Services For Mrs. Childress Here Friday

Funeral services for Mrs. Hugh (Kate Perner) Childress, 90, were held Friday afternoon at the Ozona United Methodist Church with burial in Cedar Hill Cemetery under the direction of Janes Funeral Home.

Mrs. Childress died Thursday in Lillian Hudspeth Memorial Hospital in Sonora after a lengthy illness. She had been a resident of the nursing home there for several years.

She was born July 11, 1886 in Bandera and moved with her family to Crockett County as a girl. She was married to Hugh Childress Sept. 5, 1906 in Ozona.

Survivors include a son, Hugh Childress, Jr. of Ozona; two daughters, Mrs. John Coates of Ozona and Mrs. Ele Hagelstein of Fort Stockton; two sisters, Mrs. Max Schneemann and Mrs. Roy Henderson, both of Ozona; four grandsons, and six great-grandchildren.

Pallbearers were Bill Baggett, George Bunger, Sam Perner, Roy Coates, Lowell Littleton, Bud Coates, Marshall Montgomery, Lawrence Janes, all of Ozona, Jack Hagelstein of Hobbs, N.M., Dow Puckett of Fort Stockton, Lee Dudley of Sanderson, and Max Schneemann, Jr. of Big Lake.

Stuart Burned In Blast

Jeffrey Stuart was severely burned Thursday night on an oil field location near here when a heater in the dog house caused a blast of flame when he and two other men opened the door. Stuart was apparently the first to open the door, as he was more severely burned than the other two men. He was taken to Shannon Hospital where he is in room 316.

Stuart suffered burns on his face, hands and wrists and one leg. He is requiring skin grafts along with other medication and treatment.

FFA COMMERCIAL LIVESTOCK SHOW WINNERS named at the annual show held here Saturday. Winners are, front row, l. to r., Wayne Sutton, Bubba Everett, Jody Naron, Ed Hale and Trazell Hayes. Back row, l. to r., Gregg Perry, Billy Wagoner, Douglas Bean, Cliff McMullan, Ray Hill and Jeffrey Young. [see story for awards]

Eighth Grade Teams Second In Tournament

Both the boys and girls eighth grade basketball teams were runners-up in the annual eighth grade basketball tournament held here Saturday. McCamey won the girls championship trophy and the Big Lake boys won.

The McCamey girls downed the Ozona team 37-21 in the championship game, while the Big Lake team beat the Cubs 35-32 in a close one.

The Ozona girls beat Sonora 27-19 to advance to the finals. Lori Clayton was high point girl in both games, hitting for 17 points in the Sonora game and for 11 in the final game. The Sonora girls won third place, beating Big Lake 31-10.

The Cubs beat Sonora 27-18 to advance to the finals. Delgado was high point man in the first game with 12, and Enriquez was high point man in the final

Ozona Lions Beat Crane In District Opener

By-Gregg Perry

The Ozona Lions won an important district game here Friday night 59-55 against a strong Crane team.

The Lions drew blood first to go ahead, but the score see-sawed throughout the opening minutes of the ballgame. Soon though, the Lions, showing tremendous teamwork and hustle, slowly pulled ahead and came out on top at the end of the first quarter, 16-10.

The second quarter again proved to be all Lions, them scoring 21 points to Crane's 17. Thus when the buzzer sounded, Ozona went into the locker room with a comfortable 37-27 halftime lead.

The Lions came out fighting again in the third quarter. This time they outscored Crane by three points. Thus when the dust had settled, the scoreboard

showed Ozona 48 and Crane 35.

Crane's defense stiffened and offense sparked late in the fourth quarter, at one time coming within two points of the Lions but too late as the Lions won 59-55.

High point man for Ozona was Sterling Lay with 17 points. Lay also fouled out late in the fourth quarter. Vaden Aldridge was second high point with 15.

