NUMBER 33

Candidates File For Commissioner

Candidates for commissioner, precinct 1 and 3, filed for spots on the ballot for the December 10, special election during the past week, and county officials worked on maps detailing precinct lines which will be published next week by federal order.

Precinct 3 has the largest number of candidates for the commissioner's post with four, and two have filed in Precinct 1. Deadline for filing is November 8.

Coming out for the position in Precinct 3 is incumbent commissioner Jack Williams who was serving his second term in office when the post was vacated by federal order. Jim Marks, local grocery store owner, and a candidate in the last election, has filed for the position. Others include Ann Mayfield and Glenn Burns. Mrs. Mayfield has been connected with the construction business here and was in the banking business for several years. She was manager of a savings and loan association before it closed its branch office here. Burns is a utilities manager and is presently an independent electrical contractor.

The only two to file in Precinct 1 so far are Jesse Marley, the incumbent, and Sostenes DeHoyos, who was beaten in a run-off the last election.

LULAC Dist. Meet Is Here Sun.

LULAC's district meeting will be held Sunday, October 23, in the Ozona Civic Center. The day's activities will begin with registration set for 9:00 a.m. until 10:00 a.m. Lunch will be served at 12:00 and the speakers will start shortly thereafter.

Guest speakers for the meeting will be Ruben Bonilla, state LULAC chairman. Other guest speakers will be Luis Segura, Jesse Botello, and George Korb from San Antonio. Tickets for the district meeting will be \$5.00 a person and may be purchased at Alfonso Ramirez's Grocery store or from any LULAC member of the Ozona chapter.

Also, on Saturday, October 22, a couple's dance will be held in the Catholic Parish Hall. Music will be Bronson y Los Jovenes. Admission will be \$6.00 a couple, everyone is invited.

GOVERNOR AND MRS. BRISCOE VISIT OZONA-Texas Governor Dolph Briscoe and Mrs. Briscoe arrive at the Civic Center to find the entrance to the reception area lined with Ozona Lion football players. Transported from the Ozona Airport by Judge and Mrs. Troy Williams, right, the couple

was welcomed by Lion captain Blake Moody. A reception followed in the Civic Center auditorium where a large crowd wanted to shake hands with the Governor and visit with Mrs. Briscoe. Gov. Briscoe was the speaker Wednesday night at the annual Sonora Chamber of Commerce Banquet.

Joe Couch Elected SC Director

Joe Couch was recently re-elected to the Crockett S.W.C.D. board of directors October 11. Couch represents zone number 4 of the district.

As one of five individuals serving on the district board of directors, Couch will be responsible for district policies and procedures for carrying out the district program within the framework of the Texas Soil Conservation district law.

The Crockett soil and water conservation district was organized April 25, 1950. In Texas there are 198 S.W.C.D.'s. Each is a legal subdivision of state government organized by local agricultural landowners with the assistance of the Texas State Soil and Water Conservation Board. Unlike most other legal subdivisions of state government, SWCD's do not have the powers of taxation or eminent domain. All conservation programs managed by the districts are of a voluntary nature to the landowner or operator.

Lions Down Junction Eagles 21-14 For Fifth Win Of Year

The Ozona Lions pulled out a 21-14 victory over the fired up Junction Eagles to spoil the Eagle homecoming last Friday night in Junction. The Lions found themselves playing catch-up throughout the game, but a late fourth quarter touchdown gave them the victory and a season mark of 5-2.

The Lions have an open date Friday night to get ready for the district opening with the Golden Eagles in Crane, Friday, Oct. 28.

In the final non-district game of the season in Junction, the Lions found that the Eagles had done their homework well, holding the Lions to 179 yards offense all night. Lion standout Blake Moody racked up 116 yards on 24 carries in spite of having the entire Eagle defense on his back everytime he was called on to carry the ball.

The Eagles drew first blood, capping a drive with a seven yard run in the first

quarter. The PAT was good and the Eagles led 7-0 at the end of the first period. However, the Lions came back before the half and scored on a nine-yard bomb from Dan Sewell to Douglas Bean. Moody hit the uprights for the extra point and the teams were tied going into halftime.

The Eagles came back to score again in the third quarter on a 12-yard pass play and kick the PAT to take the lead 14-7. The Lions were not able to score in the third period, but they came back fighting in the fourth quarter with Joey Borrego scampering 11 yards for the second Lion score. It was kick the ball and tie it up or go for two and take the lead. The Lions decided on the 2-point conversion attempt and it failed, leaving the Eagles with a 14-13 lead.

With 3:21 left in the fourth quarter the Lions capped a scoring drive with one-foot dash by QB Sewell to finally

take the lead and keep it. This time the 2-point pass conversion was good and that ended the scoring for the night.

Five Eagle fumbles recovered by the Lions didn't hurt the Lion effort at all, plus an interception. Ray Ramos recovered 3 Eagle fumbles, Felipe Castro and Victor DeLaGarza, recovered one each. Randy Allen made the interception for the Lions. Allen intercepted the pass on the Lion 1-yard line to end a final Eagle drive.

Moody led the offense, but Borrego had 40 yards on 6 carries and ran for the two-point conversion. Reyes carried 5 times for 25 yards. Sewell hit 2 out of 5 passes for 29 yards and a touchdown. Bean caught both passes for 29 yards and the touchdown. The Lions were forced to punt 7 times. Moody did the punting for a 34 yard game average.

Rojello Longoria led the defense with 14 tackles, followed by Estalfo Vargas with 12 and Felipe Castro with 11. Reyes and Allen had 10 each. Except for the five fumbles to Ozona's two, Junction held a slight lead in the statistics department. They had 14 first downs to the Lions 10. Junction had 215 total yards to 208 for the Lions.

Fall Clean Up Week To Start Mon.

Ozonans will have an opportunity to get rid of trash and unwanted items next week which the Crockett County Commissioners Court has designated Fall Clean-up Week. The county in conjunction with the Ozona Garden Club offers this opportunity each year.

