By
Kitty Montgomery

Usually opening and discarding, or just discarding all the junk mail and unsolicited news releases which come across my desk daily, is a monumental, boring, time-consuming chore. However, that chore had one bright spot Monday. Just before throwing a piece of mail in "file 13" without opening it, I noticed a "warning" sticker on the envelope. It was worded as follows:

"If you throw this in your wastebasket unopened, a capsule of water inside will break, spilling onto a dehydrated gorilla. He will then jump out and hug you to death."

I tossed it in the wastebasket and waited a second. Nothing happened and I was sorely disappointed. I can't think of a better way to go than having a gorilla hug one to death on a Monday morning while sorting junk mail.

kk

We remembered summer Monday when it was so uncomfortably warm the air conditioner was called into service and failed to give us much relief. However, signs of summer are all around. Little League gets started Monday, graduation looms, and school will soon be out for another term.

We dread the long, lazy summer months around here. News seems to always be scarce and hard to come by. However, this summer may be different with the school construction and all the businesses going up along I-10. Business-wise, we can look for a booming summer.

kk

It's summer at our house too. Already the cat has brought a bird in the house for our approval. It promptly flew away and hid in the indirect lighting. We had a terrible time trying to capture it. Also, the cat is recovering from a snakebite and it's time for that horrible pair of blue jays, who simply take over the premises until they raise their family and fly away. They attack the cat at every opportunity, promptly get rid of all other birds, and scold us unmercifully should we decide to sit on the porch in the afternoons. The only good thing about the pair is their leave-taking. We will wake up some morning to singing birds and a peaceful atmosphere and know they have taken their leave.

Our neighbor, Walter Capps, says they move from our hill down to the trees at the hospital. I have never checked it out, but it's probably a fact. Mr. Capps has observed things on our hill so many years, he pretty well knows what to expect next.

OZONA 4-H MEMBERS take a break and do a little posing for the photographer at the District 6 4-H Eliminations Contest in Alpine Saturday. The local 4-H members competed with 4-H groups from 22 counties, winning several awards in the process. See story for complete results.

Crockett Co. Historical Commission Holds Meeting

The Crockett County Historical Commission met Monday evening, May 2, at the home of Mr. and Mrs. R.A. Harrell. Supper was served to members and guests in the garden.

During the business meeting the following officers for 1977-1979 were elected by unanimous vote: Mrs. R.A. Harrell, chairman; Mrs. P.L. Childress, vice-chairman and Mrs. W.D. Cooper, secretary-treasurer.

Mrs. Harrell, who recently was awarded a certificate of commendation by the Texas Historical Commission in Austin for ten years of service as chairman of the local group, was pressed into serving her eleventh year as chairman by unanimous vote of members present.

Under Mrs. Harrell's leadership, the Commission has accomplished a great deal toward marking and preservation of historic sites in Crockett County, but the most significant accomplishment has been the designation of Fort Lancaster as a State Park and Historic Site and subsequent development and improvements. From the time the heirs of Mr. and Mrs. Howard Cox gave the 39-acre fort grounds to Crockett County as a memorial to the Coxes, Mrs. Harrell has led in the push for development of the historic fort as a public attraction. Much has been done in that direction, but Mrs. Harrell is continuing to lead in the further development.

Most of the Commission's effort in 1976 was cooperating in the Bicentennial Observance and in assisting

the Historical Society in assembling material for the Crockett County History book.

Other members of the Commission are Mrs. L.B. Cox, Mrs. Fred Hagelstein, Mrs. Ira Carson, Mrs. Joe Clayton, Joe Couch, R.A. Harrell, W.D. Cooper, Evert White, Judge Troy Williams, Mr. and Mrs. Marshall Montgomery, Miss Leta Powell, Mrs. Clay Adams, representing the Crockett County Historical Society, Mrs. Leonard Boyd, representing the Crockett County Historical Society, Mrs. Leonard Boyd, representing the Chamber of Commerce, and Henry Meadows of Midland. Commissioners Black, Williams, Marley and Castro are honorary members.

Guests at the meeting were L.B. Cox, Mrs. Troy Williams and Mrs. Evert White.

Special appreciation was expressed to Mrs. Cox for her faithful service as Secretary-Treasurer. Mrs. Cox was a charter member of the

Wildcat Slated In County Field

American Quasar Petroleum Co., Midland, will drill the No. 1-2 Helen Henderson as an 8,900-foot Crockett County gas wildcat, 1/2 mile northwest of the Strawn opener and 1 1/8 miles northeast of the Canyon opener of the Angus gas field and 1 1/2 miles south of 7890 Pennsylvania production in the Davidson Ranch multipay gas field.

Commission. Each county in Texas has an Historical Commission, appointed by the County Judge and Commissioners for two year terms. Local historical preservation is implemented through various State and National resources in order to help preserve the historical heritage of each community.

It was voted to make application for an historical marker for the Ozona Water System as the next step in placing historical markers in the county. Also to investigate the possibilities for erecting a marker to Crockett County's Pioneers.

The next meeting is planned for Monday, July 25.

Schneider And Pagan To State Meet

Tennis ace Ronnie Schneider, son of Mr. and Mrs. Charles Schneider, downed his three opponents Friday with great ease to assure him a berth in the state finals. In the regional championship play-off Saturday morning the going was not so easy, but Ronnie prevailed and overcame his opponent in three straight sets to take the championship honors.

Steve Pagan, son of Mr. and Mrs. Bill Pagan and a high school junior, captured first place in the 330 hurdles with a fast 38.8. Steve's time in the event set a record and broke the old record of 39.2 set by Mike Haire. He will compete for the state championship Friday, May 13, in Austin against seven other hurdlers from around the state.

The four other regional qualifiers had their best efforts of the year and set two school records but fell short of the number one and two spots.

Clifford Crawford ran a 1:57.4 in the 880 and set a new school record, but finished fourth in the race. Crawford also placed third in the 220 dash at the regional meet with 22.6.

Blake Moody and Vaden Aldridge put forth their best efforts in the pole vault. Moody cleared 13'6" for fourth place and Aldridge had 13'3" for a seventh place finish.

Schneider and Pagan will be in Austin May 13-14 for the state meet. Three Ozona girls will be in Austin this coming weekend for the girls tennis and two literary events. Shannon Dockery will participate in the girls singles, and Jan Naron and Gigi McKinney in the state literary events.

Radio Tower Is Repaired Thursday Without Incident

State Department of Highways and Public Transportation officials, along with a crew of workmen from Western Communications were here Thursday morning to repair the radio tower between the rifle range and the cemetery. The tower, put out of commission by gun toting vandals, underwent temporary repair in April. However, when the repairman was fired upon while working on top of the tower, he was forced to leave the beacon in temporary working condition.

A metal shield of 3/16" steel was erected around the beacon atop the 200 foot tower, but one bullet went through the shield and others destroyed the beacon through an opening in the edge of the shield. Officials have determined that the high powered rifle shots came from a residential area south and west of the location. This ruled out the possibility of stray bullets from the rifle range which is located east of the tower.

The Crockett County Sheriff's Department is still investigating the incident and deputies were on hand Thursday morning before the repairs were completed. The beacon and warning lights were replaced without incident Thursday.

Replacing the beacon at a cost of \$600 and labor, estimated at around \$200, cost the taxpayers in the neighborhood of \$2,000. DHT records show that from June, 1974 to September, 1976 more than \$1,000 had been spent to repair the tower because of rifle fire.