Earlier the Ozona JV dropped to Crane's JV 52-38. High point for Ozona was Victor DeLaGarza with 9 points. Second was Clair McDaniel and Danny Sewell, both with 6.

The Varsity and JV both played Lakeview here Tuesday night, but scores were not available at news time. They'll play Kermit there Friday night starting at 6:15.

Gary Loudamy Receives Top A&M Award

Gary Loudamy, son of Mr. and Mrs. Bud Loudamy, all former Ozonans, has been awarded the Texas A&M University College of Veterinary Medicine's Distinguished Student Certificate in recognition of academic excellence.

Gary, a graduate of Ozona High School, is a senior at A&M and will graduate in May. He attended Lubbock Christian College and spent three years in the U.S. Army before enrolling at A&M. He is married to the former Georganne Janes of Ozona.

4-H Clothing Projects To Organize

4-H clothing projects will begin organizing in January and February. All interested 4-Hers and youth between the ages of 9 and 19, who would like to learn to sew, should contact the County Extension Office or call 2-2721.

All adults who would like to help with the 4-H clothing groups are urged to call the Extension Office. Clothing booklets are available for each 4-H member and 4-H leader participating in the program. For further information on the 4-H clothing program please call Debra Price, (2-2721) or come by the County Extension Office.

Predator Control Meeting

A Predator Control Meeting will be held at the Civic Center on Wednesday January 26 at 2:00 P.M. The meeting is sponsored by the Livestock and Range Committee of the Crockett County Program Building Committee.

The first part of the program will be a slide presentation on methods of controlling predators. Raymond Trimble, Field Supervisor with the Texas Predator and Rodent Control Service will be responsible for the second half of the program. He will demonstrate how to select and make a trap setting and how to set snares. He will also demonstrate how to recognize predators by their droppings and signs.

The public is invited to attend-particularly the ranchmen and their ranch hands.

This should be one of the most important meetings that the Extension Service has held since the predators are on the increase. Everybody will have to work together or the predators will gradually put all sheep and goat producers out of business.

5 Ozonans On Dean's List At A.S.U.

The Illegal Alien Problem

By Kenneth W. Ryker, Academic Dean Northwood Institute, Texas Campus

The General Accounting Office and the Immigration and Naturalization Service reported recently there are 12 million illegal aliens in the country. Six million of these are Mexican, which surprisingly represents one-tenth of the total population of Mexico.

Of these 12 million, almost four million are working in jobs which could be filled by American citizens. One million of these are high-paying jobs.

About 300,000 aliens who enter the United States legally each year fail to return to their native country thus adding to the total of illegal aliens.

Of today's civilian labor force of 95.5 million workers, 7.5 million are unemployed.

Economists have long considered a 4 percent unemployment rate as "full employment." Any attempt to reduce the rate below that results in an acute labor shortage and inflationary pressure. The difference between today's unemployment rate and the "full employment" rate translates to about 2.5 million people.

Thus, it is obvious by the above figures that if we could rid our country of illegal aliens we would have enough jobs for all who wanted to work at wages offered in the labor market.

In addition to taking four million jobs from American workers, there are other serious economic consequences of the illegal alien problem.

The Immigration Service estimates illegals send \$3 billion out of the country each year. This is money earned here that won't be used for the purchase of goods and services in our economy.

Illegal aliens generally file no income tax returns. When a return is filed, so many dependents are claimed that no tax is withheld. Investigations reveal a high degree of fraud in such instances.

The illegals cost U.S. taxpayers \$14 billion in the year 1975 for welfare, food stamps, medical care, etc. This one cost alone is more than the total budget of the federal government from the first administration of George Washington to the second term of Franklin D. Roosevelt.

What can be done to solve the problem of illegal aliens? It would appear there is no practical way to physically keep such people out of the country. The Immigration Service has only 2,900 enforcement personnel to guard 6,000 miles of border—2,000 miles along Mexico and 4,000 miles along Canada.

