Services Here Monday For H.H. Pipes

Funeral services for Herbert H. Pipes, 63, were held Monday afternoon at First Baptist Church with burial in Cedar Hill Cemetery.

Mr. Pipes died Friday night in the Crockett County Care Center following an illness.

He was born Oct. 8, 1912, in Cleburne and was married to Lizzie Smith Nov. 3, 1950 in San Antonio. He was a retired railroad engineer and had been a resident of Ozona for about one year. He was a deacon at First Baptist Church and was a Mason.

Survivors include his wife; two sons, Howard Pipes of Nashville, Tenn. and Ralph Pipes of Houston; two brothers, W.O. Pipes of Colorado and Guy Pipes of Kerrville; a sister, Mrs. Gladys Hollub of Yoakum, and two grandchildren.

Ozonan's Father Dead In Auto Wreck

L.H. Whitworth, Jr., 58, father of Richard Whitworth, Ozona radio station operator, was dead at the scene of a head-on collision Tuesday morning west of Eden on U.S. 87 in Concho County.

Also killed was the driver of the car Whitworth was a passenger in. There were five other persons seriously injured in the two vehicles. A pickup driven by a San Antonio man apparently veered into the lane of the Pontiac in which the deceased were riding and caused the collision, according to DPS reports.

Services were pending in San Angelo at press time.

Dr. Carlisle Receives Appointment

Dr. Don L. Carlisle, Ozona physician who practices at his own Carlisle Clinic on the east hilltop in Ozona, has been appointed to the Continuing Medical Education Coordinating Council of the American College of Emergency Physicians.

This group was responsible for the establishment of the newest medical specialty board, the American Board of Emergency Medicine.

American College of Emergency Physicians is one of the few specialty societies requiring certain hours of specified training each year to remain a member. The Continuing Medical Education Coordinating Council is involved in this training.

Lions Defeated By Marfa 36-20; Eldorado Friday

Ozona's Lions went down to defeat at the hands of the Marfa Shorthorns last Friday night in Marfa to the tune of 36-20. The Lions will take on the Eldorado Eagles there tomorrow night at 8 o'clock.

Marfa used three Ozona turnovers to score 21 points in the first half and tacked on one touchdown without any help to lead 29-0 at the half. Two pass interceptions and a fumble on Ozona's part contributed to Marfa's score but the game was closer than the score indicated.

Sonora Man Injured By Gunshot Here

Lyle Duane Spurlock, 33, of Sonora was taken to Crockett County Hospital from a service station area near Ozona Tuesday afternoon suffering from gunshot wounds. He was transferred to a San Angelo hospital after receiving emergency treatment here.

Spurlock and a companion, both employees of Halliburton, were examining a pistol or pistols in the cab of a truck or pickup when the accident occurred. Apparently the gun discharged when Spurlock was putting it back under the seat. He suffered a bullet wound in the arm and leg.

better football and outscored the Shorthorns 20-7, but failed to overcome first half mistakes.

Joe Rebelez had 13 tackles to lead the defense in Marfa. Douglas Bean and Cruz Garza had 10 tackles each to help out.

The Lions began to score in the last part of the third period, getting their initial points off a five-yard pass from Sewell to Doug Bean for the touchdown and Blake Moody booted the PAT for the extra point.

Moody headed up the offense with 165 yards in 27 carries, one touchdown and two extra points. He also punted five times for a 35.8 average. Steve Pagan carried 7 times for 17 yards and caught two passes for 28 yards and one touchdown. Cruz Garza carried 3 times for 21 yards. Danny Sewell carried five times for a minus four yards, threw 18 times for 8 completions and 2 touchdowns. Doug Bean caught 1 pass for four yards and a touchdown, and Jay Hufstедler caught 3 passes for 33 yards.

Coach Sewell said the Lions will do battle with a small, quick and fast Eldorado team. He said the Eagles are very aggressive and hard hitting and the Lions will have a task in stopping their wide open offensive ball club.

Sonora Lions Club Auction Is On Tap

Ozona residents have been invited to attend the 40th annual Sonora Lions Club auction Sept. 20 at the Sutton County 4-H Center, starting with a free barbecue at 6 p.m.

The auction is the primary fund raiser for the Lions Club and last year area residents contributed \$8,518.26 at the event.

The famous Mystery Package, which has been purchased by the highest bidder and never opened since 1943, was bought last year by Sutton County rancher Haynie Davis for \$900. This year the package will be returned again for the auction.

Lem Jones will serve as auctioneer.

Area merchants contribute valuable merchandise for the auction and the money raised by the Lions Club supports a wide variety of community projects.

Gene West is this year's project chairman.

FFA Officers Are Elected

The Ozona F.F.A. Chapter met and elected officers Tuesday, August 30 for the 1977-78 year. The chapter also elected their sweetheart.

Tax Rates Up For Crockett County Property Owners

Crockett County property owners will be paying increased taxes for the 1978 budget, after the Crockett County Commissioners Court set the tax rate following the regular monthly meeting Monday.

The tax roll will be compiled and statements mailed late this month. Taxpayers will still get a discount on all property taxes, except school tax. The discount will allow 3% if paid in October, 2% in November and 1% in December, 1977. Taxes will be due in full in January, 1978.

The county tax rate was raised from 82c per \$100 valuation to 95c to up the general fund by 13c. The FM road fund stays the same at 30c per \$100 valuation, for a total county property tax of \$1.25.

The school tax will be \$1.20 for local maintenance, down 2c from last year. There will be a 50c tax for the school improvement bonds, and the state tax will be 10c, down 2c over last year.

In all the increase for Crockett County taxpayers will be 59c per \$100 valuation, most of which will go for school improvement bonds.

The increase in the county fund has been earmarked for local street and road repair. The school bond tax, which was the result of bonds voted earlier this year for school improvement and building, is a new levy.

In the afternoon session, the court reviewed the 1978 budget and accepted it without changes.