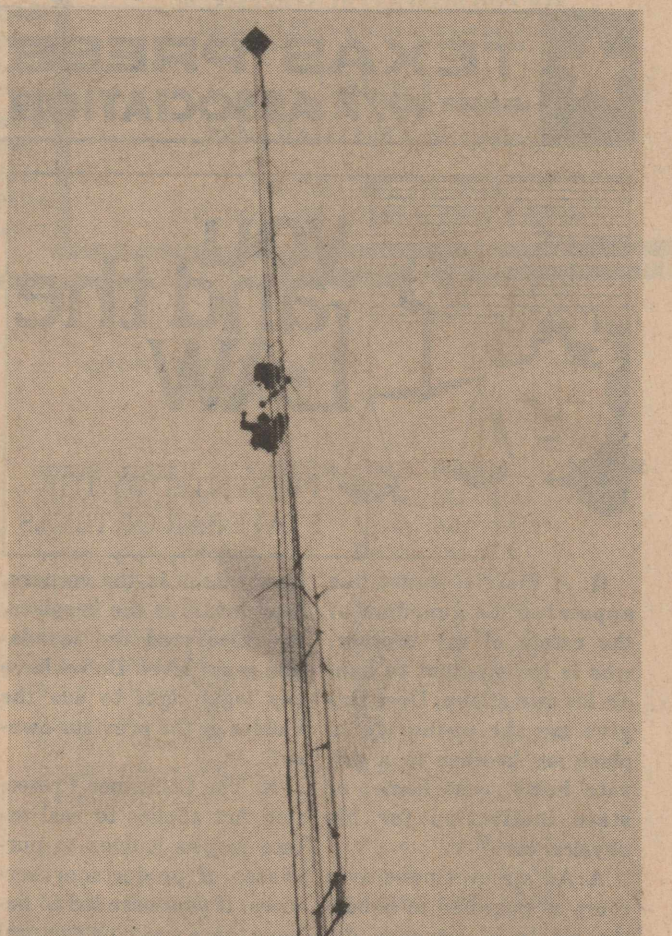

Investigating a gunfire incident which occurred in downtown Ozona late Wednesday night or early Thursday morning delayed sheriff's deputies from getting to the tower scene early Thursday morning. Businesses from Brown Furniture Store south to Fuantoz Shell Service on Hwy. 163 were riddled with what officials have determined was a high-powered pellet gun. Officers had made no arrests early this week.

The radio tower, is a communications system for Crockett County and surrounding area Highway Departments. It also ties in with the district office in Del Rio. The beacon is located at the top of the 200-foot tower while the warning lights are located about 100 feet above the ground. The purpose serves as a warning for low flying planes. This purpose is defeated when the beacon is out, endangering small craft in the area.

DHT District Engineer D.R. Watson of San Angelo issued a request to citizens of Ozona following the incident in April, asking the cooper-

ation of the public in helping law enforcement officials bring this pointless destruction of State property to an end. He asked that any report of rifle fire be given to the Texas Rangers. Texas Ranger Clay Bednar, station-

ed in Ozona, had had no report of rifle fire from that vicinity since the request was issued. Bednar said Monday that an officer will be present anytime repair people need to go up the tower in the future.

UP, UP AND AWAY - Repairman makes short work of getting to the top of the Highway Department communications tower Thursday morning to replace damaged equipment. The tower was put back in good order within two hours.

18 Honor Students Head Class of '77

The Ozona High School graduating class, fifty-five strong, fields an unusually large number of honor students this year. Out of the group, eighteen students will receive their diplomas with honors.

Four students will graduate Magna Cum Laude, having a four-year grade average or above. Brian Gries, son of Mr. and Mrs. Terry H. Gries, leads the class with an average of 97.43. Kathy Sewell, daughter of Mr. and Mrs. L.T. Sewell, will be second ranking student with a 97.09 average. Other students graduating Magna Cum Laude include Carmen Delgado, daughter of Mr. and Mrs. Herculano Delgado, with an average of 95.92; and Nancy Womack, daughter of Mr. and Mrs. Charles Womack, with a 95.74 average.

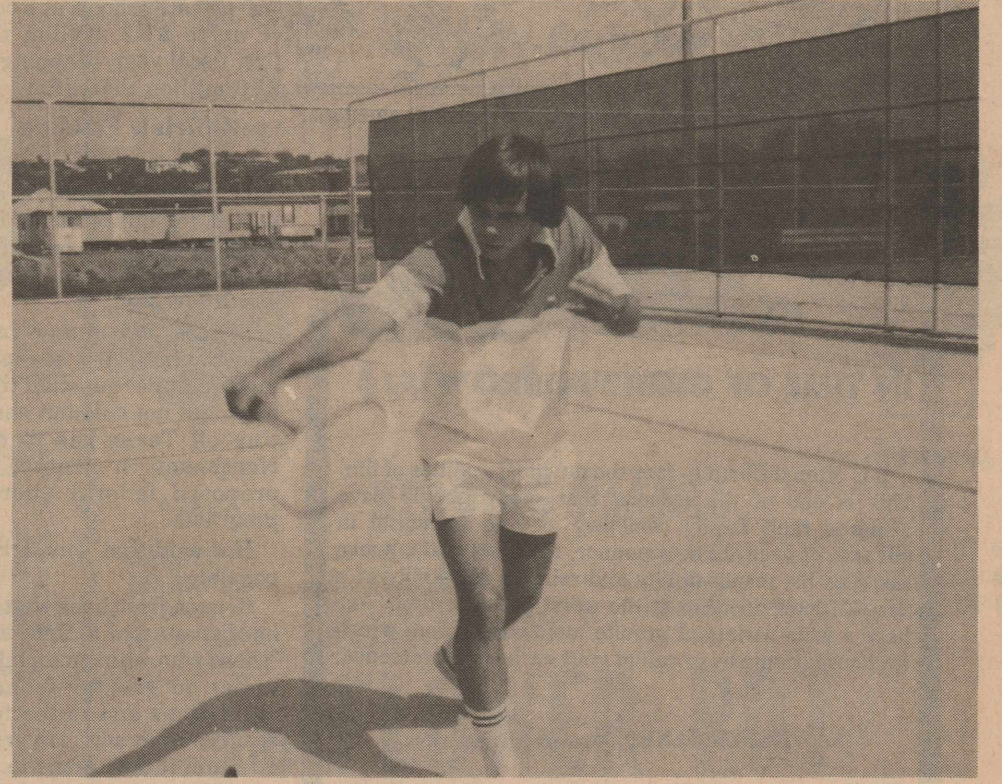

Honor students receiving the Cum Laude award, four-year average of 90 or above, include Eugene Hood, son of Mr. and Mrs. Gene Hood, 94.60; Vaden Aldridge, son

of Mr. and Mrs. Winston Aldridge, 94.55; Orlando DeHoyos, son of Mr. and Mrs. Onesimo DeHoyos, 93.94; John Michael Fay, son of Mr. and Mrs. Henry Fay, 93.85; Karen Kirby, daughter of Mr. and Mrs. Dick Kirby, 93.74; Shannon Dockery, daughter of Mr. and Mrs. James Dockery, 92.80; Bobby Gene Knox, son of Mr. and Mrs. Jamie Knox, 92.30; Hope Phillips, daughter of Mr. and Mrs. Hillery Phillips, Jr.; 92.16; Karen Sue Bebee, daughter of Mr. and Mrs. Dale Bebee, 92; Gary Wayne Warren, son of Mr. and Mrs. Clyde Warren, 91.92; Ronnie Schneider, son of Mr. and Mrs. Charles Schneider, 91.85; John Galvan, son of Mr. and Mrs. Joe Galvan, 90.57; Clyde Bailey, son of Mr. and Mrs. Clyde Vernon Bailey, 90.26; Ricky DeHoyos, son of Mr. and Mrs. Hector DeHoyos, 90.21.

Graduation exercises for the fifty-five members of the senior class will be held Tuesday evening, May 24, and baccalaureate services will be May 22.

REGIONAL CHAMP in the 330 Hurdles prepares for his tilt with three other regional champs and four runners-up. Steve Pagan will be one of eight boys competing for the state championship at Austin May 12-14.

REGIONAL CHAMP Ronnie Schneider hopes to be state champion in boys singles when the smoke clears at the state meet in Austin. Boys sports will be held May 12-14. Ronnie won the Regional Title in Lubbock last weekend.