Commissioner Chapman of the service reported that: "In a single day in March of this year, border patrol officers in one 20-mile stretch of our southern border apprehended 1,100 illegal aliens . . . and our limited force was able to respond to less than one-third of the border sensor alarms . . . another 2,000 or more made their way past our officers, and successfully entered this country." Chapman stated this was not unusual but a daily occurrence.

The lure to illegal aliens is employment and welfare. If we are to solve this problem, we must concentrate on the places where they are given these things.

Spending Destroys Jobs

Those who think the economy can be stimulated and more jobs supplied by government spending do not know history.

In the last depression under freedom—1920-21—our country paid off large segments of the national debt each year. We practiced economy—just the opposite of spending. The result was the reappearance of prosperity almost immediately.

Clear up until 1929, we continued to practice economy and to reduce the national debt. During that period it was reduced from \$25 billion to \$16 billion. (This would be the equivalent of a budget surplus today of some \$20 to \$25 billion a year. But we are running deficits of about \$50 billion per year.) Moreover, in the face of this economy and sharp debt reduction, real prosperity was experienced most of the time during the '20s.

When we came to the Great Depression in the '30s, the opposite policy, that of deficit spending, was followed with the result that the first government-managed depression was never cured. But one might say it was obscured by the policy of government spending, and rapid increase of the budget and the quantity of money.

This furnishes impressive evidence that spending creates unemployment and depression, while economy promotes prosperity and greater employment. If we now accelerate the policy of spending to furnish employment, the result will be the opposite of that which is intended. Moreover, during the period of economy and drastic debt reduction in the '20s, the number of employed workers increased at the rate of more than one million per year, and the gross national product rose at the rate of about 5 percent per year.

It cannot too often be said that economy and debt reduction promote employment and prosperity, while the opposite policies of debt expansion and increased spending cause unemployment and, apart from inflation, declining production.

STATE CAPITAL Highlights AND Sidelights

by Lyndell Williams TEXAS PRESS ASSOCIATION

AUSTIN — The 65th legislature reported at the capitol last week and quickly organized for business.

House Speaker Bill Clayton was re-elected to a second term without opposition, and both houses adopted procedural rules with a minimum of controversy.

What opposition there was to Clayton's House rules centered on a change which would permit representatives, by resolution, to direct closed-door sessions of committees.

Both Clayton and Lt. Gov. Bill Hobby in the Senate lost no time in naming their standing committees, clearing the decks for early hearings on bills.

And Gov. Dolph Briscoe, spelled out his recommendations for legislation in a state-of-the-state message.

Briscoe urged top priority tags on school and highway finance programs — which will cost more than \$800 million each — for public health measures and crime control.

The governor repeated his familiar commitment to veto any spending which would require new or additional taxes and expanded the pledge:

"There will be no new or additional state taxes so long as I am governor."

If the governor seeks and wins another four-year-term next year, the anti-tax promise will extend until the 1983 legislature.

Both Briscoe and Clayton emphasized need for fiscal restraint.

Clayton urged prudent handling of \$3 billion in increased revenue as a top legislative policy goal.

Briscoe Running Gov. Briscoe edged closer to jumping into a race for a third term at a meeting with nearly 300 supporters at a South Texas ranch recently.

Reports indicated the governor told the gathering he expected to announce his candidacy after the legislature adjourns at the end of May. He later conceded that he only promised to make a "formal announcement" sometime in the future, but he added his intentions are "well known."

Meanwhile, Atty. Gen. John Hill opened a campaign office and hired (effective February 1) former Texas AFL-CIO Political and Legislative Director John Rogers to help him beef up his organization. However, Hill, who acknowledges he aspires to be governor, said he has not definitely made up his mind to be a candidate and will wait until the legislature adjourns to announce his decision.

When rumors began circulating that Agriculture Commissioner John C. White may go to Washington as deputy U.S. Secretary of Agriculture, a long line of prospective candidates for his state job began forming.

