

In our last article, we looked at God's design for marriage in Matthew 19:1-6. To sum it up, we observed that God designed marriage to be between one man and one woman for one lifetime. Jesus emphasized the seriousness of it by quoting from Genesis, saying, "What God has joined together, let no one separate."

The Pharisees kept on with their questioning. According to some Jewish rabbis, divorce was acceptable for various reasons - some were more strict in their teaching and some were extremely loose, permitting divorce by the man for any reason at all. Jesus would point them back to God's word instead of their traditions.

Matthew 19:7-9, They said to him, "Why then did Moses command one to give a certificate of divorce and to send her away?" He said to them, "Because of the hardness of heart Moses allowed you to divorce your wives, but from the beginning it was not so. And I say to you: who-

ever divorces his wife, except for sexual immorality, and marries another, commits adultery." (ESV) Depending upon the translation you use, it may add this phrase, and he who marries a divorced woman commits adultery.

Why do people get divorced today? God intended for marriage to be until the death of one of the spouses. Jesus says that these allowances were made for a time, but now this is his authoritative statement on the matter - one man and one woman for one lifetime except when one spouse is sexually unfaithful to the other. At that point, the innocent spouse has the choice to divorce.

What are we going to do as we study the Bible? Are we going to reject it because it contradicts what we think? Hopefully, we will not have hardened hearts and will accept the teachings of Jesus and conform our lives to his word.

The Quest To Be Good

I want to be good, I really do.

I want to be good because being good makes me feel like maybe I deserve a bit less punishment and a little more of God's blessings.

But I know that I have never been able to be good because, in God's eyes, being good means keeping the Law - perfectly, every jot and tittle. We fail to understand that God does not judge us by the "good enough" rule but by the standard of perfection. If it's not perfect then, God will not and cannot possibly accept it. And there is only one way, only one place where we can be perfect, and that is in His only begotten Son, the Lord Jesus.

I want to do good things. The Law tells me that I should be good but I have

no power to keep it. As a

matter of fact, the only ability I possess is the strength to not keep it. The good news is that Jesus kept the Law for me. He is good for me, in my place. Now then the only way that I can obey the Law is by believing that Christ fulfilled it in my stead. And this is true obedience, this is life-giving repentance.

There is no hope in keeping the Law because even the best we can do still falls short of the mark. For some reason, we insist on being good as a means to gain God's favor. But when Christ took all God's wrath on the cross, He secured far more favor for us than we could possibly every need. And it is in this favor that our quest to be good finally comes to an end because on the cross Christ said - it is finished.

Reflections: Was Jesus Right?

Jesus is universally respected. Even the followers of Islam claim him as a prophet. And millions who have no use for the church still like Jesus. But the question remains, "Was Jesus right?" "Did he know what he was talking about?"

It is often difficult to reconcile the attitude and actions of professing Christians with Jesus' words and instructions. When I was eighteen, I worked in a warehouse that shipped products to stores where they would be sold. I worked with older workers who, like me, worked for minimum wage. Some of my co-workers, who were professing Christians, heard that I planned to become a "preacher." They tried to be nice and encouraging. They told me it was a good thing for me to become a preacher, but reminded me that those things "don't work here."

mean that they believed in Jesus but the teachings of Jesus were out of touch with the real world. They were like many Christians I have encountered over the years. Dallas Willard called them "vampire Christians." They want a little of Jesus' blood, just enough to forgive their sins and assure they are going to heaven, but they don't think Jesus knew what he was talking about when it comes to everyday life.

Jesus said, "If you love me, you will keep my commandments." Clearly, he thought he knew what he was talking about, and he expected that anyone who placed their faith in him would do everything they could to obey him. Jesus made it clear that it is impossible to love him, and, at the same time,

ignore or disobey his instructions. Either Jesus was the smartest person who ever lived and knew better than anyone else how life should be lived on this earth, or he was a delusional pretender who has misguided millions for more than two thousand years. If Jesus' instructions for living will not work in the courtroom, the schools, the factory and the family, neither will they work to get us to heaven.