TEXAS PRESS
MEMBER 1977 ASSOCIATION

you and the LAW
PRESENTED BY THE STATE BAR OF TEXAS

Q: A district court has appointed me guardian of the estate of my brother, who is incompetent to handle his own affairs. Does this give me the authority to place my brother in a private home, rest home, or state institution for his physical care?

A: An appointment by a court as guardian to handle the estate of someone declared incompetent is limited to management of the incompetent person's property. Commitment to a state mental hospital, a private mental hospital or a state facility for the mentally retarded involves a separate proceeding in the county court. The legal requirements for obtaining a commitment order from a county judge vary.

Q: If a person is in the military, stationed in Texas several years, does that fulfill the divorce residency requirements?

A: It probably does. Here's what the law says. A person who was not previously a resident of Texas, serving in the armed forces of the United States, would be considered a resident if he meets these criteria. He must be stationed at one or more installations in Texas for at least the last six months and at one or more military installations in a county of this state for at least 90 days. He would, therefore, be considered to be domiciled in the state and a resident of that county for those periods for the purposes of divorce.

Q: We recently purchased a new home. After we no-

ted cracks in the corners, loose bricks in the fireplace, we discovered the foundation is not level. Do we have any legal right to sue the builder or the previous owner?

A: The Consumer Protection Act applies to real estate just as it does to purchases of products or services. If you were led to believe there was no structural defect in your home at the time you bought it, the law allows you to sue the person who misled you at the time of the sale. You may sue to recover three times the actual damages you prove you have suffered as a result of the structural defects.

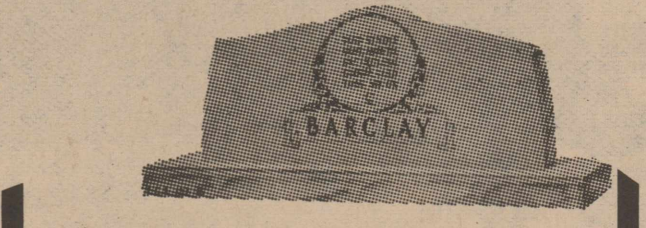

Q: A tenant in my rent house asked me if he could build a storage room over the patio... I told him to go ahead, so long as he made the patio roof and walls compatible with the existing roof... now, he is moving out of the house and wants me to pay him for the lumber or he threatens to remove the room and take the lumber with him. Do I have to pay him for the lumber he used to build the room?

A: No, you do not have to reimburse your tenant for the cost of the room he built on your house. Unless you and your tenant agreed that you would reimburse him, the law provides that any permanent improvement attached to the structure legally becomes part of the building and belong to the landlord.

Send your questions to "You and the Law," State Bar of Texas, P. O. Box 12487, Austin, 78711. Answers may appear in columns in hypothetical terms; personal answers not possible.

In a 70-year lifetime, the average person eats 880 chickens.

It is often difficult to face the practical realities of life. This is one of the reasons that many people have acquired their family cemetery lot and memorial in advance of need. In this manner, the head of the house assumes his responsibility and relieves his family of a very difficult decision at the worst possible time. We have a wide variety of granite monuments from which to choose. Come by or call at your earliest convenience.

GREAT MOMENTS IN SPORTS IN A NUTSHELL

Brief Stories Of Long-Remembered Triumphs
A great moment in sports occurred in 1953 when Maureen Connolly became the first woman to win in the same year all four tennis titles: Wimbledon and the U.S., Australian and French titles.

A great moment in sports occurred on Aug. 10, 1965, when Karen Yvette Muir broke the women's 110-yard backstroke world's record in 1 minute 8.7 seconds and became, at age 12, the youngest person ever to break a world's record. Young people today can build up their energy with Planters® Peanuts, which can also provide vitamins, iron and protein.

A great moment in sports occurred in 1928 when Gillis Grafstrom won his third consecutive Olympic gold medal, the largest number of gold medals ever won by a figure skater.

STATE CAPITAL Highlights AND Sidelights

by Lyndell Williams

AUSTIN — Consolidation of Texas' three major water agencies has approval of the Senate, and a House version of the legislation is ready for debate.

The bill (SB 1139) by Sen. Grant Jones of Abilene would combine these agencies into a new central Department of Water.

Texas Water Development Board, Texas Water Rights Commission and Texas Water Quality Board.

Merger of the three agencies, recommended by the Hobby Commission on economy and efficiency in state government, may save an estimated \$1.8 million a year.

Sen. Lloyd Doggett of Austin attached an amendment to the merger measure in the Senate, which may not appeal to the House. It would make appointment of the new agency's executive director subject to confirmation by the Senate.

There are a variety of other differences in the House and Senate bills, but Jones remains "optimistic" that final agreement can be reached on the legislation before scheduled adjournment of the legislative session May 30.

Free Books Voted

Ignoring warnings that their action may be unconstitutional, senators approved legislation to provide free textbooks for church and other non-public schools.

The bill was finally passed and sent to the House late last week.

If it clears the House and is signed into law, the state would furnish textbooks to some 150,000 students in 750 private schools at a cost of up to \$7.2 million the first fiscal year, dropping to \$1.3 million thereafter.

Officials Feuding

Gov. Dolph Briscoe and Atty. Gen. John Hill, expected to square off in the 1978 governor's race, are exchanging some warm words already.

Briscoe was quoted in a Houston interview as replying to a direct question that he would not rule out shutting off Texas gas to the Northeast in protest to proposed federal energy programs.

Hill said that was "irresponsible." Briscoe fired back that he has just started to fight and "those who want to knuckle under to greater federal regulations and to the federal bureaucracy" can criticize him if they want to.

"It is important that public officials of Texas try to present a united front to Congress and the administration on this extremely

important issue, rather than to let partisan politics interfere in a matter of vital importance to the future of our state," retorted the governor.

Hill pointed to contractual obligations in sales of gas interstate. He indicated he isn't entirely happy with some of President Carter's energy proposals himself; but added: "You don't challenge the president of the United States legally for exercising his right of free speech."

Appointments

Briscoe named H.B. Zachry Jr. of San Antonio to serve the remainder of the unexpired term of H.H. Coffield of Rockdale on the Texas Board of Corrections. Coffield has resigned.

Briscoe also filled vacancies or announced reappointments to new terms on 16 other boards, agencies and authorities.

AG Opinions

The county civil service act does not apply to deputy sheriffs, Atty. Gen. John L. Hill said in a new opinion.

Other recent Hill opinions concluded:

A bill dealing with local option elections on alcoholic beverage sale in cities located in more than one county is constitutional. The measure provides that elections shall be held by the county clerk and commissioners court of the county in which the greatest number of qualified voting residents of the line-straddling city reside.

Stationery as referred to in items sold by the blind to state agencies includes pens, pencils, pads and paper clips.

Dallas and Mesquite do not have authority to form a joint airport zoning authority with respect to an airport not owned or controlled by either of the cities.

A state agency may not restrict bidding on contracts to persons licensed to do business in Texas.

Laws providing for confiscation of shrimp aboard a vessel on which any shrimp have been unlawfully taken does not deprive the shrimp owner of due process of law.

A copy of an engineer's application for registration filed with the Board of Registration for Professional Engineers is subject to disclosure under the open records act.

FACTS ABOUT WINES
by Albert B. Cribari
Did you know wine is considered a basic food in many countries? More Americans than ever before now choose wine as a beverage both with meals and at cocktail time.
Want to learn more about wine? I learned at my father's elbow and he from his father who founded our family winery, B. Cribari & Sons, in 1904 in California. But, you don't have to spend years studying wine. A few simple facts will get you started on the road to wine knowledge.
Four Types
First, let's talk basics. There are four primary types of wine. Table wines, such as burgundy and chablis, sparkling wines like champagne, dessert wines which include sherry and port and aperitifs such as vermouth.
All four come from the juice of crushed grapes interacting with natural yeasts found on the grape's skin. Called fermentation, the process hasn't changed much since man first made wine thousands of years ago.
Gov. Dolph Briscoe signed into law legislation to clear the way for building a coal slurry pipeline from Colorado to Texas — but plenty of technical problems still stand in the way of construction.
Mexican-American legislators endorsed State Rep. Ben T. Reyes of Houston to succeed Leonel Castillo as treasurer of the State Democratic party. Castillo recently was named commissioner of the Immigration and Naturalization Service.
Briscoe approved the bill to remove the sales tax from newspaper sales.
Utility taxes are booming due to rate increases. Gross receipts taxes on electric, gas and water utilities and telephone companies brought in \$80.2 million during fiscal 1976 and have yielded \$53 million the first six months of fiscal 1977.
State Insurance Board Chairman Joe Christie is suggesting a state alternative to federal hospital cost controls — legislation setting up a hospital cost care commission and a minimum health insurance program for all companies.