Courts Speak

Stores are liable for false arrests by guards they hire under contract, the Supreme Court held in a recent Houston case.

The high court will determine ownership of millions of dollars worth of lignite in a Freestone County contest.

Mere presence of a surgeon in an operating room does not make him responsible for negligence of all others working there, the Supreme Court determined in cases from Gray and Taylor counties.

The court ordered state payment of a \$849,674 judgement against the University of Texas, favoring a construction company.

A Polk County appeal of an intermediate court decision knocking down the county's tax on 61.9 miles of Tenecco pipeline will be heard by the Supreme Court.

Court of Criminal Appeals denied a motion to stay the execution of condemned murderer Jerry Lane Jurek.

AG Opinions

Law does not require presence of an attendant at every self-service gasoline station, but the State Board of Insurance can impose such a requirement, Atty. Gen. John Hill said.

In other recent opinions, Hill concluded:

The Department of Mental Health and Mental Retardation may contract to sell products of its sheltered workshops to the state, and goods made by the mentally retarded have purchase preference.

A commissioner's court may approve or disapprove salaries for the county attorney's secretary, but may not set the salary scale.

Short Snorts

A 47-member task force of prominent citizens last week began evaluating the \$734 million a year Texas Medicaid program of health care for the needy.

Texas Industrial Commission Director Jim Harwell has unveiled a job-matching program designed to reduce manufacturing unemployment in Texas from 6.6 percent to four per cent by 1980.

Texas revenues are continuing to flow in at record levels, totaling \$1.6 billion during the first three months of fiscal 1977 — an 11 per cent increase over fiscal 1976.

Texas Court of Criminal Appeals judges claim they have the heaviest judicial work load in the nation, and called on the legislature for aid.

Don Simmons of Abilene and Mrs. Virginia Stacey of San Antonio are in a February 7-8 runoff for Texas State Teachers Association 1977-78 president-elect.

Southwestern Bell is suing to set aside the \$57.8 million rate increase order of the Public Utility Commission.

Q: I've been divorced for over a year. I don't know the whereabouts of my ex-wife and my two children, so I don't know where to send child support payments or how to visit my children. What happens if my ex-wife files a petition to terminate my parental rights?

A: Anyone who is sued for the purpose of terminating their legal rights as a parent must be notified before the suit can be tried. The law allows an exception from this notification requirement if the parent bringing the suit testifies that the other parent's whereabouts are unknown; in this case, notification would be attempted by publication.

Q: When my husband died, our house became my homestead, although I'm not living in it at the present time. Now that his daughter by a previous marriage has reached the age of 18, can she make me sell the house in order to get cash for her share of the house?

A: So long as a widow's right to a homestead has not been abandoned by the widow, she cannot be forced to sell it to accomplish a division of the property for the benefit of a step-child. The widow's right to the homestead allows her to use it during her lifetime with the remainder passing after her death to the late husband's children or their descendants.

Q: Our daughter died without a will and is survived by her husband and two small children. Their father won't

**Tips
For Gardeners**
From the
Ozona Garden Club
by
Mrs. Bailey Post

Arbor Day this month (Friday 21) reminds us to plant a tree-flowering or fruit. It's time to fertilize fruit trees you already have. Feed them as the buds begin to swell rather than when in bloom. If you miss the bud stage, wait until the fruit is marble size to feed. Avoid applying close to trunk but under outer limbs because feeder roots tend to the edge line of branches. Thoroughly water in any plant food, including sheep manure, which doesn't burn.

At the January meeting of Ozona Garden Club, Mrs. Richard Mayfield presented a most informative program on "Acid Loving Plants In The Southwest". Anyone who has these plants established or planning to buy new one's, will profit by using these hints for successful growing.

This is the perfect time of the year to plant acid loving plants, including azaleas, camellias, gardenias and many broadleaf evergreens.