The court met in regular session Monday morning and attended to routine business. Checking and approving monthly bills was

dispatched and regular monthly reports received. Bills were extremely high for the month due in part from expenses from range fires which swept almost all parts of the county. County auditor Dick Kirby informed the court that expenses were exceeding the budget in all categories and asked that they do all they can to keep costs down over the next four months. An unusually large loss for the month at the hospital was also mentioned and discussed.

Von Parker gave the Road Department report and said that paving and road work was finished over most of the county, but due to a shortage of help, some paving remained to be done in two of the precincts. He reported the loss of use of the large water truck. After some discussion, it was decided to have him check into replacement of the tank and repair of the frame.

Reaching the downed truck, Unit 5 firemen used one hose to put out the fire on the No. 5 truck and two other hoses to keep the fire off Truck 9 while the fire on the new truck was extinguished. Units from Mertzon

offered the services of the Ozona Airport. A secretary, hired under the community action program had been sharing duties for the J.P. and the probation officer. The new contract required the county to share the expense, which would amount to about \$185 per month. It was agreed to do this until April, when the state will furnish a secretary for the probation officer.

In other business, the court decided to move the old concession stand from the former baseball field near I-10, to the county barn for repair and use as a portable stand for various civic clubs; they voted to accept the use of a State Forestry Truck which will be on standby here until some relief comes from fire, and to put up a caution light at Ozona Primary school.

Some problems came up about the airport, but it was the consensus of opinion that since the court had leased the facility to Mrs. James Hearne, she should be responsible for the solutions. Several members commented on the good job being done by the Hearnes and said that hardly any small airport in this area

Firemen Trapped In Flaming Truck

It was a harrowing experience for three Ozona Volunteer Firemen who were trapped in a stalled moving fire truck with a fast moving, dangerous grass fire closing in on them, near Farmers Field road in north Crockett County Friday afternoon.

Faced with possible death or serious burns as the prairie fire raced toward them, the three firemen were holding the fire off the truck until the auxiliary pump unit on the vehicle also failed, leaving them without water.

In desperation, firemen Dick Kirby, James Montgomery and Steve Hubbard abandoned the No. 5 truck to race through the fire to safety.

Fireman Kirby began calling for help when the motor on the new truck died and would not start. Ozona Unit 9 and Big Lake's Unit 20 started moving immediately to the area of the disabled truck and the trapped firemen.

The rescue units were having difficulty locating the disabled truck because of the thick smoke and flames. Finally, the burning truck was located through the smoke by its red light and Unit 9 drove through the fire to try to save the truck, which was well on the way to destruction with tires already burning and fire burning under the truck.

Reaching the downed truck, Unit 5 firemen used one hose to put out the fire on the No. 5 truck and two other hoses to keep the fire off Truck 9 while the fire on the new truck was extinguished. Units from Mertzon

and Eldorado, plus the reserve truck from Ozona, were called in to handle the fire.

Fire damage to the new truck was held to a minimum. Approximately a section of land was lost in the fire.

Things were quiet for the weary firemen until a line of thunder storms moved into the county Saturday. Lightning set a grass fire behind the Barnhart experiment station at 5:28 p.m. but ensuing rainfall extinguished the blaze about the time firemen arrived.