TRAVEL WORLD'S MORE UNUSUAL SIGHTS AND SOUNDS

There's a place where you can enjoy world-famous night life at working-class prices, life-like waxworks of famous people, the Mother of Parliaments and the ancestral homes of the fathers of our country; where everyone speaks your language (sort of) and where the bargains could leave you speechless: Britain, "this other Eden," as Shakespeare called it in 1596.
There you can see the unchanging pomp and pageantry of the changing of the Queen's Guards, the magnificent Crown Jewels, mysterious Stonehenge, and new or classic plays for about \$6 a ticket.
An unusual way to get to these stirring sites is on an airline that offers some unusual sights and sounds itself. Silken sari-clad hostesses will greet travelers with Namaste, as they board an Air-India flight for Britain to the sound of the songs of England's exotic ex-colony, India.
Once you get there, Air-India has a wide variety of tours to offer. Three exciting motorcoach trips to the scenic and historic attractions of England and Scotland include outstanding

hotels, deluxe motorcoach travel, knowledgeable professional escorts, meals and much more starting from \$299.00 exclusive of airfare.

PICCADILLY CIRCUS, home of the world's most elegant food store and most famous statue of Love.
The fly-drive tours include a day in London and tours of both the English and the French countryside with a stop in Paris. They come with hotel accommodations with private bath and breakfast and a car for your complete freedom and flexibility, with land arrangement prices from \$120.00.
With this kind of unusual helpfulness you may find it both easy and economical to enjoy "this blessed plot, this earth, this realm, this England."

Tips For Gardeners

From the Ozona Garden Club by Mrs. Bailey Post

In our area May is the transition month from spring into summer. It's time to remove faded blooms and stalks from early blooming plants such as irises, peonies and bulbs. Do not cut the foliage back, for the leaves are needed to supply food for next years blooms.

Also, you may want to plant a new lawn or rework damaged areas if needed.

Make cuttings of chrysanthemums for an abundant display of color this fall. And concentrate on planting summer bedding plants and controlling pests associated with growing all plants.

Get ready for hot weather for the long hot days of a Texas summer can be particularly destructive to ornamental plants used in the outdoor landscape. Prepare for such weather before it arrives, and you will be well repaid. Conserve soil moisture around the plants by mulching with compost, bark or other material available. Apply mulch 2 to 6 inches deep, depending on the material used. The coarser the material, the deeper the mulch.

If you are interested in growing dahlias, May is the month to divide and plant the tubers in rich, loamy soil. Select a site that gets at least six hours of full sunlight each day, and be sure the area is well drained.

The roses over our city are at their peak of bloom but time spent in the garden now will pay big dividends later this year. Roses are heavy feeders so require regular fertilizing throughout their growing season. Be sure the soil is moist at the time of application. If you gave a spring feeding, repeat every 6 to 8 weeks until late summer. Use 1/4 cup of 8-8-8 per rose bush. Spread over the surface and work into the top inch of soil. Continue to spray with benlate to control black spot and mildew. Keep mulched to conserve moisture.

May Planting Days

MONTGOMERY TO GUEST STAR ON BARNABY JONES

Bryan Montgomery will guest star on the Barnaby Jones show Thursday evening at 9 p.m. on C.B.S. The show is a follow up on a segment which ran several months ago, also with Montgomery. It was pre-empted during regular season, so Thursday night's showing will be the first time it has been seen on television.

ART SHOW MONDAY

Evil Noble will exhibit her students' paintings at an art show Monday, May 9, at the Civic Center from 2 p.m. until 8 p.m.

A listing of her students in last week's paper omitted Frances Lanham.

Sorority To Sponsor County Fair In August

The second annual Crockett County Fair will be sponsored by the Xi Sigma Omega Exemplar Chapter of Beta Sigma Phi August 6, from 9 a.m. to 6 p.m. in the City Park.

Once again the Chapter is asking support of all organizations and individuals in Crockett County to help make this a fun day in Ozona, as the fair is being held in conjunction with the Jr. Rodeo sponsored by the Lion's Club.

There are no restrictions as to what type of booth an organization or individual may choose to have. In order to prevent duplication, it is suggested that you contact Mrs. Bob Wallace, Mrs. Charles Spieker or Mrs. Jimmie Lott as soon as a decision has been made.

Organizations and individuals will be responsible for setting up its own booth and

Girl Scouts Attend Dist. Camporee

"Gold Rush Days" was the theme for the El Camino Girl Scout's District III Camporee at Lake Nasworthy April 29-May 1. Ozona's Junior troop 147 attended. The 200 girls cooked and camped in troop units and joined other troops for games, campfires, and other activities. Units were decorated to resemble Boom Towns and girls wore costumes common to the Gold Rush Era.

Saturday afternoon troops participated in several contests such as diggin' for gold, pannin' for gold, and tobacco spitting (using sunflower seeds). Leaders entered a pancake flipping contest. In the evening, girls attended a Night at the Crazy Horse Saloon, complete with a melodrama, dancing girls, music and songs, and auctioning the troop leaders as "slaves" to help girls with their camping chores. A local club, The Muzzleloaders entertained troops with a gun-fight routine.

After an inspirational gathering Sunday morning, the troops packed for home.

Hospital News

Patients admitted to Crockett County Hospital from April 26 to May 3:

- Rebecca Shamrod* of Houston
 - Sofia Fierro
 - Michael Sheldon* of Va. Beach, Va.
 - John Ketter* Midland
 - Mary Dunlap*
 - Francisco V. Lopez
 - Julie Carson
- *denotes dismissal

Quality home furnishings can be found at the **Brown Furniture Co.** where service is a rule not an exception.

for clearing the area at the close of the fair.

The Chapter would like to encourage any local individual who would like to sell any type of handmade arts and crafts, such as paintings (any medium), toile painting, pen and ink, decoupage, stained glass art, needlework, macrame or pottery to participate.

The Chapter will have a Coke and food booth and bake sale. Other food booths could include popcorn, Mexican foods, lemonade, watermelon, homemade ice cream, etc.

Since the game booths were so popular with the children of Ozona last year, it is hoped that some of the organizations may want to sponsor games, such as go fishing, boat float, dart throwing, etc.

For further information, please contact Mrs. Bob Wallace, chairman.

Style Show Presented Here Thurs.

The Ozona High School Home Economics Department presented the Ozona Womans League, guests and their parents with a spring style show Thursday night, April 28, at the Civic Center.

Mrs. Bill Carson, Jr., league member and home economics teacher at Ozona High School welcomed guests to the style show and introduced the show commentator, Mrs. Charles Spieker.

Mrs. Spieker introduced the girls to the audience as they modeled the clothes they had made. Each girl had carefully selected the pattern and fabric for her garment. Featured in the show were coats, short jackets, suits, pant suits, jumpsuits, skirts, shorts, dresses, long casual dresses and formals.

The stage was decorated for spring with patio furniture from Brown Furniture and plants from The Flower Pot.

Following the show, guests and models were served refreshments. League hostesses were Mrs. Buster Deaton, Mrs. Dan Pullen and Mrs. Billy Reagor.