To determine your soil's acidity, you may obtain a soil kit from most nurseries or send a soil sample to the County Agent's office. The right pH or acidity, results in healthy, green plants. The wrong pH results in stunted plants with pale yellow leaves.

To correct our alkaline soil, organic matter can be used. As it decomposes, it neutralizes the alkalinity of our soil. Too much commercial fertilizer can burn or kill neighboring plants.

Proper drainage is important. Improper drainage can cause an accumulation of alkaline salts which appear as white crust or salty looking crust.

So—you have always wanted to try your hand at gumbo? There is no better time than left-over turkey time. Live daringly. Don't toss those last sad pieces. By adding two cans of shrimp you have the basics for a rich, exciting gumbo, Creole style. This easy recipe is for an "okra" type, as distinguished from the kind called "file" gumbo. But don't be afraid of the okra. The trick is to fry it (yes, fry) until, in the words of one old-time Louisiana cook, it "quits ropin'."

SHRIMP AND TURKEY GUMBO

- 2 cans (4 1/2 ounces each) shrimp
- Turkey wing and "drumstick" or equivalent
- 1/3 cup cooking oil or fresh bacon drippings
- 1 box (10 ounces) frozen sliced okra
- 1-1/2 cups chopped onion
- 3 garlic cloves, sliced
- 1 can (8 ounces) tomato sauce
- 1 bay leaf
- 1/2 teaspoon crushed thyme
- 1/2 teaspoon cayenne pepper
- 1 teaspoon salt

Chill shrimp in the cans. Wash all traces of dressing from turkey. Heat oil in a heavy soup kettle; fry okra, onion, garlic together over high heat, stirring constantly, until okra loses its viscous quality. Add 5 cups water; stir well. Add turkey, tomato sauce, seasonings. Bring mixture to a boil; turn heat to simmer. Cover and cook, stirring frequently, 1 1/2 hours or until turkey falls easily from the bone. Remove meat; break into bite-size pieces; discard all bone, skin, gristle. Return turkey to gumbo; add shrimp and all shrimp liquid. Heat. Spoon gumbo around mounds of fluffy rice. 6 main-course servings.

The best way to grow acid loving plants in our area is in a raised bed or container. Add organic matter, especially cottonseed meal or acid peat. Check the soil every few years and watch your plants. When they begin to turn yellow, they are not getting enough iron because the soil is too alkaline.

List of common acid-loving plants: azaleas, camellias, daffodils, ferns, spruce, fir, hydrangeas, lupines, mountain laurel, violets, scrub

oak, red oak, pines, red cedar, rhododendron.

T.O.P.S. CLUB MEETS

The weekly meeting of T.O.P.S. Club 937 met Friday at the Chamber of Commerce Building. Thirteen members were present. Queen of the week was Joyce Tinney.

Winner of the sewing basket contest was Connie Baker, with a loss of eleven and three-fourths pounds. A new contest has begun and will last six weeks.

The T.O.P.S. Club is planning a bake and garage sale and will be held February 4 beginning at 9 a.m.

Shelann Potts was a new member this week. Meetings are held each week on Friday mornings at 9 a.m. in the Chamber of Commerce Building. New members are welcome.

With a few cans of pears on your pantry shelf, a wealth of delicious recipes are at your fingertips. Simply choose ingredients found in most kitchens, add the canned pears and you can create a spicy pear cake, a luncheon salad or even an old-fashioned fruit pie.

Canned pears have a refreshing sweetness that adapts to a variety of flavors and textures. And because they are so convenient to use and store, the pears readily become pantry partners with ingredients on hand.

The recipes here will become favorites for last minute cooking when there's no time for shopping and when you want something delicious to serve.

This versatile luncheon salad can be varied by using canned or cooked chicken in place of the tuna.

