## Kitty's Korner

By  
Kitty Montgomery

Another slow week has passed, but not nearly as slow as last week. Things seem to be picking up all over, but it's not due to the weather which has climbed dangerously near the 100 mark all week. When we closed up shop at 6:30 Monday evening, I noticed the bank temperature sign was on the 98 degree mark. We don't know if it got hotter than that or not, since we had our noses to the grindstone all day. Even an inch (almost) of rain early Sunday morning did absolutely nothing toward cooling things off. If anything it made Sunday afternoon steamy and hot instead of just hot.

Everybody is suffering from the current heat wave. We ventured out for coffee Monday and Lib Applewhite asked me how on earth we were going to stand the summer heat. I said I didn't know, but chances are we'll get through it since we always have.

We'll have to all remember the first heat of the summer always hurts the most, and keep looking forward to that first norther about the first of October.

It's vacation time around here and I suppose everywhere else in town. We always dread being short a staff member, but we hit it lucky this year. Jan Naron is helping us out during vacation. A recent high school graduate, Jan has won many honors in journalism-related events. She came in and picked right up, writing stories, laying out ads, proofreading, etc. We think she is a natural, and we've never had to show her how to do something more than one time. You'll find "Jottings from Jan" elsewhere in the paper. We hope to keep her until school begins in the fall and maybe she will make "Jottings" a weekly contribution.

With the Postal Service, it's not "what can we do for the people we serve," but "what can the people do for us." Recent new regulations require that weekly newspapers (and all others I assume) sort, wrap and color-code all papers mailed out of town. It's amazing what we do for the post office. We have had customers in on Wednesday afternoons who were amazed to find us sorting, stamping, stacking and wrapping newspapers to mail out. They always, without change, say they thought that was the job of the post office. And to top it all off, our postage goes up the first of July. It seems the more we do for the post office, the more we are charged.

We are sort of used to all the harassment, after all these years, but action this week really floors us. After we wrapped, stacked, coded, etc. all the out of town papers, we had been stuffing them in a U.S. Mail sack and then taking them to the post office where they merely put it on a departing mail truck. Well, this week, they send us a big iron mail sack holder, 42" high, 2 feet wide and 31" long, and holding two mail sacks. The reason--with all the papers in one mail sack, it's too heavy for them to handle. Of course, the sacks themselves weigh a ton, but when we were tying the papers into a large bundle, I personally and alone, many times delivered the bundle to the post office. Now we are going to have to put half a bundle in one sack and half in another and carry both to the post office, so they can load them one at a time. Good grief! With my luck, I'll have to carry both sacks at once to the post office, besides trying to find a place for the monstrosity of a holder.

(CONT'D ON LAST PAGE)

HONORS FOR 4-H ADULT LEADERS-Dr. Daniel Pfantiel, (left) director of the Texas Agricultural Extension Service, and J.L. "Curly" Hayes of Abilene, trustee for the Texas 4-H Foundation, present a plaque to Mrs. R.J. Everett of Ozona, outstanding Crockett County adult leader and one of 2 leaders honored from Extension Service District

6 during the State 4-H Roundup at Texas A&M University. The special awards were given to 28 volunteer leaders from across the state for 'distinguished service to Texas youth' in the program arranged by the 4-H Foundation in cooperation with the Agricultural Extension Service, the Texas A&M University System.

## County Gains Discoveries In Oil And Gas Fields

Crockett County gained a discovery and tests continued at a prospect. Also an extender was completed to one field and an outpost scheduled to another.

J. Cleo Thompson, Dallas, has taken over operations, completed as an Ellenburger gas discovery and suggested field designation of Parker-Harrell for the former Texas Oil & Gas Corp. No. 1 Parker "A," five miles northwest of Ozona and seven miles west of Ellenburger production in the Ozona, Northeast multipay field and 10 miles northeast of the current lone Ellenburger gas producer in the Ozona multipay field for a calculated, absolute open flow of 2,025,000 cubic feet of gas daily, with gas-liquid ratio of 32,185-1. Gravity of the liquid was 66.2 degrees.

Production was from open hole at 8,757-787 feet, which had been acidized with 8,000 gallons.

Prior to plugging back to 8,787 feet, it tested open hole at 8,740 feet, where 4 1/2-inch casing was set, and 8,800 feet, the total depth, which had been acidized with 750 gallons.

The Canyon was topped at 5,905 feet; Canyon "B" 7,620 feet; Strawn 8,550 feet; and Ellenburger, 8,614 feet, on ground elevation of 2,496 feet.

Location is 1,320 feet from the north and east lines of 77-GH-GC&SF.

Jake L. Hamon, Dallas, and Claud B. Hamill, Houston, No. 1 Chris Carmen Sutton, in 2-FFF-GC&SF, Abst. 4814, Pennsylvanian gas prospect, one mile southeast of Devonian production in the Ingham Canyon and Devonian gas field, two miles southeast of Strawn gas production in the Lancaster Hill multipay field, but separated by a depleted Strawn producer, and 23 miles west of Ozona, continued to test through perforations at 8,160-194 feet and 8,205-212 feet.

It flowed six hours on a 1/2-inch choke, making gas at the rate of 828,000 cubic feet daily, then flowed two hours on the same choke, making gas at the rate of 643,000 cubic feet daily, along with 25.59 barrels of load oil during the last 24 hours.

Canyon gas production was extended 3/4 mile southeast and one mile west in a northwest extension area of the Ozona multipay field of Crockett County with completion of Texas Oil & Gas Corp., Midland, No. 1-A Bean, five miles southwest of Ozona, for a calculated, absolute open flow of 2,080,000 cubic feet of gas daily.

Production was through perforations at 8,332-578 feet, which had been acidized with 5,000 gallons and fractured with 122,500 gallons and 100,625 pounds of sand.

Scheduled as a test in the Ozona, Southwest (Strawn gas) field and amended to the above field, it was drilled to 9,700 feet, where 4 1/2-inch casing was set, and

plugged back to 9,250 feet. Location is 1,780 feet from the north and west lines of 10-M-GC&SF.

Union Oil Co. of California, Midland, will drill the No. 1 Mitchell "105" as a 2,900-foot southwest and the same distance north outpost to Ellenburger production on the west side of the Crockett portion of the JM multipay field, 35 miles southwest of Ozona.

Location is 2,742 feet from the south and 1,218 feet from the west lines of 105-1&GN. Contract depth is 14,000 feet.

The field, which has extended to Val Verde County, has one upper Permian gas producer.

plugged back to 9,250 feet. Location is 1,780 feet from the north and west lines of 10-M-GC&SF.