County trucks will be cruising the town Monday through Friday to pick up debris. Property owners are asked to place items for pick up near the curb, in an alley or within easy access for the workers. There will be no charge for the service and it is not necessary to call for a pick up.

Gov. Briscoe Visits In Ozona Wed.

Texas Governor Dolph Briscoe and Mrs. Briscoe, better known as Janey, visited Ozona briefly last week and ran into one of their biggest turnouts on their sweep through West Texas.

The speaker was scheduled to speak at a Chamber of Commerce dinner Wednesday night in Sonora, but was forced to land his plane at the Ozona airport due to lack of facilities in Sonora.

A large crowd was on hand at the airport, but a standing room only crowd awaited the Governor and his lady at the Civic Center reception.

Brought from the airport by Judge and Mrs. Troy Williams, the entire Ozona Lion football team lined the entrance to the center and the Governor and Mrs. Briscoe were welcomed to Ozona by Lion Captain Blake Moody. Gov. Briscoe chatted with team members and shook every hand as he went on into the center for the reception where a large crowd awaited. Although running late, Governor and Mrs. Briscoe greeted the crowd, shook hands and had refreshments, before being whisked away for the Sonora affair.

Members of the Ozona Womans League and Ozona Womans Forum were in charge of the lovely refreshment table.

Governor Briscoe is running for his third term as Governor of Texas. He had spent a large part of the day in San Angelo.

Voters To Decide Amendments Nov. 8

Crockett County voters will go to the polls on November 8 in the first of three possible balloting opportunities this fall and early winter. The November 8 election is a statewide one called to decide the fate of seven proposed amendments to the Texas constitution. A court ordered vote in two precincts of the county on Dec. 10, with a run-off if needed on Jan. 7, will round out this year's voting in the county.

The seven proposed patches to the constitution are varied, and most would change the existing format of government.

Number one on the ballot would add to the number of judges forming the Court of Criminal Appeals from the present five to nine members and allowing three-judge panels to decide cases. Two present commissioners (non-voting judges) would be elevated to full judgeship and Gov. Briscoe could appoint two new members, all to serve until the 1978 general election.

Proposal No. 2 would add \$200 million to the existing authorization of \$500 million in state bonds to provide loans for war veterans to buy lands. The program would also be extended to include Texas veterans who served at anytime from the start of World War II through the Vietnam conflict. About \$43 million remains of the orig-

inal authorization and 1,754 applications for loans are pending. More than 61,000 veterans have bought land under the program since it started.

Proposed amendment No. 3 on the ballot would tighten the bail bond privileges of those indicted for felonies. Bail could be denied those indicted for a felony crime while out on bail for a previous felony accusation, or if the second alleged felony involved use of a deadly weapon.

Tax exemption would be authorized by the Legislature to help preserve historical, cultural or natural resources under Proposition Four.

The fifth proposal would validate an idea approved by law 10 years ago but declared unconstitutional by the courts. It would permit producers of poultry, livestock or other raw agricultural products, by referendum, to establish research and promotion programs financed by a small tax on products. Producers objecting to the plan could obtain refunds.

Electronic fund transfers would be permitted for banks under proposed amendment No. 6. The idea is controversial within the banking industry, although these interests sponsored the legislation. Instead of paying by cash or check, the amount of a purchase could be charged instantly to your account at the bank.

Under the other amendment a State Commission on Judicial Conduct would succeed the present Judicial Qualifications Commission, a move to strengthen the agency. Under Proposal Seven, the Supreme Court would be authorized to issue public as well as private reprimands of judges' misconduct, in addition to existing penalties such as removal from office. Seven Court of Civil Appeals judges would sit as a tribunal to consider charges against other appellate judges.

Absentee voting on the amendments will begin Oct. 19.

CROCKETT COUNTY AGENT COMPLETES SEMINAR-Billy Reagar receives a Certificate of Completion for an Agricultural Financial Management Seminar from Richard L. Trimble. The week long seminar was held in College Station at A & M for 36 selected Texas Agricultural

Extension Service employees who counsel with farmers and ranchers on financial matters. Topics included financial statements and accounting rules, record keeping systems, making cash flow projections, investment analysis and forms of business organization.

ANOTHER SUPERMARKET FOR OZONA-Bill Thornton, owner of Jack's Supermarket, will build a 13,000 square foot store which will offer three times the inventory the present store has. Construction on the steel and masonry building is scheduled to begin before the end of the year. Thornton came to Ozona and took over the present store four years ago. He and his wife, Jacqueline, moved into their new home atop the East Hill about a year ago. They have one son, Davis, 6.

Natural Gas Deregulation

WASHINGTON—The Administration's energy plan, announced April 20, called for continued federal regulation of domestically produced oil and natural gas, and since then the President has been a vigorous proponent of early congressional passage.

His support of continued regulation is at curious odds with the clearly stated position of candidate Jimmy Carter who enunciated his views while campaigning just weeks before the 1976 Presidential election.

In a letter to three governors from major oil and gas producing states—including Texas—Carter made no bones about the fact that as President he would actively pursue deregulation of natural gas prices to stimulate exploration and production in an effort to increase domestic supplies against foreign imports.

In deploring America's increasing dependence on foreign energy and criticizing eight years of Republican efforts to lessen that dependence, Jimmy Carter pledged his best efforts to "work with the Congress . . . to 1.) deregulate new natural gas, 2.) encourage enhanced recovery from wells already in production, and 3.) shift from the use of oil and gas to coal."

"The decontrol of producers' prices for new natural gas," Carter told the governors, "would provide an incentive for new exploration and would help our nation's oil and natural gas operators attract needed capital. Deregulation of new natural gas would encourage sales in the interstate market and help lessen the prospect of shortages in the non-producing states which rely on interstate supplies."

He went on to argue enthusiastically that "while encouraging new production, this proposal (deregulation) will protect the consumer against sharp increases in the average price of natural gas."