Peared Tuna Salad

- 1 can (29 oz.) pear halves, chilled
 - 1 can (6 1/2 oz.) tuna, drained and flaked
 - 1/4 cup mayonnaise
 - 1/4 cup chopped nuts
 - 1/2 cup diced celery
 - garnish of choice
- Drain pear halves reserving syrup for another use. Dice enough pears to measure 1/2 cup. Toss with remaining ingredients except garnish. Mound into center of platter. Encircle with pear halves, cut sides up. Fill centers with garnish. Makes 4 servings.

Chocolate and pears are far-out partners, and these moist cupcakes are proof. They are easy to make and practical too, using the pear syrup in the frosting.

Spicy Pear Cupcakes

- 1 can (16 oz.) pear halves
 - 2 cups flour
 - 1 cup sugar
 - 2 tsps. soda
 - 1/2 cup chopped nuts
 - 1/4 tsp. each nutmeg and cinnamon
 - 1/2 teaspoon salt
 - 1/2 cup melted butter
 - 2 tablespoons (1/2 oz) grated unsweetened chocolate
- Drain and dice pear halves, reserving syrup. Measure out 1/2 cup pear syrup, saving remaining syrup for frosting. Place 1/2 cup pear syrup, cut-up pear halves and remaining ingredients in large mixing bowl. Beat at medium speed for 3 minutes. Pour into paper-lined cupcake tins or greas-

ed miniature muffin cups. Bake at 350 degrees for 20 to 30 minutes or until golden. Cool. Spread with frosting. Makes 15 to 16 large cupcakes or 3 1/2 to 4 dozen miniature cupcakes.

Chocolate Pear Frosting

Combine remaining pear syrup, 1/2 oz. unsweetened chocolate, 2 tbs. butter, 2 tsp. cornstarch and 1/2 cup brown sugar in saucepan. Bring to boil; simmer 3 minutes, stirring constantly. Cool. Beat in 1 cup powdered sugar or enough to make frosting smooth and thick. Spread on cooled cupcakes.

Proper Energy Management Can Save You Money!

ON ELECTRIC COOKING

- ☆ Don't be an oven-peeper. Every time you open the door, you lose 20% of the heat.
- ☆ Plan oven meals to accommodate more than one dish at a time, or time your baking for multiple dishes. Most recipes can stand a 25° F. temperature variation.
- ☆ Get foods for baking into the oven the moment it reaches the right temperature. Remember, you don't have to pre-heat the oven for broiling or roasting.
- ☆ Use the high setting to bring foods to steaming then switch to the lowest heat needed to complete cooking. Turn off surface units before cooking is complete and let the retained heat finish the job.

SAINTHOOD?

So, you sang in the choir when you were a kid. And sometimes you snatched cigarettes back of the church while the grownups were having their social hour inside. Sometimes you pretended to have a sore throat, so you could be "excused." You looked like an angel, but were you one?

No way! But no one held it against you. The door to the Church stood wide open then, and it still does. Why not take a walk inside some Sunday? See what it's like today! The years in between won't seem to matter.

OHS Lion Band News

Reporter-Michelle Jones
The Ozona Lion Band's main purpose in making music an integral part of the school is to help young people build a satisfying and continuing relationship with music.
We are not only interested in the performance but also in the process which it represents. A growing understanding of music is the Band's goal. Our rehearsals and performances strive to be educational experiences. What you will hear reflects one step along the road of these experiences.

CANCER SOCIETY TO MEET THURSDAY

The Crockett County Unit of the American Cancer Society will hold its annual board meeting, Thursday, Jan. 20, at 6 p.m. in the Ozona United Methodist Church.
All members are urged to be present and bring reports.

OZONA C.B. CLUB MEETS

The officers and board members of the Ozona C.B. Club met in the home of Pat Hulseman Tuesday, January 11, to form by-laws for the club. These will be voted on at the January 18 meeting in the Civic Center. Plans were made for a covered dish supper to be held on January 22 at the Civic Center. Guest Speakers from the Emergency Radio Service and React will be present. All interested persons are invited to attend and bring a covered dish. For more information call 392-3672.

