NUMBER 48

LONGHORNS TO INVADE WHIRLWIND CAMP IN ANNUAL ARMISTICE CLASSIC

Smarting under a 25 to 6 defeat at the hands of the Lockney High School Longhorns last Armistice Day, Coach Barksdale's green and white Whirlwinds will meet the maroon and white eleven here Armistice Day to seek revenge. Featuring the Armistice Day program, the annual grid clash between the two Floyd County cities, has attracted much attention in all sections of the county. The Lockney Longhorns were sub-district winners last year.

FACTS ABOUT THE GAME
WHEN—Wednesday afternoon at 3:00 o'clock.
WHERE—Whirlwind Field.
WHO—Floydada High School Whirlwinds vs. Lockney Longhorns.
OCCASION—Annual Armistice Day grid classic.
PRICE—Adults 35c. Children 25c.
COACHES—Whirlwinds, L. T. Barksdale, Baylor University. Longhorns, Elmer Reed.

Coach Reed's gridders are rated as under-eleven in tomorrow's tilt but may show some comeback and defeat the local lads although dope is pointing to the Whirlwinds being on the long end of the score. The annual battle between the Longhorns and the Whirlwinds has always attracted a great deal of attention although Floydada has suffered defeat by the Lockneyites only twice in eleven yearly encounters. Lockney is not exhibiting the motor-like football that has been shown in the past two seasons this year. Lockney's eleven is mostly all first year players with an inexperienced backfield to gain yardage for the maroon and white. Duncan and Spence, brilliant offensive backfield stars of last season will not be in the ball carrying position this season, having finished school with the close of last year's term.

Floydada's starting line-up will probably find Murray, three year quarterback man, at the signal position; Heald, halfback and captain will occupy the left halfback position; Welch or Houghton will fill the right halfback, and Welch or Bridges will be at fullback. On the line will be found Goughly at left wing, McLaughlin at left tackle, Sims at left guard, Jackson at pivot, Murray at guard, Johnston at right tackle and de Cordova at right wing position. Other arrangements may find Dorrell, Young or others in the starting eleven.

Wednesday's game will climax grid battles in this sub-district division this year. Lockney lost by a long score to the Plainview Bulldogs, were defeated by the Matador Bullfighters. Floydada tied the Plainview Bulldogs and defeated the Matador Bullfighters. Looks like an easy win for the local boys but who knows? Lockney might stage a comeback and win another game.

REUNION OF L. N. NICHOLS FAMILY HELD AT HOME C. C. CASEY AND WIFE

A family reunion of the L. N. Nichols family was held at the home of Mr. and Mrs. C. C. Casey in this city over the week end. Mr. and Mrs. L. N. Nichols are the parents of Mrs. Casey. This occasion was the first time in thirteen years that all of Mr. and Mrs. Nichols' children have been together.

Those present besides Mr. and Mrs. C. C. Casey and children were: Mr. and Mrs. L. N. Nichols and Claire Ruth Nichols, Mr. and Mrs. P. L. Welch and daughter, Cella Ann, all of O'Donnell. One son and family, Mr. and Mrs. Jean Nichols and daughter, Sally Jean of Amarillo, another daughter, and family of Silvertown, Mr. and Mrs. J. D. Walker, Jim Roy Walker, Ruth, Jack, Albee, and Eunice. Besides the immediate family, Mr. and Mrs. Claude Sims and daughter, Margaret, of this city, are present for the occasion.

Mr. and Mrs. J. W. Lanier and family and Jess and B. C. Lanier returned this week from South Texas, where they had been for the past few months.

LOCAL CHURCH TO BE REPRESENTED AT M. E. DISTRICT CONFERENCE

The First Methodist Church of this city will have several representatives in attendance at the annual Northwest Texas Conference which is being held at Vernon this year. Rev. S. H. Young, Rev. F. O. Garner and Mrs. George Dickey plan to leave Wednesday morning to be in attendance at the meeting Wednesday afternoon.

This conference is the annual business meeting of the churches in the Northwest Texas Conference at which time appointments of preachers are made, reports are to be made for the past years work and plans for the ensuing year discussed.