Those who cheered that unequivocal support must now be wondering if their eyes and ears deceived them. As a serious part of the Carter energy plan, deregulation never saw the light of day. Quite the contrary, President Carter proposed continued controls on all interstate natural gas and the extension of controls to new natural gas sold in the now unregulated intrastate markets like Texas. His plan also revised and extended controls on domestically produced crude oil.

His plan for continued controls had convincing political appeal: controls would protect consumers, so the logic went. But such arguments are threadbare when squared with what basic economics tells us about controls—of any type. We should have learned it long ago.

Not only is the President's plan for controls an unexplained contradiction of his earlier support for deregulation, but it represents only half a solution to part of our energy problem. Such controls address demand while ignoring supply.

Natural gas shortages are a direct result of federal controls on price, which discourage exploration and production. The consequences were painfully demonstrated last winter. In the long run, controls will work to extend our reliance on foreign sources, and restraining price will provide little of the strong medicine we're told consumers need to conserve precious fuels. Deregulation, on the other hand, will stimulate the search for fuels, lessening that dependence on foreign sources.

Since only one-third of the average fuel bill represents the wellhead price of gas, and only 5-10 per cent of all gas a year would be the new deregulated gas, consumers would be cushioned from outlandish bills.

It's time we all realized that a federally regulated energy market is not in the best interest of consumers, and the Senate when deciding the natural gas issue this week should remember that what may seem penny wise more often is pound foolish.

From the TAP Kitchen

Texas Department of Agriculture-Reagan V. Brown, Commissioner

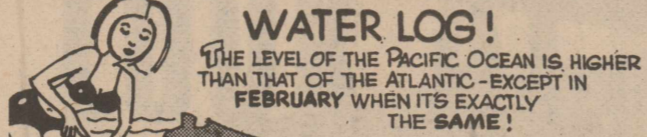

For a delicious and substantial schooltime breakfast, try these child-pleasing recipes from the Texas Department of Agriculture. When combined with milk, fruit and perhaps bacon, they provide a meal rich in nutrients.

PEANUT BUTTER WAFFLES

First, sift 1-1/2 cups flour, 1 Tbsp. baking powder, 3 Tbsp. sugar and 1/4 tsp. salt.
Combine 1/2 cup peanut butter and 1/4 cup butter or margarine and cream until smooth.
Then, beat until blended 2 eggs and 1-1/2 cup milk.
Add this to peanut butter mixture and beat well. Add sifted dry ingredients and mix just until smooth. Bake in hot waffle iron and serve with honey. Serves 4 to 6.

THE NEWS REEL

A re-run of "The Ozona Story" as gleaned from the files of "The Ozona Stockman"

Countdown--This is the third week in the last half of the first quarter, so everyone has simmered down to his studies.
Way to go Lions! Now, we've won two Homecomings in a row. The Lions are open this week but will prepare to beat the Cranes in the first district game of the season next Friday.

The Spirit Mug Winner for last week was Mabel Delgado. Congrats, Mabel!
Mr. Scott directed seven band students last Sunday at the Methodist Church as they played several church hymns. These students were all brass players and were together a Brass Choir. Way to go!

The J.V. and 8th grade will really "pork" out on their Brave stew Thursday starting at 5:00 here against the Iraan Braves.
Victory Meal Recipe

1 cup chopped tomahawks
2 pkgs. of sliced Indian braids
1 gallon of rain from rain dance

1 string of beads
3/4 cup grated peace pipes
1 pinch warpaint, all colors
Mix dry ingredients together then, fold in rain. Do as the Lions do and cook on high heat for four quarters or until all ingredients are well beaten. Garnish this with one Brave headress.

Happy Birthday to Becky Everett, Carla Koerth, Jesse James, Sandra Longoria, Regina Everett, Asa Bullard and Janice Jones.

STATE CAPITAL Highlights AND Sidelights

by Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN—Whether rural land can be taxed on the basis of its productivity alone is the subject of a furious round of capitol debate.

House Speaker Bill Clayton set it off when he wrote in his newspaper column that local tax officials should implement a bill providing the tax break for farmers and ranchers January 1. He acknowledged there may be questions raised as to its constitutionality.

Three liberal legislators fired off an answering salvo that the bill was passed contingent on adoption of a constitutional amendment that did not get through the legislature. Without the constitutional change, they claimed, the bill cannot order open space lands valued on a basis other than market worth.

The lawmakers also charged Gov. Dolph Briscoe and Comptroller Bob Bullock with being in on the effort to put over the tax break. Briscoe said he was having no part in the controversy, but Bullock jumped into the fray charging two of the critical legislators voted repeatedly for the bill. The comptroller said he is assigned by law to prepare appraisal manuals for taxing authorities and that is what he will do.

The legislators said the proposed amendment failed because Briscoe and Clayton went along with extending the tax break to major industrial corporations, timber and lumber companies.

Clayton said he or somebody else may ask the attorney general for an opinion as to whether the law can be implemented without amending the constitution.

Crude Oil Stored
Crude oil is now being stored in the Bryan Mound Salt Dome two miles south of Freeport.

The dome is the second underground salt cavern filled with salt water to serve in the oil storage program which calls for squirreling away of 250,000 barrels by 1978, 500 million by 1980 and a billion barrels by 1985. First storage was at West Hackberry, La., near Lake Charles. More than two million barrels already have been put in the ground there.

The Texas dome has a rated capacity of 63 million barrels, West Hackberry about 61 million.

Cost of underground storage is about a sixth the cost of above ground reservoirs.

A billion barrel reserve would last the U.S. about 10 months at the rate of withdrawal of three million barrels a day.

Appointments Announced
Gov. Briscoe named Howard Anthony Bridge Jr. of Marshall, Rupert C. Richards Jr. of McAllen and Tom F. Her-ring of Laredo to Texas Tourist Development Board.

Briscoe placed six on the new School Tax Assessment Practices Board. They are Mrs. Don Workman of Lubbock, William Benjamin Munson IV of Denison, Judge Sergio Gonzalez Jr. of Del Rio, Jim W. Weatherby of Kerrville, Joseph A. VanDeWalle Sr. of San Antonio and Dr. John E. Codwell Sr. of Houston.