Union Oil Co. of California, Midland, will drill the No. 1 Mitchell "105" as a 2,900-foot southwest and the same distance north outpost to Ellenburger production on the west side of the Crockett portion of the JM multipay field, 35 miles southwest of Ozona.

Location is 2,742 feet from the south and 1,218 feet from the west lines of 105-1&GN. Contract depth is 14,000 feet.

The field, which has extended to Val Verde County, has one upper Permian gas producer.

## Mental Health Drive Brings Near \$200,000

Ozona raised \$193.84 in the May drive benefiting the Mental Health Association in Texas.

Bellringer workers collected house-to-house during May, Mental Health Month.

Proceeds benefit the non-profit, non-governmental agency whose members are dedicated to fighting mental illness while working on behalf of the mentally ill and their families.

"The Mental Health Association exists entirely on donations, such as those raised in the May drive," said Shirley K. Camfield, state president.

Camfield thanked Mrs. Thelma Janes and the Bellringer workers in Ozona, calling them an important team in the movement to promote mental health in the state.

## Douglas Bean Qualifies For Rodeo Finals

Douglas Bean qualified for the State Championship Rodeo to be held in Hallettsville, June 14-18.

He will participate in the calf roping event. There will be two full go-rounds plus the finals which will be held Saturday night.

Douglas qualified in April in Alpine and is the only Ozona cowboy to make it to the state finals.

## Mr. Sanchez Services Wednesday

Funeral services had been scheduled for Wednesday afternoon at 5 p.m. for Baltazar (Walter) Sanchez, 91, according to reports at press time, at Our Lady of Perpetual Help Catholic Church with burial in Lima Cemetery under the direction of Janes Funeral Home.

Mr. Sanchez died Monday morning in Crockett County Care Center after a lengthy illness.

He was born Sept. 22, 1885 in Brackettville and had been a resident of Crockett County the past 55 years. He was a retired sheep shearing captain.

Survivors include a son, Teofilo Sanchez of Ozona; five daughters, Mrs. Masarice White of Borger, Mrs. Martin Moran of Ozona, Mrs. Armito Tuijo of Dallas, Mrs. Jesus Rodriguez and Mrs. Joe Franco, both of Fort Stockton; 32 grandchildren; 26 great-grandchildren; and 85 great-great-grandchildren.

## OZONAN WINS TOURNEY

Ricky Webster and his partner, Wayne Alexander of Bronte, won the championship flight in the Robert Lee Mountain Creed Golf Championship in Robert Lee which concluded Sunday.

The Ozona team of Randy Hall and R.B. Babbitt won second place in the third flight.

## Commissioners Court In Routine Monthly Meeting

Crockett County Commissioners Court met Monday in regular monthly session and spent the day on routine county business. County reports were received.

The minutes of the hospital board meeting of June 9 were read and approved. In the report it was noted that a television system was approved for the hospital. Under a proposal from Continental Television, the company would provide all equipment, installation and maintenance. In turn the hospital would pay 49c per day per occupied bed for the service.

According to the hospital report, a problem has arisen over local pharmacies' decision to stop filling welfare prescriptions. A total of fifteen residents in the care center would be affected. Possible alternatives were discussed.

Bobby Halydier asked the county to build a road to his recently purchased property atop the east hill on the point. Access to the property would be through Meiers Estate land. The court agreed to build a dead end street, provided an easement could be obtained from the

Meiers Estate. A request was received from county roads superintendent Von Parker on how much money is available for seal coating county roads. He requested the information in order to get paving underway and finished before cold weather. The court allotted each precinct the sum of \$17,000

## Sun. Storm Brings Near Inch Of Rain

A booming thunderstorm early Sunday morning brought .90 of an inch of rain to Ozona, the first precipitation for the month. The rainfall brought the yearly total to 11.47 inches of moisture.

The rain did little to cool temperatures and by Sunday afternoon the mercury had climbed to the mid 90's.

for county road work. Each commissioner will work with Parker on where work needs to be done in their precincts.

Seal coat or new pavement for the school building plan was discussed. The court agreed that the county would do the work if the school pays for the materials.

Bids for hospital improvements as set out by the county were to have been opened, but no bids were submitted either by local contractors nor out of town companies.

Before adjourning shortly after lunch, the court went over tax renditions in preparation for the meeting of the Board of Equalization. The court will meet as a Board of Equalization, for the purpose of determining, fixing and equalizing the value of any and all taxable property located in Crockett County, June 23, at 10 o'clock in the morning in the county courthouse.

## Plans Shape Up For County Fair

The second annual Crockett County Fair will be held August 6, from 9 a.m. until 6 p.m. in the City Park. The fair this year is sponsored by the Xi Sigma Omega Chapter of Beta Sigma Phi. The sorority sponsored last year's fair for the Bicentennial and it was so successful another fair was planned for this year.

Booth space has already been reserved by several organizations and individuals. Deadline for booth reservation is June 30, so anyone wishing to participate should contact Mrs. Bob Wallace or Mrs. Jimmie Lott right away. Each booth will have an assigned place in the part in order to avoid any duplication of the same type booth being placed side by side.

Booths already reserved and in the planning stage include Xi Sigma Omega's Coke, sandwich and bake sale booth; Alpha Alpha Mu, popcorn, lemonade, candied apples and homemade ice cream; Ozona Garden Club, plants; Rotary Club, hotdogs and snow cones; Tops Club, handicraft booth; Mrs. Jimmie Lott, Mrs. Charles Spieker, Mrs. David Porter, tole and decorative painting booth; Mrs. Jim Williams and Mrs. Walter Spiller, handicraft booth; Mrs. Ran-

dy Hall, Mrs. Dennis Clark and Mrs. Johnny Childress, arts and craft booth.

A great deal of interest has been shown in food and handicraft booths, but there is a great need for some fun booths and children's games booths. Also, the sponsoring organization is asking that some of Ozona's musically talented will consent to provide entertainment throughout the day. There are many talented artists in Ozona who might wish to organize an open air art show. This would certainly be an excellent opportunity to display and sell art works.

There is no charge for booth reservations. Each organization or individual will be responsible for clearing the area where its booth stood at the close of the fair. Domino tables, horseshoes and washers will be provided for those who might like to spend a few hours in the park visiting and playing games.

The fair will be held in conjunction with the annual Lions Club sponsored junior rodeo and many out of town visitors are expected. The Chapter hopes to make this fair even bigger and better than last year's, and urges everyone to work to make it an annual event in Crockett County.

DAVIDSON SCHOLARSHIP WINNERS-Receiving C.J. Davidson Foundation scholarships in the amount of \$2,800 each during the State 4-H Roundup were these three 4-H members, shown with Tom Davison, [back row, left] 4-H and youth specialist and also representing the donor.