According to Rev. Young, the local church has led in the entire district in finances for the year for the past several meetings.

A special committee, who have been working on the appointment subject announce that Rev. Young will probably be returned to the local church.

Other representatives and members of the church here will probably attend the conference the latter part of the week.

STATE TEACHERS ASSOCIATION TO MEET IN AMARILLO NOV. 26-28

The Texas State Teachers Association will convene in the regular annual session of that body, which is held on Thanksgiving every year for three days at Amarillo, November 26 to 28.

This is the 53rd session of the Association and is the first to be held in the western section of the state. Last year's meeting was held in Houston.

The usual average attendance is around 4,000 teachers from all sections of the state. Prominent educators including Willis A. Sutton, superintendent of schools, Atlanta, Georgia, Edwin A. Lee, professor of education, and director of education at the University of California, and other famous speakers and educators will be present and appear on the program during the three day session.

President of the Association is J. C. Cochran of San Antonio, and E. T. Ellis of Fort Worth is secretary and treasurer of the body.

Floyd County Superintendent Price Scott is planning to attend the meeting and is urging and encouraging all teachers who possibly can, to attend the convention. The Texas Teachers Association is recognized as one of the Greatest educational bodies in the south. There are approximately 30,000 members in the association.

Mr. Scott states "The teachers of Floyd County and the Panhandle will never have as good an opportunity as this to attend one of the State meetings and I hope they all take advantage of this time to attend."

"It is to their interests at first hand to know what the leaders and prominent educators of the state are doing and attempting to do for the causes of public education in Texas.

"So far as Floyd County is concerned, we hope that the trustees and teachers of their respective schools will cooperate with us in the matter of making arrangements whereby all the teachers may be able to attend. In fact I suggest week end holidays be called on Thursday and Friday in order that teachers may take advantage of the opportunity of attending the convention.

"This is not only a meeting where the teachers are interested but all friends of education in Texas will receive encouragement and inspiration by attending," Mr. Scott states.

A number of Floyd County teachers are expected to join Mr. Scott in attending the meeting.

COMMISSIONERS COURT IN REGULAR MEETING MONDAY

The Floyd County Commissioners Court met yesterday in the regular monthly session.

The regular routine of business was carried out in the meeting.

1918 NOVEMBER 11 1931

There are times when all look for something solid upon which to base a renewal of faith in life—in men! We are passing through such a chaos. November 11th is a day, set apart, in honor of the unselfish—loyal—devotion of men in a time of need. It is our sacred duty to honor the memories of our preservers. In our observance of this day may we acquire in our own hearts, some part of their valor—may they live again in our renewal of courage. While we vacillate—not knowing whence the trend of events may lead—let us remember there is but one road to travel—Forward!—Onward!—through that way alone lies Honor.

LUBBOCK READY TO ENTERTAIN FEDERATED PARLEY NOVEMBER 9-12

Lubbock, November 9.—The program for the 34th annual convention of the Texas Federation of Women's Clubs to be held in Lubbock, November 9 to 12, recently announced by the program chairman, Mrs. A. H. Bailey of Dallas, includes speeches, reports and discussions on practically all of the major programs sponsored by the federation, and other movements of interest to Texas club women.

The state board will meet on the morning of November 9. Members of the board and delegates will be guests of the Lubbock Chamber of Commerce at a luncheon, November 9. In the afternoon a ten will be given at the home of Dr. Paul W. Horn, president of the Texas Technological College.

Monday evening welcome address will be made by Major J. J. Clements, Mrs. Wm. Dingus, chairman of local convention committees; C. E. Maedgen, president Lubbock Chamber of Commerce, and Mrs. J. T. Whitmore of Snyder, president of the 7th district. Mrs. Paul Horton of Greerville will respond.

MR. AND MRS. VERLON HARMON RETURN TO TENNESSEE

Mr. and Mrs. V. P. Harmon and family will leave Wednesday for Humboldt, Tennessee, where they will visit with Mr. Harmon's parents prior to moving to other parts of that state to make their home.