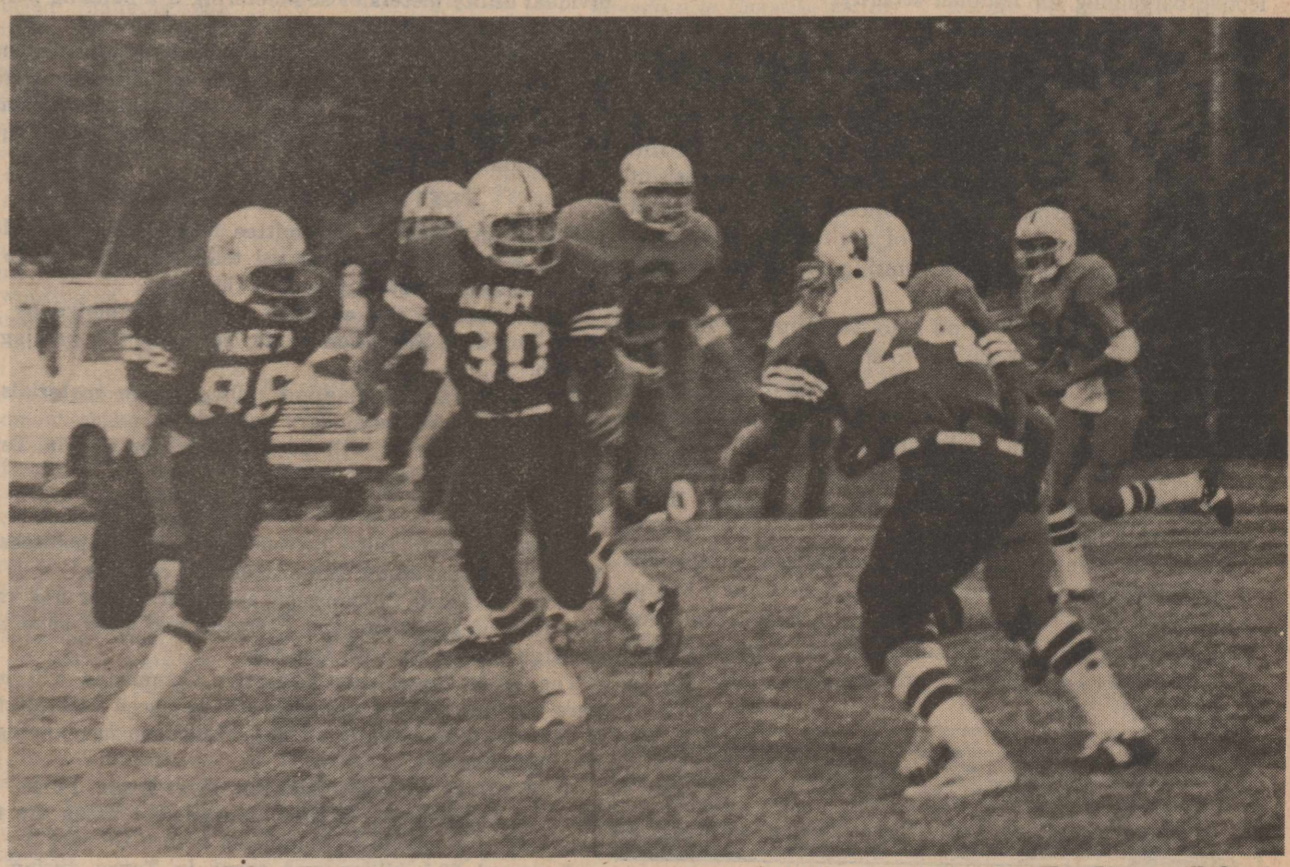

But as that fire was extinguished, another lightning strike started a fire on the Davidson ranch east of Ozona. Three Ozona units and one from Mertzon went to that fire but again it was extinguished, but not before it had burned over about one section of land.

At 7:35 lightning struck again on the Joe Bean ranch in Powell Field and units from the local department headed in that direction. But they were turned back when they received a report that the blaze had been extinguished, again by rain. No estimate of the acres burned over on the Bean ranch was available.

Turning back toward town, the firemen found that lightning had started a fire west of the El Paso Plant on Highway 29. The fire was extinguished and all units were back in town by 10 o'clock Saturday night. And so, to bed and a chance to sleep late Sunday morning as no runs were reported for a quiet day at the station.

KOUNTRY KITCHEN OPENS in Ozona. Norma Flores opened her country fried chicken place just off I-10 last week. She offers take out or eat in service and her product rivals that of Colonel what's-his-name. The Kountry Kitchen is one of several businesses to open recently along the access of I-10.

LIONS RUN INTO TROUBLE at Marfa, going down to defeat 36-20. The state-ranked Marfa crew took advantage of Ozona turnovers to run the score up. Statistics showed a fairly even ballgame. The Lions will be in Eldorado Friday night for their annual bout with the Eagles. [Joel Sanchez, Photo]

Military Unionization

WASHINGTON—Farfetched notions about what is sound public policy seem to be the rule rather than the exception in Washington these days.

One such idea, to unionize the military, once again seems to be gathering momentum, and could well be the most preposterous the 95th Congress would consider. Already, legislation to prohibit unionization has been reported out of congressional committee.

Such a scheme promises not only to transfer to the armed services the same upheaval experienced by our industrial sector over the years, but endangers in very alarming ways the fundamental concept of military authority so basic to the tradition of our armed forces and to our national security.

Yet this is exactly what is being contemplated by the American Federation of Government Employees (AFGE) of the AFL-CIO, which has polled its membership on the prospect and seems prepared to press for action this fall.

Unionization must not be treated lightly by the Congress or the American people as merely an attempt to bring pocketbook justice and upgraded grievance procedures to the military, as labor organizations contend in their support of the idea. Much more would result and much more is at stake.

Any such outside influence which poses a threat to the necessary concepts of military obedience, discipline, and undivided loyalty to duty represents an unthinkable proposition. It deserves categorical rejection by the Congress.

Those who advocate unionization downplay its divisiveness on the chain of military command as exaggeration and fear mongering.

They also point to unionization in other countries and allude to a perception that in this day of the all-volunteer force, the military deserves to be brought into a closer association with mainstream civilian society.

Such assumptions are both naive and dangerous. Armies—and countries—stand or fall on their ability to respond forcefully when crises develop. Discipline and unquestioned loyalty to military directives are essential to defense preparedness. A union would serve only to split that authority, dividing loyalties between the commander and the shop steward.

The record of military unionization in other countries is sketchy at best. None of the unionized armies in Europe has been tested under battlefield conditions, and this leaves their true effectiveness in a given military situation as an uncertainty.

Most important, the military is of necessity a special society in itself with a constitutional mandate to provide for the common defense.

When questions have arisen in the past about this role, the Supreme Court has been quick to reaffirm the "special constitutional function of the military in our national life, a function both explicit and indispensable," emphasizing that it is the "primary business of the armies and navies to fight and to be ready to fight wars should the occasion arise."

Those in the military have but one allegiance and it must not be undermined by proposals substituting collective bargaining for national security.

Now at last the price of oil is to rise—but the increase is not to reward the producers to spur conventional production and to make new energy sources competitive. It is to flow as taxes into an ever-growing energy bureaucracy which will re-distribute, allocate, regiment, decree, tax, snoop, punish, plan, organize, control, and do everything else except what the free market does: produce and distribute efficiently.

Decontrol would call forth discovery and production of new reserves, bring about development of new energy sources, promote widespread energy conservation, and curb demands for federal subsidies for expensive new energy sources—they would proceed only if justified by the market.

House Speaker Bill Clayton named his appointees to 16 commissions, study committees and councils.

Texas Railroad Commission approved higher gas rates for cities of Spearman and Perryton and other customers of High Plains Natural Gas Co.

The State Republican Executive Committee will meet here October 22, and probably will be faced with electing a new chairman. Chairman Ray Hutchison is planning to run for governor.

Applications to hunt deer on five Texas Parks and Wildlife Department wildlife management areas are now available, and should be completed before October 3.

A record \$3.1 billion was spent in Texas during the last year by 17.2 million auto visitors from out of state, according to the State Department of Highways and Public Transportation.

AUSTIN—Texas tax collections set an alltime record during the 1977 fiscal year just concluded.

Comptroller Bob Bullock said \$4.194 billion in revenue had been brought in through his office.

The total is \$651 million above the previous high in fiscal 1976 when collections totalled \$3.5 billion.

