THURSDAY, OCTOBER 13, 1977

NUMBER 32

Filing Open For 2 Precinct Seats

As of Tuesday no candidate had filed for the offices of Crockett County Commissioner for Precincts 1 and 3, ordered vacated as of Sept. 23, by order of a panel of federal judges. Candidates must file for the special election, which will be held Dec. 10, with the county clerk before 6 p.m. November 8. There will be no filing fee, nor party designation.

The action came about when the three judges took final action on a suit by four Mexican American men against county officials claiming discrimination due to reapportionment of precinct lines. Lines were redrawn August 12, 1974, but after Texas came under the Voting Rights Act of 1965, any changes in voting procedure required approval from the U.S. Attorney General, retroactive from November 1, 1972. The plan, as submitted, was turned down by the Attorney General.

As a result of the order the two posts in question were vacated by Commissioner Precinct 1, Jesse Marley and Commissioner Precinct 3, Jack Williams, winners of the voided election. According to state law, the two men would be required to serve until the results of the new election were certified by the county judge. However, the attorney for the plaintiffs objected to this procedure and the posts are vacant until attorney for the plaintiffs gets clarification from the Justice Department.

To make a long story short, the election will be held along precinct lines which were in effect before the change in 1974. For those who are in doubt about what precinct to vote in or what precinct they live in, a map will be published at least 40 days before the election along with a notice setting out the provisions of the order in full in the Ozona Stockman.

Voters may request absentee ballots by mail until 5 p.m. Dec. 6. To be counted, ballots must be received not later than 5 p.m. Dec. 6, according to the order.

Absentee voting in person will begin Nov. 20 at 7 o'clock a.m. and end Dec. 6 at 5 p.m.

The polls will open at 7 a.m. and close at 7 p.m. Dec. 10. Precinct 1 voters will vote at the courthouse and Precinct 3 voters will vote at the Civic Center. Anyone may vote in the election. If their precinct is in dispute, they must sign an affidavit swearing they live in that particular precinct. Caution should be used in this action because voters who live in

one precinct and vote in another are subject to prosecution for perjury.

Election judges were appointed during the Commissioners Court meeting Monday. Evert White will preside in precinct 1, Steve Kenley in precinct 3, and Bill Couch at the WTU Power Plant box.

If a run off election or second election is necessary, it will be held January 7, 1978.

Services In Baird For Mr. Cunningham

Funeral services for R.M. (Pete) Cunningham, 70, were held in Baird at 5 p.m. Thursday, in Morgan-Hargrove Funeral Chapel with Rev. Ray Boykin, associate minister of the First United Methodist Church in San Angelo and Rev. Delton Fisher of Abilene, officiating. Burial was in Ross Cemetery in Baird.

Mr. Cunningham died Tuesday, Oct. 4, in Shannon Hospital in San Angelo after a long illness.

He had been a resident of Ozona since he retired and moved here in 1974.

He was born July 19, 1907, in Putnam and was married to Maude McGowen Sept. 30, 1930, in Baird. He was a veteran of World War II and was in the oilfield business in his early years.

Survivors include his wife, Maude, of Ozona; a son, James R. Cunningham of Ozona; three daughters, Mrs. Tom Mitchell, and Mrs. Guyman Henry, both of Ozona and Mrs. Jon Hardwick of Baird; four sisters, Shirley Lamb of Fort Worth, Mrs. Charles Reynolds of Tulsa, Okla., Carlie Keller of Ohio and Ida Harper of Grove, Okla.; 12 grandchildren, and three great-grandchildren.

Gov. Briscoe Visits In Ozona

Gov. Dolph Briscoe was due in Ozona at 5:15 Wednesday afternoon, Oct. 12, and a brief reception had been scheduled at the Civic Center before the governor departs for Sonora where he will speak at the Chamber of Commerce Banquet there.

Judge Troy Williams was to pick Gov. Briscoe up at the airport and bring him to the Civic Center where he was to visit for 15 or 20 minutes before departing. Everyone was invited to the reception to meet the governor.

HOMEcoming QUEEN AND ESCORT-Lion football captain Steve Pagan escorts senior cheerleader Jeannine Perry from the field Friday night after she was crowned queen and presented with a bouquet of red roses. Steve arrived home only minutes before the crowning from a San Angelo hospital where he underwent knee surgery for a football injury which knocked him out for the season. [Joel Sanchez Photo]

Lions Battle Bucks For 10-6 Homecoming Victory

The Ozona Lions battled the Alpine Bucks to a hard fought 10-6 victory in the annual homecoming game here Friday night. The pre-game show concluded the week of activities for Ozona High School's homecoming week with the winning float announced and the homecoming queen crowned.

The winning float was entered by the junior class.

Miss Jeannine Perry, daughter of Mr. and Mrs. Jerry Perry, a senior and a cheerleader, was chosen homecoming queen. She was escorted by senior football captain Steve Pagan, son of Mr. and Mrs. Bill Pagan.

Duchesses and their escorts were Teresa Brown, daughter of Mr. and Mrs. R.L. Brown, escorted by Blake Moody, son of Mr. and Mrs. Foy Moody; Delia DeHoyos, daughter of Mrs. Elisa DeHoyos, escorted by Cruz Garza, son of Mrs. Carmela Garza; Debora Galvan, daughter of Mr. and Mrs. Joe Galvan, escorted by

Javier Reyes, son of Mr. and Mrs. Armando Reyes, and Janice Janes, daughter of Mr. and Mrs. Lawrence Janes, escorted by Douglas Bean, son of Mr. and Mrs. Joe Bean. The escorts are all senior Lion football captains.

The Lions came through with a magnificent performance for their record crowd of fans in an exciting defensive battle with the Bucks. After the Bucks took their opening possession and marched 70 yards in twelve plays to score, the Lion defense toughened up and allowed no more points for Alpine.

The Lions scored on their second possession to even the score. Moody broke two tackles for a six-yard gain on first down, then ripped off 13 on a sweep to the right side on second down to move the ball to the Bucks' 31 yard line. With third and three from the 24, Joey Borrego marked off four yards and two plays later Sewell faked to Moody and hit Bean behind the defenders for the only Lion touchdown of the night. Moody kicked the PAT and the Lions were ahead 7-6.

Neither team was able to mount a successful drive in the remaining minutes of the opening half as penalties and fumbles stifled drives. Lion fans had a moment of sheer terror as the Lions were attempting a field goal and Sewell, to hold for Moody, dropped the ball. However, he fell on it and saved the day.

Alpine lost three of their five fumbles in the contest to hinder scoring threats. Recovering for the Lions were Jim Bob Sosa, Felipe Castro and Randy Allen. Allen's recovery came in the third period and stopped Alpine at the Lion 20.

Ozona's final score came in the final period when Moody added a 25-yard field goal to give the Lions a four point lead and the victory. The Bucks led the Lions in

statistics, but couldn't overcome the three fumbles and the scoreboard told the tale. The Bucks had 17 first downs to the Lions 12; they rushed for 221 yards to 167 for the Lions; they had 44 yards passing while the Lions had 34. The Bucks lost 3 fumbles and the Lions lost none. The Bucks suffered 3 penalties for 35 yards and the Lions had four for 40 yards.

Moody was the top rusher for the Lions with 129 yards in 29 carries. Reyes carried seven times for 27 yards and Borrego 6 times for 14 yards. Sewell has 2 for a minus four yard and Allen carried 3 times for 7 yards.

The Lions will be in Junction Friday night for a game with the Eagles. They are expected to win an easy victory after the hard fought homecoming battle.

Commissioners Court Meets With Two Seats Vacant

The Crockett County Commissioners Court met Monday morning and transacted the county business with two commissioners and the county judge, Precincts 1 and 3, due to the order by a federal court declaring the commissioners posts in these two precincts vacant, were not represented.