Mr. and Mrs. Harmon will accompany Mr. and Mrs. Tony B. Maxey who are going to Tennessee for a two or three weeks visit.

MR. AND MRS. V. L. ELLIOTT CALLED TO OKLAHOMA BY RELATIVES DEATH

Mr. and Mrs. V. L. Elliott and Mrs. Elliott's brother were called to Erick, Oklahoma, last Thursday night due to the death of Mrs. Elliott's uncle in that city. Mr. Stewart Warner, Mr. Warner died Thursday afternoon at four o'clock.

They returned to this city Sunday night.

J. E. RODAN OPENING MEAT MARKET IN THIS CITY

J. E. Rodan, who was formerly connected with the "M" System store in this city is opening a meat market in the building next door to Looper's Grocery, on South Main Street.

Mr. Rodan has the equipment which was used in the market department of the Tongue "M" store in this city several months ago. He plans to open for business by Saturday of this week.

CEMETERY ASSOCIATION IN MEETING SAT. AFTERNOON

Six members of the Floydada cemetery association met Saturday afternoon at three thirty o'clock in the Chamber of Commerce office to make plans for the annual cemetery drive.

Committees are at work today on the drive which was started this morning.

J. J. Seale, of Seale and Jones Dry Goods of this city, and W. H. Seale and M. D. Jones of the Seale and Jones store at Plainview, left Sunday for Dallas, where they will be in market for the stores. They will probably return home tomorrow.

LITTLE BREEZES DEFEATED BY LUBBOCK JUNIOR HIGH

The Whirlwind Little Breezes were defeated by a score of 7 to 6 in a grid tilt against the Lubbock High School Junior Westerners. The game was played at Lubbock as a return game for one here two weeks ago.

The game Thursday was a hard fought battle for both the local breezes and the Lubbock boys, with neither playing stellar football games. The first score came early in the first quarter when the Lubbock Juniors succeeded in recording a counter and converting the extra point.

No further scoring was done by either of the teams until late in the last quarter when in the last few moments of play, Connelley, fullback received a pass and ran fifteen yards for the touchdown. An attempt to make extra point failed and the game ended with the score Lubbock Juniors 7, Floydada 6.

Floydada's Little Breezes were handicapped by the loss of their regular pivot position man and an inexperienced utility man was at that position. However, the defensive work was good and Lubbock was unsuccessful in crossing the goal but once.

Floydada Breezes starting line-up was: Ends, Jenkins and Linder; tackles, Lawson and Baker; guards, Jones and Daniels; center, Ben Eddy; quarterback, Newell Parker; halfbacks, Hollingsworth and Red Moonsey and fullback, Connelley.

Substitutes were: N. B. Mooney for Baker, Bishop for Eddy and Lawson for Daniels.

The Little Breezes will probably meet the Matador Bullfighters second eleven this week, according to Coach Richard Stovall.

FAIR WEATHER THIS WEEK FAVORS FARM ACTIVITIES

Farming activities, gathering of the feed and cotton crops and planting of wheat, are in progress all over the county due to clear, warm, dry weather which has enabled farmers to continue their work.

The past two weeks have marked a definite turning point in the seasons and the colder weather last week and the week before caused vegetation and trees to put on their autumn colors. This week, however, has been clear and slightly warmer and favorable to crop gathering and planting.

One of the largest wheat crops in some time is expected to be sowed this year.

RUSSELL TAILORS INSTALL NEW EQUIPMENT THIS WEEK

The Russell Tailor Shop started the operation Saturday of a new Mateo washing machine. Other equipment other than the washer and drier was already in operation. Mr. Russell states "We are now better equipped to give quicker and more efficient service."

Carroll V. Duncan returned Sunday night from Puerto Cabezas, Nicaragua, where he has been employed for some time. He is visiting with his mother, Mrs. Arthur B. Duncan, and other relatives here.

Miss Myrtle Murray, district home demonstration agent, was a visitor in Floydada yesterday at noon. Miss Murray was enroute to Stamford.

