Jenkins Resigns Band Job, Ed Poehls Hired As Coach

A couple of personnel matters required the attention of trustees of the Robert Lee Schools at their last meeting. One resignation was accepted and one new teacher was employed.

Mark Jenkins, who directed the school's band program last year, submitted his resignation. He plans to return to school for additional work.

Ed Poehls, longtime coach at Blackwell High School, has been employed as coach of junior high girls basketball and teacher of social studies.

Burglars Strike Lake Homes

Burglars have been cleaning out lakeside homes in the Paint Creek area west of Robert Lee. In addition to the burglary of Edith Country Corner, which was reported last week, the burglars ransacked one house and four trailers in the area sometime last week.

The house and trailers are located on the T.R. Harmon place and owned by relatives of the Harmons. They all were unoccupied at the time of the break-ins.

Investigators from the office of Sheriff J. Lee Ensor have been unable to get complete information on just what was taken, since all the owners have not checked to see what items are missing.

Cecil Brewer, owner of the Edith Country Corner, reported a long list of items missing from his store, cafe and club. Included were three cartons of cigarettes, a fishing license, a lake permit, tape player and 50 tapes, \$31 cash, 15 quarts of liquor, more than three cases of beer, Polaroid camera and a CB microphone.

Deputy Sheriff Melvin Childress said they are accumulating information on the burglaries as fast as possible and hope to have lists of missing articles completed soon.

said the school is seeking a new band director as a result of Jenkins' resignation. Due to earlier resignations, trustees will be interviewing applicants for a sixth grade teacher and a high school math teacher. They are also seeking an English-Spanish teacher to take the place of Mrs. Pauline Coalson, who has been trying for sometime to retire, but has continued to teach because a replacement has not been available.

Supt. Bickley said the school is undergoing its usual summer repair and maintenance program, with workmen using the three summer months to get things ready for the opening of the 1979-80 school term in August.

Commissioners Discuss Library, Road Repair

Coke County Commissioners Court attended to some important county business matters at a meeting held Monday in the courthouse at Robert Lee. Main items of business were a discussion of the county library and engineer's plans for the forthcoming street and road repair and improvement project.

Harvey Schmidt, Amarillo engineer who has been retained to supervise the work for the county, was present and presented engineering plans which were adopted.

Coke County voters approved a \$400,000 bond issue in May to finance the paving program. Most of the money will go toward repairing and seal coating existing paved streets and roads built by the county. Commissioners are hopeful they will have enough money left to construct several blocks of new paving in Robert Lee and Bronte.

A notice to bidders on the project is being published in this newspaper, asking for bids on the project. Bids will be accepted until 10 a.m. July 2 when they will be opened and read.

Coke County's 4-H Horse Show Will Be Held Saturday at Bronte

The Coke County 4-H Club Horse Show will be held this Saturday, June 16, in the Bronte Arena, with some 25 members competing for the top places in six different events. The show will get underway at 5:30 p.m. with the judging of halter classes. Judge of this year's show will be Mike Mauldin, former county extension agent in Mason County and now a resident of Robert Lee.

The show is sponsored each year by the County Rodeo Association and is a primer for the district horse show for the members interested in competing on the district level.

General superintendent

COUNTY LIBRARY

Regarding the county library situation, the commissioners accepted the resignation of Linda Boone as county librarian, effective Tuesday, which led to a discussion of the costs and operation of the library.

County Judge D.W. Sims reported to the commissioners that he had obtained data pertaining to the operation of libraries all over the state. The information indicated that cost of the Coke County operation is excessive when compared to most other similar library operations in this area.

Judge Sims told the commissioners that he had discussed the library with Ms. Ada Howard, coordinator for the Big Country Library System, and proposed that the county budget \$5,000 a year for the library. His proposal included cutting hours of operation from 40 to 20 hours per week.

Ms. Howard wrote Sims a letter June 7 in which she agreed that 40 hours was "unnecessarily long hours of service for the population and use in comparison with similar libraries." She noted: "Theoretically, the more hours open, the more use; but there is a point of diminishing return."

After the discussion, the commissioners voted to reduce the library hours to 20 per week. They calculated the reduction in hours would save the county \$5,000 per year. A tentative schedule was worked out as follows: Tuesday and Thursday, 4-8 p.m.; Wednesday and Friday, 1-5 p.m.; Saturday, 8 a.m.-12 noon.

Judge Sims was instructed to contact Mrs. Jerry Herring to see if she would operate the library under the new schedule. He said Tuesday afternoon that he had contacted her and she agreed to work until a permanent librarian-clerk can be employed.

Applications are now being taken and anyone who wishes to apply should do so in person at the county judge's office.