Scholarship recipients are [front row, left] Jan Bush of Hawley, in Jones County; and Carmen Delgado of Ozona, Crockett County; and [back, right] Carl Markert of Elgin, Bastrop County.

## POWER TALKS by U.S. Senator for Texas JOHN TOWER DAVIS-BACON ACT

WASHINGTON—Consumers in Texas and elsewhere are skeptical about government's ability to hold the line on steadily rising prices, and there is just cause. Solutions to the inflationary cycles we've experienced have even Washington's most renowned economists baffled.

But some of the principal contributors to inflation plainly could be eliminated if Congress and the Administration did not shrink from the hard decisions necessary to bring prices under control.

The 1931 Davis-Bacon Act, which established government's prerogative to set construction industry wages on federally involved projects, represents a case in point. Its enormous inflationary impact on construction has been an unfortunate fact of life since then.

Justification for the Act seemed overwhelming in the depression-beleaguered economy of 1931. Davis-Bacon outlawed the payment of substandard wages, a common practice among unscrupulous contractors scrambling to compete for the few contracts available. As enacted, the law permitted the government to establish "prevailing" construction wages for a particular area.

In theory, the law served a humanitarian purpose. In practice, it has been a complete contradiction of congressional intent.

The economy of 1977 is a far cry from the one confronting us during the Great Depression years. It's more volatile now for one thing and prone to fluctuations at the drop of a hat. Inflation is the barometer of our economic health today. Yet while recognizing this fact, Congress has stubbornly refused to repeal the Davis-Bacon Act which sends inflation rippling throughout the construction industry. And as any casual observer of economic trends knows, inflation in one segment of the economy inevitably spreads to others, spelling higher prices for all of us and lost purchasing power.

Operating in different economic circumstances, through the Federal government's maladministration, and because of the basic inequities of the law passed in 1931, Davis-Bacon maintains artificially high construction wages on federally involved projects.

If this seems like empty rhetoric, consider these wage inconsistencies: on Federal projects—all under Davis-Bacon provisions—the average construction workers commands \$7.84, while his counterpart in private construction averages \$5.14. In Houston, the 1976 hourly rate for carpenters on Federal projects was \$10.70. The overall manufacturing wage rate amounted to \$5.76.

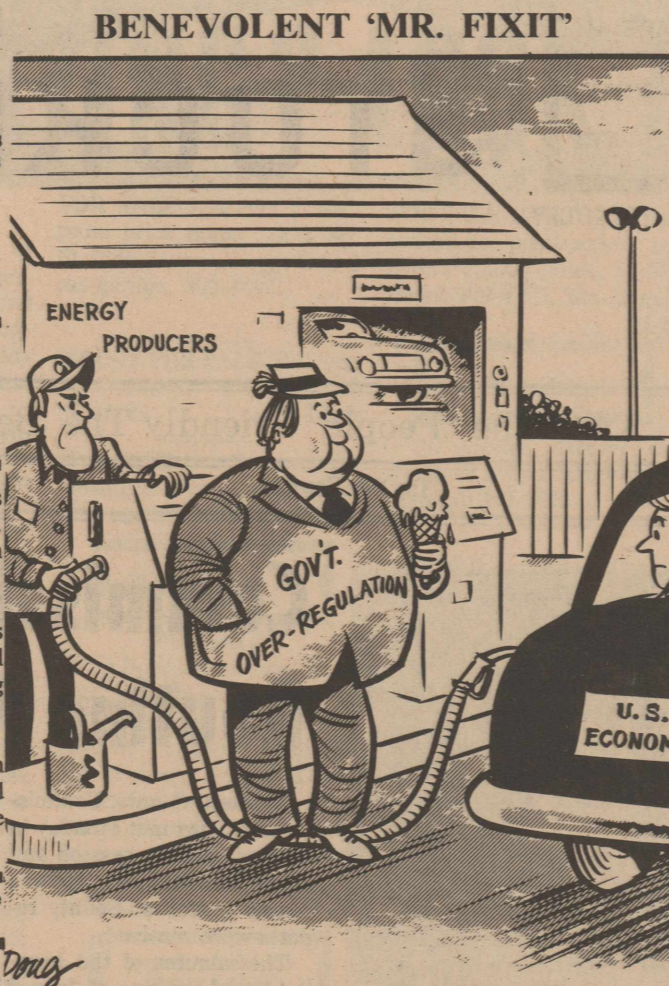

Congress' watchdog agency, the General Accounting Office, has documented more incriminating evidence. GAO has calculated that Davis-Bacon alone contributes 5-15 per cent to the excess cost of construction, taking a \$1-3 billion bite annually out of taxpayer pockets.

Since it is estimated that nearly one-third of all construction is subject to Davis-Bacon provisions, the inflationary consequences to the economy as a whole are painfully clear.

Unfortunately, Davis-Bacon now works to the disadvantage of the very workers it was enacted to help. The law, for example, does not recognize special categories of workers such as trainee or apprentice. It thus discriminates against those comprising the largest ranks of the unemployed—the young and unskilled—while protecting the higher paid worker whose wages are propped-up by a form of government subsidy.

Outright repeal of the Davis-Bacon Act clearly would be in the best interest of the American economy. Short of that, passage of amendments to the law which I have introduced to correct some of the more detrimental effects to the economy would be a firm indication that Washington is serious about its war on inflation.

## STATE CAPITAL Highlights AND Sidelights

by Lyndell Williams  
TEXAS PRESS ASSOCIATION

AUSTIN — Legislative leaders are predicting quick agreement on a school finance bill in a special legislative session.

Lt. Gov. Bill Hobby and House Speaker Bill Clayton said there is broad general agreement on the \$875 million measure reported by a conference committee May 30.

The conference version never actually came to a direct vote in either House, though both Hobby and Clayton predicted a majority would have supported it.

The presiding officers last week pressed Gov. Dolph Briscoe to speed the call of a special session from mid-July to late June.

They also urged the governor to broaden the agenda to include property tax standards and special tax treatment for agricultural lands as well as school finance.

The conference report on HB 750 of the regular legislative session is admittedly another stop-gap solution rather than a long-range approach to financing schools equitably.

"The conference report is not all that bad," said Hobby. "If we are going to have a band-aid approach, at least we have the band-aid right there in the medicine cabinet."

Hobby and Clayton urged an early special session because school districts are confronted with an August 20 deadline for filing their proposed budgets for the coming school year.

**\$ Bills Certified**  
Comptroller Bob Bullock certified funds are available to cover the \$15.5 billion general state appropriations bill and other direct funding measures passed by the legislature.