Armistice Day

Only the years which build up the ages can properly edit the story of the World War which gave us Armistice Day. It is possible the scriptures in use centuries hence will fit in that war as a stepping stone to a better and higher spiritual civilization . . . or it may dispose of it in a short paragraph . . . We mortals may never know of these things . . . But no man can do more than be true to himself . . . and it is the same with nations . . . world events, some fifteen years ago, dragged this nation into the greatest conflict modern civilization had ever witnessed. The youth of our land were called upon to fight the fight, to defend our land, our homes, our peace . . .

Today, we commemorate the spirit of those dauntless souls who faced the supreme sacrifice . . . Maybe in fear . . . but in the line of duty as handed down to them in the teachings of their forefathers.

Dated this 29th day of September, 1931.

F. P. DAY, Administrator of the Estate of George H. Day, Deceased. 45-4tc

Although doped to be on the long end of the score by Matador fans, the Bullfighters were completely overrun in the last few moments of the play and were defeated by the Whirlwinds.

The green and white lads led off in the early part of the first quarter with the first touchdown of the tilt. Matador kicked off to Floydada in the beginning play of the game, Murray received the ball and on a trick play to Heald who carried the ball returned the ball to the forty-eight yard line. The Bullfighters held here for three downs and Murray kicked on the fourth. Matador tried a line play which resulted in little gain. On the next play an attempted pass by the Matador boys was intercepted by Golightly, Whirlwind end and returned about five yards. After gaining possession of the oval, the green and white backfield, following excellent interference, carried the ball for a first down. The touchdown was made by Welch, powerful fullback, who skirted left end twenty yards for the counter. The extra point was converted by a pass from Murray to de Cordova.

After the first touchdown, no further scoring was done in the first period but the ball was in possession of the Floydada eleven on the Bullfighters fifteen yard line. In the second period, after a fumble by the Whirlwinds which was recovered by Matador the Matador boys were held for downs here and punted to Murray. A series of plays brought the ball to the thirty yard line and a first down. A combination of Heald and Welch for two plays gained ten yards and on the next play, Murray passed to Heald who ran the ball 18 yards to the two yard line. On the next play Welch skirted left end for the count. Extra point was again converted when Bridges kicked goal. The half ended with no more scoring by either the Whirlwinds or Bullfighters.

During the interval between halves both the green and white pep club and the Matador peppers exhibited some stunts on the field. The purple and gold girls, formed in a formation and spread flour on the field to form a large M. H. S.

Matador kicked off to Floydada returned to 36 yard line. In this quarter the Bullfighters staged a comeback by scoring early in the period and converting extra point making the score 14 for Floydada, Matador 7. After scoring the Matador eleven settled down to exhibit a fine type of defensive football and the Whirlwinds were unable to score in the period.

The Whirlwinds gained possession of the ball in the third quarter in the latter part but were unable to score. In the fourth period another counter was chalked up when after a series of spin plays and end runs, Murray received the ball on a spin play and plunged the line for the count. Attempt to make point by a pass from Murray to Golightly failed.

Floydada kicked off to Matador and on the first play Matador fumbled giving Floydada the possession of the ball deep in the purple and gold territory. Murray ran an end run twenty yards around left end for touchdown. Murray converted extra point by kicking goal. No further scoring was done during the fray and the game ended with the score standing Floydada 27, Matador 7.

Outstanding playing for the local eleven was done by Welch, Murray and Heald in the backfield. Welch has developed into one of the best ball carriers that Floydada has produced in several seasons. The powerful fullback, took the ball time after time and ran the play for long gains. Murray, quarterback and fast, shifty punt receiver, made some beautiful plays and passed well. Heald, halfback and captain of the Whirlwinds, played a consistent game and gained on every play when he carried the ball. Heald is the unanimous selection for one of the best all around backs seen in action on the local grid in several years. Golightly, scrapping wing position man, smeared play after play attempted by the Bullfighters and threw the purple and gold ball carriers for loss several times. Floydada's line is one of the remarkable features of the Whirlwind club this season. Coach L. T. Barksdale has made several shifts and each time has received better results.

Consistent line playing as done by the Whirlwinds forward wall is the reason of Floydada being on the long end of the score in games played this year. McLaughlin, tackle, Sims, guard, Johnston, tackle, Jackson, pivot man, Murray, guard and de

Cordova, end, and Dorrell, tackle, Young at end are all meteors of the front positions.