Jesus Castro, commissioner precinct 4; Bill Black, commissioner precinct 2, and County Judge Johnny Jones constituted the required quorum. Commissioner precinct 1, Jesse Marley was on hand, but commissioner Jack Williams of the vacated precinct 3 place was not.

After the meeting got underway, commissioner Castro asked to be recognized and said he wanted to set the record straight. He said that according to the federal order, Precincts 1 and 3 were without commissioners and he wanted it understood. Jesse Marley said he was just present and did not plan to vote, but he said he would sit outside if the court deemed it necessary. No action was taken on the matter and the meeting got underway.

No action as such was taken during the entire meeting with the exception of approving county bills, reading the various county reports, and the usual transfer of monies from the general fund to the hospital fund.

The court did approve a permit to allow private clubs to stay open until 2 a.m. in the county. Jimmy Cunningham of the Circle Bar Corral appeared before the court to make the request. Judge Jones explained that the action was necessary due to the unincorporated area and it was an action which must be taken by the county commissioners court in such instances. The permit was approved.

The hospital board minutes were read and about the only item of interest was the mention that proposed legislation by HEW will require hospitals to maintain an 80% occupancy rate or close their doors. If this legislation is passed, the Crockett County Hospital with about a 20% occupancy rate would be severely affected. The court again rehearsed and lamented on the low occupancy rate and the high cost of maintaining the hospital but no solution was found. It was brought to the court's attention that the motor on the standby ambulance burned

up over the weekend while a patient was being transferred to San Angelo. Cost of a new motor would run in the neighborhood of \$1,000 to \$1,200 and the court questioned the necessity of the standby vehicle since most ambulance runs were to transfer persons to hospitals in other cities. No action was taken.

The Civic Center board report was read and the board agreed on a contract for a new juke box which would cost \$85 per month for a 24 month contract with the center furnishing the records. After some discussion the court decided to wait until they see the contract, as it was not with the report.

Dudley McCary reported on maintenance and parks and said he was getting a lot of work done. He asked for assistance from the park board to top and trim trees in the park so the grass would grow. There has been no grass to speak of in the park since a heavy cover of carpet grass was smothered with tons of dirt several years ago. Von Parker did not appear as head of the road department, but reported earlier to the judge that his department was winding up summer work and would be finished before cold weather put an end to paving in the area.

Action on the county attorney's office was tabled, since there was nothing pressing and District Attorney Dixon Mahon was unable to be present with an assistant he plans to hire to assist him with the work of the county attorney he has been doing for quite some time.

The court approved the Ingham Trap Lease renewal to Bud Harrison for another year.

A fireman's pension plan, which must be put in effect by November 1, was discussed. County Auditor Dick Kirby and Judge Jones had attended a meeting in Sonora where they heard the new state plan discussed. It was recommended the plan as it stands be rejected until the Attorney General rules. The court voted to reject the plan.

Kirby asked for a transfer of \$40,000 to the hospital fund and \$15,000 to the care center fund from the general fund to cover overdrafts. It was mentioned that \$70,000 had already been transferred from the general fund for this purpose. Black made the motion that the transfer take

place and Castro seconded, both voting for approval.

After a lengthy discussion on standards found lacking in the jail by a state jail commissioner, such as a recreation area for prisoners, too many bunks in a cell which is never used, etc. Sheriff Billy Mills was called to appear before the court. Also discussed in the "standards lacking" department were lack of fire extinguishers, meals three times a day, coveralls for all prisoners who stay longer than 24 hours and a full time day-time jailer.

Sheriff Mills arrived and said the extra bunks had already been removed from the cell in question. He did not seem terribly concerned about a recreation area for prisoners, but said the law required a full time jailer and asked that the court pay half the salary of a man hired under Manpower earlier in the summer as a jailer. The program paid the full salary of \$2.30 per hour until last month. The court agreed. Sheriff Mills said he wanted to keep the jailer on a permanent basis and also needed another fulltime deputy after the first of the year.

The court agreed to defray Mary Jo Hearne's car expense at the airport in the amount of \$50 per month, with the check going to the Ozona Airport.

Judge Jones was authorized to ask the FCC for more units on the present license.

Jake Miller appeared before the court to complain about an unusually high tax bill on one well. Wells usually decrease annually, but while Miller's tax bill on the well was \$1,321 in 1975, \$796 in 1976, it jumped to \$4,783 in 1977. He said he felt it must be some kind of computer error and the court concurred.

Al Ramirez appeared to ask about lot curbing at the cemetery and Leta Powell, county clerk but also secretary of the Cemetery Association, said that the new part was laid out in a manner where no lots would be curbed in order that it might be better maintained. She also said the association would have no curbing of lots in the part of the cemetery which has yet to open.

Election judges and polling places were scheduled for the upcoming "special election," to be

(CONT'D ON LAST PAGE)

TRUCK LOSES TANDEM WHEELS in downtown Ozona shortly before the homecoming parade Friday afternoon. The mishap occurred in front of Western Auto and the truck came to a stop, minus wheels, in front of Crockett Automotive on Hwy. 163 south.

WINNING HOMEcoming FLOAT during parade Friday afternoon in downtown Ozona. The junior class of Ozona High School put this one together. The Lion on his throne with his court gives audience to Bucks begging for mercy. [Joel Sanchez Photo]

All classes and several student organizations spent weeks building floats for the homecoming competition.

Textbook Tragedy

The parents of this generation of school children are much indebted to Mel and Norma Gabler of Texas for pointing out some of the horrible things that appear in American textbooks.

Obscenity, violence and crime are widespread, communism is given much favorable publicity.

The Cuban revolution, the Marxist revolution, the Mexican and Castro revolutions are all portrayed as just and desirable. Those who led them are spoken of as heroes, and liberators.

A book called The Global History of Man declares that "...Marxism turns the people toward a future of unlimited promise, an escalator to the stars."

The book Many Peoples, One Nation (Random House) states that, "No nation on earth is guilty of practices more shocking and bloody than is the United States at this very hour. For revolting barbarity and shameless hypocrisy, America has no rival."

Moral values are attacked as students read of cannibalism, infanticide and other degenerate practices in a book called, Man: A Course of Study.

Teachers are even advised not to correct bad grammar as written by their pupils.

Economic Conditions Better In Right-To-Work States

Twenty states have "right-to-work" laws. That is, one may get and hold a job without being obliged to belong to a union. The most recent to pass such legislation was Louisiana in 1976.

Between 1963 and 1973, new manufacturing jobs increased 46 percent in the (then) 19 right-to-work states, while such jobs increased only 10 percent in the 31 non right-to-work states.

Non-agricultural jobs were up 55 percent in the right-to-work states, and only 30 percent in the non right-to-work states.

Expenditures for new plants and equipment rose 24 percent in the right-to-work states, and did not rise at all in the 31 non right-to-work states.

New housing units were up 100 percent during the ten-year period in the right-to-work states, and only 9 percent in the non right-to-work states.

Per capita personal income was up 115 percent in the 19 right-to-work states, and only 98 percent in the 31 non right-to-work states.

These figures show the enormous advantage of the right-to-work laws, and how disadvantageous it is both for employee and employer, in states where there is compulsory union membership.

It is probable that nearly everybody except the union leaders would prefer to have the right-to-work laws, as that means more jobs and more prosperity. It is most unfortunate that a very small minority of our people are permitted to place this handicap on their fellows.

Right-to-work laws in all fifty states would mean many more jobs and more prosperity for all the people.

A Tragic Misconception

There is a general impression in our country that governments can create wealth, and can solve economic problems. This is illustrated by the question asked by an elderly citizen of a politician who had just finished his address: "What are you going to do about Social Security: Are you going to give us an increase and put us on the escalator?"

Governments cannot create wealth. They can influence the distribution of it, resulting in a decrease in the amount produced.

Only individual workers and the machines they create can increase the amount of wealth in our country.