Texas Courts Speak
The Texas Supreme Court set a December 14 hearing on a case involving the issue of whether businesses must pay penalties for technical violations of the state consumer credit code and federal truth in lending act even though no damage is shown.

The Court of Criminal Appeals said a Limestone County man charged with murder is entitled to bail.

It's up to the State Board of Law Examiners to decide whether a man convicted seven years ago of defiling the U.S. flag is eligible to take the state Bar exam to become a lawyer, the Third Court of Civil Appeals held.

The Court of Criminal Appeals found a Wood County man's probation should not have been revoked, because there was no evidence he knew a man he accepted a ride with in an auto was a "disreputable character."

Attorney General Opinions
A justice of the peace may move his residence outside his precinct without vacating his office, Atty. Gen. John Hill said.

In other recent opinions, Hill concluded: Legislation creating metropolitan rapid transit authorities funded by local sales and use taxation is constitutional with the exception of a section permitting authorities to establish penalties for violation of their own rules and regulations.

A city may adopt a strict financial disclosure requirement for officials and candidates, including a provision for income returns to be attached.

Short Snorts
The Democratic party's national commission on presidential nomination and party structure received recommendations on party rules changes at a hearing here.

Two hundred and forty-seven were hired and another 300 promised jobs by November 1 at the recent Amarillo Job Matching Fair.

Tips For Gardeners

From the Ozona Garden Club by Mrs. Bailey Post

After the early cold snap of last week, be on the alert for our first frost. The cool weather was a welcome relief from the long, dry, and hot summer.

As leaves on caladiums begin to dry, dig up clump tubers, place them in semi-shaded area and let the soil dry. Shake off the soil and dust with a combination of Captain and Sevin for protection against disease and insects. Pack the tubers in dry peat or vermiculite and store in a dry place at about 60 degrees.

Select spring-flowering bulbs for planting before the end of the year. A mass planting of one variety or color of bloom will produce a more attractive display than a mixture of colors.

One of the most popular long-lasting winter blooming plants is the Kalanchoe (calan-koh-ee). They do well in our warm and often too dry homes. Their shapes and colors are varied and sometimes weird in the 20 or more different kinds of indoor plants. The most familiar of all is the Kalanchoe blossfeldiana. Its flowers are small but numerous, in scarlet and brick red. Its leaves are dark green and fleshy, and sometimes edged in red.

Its popularity at Christmas time is growing. If you carried one over from last year, cut it back after blooming, it should be ready to bloom again in December. They seem to do better when neglected than when pampered. Water them sparingly in winter and keep out of direct sun. In summer, provide a sunny location, inside or outside and give them plenty of water. Fertilize every six months. Cool night temperatures tend to encourage bloom production.

The "felt plant" Kalanchoe 'beharensis' is a handsome tree foliage exotic plant that may reach 4 to 5 feet as a pot specimen. It is grown for its lobed colorful furry leaves.

Another interesting Kalanchoe (diagremontiana) bears tiny plantlets at times between the notches of its blue-green rubbery leaves. The plantlets drop down into the pot soil to root themselves and start a new generation of its own kind.

Be sure to collect dried plant material for fall arrangements and our April flower show. There are many grasses-pods, beans, leaves, and vegetables-okra-gourds, etc.

COUNTRY CLUB BRIDGE

Mrs. Byron Williams was hostess for bridge at the Country Club Thursday. Winning high was Mrs. P.C. Perner, and second high went to Mrs. Sherman Taylor. Mrs. Bob Bailey won low and Mrs. Frank Tillman, bingo.

Others playing were Mrs. Clay Adams, Mrs. George Bunker, Mrs. John Childress, Mrs. Joe Clayton, Mrs. Buster Deaton, Mrs. James Dockery, Mrs. Joe Friend, Mrs. Tommy Harris, Mrs. Jerry Hayes, Mrs. John R. Hunnicutt, Mrs. Bruce Mayfield, Mrs. Beecher Montgomery, Mrs. Hillery Phillips, Mrs. L.D. Kirby, Mrs. Evert White, Mrs. Gene Williams, Mrs. Jack Williams, Mrs. Cuatro Davidson and Mrs. J.B. Parker.

How To Reduce Danger To Children On Halloween

Many Halloween accidents occur when excited children dart from between cars, oblivious to traffic, or walk on dark roadway shoulders with their vision and movement severely restricted by face masks and cumbersome costumes.

The Texas Agricultural Extension Service urges parents to consider these child-savers:

Map out a route for your children, marking stops at only those homes where you know the residents.

Review pedestrian rules of safety with the children. Tell the children to cross the street only at authorized crosswalks and never between parked cars. Remind them to look in all directions before crossing the street and to watch for and obey all traffic lights. Instruct them

to use sidewalks and not streets for walking from house to house, and remind them always to wait on the curb--not in the street--until the street is clear to cross.

Also make sure the children are easily visible to motorists; select a light-colored costume and generously apply reflective tape to the back, front and sides; decorate the trick-or-treat bag with reflective tape, and give a flashlight to at least one of the children. Even better, encourage children to do their trick-or-treating during the daylight hours. Make sure costumes fit children properly and do not restrict their movements or vision; remember that makeup will not impair the child's field of vision as masks often do.

And always try to have an adult near the children throughout the evening to serve both as a guide and a quieting influence. As an alternative to random trick-or-treating, consider joining other neighbors in staging a Halloween party where each family is responsible for a Halloween game and prizes.

A little extra time devoted to safety instruction before all the little goblins go out can make for a more enjoyable Halloween evening, says the Extension Service.

TOPS CLUB MEETS

Tops Club 937, "The Sunshiners", met Friday at 10:00 a.m. at 224 Ave. O. Seven members were present, weighing in with a weight loss of 4 1/4 pounds. Previous week weight loss was 5 3/4 pounds.

Members present drew for secret pals.

New members are welcome. For information call 392-3672.