Game Summary
First downs, Floydada 14; Matador 4; punts, Floydada 4 for an average of 45 1/2 yards, Matador six for an average of 26 yards; passes, Floydada attempted four with three complete for thirty-six yards, one for extra point. Matador attempted ten with four complete for 43 yards, two intercepted and four incomplete.

Score by periods—
Floydada 7 7 0 13
Matador 0 0 7 0

Starting lineups, Floydada, ends, Golightly and de Cordova; guards, Murray and Sims; tackles, McLaughlin and Johnston; center, Jackson; halfbacks, Heald and Houghton; quarterback, Murray and fullback, Welch.

Substitutes, Floydada, Dorrell, Bridges, Young, Williams, Amburn and Ginn.

Officials were: Vaughn, referee, Waterman umpire and Scheid, head lineman.

CHILDREN hate to take medicine as a rule, but every child loves the taste of Castoria. And this pure vegetable preparation is just as good as it tastes; just as bland and just as harmless as the recipe reads.

When Baby's cry warns of colic, a few drops of Castoria has him soothed, asleep again in a jiffy. Nothing is more valuable in diarrhea. When coated tongue or bad breath tell of constipation, invoke the gentle aid to cleanse and regulate a child's bowels. ness is going to get better very soon. This is a very hopeful sign. The principal trouble with the general situation lately has been lack of confidence on the part of those who have money. They have been unwilling to spend their money, to invest it where it would be doing useful work, because of the feeling that perhaps, after all, prices had not yet touched bottom. That has been one serious drawback to a speedier recovery, and another has been the fact that a great many banks and financial institutions, perfectly sound in the long run, have had so much of their depositors' money tied up in securities which cannot quickly be

realized on that they have been unable to extend the lines of credit which are absolutely necessary for the normal course of business.

YOUR SAFETY IS WORTH THE LITTLE MORE YOU PAY FOR GENERALS

THE BLOWOUT PROOF TIRE

30% LESS AIR

When you consider how little more Generals cost than ordinary tires you will join the thousands of motorists who put their safety above price.

The new and patented construction of the General Dual-Balloon lets you ride on 30% less air. As a result sharp blows that shatter the carcass of ordinary tires are absorbed. Side wall hinging and damaging internal heat are eliminated.

Once you have felt the difference of rolling along safely and with luxurious comfort on 10 to 15 pounds less air, you will never go back to the higher pressures required by other tires.

Small Things That May Handicap the Worker

Study of more than a million workers, made by Statistician James Layfield, show that the following are the eleven best ways to annoy the boss—minor characteristics in employees which keep them from moving ahead in the world: Wisecracking in the presence of the boss; affecting of a southern accent; a weak memory which requires its owner to be introduced to folks five or six times before he is able to recognize them; giggling; know-it-all; holding the fork backwards in cutting beefsteak; furtive manners; wearing of vivid red neckties; happy-go-lucky; inferiority complex; superiority complex. "These are a few of the qualities in mortal man which the bosses of a million workers tabbed as 'little habits with big consequences,'" says Mr. Layfield in the American Magazine. "The surprising fact is that bosses are so sensitive toward idiosyncrasies which one might think were too trivial to have any bearing on success or failure. In other words, you would be astonished to learn exactly how much your boss knows about you—how violently he may be swayed for or against you by the repeated exhibition of some trait of which you may not even be aware."

Passenger Might Have Figured It for Himself

There's a long steep climb when the train to California ascends the Continental divide and usually an extra engine or so is added to make the pull. But there was no extra on this particular section of over-loaded tourist traffic pouring into the Golden state and the single locomotive, taxed to its utmost, staggered until even the conductor got nervous. Finally one of the passengers, more temperamental than the rest, could stand it no longer and began to call down the conductor. "What on earth's the matter?" he demanded, as if the conductor knew any more about it than he himself did. "That's a fool question," snapped the irate conductor. "You ought to know as well as I do that the engineer is teaching his wife how to drive."—Los Angeles Times.