Let us consider what government can and cannot do concerning Social Security:

It can increase the benefits. It can do this by (1) increasing taxes, (2) borrowing more money, or (3) running a deficit by printing more unconvertible, so-called paper money.

None of those three increases the wealth of our country. The first merely takes it from the taxpayer and, after deducting administrative expenses, gives the remainder to the Social Security beneficiaries. The second increases the indebtedness of all of us, and the third increases the amount of inflation.

If we follow the first option, we know we shall sooner or later kill the goose that has been laying the golden eggs. The country can stand just so much taxation. We are probably beyond that limit already. If we force a complete breakdown of the monetary system because of excessive taxation, we are bringing hardship on everybody.

If we adopt (2), we are increasing our debt and our interest burden, which will likewise damage business activity and decapitalize our country.

If we adopt (3), we are directly engaging in more inflation. This is true in all cases of deficit spending.

The sooner we learn that governments cannot create wealth, the better it will be for us all. They can redistribute wealth that is already created, but in so doing, they slow the creative process and bring greater hardship upon us.

OUR FASCINATING EARTH
By DR. PHILIP SEFF, Ph.D. & JOHN FETTER

ICE IS NICE!
OR: WATER, WATER EVERYWHERE!
TODAY MORE THAN 90% OF THE ICE AND SNOW IN THE WORLD IS CONCENTRATED IN THE ANTARCTIC ICE CAP. IF THIS MASSIVE ICE COVER WERE TO MELT, THE SEA LEVEL WOULD RISE SOME 180 FEET ALL OVER THE WORLD.

SUCH AN EVENT WOULD BE QUITE DISASTROUS TO COASTAL CITIES, AND THE AREA OF THE CONTINENTS ABOVE WATER WOULD SHRINK CONSIDERABLY.

SNIPS QUIPS AND LIFTS
By Lottie Lee Baker

To err is human-but it takes a better excuse the second time.

A person complained he was having trouble with his car. The engine wouldn't start and the payments wouldn't stop.

Some people never exaggerate. They just remember big.

Old Maid's Lament: Whenever I find a man that would make a good husband, he is.

Don't blame it on the driver's sex; it's carelessness that causes wrecks.

Honest disagreement of ten leads to better understanding.

Looks are deceiving-a dollar looks the same as it did ten years ago.

What we really need is a soap powder that will prevent a telephone ring in the bathtub.

There's one thing you can say for the men in charge of our government--they're running it like nobody's business.

Most of us carry our own stumbling block around with us; we camouflage it with a hat.

There's always free cheese in the mousetraps, but the mice there aren't happy.

A Lift For The Week
Freedom, our heritage from the past, should be our legacy to the future.

Dear Diary,
Everyone is still recuperating from Homecoming Week, so this week hasn't been very busy. All the exes returned to their regular schedules and we hated to see them leave.

The Lions played a fantastic game last Friday against the Alpine Bucks. The stands were packed with exuberant fans. Homecoming was a real success. The Lions will travel to Junction tomorrow to pluck the Eagles. Kickoff time will be at 8:00. Be sure and back the Lions on to another Victory.

The Junior Varsity Lions and Junior High Cubs played the Big Lake Owls last Thursday. Both Cub teams came out on top with the 7th grade finishing with a score of 22 zip and the 8th grade overpowering their opponents 24-0. The eighth grade team is undefeated so far this season. Keep up the good work, Cubs. The J.V. lost their game but will be preparing to scalp the Iraan Braves on the 20th, with an open date this week. We're backing you all the way boys. The Cubs will play Sonora here today with the 7th grade stomping the Colts at 4:30 and the 8th grade following.

Leo
LR
Thank you Student Council for a fun, successful dance. The decorations were great and the crowd was the largest ever.

LR
The cheerleaders would like to thank all students that helped in preparing for the different events of the week. Everyone was great in helping to make signs and decorations. It was difficult to make decisions for spirit awards because the students all worked hard.

LR
Happy Birthday to L-Dawn Adcock, Lisa Hohertz, Jennifer Marley, and Santos Perez.

LR
HOMECOMING 1977
Homecoming Week was busy and fun.

With events to build spirit for a great game outcome. From the students in disguise, all week long, The band practicing, the Ozona Fight Song,

To the snake dance and bonfire; they were a real blast!

Oh, what a shame it couldn't last!
With spirits high the Lions prepared to beat, And the togetherness of the classmates left no room for defeat.

Many hours were spent on floats and mums, And at last there arrived the exes--our chums.

CYCLE TIPS

Cycle Riders Find Rules Of The Road Differ

Automobile drivers who have decided to switch to the more economical motorcycle for commuting to work, may find the rules of the road slightly different, according to Dr. Kent Jessee, Director of Motorcycle Education Programs at Kawasaki Motors Corporation, Santa Ana, Calif., one of the country's largest motorcycle manufacturers.

"Most accidents involving an automobile and a motorcycle are the fault of the automobile driver," says Dr. Jessee. "To ride safely in rush hour traffic, the motorcyclist has to take extra precautions to make up for the motorist's possible lack of attention." For safer riding Dr. Jessee suggests:

1. Practice good riding rules. For the motorcyclist, it's doubly important to signal turns, pass only when it is safe and have a proper riding attitude.

2. Learn to ride under the guidance of a qualified instructor. Most dealers sponsor a beginning rider course or can direct you to a local organization offering one. Kawasaki, for instance, has designed a program with the aid of the Motorcycle Safety Foundation and Texas A & M University that has been implemented by high schools, private, industrial, military groups and many community police departments.

3. Make yourself as visible as possible. You may already have experienced some close calls involving an auto driver

The presenting of duchesses and crowning the queen.

Was a highlight of Friday evening with plenty more to be seen.

The week was tiring but well worth the work. When our Lions stomped the Bucks right in to the dirt. The events of Homecoming we'll not forget, And the center of it all was,

"FOOTBALL, YOU BET!"
LR

The Homecoming Pep Rally was very special. Besides the boys showing off there were many awards given. Roses were presented to Mrs. Sewell from the football team for being such an active supporter and to Gigi McKinney from the twirlers for it being her last Homecoming Pep Rally in High School. Spirit Awards were given to the following people for their support throughout Homecoming Week:

Teacher-Mrs. Baugh
Senior-Lucy Perner
Junior-Delia Galvan
Soph.-Denise Hedrick
Freshman-Tilly Kramer
Junior High-Darla Lovell

All week the students dressed in various get-ups. Wednesday was Peanuts Look-Alike Day where students dressed like any of the Peanuts characters. At lunch Charlie Brown and his gang had a baseball game. Charlie was at bat eagerly waiting for one of Peppermint Patty's curve balls. Violet was nervously waiting to catch a fly ball hit into the outfield. Linus was snapping photos of the game, and Frieda was on the sidelines primping her "naturally curly hair" ready to see if Charlie's team was going to win. All these actions plus the costumes were a part of the points judged to find the outcome of the Look-Alike contest. The boy winner was Greg Perry playing his role as Linus; the girl winner was Jeannine Perry playing her role as Charlie Brown, and Honorable mention was won by Gigi McKinney as Peppermint Patty! Good Grief!

Friday night was a special night. The duchesses and escorts were announced and led out on the field with "Let There Be Peace On Earth" in the background played by the Lion Band. The queen, Jeannine Perry, was crowned and was presented red roses by her escort, Steve Pagan, then the kickoff between the Ozona Lions and the Alpine Bucks began. At halftime the band presented a fantastic show with the twirlers twirling fire batons. Also the exes band was quite a sight.