THAT'S A LOT OF PORK CHOPS-Ray Hill had the champion pig at the annual FFA livestock stock show Saturday. A larger number of chapter members fed pigs this year than in years past.

Letters To The Editor:

Kitty:

It appears that your reporter's article on Commissioners Court left several things out including the following item which needs to be publicized:

It appearing to the Court that oilfield equipment and vehicles are being washed on county roads to wash bitterweed seed off and such washing is detrimental to the roads and right-of-ways. The Court passed a Resolution as follows: "There will be no washing of oilfield equipment or vehicles on county roads, right-of-ways or other county property. Any violation of this Resolution will be punished by contempt of Court."

Another item not mentioned in Barbara's report included the Ozona National Bank chosen as County Depository for the next two years and the County Judge and County Auditor were instructed to negotiate the paper work.

If you do not have room to show the Article about washing vehicles as a news item, the Court needs to publish a Notice so that the public will be aware that it is a contempt of Court to wash vehicles on the county roads, bridges and right-of-ways, especially on Miller's Lane.
Troy Williams

you know, it is very important to the welfare of the Ranch to be able to count on public awareness of our needs, and accomplishments. Your help in carrying our story and message to the public means a great deal more to us than you can ever know.

We thank you for your past kindnesses, and look forward to a New Year filled with mutual confidence.

Sincerely,
Dave Gottshall, Executive Director

Ozonans In Regional Pecan Show

Some 25 top entries from the Crockett County Pecan Show were entered in the Regional Pecan Show in Abilene in December.

Mrs. George Bunker, Sr. with her Kincaid variety took first place and Jim Leech with a Delmas entry also took first place. Erby Chandler with his Squirrel's Delight entry took third place.

These three entries will go on to the State Pecan Show.

Locations Set For Two Confirmers

Confirmations were completed in two Crockett County fields.

The Thomason (Strawn gas) field gained its second producer and a 2,000 foot east and slightly north extension with completion of Dan J. Harrison, Jr., Houston, No. 1 Norman Dudley Johnson, 10 miles south of Ozona, for a calculated, absolute open flow of 4,200,000 cubic feet of gas daily.

Production was through perforations at 9,124-212 feet, which had been acidized with 5,000 gallons.

Location is 1,320 feet from the south and west lines of 25-F-GC&SF.

The discovery, his No. 2 Thomason, et al, was finalized April 14, 1976 for a calculated, absolute open flow of 13 million cubic feet of dry gas daily, through perforations at 9,226-340 feet.

The Ozona, Southwest (Strawn and Clearfork gas) field gained its fourth Strawn producer and a 2,350-foot northeast and approximately the same distance north-northwest extension with completion of Harrison's No. 1 Vada Bean, 14 miles southwest of Ozona, for a calculated, absolute open flow of 22 million cubic feet of gas daily.

Ozona Womans League Meets At Civic Center

The Ozona Womans League met Monday, January 10 at the Civic Center. Mrs. Bob Childress and Mrs. Van Miller served as co-hostesses.
Mrs. Johnny Jones, president, called the meeting to order and a brief business meeting followed. The league voted at the last meeting to curb pecan trees and plant several more at the rodeo arena with money earned from the Bi-Centennial Fair. Plans are underway to begin this project.

Mrs. Randy Upham introduced the guest speaker, Mrs. Gary (Carol) Murray from San Angelo. Mrs. Murray is a well-known hair stylist formerly with The Trimmers who is now at the Charisma I. Mrs. Murray told league members about the new blow-dry haircuts, care of the hair and demonstrated cutting techniques, blow-dry and curling iron techniques on league models.

A make-up demonstration was presented by league member Mrs. Charles Spieker. Mrs. Spieker, representing Lady Venus cosmetics, showed complete make-up techniques and gave pointers for skin care on all skin types, coloring and personal preferences. Mrs. Gary Vannoy served as her model.