Training Librarians

The first school in the world established solely for the professional training of librarians was started at Columbia college, New York city in 1887, by Melvil Dewey, then librarian of the college. Dewey's plan for such a school had been presented to the American Library association as early as 1888, but was opposed by some of the leading librarians. Opposition gradually gave way, however, as the value of formal professional training for library workers was demonstrated, and other schools were established in various parts of the country beginning with the Pratt Institute of Library Science in 1890.

North Dakota Settlement

It is believed that a party of Frenchmen led by Pierre de la Verendrye were the first Europeans to set foot on the territory now comprising the state of North Dakota. This party crossed from the Assiniboine river in Canada to the Missouri river in 1738 and were searching for a "river to the west." In 1742 two sons of Verendrye passed over the same region on the same mission, but after months of wandering southwest of the Missouri they were forced to return. In 1780 a French trader settled at Pembina in what is now North Dakota.

In the Same Boat

"Do you know what the hanging committee have done?" said the first artist. "They've ruined my picture by putting it next to the worst daub in the exhibition." "I've got the same complaint," said the second artist. "I looked in yesterday, and I found they've hung my picture beside an absolutely frightful thing. Don't know what the place is coming to." "How do you do, you fellows?" said artist number three, joining them. "I see they've hung your picture side by side this year."

Imposing State Capitol

The Nebraska state capitol at Lincoln is a notable innovation in American state edifices. It is a broad, low main building, 400 feet square, constructed around four courts. In the center rises an impressive square tower 400 feet high. The facade, with its colonnade, suggests that of the Pitti palace at Florence (1499); while the tower indicates modern German influence, recalling at the same time the turreted structure over the crossing in the older cathedral at Salamanca, Spain. Bertram Grosvenor Goodhue was the architect.

Orchids Need Much Care

Orchids, of which there are numerous varieties, are the most costly of cut flowers, for good reason. It takes seven to eight years for the plant to reach the flowering stage, and in all that long period it must be cultivated under a uniform temperature and otherwise cared for, even after it begins its single bloom a year.

The sowing and incubation of the seed are done in the laboratory in flasks or test tubes, in which the seedlings germinate under sterilized conditions.

MRS. J. TURNER VALUES CANNED VEGETABLES FROM GARDEN AT \$74.90

Mrs. J. Turner, garden demonstrator of the Blanco Home Demonstration Club spent \$7.00 for hot bed, garden seed and strawberry plants. From this she has canned 255 quarts, has ten pounds of dried vegetables and 19 varieties in the canned vegetables. Mrs. Turner gathered over ten gallons of English peas, 80 gallons of cucumbers and many other products. She values her vegetables at \$74.90. She has made permanent plants of asparagus, rhubarb and strawberries in her hotbeds. Mrs. Turner raised all the tomato plants for herself and family and two other families and also cabbage and pepper plants. "We are going to have another garden next year. My husband says 'If we had plenty of water we would take in the field back of the garden,' Mrs. Turner states. Besides her canned products, Mrs. Turner had all the fresh vegetables for the family that they could eat."

MRS. CHAS. B. SMITH HAS CANNED 764 QUARTS OF FOOD FOR HOME USE

Mrs. Chas. B. Smith, 4-h pantry demonstrator in the Harmony club, has canned for her family of five, two adults and three children; 133 quarts of green and leafy vegetables, 59 quarts of other vegetables, 55 quarts of starchy vegetables, 139 quarts of fruits, 120 quarts of tomatoes, 72 quarts of meat, 120 quarts of pickles and relishes, 75 quarts of preserves, 150 quarts of miscellaneous articles. These all make a total of 764 quarts canned, in addition to this 160 pounds of dried vegetables and 160 pounds of home-made American cheese. Mrs. Smith values her pantry at \$302.35. All of these products were raised in her garden except the dewberries. Mrs. Smith states "I spent less than \$2.00 for seed this year. We often wonder if fall beans pay. My beans bore until frost, I canned the last of them on November 2. Mrs. Smith won second as pantry demonstrator at the Floyd County Fair and is well known as a pantry demonstrator of home demonstration clubs of this county. The work of this lady portrays what is being done by many of the ladies of the county and will go a long way in diminishing the panic which we have been living through during the past several months."