Bullock's official estimate of money available for the special legislative session on school finance will be made after Gov. Dolph Briscoe exercises his veto powers over budget items.

All of the bills requiring direct appropriations were transmitted to the governor for his consideration after Bullock's required certification.

**Lands Bring \$9.9 Million**  
Oil and gas producers bid a total of \$9.9 million for leases on 131,600 acres of state school lands last week.

Land Commissioner Bob Armstrong said the average per acre price of \$75.27 indicated high interest in Texas oil and gas reserves, particularly in submerged areas.

The latest sale yielded a near record high bid of \$1.25 million from Union Oil Company for a 1,440 acre Gulf of Mexico lease. Second high bid was \$304,704 from Mesa Petroleum also for a submerged tract.

**Insurance Discount**  
A proposal to lower homeowners' insurance rates for those who install dead-bolt door locks and other anti-burglary devices is scheduled June 22.

## THE NEWS REEL

A re-run of "The Ozona Story" as gleaned from the files of "The Ozona Stockman"

Thursday, June 17, 1948

Jimmie and Ronnie McMullan and Bill Schneemann will participate in judging events at the Wool and Mohair Show in Sonora. The boys are representing the Crockett County 4-H. 29 yrs. ago

Philip Lee Childress, Crockett County ranchman, died Saturday and services were held Sunday. 29 yrs. ago

Mrs. Embry Hunt is reported improved after a hospital stay in San Angelo. 29 yrs. ago

By Lottie Lee Baker

Speaking of the truth—we should have regular check-ups to avoid truth decay. \*\*\*\*

The girl who wore glasses And pined for lost passes. Now chuckles and cleanses. Her contact lenses. \*\*\*\*

Cold feet is a sign your soul is wearing out. \*\*\*\*

When it comes to pros and cons, there are too many pros conning these days. \*\*\*\*

It is much easier for some people to say what they think than to tell what they know. \*\*\*\*

You can't believe everything you hear-but you can repeat it. \*\*\*\*

One thing nice that can be said about children—you'll not find them showing off pictures of their grandparents. \*\*\*\*

Anybody who thinks ignorance is no excuse is pretty well informed. \*\*\*\*

There is nothing duller than old blade trying to be sharp. \*\*\*\*

Any man who forgets his wedding anniversary hasn't been listening. \*\*\*\*

You can usually tell self-made man. He's apt to get the mouth too big. \*\*\*\*

It's a strange world in which a green hand is a novice and incompetent and a green thumb is a veteran and proficient. \*\*\*\*

Everyone should try at least to get a high school education, even if they do know everything. \*\*\*\*

A Lift For The Week We should get the habit of putting things over-not off. \*\*\*\*

## you and the LAW

PRESENTED BY THE STATE BAR OF TEXAS

Q: If a woman remarries, does she need to have her will revised to show her new name?

A: No. But she will probably want to re-examine her will because of her changed status. A new marriage imposes new legal obligations. Factors which could affect a will would include children born after the new marriage and the rights of the husband to property acquired after the marriage.

Q: Before my marriage, I bought a home with funds I inherited from my grandfather. We're moving to another city, and I want to have the proceeds from the sale of the house kept separate because my wife and I are having problems. Can this be done? Can my original equity be kept from becoming community property if it's used to buy a new home?

A: Only the original amount invested would be separate property. The difference between that figure and its value today would be community property. A lawyer can help you put together a schedule of separate property.

Q: I would like to know how I can get my birth certificate. I was delivered by a midwife and the county where I was born has no record of my birth. What can I do?

A: Write the Bureau of Vital Statistics at the Texas Department of Health Resources in Austin. Their address is 1100 West 49th, Austin, 78756. Tell them your full name at the time of birth, the date and place of birth and the full names of your parents including your mother's maiden name. Also enclose the statutory \$2 fee. Sometimes midwives sent the information directly to the state instead of the county, so they may have your certificate on file. If they don't, they'll send you the necessary forms and instructions to obtain a delayed certificate.

Q: I want to contest a ticket for speeding - do I need an attorney?

A: While it is advisable to consult an attorney anytime one is involved in court, most citizens represent themselves in Municipal Court. You may want to attend prior court sessions on similar cases in order to familiarize yourself with the type of questions asked and the type of evidence used, and also to determine whether you should bring witnesses for your case to the trial.

Send your questions to "You and the Law," State Bar of Texas, P. O. Box 12487, Austin, 78711. Answers may appear in columns in hypothetical terms; personal answers not possible.

## Our Expensive Congress

By the time these words appear in print, the salary of Congressmen will be \$57,500 a year, a raise of approximately 30 percent. Senators, Cabinet officers, Supreme Court judges and other top brass get similar raises.

These increases, however, are only the tip of the iceberg. Our luxury-loving bureaucrats enjoy an enormous number of special privileges, such as separate elevators in the Capitol office buildings, free Capitol parking spaces, special reserve parking spaces at Washington's National and Dulles Airports, discount prices for meals in the Capitol, cut-rate haircuts, airline and railroad ticket offices, a bank, a credit union, a car wash, a stationery and gift discount shop, a gymnasium and swimming pool, and a great deal of free domestic and foreign travel.

Congressional aides are often required to do driving, gardening, service at parties and clean-up work. One former secretary reports having had to stay as late as 8 and 9 o'clock to drive her boss the nine blocks to his home.

Junketing abroad with wives and/or secretaries and assistants is a common practice. The Army, Navy, and Air Force divert some \$200,000 to \$300,000 every year to pay for liquor, food and accommodations for Congressmen, their wives, and aides, and sometimes for money for gambling and call girls.

Other luxury items provided by taxpayers include such things as opera tickets, caviar, Alaskan king crab, liquor, birthday cakes, expensive cigars, fishing and golfing trips, cigarettes and sight-seeing tours.

The Air Force once spent \$307 to stock a jetliner with liquor for 28 Congressmen and their aides during a flight to Miami, and another \$108 to buy liquor for the hotel hospitality suite. The Air Force also once spent \$1,200 to reimburse a Senator and two Congressmen for luxury items they had bought in Europe, but which were lost in transit.

Taken from DOLLARS AND SENSE, published by the National Taxpayers Union.

## A Thought About Aging

An elderly person is fortunate, I suppose, to be able to live in a good retirement home with all requirements for food, housing, warmth, amusement, and reading provided, but society is the great loser because this system is being so largely adopted.