The \$4.194 billion figure includes \$351.5 million in city sales taxes which were collected and processed through Bullock's office.

Bullock said the single-month record also was broken in August when his revenue processing division deposited \$594.6 million. May 1977 set the previous record of \$540 million in tax revenues deposited in the state treasury.

Sharp increases in sales, motor and special fuel and oil and natural gas taxes accounted for most of the record collections.

Bullock said intensified collection efforts by his office also helped boost the total.

State sales tax collections for the year jumped 15 per cent over fiscal 1976, city sales taxes 14.9 per cent, motor and special fuels collections 4.5 per cent and oil and natural gas taxes a combined 15.7 per cent.

Bullock reported his auditors discovered \$91.5 million in tax deficiencies, 27 per cent more than the previous year—money that otherwise would have gone uncollected.

AG RACE UNDERWAY

Former House Speaker Price Daniel Jr. has made official what has been general knowledge for two months: he is running for attorney general in the Democratic primary.

Daniel, 36, son of former Gov. Price Daniel, announced his plans in news conferences here, in Dallas and Houston, and made his official campaign kickoff speech at a barbecue in Liberty, his hometown.

Secretary of State Mark White, a Baylor law classmate of Daniel, has made clear he also plans to get in the race. James Baker III, a Houston attorney who ran President Ford's national campaign last fall, has indicated he may run as a Republican. Atty. Gen. John Hill is expected to challenge Gov. Dolph Briscoe in the Democratic primary.

APPOINTMENTS ANNOUNCED

Gov. Briscoe caught the state capitol community by surprise when he named Hugh C. Yantis Jr., former executive director of the Texas Water Quality Board, as chairman of the State Board of Insurance.

Atty. Gen. Hill appointed James R. Riggs, formerly of Corpus and Pasadena, as head of his bonds and charitable trusts division.

Nine members have been named to the Texas Medical Disclosure Panel under the new medical malpractice act. David Bragg will head Hill's consumer protection division.

YARBROUGH QUILTS BAR

Don Yarbrough, who resigned from the Supreme Court in the face of ouster by the legislature, turned in his law license to cut off a disbarment proceeding.

The State Supreme Court allowed Yarbrough to resign from the Bar.

However, he still faces felony charges of perjury and forgery, and his trial is scheduled October 10.

Yarbrough contends he is innocent of charges against him, but does not have financial resources to defend himself against 100 separate Bar allegations of misconduct.

AG OPINIONS

Financial statements submitted to Texas Education Agency by proprietary schools are public under the open records act, Atty. Gen. Hill said.

In other new opinions, Hill concluded: A new law does not prohibit issuance of a certificate of occupancy for an apartment building which lacks individual utility meters or sub-metering if a building permit has been issued prior to Jan. 1, 1978.

After September 1, school districts can require teachers to have more than 10 days of inservice training during their 10-months contract period without extra compensation, as long as the overall per day compensation is equal to the minimum base.

TEXTBOOK HEARING STARTS

The State Textbook Committee began a hearing Monday to select books and related teaching materials to be recommended for state adoption this year.

Final selection and adoption will be completed by the State Board of Education at its November 12 meeting in Austin.

The textbook proclamation calls for new materials in 16 elementary and secondary subjects.

Materials selected will be available for use in Texas schools starting Sept. 1, 1978.

Dear Diary:

Even though this was a short week, it sure was a busy one! It was obvious that the teachers were rested (you could tell by all the homework they gave!)

The seniors started selling mums. They've really been advertising. In the halls each day between classes, all you hear is, "Buy a mum! Support your local Srs.!" The large ones are only \$6.50 and for you bargain hunters, buy a small one for only \$3.50.

School pictures and senior portraits were taken Wednesday, Thursday, and Friday. Everyone smiled really pretty and no one even broke the cameras!

The Lions played a really tough game last Friday night against the Marfa Short-horns. We're still behind them all the way! We are all going to go to Eldorado Friday at 8 o'clock and watch them pluck those Eagles!

The JV had a tough game also against the Lakeview Chiefs last Saturday. Everyone is going to back them when they play Iraan there today at 6:30.

Well, that's all until next week, Diary!

LR Congratulations to Blake Moody for receiving "Player of the Week" in the San Angelo Standard Times and to Rhonda Yeager for receiving the weekly spirit mug. Way to go ya'll!

LR Happy Birthdays to Louis Bunger, Ismael Castro, Melinda Hokit, Elizabeth Martinez, Desi Tijerina, Lupe Gonzales, Kristi Kirby, and Debbie Wallace. Also, we want to wish Happy Belated Birthdays to Jill Thomas, Karen Warren, Tilly Kramer, and Tonya Mahaffey.

LR Tomorrow, Melinda Hokit will represent District 6 at the State 4-H Dress Revue in Abilene. She and two other girls from our district will compete to attend National 4-H Congress in Chicago. Good luck to you, Melinda!

LR Mr. Moody and his family would like to thank the Student Council and students and faculty of O.H.S. for the

trouble under this arrangement and so on can employer. Your son has a duty to see that the employer withholds payroll taxes. True, your son is in a tough position, not wanting to jeopardize his job. If he makes more than \$750 this summer, he'll have to file an income tax return and report his taxes. Eventually, IRS will come to visit his employer. The law says that an employer must withhold payroll taxes unless the job is being done by an independent contractor. Obviously, your son is not an independent contractor.

Q: Is there any law against somebody parallel parking in front of my house without permission? People park there blocking off access to my mailbox, and the postman won't deliver the mail.

A: Unless there are local zoning restrictions or ordinances outlawing parking in that location, the parking in front of your house and mailbox is allowable under Texas law. If it is an abandoned vehicle, local authorities may be able to remove it. According to postal regulations, mail service should be continued if the blockage is only temporary, but if it is continual, mail service may be interrupted. If cars park there only occasionally, about the only thing you can do is put a note on the windshield.