FUNERAL SERVICES HELD FOR G. W. TURNER WEDNESDAY AFTERNOON

Last rites were said for G. W. Turner Wednesday afternoon at three thirty o'clock by Elder Charlie Greaves. Services were held from the Wall Street Church of Christ with F. C. Harmon in charge of the arrangements. G. W. Turner died Tuesday evening at 9:30 o'clock at the home of a son L. B. Turner from a heart ailment. He had been in failing health for some time. Deceased was 77 years, six months and twenty five days old; being born in Tennessee April 8, 1854. Mr. Turner had made his home with his sons here for the past ten years. Surviving are three sons and three daughters, they are: L. B. Turner, E. W. Turner and V. D. Turner all of this city; daughters, Mrs. Tom Croft, Floydada, Mrs. T. E. Miller of Paragould, Arkansas, and Mrs. H. M. Poff of Grand Junction, Colorado. All were present for the funeral services with the exception of the daughters who live outside of Floydada and were unable to attend. Interment was made in the Floydada Cemetery.

CLASSIFYING OF LANDS IN MOTLEY COUNTY UNDER WAY BY GEO. A. LIDER

Geo. A. Lider, local engineer, is working in Motley county at the task of classifying and appraising the lands in that county for the equalization of tax renditions. Mr. Lider expects to complete the work in the first part of next year in time for the new classification to be used by the court next year for a basis of equalization of the lands for taxes. J. E. Swinson transacted business in the western part of the panhandle and eastern New Mexico during the past week. He reports an abundance of all kinds of farm and truck crops in the vicinity of Portales, New Mexico.

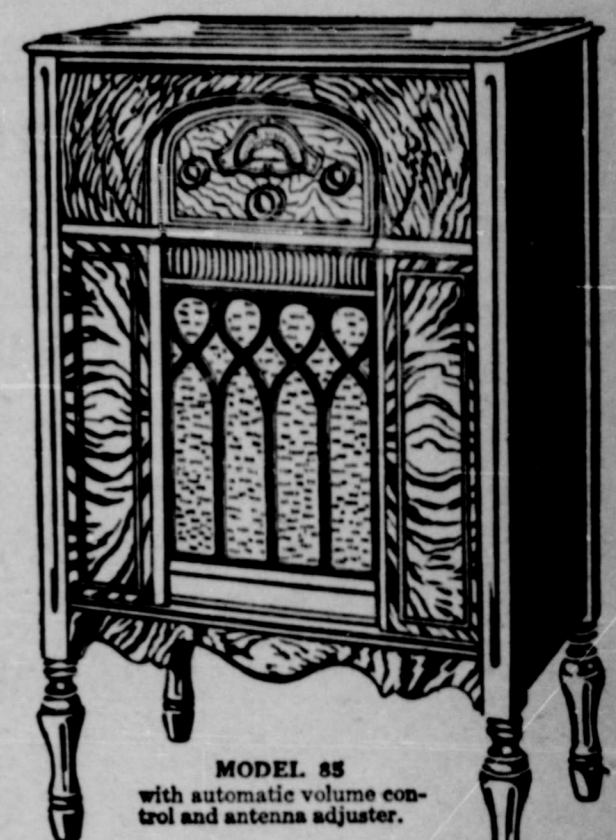

Hal Lattimore, of Lubbock, spent Friday night with Mr. and Mrs. Bob Smith of this city. Mr. Lattimore was formerly connected with the Floydada Steam Laundry.

3 RULES big help to BOWELS

What a joy to have the bowels move like clockwork, every day! It's easy, if you mind the simple rules of a famous old doctor:

- 1. Drink a big tumblerful of water before breakfast, and several times a day. 2. Get plenty of outdoor exercise without unduly fatiguing yourself. 3. Try for a bowel movement at exactly the same hour every day.