Mr. and Mrs. Chris Perner of Friendswood, spent the weekend here with his mother, Mrs. Stephen Perner.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. Jackie J. Womack announce the engagement and approaching marriage of their daughter, Ginger Ann, to Paul Christian Perner III, son of Mr. and Mrs. P.C. Perner. The wedding will take place Saturday, May 7, at 3 p.m. in the Ozona United Methodist Church.

Mrs. Lowell (Lucille) Littleton was transferred to Houston Diagnostic Hospital late last week from Crockett County Hospital where she had been since becoming ill at her home here the previous Sunday. Medical tests were still being run at press time.

Debra Says
by Debra Price

"Now" fashion—on a shoe-string budget—is possible with just a few ideas for updating current wardrobes.

Identify items in your present wardrobe that are still usable—then update those by making changes in them or by adding new items that coordinate with them for a more fashionable look.

Below are several trends for spring/summer '77—with ideas for incorporating these into your present wardrobe:

Bright bold colors, especially stripes, are spring's hottest news. Also popular is all white, white with black or borwn, and white combined with bright colors.

Choose tops in the newest styles and boldest colors to coordinate with pants, shorts, and skirts you already have. White separates from previous seasons are particularly usable for this coordinating technique.

Pant legs tend to be narrow and straight from the hip, so flared legs from the past many need modifica-

tions. Pants and shorts come in many lengths this season, so many possibilities for those "too short" pants are available. Cut them to mid-calf length, to the knee, to mid-thigh, or to short shorts.

Styles may be cuffed or uncuffed. If appropriate, convert them to gauchos or parachute pants with elastic or drawstring at the ankle or add a fabric band at the bottom. Bands are seen everywhere this spring.

Longer skirts promise to be the favorite length, although many lengths are available. To achieve desired length for skirts, add ruffles—in fact, rows of them—or a band in a coordinating print, stripe, or solid color. For a peasant look, add a muslin "petticoat" that extends below the skirt hemline, or add one or more skirt layers in coordinating color and fabric.

Tunics are still with us, so make maximum use of tops or dresses that can be converted into tunics. Since they are often slit up the side or open and tied at the waist as in the tabard, you can slit the side seams in tops or dresses that are too tight, and face the seams to create a great, new look.

Tunics may be belted or loose and worn over skirts or pants, or over both for evening wear with a three-layer look.

Hang on to those vests, blazers, and soft blouses with pussycat bows. They are still great wardrobe assets for the coming season.

Also popular are shirt-dresses with a softened look and bare-topped sundresses in many versions, so pull out appropriate dresses from the

past and wear "as is" or modify them into a more modern version.

And don't forget inexpensive accessory items to give your wardrobe a lift. Choose exciting, new looks in shawls, jewelry, hair ornaments, bags, shoes, and sun glasses.

Also, be aware of make-up and hair style trends to complete your fashion look.

Baked Potato Dish

Instant potatoes prepared for 8
1 cup yellow cheese
1/4 cup sour cream
8 slices bacon, fried crisp
Salt and pepper to taste
In a buttered casserole dish, make layers of potatoes, cheese, and sour cream. Top the last layer with crumbled bacon bits. Bake at 350° until cheese melts.

Develop your ideas for your home with expert help from the folks at **Brown Furniture Co.** Your dreams become realities with just a little help.

HOW DOES SHE DO IT ?

Knitting is Mom's thing . . . sweaters, skirts, scarves, the works. Somehow in her spare time she keeps house, raises a family, participates in her church activities, collects for the community fund, is a den mother, and on and on.

How does she do it? She evades this question. If you ask me, a lot of people aren't like Mom. They stick to one job, one hobby, one project—and frequently turn their back on others.

It's people like Mom who make "community" mean something. From her, the young learn that adding—not dividing—brings us together. That's what the church is all about . . . LOVE.

President's Energy Bill Good For Sheep Industry

The President's energy conservation plans will undoubtedly mean hardships for some, but this could be a banner year for the sheep industry and, more specifically, the Make It Yourself With Wool contest.

"The contest is certainly not a new thing, but it's so timely," says Mrs. Jack Groff, Kerrville. "Next winter we can turn our thermostats down and wear wool."

Mrs. Groff, first vice president of the National Wool Growers' Women's Auxil-

ary, is also the current national coordinator of the Make It Yourself With Wool program.

Headquarters for the national program has recently been moved from Roswell, N.M. to Kerrville, where it will remain for the next two years under Mrs. Groff's leadership.

Begun in Utah in 1960, the Make It Yourself With Wool program became an annual affair, based in Denver until the move to New Mexico two years ago. It is sponsored by the Women's Auxiliary to the National Wool Growers Association and is open to girls from all the 48 contiguous states.

Participants design, construct and model clothing based on wool, and entries are judged on correct construction, application to current fashion and poise in modeling. Contest divisions include pre-teens, 10-13, juniors, 14-17, and seniors, 18-24.

Winners in the various district contests move to state level eliminations and finally to national competition, set next January in Denver. Scholarships are awarded to the national division winners, the grand prize winner receiving a 15-day vacation to Acapulco, Mexico.

Entrants are encouraged to use 100 percent wool fabrics, but this year's rules permit blends of at least 70 percent wool and up to 30 percent other fibers. In keeping with the trend toward wool blends, future rules will allow a 60/40 combination.

Entry blanks and descriptive brochures will be available through most school home economics departments, county Extension offices and numerous department stores featuring clothing and fabrics from major wool textile companies. Information and entry forms are also available through the Make It Yourself With Wool office, Box 349, Kerrville, Texas 78028. The office phone is (512)896-2566.

U.S. Meat Consumption Not High

Many consumers in America are constantly bombarded with the statistics of their daily diets. One of the most prominent figures is how much beef and other meat is being eaten by the American household.

Dr. Ed Uvacke, a livestock marketing specialist notes that total meat consumed per person in the U.S. during 1976 was about 129 pounds, an all-time high. Most meat consumption figures, however, include the total weight of the slaughtered carcass, not what actually ends up next to the mashed potatoes.

"Since meat is trimmed of excess waste and is cooked before it is eaten, more than half of the weight is actually lost," Uvacke points out. "The wholesale weight, therefore, greatly exaggerates the consumption figure."

"Actually, Americans consumed about two ounces of cooked beef daily last year," explains the Texas A&M University System specialist.

"With lamb, veal and pork included on the same basis, the new total consumption figure adds up to just under three ounces of red meat daily—or about 67 pounds a year. That's a far cry from the 129-pound figure," contends Uvacke, "and really isn't very much."

FRESHMAN CHEERLEADER at Schriener Junior College in Kerrville, is Lisa Clayton, daughter of Mr. and Mrs. Mike Clayton. Lisa was selected with four other coeds to lead the cheers for the Schriener Mountaineers.

Action Areas In Community Development

In searching to further develop rural communities, leaders should look at the "action areas," suggests a community resource development specialist with the Texas Agricultural Extension Service.

Dr. Richard Floyd cites the U.S. Industrial Outlook recently published by the Department of Commerce which shows anticipated product shipment gains for major industries. These include steel, 27 per cent; automotive 21; aluminum 20; foundries, 20; paper and paper boards, 17; computers and related equipment, 14; industrial and organic chemicals, 13; commercial print-

ing, 11; drugs, 9; electric components, 8; meat packing plants, 7; construction machinery, 4; and aircraft, 3 per cent.

Floyd contends that these are "action areas" for industrial prospecting.

He also points out that all of the major manufacturing industries project higher spending this year. The largest increases are motor vehicles, 38 per cent; rubber, 27; and "other non-durables", 21. Increases of more than 10 per cent are projected by the aircraft machinery, textile, petroleum and "other durables" industries.

The industries that are anticipating growth and expansion should be prime targets for prospecting by community leaders, believes Floyd.

Cruse Family To Perform In Ozona

The popular Cruse Family will be in Ozona for high school assembly Thursday morning, May 5, and the senior banquet, sponsored by First Baptist Church Thursday evening at the Civic Center.

They will hold services at 7:30 p.m., Friday May 6, in First Baptist Church. The public is cordially invited to attend these services and enjoy this remarkable Christian family.