Q: My son has gotten a summer job at a barbecue restaurant. The owner says he'll pay my son \$2 an hour in cash, but no tax well be taken out of his pay. He does this with all of his employees. Is this legal? Can my son get into any trouble?

Q: After the buyer and I signed the contract of sale for my home, the buyer decided to back out of the deal. What can I do?

A: If the buyer put down earnest money for the sale, you may retain that earnest money. Another alternative generally allowed is for you to bring suit to compel the buyer to go through with the sale. Remember, the real estate contract should specify the remedies available to both parties if a breach of contract takes place.

Q: My sister and I are over 65. Our small pensions barely cover the costs of keeping up two households. What we want to know is this: Is it legal for brothers and sisters to marry in Texas? If we married, we could draw spouses pensions and make ends meet.

A: The law is very specific in this area. You may not marry your sister. The law says a marriage is void if one marries a brother or sister or a half brother or sister. It goes on to say that marriages are not allowed with a parent's brother or sister of the whole or half blood. Nor may one marry an ancestor or descendant by blood or adoption.

A: The law is very specific in this area. You may not marry your sister. The law says a marriage is void if one marries a brother or sister or a half brother or sister. It goes on to say that marriages are not allowed with a parent's brother or sister of the whole or half blood. Nor may one marry an ancestor or descendant by blood or adoption.

Q: My son has gotten a summer job at a barbecue restaurant. The owner says he'll pay my son \$2 an hour in cash, but no tax well be taken out of his pay. He does this with all of his employees. Is this legal? Can my son get into any trouble?

A: Your son can get into

Tips For Gardeners
From the Ozona Garden Club by Mrs. Bailey Post

Perhaps after this very dry summer you may feel like it is too much of an effort to establish a colorful Autumn garden.

On the other hand this is the time to plan and study plants that appeal to you—trees, shrubs, bulbs and hardy perennials can be planted safely from now until December.

Trees and shrubs provide the background of any garden. Consider the kinds and varieties that give the most return in foliage and fruit displays in fall and spring. Good trees for fall color and spring bloom are oaks, crab-apples, maples, native youpon, dogwoods, red plums, ash, red bud, pecans, China berry, tallow.

Good shrubs for color—blooms and berries are shrubby dogwoods, vitex, crepe myrtle, cotoneasters, sumac, nandina, pyracantha, rose-of-sharon, hawthorn. Good vines for fall color are Virginia creeper, Boston ivy, silver lace vine, sweet Autumn climatis, Jack bean.

Good perennial flowers for Fall are Chrysanthemums, Helianthus (sunflowers), mallows (hardy hibiscus), asters, sedum spectabile varieties.

Good annual flowers for Fall are zinnias, petunias, impatiens, scarlet salvias, blue salvias, calendulas, snapdragons, sweet alyssum, marigolds, geraniums.

Good bulb flowers for fall are Dahlias, tuberose, cannas, gladiolus, Autumn crocus (colchicum), varieties include 'The Giant' pink-mauve, Autumn Queen, violet and waterlily, a double lilac.

There are many other kinds of decorative plants, including everblooming roses, that can be a part of the Autumn garden.

The 1976 Dykes Medal iris is the Kilt Lilt, a large, novelty-ruffled plicata blend of apricot-gold standards with maroon falls. Varieties adaptable to our area from older Dykes awards are 'Stepping Out'—'Ola Kola' and Argus Pheasant which are still eye-catchers. Dutch Iris are long lived, carefree, inexpensive and the delight of flower arrangers.

TO MY FRIENDS:

I wish to take this opportunity to thank all of my friends who supported me in my bid for the office of County Judge. It was a vote of confidence when so many of you signed the petition that asked for my appointment.

Many of you know that I had mixed emotions about considering the position because I felt that my present office as Justice of the Peace is important to the county also. I felt that I was as qualified as any one else seeking the position when I stated that I would accept the position as judge if appointed.

I also want to thank Chuy Castro for placing my name in nomination as this did give the County Commissioners a choice of applicants.

I am still one of your judges and a member of the county family offering my office and services to any person that can use them. It is my sincere hope that I have not lost any friends or made any enemies in this endeavor. Thanks.

How To Cut Your Family Medical Bills By Checkups

From The American Medical Association

The cost of treating a serious illness or accidental injury most often is unanticipated and always is unwanted. Often it is not included in the family financial plan and often it presents an extra expense on top of an already tight budget.

Like all other living expenses, the price of medical treatment has risen in recent years. But, says the American Medical Association, there are still a number of ways in which you can stretch your medical dollar and at the same time get better protection for yourself and your family.

Have a family doctor. He will keep a permanent record of your medical history, which may save duplicating many expensive and time-consuming tests. He will know your background and be better able to tell promptly if anything is wrong.

Don't wait too long. Many people try to save money on medical bills by not seeing the doctor until they are seriously ill. This not only defeats the purpose of preventive medicine, the only sound way to preserve your health, but it also is more expensive in the long run.

Have regular checkups. Early detection obviously offers a better chance to control and cure disease.

Go to the doctor's office. House calls are not only more expensive, they also are less efficient. Without his office equipment and his trained staff, your physician cannot perform a complete examination. The doctor can give you better care, sooner and at less expense in his office.

Use the telephone. This not only saves money but

Forum Opens Club Year With Brunch

An 11:00 Brunch was held in the home of Mrs. T.J. Bailey on Saturday, September 10. This was the opening for the year of 1977-78 for this Federated Club.

President Mrs. Kirby Moore welcomed three new members, Mrs. Madye Jo Humphreys, Mrs. Huey Ingram and Mrs. C.O. Spencer.

Delegates were appointed for the State Board Convention to be held in San Angelo, October 7-8. They are Mrs. Kirby Moore and Mrs. Bonnie Warth.