FRIDAY NIGHT WAS A SPECIAL NIGHT. THE DUCHESSES AND ESCORTS WERE ANNOUNCED AND LED OUT ON THE FIELD WITH "LET THERE BE PEACE ON EARTH" IN THE BACKGROUND PLAYED BY THE LION BAND. THE QUEEN, JEANNINE PERRY, WAS CROWNED AND WAS PRESENTED RED ROSES BY HER ESCORT, STEVE PAGAN, THEN THE KICKOFF BETWEEN THE OZONA LIONS AND THE ALPINE BUCKS BEGAN. AT HALFTIME THE BAND PRESENTED A FANTASTIC SHOW WITH THE TWIRLERS TWIRLING FIRE BATONS. ALSO THE EXES BAND WAS QUITE A SIGHT.

STATE CAPITAL Highlights AND Sidelights
by Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN—Texas has another famous name from the past heading its modern-day State Treasury operations which involve billions of dollars in public fund investments with Texas banks.

Gov. Dolph Briscoe appointed Dallas County Treasurer Warren G. Harding, 56, to succeed the late Jesse James as state treasurer following James' death of a heart attack.

Harding, a Democrat, was named for a former Republican president, as James was named for a famous outlaw who became a kind of folk hero.

"I will look into the investment portfolio and assure you all state money will be invested at the best interest," said Harding.

The new treasurer said he is considering appointment of a "money manager" with professional skills in the investment of public funds.

However, he delayed discussion of other possible reforms in the Treasury Department which has been subject to criticism in recent years.

Harding once ran for the office against James—21 years ago—and was defeated 812,603 to 536,746.

He intends to run for the post in 1978—and once more the incumbent, though new on the job, will have the advantage of name identification.

Clayton Offers Tax Advice
House Speaker Bill Clayton advised taxing authorities to abide by a new law permitting open space lands to be taxed on the basis of productivity rather than market value.

The law was passed this year in anticipation that a related constitutional amendment would also be submitted to voters, but the amendment never cleared the legislature.

Clayton claims the law will stand on its own and should be recognized by taxing authorities in valuing farm and ranch land after January 1, in spite of anticipated attacks on its constitutionality. The advice apparently conflicts with that of Atty. Gen. John Hill in a July 6 opinion.

Sale Booms Income
A School Land Board lease sale last week added more than \$27 million to the Permanent School Fund, which now totals \$1.5 billion and is among the world's three top educational endowments.

A total of 443 high bids were awarded oil and gas companies, according to Land Commissioner Bob Armstrong. Bids were the second highest average per acre (\$93.66) in 22 years, and a bid from Mobil Oil Corp. for a 1,440 acre Gulf tract was the third largest in history for a single tract.

Texas Courts Speak
Texas Supreme Court has upheld right of consumers to sue manufacturers where product defects are responsible for economic loss.

The Third Court of Civil Appeals, in a brief opinion, found a state law requiring welfare department licensing of homes for children does not interfere with the religious beliefs of evangelist Lester Roloff who operates several homes.

The State Supreme Court turned down an 80-year-old Wichita Falls lawyer's demand for payment from Mexico for ranches totalling 218,000 acres seized from him in Zacatecas in 1963 and 1967.

The high court ordered a full trial of a Bowie County woman's suit against a washeria operator following a beating by a thug there last year.

Third Court of Civil Appeals heard arguments in a case involving right of children of illegal aliens to attend Texas public schools without paying tuition.

Indictments of juveniles for murder before examining trials are held are illegal, the Court of Criminal Appeals held.

Third Court of Civil Appeals reversed a Travis County district court decision that a sales tax on rental or leasing of motion picture films to theaters was unconstitutional, and the ruling may gain \$8 million in revenue for the state.

Attorney General Opinions
The state comptroller is not authorized to conduct audits of state agencies when work would parallel duties of the state auditor, Atty. Gen. John Hill said.

In other recent opinions, Hill concluded:
A State Board of Morticians member vacated his office when he went to work for a "chain" funeral home operation, because law permits only one member to be associated with chain establishments.

A county law library fund cannot be used for construction or renovation of county law library facilities.
An electric hair-removal machine is under jurisdiction of the Texas Cosmetology Commission.

Short Shorts
State tax collections in July totalled \$622.8 million, bringing the year's total to \$6.55 billion. Expenditures for July were \$561.9 million.

R. L. Thornton Jr. of Dallas has stepped down from the Alcoholic Beverage Commission.

Former professional football star Walt Garrison is considering a race for Texas agriculture commissioner.

Agriculture Commissioner Reagan V. Brown warned Texas farmers and ranchers they are "going to have to project and produce just like General Motors for their markets" in order to survive.

**Tips
For Gardeners**
From the
Ozona Garden Club
by
Mrs. Bailey Post

The cool weather of last week was most welcome to all of us, as well as the vegetation of our area which is really suffering for the lack of moisture.

If you started perennials and biennials in late August, early Oct. is the best time to plant these seedlings or nursery plants. Some of the favorites are pansies, candy tuft, English daisies, snapdragons, calendulas, and others will do well if not too severe a winter.

Be sure to prepare house plants for moving inside should an early frost slip up on us, as it did last year. Clean off the pots, for if not buried they do get splashed and stained. Check to see if any need repotting. When brought inside scatter slug or bug bait on the soil in the pots and plants may need to be sprayed for disease and insects.

Start making cuttings if you haven't done this, so you won't lose all your begonias, sultanas, geraniums, coleus and others.

Dig all plants you want to pot for the winter. You can dig geraniums and store them dry in a cool frost free place for the winter. To do this, dig the plant and shake off most of the soil around the roots. Lay the plants on a dry surface in the garage or cool basement overnight. After the soil dries, shake off most of the excess and place the plants in a plastic clothes bag. Store this way in a cool (55 degrees) place over winter. When spring approaches, cut them back and pot for quick setting outside when danger of frost has passed. Cuttings are handled easiest and rooted best in peat pellets placed in a wooden or plastic tray. Pot cuttings when roots penetrate the peat pellets and show on the outside. With proper care, cuttings made early this month can be fine blooming plants by Christmas.

Paper white narcissus are easily forced for winter bloom and their fragrance. Try starting them Nov. 1 and look for peak blooms on Christmas Day.

Place potted poinsettias in darkness from 6 p.m. to 8 a.m. until bracts show color. Control insects and diseases on fall garden crops by spraying with a mixture of insecticide and fungicide if needed.

Ozonans' Kin Dies In Okla.

Funeral services for Mrs. Margaret Gill Box, 86, mother of Mrs. Jess J. Marley and grandmother of Jess C. Marley of Ozona, were held Tuesday afternoon in Catholic Assumption Church in Duncan, Okla.

Mrs. Box, a longtime resident of the Duncan area, died Sunday night in Duncan after a long illness.

OPEN INVITATION

All friends of Mrs. Audra Moore are cordially invited to visit with her on her eighty-fifth birthday, Thursday, Oct. 13, from four until six in the afternoon. Informal, come as you are. The Kirby Moore home, 1103 Eleventh St. No gifts please.

Modern French homemakers—just as hard-pressed for time as their American counterparts—have a talent for making a simple snack or Sunday night supper a delicious event. One example of this talent is Pâté en Baguette... simple to prepare and sensational to eat. All the ingredients are readily available to American homemakers. The pâté begins with a baguette—the crunchy, long loaf of French bread; cut it in half crosswise and hollow out. Then stuff with a mixture of Pâté Maison, liver pâté imported from France, which has been seasoned with chives and Armagnac brandy. Pâté Maison is a quality French food specialty ideal for canapés or in prepared dishes. A flavorful combination of meat and poultry livers, Pâté Maison slices evenly or can be softened easily with a fork for spreading.

To complete the menu a tossed green salad dressed with Sauce Vinaigrette—a delicate blending of pure French olive oil and wine vinegar. To accompany the Pâté en Baguette—in an authentic French manner—serve a bottle of fresh, fruity Beaujolais wine.