For the most discriminating tastes -- many beautiful curio cabinets and credenzas. BROWN FURNITURE CO.

Debra Says

by Debra Price

Keeping a wardrobe fashionable doesn't mean replacing it every season. Small changes and minor additions can update many items in a wardrobe for a "now" look. One fashionable winter look is the coordinated suit and shawl. To a solid color or tweed suit, add a plaid shawl. To a plaid suit, add a solid color shawl. Simply fringe the edges of a big square and drape it around the shoulders.

Ribbons are an inexpensive means of updating, too. Wear one as a bow at the neck of a soft shirt to add "pizzaz." Use wide gros-grain for a belt with dresses or skirts. Also, combine ribbons and braid to add rows of color and lengthen a skirt at the same time.

To give jackets and coats new life, add braid to them. Outline the lapels, edges, and pockets for an updated look or to hide frayed edges. For blouses and shirts, use lightweight trim. Replace worn turtleneck tops with cowl-collar tops. Convert the turtleneck into a vest by cutting out the sleeves and reshaping the neckline. Finish edges with strips cut from the sleeves or with lightweight braid.

Take care in weatherizing your home. Not every "energy-saver" saves energy. Be skeptical of claims. Many consumers have been deceived. For example, aluminum siding is not primarily an energy saving measure, though it is often advertised as such.

The consumer needs to compare potential savings for different types of winter-proofing, such as insulation and storm windows. To guard against waste in weatherizing your home, follow these guidelines:

Don't buy home insulation from door-to-door salesmen.

Comparison shop for price, product and company. There are many insulating materials (cellulose, fiberglass, blown-in fiberglass, mineral wool), compare them by their thermal resistance value--"R-value."

Cattleman's Association Formed Here

Approximately 50 persons were on hand at the Civic Center last Tuesday night for a barbecue dinner and a speech by Texas Independent Cattleman's Assn. President T.A. Cunningham.

The group organized and elected officers for a local chapter of TICA. Twelve directors were elected with Joe Couch heading up the slate of officers as president. Dr. Gary Vannoy was elected vice president; Mrs. Charles Black, secretary; Pon Seahorn treasurer; other directors are Frank McMullan, Jr., Tony Allen, Sam Perner, Bob Bissett, Mark Tillman, Joe Tom Davidson, Jeffrey Sutton and Earl Acton.

Members of the censor board are Bill Black, Wayne E. West, and George Bunker Jr.

League Hosts Fall Fashion Show Tuesday

"Fall Fashion Forecast" by The Teacher Store was the theme of the style show held Tuesday night, October 11, in the fellowship hall of the Ozona United Methodist Church. The Ozona Womans League hosted the event with many local guests attending. A variety of sportswear, dresses, and evening clothes representing such lines as Jeannine Booher, Dalton, Act I, PBJ, One Main Place, and Garland were shown. Many fall colors and textures were shown including wool, wool blends and polyester. Emphasis was placed on co-ordinating the wardrobe to plan for the "big look" for fall.

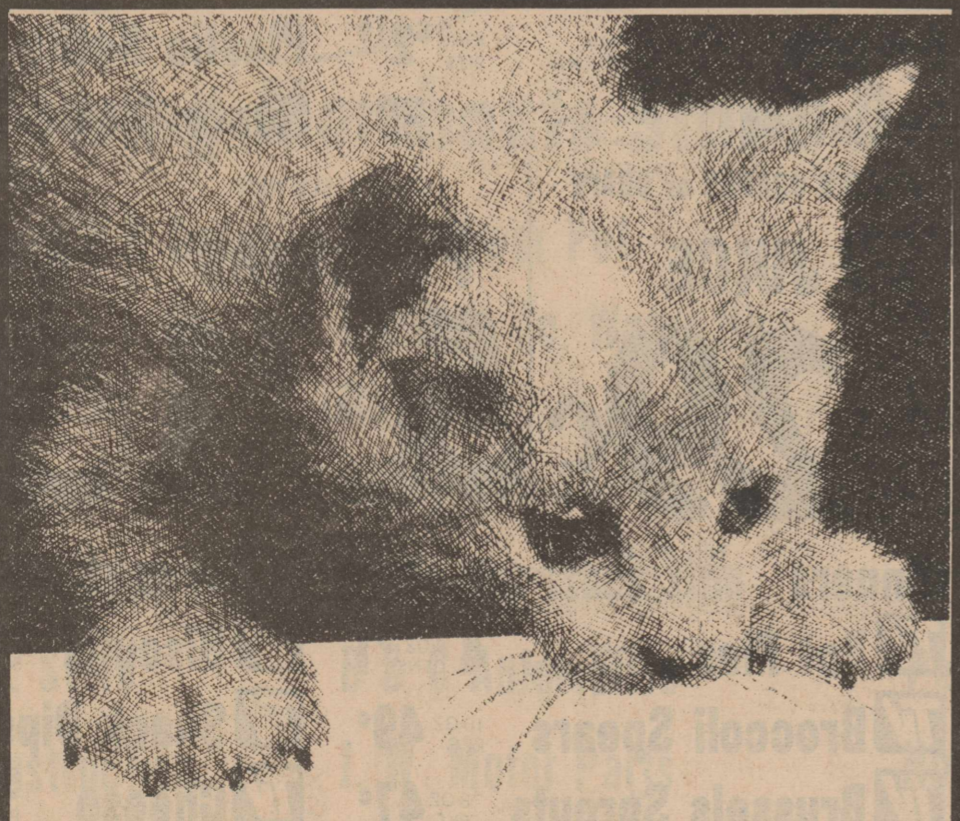

Models for the show were Paula Bailey, Becky Childress, Jan Kenley, Mary Helen Parks, Jodie Sessom, Sharman West, and Sherrie Wilson. Sue Ellen Black, Jennifer Marley, Gigi McKinney and Lucy Perner modeled junior fashions. Music for the show was done by Sarah Highnight and the commentary presented by Cecelia Allen.

A drawing for a gift certificate from The Teacher Store was won by Susie Black.