Mrs. Moore discussed 1 Dentifacts. Plans are to distribute this information to every resident of Crockett County. Watch for brochures in your October bank statement, and future news media. It is a project of "Safety" for each of us.

Two charter members, Mrs. Arthur Kyle and Mrs. Lowell Littleton became Honorary members by a unanimous vote.

First Vice President Mrs. Gene Perry presented the new yearbooks and discussed projects and programs for the coming year.

Other members present were Mrs. J.D. Brown, Mrs. George Bunker, Mrs. Brock Jones, Mrs. Ralph Jones, Mrs. L.D. Kirby, Mrs. J.B. Miller, Mrs. R.M. Owensby, Mrs. W.H. Whitaker, Mrs. Hugh Childress, Mrs. Marshall Montgomery, Mrs. Beecher Montgomery, Mrs. Charlie Black, Mrs. Fred Hagelstein, Mrs. W.T. Stokes, Mrs. C.O. Walker, and one guest Mrs. N.B. McCullough.

also often makes good medical sense. A family doctor who has examined you regularly can sometimes advise you over the phone about minor health problems. For anything that seems serious he will ask you to come to his office to be examined.

Follow your doctor's orders. If you refuse to follow the advice you solicit and pay for, you are throwing your money away.

Buy health insurance. Health insurance is a bargain considering the shattering effects on the family finances that prolonged illness can have. Buy as much as you can afford but especially protect yourself against the catastrophic expenses of serious illness.

Take allowable tax deductions. Doctor bills, hospital bills and drug costs not covered by insurance, and beyond a certain percentage of your income, may be claimed as deductions for tax purposes.

BAND BOOSTERS TO MEET

Ozona High School Band Boosters will meet Monday night at 7:30 in the band hall.

New officers will be elected and projects planned for the coming year. All band parents and interested persons are urged to attend.

John Held returned to his home here Saturday from a Big Spring hospital where he spent a week recuperating from surgery.

School time means after-school snack time, and it's sometimes a challenge to find the right foods that will gain acceptance by youngsters, and at the same time be nourishing.

Fortunately, there are milk and dairy products to turn to. They are nourishing and can be prepared in ways that are appealing to children. Right now, the U.S. Department of Agriculture advises that they are also plentiful.

USDA marketing specialists report that although September milk output will be seasonally lower than spring output, it should be above the September 1976 level and above the September average for 1974-76. Butter, cheese, instant non-fat dry milk, and other dairy products as well as milk are in abundant supply.

Milk and dairy products are one of the "Basic Four" food groups that are essential for keeping strong and healthy. They provide calcium to help grow sound bones and teeth and protein to help build and repair body tissue and fight infection. They are also a good source of riboflavin, a B vitamin that helps keep skin healthy and vision clear.

Milk and dairy products can add new dimensions in menu planning. These recipes have been tested in USDA kitchens:

Maple Float (6 servings, about 1 cup each): Mix ½ cup maple syrup, 1 tablespoon molasses and 5 cups milk. Stir well. Cut 1 pint vanilla ice cream into 6 pieces and place 1 piece in each glass. Pour maple mixture over ice cream and serve immediately. Calories per

strawberry milkshake (6 servings, 1½ cups each): Thaw 1 ten-ounce package of frozen strawberries until soft but still very cold; crush. Add 1 quart milk and 1 cup instant non fat dry milk to strawberries and blend thoroughly. Add 1 quart slightly softened strawberry ice cream and beat or shake just enough to blend ingredients. Pour into tall glasses and serve immediately. Calories per serving: 370.

Cheese Bread Sticks (makes 24 bread sticks): Stir together 1½ cups unsifted flour, 2 teaspoons baking powder and ¾ teaspoon salt. Mix in ½ cup shortening until the mixture resembles coarse cornmeal. With a fork, stir in 1 cup or 4 ounces shredded sharp cheddar cheese. Stir in ¾ cup milk gradually, using just enough to make a dough that is soft, but not sticky. Pre-heat oven to 450 degrees. Put on a lightly floured surface and knead a few times. Roll pieces of dough between palms to form pencil-like shapes about 1½ inch in diameter and 4 inches long. Roll dough in poppy seeds if desired. Bake on an ungreased baking sheet about 10 minutes. Calories per bread stick: About 80.

Houseguests in the home of Mr. and Mrs. Tom Montgomery over the weekend were Mr. and Mrs. Bob Rogers of Big Spring.

Foy Moody, who is recuperating from a heart attack, returned to his home here Friday from a San Angelo hospital. His activities have been limited, but he is reported making good progress.

COUNTRY CLUB BRIDGE

Mrs. Joe Couch was hostess for bridge at the country club Thursday.

Winning high was Mrs. Dale Bebee, and low was won by Mrs. Joe Couch. Mrs. Charles Davidson III won bingo.

Others playing were Mrs. Clay Adams, Mrs. Joe Bean, Mrs. Charlie Black, Mrs. Bailey Post, Mrs. Joe Clayton, Mrs. James Dockery, Mrs. Dorothy Friend, Mrs. John R. Hunnicutt, Mrs. Arthur Kyle, Mrs. Bruce Mayfield, Mrs. Kirby Moore, Mrs. J.B. Parker, Mrs. Floy Clare Short, Mrs. Bill Cooper, Mrs. Evart White, Mrs. Byron Williams, Mrs. Jack Williams and Mrs. Gene Williams, Mrs. Poncho McMullan, Mrs. Brock Jones and Mrs. O.D. West.

Ours was one of those families. They all went to church but me, the breadwinner! Sure, the others invited me. They coaxed me. Sometimes they almost pushed me.

But, let's face it: I figured I wasn't the church-going type. And I resented being urged. After all, it's a free country!

It is a free country. THAT is what got me started. We live in a land where men can believe in God and worship Him according to their conscience. People who believed and worshipped made this country what it is. And millions are still trying to keep it that way.

So one Sunday morning I asked myself: just which side are you on?