In other business the commissioners:

* Put into effect an order which was voted last fall to increase office rent in the city hall at Bronte from \$100 to \$150 per month. The 1978 order provided that the \$50 increase would become effective when the City of Bronte completed improvements in the jail at the city hall to meet state standards. The work has been completed and the jail now meets standards set by the state.

* Granted permission for Tax Assessor-Collector O.B. Jacobs to attend a seminar June 25 in Austin where instruction will be provided on the tax relief amendment voted by Texans last year and implemented at the recent session of the legislature. Judge Sims said he expects that he and Commissioner Jerry Parker also will attend the seminar.

* Tabled any changes in system of levying taxes until Jacobs attends the seminar.

GRAY LEAF SPOT IN ST. AUGUSTINEGRASS---Gray leaf spot is a fungus that can give St. Augustinegrass a blotchy appearance. The disease thrives in warm, humid weather and is characterized by irregular gray, dirty-yellow or ash-colored spots on grass leaves. A gray mold may cover the spots. Avoiding excessive nitrogen fertilization and watering during the day so that the grass won't remain wet overnight will help keep the disease in check, says a plant pathologist.

EFFECTIVE 4-H LEADERSHIP NEEDED IN COKE COUNTY

An effective 4-H leader is an adult or teen leader who makes it possible for 4-H'ers to get together as a group to learn and do things that would not be possible for them to do alone.

The good 4-H leader offers security, suggestions and support. He or she doesn't dictate, determine and direct all activities of the group, emphasizes Kathy Jobe, county agent with the Texas Agricultural Extension Service, Texas A&M University System. Individual members must be the doers and learners.

4-H teaches "learning by doing," so leaders should remember that mistakes are learning experiences for 4-H'ers.

The 4-H "leader" is really a "helper", and "leadership" is "help-ership," points out Miss Jobe. As 4-H'ers grow and develop, they, too, can become helpers as outward expressions of their caring and sharing for others. The time

that a leader gives to 4-H members can make the world a better place to live and will be multiplied many times over through each 4-H'er who helps others.

As a 4-H volunteer leader you will help coordinate 4-H project activities for a small group of 4-H'ers.

The first and most important step is to get your group together so that members can plan what they would like to do in the project. You can help them to do this by calling the meeting and providing a place to meet. Younger 4-H'ers will need more guidance for their planning, but regardless of the age group, it's important for 4-H'ers to make their plans themselves.

After a general plan for the project is developed, you and the group should decide what will be needed and what other leaders will be needed to help you and your group. 4-H parents and other adults will be willing to help

if you can request specific help. Some kinds of assistance you may need are refreshments, meeting places, transportation, speakers and tour leaders.

Although planning takes a little time, it will make the rest of the project much easier and more productive.

Involvement is the key to happy 4-H'ers. Let 4-H'ers themselves do everything they possibly can to develop their plans and carry out their project. Remember, they'll learn more if they do it themselves. Every meeting should be fun as well as educational. Parties, picnics, refreshments and other activities keep 4-H'ers enthusiastic and active. Often these can be combined with educational activities with just a little creative planning.

The 4-H program offers limitless possibilities because it involves so many different projects. It's exciting to think of the important effect you as a 4-H leader can have on 4-H boys and girls.

The Hereford-Angus cross belongs to Mr. and Mrs. Finnell Smith and Mrs. Eula Smith, long time Coke County ranchers. Soil Judging Team Fourth In State Contest

The Coke County 4-H soil judging team placed fourth in the state contest held at Texas A&M University last week. One team member, Wayne Sprenkle, received one of the wrist watches awarded the top 10 individuals in the state. Wayne was eighth high individual among the 75 in the contest.

Donnie Grant and Bruce James tied for 17th place in the contest. Bud Johnson was the fourth member of the team.

The contest was held during the Texas 4-H Roundup, held on the Texas A&M Campus on June 6. The group of first year senior members made an excellent showing in placing fourth in their first appearance at the State Contest, said County Extension Agent Sterling Lindsey.

Jacobs Injured In Cycle Crash

Richard Jacobs, son of Mr. and Mrs. John Jacobs of Robert Lee, was seriously injured in a motorcycle accident about 11 a.m. Sunday. The accident occurred at a motorcycle track on the Don Glenn place south of Bronte.

The youth was reportedly making practice runs at the track when he was thrown from the bike and it fell on him. He was taken to Shannon Hospital by Emergency Ambulance Service of Bronte.

His mother said Wednesday morning that he had not completely regained consciousness but was showing signs of improvement. She said a complete diagnosis had not been made, but doctors said he sustained a skull fracture.

A major drawback for single-parent fathers or mothers is the decrease in the amount of time spent alone with adults.