BILL TINSLEY Our personal conclusion about whether we believe Jesus was right will not be reflected in what we profess about who he is, but in what we do when we are going about our day to day activities at work, at school and at home. Are we bringing our lives into alignment with his life and teaching? Do we act like Jesus acted?

Do we forgive like Jesus forgave? Are we truthful and faithful like Jesus was truthful and faithful? Do we love like Jesus loved?

Following Jesus' instructions has nothing to do with earning our way to heaven. It has every thing to do with loving Jesus and living a meaningful life. If you want to know what Jesus expects, you can find his instructions in Matthew chapters 5-7.

Jesus told us how to know whether he was right or not. He said, "If you abide in My word [hold fast to My teachings and live in accordance with them], you are truly My disciples. And you will know the Truth, and the Truth will set you free." (John 8:31-32. Amplified Bible).

Bill Tinsley reflects on current events and life experience from a faith perspective. To suggest a subject for this column Email bill@tinsleycenter.com. Visit www.tinsleycenter.com.

Angry? Jesus Will Help

By Dr. Lillian Bohannon

I remember as a younger sister when my older sister and I would aggravate my older brother. We would only do it when Momma wasn't at home. He would get so angry, he would chase us with the intent of bodily harm.

My sister and I would take refuge in the only room in the house with an old fashioned lock on the door that you could hardly get open with a sledge hammer.

You remember the kind that was like a flat metal box with the little mechanism on top that would lock it. Well, he couldn't get in and consequently in his anger, he would break the panels on the old fashioned door.

That would break the anger cycle, and he would run outside and hide in fear that Momma would get him for what he did. The first time, nothing happened to the sisters.

The second and many times after that, we all learned by experience not to get angry or aggravate each other to the point of making each other angry.

I remember one day after this happening, my brother had to help the landlord fix the door by replacing it with a new one. He had to pay for it out of his allowance.

My brother was thirteen when a change took place in his life. He was in church and dealing with a lot in his young life with anger issues.

He fought a lot of boys in his class be-

cause they picked on me, his younger sister. But the day his anger got the best of him was when he lost control and really beat up a boy pretty bad.

As I said he was in church, and the sermon must have gotten to his young heart. He went up to the preacher and gave his life to Jesus. I don't think I have ever seen him angry since that time.

Jesus tells us in His Word that He will change our hearts to be clean, and pure, and holy before Him, if we will only surrender it to Him. He wants to help us with our problems, heartaches, anger, hate, malice, etc. He tells us man's heart is desperately wicked. His precious, pure blood shed for us on the Cross, will wash our hearts clean of all unrighteousness.

The only way we can change is not by turning over a new "leaf," not by following a "program," and not by being devoted to a preacher or a church or a religion. Change only happens when the "Life-Changer" Jesus takes over. He must be Lord, Boss, Leader, and we must be bond-slave, follower, and devoted to only Him. If you ask Him, it will happen just like he Promised.

If you don't know where to find answers to life's perplexity, Jesus, the Lover of my soul, is the Answer. It's in the 'Book.' It's called the Bible.

Workshop to encourage story sharing

Local religious leaders and educators are among those joining a community-wide diversity workshop and panel discussion this Saturday.

"Sharing Our Stories" takes place from 8:30 a.m. to 4:30 p.m. Saturday at Austin Heights Baptist Church. The workshop is free for the community and lunch and refreshments will be served.

Local leaders coordinating the event include the Rev. Wanda Cuniff, deacon of Christ Episcopal Church, SFA art professor Aloma Marquis, SFA social work professor Jose Carbajal, sociology professor Jerry Williams and Austin Heights Pastor Kyle Childress.

The event is being hosted by the Episcopal Church Province VII Anti-Racism Network.

The workshop opens with video clips and includes a multicultural panel discussion and audi-

ence feedback. Breakout groups will share stories during lunch, and attendees will learn, practice and discuss cultural healing rituals, according to Anti-Racism Network Chair Ayesha Mutope-Johnson.

Mutope-Johnson describes Saturday's workshop as a multicultural, multi-faith event spanning the history of Nacogdoches from its beginnings as home to the Caddo people to today.

"Making space, and being vulnerable enough, to share our story with others can be the beginning of true fellowship, especially with others who are far from our social circle," she says. "This is how we build community."