Joe Cruse, Jr. is a former jet fighter pilot who served our country during the Korean conflict. He is a graduate of Howard Payne College, Brownwood, Texas, where he played fullback for the Yellow Jackets. He is an ordained Baptist preacher and pastored 15 years before God called him into full-time evangelism. This allows him to know and understand full well the heart of a pastor and the feelings of a church.

When God calls a man into full-time evangelism, most often he has to leave his family behind. This is not so with the Cruse Family, for when God called, each answered, "Here, Lord, send me." It has definitely been a whole family yielding to God to serve Him.

Mrs. Cruse is the former Nancy Lake of Jacksonville, Texas, and the mother of the children. Joe, III, the oldest son, leads the music in all the revival meetings. He is a 1972 graduate of Jacksonville, Texas, High School and is married to the former Becky Brieden of Freer, Texas. Becky plays the piano for the group. Karen, the oldest daughter, is married to Jeff Adams of Highlands, Texas. Jeff is a 1973 graduate of Sam Houston State University of Huntsville, Texas. He co-ordinates the studies of the young people who do their schooling by correspondence. He, also, serves as sound man and is a licensed Baptist preacher.

Janie, John and Cindy are the unmarried young people in the family. They sing, share their testimonies and work with the youth in the various churches. Cindy is the author of numerous gospel songs that have been published.

The main purpose of this family is to be used of God in winning souls, to strengthen and uplift Christians and be a blessing to all they meet.

The Cruse family is under contract to Canaan Records of Word, Inc., of Waco, Texas. They appear several times each year on the Grand Ole Opry in Nashville, Tennessee.

Submissive Adults Should Assert Themselves Today

Today's "submissive adults" should assert themselves more, so self-respect could replace the anxieties that trouble them--and there is a "no-fail" formula for it, a family life education specialist says.

Do you feel people often take advantage of you?

Do you feel embarrassed over complaining about poor quality goods and services for which you have paid?

Do you have trouble expressing your ideas and feelings?

If you do, then you need to learn to assert yourself.

"Each of us has the right to stand up for ourselves, our ideas and our best interests--but seldom are we assertive enough," Mrs. Ilene Miller says.

"From childhood, we have

been taught to submit to authority. At home, school, work and church we learned to follow instructions, be obedient, pleasant, cooperative, humble and self-denying. We were taught to 'do as you are told, be seen and not heard, be quiet and follow instructions, be cooperative, don't argue'-and many more submissive lessons.

As adults, we are often still too dependent on others and do not stand up for our own rights, she says.

"Many adults tend to exhibit the same submissive behavior they learned during childhood.

"When they do what others direct them to do--regardless of their own feelings or rights, these submissive adults become more dependent, display feelings of anger, anxiety, shame and defeat and are less able to make decisions for themselves.

"However, when individuals do learn how to assert themselves pleasantly but

firmly, they receive many benefits--feelings of pride, self-respect, competency, and much more," she suggests.

Her "no-fail" formula is this:

First, remember you are not responsible for the actions of any other adult but yourself. You build better relations when you are responsive to others' needs and feelings, but you are not responsible for their actions.

Remember nobody is liked by everyone. Be yourself rather than spending time and effort trying to live up to others' expectations. It is impossible to please others all of the time, so don't try.

Accept your right to make mistakes, to make unwise

decisions and to fail once in a while. Attempts to be perfect can leave you feeling frustrated and inadequate. Remember, you can even fail occasionally in asserting yourself.

Politely express your feelings and ideas and be willing to stand up for your right to make decisions which affect your. Learn to say "no," "I don't care," "I don't know" and "I have changed my mind."

It may seem difficult at first, but you will find it easier to state your position as you assert yourself, she concludes.

Improve Grass Performance In Shady Areas, Agent Says

Grass is sun-loving and is often difficult to grow in shaded areas in the home lawn. But there are a few steps a homeowner can take to improve grass performance in those "difficult to grow" areas, says Billy Reagor, county agent.

A shade problem can be lessened by proper pruning of shrubs and trees. This also improves air circulation, which also helps reduce turf diseases more prevalent in shady areas. When pruning, do not top or stub back large limbs but prune selectively to thin out the top by removing branches at their point of origin.

Pruning can be done practically any time of the year, notes the agent. However, the best time for evergreens is late spring or early summer after new spring growth. Early spring flowering plants should be pruned immediately after flowering. Deciduous trees should be carefully pruned over a period of several years to avoid removing too many leaves at any one time.

Tree roots compete with grass for moisture and nutrients in the soil and also cause it to weaken. This can be even more critical if the overhead umbrella-like canopy of leaves prevent rainfall penetration into the turf below.

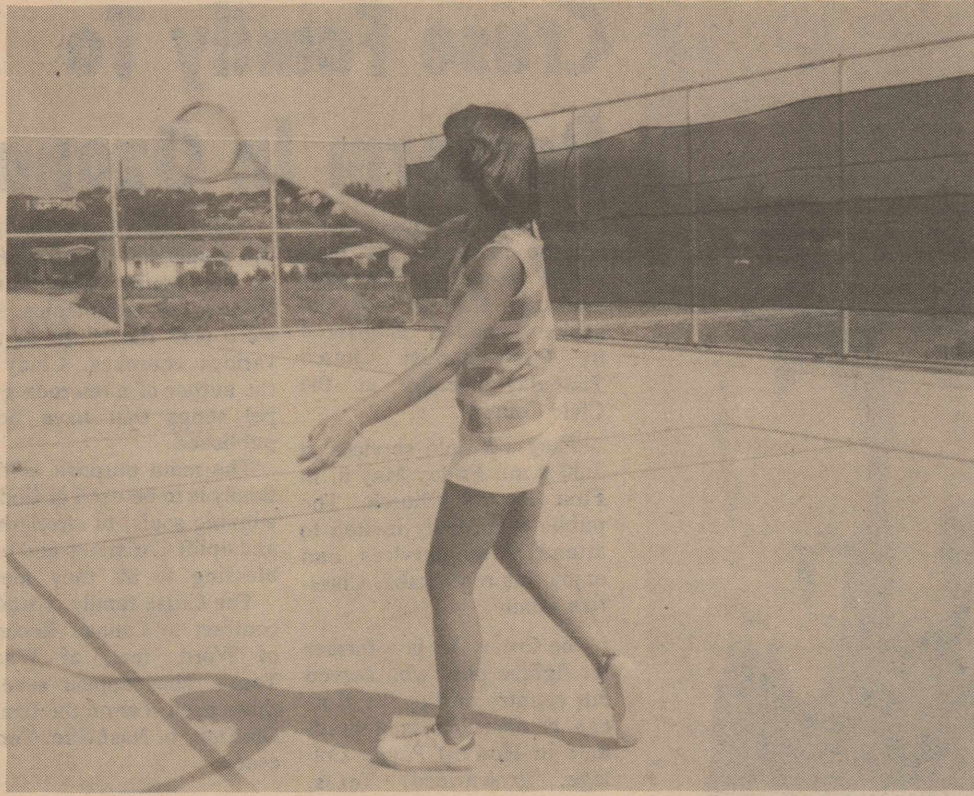

While soil moisture is im-

portant, keeping the soil constantly wet can also be harmful to both tree and grass roots. A thorough soaking at 7 to 10 day intervals during the heat of the summer is best. Allow the soil to become slightly dry before watering again.

Regarding fertilization, slightly increase fertilizer rates for a shaded lawn to compensate for the needs of the tree and grass.

After completing the necessary pruning, plant a grass that has shade tolerance. In Central and South Texas St. Augustine grass is the most tolerant of shaded areas. Plant the grass in the spring after the soil temperature is about 70 degrees F. The warm soil promotes fast growth and rapid establishment of the grass cover.