PÂTÉ EN BAGUETTE
(Makes 8-10 servings)

- 1 baguette (long, thin French bread)
- 1 14-oz. tin French Pâté Maison
- 2 tablespoons finely chopped chives
- 2 tablespoons Armagnac brandy

Cut baguette into halves crosswise. Using a long sharp knife, remove the center of each half leaving a crust shell 1/2 inch thick. Remove pâté from tin and mash until smooth. Stir in chives and Armagnac brandy. Use mixture to stuff each baguette half; place one half on top of the other. Chill. When ready to serve cut baguette into 1/2 inch thick slices. Serve with a salad of mixed greens.

COUNTRY CLUB BRIDGE

Mrs. Gene Williams was hostess for luncheon and bridge at the Country Club Thursday.

Winning high was Mrs. Bruce Mayfield; second high went to Mrs. Eddie Arnold, low to Mrs. J.B. Parker and Bingo to Mrs. Arthur Kyle.

Others present were Mrs. James Baggett, Mrs. Bob Bailey, Mrs. George Bunker, Mrs. Hugh Childress, Mrs. John R. Hunnicutt, Mrs. Brock Jones, Mrs. Beecher Montgomery, Mrs. Sidney Millsbaugh, Mrs. Marshall Montgomery, Mrs. Jake Short, Mrs. Sherman Taylor, Mrs. Byron Williams, Mrs. Kirby Moore, Mrs. Evert White, Mrs. Joe Clayton, Mrs. Tommy Harris and Mrs. Clay Adams.

Step into boots this fall—in fashion and with warm, dry feet. Boots lend the finishing touch to any costume—skirts, dresses, gauchos or pants.

Boots are usually expensive, so consider them an investment and choose style, height, fabric and color with purpose in mind. To wear from season to season, select a classic style and a basic or neutral (earth-tone) color. For fashion wear, style is probably the first consideration, and for functional boots, look for quality—in both construction and fabric. While suede or leather boots may be the most comfortable—because natural fibers "breathe"—boots made of rubber or vinyl are more water resistant, especially those that are molded without seams.

However, suede and leather can be treated—at the factory or at home—to repel water. Special sprays will shed light rain and snow (but heavy rains and snow will generally still soak through.)

For greater warmth and dryness, seams should be securely stitched, sturdily made, and lined. Smooth tricot linings make a boot easy to pull on and off and may provide adequate warmth for mild winter weather. Pile linings provide greater warmth; the denser the pile, the greater the warmth.

Pile may be wool or synthetic. Synthetic linings may be more durable, but are not as absorbent as wool, often leaving feet with a clammy feeling.

Boots with ridged or skid resistant soles, whether leather or synthetic, are safer on ice and snow. Avoid smooth soles. To assure fit, try on both boots. Sizes vary from brand to brand. Be sure that boot tops provide adequate width for your calves, whether pull-on or zip-up style. Pile-lined boots may fit more snugly; you may need a slightly larger size.

Also remember in selecting boots trim and ornaments should be firmly attached, back seam should be center-

ed and firmly stitched, zipper closure should work smoothly and have a protective placket underneath and inside should be free of rough spots, wrinkles, bulky seams or loose threads.

BREAKFAST MUFFINS

- 1 egg
 - 1/4 cup sugar
 - 1/4 cup margarine melted
 - 1 cup skim milk
 - 1-1/4 cup sifted flour
 - 2 teaspoons baking powder
 - 1/2 teaspoon salt
- Beat egg. Mix in sugar and melted margarine. Sift together flour, baking powder, and salt; add to sugar and margarine mixture, alternately with milk. Fill greased muffin cups 3/4 full. Bake in 375 degree oven about 20 minutes or until golden brown. Makes 14 to 16 small muffins.

Sorority

Meets Mon.

Members of the Xi Sigma Omega Chapter of Beta Sigma Phi met Monday evening in the Chamber of Commerce meeting room with Mrs. Eddie Hale as hostess. During the business meeting, members voted to donate bingo prizes for residents of the Crockett County Care Center.

The cultural program was given by Mrs. Jimmie Lott on Will Rogers.

Other members present were Mrs. Joe Boy Chapman, Mrs. Frank Hill, Mrs. Floyd Hokit, Mrs. Terry McPherson, Mrs. Ruben Pena-Alfaro, Mrs. Walter Spiller and Mrs. Bob Wallace.

Ozona Garden Club Meets Mon.

The Ozona Garden Club met Monday at 1:30 p.m. at the Civic Center with Mrs. Johnny Hokit and Mrs. Ralph Jones as hostesses.

Mrs. Glenn Sutton presided over the business meeting and it was decided to discuss with the county the fall cleanup with a date to be set later.

It was also announced that the District VIII Fall Meeting would be held Nov. 3, in Abilene.

The program on planting terrariums was given by Mrs. James Montgomery.

Members participated in a fifteen minute garden clinic with questions and answers.

Others present included Mrs. George Bean, Mrs. Fleet Coates, Mrs. L.B. Cox, Jr., Mrs. A.S. Lock, Mrs. Dwan Vinson, Mrs. Max Schroeder, Mrs. Bailey Post, Mrs. Maggie Crawford, Cheryl Clayton, Mrs. Maggie Crawford, Mrs. Herbert Kunkel, Mrs. Bailey Post, Mrs. O.D. West, Mrs. Stephen Perner, Mrs. Paul Perner, III, and a new member, Mrs. Jim Williams.

Recreational and leisure type apparel are increasingly among the foremost wardrobe priorities, says Becky Culp, clothing specialist with the Texas A&M University System Extension Service.

THANK YOU!

I WANT TO SAY THANK YOU TO EVERYONE ESPECIALLY THE OZONA FIRE DEPARTMENT AND CROCKETT COUNTY ROAD DEPT., WHO HELPED PUT OUT THE GRASS FIRE TUESDAY, OCT. 4. YOUR EFFORTS AND HARD WORK ARE VERY MUCH APPRECIATED.