Won, won and won! Browns beat Jets for first win since 2016

CLEVELAND — For the first time in 635 days, the Cleveland Browns won.

Baker Mayfield showed them how. The No. 1 overall pick replaced injured starter Tyrod Taylor and sparked the Browns, who got two 1-yard touchdown runs from Carlos Hyde and beat the New York Jets 21-17 on Thursday night for their first win since Dec. 24, 2016.

"I've just been waiting for my moment," Mayfield said. "I'm just getting started."

And so ends Cleveland's 19-game winless streak, the NFL's second-longest since the 1970 AFL-NFL merger.

The Browns (1-1-1) trailed 14-0 in the first half before Mayfield came in for Taylor and led four scoring drives while winning an unexpected matchup against Jets rookie quarterback Sam Darnold. Cleveland passed on taking Darnold in the draft and instead chose Mayfield, the Heisman Trophy winner from Oklahoma.

Mayfield finished 17 of 23 for 201 yards in a little more than a half after coming in after Taylor suffered a concussion.

Cleveland Browns quarterback Baker Mayfield (6) and wide receiver Rashard Higgins (81) celebrate a 2-point conversion during the second half of an NFL football game against the New York Jets, Thursday, Sept. 20, 2018, in Cleveland.

Darnold had one last chance, but was intercepted by Terrence Mitchell with 11 seconds left.

When the final seconds ticked off the clock, Cleveland fans, who had endured a 0-16 season and waited nearly two years to see their Browns win, erupted in celebration.

Refrigerators around the city stocked with Bud Lights were finally unlocked, and there figured to be more than a few beverages consumed in the hours ahead.

This was just one win, and while it was an ending, it also felt like a beginning — because of Mayfield.

"Dilly, dilly to the Cleveland fans," Mayfield said, using the beer's commercial slogan. "It's not the only win we're going to celebrate."

Isaiah Crowell had two touchdown runs for the Jets (1-2), who seemed in control when they took a 14-0 lead and knocked Taylor from the game.

Newly signed Browns kicker Greg Joseph made field goals of 45 and 27 yards after being signed just three days ago.

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

Notice of Draft Federal Operating Permit

Draft Permit No.: O1505

Application and Draft Permit. Alon USA, LP, PO Box 1311, Big Spring, TX 79721-1311, has applied to the Texas Commission on Envir-

Legals

onmental Quality (TCEQ) for a renewal and revision of Federal Operating Permit (herein referred to as Permit) No. O1505, Application No. 24291, to authorize operation of the Big Spring Refinery, a Petroleum Refineries facility. The area addressed by the application is located at 200 Refinery Rd in Big Spring, Howard County, Texas 79720-2173. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to the application. You can find an electronic map of the facility at:

<http://www.tceq.texas.gov/assets/public/hb610/index.html?lat=32.26944&lng=-101.4214&zoom=13&type=r>
This application was received by the TCEQ on March 21, 2016.

The purpose of a federal operating permit is to improve overall compliance with the rules governing air pollution control by clearly listing all applicable requirements, as defined in Title 30 Texas Administrative Code § 122.10 (30 TAC § 122.10). The draft permit, if approved, will codify the conditions under which the area must operate. The permit will not authorize new construction. The executive director has completed the technical review of the application and has made a preliminary decision to prepare a draft permit for public comment and review. The executive director recommends issuance of this draft permit. The permit application, statement of basis, and draft permit will be available for viewing and copying at the TCEQ Central Office, 12100 Park 35 Circle, Building E, First Floor, Austin, Texas 78753; the TCEQ Midland Regional Office, 9900 W Interstate 20 Ste 100, Midland, Texas 79706-2636; and the Howard County Public Library, 500 S Main St, Big Spring, Texas 79720-2729, beginning the

first day of publication of this notice. The draft permit and statement of basis are available at the TCEQ Website:

www.tceq.texas.gov/goto/tvnotice

At the TCEQ central and regional offices, relevant supporting materials for the draft permit, as well as the New Source Review permits which have been incorporated by reference, may be reviewed and copied. Any person with difficulties obtaining these materials due to travel constraints may contact the TCEQ central office file room at (512) 2392900.