Family solidarity and the proper education of younger people suffer severely when the elders are absent from the family circle. Three generations, sometimes four, used to live and work together. In the daily association and conversation at the table, at work, and during play time, the younger members of the group gained much wisdom and insight from their elders, and the latter were kept young by the enthusiasm, activity, plans and discussions of the younger members. This is now largely lost. Young people know little of the way life was lived in the time of their grandparents, and they are immeasurably poorer for not knowing the history, folklore, and odd bits of information they would have gained from association with their elders.

It is the cement which held families and therefore societies together. One reason for the lack of orientation of the present generation and the aimless wandering of so many people without goals or ambition is the lack of having been properly inducted into our society by association with their elders.

Old people are always useful and can do many things in a household where there are outside and inside chores to be done. This brings them into close contact with the youngsters who are just beginning to be useful. They learn skills, attitudes, and bits of history from their elders which are the building blocks for the formation of character.

We shall have to find a way to compensate for this loss or our society will continue to disintegrate.

**Tips  
For Gardeners**

From the  
Ozona Garden Club  
by  
Mrs. Bailey Post

Though the April and May rains gave us a beautiful spring in our garden and countryside, it will take care and not just a green thumb to continue well-grown plants, lawns and gardens.

If no moisture comes our way soon, be sure to water your evergreens, shrubs and newly planted trees and shrubs each week or ten days. Other plants may need water two or three times a week, while others and potted plants may need a daily spraying.

Grass, if watered sufficiently, should do fine with a weekly watering. June is the month to summer feed your lawn, but it needs to be kept well-watered.

Chrysanthemums need to be mulched and fed every two weeks with liquid fertilizer. Do not let them dry out if you want a fine display in the fall.

Oleanders are another popular shrub in bloom now. They stand the hot, dry and windy weather better than most of the other flowering shrubs, if kept watered. Oleanders grow rapidly and may be pruned into any height or shape. They prefer a sandy soil and sunny location, but will bloom and live through neglect. Usually they come into bloom in May and June and flower off and on until late October. With cultivation, old organic or commercial fertilizer, and thorough watering they respond with an abundance of flowers. No plant makes a better informal hedge or group of plants for color. The old favorite rose-colored double hardy oleander is most used in Texas, for it is the most persistent bloomer of all. There are newer varieties, but ask your nurseryman for the type to use. They are also popular as tubbed plants for the patio. Here they are usually free of insects. Caution should be observed if small children are around, for all of the oleanders contain a poisonous juice if eaten.

Also, the colorful altheas are in flower now and make a colorful grouping or specimen plant.

Climbing roses which bloom only once a year should be pruned now. Be sure to cut out the old and dead canes.

Quality home furnishings can be found at the Brown Furniture Co. where service is a rule not an exception.

**Spirited COOKING**

**GOOD EGGS**  
You don't have to break into your nest egg to create great casseroles when you cook them with economical eggs.

**EGGONOMICAL CASSEROLE**  
9-10 slices white or whole wheat bread, thinly sliced  
1 cup cooked, diced ham or other meat  
1 large onion, sliced  
1/2 pound mozzarella cheese, shredded  
6 eggs  
1-3/4 cups milk  
1/4 cup Bourbon or other whiskey  
3/4 teaspoon salt  
1/4 teaspoon pepper  
Dash cayenne

Cut bread into quarters. Arrange half the bread in the bottom of a shallow 2-quart casserole. Sprinkle with half the ham, onion and cheese. Repeat layers. Combine eggs, milk, Bourbon and seasonings. Pour over layers. Let stand 5 minutes, or longer, if desired. Bake in a moderately hot oven (375° F.) 30-35 minutes or until puffed and golden. Makes 6 servings.

This golden, delicious dish can help you have elegant meals without shelling out a lot of gold.

**LADIES**

Ask for Mr. James.

MRS. WILLIAM RANDALL PUMPHREY  
...nee Miss Nancy Appel

**Miss Appel Is Wed To Mr. Pumphrey In Sat. Ceremony**

Miss Nancy Appel became the bride of William Randall Pumphrey during a formal ceremony Saturday afternoon, June 11, at 4 o'clock in the First Baptist Church. Rev. Nelson Lanham, pastor, performed the ceremony.

Parents of the couple are Mrs. Louise Bean Appel and Mr. and Mrs. Alton Pumphrey of Lubbock.

The bride, given in marriage by her brother, James Appel of Houston, wore a Renaissance gown of white silk chiffon and French Alencon lace. The all-over lace bodice featured a Princess Anne neckline, sculptured in the lace pattern. Long bishop sleeves were of crystal pleated chiffon and softly shirred to wide lace cuffs with Gothic points over the hands. The voluminous chiffon skirt fell in layers and the hemline and train were trimmed with petal edging.

Her calla-lily veiling of pure silk illusion fell in layers from the Camelot capulet. The crown was applied with sprays of Alencon lace to match her gown and formed a sunburst of lace flowerlets.

Maid of honor was Jennifer Appel, sister of the bride, of Austin. Serving as bridesmaids were sisters of the bride, Cindy Reeves of Houston and Kathleen Appel of Ozona.

The attendants wore identical gowns of jonquil yellow French voile and designed to complement the bridal theme. The portrait necklines were framed in large Bertha cape collars, edged in lace and dipped to the waistline at back. Graduated tiers of the lace were edged in panels and formed the skirt which swept to fullness at the back, hinting of a train. They carried spring bouquets of yellow daisies, white daisies and red rosebuds and forget-me-nots.

Candlelighters were Mrs. Rick Slone of Sweetwater and Rhonda Travis of Lubbock.

Alton Pumphrey, father of the bridegroom, served as best man. Groomsmen were Gary Pumphrey, brother of the bridegroom, of Lubbock; Eddie Beard of Austin, and Jim Underwood of Houston.

Organist was Fred Baker of Fort Stockton and soloist was Mike Jeffreys of Ozona.

A Colonial Williamsburg mass arrangement centered the Baptistry, made of yellow stock, fuyu mums, white ruffled glads, China mums, white majestic daisies and white and yellow daisy poms.

The choir railings were decorated with cascades of mixed woodland foliage and clusters of baby's breath. The tree shaped candelabras held white cathedral tapers

and woodland greenery.

A reception followed the wedding at the Civic Center. The tables were laid with yellow with a white organdy overlay. Fern and baby's breath decorated the tables, with candelabras flanking the brides cake. The bridegroom's table was centered with a large arrangement of daisies, yellow roses and white carnations.

After a wedding tour of Hawaii, the couple will be at home in Lubbock where the husband is a businessman and the bride is a student at Texas Tech. He is a graduate of Lubbock Monterrey High School and holds a business degree from Texas Tech. She will graduate next spring with a degree in architecture.