BOB BISSETT

HAPPINESS IS PARENTS YOU TRUST

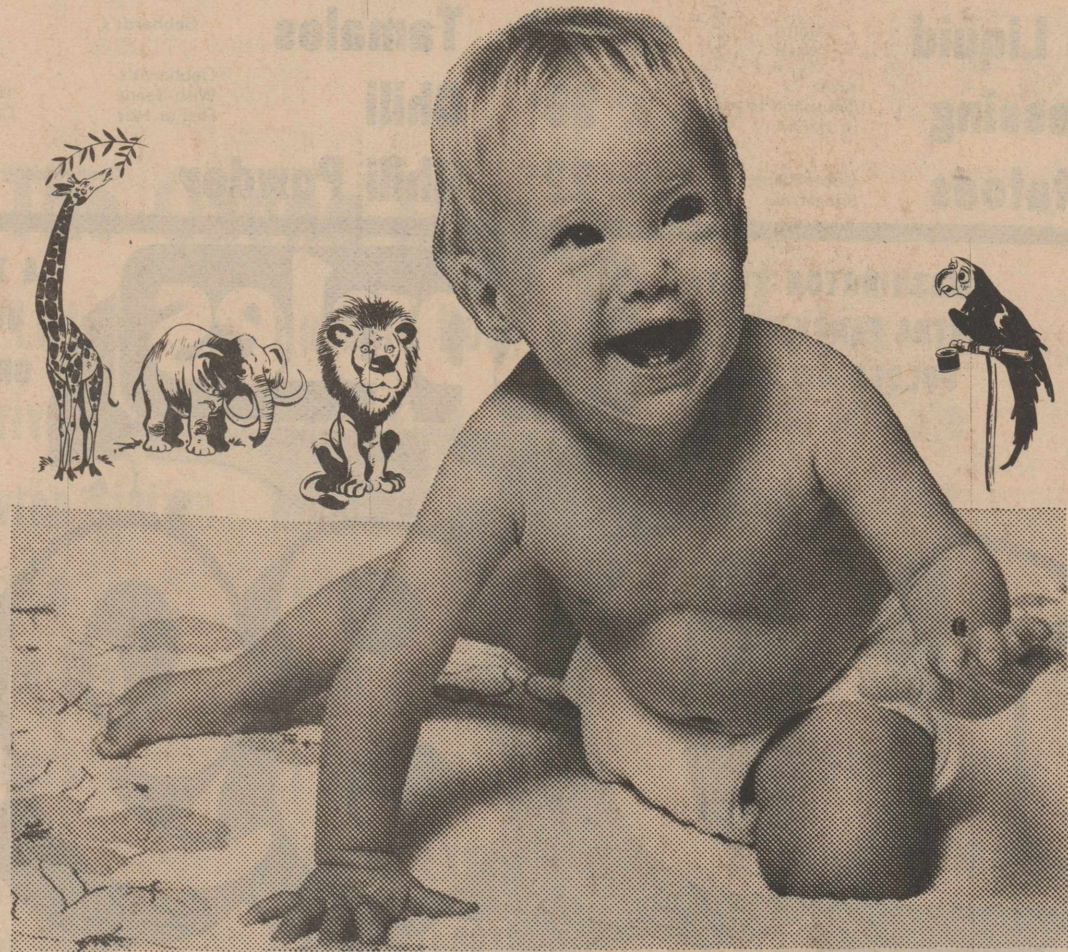

Being a baby must be a frightening existence — that is, if viewed objectively with adult minds. New things are always happening to you... things too

involved to understand... people are so big... and there are such strange sounds.

Yet the experts tell us that the natural frights of babyhood dissolve as the child realizes he is loved. Every new experience takes on happy dimensions because he has such complete trust in those who love him.

Discovering God's love for all His children is what the Christian religion is about. Men's fears and tensions give way to the realization that the Creator is someone we can trust.

This Jesus stresses when He teaches His followers to pray to the Almighty with the same confidence loving parents inspire in their child... OUR FATHER!

ENTHUSIASTIC MUSEUM WORKERS get busy this week on the complete inventory of the Crockett County Museum. Jimmy Reed makes notes in the foreground. Ladies are, l. to

r., Mrs. Viola Stanton, Mrs. Dempster Jones, Mrs. Pleas Childress, Mrs. Dub Stokes and Mrs. Buster Deaton.

Can Your Family Escape Tomorrow's Home Fire?

"Imagine that the time is 2:58 tomorrow morning," says Dr. Gary S. Nelson, safety engineer with the Texas Agricultural Extension Service. "You and your family have gone to bed as usual and everyone is sound asleep."

A flame flickers in the living room—the beginning of a fire that will seriously damage your house. Minutes pass. The fire grows. At 3:13 a.m., you are awakened by the sound of coughing. You feel uncomfortably warm. You smell smoke, and

suddenly you are wide awake with the realization that the house is on fire! You shout "Fire!" and arouse your spouse. You open the bedroom door with the intention of waking the rest of the family. The hallway is a sheet of flame and you are barely able to close the bedroom door.

What will you do next? asks Nelson. What are other members of your family doing at this very minute? Your son—your daughter—and your mother—each in a separate room?

At 4:19 the fire is out. A costly accident—\$5,000 damage at least. A tragedy with loss of life? "That may have depended," says the engineer, "on whether your family had an emergency escape plan for use in case of fire."

"If your family does not have an emergency escape route—plan one now," emphasizes Nelson, noting that Fire Prevention Week is Oct. 9-15. "Don't put it off until tomorrow; tomorrow may be too late. Fire destroys or damages more than 1,800 homes in this country each day—well over one-half million a year. So, be sure that each member of your family knows the proper

action to take in case fire strikes your home. Forewarned is forearmed," cautions the engineer.

In developing your family escape plan, Nelson says to consider these points: Determine an escape route and an alternate escape route from every room in the house, with emphasis on bedrooms. Remember that hallways and stairways may be blocked off by flames or smoke.

Teach everyone to test a door before opening it, if fire is suspected. If the door panels feel warm, do not open the door. Plug the cracks with blankets or clothing to keep out the smoke; then use the alternate escape route.

Decide on a meeting point outside the house so no one will make the mistake of returning for someone who is already safe.

Practice your family escape plan frequently. Children especially need regular practice since routine fire drills lessen the chance of panic if a real fire should occur.

Nelson emphasizes that family escape plans and fire drills are a necessity for every family. Consequently, you should impress your family with the importance of preparing and rehearsing a family escape plan for use in emergency.

Eighteen hundred homes will burn tomorrow. One could belong to a friend of yours. Or it could belong to you!

Junior High Cubs Trounce Big Lake In Two Games

The 7th and 8th grade Cubs football teams were both victorious at Big Lake last Thursday evening. The 7th graders won by a score of 22-0 to raise their season record to 1-1-1 and the 8th graders won by a score of 24-0 to up their record to 4 wins and 0 defeats.

The Cub seventh graders dominated the Big Lake seventh graders from the opening kickoff and throughout the game. The first 7th grade score in the first quarter came on a two yard run by Harvey Huerreca and the two point conversion run was made by David Badillo. In the second quarter the Cubs scored again on a 20 yard run by Huerreca. The Cubs played good defense and waited until the fourth quarter to score again when Huerreca went in for the TD from 10 yards out. The two point conversion was good and the score stood at 22-0, 7th Cubs. Offensively the 7th graders blocked well in the line where Dan Bean, Randy DeHoyos, Robert Massey, Gene Wilton and Frankie Reavis worked hard all evening. Quarterback Allen Dews directed the attack and the power running was supplied by Huerreca and Badillo.

The eighth graders scored their first TD of the evening on a quick trap play with Ernie Borrego carrying the ball in from 45 yards out. The two point conversion was good on a pass from quarterback Varlyn Aldridge to right end Ernest Badillo. With two seconds left on the clock in the second quarter Hector Leal connected on a 32 yard field goal to give the 8th graders a 11-0 lead. The next Cub score came on a 3 yard run by Borrego in the third quarter to give the team a 17-0 advantage. The PAT attempt was mishandled and no good. The final Cub TD was a beautiful 45 yard pass and run from QB Aldridge to left end Larry Payne. Payne caught the ball while running a flag pattern put a good fake on the defensive back and

sped into the end zone for the score. Leal kicked the PAT. Defensively the Cubs were led by Ken Stokes with seven tackles and Rueben Perez and Felix Flores with five tackles each.

Thursday, October 13, the Cubs play host to the Sonora 7th and 8th graders with the 7th graders playing at 4:30 p.m. followed by the 8th graders.

Museum Begins Inventory

The Crockett County Museum was humming with activity this Monday and Tuesday as volunteer workers began an inventory of every article and artifact, housed in the museum. This is the first phase of several that are planned for the upbuilding and upgrading of the museum.

The ultimate goal of the museum workers is to preserve the collections and to present the collections so they will reflect the story of the development and the achievements of Crockett County and this area. These collections are held in trust for the benefit of the present and future citizens of the community. The Committee hopes to have a Museum that Ozona will be proud of. Dr. Curtis Tunnell, State Archeologist who spoke in Ozona several days ago, and Ms. Glenda Morgan, State Museum Field Consultant, are giving guidance to the Museum efforts.

The Museum committee consists of Mrs. Pleas Childress, director; Mrs. K.R. Stanton, hostess; Mr. and Mrs. Bill Cooper, Jim Read, Mrs. C.O. Walker, Mrs. Jeffery Sutton, Mrs. Charlie Black, Ted White, Mrs. Alvin Harrell, Mrs. L.B. Cox and Sonny Henderson. Other volunteer workers for the inventing are Mrs. W.B. Stokes, Mrs. Arthur Phillips, Mrs. Joe Bean, Mrs. E.H. Chandler, Mrs. Dempster Jones and Mrs. Pleas Childress, III.