Once established, grass in shaded areas should be mowed at least one-half inch higher than grass growing in full sun. This provides a greater leaf surface to utilize available sunlight. In deeply shaded areas where pruning is not possible or feasible, ground covers are the only answer. Some of the more common ground covers include English Ivy, ajuga and big leafed periwinkle. If these won't grow under the existing conditions, the next best solution is to use a mulch of bark or gravel.

SHANNON DOCKERY prepares for state finals in girls singles. Her first match is scheduled for Friday morning in Austin on the University of Texas campus. She will practice and play on the intramural courts.

Welcome To The Circus

A Clown Cake and Apple Cherry Punch make delightful refreshments for a youngster's party. The punch is economical and easy to make with an envelope of Kool-Aid cherry sugar-sweetened soft drink mix. And the cake is a perfect centerpiece, too!

APPLE CHERRY PUNCH

Dissolve 1 envelope cherry sugar-sweetened soft drink mix in 1-1/2 quarts water with ice in a pitcher. Add 2 cups apple juice. Makes 2 quarts or 16 servings.

CLOWN CAKE

Prepare 1 envelope whipped topping mix as directed on package, increasing vanilla to 1 teaspoon and beating in 1/4 cup sugar. Then beat 2 minutes longer, until fluffy. Tint one third of the topping pink with red food coloring. Cut a triangle from a cooled, baked 9-inch square cake by making a diagonal cut from center of 1 edge to center of adjacent edge. Place larger cake on a large tray; place triangle at short edge to make peak of clown's hat. Spread pink topping on face area, making 2 deep swirls for cheeks. Place 2 marshmallows on face for nose. Spread white topping over hat area and the marshmallows; sprinkle with flaked coconut, using about 1-1/3 cups. Decorate with large gumdrops, blue crystal mints and split red gumdrop strips.

Public Notice

PUBLIC HEARING NOTICE

Circle Bar Truck Corral, P.O. Box 1498, Ozona, Texas 76943, has applied to the Texas Water Quality Board for a permit to allow for a discharge of domestic sewage effluent from a sewage treatment plant to serve a population equivalent of 150 people, which is to be located approximately eight (8) miles east of Ozona at the intersection of IH-10 and Taylor Box Road in Crockett County, Texas.

It is proposed that the treated, domestic sewage effluent will be retained in a playa lake and utilized for irrigation. No discharge to the surface waters of the State is proposed.

A Hearing Commission of the Texas Water Quality Board will hold a public hearing on this application which has been fixed for 9:00 a.m.-June 8, 1977

Stephen F. Austin State Office Bldg. Room 618 1700 N. Congress Austin, Texas

Hearing Authority: Sections 21.073 and 21.080 of the Texas Water Code; and Rules 130.01.50 and 130.01.52 of the Rules of Practice and Procedure of the Texas Water Quality Board. The record of this pro-

ceeding will include evidence taken at the Public Hearing as well as information in the official files of the Board.

Due to the nature of the application, (no discharge), and in order to expedite its processing, the hearing has been scheduled for Austin, Texas. The hearing may be continued from time to time and place to place, if necessary, to develop all relevant evidence bearing on the subject of the hearing. Further, this hearing may, at the discretion of the Texas Water Quality Board, be rescheduled for a hearing near the applicant's proposed operation if problems arise or if public interest warrants. Further information concerning any aspect of the discharge, if available, may be obtained by writing David Hume, Hearings Division, Texas Water Quality Board, P.O. Box 13246, Capitol Station, Austin, Texas 78711. Telephone (512) 475-7845.

The Sounds Of Time

Man's first attempt to tell time was by the passage of the sun across the sky. As the earth rotated through day and night, man would measure off units they called "days." "Day" was divided into smaller units—hours and minutes—and to turn these into useful concepts, man devised clocks—sundials, water clocks, gravity clocks and others. All divided a circle into units of time.

Not until the past few years was there a breakthrough in the system of measuring time. Hands and gears, and a round clockface were no longer the only way to keep track of time. There's now a new word in time and it's digital—bold numerals that tell you the hour and the minute.

A further step in the modern digital clock is electronic LED readouts—clear, crisp numbers that leave no mistake about the time. General Electric has combined the full electronic digital clock features with fine radio performance in a

value-priced electronic digital clock radio styled for contemporary living. The light emitting diode time display has large, easy-to-read illuminated numerals. A special Snooz-Alarm® clock control lets you turn off the radio or the alarm for additional 9 minute naps. Repeat this up to one hour if you like. The radio is packed with features too. It has a 3 1/2" dynamic speaker and a lighted slide rule type radio dial that is not lighted when darkness is desired. All of this is housed in an attractive cabinet, providing a clock radio that makes it almost a pleasure to be awakened in the morning. And that's something you can't say about a sundial.

The state with the greatest population density is New Jersey, which has 953 people for every square mile.

"Many a truth sprang from an error." Ebner-Eschenbach

SOUTH TEXAS LUMBER CO

Livestock Questionnaire May & June

During late May and June, many Texas farmers and ranchers will receive a crop or livestock questionnaire from the Texas Crop and Livestock Reporting Service or will be personally interviewed by the Service's field staff. This is part of the continuous effort of keeping track of Texas' biggest business—agriculture.

The information gathered through the questionnaires and interviews provides the basis for determining the acreage devoted to the various crops and midyear livestock numbers for the State of Texas and for each county.

Reliable information on what is produced, how much, and where is important to farmers, ranchers, and others in making production and marketing decisions and in providing an unbiased picture of Texas agriculture.

Cooperation by producers is the key to all crop and livestock estimates. Farmers and ranchers have recognized the need for accurate and timely statistics by participating in the program since its start over a century ago. All individual farm and ranch information is kept confidential, and only State and county summaries become part of the final published estimate.

This is a cooperative effort of the USDA's Statistical Reporting Service and the Texas Department of Agriculture.

TOPS CLUB MEETS

Tops #937 met Friday, April 29 on Avenue O. Seven members weighed in with a nine pound weight loss. Queen of the week was Marsha Tomlinson.

Secret pals were revealed and new ones were drawn. New members are always welcome. If you are interested contact Mrs. Lloyd Layman or Mrs. Pat Hulsemann.

Mrs. M.C. Carlisle of Waco is in Ozona this week staying with Chris Carlisle while Dr. and Mrs. Don Carlisle are in Denver attending a post graduate institute in Emergency Medicine.

LADIES GOLF ASSOCIATION

Members of the Ladies Golf Association held regular golf play Tuesday afternoon at the Country Club in preparation for the annual ladies partnership tournament Saturday.

Low net winners were Mrs. Pat Wester, Mrs. Dempster Jones, Mrs. Jim Sanker and Mrs. Dixon Mahon also won a leg on the low gross trophy, Mrs. Wester on the low net trophy and Mrs. Bill Clegg on the low putt trophy.

Other golfers were Mrs. Beecher Montgomery, Mrs. M.E. Nicholas, Mrs. Bryon Stuart, Mrs. Dick Webster, Mrs. S.L. White, Mrs. Byron Williams, Mrs. Jack Baggett and Mrs. Dub Carlisle.

Screwworm Cases Drop Down From Last Year

The eight laboratory confirmed screwworm samples collected in Texas through April this year compare to 856 for the same period of 1976, says Dr. M.E. (Cotton) Meadows, Jr., of Mission.

Only two known screwworm cases were treated in Texas during April, compared to 631 for the same month last year, says the veterinarian in charge of the U.S. Department of Agriculture (USDA) Screwworm Eradication Program.

On April 8, R.M. Smith treated a screwworm case near Ricardo in Kleberg County. Newton and Albert Boren of Edinburg treated another near McCook in Hidalgo County on April 21.

"All indications are that the 'Mission '77: Stamp Out Screwworms' program is working," says Meadows. He warns, however, that fly trap studies show south Texas is coming under increasing pressure from wild flies migrating north from Mexico.

"Stamp Out Screwworms" (SOS) committees in most Texas counties are working in the campaign to eradicate screwworms from Texas forever this year. County SOS chairmen met with technical personnel April 28 in San Antonio to coordinate screwworm eradication efforts.