Public Comment/Notice and Comment Hearing. Any person may submit written comments on the draft permit. Comments relating to the accuracy, completeness, and appropriateness of the permit conditions may result in changes to the draft permit.

A person who may be affected by the emission of air pollutants from the permitted area may request a notice and comment hearing. The purpose of the notice and comment hearing is to provide an additional opportunity to submit comments on the draft permit. The permit may be changed based on comments pertaining to whether the permit provides for compliance with 30 TAC Chapter 122 (examples may include that the permit does not contain all applicable requirements or the public notice procedures were not satisfied). The TCEQ may grant a notice and comment hearing on the application if a written hearing request is received within 30 days after publication of the newspaper notice. The hearing request must include the basis for the request, including a description of how the person may be affected by the emission of air pollutants from the application area. The request should

Legals

also specify the conditions of the draft permit that are inappropriate or specify how the preliminary decision to issue or deny the permit is inappropriate. All reasonably ascertainable issues must be raised and all reasonably available arguments must be submitted by the end of the public comment period. If a notice and comment hearing is granted, all individuals that submitted written comments or a hearing request will receive written notice of the hearing. This notice will identify the date, time, and location for the hearing.

Written public comments and/or requests for a notice and comment hearing should be submitted to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087, or electronically at www.tceq.texas.gov/agency/comments.html and be received within 30 days after the date of newspaper publication of this notice. Please be aware that any contact information you provide, including your name, phone number, email address and physical address will become part of the agency's public record.

A notice of proposed final action that includes a response to comments and identification of any changes to the draft permit will be mailed to everyone who submitted public comments, a hearing request, or requested to be on the

mailing list for this application. This mailing will also provide instructions for public petitions to the U.S. Environmental Protection Agency (EPA) to request that the EPA object to the issuance of the proposed permit. After receiving a petition, the EPA may only object to the issuance of a permit which is not in compliance with the applicable requirements or the requirements of 30 TAC Chapter 122.

Mailing List. In addition to submitting public comments, a person may ask to be placed on a mailing list for this application by sending a request to the Office of the Chief Clerk at the address above. Those on the mailing list will receive copies of future public notices (if any) mailed by the Chief Clerk for this application.

Information. For additional information about this permit application or the permitting process, please contact the Texas Commission on Environmental Quality, Public Education Program, MC-108, P.O. Box 13087, Austin, Texas 78711-3087 or toll free at 18006874040. Si desea informacion en Español, puede llamar al 1-800-687-4040.

Further information may also be obtained for Alon USA, LP by calling Mr. Frank J. Burgard III at (432) 263-9214.

Fun By The Numbers

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

ANSWER:

By Steve Becker

Bidding quiz

You are South, and the bidding has gone:
South West North East
1♣ 1♦ 1♥ 1♠
?

What would you bid now with each of the following five hands?
1. ♠Q72♥J85♦A92♣AQ86
2. ♠J5♥AQ6♦A4♣Q109752
3. ♠K8♥J74♦AK♣KQJ954
4. ♠AJ9♥J8♦A97♣AKJ63
5. ♠A6♥K852♦10♣AQJ104

1. Pass. Opening bids of one of a suit normally contain 12 to 21 high-card points. So whenever you open the bidding with one of a suit, your partner has no idea whether your opening is of the weak, strong or intermediate class.

Most of the time, you get to identify the strength of your hand at your next turn to bid. In the present case, that time is now. Since your opening bid was clearly of the minimum class, you can best indicate those values by passing one spade, implying that you opened a minimum and that you have no clear-cut action over East's bid.

2. Two hearts. Standing by itself, this is also a minimum hand, but it has risen appreciably in value because of the A-Q-x in partner's suit. Such excellent trump support should not be suppressed even though

you have only 13 high-card points and only three cards in the suit.

3. Three clubs. This hand is in the intermediate range (16 to 18 points) and can best be described by jumping to three clubs (invitational). Game is likely in clubs, hearts or notrump, but partner can pass with a minimum (six or seven points). The final contract depends on what he does next.