Crockett County Care Center News

by Joan Nicholas

Activities Program Director

We have had another busy week with several out-of-town visitors coming by the Center. Tony and Tommy Hoover visited their great aunt, Juanita DePriest, during homecoming weekend; the guest book shows other recent visitors as Forbes and Nell Tatum of Littlefield, Randy and Jonell Smith of Lubbock, for Nautie Tatum. Mrs. Nina Lara Scotes of Menard and Mr. and Mrs. Marion Baker of Bangs for John (Jay) Baker. Mr. and Mrs. McDaniel of Big Lake for Paul Cavin and Frances Tolson; and Mr. and Mrs. Wilbur West of Wink, for Ida West.

On Tuesday, Paul Cavin joined the ladies, Tommy Womack, Juanita DePriest and Frances Tolson, for a lively game of "42"—at least it sounded lively as much mirth resounded from their corner of the room. Gordon Smith and I played some cards (he won), and checkers. That evening our usual volunteers conducted a happy game of Bingo and we again had Bingo on Friday morning.

Wednesday was indeed a happy day. Following piano music and singing, we danced to stereo music; Gordon

Smith, Juanita DePriest, Vera Guttierrez, Leona Carter and, yes, Ida West who said "...for the very first time in my life..." Others kept time and did exercises in wheelchairs and Dill Ever-sole found he has an excellent sense of rhythm.

We had a real treat in the afternoon, sixteen members of the Brownie troop, lead by Celia Allen and Charlotte Judd, came to the Center and entertained everyone with songs. Earlier they had drawn names to adopt "grandmas and grandpas" and each resident was presented with a card made by the children, inscribed inside with personal messages of love as they introduced themselves individually to each adoptee. If the little girls were puzzled by a few tears that were shed, be assured, these were tears of joy because of your thoughtfulness. The Care Center is their project for the year and they will visit the first Wednesday of each month. What a lovely idea! Thank you on behalf of us all.

Thursday morning, Blanche Walker came to help in the Beauty Shop, and afterwards I had a group in the day room, (officially

known as reorientation), for reading. We enjoyed poetry from the Big Bend country, discussions about each of our backgrounds and birthplaces and a mini Spanish lesson. Juanita DePriest was a lot of help being a former school teacher in San Antonio, also Mike Pena, who came to the U.S.A. in 1932. Others participating were Ida West (she loves poetry), Opal Ever-sole and Paul Cavin.

Our handicraft kits have arrived and this morning (Mon.) our group decorated cork trivets, Frances, Paul, Juanita and Mike turned out some pretty professional looking work.

The Auxiliary hosted a lovely party in the afternoon, for those celebrating birthdays in October, namely, Jacinto (Pancho) Gonzales age 94 on Oct. 3 and Jacinto (Shorty) Flores, age 95 on Oct. 20. Both gentlemen received boutonnières with the compliments of Patti Jones of Maxines Flowers, and donned birthday hats, for pictures which will be placed in our scrapbook. Cake and punch were served by Sue Arledge, Doris Karr, Louisa Pearson, Liz Mary Pipes and Winnie Harvey. Thank you! We all had a wonderful time.

Our monthly birthday party will take place on the second Monday of each month.

Develop your ideas for your home with expert help from the folks at BROWN FURNITURE CO. Your dreams become realities with just a little help.

Lupus, Kin To Arthritis Strikes Young Women

Lupus, an insidious disease most people know little about that strikes down young women, is getting some needed attention!

Congress has declared the week of September 18 to be "National Lupus Awareness Week." The purpose—to make the public more aware of the symptoms, diagnosis and treatment of this debilitating disease, known technically as Systemic Lupus Erythematosus (SLE).

A cousin of rheumatoid arthritis, the most serious, crippling form of arthritis, SLE is a systemic disease which affects the connective tissues of the body. The disease can cause arthritis-like inflammation and pain in the joints and change and damage organs throughout the body, notably the kidneys, heart and lungs. Blood vessels, the nervous system and the brain may also be involved.

Commonly affecting the skin as well, SLE often causes a butterfly-shaped rash on the cheeks and across the bridge of the nose. When a skin rash appears as the only symptom, the disease is called Discoid Lupus Erythematosus, which is a very mild disorder.

One of the major, national organizations supporting Lupus research is The Arthritis Clinical Research Centers around the country which are actively pursuing the cause and perfecting the treatment of rheumatic diseases. During 1976, at least 12 of these centers were conducting SLE-related research efforts.

"SLE is basically a disease in which a person's body reacts against its own cells," according to Lloyd Palmer, Executive Director, West Texas Chapter of the Arthritis Foundation. "Instead of manufacturing antibodies that fight foreign matter in the body, Lupus patients produce antibodies that attack DNA a protein material present in cell nuclei. The DNA and the antibody form masses that become wedged in the capillaries. The blockage causes inflammation and eventually destroys body tissue and organs."

Palmer said Lupus can strike anyone at any age, but 85 percent of the cases involve women between 20 and 40 years of age. Currently there are an estimated 400,000 to 500,000 victims in the U.S. The youngest patient on record was 2, the oldest 97.

SLE is so complex a disease that it may start with any one of a variety of symptoms. Facial rash is often an early sign. Fatigue, weakness, lack of energy, loss of appetite and weight, and anemia, are common in the beginning.

As the disease progresses, almost every patient suffers arthritis-like inflammation and pain in the joints.

Today, doctors have a number of reliable laboratory tests which make early diagnosis of SLE possible. Some of these are blood tests. Other require a biopsy, which involves removal of a small piece of tissue from the skin or kidneys for examination.

"The Cause of SLE is not yet known," Palmer said. "Researchers have noted that a variety of things can trigger the disease or one of its flareups. Such precipitat-

ing factors include minor unrelated infections, exposure to the sun, certain medications and emotional upsets. But these are not considered basic causes."

"There is some evidence that a 'slow' or 'latent' virus may be responsible. This kind of virus can lie dormant in the body, then be aroused in some unknown way to trigger a disease process, and then disappear again."

A few years ago, doctors had little knowledge and not many weapons to use in treating SLE. According to Palmer, that has changed. With better methods for early diagnosis and ongoing treatment, specialists can keep the disease under control in most cases.

Medication is the mainstay of treatment. Aspirin is prescribed to relieve pain and reduce inflammation. Steroids, such as cortisone, are very effective in suppressing inflammation and other disease activity, and may be of special value during flare-ups. But they can have undesirable side effects and must be given according to a rigid schedule under medical supervision.

The disease varies greatly from patient to patient in its symptoms and response to treatment. Treatment programs must be tailored to each case. Doctors are encouraged because they have begun to find ways to predict when SLE may be about to go into a more active stage, allowing them to prescribe proper medication before damage is done.

"Persons who are told that they have a serious chronic illness like SLE undergo a period of adjustment," Palmer said. "They will have to visit their doctor regularly. They will have good days and bad days. Their doctor may tell them to avoid excess sunshine, to get plenty of rest and to eat good nutritious meals. As with other serious diseases, patients who learn to live with SLE usually do better than those who either tend to ignore it or become excessively anxious."

Lupus patients should contact any of the Arthritis Foundation's offices located in Amarillo, Lubbock, San Angelo, Midland, Odessa, Or El Paso. The Foundation is the voluntary health agency seeking the total answer—cause, prevention, cure—to the nation's number one crippling disease.

County Officials Annual Meet Oct. 18-20 In San Antonio

County officials from throughout Texas will convene in San Antonio, Oct. 18-20, for the annual meeting of the County Judges' and Commissioners' Association of Texas.

Rockwall County Judge Derwood Wimpee serves as president of the association and El Paso County Commissioner Clyde C. Anderson is first vice-president. Bandera

County Judge W.O. Hatfield, Jr. is second vice-president.