Everyone's bowels need help at times, but the thing to use is Dr. Caldwell's Syrup Pepsin. You'll get a thorough clearing-out, and it won't leave your insides weak and watery. This family doctor's prescription is just fresh laxative herbs, pure pepsin, and other helpful ingredients that couldn't hurt a child. But how it wakes up those lazy bowels! How good you feel with your system rid of all that poisonous waste matter.

THE NAMES

In observance of this day we honor the memory of heroes whose sacrifice bears witness that there is character in humanity, . . . faith in men, . . . courage in the world . . . Let us read again the names of those who died for the preservation of the American tradition of Independence, . . . of spirit, . . . of thought, . . . of action . . . As we review their deeds may we acquire in our own hearts some part of their valor . . . May they live again in our renewal of courage . . . We fail to live up to our heritage when we cease to pay tribute to those who gave their all in carrying through to victory in the dark days of the World War.

WHIRLWINDS! You Have Our Support

Our best wishes, our fondest hopes and every ounce of our "rooting" power go with you as you enter the game Wednesday afternoon against the Lockney Longhorns. We are anxious for you to defeat the Longhorns—decidedly so—but win or lose we know you'll be fighting with every ounce of your energy until the very last whistle has blown. We simply want to remind you that the only worth while victory is a victory of indisputable fair play and clean sportsmanship. Remember too, that every citizen of Floydada . . . everyone, is pulling with all his might for you to emerge victorious. We respectfully dedicate this space to your success.

FIGHT LIKE GENTLEMEN THAT YOU ARE—BUT FIGHT HARD!

TO THE COACH—L. T. BARKSDALE

Our thoughts and best wishes will be with you Wednesday afternoon as well as with your Fighting Whirlwinds. We feel sure the superior coaching you have given the boys will be reflected in the game with the Lockney Longhorns. We sincerely believe the boys will win.

Splendid Records Made by Old Clipper Ships

The clipper ships which were constructed for the California trade were built with extreme care, although, as far as possible, everything was sacrificed for speed.

Clippers costing as high as \$80,000 sometimes paid for themselves on their first voyage. There is the story of one old sea captain who was anxious to carry sail as long as possible and padlocked his gear so that sailors could not take in sail without orders.

The Flying Cloud, which was built in East Boston by Donald McKay, was one of the fastest clippers ever launched. She had a figurehead of an angel on the wing carrying a speaking trumpet.

She sailed from New York to San Francisco in 80 days and 21 hours, covering in one day 433 statute miles, 42 miles faster than any steamship had then done in the same time.

Region of Fierce Heat Just Above the Earth?

Just a mere 50 miles above our heads the temperature is between 1,000 and 2,000 degrees Fahrenheit, according to a new theory of the earth's atmosphere presented by Prof. B. Gutenberg, of the California Institute of Technology.

Gold Has "String" Attached Sooner or later the tourist who is really a tourist, and not merely a tripper, turns up in Johannesburg, the most interesting city in the southern hemisphere, says a traveler, and when he does he wants to learn all about the gold that dig up in such great quantities from the Witwatersrand mines.

Hunger Now Good Form Every school child used to be asked those two questions: Do you live to eat? Or do you eat to live?

Now the fashion has changed—appetite is stylish, and hunger is in good form, according to the etiquette tipsters of the Woman's Home Companion. They assert that society is now unanimous in ruling nowadays no one wishes to eat merely to live.

Monkeys Are Troublesome Mischievous wild monkeys which live in the mountains around the historic Japanese town of Nikko are worrying villagers by raiding fields and poultry yards.

Enemy of Rubber Heat is an enemy of rubber, therefore, tires, particularly the spares, should be protected from the sunlight. In choosing a tire cover select one that will have a tendency to neutralize sun rays, thereby prolonging the life and usefulness of the spare tire.

College Periodicals

The precursor of college periodicals was the Dartmouth Gazette, published in 1800, which numbered among its editors, Daniel Webster.

Explaining Ghosts It is said by some that the haunting of ruins by ghosts, which appears to have been a universal superstition in ancient times, was due to the belief that a ghost preferred a house to haunt if it could obtain one, and that it selected a deserted or ruined habitation because there were no longer amulets or charms to keep it out.