Following the style show, league members and guests were served refreshments by hostesses, Jodie Sessom, Jo Nel Stokes, Sharman West, Chesta Stuart and Peggy Holden.

NOSTALGIA TRIP

A church steeple, spearing the sky! What does it do for you? All across the country, slender church spires punctuate the landscape. To many of us, they are a part of the scenery, like autumn foliage, rolling hills and city streets.

To some of us, they bring back memories of childhood. Sunday. Going to church. Something many of us have gotten away from.

Yet with or without us the Church is still standing, the steeple is still there. But without any of us those spires would most certainly disappear. There would be a void. Do you really want this to happen? Something to think about, isn't it? It is certainly something to explore.

FACE MASK CALLED - Maybe the official missed it during the game Friday night when the Lions downed the Junction Eagles 21-14. Both teams played tough defense and the Eagles were fired up for their homecoming. However, the Lions managed to play tougher and come out with a victory. The Lions are off Friday night and will begin district play next week with a 5-2 pre-season record. [Joel Sanchez, Photo]

Crockett County Care Center News

by Joan Nicholas
Activities Program Director

Frances Tolson really keeps me on my toes! Every morning when I arrive she is usually in the lobby reading the daily paper with the aid of her magnifying glass. She always greets me with a smile and says "What are we going to do today?" This is the kind of spirit that is appreciated by any one in a position such as mine. She is an inspiration to all of us.

Had a nice chat with Jessie Deaton last week about the early days in Juno where she was born. She talked about a town teaming with life and always something going on. Jessie always asks me on Monday morning after my two-day break "Where have you been? I thought you must have quit!" She asked me how many children I had and then she commented, "I just have one; but, he's a good one." So, take a bow, Taylor!

On Tuesday morning I had a pleasant visit with Albert Bailey in his room. He talked for some time about his life in ranching, grandchildren, and after reading the "Windmill" column to him from the area daily, we discussed the writer's long-term weather forecasts... which remain to be seen!

Church services are held every Sunday afternoon and the radio services are always available in the Day Room. I have the Care Center scrapbook finally assembled, with the exception of a few captions to be typed in. It commences in 1975 and will be on display in the lobby, very soon.

Marsha Tomlinson, one of our beauty shop volunteers, had an unfortunate accident and we have missed her and wish her a speedy recovery. Blanche Walker was back again, Thursday. She has been faithful to this service for a long time. Mildred Fields was also there and brought along four beautifully tailored denim jackets she has fashioned for the menfolk to wear when they become chilly from inactivity. Thank you so much. The auxiliary is always Johnny-on-the-spot and no nursing home can function without these volunteers helping in so many areas.

Our Thursday morning reading and discussion sessions are gaining more members. This time we commenced with "A Morning Resolve," a prayer for the beginning of each day. Evelyn Bryant added a bright spot by reading an amusing poem she had saved for us to enjoy. I had obtained from the Crockett County Library the book "Sweetheart," The Mary Pickford Story, and shared the introductory pages with the group. This brought on much conversation about the early days of the movies, silent films and many stars were recalled to memory. This book, by the way, has recently been donated to the library in memory of Robert Cox and is in large print for those who cannot see too well.

The W.M.U. ladies of the Big Lake First Baptist Church are coming over Tuesday afternoon, October 25, to visit and bring refreshments. We are looking forward to this.

And, if we are blessed with twenty-four more hours of warm weather, tomorrow, Tuesday, at 4 p.m. the OHS Cheerleaders, Rifle Spinners and Twirlers are going to put on a special show on the front lawn for our residents to view from the porch. These young people will bring a breath of the football seasonal atmosphere to the Center, since the Center cannot go to it.

Doris Karr, auxiliary member, helped with our handicrafts session Monday. We will soon have the auxiliary's display case in the hall, full of handicrafts; some were made in months gone by, and others that we are currently making.

The new bulletin board is now installed in the dining room with the frame finished by M.E. Nicholas in brown and gold. The white surface will also serve as a screen when we show movies.

Mrs. O.D. Haire is in Shannon Hospital in the Intensive Care Unit, being treated for a heart problem.

Many thanks to the members of the Ozona Church of Christ Bible Class for their donation of Johnson's baby powder. These are large cans and plenty for all.

Recent out-of-town visitors in the guest book are: Mrs. M. Hernandez of Sheffield, Mr. and Mrs. Gabriel Castanada Jr., Martha Castanada, Emma Munoz, all of Iraan, for Martianno Hernandez; Robert Fierro, Sonora, for Refugio Fierro; Thelma Schneider of Iraan for Mr. and Mrs. Eversole.

LETTERS TO THE EDITOR

October 10, 1977
Dear Editor:
Sirs:
I have just received the September 1 issue detailing how Ozona "acquired" a new county judge. Never again will Ozonans have to point to Duvall County as an example of machine politics. It has reared its ugly head right in our own backyard. Commissioner Castro is to be highly commended for the way he acted. I only regret

that he is not the Commissioner from my precinct. On the other hand, because of various difficulties in receiving absentee ballots from the County Clerk's Office for most of my adult life, I have rarely been able to vote for any of those who participated in this mockery. I am glad that this has been the case as their accountability to the electorate leaves a lot to be desired. If I should ever again be permitted to vote in Crockett County, I can assure you that my feelings will be

recorded-fully on the ballot.

Dear Kitty:
We were very pleased to know someone had taken enough interest to clean the 55 gallon aquarium, complete with stand and equipment including fish and a big book on the care of the aquarium to do something about. We donated it to the Care Center about 2 or 3 years ago and set it up ourselves with the help of a little Mexican boy working at the Center. Thanks to those ladies.

Alice (Friend) and Sol Jones
P.S. We lived and raised our children in Ozona but have been gone many years. It is still our home.

Proper Energy Management Can Save You Money!