4. Two notrump. This hand is also in the intermediate class, but the available information — at least for the time being — indicates that notrump is probably the right spot. The jump to two notrump shows 18 or 19 points, notrump distribution and stoppers in both of the opponents' suits.

However, the final contract is still an open issue. Partner may be able to raise notrump, or may prefer a suit contract. Wherever he leads, you follow, because your values are flexible and can fit any type of hand he holds.

5. Three hearts. Your four-card trump support, singleton diamond (worth three points) and potential four or five club tricks all combine to put your hand in the intermediate class, so you jump to three hearts to invite partner to go on to game. Partner is allowed to pass with the skimpiest of values, but will seldom do so in actual practice.

Tomorrow's Horoscope

Equinox Eve Focus

BY HOLIDAY MATHIS

It's human nature to believe oneself to be at the center of the universe, as it should be. If each person weren't charged with their own survival, the human race could not have lasted this long. That said, on this eve of the autumnal equinox, your survival is assured so you can happily focus the best of your attention on loved ones.

ARIES (March 21-April 19). People are so complex that they often don't even know their own reasons for taking a certain action. Introspection only captures but the tiny fraction of a thought process. So go easy on yourself. You had your reasons.

TAURUS (April 20-May 20). If you haven't decided what goals to set for yourself, don't rush. Your

sincere desire to be useful and helpful will propel you forward better than any other ambition would.

GEMINI (May 21-June 21). You'll be reassessing what matters to you. It's almost as if your priorities come up for review when the sun is about to change signs, and today you'll be reassessing what matters to you in order to better plan your future.

CANCER (June 22-July 22). Staying healthy is about prevention, eating right, sleeping long and being happy. Later you'll be glad you put today's energy toward creating better habits around self-care.

LEO (July 23-Aug. 22). The zoom function of your mind is touchy, and you'll have to check yourself to keep from getting too analytical. Every action counts for something, but no actions count for everything. Hopefully, that takes some of the pressure off.

VIRGO (Aug. 23-Sept. 22).

A surge of inner determination will be your lovely parting gift as the sun prepares to leave your part of the sky. You'll push forward, no hesitation, and face life head-on.

LIBRA (Sept. 23-Oct. 23). The best way to handle compliments is to turn them around, flattering the kindness and observation of the giver. These and other niceties are old hat to you. The cosmic attention coming your way will activate your social grace.

SCORPIO (Oct. 24-Nov. 21). You'll make the first call, and you'll also be the one to repeat call when the other person isn't calling you back. That doesn't make you less powerful; it makes you more in control of the relationship's destiny.

SAGITTARIUS (Nov. 22-Dec. 21). People from the past will figure in and you'll find out what they're up to. You'll also note what's changed -- your entire self-concept, for starters. Because you see yourself in a new light, the world does, too.

CAPRICORN (Dec. 22-Jan. 19). Gather more information to satisfy your curiosity or to help yourself

understand a situation better, but don't worry about passing judgment. This one is not for you to decide.

Texas Tech arrives as Cornelius leads No. 15 Oklahoma St

By CLIFF BRUNT

AP Sports Writer

Oklahoma State quarterback Taylor Cornelius has made an unexpected impression as a runner.

The 6-foot-6, 225-pound senior looks like he's lumbering his way down the field, but he's tough and surprisingly agile and fast. Last Saturday, he rushed for 41 yards and two touchdowns to help the Cowboys knock off then-No. 17 Boise State 44-21.

"I think he's comfortable when he's running the ball, when he gets into the flow of the game," Oklahoma State coach Mike Gundy said. "Like a three-point shooter in basketball — hits a couple threes, gets hot and you give it to him and he starts hitting a few more."

Cornelius has been pretty good throwing the ball too — he has completed 65 percent of his passes for 971 yards and seven touchdowns in three games. Oklahoma State's offense ranks sixth nationally as the 15th-ranked Cowboys (3-0) head into their conference opener Saturday against Texas Tech (2-1).

"A month ago, I said he was on the tee box or the driving range, and we didn't know what he would do on the tee box on No. 1, but he's done pretty well on the first two or three holes," Gundy said. "He's getting into a different part of the course now, and hopefully he'll continue to play well. I think he's developing into being a pretty good college quarterback."