Parties honoring the couple and the bride included the rehearsal dinner at the Civic Center Friday night, hosted by the bridegroom's parents, a luncheon at the Joe Bean home hosted by Mrs. Bean and the bride's grandmother, Mrs. George Bean.

The bridesmaid's luncheon at the Boyd Baker home hosted by Mrs. Boyd Baker and Mrs. Fred Baker, a wedding day brunch hosted by Mrs. T.J. Bailey at her home and the groomsmen's party hosted by James Appel.

**COUNTRY CLUB BRIDGE**

Mrs. Tommy Wilson was hostess for bridge at the Country Club Thursday afternoon.

Winning high was Mrs. J.B. Parker. Second high went to Mrs. Randy Upham and low to Mrs. Charlie Black. Mrs. Buster Deaton won the bingo.

Others playing were Mrs. Clay Adams, Mrs. Bob Bailey, Mrs. John Childress, Mrs. Cuatro Davidson, Mrs. Bruce Mayfield, Mrs. Beecher Montgomery, Mrs. Kirby Moore, Mrs. Jake Short, Mrs. Sherman Taylor, Mrs. Frank Tillman, Mrs. Jim Williams, Mrs. Byron Williams, Mrs. Gene Williams, Mrs. Jack Williams, Mrs. Billy Carson, Mrs. Brock Jones, Mrs. Dick Kirby, Mrs. Rip Sewell, and Mrs. Jim Bob Bailey.

**DUPLICATE BRIDGE**

Mrs. Gene Williams and Mrs. Kirby Moore were the top pair at the Ozona Country Duplicate Bridge Club Saturday. Mrs. Pete North and Mrs. Jack Williams came in second.

Mrs. Bill Dixon has returned to her home here after undergoing surgery on her vocal cords in an Abilene hospital the middle of last week.

**Debra Says**

by  
Debra Price

A pressure canner in safe working order is the key to "get-ready" plans for home canning all vegetables (except tomatoes).

A "make sure" checklist for safe working pressure canners appears below.

Take off removable petcock and safety valves, wash and dry thoroughly. Soak in vinegar to remove any corrosion.

Use a toothpick or pipe cleaner to clean openings in lid of canner.

Use fine steel wool and soap to wash bottom part of pressure canner.

To remove any odors and stains, combine juice of one lemon—or two tablespoons vinegar—with two quarts of water. Process at five pounds pressure for five minutes.

Grease (using vegetable oil) the closing surfaces of metal-to-metal-sealing pressure canners if lid is difficult to remove or steam escapes.

Replace gasket if rubber has hardened.

Check dial gauge on pressure canner. Clean weighted gauge thoroughly.

**Peach Pickles**

Makes about 3 quarts  
8 pounds peeled peaches (small to medium-sized)  
1 tablespoon ginger  
3 pounds sugar  
2 tablespoons whole cloves, crushed

1 quart vinegar  
4 sticks cinnamon (2 inches long)

Wash and peel peaches with a sharp knife and drop into a cold salt and vinegar water solution (2 tablespoons each of salt and vinegar per gallon water.) Dissolve sugar in vinegar in preserving kettle and put on range to heat. Boil 5 minutes and skim. Add spices (tied loosely in cheesecloth). Wash salt-vinegar water off peaches and drain well. Drop drained peaches into boiling syrup and cook until they can be pierced with a fork, but not soft. Remove from range and allow peaches to set in syrup pace overnight to plump. Bring to a boil and pack into hot, preheated jars, leaving 1/2 inch head space. Cover with syrup. Fill and close jars. Process 20 minutes. Cool and store.

**OZONAN WINS IN S.A.**

Mrs. Bill Clegg participated in the 42nd annual Women's West Texas golf association tournament in San Angelo at the country club last weekend. In match play she beat out her opponent Sunday to win the seventh flight.

**FORMER OZONAN GRADUATES**

Hilda Rosa Valdez, graduated from Cass High School in Cartersville, Ga., June 7. She is the daughter of Fred and Hilda Valdez, former Ozonans. She is the granddaughter of Juan and Isobel Molina of Ozona.

**LOOK!**

"Behold!" — it's not a word we use much today. Yet it occurs more than 150 times in the King James version of the Bible.

"Behold" means to see. But it suggests more than mere sight. In the Bible it usually implies spiritual awareness. Jesus often used it to urge his disciples to understand and respond to spiritual truths.

Today we say "Look!" instead of "Behold!" Although the word has changed, the meaning has not. We still need to be aware of God's love. We still need to grasp those mysteries of life that can often perplex us.

This Sunday enlarge your spiritual vision in church. Come and BEHOLD.

### IRS Announces Revision Of Sick Pay Exclusion

The Internal Revenue Service announced that it has issued a revised version of the 1976 sick pay exclusion form to enable taxpayers to compute the exclusion which has been extended for a year by the Tax Reduction and Simplification Act of 1977. The revised Form 2440, marked with a 1977 revision date, is available by writing or calling the IRS.

The legislation extends until January 1, 1977, provisions of the law which allowed a sick/disability pay exclusion for all qualifying taxpayers. Previously, the Tax Reform Act of 1976 had revoked, retroactive to January 1, 1976, this exclusion for all but totally and permanently disabled retirees under age 65.

As a result of the change in law, eligible taxpayers can exclude from income up to \$100 a week sick/disability pay received during 1976 when they were out of work while sick, injured or disabled. Disabled retirees cannot, however, claim the exclusion after mandatory retirement.

Taxpayers who made an election under the Tax Reform Act to recover their contributions to an annuity or pension plan now have the option to withdraw that election. However, if by revoking the election and claiming the sick/disability pay exclusion there is no change in tax liability, an amended return need not be filed.

## Registration Begins For First Beef Referendum

Registration in the first national Beef Referendum began this week and Texas cattle producers are doing their "homework" before voting, according to the chairman of the Texas Beef Development Taskforce.

J.D. Sartwelle, a rancher from Austin County and chairman of the state BDT, reports excellent response to a toll-free Beef Referendum "Hotline". "We are getting dozens of calls each day from interested cattlemen," he says. "The vast majority indicate they favor the program, after getting their questions answered."

The most frequent questions, with Sartwelle's answers, include:

Who can vote? "Anyone who owned cattle during 1976 is eligible to register and vote," he says. "This includes 4-H or FFA students who may have owned only a few head. Each producing entity—whether an individual, a family, partnership or corporation—is entitled to one vote. But they must register first."

Who will administer the program? "A 68-member Beef Board will administer the \$30 million to \$40 million raised each year," says Sartwelle. "These Board members will be cattle producers nominated by existing producer organizations in each state."