Other members present were: Mrs. Tony Allen, Mrs. Bill Black, Mrs. Bill Carson, Mrs. Dwight Childress, Mrs. Pleas Childress III, Mrs. Buster Deaton, Mrs. Terry Gries, Mrs. Bruce Hill, Mrs. Steve Kenley, Mrs. Bruce Mayfield, Mrs. Ronald Pennington, Mrs. Joe S. Pierce IV, Mrs. Jack Probst, Mrs. Dan Pullen, Mrs. Lane Scott, Mrs. Pon Seahorn, Mrs. Steve Sessom, Mrs. Tommy Stokes, Mrs. Jeffrey Sutton, Mrs. Tommy Wilson.

Jr. High Wins Three Of Four

The seventh and eighth grade boys and girls basketball teams traveled to Big Lake Monday and won three of the four games played. In the boys games the Ozona Seventh Grade Cubs defeated Big Lake by a score of 26-18. The eighth graders lost to Big Lake by a 32-20 score.

In the girl's games the Ozona girls won both the contests. The seventh graders won by a score of 19-16. The Ozona 8th graders defeated Big Lake 39-23.

The Jr. High Boys and Girls will play next in Ozona on Monday, Jan. 24, when they host the Iraan Jr. High teams. The first game will feature the seventh grade girls starting at 4 p.m.

Luis Richarte Completes AF Med. Course

An official at Sheppard AFB, Tex., has announced the graduation of Airman First Class Luis A. Richarte from the U.S. Air Force's medical laboratory specialist course conducted by the Air Training Command.

Airman Richarte, son of Mr. and Mrs. Jesus Richarte of Ozona, Tex., learned to prepare and analyze biological specimens, and will serve at Fairchild AFB, Wash.

Completion of the course enables the airman to receive academic credits through the Community College of the Air Force.

The airman is a 1976 graduate of Ozona High School. His wife, Leticia, is the daughter of Mr. and Mrs. Domingo Leal of Ozona.

Matthew Brady, the famous Civil War photographer, took over 7,000 photos while traveling with the Union army.

Extension Is Finaled In County Field

The Crockett project, the No. 1-A F.F. Hume, 1/2 mile east extension, 21 miles southeast of Ozona, was finalized for a calculated, absolute open flow of 620,000 cubic feet of gas daily, through perforations at 9,749-897 feet, which had been fractured with 33,000 gallons and 10,000 pounds of sand.

Location is 1,537 feet from the north and 1,663 feet from the west lines of 5-G-GC-SF.

The Ozona, Southwest multipay field of Crockett County gained its fifth Strawn gas producer and a 2,350-foot northeast extension to that pay with completion of Dan J. Harrison, Jr., Houston, No. 4 John W. Henderson, 111, 14 miles southwest of Ozona, for a calculated, absolute open flow of 1,750,000 cubic feet of gas daily.

Production was through perforations at 9,487-696 feet, which had been acidized with 5,000 gallons.

Location is 660 feet from the north and east lines of 15-M-GC&SF.

The field also produces oil and gas from the Clearfork.

RIFLE CLUB SHOOT SUNDAY

The Ozona Rifle Club will hold a shooting match at the rifle range Sunday at 2 p.m. The matches will include rifle, pistol and shotgun. Members and the public are invited to participate.

Concentrated Cattle, Sheep and Horse FEED SUPPLEMENT BLOCK
POSITIVE FEED (PF) is a lickable, likeable block of crystallized molasses incorporated with fats, minerals, vitamins and proteins and available in 50# edible cardboard boxes.
POSITIVE FEED assures accelerated rumen function to promote better utilization of available forage, year-round.
* Higher Concentration of Nutrients
* Controlled Consumption
* Improved Forage Utilization
* Improved Animal Performance
* Labor Saving-Convenience

For greatest returns PF should be fed continuously year round. The resulting improved performance of your cattle will return you dollars for the few pennies invested in PF.