The annual conference will be highlighted by the appearance of numerous state officials. Gov. Dolph Briscoe heads the list with a keynote address Oct. 19. Wilson Speir, director, Texas Department of Public Safety, will discuss "Texas Law Enforcement Today". Wednesday's session also features Peyton McKnight, state senator, District 2, and Reagan V. Brown, commissioner of agriculture.

Thursday morning's session includes Col. Jesse R. Ward, Office of Division of Defense and Disaster Relief; J. Robert Brown, director, Texas County and District Retirement System; Mark White, secretary of state; and John Hill, attorney general. Thursday afternoon, Walter Lillie, assistant comptroller, and Sam Clonts, executive director, Texas Association of Counties, will address the group.

Committee reports and election of officers are also scheduled for Thursday afternoon. Charlie Lawrence, county officials program specialist for the Texas Agricultural Extension Service, will serve as master of ceremonies for the Thursday night installation banquet.

A program featuring highlights of San Antonio is planned for ladies attending. The Bexar County Commissioners Court is serving as host court for the event.

Monarch Butterflies Visit Ozona

Like the brown leaves of autumn they hang in clusters on the branches of trees and limbs of bushes, stopping off for a few days rest before journeying on to their winter quarters in southern Mexico.

Harbingers of winter, the Monarch Butterflies lend a bit of color and interest to the many other joys and beauties of fall in Texas. In what is believed to be record numbers this fall, the great horde of migrating butterflies stopped off for an unusually long visit in Ozona. They were to be seen in air filling numbers in almost every yard in town. But they moved on as the cool front moved in on Saturday night and were gone by Sunday morning.

The Monarchs come by every fall, heading south. Maybe they come by in the spring heading north but they do not congregate like in the fall. They are said to fly in two corridors to the north, one through the east coast states, through New England and one through the western states, up the Pacific coast.

On their return in the fall, the butterflies seem to form a common convoy route through the central area, passing our way, and adding immeasurably to the joys of a Texas, a West Texas, fall.

Chinese is the oldest living language, dating back more than 4,000 years!

FISH TROPHY WINNER-Dr. Steve Sessom won the first place trophy and \$150 for the largest string of bass weighed in at the Concho Bass Club Tournament held in San Angelo over the weekend his stringer weighed 13 pounds. Steve is president of the recently formed Ozona Bass Club.

More Work Scheduled For Hwy 137

Work is scheduled to begin during the week of October 10 on another section of State Highway 137, between Ozona and Big Lake. The project is from State Highway 163 to 6.1 miles northwest announced D.R. Watson District Engineer for the State Department of Highways and Public Transportation.

Jones Brothers Rental Equipment Co. of Odessa was the successful bidder on the project. They will reshape and add base material and widen the pavement from the existing 20 feet to 24 feet.

Supervising Resident Engineer William F. "Bill" Dixon in charge of the project for the DHT said "we want to thank the local people for their cooperation on the job to the North and ask that they bear with us during this project".

Traffic will be routed through the construction and where possible detours will be maintained in the ditches. Warning signs and flagmen will be utilized to direct traffic.

The project has been speed zoned for 40 miles per hour and no overwidth or overweight permit loads should utilize this route during the construction.

Cannon Has New Location

Cannon Air, formerly Cannon Appliance and Refrigeration Service owned and operated by Wayne and Margaret Cannon, has moved to its new location at 606 10th St. behind Jack's Super Market. The new location is still in the process of remodeling, but is now open for business.

Cannon Air, new name for the new location, handles a variety of famous name brand air conditioners and microwave ovens. They also handle and service commercial and residential ice makers. Another new service for do it yourself repairmen is all major appliance parts. They handle parts for ranges, refrigerators, air conditioners and other major appliances. Their service department does work on air conditioning and all major appliances, plus warranty work for around 20 companies.

You can get as much as five quarts of strawberries from just one plant and its runners.

Sales Tax Man Sets Ozona Visit

If you have a question about state taxes or need

some assistance, circle this date on your calendar: October 18. Comptroller Bob Bullock will have a representative in Ozona on that date to meet with local taxpayers beginning at 2:00 p.m. in the County Library in

the Crockett County Courthouse in Ozona. Remember: If you have a question or need assistance with your state taxes, come to the county library in the courthouse in Ozona beginning at 2:00 p.m. on October 18. The

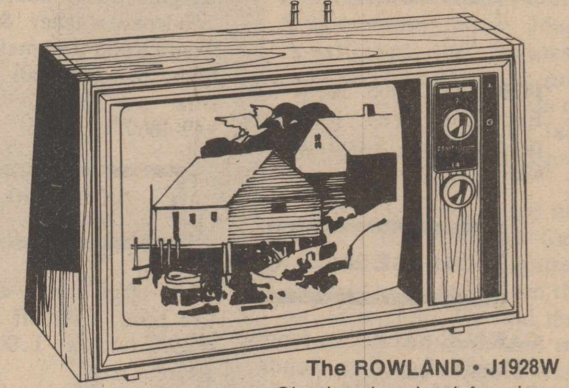

Comptroller's assistant will remain on duty until 3:00 p.m.

Commissioners— CB Rules Are Due For Change

[Cont'd On Last Page]

held Dec. 10 for the election of county commissioners in precincts 1 and 3. Evert White was named for precinct 1 and Steve Kenley for precinct 3, the same as in the last election. Precinct 1 voters will vote at the courthouse and precinct 3 voters, at the civic center. Judge Jones was asked to contact the election judges.

In a discussion about the election, it was noted that besides being a special election, it was unusual and many of the state laws did not apply. Anyone who lives in either precinct may file for the job free of filing fee, and anyone may vote in either election by signing an affidavit swearing they live in either precinct. Of course, Judge Jones noted, if the elected is contested and it is highly likely, those who lied under oath would be prosecuted for perjury. Another story giving more detail may be found in this same issue of the Ozona Stockman.

Forum Meets With Mrs. Stokes Tues.

The Ozona Womans Forum met Tuesday afternoon, October 4, in the home of Mrs. W.T. Stokes with Mrs. Hugh Childress, Jr. as assisting hostess.

Mrs. Kirby Moore, club president, presided at the meeting. Members answered roll call by telling what articles they would have engraved in "Operation Identifax," a procedure which would identify owners of objects which might be stolen. Mrs. Gene Perry and Mrs. L.D. Kirby were asked to see about risers being built for use at the Civic Center. Members made plans to visit Fort Hudson, October 18. Mrs. P.L. Childress reported qualified directors of museums stressed the importance of an inventory being made of articles in Crockett County Museum. Mrs. Demp Jones, Mrs. Arthur Phillips, Mrs. C.O. Walker and Mrs. W.T. Stokes volunteered to help with the inventory. Mrs. Kirby Moore reported plans for Operation Identifax for anyone wishing to use it. She also gave many interesting current news items and read a letter from Mrs. John Ward, district president of Federated Clubs thanking the club for making her visit pleasant.

The government is seeking Citizens Band rules input, announces Claudia Kerbel, consumer information specialist with the Texas Agricultural Extension Service. Do CB owners need to be licensed, and do CB rules need to be simplified--these are questions the government is asking, says the specialist.

To have your ideas on the proposed rules considered, or for a copy of the proposed rules, write to: Docket Number 21318, Federal Communications Commission, Washington, D.C. 20554.

Due to growth in CB radio use, there has been a crowding of the airways with an estimated 20 million or more essentially non-trained and non-technically oriented users.

To best use this limited natural resource, the radio spectrum, certain rules are necessary.

Generally, failure to observe the rules as they are now written is more from ignorance than from deliberate violation of the rules. In an effort to increase compliance, the FCC is proposing new rules that are in question/answer format and speak to the licensee in first and second person.

Much of the technical language is omitted in the proposed rules--they deal only with information that affects CB operators.

The new rules are rewritten and simplified, and the FCC is trying to find out if they are more understandable, the specialist says.