From that practical beginning I have gone on to find strength and happiness with my family in the church we attend every Sunday.

My problem was getting started. Maybe it's yours!

Activities Program Director

Our sympathy is extended to the family of Herbert Pipes. I came to know him as a very gentle man who bore his illness with courage and patience, and I am proud to have known him.

We also extend our sympathy, thanks and appreciation, to the Schneemann family who, after their tragic loss, have shared some of the beautiful floral tributes with the Center.

The Tuesday night Bingo, our first evening session, seemed to be quite a festive occasion judging by the number showing up in the dining room. Casiana Fierro (and I apologize for mis-spelling her name last week), Rosa, and Nina Fierro, Veva Vargas (and one of the latter group's young daughter) along with June Reeves, handed out prizes of fresh fruit to nearly everyone playing. Calling the numbers in Spanish and English was most helpful and one Anglo resident expressed enjoyment at being able to learn numbers in Spanish!

We welcomed Dill Eversole home again recently, after his surgery in San Angelo, and are now anxiously awaiting Leonard (Shug) Bryant's return to our fold, also from a San Angelo hospital. Evelyn visited him over the weekend and reports are good.

Recent out-of-town visitors are Vince, Mike, and Mercedes Pena all of Fort Worth, to visit Mike Pena; also Mr. and Mrs. Earl Clary of Coleman for Nellie Pridmore; Mrs. Edward Pearce of Houston for Ida West, and Mrs. Thelma Schneider of Iraan for Opal and Dill Eversole. There may have been others, who failed to sign the visitors' book. We have had an increase in local visitations which mean so very much to our Care Center family.

Marianno Hernandez, normally confined to his wheelchair, has walked with me, and Monday we ventured outdoors for a while. He is from Sheffield, and misses his family not being close by.

We had a "getting-to-know-you" session in the morning room on Thursday with Mike Pena, Opal Eversole, Juana Hernandez and Juanita DePriest participating. We had story reading, poetry and lots of fun conversation—all a part of the orientation rehabilitation program. This will become a regular part of my activity as I find some residents don't know each other's names, and we want to sustain a happy family atmosphere.

Wednesday morning saw us around the piano singing some new songs as well as the familiar ones. One good thing about my job that would please my departed parents is that ten years of childhood piano lessons are finally being put to some use. I'm putting in some practice at home so hope my Center friends won't fire me yet!

Mrs. Dee Keilers came with June Reeves for Friday Bingo. The table of Frances Tolson and Juanita DePriest must have been lucky as they won five prizes between the two! Also winning were Nellie Pridmore, Mary Seelye and Lee Dudley.

Our beauty shop stalwarts were back Thursday and I challenge any professional to roll and comb so many ladies

so quickly and well! That is hard work, stepping around wheelchairs and the like.

Thank you volunteers.

We made planters during handicrafts morning; participating were Juanita DePriest, Juana Hernandez, Frances Tolson, Mike Pena, Opal Eversole and Tommy Womack, who is a treasure helping everyone she can. If anyone has taken snapshots at the Care Center since it opened, we would welcome prints for the scrapbook.

Note Fall Plants For Color

Have you noticed the fall wardrobe of many of the woody trees and shrubs? As you drive through the countryside, observe the many attractive colors and consider some of these plants for your own landscape for fall and winter effects, suggests a landscape horticulturist.

"Some plant species have colorful foliage while others are noted for their attractive fruit, interesting seed pods, or unusual bark characteristics," points out Everett Janne with the Texas Agricultural Extension Service.

Some of the most brilliant foliage colors are provided by such species as sweet gum, Chinese tallow, black gum, dogwood, crapemyrtle, maple, Shumard oak, Texas oak, Callery pear and Chinese pistachio.

Shrubs having attractive fall color include winged euonymus, cotoneaster, mahonia, nandina, some viburnums and sumacs, which have the most brilliant foliage of all.

Plants noted for their colorful berries or fruit include yaupon, deciduous holly or possum haw, American beauty berry, pyracantha, hollies of all types, coralberry and cotoneaster. Dual purpose trees that have interesting fruit that is also edible include Japanese persimmon and crabapple.

"Some plants such as the goldenrain tree, screwbean mesquite and redwing have interesting seedpods," notes the Extension Service specialist.

Janne also suggests selecting a few plants with colorful or interesting bark to boost the winter landscape. These include crapemyrtle, red twig dogwood, birch, beech, winged euonymus and Chinese elm.

"Start now to add some of these colorful and interesting plants to your landscape," says Janne. "Many can be obtained at nurseries and planted immediately. Others must be collected from their native habitat."

If you are going to collect plants, tag them now so you can find them after the leaves and fruit have fallen. Then obtain permission from the landowner before digging. Prune back at least one-half to two-thirds of the top growth of collected plants to insure any degree of success in moving them, advises the horticulturist.

"The most important thing to remember about adding any type of plants to your home landscape is to make sure they are adapted to your area," emphasizes Janne. "There is little beauty or pleasure in a plant that is not suited to your climatic conditions."

Fiesta Set For The Weekend

Our Lady of Perpetual Help Catholic Church will be the scene of a fiesta this weekend to celebrate Mexican Independence Day.

The fiesta will get underway with a dance Saturday, Sept. 17, to the music of Ozona's own "Bronson y Los Jovenes." The time will be 8:30 p.m. in the Parish Hall at a cost of \$2.50 per person.

The next day, Sunday, there will be a Mexican dinner at 12:30 at \$2 per plate. There will also be plates to go. Following the dinner, a carnival of games will begin at 1:00 o'clock. Children who wish to participate need to bring bicycles and skateboards for races during the afternoon.

ROCK SAW RIPPER IN OPERATION—General Telephone lineman, Eddie Rogers, operates the ripper on the San Angelo-Ozona project. This is just one of the many units of equipment which are placing more than 600,000 feet of buried cable to provide improved and expanded long distance telephone service to this area. Long distance service, the source of many complaints in Ozona for some time, should be greatly improved when the project is finished.