In Your HOME LAUNDRY

- ★ You can make it easy on yourself by saving your laundry for full loads. Doing a lot of small loads takes up your time. And uses up extra energy, hot water and detergents.
- ★ Use hot or warm water only on laundry that really needs it. And use the soak cycle on badly-soiled clothes. It can save washing them twice.
- ★ Full loads, without overloading, also help you get the most out of your clothes dryer. Keeping the lint filter clean is most important. A lint-packed filter can double your drying time.

Pick up your FREE copy of "ENERGY CONSERVATION" Booklet from

OZONA GIRL SCOUTS PRESENT plaque of Appreciation to Stockman editor Kitty Montgomery in a surprise move late Monday afternoon. The beautiful plaque has an embossed Girl Scout crest and acknowledges appreciation for support from the newspaper. Girl Scouts from the various troops made the presentation. They are Tracy Knox, Debra DeHoyos, Peggy Skains, Susan Scott, and Brownie scouts Stacy Low, Sandra Ramirez and Shelly Smith.

Pesticide Certification Meeting Set

Crockett County producers will have an opportunity to complete a training program leading to certification as private applicators at a program scheduled for 7:00 p.m. at the Crockett County Civic Center in Ozona according to Billy H. Reagor, County Extension Agent.

The Private Applicator Certification Training Program, one of the optional means of qualifying for certification as a private applicator of restricted-use pesticides, includes a discussion

of laws, labels and labeling, pesticide safety, mixing and calibration and pests and pest damage identification. The program prepared by the Texas Agricultural Extension Service includes a review of certain questions relating to the information presented. The program will require approximately 3 1/2 hours. Those attending and seeking certification as private applicators will have an opportunity to complete a Request for Private Applicator Certification which will be forwarded to the Texas Department of Agriculture for issuance of certification.

As an alternative to participation in a training program, an individual may qualify for certification as a private applicator by submitting a completed questionnaire to the Texas Department of Agriculture following a review of self-study materials. The self-study materials may be obtained at the County Extension Office.

Did you know—Some girls have to work like a horse to get a groom?

McBee Is Head Of Committee

State Representative Susan Gurley McBee was named to head the interim subcommittee of the House Agriculture and Livestock Committee studying the Power of Eminent Domain.

State Representative Joe A. Hubenak, veteran Chairman of the Agriculture and Livestock Committee, announced the appointment. "This subcommittee's work, under the direction of one of the most able members on my full committee, will be invaluable not only to the whole legislature but to the future of those engaged in agriculture," Hubenak stated.

"We cannot allow the farmers and ranchers to be squeezed out of their land. A study of the power of eminent domain as it relates to land use for agricultural purposes is desperately needed. We need answers now and that is why I view the work of this subcommittee as vitally important to the future of agriculture in Texas," he said.

Other members named to the subcommittee by Hubenak are: Representative Bill Keese from Somerville; Representative Betty Denton from Waco; Representative Elmer Martin from Colorado City; and Representative Forrest Green from Corsicana.

Correction On Correction

NOTE TO EDITOR: Unfortunately this is serious—and I sincerely hope our efforts in perseverance will offset anything else you might be thinking concerning this matter. In my 10 years in journalism, I don't believe I've ever known of anyone having to correct a correction—and it's especially humbling to be the journalist who is responsible for attempting it now!

In my efforts to tell you that 1 cup of water should be included in the "Master Mix" recipe for MUFFINS, I told you to add it to the Coffee Cake.

So—to make this correction once more, the "Master Mix" recipe for MUFFINS should include 1 cup of water.

Thanks for your patience, Elaine Myers

Cow Body Condition Is Key To 12-Mo. Calving

"Delayed rebreeding in the cow obviously costs money, so cattlemen should give particular attention to keeping their cow herds in good body condition," contends Dr. John Spitzer, livestock specialist with the Texas Agricultural Extension Service.

"When a cow extends her calving interval by a few days past 12 months, most cattlemen don't consider this very serious. However, this delay is usually much greater than a few days in most herds, and when multiplied by every cow in the herd, can lead to large reductions in pounds of calf weaned per cow per year.

"The ability of cows to maintain a herd-average 12-month calving interval is mainly influenced by nutrition and more specifically, energy," contends Spitzer. "Maintaining adequate levels of energy before and after calving is essential if cows are to have a high reproductive rate. Our problem has been in defining 'ade-

quate' levels of energy." A cow has to be in good shape at calving time to become pregnant again within three months after calving, which is the maximum to maintain a 12-month calving interval. "Of course, the thing to realize here is that not all cows in a given herd are in the same body condition, so they do not all require the same type of feeding program," points out Spitzer.

He advises cattlemen to divide their cow herd into three groups based on body condition—thin, moderate and good. This should be done 90 to 100 days before estimated calving to allow enough time to make a change prior to calving. The thin cows need the most feed to get them into shape for rebreeding while those in moderate condition need only limited feeding. Those in good condition need much less feed to maintain their status; some may even be too fat and can lose weight. The same amounts of feed

would generally be fed to the total cow herd, but it would go where it would do the most good.

"By recognizing differences in body condition of their cows, producers can more intelligently plan a feeding program so that cows are maintained in satisfactory shape at calving. This will allow them to come back into heat faster after calving and to become pregnant in a shorter time," Spitzer emphasizes.

In addition, producers need to be aware of the effects of weight loss during breeding on the ability of a cow to conceive when bred. Spitzer recommends that cows calve in moderate to good condition and then gain one-eighth to one-fourth pound per day through the breeding season.

"Reproductive performance in beef herds can be improved if producers will provide the needed levels of energy at certain critical periods," contends Spitzer. "And producing calves is the name of the game as far as cattlemen are concerned."

PHONE NEWS TO THE STOCKMAN.

Chain Saw Operation Has Hazards

Individuals planning to use lightweight chain saws for trimming trees, cutting firewood, or clearing storm damage should recognize a number of hazards associated with their use, says Dr. Gary S. Nelson, a safety engineer with the Texas Agricultural Extension Service.