Cornelius will need to be at his best Saturday. Texas Tech enters Saturday's game with the nation's No. 1 offense. Alan Bowman threw for 605 yards and five touchdowns in his second career start, a 63-49 win over

Houston. He broke former Texas Tech star Patrick Mahomes' previous Big 12 record for yards passing by a freshman in a game and missed the NCAA freshman yardage record by 6. Since replacing the injured McLane Carter in the first quarter of the season opener, Bowman has passed for 1,160 yards and eight touchdowns with no interceptions.

"This league will be disappointed to see him for the next three or four years, or however long it'll be," Gundy said. "He seems to understand their system and looks like he gets it.

They're moving the ball and scoring lots of points."

WESLEY EMERGES

Tech has found another star receiver in Antoine Wesley. The 6-foot-5 junior had 13 catches for a school-record 261 yards and three touchdowns against Houston.

"Breakout game," Texas Tech coach Kliff Kingsbury said. "Unbelievable plays. We got to keep him coming. He's a long ways from where he can be. He knows that. Hopefully that builds some confidence moving forward."

Texas looking to end run of TCU domination in Big 12 rivalry

By JIM VERTUNO

AP Sports Writer

AUSTIN, Texas — Texas cornerback Kris Boyd said perhaps the last thing Longhorns fans want to hear right now.

"I ain't gonna lie," Boyd said after Texas crushed then-No. 22 USC last week. "I kinda feel like we proved that we're back."

It's time to test that bravado Saturday against No. 17 TCU.

Any talk of Texas being "back" just three games into the season is likely to make Longhorns fans cringe. Why? They've heard it before and the fallout was embarrassing. A television announcer's "Texas is back!" declaration in 2016 turned into a national punchline in a 5-7 season that got former coach Charlie Strong fired.

And now here come the Horned Frogs (2-1). TCU will be another critical test to see if second-year coach Tom

Herman really has the Longhorns (2-1) primed to break out in the Big 12, or if they're still just scrapping around the middle of the league.

TCU has dominated Texas since 2014 with four straight lopsided wins as the Horned Frogs became a Big 12 heavyweight and Texas fell to three straight losing seasons before Herman guided them to 7-6 and a bowl win last year. That's quite a run in a rivalry that has Texas dominated historically. Texas won 28 of 29 meetings between 1968 and 2007.

But since joining the Big 12 in 2012, the Horned Frogs and coach Gary Patterson are 5-1 against the Longhorns, and Saturday will be the Big 12 opener for both teams.

"We've played hard against Texas. You would think that we would do the same thing again," Patterson said. "We have a younger football team, though. Going on the road, this is going the first time on

the road with a little bit more of a hostile crowd. How will they react to all of that?"

TCU is coming off a tough loss to No. 4 Ohio State when a second-half lead collapsed under a string of turnovers. While Texas has to move past the euphoria of a big win and any talk of being "back," TCU must deal with the fallout of letting a big win get away.

"We understand that last week doesn't matter anymore," Texas quarterback Sam Ehlinger said. "In order to be the team we want to be we have to put big wins and stack them on top of each other."

Some things to watch for when the Longhorns play the Horned Frogs:

STEADY EHLINGER: The sophomore didn't have a turnover last week against USC but he completed just 15 of 33 passes. Two of those went for long touchdowns. He also ran for a score. He didn't play against TCU last season

because of an injury. "He's a running back playing quarterback," Patterson said. "He beats you with his feet. He's won a lot of ballgames because of taking off, running draws, powers, quarterback stretches, all of those kind of things."

GROUND GAME: TCU has rushed for more than 200 yards in each game this season, led by the speed of tailback Darius Anderson who went 93 yards against Ohio State last week. Texas smashed USC's running game last week, holding the Trojans to minus-5 yards, one of the best performances in school history. That included a fourth-and-goal stop from the Texas 1. "That was a proud moment. Is it sustainable? I don't know," Texas senior defensive end Charles Omenihu said.

TCU TURNOVERS: Mistakes killed the Horned Frogs last week against Ohio State as TCU quarterback Shawn

Robinson had a fumble recovered in the end zone and a shuffle pass intercepted for a touchdown. His confidence could erode quickly if he has another big mistake early against Texas.