Mr. and Mrs. George Munoz, Mrs. Anita Naranjo and daughter, Becky, all of Newark, California, are here visiting relatives. They are the houseguests of Mr. and Mrs. Bekie Diaz.

Develop your ideas for your home with expert help from the folks at BROWN FURNITURE CO. Your dreams become realities with just a little help.

Telephone Lines Replaced by Cable

A major installation of new buried telephone toll cable is now being placed from San Angelo to Big Lake and Ozona, according to Michael Sydiskis, San Angelo Division Manager of General Telephone Company of the Southwest.

"The new plant which is scheduled to be in service in January 1978, will replace the present open wire-pole line toll circuits serving Mertzon, Big Lake, and Ozona, and it will provide much better transmission quality and reliability," Sydiskis said.

A 52-pair cable, the principal conductor, will be buried from San Angelo to Barnhart at which point a 24-pair cable will be extended to Big Lake, and other 24-pair cable will be placed to Ozona.

By using the cable carrier technique, Big Lake will be provided twelve additional circuits, Ozona, an additional ten circuits, Barnhart, one additional, and Mertzon gains four more circuits. A reserve for future growth ranging from twenty-three to seventy-five percent will also be placed in the three switch-

ing centers. "The logistics of this project are extraordinary even in this day and age when it is considered that more than 35,000 hours will be used in the engineering and construction plus numerous vehicles and pieces of construction equipment," Sydiskis added.

"If the more than 600,000 feet of various sizes of cable were to be placed end to end as single wire, it would measure nearly 64,500,000 feet or about 12,197 miles which is about the distance from San Angelo to Krasnoyarsk in West Central Soviet Russia or to near Calcutta, India," Sydiskis concluded.

LETTERS TO THE EDITOR

Dear Editor,
I've debated long enough as to whether or not this letter should be written.

After reading Mr. White's editorial, however, I feel that it's justified.

There aren't enough words to express the anger felt by so many Ozonans after the appointment of the new judge.

Imagine how surprised most of us were when we found out that the public opinion no longer mattered! What a slap in the face! Of course, this town is no different than any other small town. It's run by a few "chosen" citizens, but only the way they think it should be run, almost like a dictatorship. It now makes me wonder about elections.

Nothing against Mr. Jones, of course, but Mr. Fields is more or less already involved in law and certainly has more time to give his full attention to the job.

Mr. White, thank you for saying what you think and not worrying about stepping on a few toes. Silence is not always golden.

A great injustice has been done to the public, and it's sad to think this won't be the last time. Again, thanks, Mr. White. You proved someone really wasn't glibble enough to stand by and take this without raising a question.

Hopefully, next election, we'll all use a bit of precaution.

Sincerely,
Mrs. Debbie Williams

Home Buyers To Pay In Coming Years

The average cost of a new single-family home has increased more than 100 per cent in 10 years, and this trend is likely to continue, says Kenneth E. Graeber, economist in real estate with the Texas Agricultural Extension Service. His information is based on recent U.S. Department of Commerce reports.

10% OFF

Shotguns & Shotgun Shells

SOUTH TEXAS LUMBER CO.
Ozona, Texas

Given population and inflation trends, Graeber projects an average home appreciation rate of 8 per cent annually. "If the trend continues, homes selling for \$35,000 today might sell for \$63,000 in 10 years," contends the Texas A&M University System specialist. "Many families have postponed purchasing a home in hopes of saving up to buy or build their 'dream' home. However, inflation may prevent these individuals from ever owning their own home," notes Graeber. Studies indicate that buy-

ers of similar income levels who previously owned homes pay 20 to 30 per cent more for homes than buyers who previously rented. "This is, in part, due to an accumulation of equity in the first home which can be reinvest-

ed in the next," points out the economist. "Other individuals have postponed purchase until interest rates decline. Any benefits gained by waiting for lower interest rates could be offset if homes cost in-

creased. "A properly selected and cared-for home will remain one of the better investments for most families," contends Graeber. "The motto of 'Wait 'Til Next Year' might best be reserved for football."

C/F Drive Set For September

"Little more than a decade ago the Cystic Fibrosis Foundation was working to keep C/F youngsters alive long enough to start school. Now we are trying to help some of these same patients, who have grown to young adulthood, enter college or find jobs."

These encouraging words came from chairman, Mrs. P.L. Childress III, as she accepted the chairmanship of the 1977 Breath of Life Campaign.

Longevity has increased every year because of earlier diagnosis and progress on research and cure," said our chairman. "It is efforts such as these that we support by volunteering for and contributing to the Breath of Life Campaign." This year's campaign begins with a Door-to-Door march in September. When a C/F marcher knocks on your door, give as generously as you are able," she said. "Remember that even today, with improvements research and care have brought, there is no cure for this inherited, genetic disease.

Take valuables, such as CB radios, stereos, silverware, tool chests, tools, and any other valuable item which can be engraved with metal, to the fire station. The Ladies' Auxiliary of the Fire Department met Monday night at the fire station. Members present were Jerri Lynn Miller, Janet Hill, Kay Cooke, Minnie McCaleb, Joyce Kay Keilers, Karen Keilers, and Carolyn Harris.

The fall Fire Convention, to be held October 1 in Winters was discussed. It was noted there were not enough adults to form a race team. Any fireman's wife is eligible to run. If anyone is interested, please contact Janet Hill at Western Auto. Also, if you are going to Winters for the convention, and would like to attend the auxiliary luncheon, please contact Mrs. Hill by September 20. It will be held in the Winters school cafeteria and will be \$3.50 a plate.

Members discussed the possibility of having demonstrations and talks by members of the community. If anyone has any ideas, please let us know.

The next meeting will be held Monday, October 3, at the fire station. Please attend if you can. The auxiliary really needs more members.