Also at the meeting called by the Southwest Animal Health Research Foundation (SWAHRF) were County Agents and technical personnel from the Texas Animal Health Commission (TAHC), the Texas A&M

University Agricultural Extension Service, and the Screwworm Eradication Program. Those attending received in-depth reports of progress in the fight to eliminate this parasite from Texas rangelands.

Nature Trail Brochure Is Off The Press

A brochure on the Possum Hollow Nature Trail has been published by the Crockett County Soil Conservation Service and the Ozona Garden Club. The attractive booklet will be used by FFA and 4-H classes in plant and grass judging. They will also be available to groups wanting the use of them. Anyone who wishes to keep a copy may purchase one at the soil conservation office for a small sum.

The nature trail was a Bicentennial project of the Ozona Garden Club and was opened prior to the July 4 bicentennial celebration, last year. The land was donated by Mrs. Ben Williams in memory of her late husband and runs a foot trail adjacent to Fairview Drive from Ave. D, up the hill.

Recent rains have set the trail aglow with many colorful native flowers and plants. From now until fall certain varieties will bloom in cycles. Visitors may see a different one each time they walk the trail. The brochure describes every one of the 70 plants, grasses and flowers, found growing there. There are also markers for each plant. A list of plants will be found in the box at the entrance to the trail.

Several groups have put in a great deal of work on the nature trail and it is to be used as a foot trail only. No horses or bicycles will be allowed on the trail.

BAPTIST WALK-A-THON AIDS HOME MISSIONS

First Baptist Church's annual walk-a-thon for home missions raised a total of \$1,074.99 last Saturday. Participating were 64 walkers. This included nine adults, 12 high school youths, 10 junior high youngsters, and 33 from the children's division.

The walkers tallied a total of 885 miles. There were 54 sponsors helping with the event and several church members who assisted with refreshments.

A LOT OF LIGHTBULB—This beacon, which was installed atop a 200-foot tower in south Ozona, costs taxpayers \$600. It replaced a beacon destroyed by gunfire, although it was protected by a steel plate.

Little League Begins 25th Year In Ozona

The Ozona Little League Association will celebrate its 25th year this season. The local association has been presented the silver anniversary award by the national L.L. Association.

Players were purchased by the various teams after tryouts last week, and play gets underway Monday, May 9, at 6 p.m. Two new teams have joined the ranks this year and the teams will play three times a week instead of twice as in past years.

Joining the four regular teams will be Ozona Shell Service sponsored by Bill Crawford and Ozona Electric, sponsored by Burl Rutherford. Crawford will manage his team and his son, Ricky, will assist as coach. John Justice will manage Ozona Electric, assisted by Rick Whitworth.

Lloyd Winkley will return as manager of Ozona National Bankers with Buz Wilson as coach. George Ybarra will be back as coach for Crockett Automotive with coach Rudy Enriquez. Moore Oil will have Jack Bailey back as manager and Jody Everett will coach. Terry McPherson will again manage Ozona Oil with Dale Hobson coaching.

Little League president R.B. Babbitt released the schedule this week and said the teams would play double headers every Monday, Tuesday and Thursday nights starting at 6 p.m. through June 9. After a one-week break for scout camp, play will begin Monday, June 20, and continue through Thursday, July 7.

Ozona Electric's roster is made up of Tonya Rutherford, Jeni Wilton, Craig Chapman, David Badillo, Bo

Aycock, Gino Tambunga, Salvador Mata, Steve Sanchez, Jack Moody, Rodney Storms, Jesse Crisp, James Fierro, Jim Sanchez, C.W. Roberts and Matt Miller. Moore Oilers are Travis Wayne Bentley, Carlos Borrego, N.E. DeLaCruz, Allen Dews, Brad Elliott, Byron

Two Wells To Be Drilled

J. Cleo Thompson, Dallas, will drill a 9,000-foot Ellenburger gas wildcat in Crockett County, 13 miles east of Ozona, 3/4 miles east and slightly south of Ellenburger and 7800 Canyon, three miles east-southeast of Strawn gas production and 1 1/2 miles southeast of 7520 Canyon gas production in the Ozona, Northeast field. It is the No. 2-D P.L. Childress.

Location is 1,320 feet from the north and west lines of 11-EF-GC&SF. Amoco Production Co., will drill the No. 1-B Jake Beasley Trust as a 1/2 mile northeast outpost to the Crockett County portion of the Whitehead (Strawn gas) field, 20 miles southeast of Ozona.

Location is 1,210 feet west of the northwest corner of 4-N-TCRR, thence 652 feet south to location in 22-G2-J.W. Friend Original Grantee, Abst. 4802.

It is 190 feet west of the firm's No. 2 Jake Beasley Trust, 1,400 feet west of the southeast corner of 5-TCRR, thence 652 feet south to location in 22-G2-J. R. Friend, original Grantee, for which permit to drill has been canceled.

Steps For Vacation Planning

Effective vacation plans can increase enjoyment—and cut spending, says Claudia Kerbel, consumer information specialist.

She recommends "six easy steps" for vacations that succeed:

Decide on vacation goals—such as adventure, travel, cultural enrichment, exercise

or relaxation. For vacations with friends or the entire family, consider each person's favorite activity, also.

Know spending limits—and save ahead or plan the budget carefully for a "Vacation on credit." A plan will help combat the overspending temptations.

Consider off-season vacations to save money. Many summer resorts have low rates in May and September—winter resort areas, such as Florida, have good summer rates.

Forum Holds Open Meet

The Ozona Woman's Forum held an open meeting Tuesday, April 26, in the chapel of the First Methodist Church. Mr. Bob Walsh, vice-president and trust officer of the First National Bank of Fort Worth, spoke to the group and their guests on the basics of estate planning and the recent changes in inheritance tax laws and their effect on agricultural estates. Following a question and answer period, refreshments were served by co-hostesses, Mrs. Pleas Childress, Mrs. Hugh Childress, and Mrs. Ele Hagelstein. Mrs. Kirby Moore, president of the Forum, briefly discussed the results of the District meeting of IFWC held in March in San Angelo, including the announcement of several awards won by the Ozona club.

R. Kerby Finishes AF School

Sergeant Reginald L. Kerby, whose parents are Mr. and Mrs. Herbert Kerby of Ozona, has graduated from the Tactical Air Command Noncommissioned Officer Leadership School at Bergstrom AFB, Tex. The sergeant, who was trained in military management and supervision, is an administrative specialist at Bergstrom. Sergeant Kerby is a 1971 graduate of Ozona High School. His wife, Kip, is the daughter of Mr. and Mrs. E.F. Sharp of Ozona.

Sales Tax Man To Be In Ozona

If you have a question about state taxes or need some assistance, circle this date on your calendar: May 12, 1977. Comptroller Bob Bullock will have a representative in Ozona on that date to meet with local taxpayers beginning at 1:30 p.m. at the County Library in Ozona. Remember: If you have a question or need assistance with your state taxes, come to the County Library in the Courthouse in Ozona beginning at 1:30 p.m. on May 12. The Comptroller's assistant will remain on duty until 3:30 p.m.

The great violinist Nicolo Paganini occasionally played with frayed strings, hoping they would break so he could triumphantly overcome this handicap.

May Social Security Visit Set

Peter Gonzales, social security representative for the San Angelo Social Security office, has scheduled his May visit to Ozona. He will be at the County Courthouse on Wednesday, May 18th from 2:00 p.m. to 3:30 p.m. Anyone who wants to file a claim for benefits, get information, or transact other business with the Social Security Administration may contact him at this time. Persons who are unable to meet with him are encouraged to call the office in San Angelo. Residents of Ozona may call toll free by dialing "Operator" and asking for "Enterprise 2058". If you receive SSI and have applied for Social Security, notify the social security office when you receive your first social security check.

CARD OF THANKS

I wish to thank the doctors, nurses and all the hospital crew for being so wonderful and for the good care I received while in the hospital. Mrs. Homer Lee Boyd