RISING TEXAS FRESHMEN: Texas is starting to get some big plays from its highly-touted freshmen. Safety Caden Sterns has an interception and a blocked field goal in the last two games. Wide receiver Joshua Moore stretched for a 27-yard touchdown catch in the back of the end zone against USC.

SPECIAL TEAMS: Both teams have had punts blocked this season. TCU gave up one against Ohio State last week and it led to a touchdown. The Horned Frogs also have one of the most dangerous kick returners in the country in senior KeVontae Turpin. He's returned a punt for a touchdown in each of the last four seasons.

BROWNS

Continued from Page 8

Browns coach Hue Jackson got just his second win in 35 games since being hired by owners Dee and Jimmy Haslam, and this win will ease some of the pressure he's been feeling to get Cleveland turned around. Jackson could also be faced with a difficult choice — either stick with Mayfield or go back to Taylor when he's healthy.

The decision might not be as tough now.

Jackson wouldn't commit to staying with Mayfield, but referred to the performance as "his coming out party" several times.

Mayfield made his NFL debut with 1:42 left in the second quarter, replacing an injured Taylor after Cleveland's starter was sacked for the third time. Taylor struggled getting to his feet after being dragged down by linebacker Avery Williamson, but he had absorbed several hard blows before that — and had been ineffective.

With Cleveland's crowd roaring, Mayfield completed a 14-yard pass to Jarvis Landry on his first pass as a pro and then found tight end David Njoku for 17 yards. Mayfield drove Cleveland into field-goal position and Joseph, who signed with the team on Monday following a tryout, drilled a low line drive to pull the Browns within 14-3.

Cleveland's plan was to have Mayfield watch and learn this season.

Taylor's injury may change everything.

For Darnold, a promising start ended with his second loss in three games. He completed 15 of 31 passes for 169 yards, but threw two picks late in the fourth as he tried to rally the Jets.

"I feel like I've got to play better and make better reads," Darnold said. "I need to be more decisive. We've got to make them pay and put the ball in our playmakers' hands."

Hyde's 1-yard TD run pulled the Browns within 14-12 and Cleveland tied it with a trick 2-point play.

Mayfield shifted to the left and the ball was snapped directly to running back Duke Johnson, who ran right and gave the ball to Landry on a reverse. Landry then lofted a pass into the end zone to

Mayfield, whose conversion tied it and sent Cleveland fans into a frenzy.

Crowell scored his second TD with 7:54 left in the second quarter, and was flagged for excessive celebrating when he squatted and wiped the ball on his backside before flinging it into the crowd.

Crowell's untouched 7-yard run TD run came five plays after Jets linebacker Kevin Pierre-Louis got a hand on Britton Colquitt's attempted punt and New York took over at Cleveland's 28.

On the first play of the second quarter, Crowell took an inside handoff and raced into the end zone before firing the ball into the stands in celebration. Crowell spent four seasons with the Browns before signing a three-year, \$12 million free agent contract with New York as a free agent in March.

OH, BABY

Hyde arrived late for pregame warmups because his wife was giving birth. Jackson said as of late Thursday night the child had not yet been delivered.

LONG AUDITION

Joseph stayed on the field and kicked by himself during the opening coin toss, and each of his makes drew a rousing ovation from Cleveland fans. Just a few days ago, Joseph was relaxing in South Florida with friends while Gonzalez missed four kicks in New Orleans and then got booted by the Browns.

RADIO SILENCE

The Browns suspended radio reporter Nathan Zegura eight games for his conduct on the sideline during last Sunday's loss at New Orleans. Zegura, who also co-hosts the team's in-house radio broadcast, can't work a game until Nov. 25. He has also

been removed from the team's afternoon show for two weeks.

INJURIES

Jets: CB Trumaine Johnson left in the first quarter with a suspected head injury, but returned. ... WR Charone Peake sustained a hamstring injury. ... CB Buster Skrine injured his knee in the first and did not return. ... WR Robby Anderson injured his nose in the third quarter, but came back.

Browns: S Jabrill Peppers hurt a shoulder in the first half, and Landry replaced him on punt returns.