How will this program benefit cattle producers? "Beef research, education, promotion and foreign market development will be the stimulus needed to put the cattle business back on a profitable basis," he says. "This program will increase beef consumption and help stabilize market conditions which will benefit cattlemen and consumers alike."

### Brides Should Remember To Change Name

June brides should remember to change their name with social security. That reminder comes from Franklin Upp, social security district manager in San Angelo.

"No matter which month she's married, a bride should give us her new name so we can keep her social security card and her earnings record accurate and up to date," Upp said. "Then earnings she had both before and after she was married can be correctly credited to her record."

Earnings women have in jobs covered by social security will determine the amount of their cash benefits--and not just when they retire," according to Upp. "During their working years, women also build disability, survivors, and Medicare protection for themselves and their families," he said.

To get her name changed on her record, a new bride can call or write any social security office. "Or," Upp said, "She can use a form available at any post office and at many employer personnel offices."

The San Angelo social security office is at 2214 Sherwood Way. The phone number is 949-4608. The Social Security Administration is an agency of the U.S. Department of Health, Education, and Welfare.

quest and get a refund within 60 days after the request is made," answers Sartwelle. "This amounts to a Money-Back Guarantee."

Registration for the Beef Referendum began June 6 in more than 2,000 county ASCS offices across the U.S. Cattle producers have until Friday, June 17, to register for the Referendum. Actual voting will be July 5-15 at the ASCS offices.

Texas cattle producers with additional questions can call, toll-free, 112-800-682-4106 for additional information on the Beef Referendum.

### Fire Dept. Ladies Elect New Officers

The Ladies Auxiliary of the Ozona Fire Department met Wednesday evening at the fire station to elect new officers.

Heading up the slate of officers as president is Jeri Lyn Miller. Kay Cooke was elected vice-president-recorder and Janet Hill was elected secretary-treasurer.

Other members attending were Minnie McCaleb, Joyce Kay Keiler, Karen Keiler, Myra Jones and Jackie Weddle.

The next regular meeting will be July 11. All firemen's wives are urged to attend.

### Kay McMullan On A&M Rodeo Team

Thirteen Aggies will compete for \$100,000 in scholarships June 14-18 at the National Intercollegiate Rodeo Association championship at Montana State University.

The Texas A&M Rodeo Club team includes Terry Chapman of Haskell, Cody Dutton of Rocksprings, John Powell of Eldorado, Joel Ham of Big Lake, Kody Kothman and Joe Dutton of Junction, Jack Hall of Sugar Land, Clayton Zwerschke of Port Lavaca, Jim Stanley and Bill Averhoff of Bryan-College Station, plus coeds Kay McMullan of Ozona, Glenda Raney of Rockwall and Debbie Holland of George West.

Competition is nationwide and scholarships are awarded the contestant's college or university in his or her name.

Mrs. Joe Friend returned Monday from Ruidoso, N.M. where she had been vacationing.

Kim Sinclair and Kaye Thompson left Sunday for Plainview where they will attend the Flying Queens Basketball Camp at Wayland College. They will return on Saturday.

all pumper trucks had be dispatched to the scene. trucks had returned to Ozona at that time and indicated were the fire was a big or Temperature was registeri 90 degrees at the time at there was very little win

### GRASS FIRE TUESDAY

At press time Tuesday, Ozona firemen were still fighting a grass fire at the Joe Bean ranch near Powell Field. The alarm came in about 2:30 p.m. and at 4:30

all pumper trucks had be dispatched to the scene. trucks had returned to Ozona at that time and indicated were the fire was a big or Temperature was registeri 90 degrees at the time at there was very little win

**ENGAGEMENT ANNOUNCED**-Mr. and Mrs. Chester Wilson announce the engagement and approaching marriage of their daughter, Darolynn, to Ricky Webster, son of Mr. and Mrs. Dick Webster. The couple will be married August 6, in Ozona First Baptist Church. Both are graduates of Ozona High School. She has her degree from Angelo State University and has been teaching in the Menard Public School System. He attended Angelo State University and Southwestern University at Georgetown and is presently employed by Suburban Propane in Ozona.

**Ozonans On Tarleton Honor Roll**

Students making the A and B honor rolls and the Distinguished Students list totaled 567 for the spring semester at Tarleton State University, according to TSU registrar, John Whiting. Students listed on the A honor roll must have a 4.0 grade point ratio on the 4.0 system and be taking a minimum of 12 hours. Students

on the B honor roll have a grade point ratio between 3.00 and 3.99 with no grade lower than B. Distinguished Students have a GPR of 3.25 to 3.99 with no grade lower than C. Debra Deaton was a Distinguished Student for two semesters and on the A Honor Roll. John Naron, Jr. was on the B Honor Roll and was a Distinguished Student for two semesters. Gardening means taking a great many pains—mostly in your back.

**Jottings From Jan**

**By-Jan Naron**  
It isn't as easy as it looks. We can easily criticize the editor and his or her staff when our daughter's name is misspelled in a recognition, or call the newspaper office when a paragraph is printed twice in a story. We are quick to jump to such conclusions as "they must be asleep up there" and "you'd think we could read a perfect paper just once." Now, don't deny you've said it. I heard!

As easy as it is to envision the "perfect paper", it is not quite as simple to produce it. Believe it or not, those people who make your paper are just as human as you and I. They even make mistakes like you and I do. Try to understand. Just take a few minutes to consider the circumstances which may surround the errors and goofs that are made on a weekly paper. Perhaps while the story was being written, the writer was considering what to have with the green beans for supper. Isn't it understandable, then, that she could write "Carol Sirloin" when she should have written "Carol Southern", which is your daughter's name? Or maybe when the type was being set, someone in a polka-dotted Corvair ran the red light in front of the news office at about 90 mph. Wouldn't you look, too? Now, who can help hitting the wrong key when a polka-dotted Corvair barely misses hitting a hot dog van at a red light in mid-afternoon? Can You??

And, about the twice-printed paragraph—it is difficult to remember where one started and where one finished sometimes. Especially when the machine you are using expects such qualities in its user as an elephant's memory, a jaguar's swiftness, a giraffe's neck, a monkey's coordination, and a major in at least three subjects, including electronics. Incidentally, one might need to brush up on his spelling, grammar, and punctuation before tackling some of the news releases and

hand-written stories (and some of the type-written ones, too, when the typist is someone like me).

Spending only a few hours in the newspaper office can enlighten one as the trials and tribulations of the All-American journalist. Above all, one does learn quickly, and perhaps even remembers....IT ISN'T AS EASY AS IT LOOKS!!!