First, avoid cutting during windy periods that could cause a tree to fall in the wrong direction, cautions the engineer. During dry weather, leaves and grass, as well as gasoline, become excellent fuel for a fire started by a hot muffler. Nelson advises refueling the chain saw on bare ground and gradually releasing pressure in the fuel tank before removing the cap completely. Also, move at least 10 feet away from fuel sources before starting the saw.

Noise and vibration from extended use of chain saws can cause hearing loss, fatigue and swelling of the hands. The engineer recommends wearing ear protection, taking periodic rest breaks, and selecting a saw with low noise and vibration characteristics to reduce these potentially harmful effects.

Nelson also warns that a chain saw must be properly maintained to be free from unreasonable risk. This includes sharp saw teeth, correct chain tension, proper lubrication and a properly tuned engine.

When starting a chain saw, pull the rope straight up and never allow a second person to help, cautions the engineer.

When cutting trees, the major hazard is "kickback". This occurs when something touches the top of the chain saw blade and causes the

saw to jump back. Kickback may also occur when the chain is misfiled or loose, a cut is started too slowly, or the blade nose strikes another object.

Nelson advises operators to stand to the side of the chain saw while cutting wood to avoid being cut by a sudden kickback. He further suggests making sure the bumper at the rear end of the blade is against the tree while sawing, or the chain riding across the tree may jerk the saw out of your hands.

Girl Scout Leaders Plan Carnival

A short neighborhood meeting of girl scout leaders was held in the home of Mrs. Jack Adams on October 6 at 7:00 p.m. Plans for the girl scout carnival were completed. The carnival will be at the 4-H Barn, October 29, 7:00 p.m. The public is invited to attend. All local Scouts and Brownies will have booths. There will be cake walks, dart throws, bingo, fish ponds and many more. The Senior Scouts will have the spook house. The Halloween parade will be Friday, October 28, after school on the square. There will be prizes for costumes.

The public is reminded the girl scout calendars have arrived. Find your favorite Girl Scout or Brownie and buy your calendar.

Cookie chairman this year is Peggy McWilliams. She and the girls will be taking orders soon for the cookies. The next meeting of the leaders will be November 3, at 7:30 in the home of Mrs. Jack Adams. All leaders are urged to attend.

1978 Oldsmobile

The Delta 88 and Delta 88 Royale continue to be offered in a two-door pillar coupe and four-door town sedan models.

All 88s have a dual three-segment egg crate grille with a stand-up front end emblem and the Royale has a hood center molding. The new front end panel incorporates wrap-around front side markers.

The tall lamps of the 88 and Royale have been redesigned, moving the backup lights from the outward end to the center of the lamp section. The front and rear bumper rub strips are standard with white stripes standard on the Royale.

The standard engine in the 88 and Royale is the 231-cubic-inch V-6 with an automatic transmission. The 260 V-8, 350 V-8, the 5.7-litre diesel and 403 V-8 engines are optional on the Delta 88 and Royale.

The 1978 Ninety-Eight lineup again includes four models—the two-door coupe and four-door sedan in both the Luxury and Regency series.

The new bright egg crate grille has wider spaced bars and the front end includes the wrap-around side markers. The Regency has a new stand-up front end emblem. The hood center molding is standard. A new dual paint stripe that includes a full-length upper and lower paint stripe is offered.

Wildcat To Be Drilled

Estoril Producing Corp., Midland, will drill an 8,250-foot wildcat in Crockett County, 15 miles north of Ozona, 1 1/2 miles west and slightly north of the Wamoco (Yates gas) field and 2 1/2 miles north of the one-well Wamoco, South (Canyon oil) field. It is the No. 1 Carlton-Monaghan-University. Location is 525 feet from the north and 2,041.31 feet from the west lines of 21-45-University. Ground elevation is 2,631.5 feet. The Wamoco field produces from the Yates at 1,180 feet and formerly produced from the Canyon oil at 7,388 feet; the Wamoco, South opener produces at 7,674 feet.

Business Changes Hands Here

Mr. and Mrs. Clayton Robinson have purchased the Montgomery-Ward Agency from Mr. and Mrs. Raymond Adcock and will take over operation of the business today. Clayton is the pharmacist at the Village Drug and Mrs. Robinson, who will manage the store, recently resigned as secretary at First Baptist Church.

Doe Permits To Be Issued Here Nov. 2

Antlerless deer permits for the 1977 hunting season for Crockett County, will be issued to landowners or their agents at the Courthouse, on November 2, 1977 from 8:00 a.m. to 12 noon and from 1:00 p.m. to 5:00 p.m. These permits will be for the regular gun season. Landowners or their agents are requested to know the exact acreage when they apply for the permits.

CARD OF THANKS

We would like to thank our Ozona friends for the many expressions of sympathy on the loss of our father, W.H. (Red) Caldwell. Your floral offerings and cards were deeply appreciated. Bob, Jerry and Clint Caldwell Sanderson, Texas

To See Or Not To See A Doctor

All of us are now and then faced with a quick decision: should we, or shouldn't we see the doctor? The American Medical Association lists several points for consideration as a general guide to help you decide whether medical aid should be sought at once-- When your complaint or symptoms are too severe to be endured, such as abdominal pain common to a gall bladder attack or appendicitis or kidney colic, or sudden chest pains. Immediate relief of pain is the purpose of getting the patient to the doctor without delay.

When an apparently minor symptom persists for more than a few days or a week, and does not appear to be due to some easily identified cause. A nose bleed from a sharp blow is one thing; a nose that bleeds constantly or frequently for no apparent reason is quite a different matter.

When the symptom returns repeatedly for no readily apparent cause. Digestive disturbances due to overindulgence are one thing; constant digestive distress despite great care and moderation in eating is another.

When in doubt, it is safer to call the doctor than to take a chance. Many accidents around the home or yard cause bruises and scratches and minor sprains that can be successfully treated at home. But some accidents require fast medical attention.

If the accident victim is unconscious, get help fast. Also when bleeding is severe or cannot be controlled; when the victim is groggy or confused; when there are signs of shock, such as pale, cold skin, sweating and weak pulse.

Breathlessness or intensive thirst after the accident require medical attention.