**Safe Driving Awards Go To Ozona Men**

The State Department of Highways and Public Transportation recognizes that safe driving abilities save the Department time and the citizens of Texas money.

Personnel of the Ozona Maintenance Section, in a meeting last week, received awards ranging from 24 to 2 years. Otilio V. Duran received the 24 year award, which is the best within the 13 county area of District Seven. Other awards presented by District Safety Officer Robert E. Stanford included: Cecil F. Hedrick, 12 years; Francisco E. Garza, 5 years; and Ricardo M. Dominquez, Francisco M. Galvan, and Ross W. Smith, 2 years.

Supervising Resident Engineer William F. Dixon presented the following awards to personnel of his office: John A. Lowe, Donald F. Mahannah, Julius C. Schroeder, Jessie S. Segars, and Bobby J. Smith—6 years; Charles W. Roberts and Carroll W. Smith—3 years; Leslie H. Cole, William J. Huie, Leonard D. Lovell, Alva Ray Mixon, William S. Poage, and Jack N. Skains—1 year. These awards are given to employees who regularly operate State vehicles in their duties.

**PHONE NEWS TO THE STOCKMAN.**

**ACS Holds End Of Year Meeting Mon.**

The Crockett County Unit of the American Cancer Society held their end of the year meeting with a supper at the El Chato Restaurant Monday evening.

Bud Meinecke, treasurer, reported the Crockett County Unit had \$2316 as of June 1. Public education chairman, Mrs. Dwight Childress, reported in nine programs, 630 youth were reached, and 93 adults in five.

Mrs. Charles Williams of the service committee reported six people had been on service with one still on. The crusade chairman, Mrs. Randy Upham, reported approximately \$5413 raised through memorials, special events and the annual crusade.

Mrs. Mike Miller, public information chairman, reported eleven articles had been in the paper and 1517 spots had been broadcast on the radio.

Chuck Steward, district ACS representative, commended each of the chairman on their hard work to raise public awareness. He also told of a new public education program called K3. This is designed to reach children of kindergarten through third grade ages.

The following officers were elected for the year beginning in September: Mrs. Tony Allen, president; Mrs. Hill, vice-president; Dr. Sessom, secretary and Bud Meinecke, treasurer. Committee chairmen for 1977-78 are Mrs. Childress, public education; Mrs. Miller, public information; Mrs. Williams, Service-Rehabilitation; Mrs. John Justice, Special Events, and Mrs. Charlie Black, memorials. The Crusade Chairman will be appointed in the near future.

Other members of the board next year are Mrs. Steve Sessom, Mrs. Nations, Ms. Vickie Odum, Mrs. Bruce Mayfield, Arthur Kyle, Mrs. Bill Black, Mrs. Savannah Wright, Mrs. Gal-

van, Mrs. Rudy Martinez, Mrs. Upham and Mrs. Nicholas.

Mrs. Nations and Mrs. Nicholas were delegates to the District 4 Annual Meeting in San Angelo held on Friday. Mrs. Nicholas gave the keynote address.

Others present were Mrs. M.E. Nicholas, Mrs. Eddie Nations, Mrs. Francisco Galvan, Steve Sessoms, Mr. and Mrs. Arthur Kyle, Mrs. Jerry Hill and Mike Miller.

**To The Editor:**

Dear Editor,  
Thank you one and all who gave generously to the May drive for Mental Health. Our community contributed a total of \$193.84, which benefits the Mental Health Association in Texas. The Association is a group of citizens working to promote mental health in Texas, and all who gave are a part of this growing effort. I would especially like to thank all those who worked with me to make this project a success. Very truly yours, Thelma Janes Mental Health Chairperson

**Children Poisoning Victims**

Several children in the past few weeks have accidentally poisoned themselves by taking old unused medicines, according to

Dr. Don Carlisle, who has treated the children.

He said some of the medicines swallowed by the children were up to seven years old. He warned parents to discard old prescriptions by flushing them down the toilet. He cautioned against putting them in the trash or burning them.

**Kitty's Korner**

(Continued From Page One)

Well, last week was bloop-er week for us. First, Stuart says he hasn't sold a pickup since the picture came out showing the accident with the transport. I feel it my duty to tell all pickup buyers that the pickup that was wrecked coming off the transport was not even a brand that Stuart sells. I will personally guarantee that particular pickup is far from Stuart Motors. So, please go buy your pickup, and tell Stuart, Kitty sent you.

Another blooper, and a bad one. Somehow, and only the gremlins know the answer, we failed to list one of the future freshmen promoted to OHS, in our story about the promotion, honors, etc. We omitted Jennifer Marley, who was on the A honor roll and earned all the honors possible. We deeply regret this omission, and know Jennifer knows it was not deliberate. She is a Thursday afternoon employee of the Stockman, and we'd never intentionally leave a member of our staff out of anything. Thank you, Jennifer's grandmother, for calling this to our attention.

**Hospital News**

Patients admitted to the Crockett County Hospital from June 7 to June 14 are the following:  
 Ester Galindo  
 Ishmael Villareal\*  
 Michael Medina\*  
 Della King, Iraan  
 Billy West Crawford\*  
 Luis Barron, Sheffield  
 Wayne H. Hicks, Houston  
 Allie Lock\*

**Wildcat Slated For County Field**

Amarex, Inc., Oklahoma City, will drill the No. 8-1A Baggett, a 10,700-foot wildcat in the Adams-Baggett Ranch (Canyon gas) field of Crockett County, 9 1/2 miles east of the Miller (Ellenburger, Strawn and Canyon) field, eight miles northeast of the one-well Hudspeth (Strawn gas) field, 5 1/2 miles south-southwest of the Whitehead (Strawn gas) field and 28 miles southeast of Ozona.  
 Location is 1,386 feet from the north and 1,166 feet from the west lines of 1-0-J.W. Ray, Abst. 4478.  
 The Adams-Baggett field produces from 5,100 feet; the Miller field from the Ellenburger at 11,330 feet; Strawn, 11,266 feet; and Canyon, 5,592 feet; the Hudspeth field from 11,643 feet; and the Whitehead field, from approximately 9,500 feet in this area.

**ATTENTION RANCHERS:**  
 DO YOU WANT TO HAVE YOUR BRUSH SPRAYED BETTER AND CHEAPER WITH A GUARANTEE?  
 THAT IS WHAT WE DO. BRUSH SHOULD NOT BE SPRAYED TOO EARLY. THIS YEAR SPRAYING FROM NOW UNTIL JULY 15, IS RECOMMENDED.  
 25 YEARS EXPERIENCE SPRAYING BRUSH IN THE WEST TEXAS AREA, AND WE HAVE PLENTY OF REFERENCES.
