Floydada, Floyd County, Texas, Thursday, January 7, 1932

NUMBER 4

## Citizens Gather In Mass Meeting To Discuss Taxes

### TAXPAYERS ASSOCIATION MAY BE ORGANIZED

Over 75 interested parties were present at a meeting of taxpayers for "Tax Reduction and Home Protection," which was held in the county court room here Monday afternoon beginning at 1:30 o'clock.

D. D. Shipley acted as temporary chairman at the beginning of the meeting and appointed W. C. Cates chairman. Mr. Shipley stated the purpose of the meeting as "Tax Reduction and Home Protection." The latter clause was stated due to Mr. Shipley's arguments that homes in Floyd County would be lost if the taxes were not reduced.

Mr. Shipley then addressed the assembly calling attention to several reasons why taxes should be reduced; and expenses defrayed by a cut in salaries of Floyd County officials. He further pointed out that more than 40 years ago that he with his parents moved to the plains and settled on a body of land. At that time Mr. Shipley's father decided that the plains soil was the best that he had ever seen and made his home here. He traced the development of the schools and county management to the present time and then stated that the country was still good but that the fault was in the management.

Mr. Shipley gave statistics showing that one-third of the people in the United States produced goods to support the other two thirds. He further stated that one sixth of the people in the United States were paid their salaries out of the taxes assessed. Mr. Shipley gave a number of arguments for tax reduction and reduction of public expenditure. He is one of the strongest enthusiasts for tax reduction in the county. He also stated that the Floyd County commissioners were being paid too much and that by a reduction in the salaries they had that some of the county expense appropriation might be cut down.

Colonel W. M. Massie, when called on for a statement on the matter, stated that he stood "flat footed" for a large tax reduction. He stated that he did not want a 10 or 15 percent reduction but a substantial reduction from 40 to 50 percent. Mr. Massie stated that in the good times that the taxes were raised in "leaps and bounds" and that in times like the present that they should be lowered in the same manner. He showed that the property in the county was being taxed on the same basis as that of 3 years ago when the value was much higher than at the present. Mr. Massie stated that he believed that every tax payer should endeavor to pay their taxes and had always done so himself but that the present taxes were too high. He further stated that he believed that every Floyd County official would be in favor of a cut in salary.

Colonel Massie also mentioned the fact that the railroads and other transportation facilities had helped bring about higher taxes as a result of assessments made on them. He stated that he was very much enthused over the matter that was pending and that he would do everything in his power to secure a substantial slash in taxes.

Commissioner George Fawver asked Mr. Massie, during the course of his speech to the group, the question: "How Can Floyd County Pay the Indebtedness With a Lower Tax?" Mr. Fawver further stated that the state and national taxes were the ones to have reduced and that this was the only sure course to take to secure a substantial reduction in taxes.

Mr. Massie stated that he was firm in his belief that tax reduction and reduction of expenses should begin at home.

Considerable discussion was had on the matter as to where the reduction and cutting down of expenses should begin. Most of those expressing themselves were unanimous in their opinions that tax reduction should begin at home in Floyd County and that if every county would combine in the state that a lower tax for the state would be received.

### COUNTY COURT POSTPONED UNTIL MARCH TERM

Floyd County court which was scheduled to be held this week has been postponed until the third Monday in March.

Due to the inclement weather conditions and sickness in the families of the jurors summoned the December term was postponed and the cases will be tried beginning the third Monday in March.

### PASCHAL FARM HOUSE DESTROYED BY FIRE THURS.

The farm residence occupied by Harry Morekle located three miles north of town was almost completely destroyed by a fire which occurred last Thursday afternoon at four o'clock. The house was owned by C. F. Cherry, of Slaton, a railroad conductor there. The house and location is known here as the Paschal farm.

Mr. Morekle carried no insurance on his furniture and other furnishings and it is not known here whether or not Mr. Cherry has insurance on the house. A washing machine and other articles were saved.

### J. A. GOINS FAMILY MOVING TO CANYON TO MAKE HOME

Mr. and Mrs. J. A. Goins and daughters, Misses Hattie and Glessie, moved to Canyon Saturday to make their home until the close of school. Miss Hattie has been attending W. T. S. T. C. there for the past term and Miss Glessie will enroll this term.

J. C. Dickey and W. A. Cates, gave their discussions and opinions on the matter.

Alec Shipley, former resident of this county for a number of years and now a resident of New Mexico, was called on to give some arguments on the matter. Mr. Shipley stated that for the past seven months that he had made a study of the matter of taxes. He gave statistics and explanations that if the taxes were increased and government employees were increased in the future as in the past that by 1953 one out of every two persons in the United States would be paid by taxes.

Mr. Shipley also traced the taxes from the early biblical days to the present, pointing out that taxes had been the source of troubles in governments since history started. He gave statistics on Floyd County which showed that if all the money in the banks in Floyd County was checked out that it wouldn't be enough to pay taxes. Mr. Shipley also discussed school expenses and taxes and cited some statistics on the Floyd County and Floydada schools. He stated that he was not in favor of the school system as it stands today and that improvements be made and taxes thereby reduced.

Most of the discussion Monday afternoon was on the causes of high taxes locally and how reductions could and should be made. Most of those speaking were in favor of a reduction in taxes locally and a cut in salaries paid to county commissioners. Although no permanent organization was made in the meeting Monday afternoon, opinions expressed showed that a tax payers association might be formed in the county soon.

At the closing of the meeting Monday, D. D. Shipley in his discussions of the school tax, called attention of the Floyd County and Floydada school trustees to the fact that, if they allowed the school officials to make the expenditure budget that no reduction in expenses, resulting in a lower tax, could ever be made.

It was decided by the tax payers present that another meeting for further discussion would be held Monday with the Floyd County court. A large crowd is expected to be present at the meeting Monday if weather conditions are favorable. The meeting will be called at 1:30 p. m.

Shake it Off!

All members requested and urged to be present. Visitors welcome. Music will be furnished for the occasion by the Floydada orchestra.

Daniel Probaseo and Charles Brown returned Monday to Lubbock to enroll in Tech College.

### MRS. P. G. STEGALL MOVES TO PLAINVIEW

Mrs. P. G. Stegall and daughter, Miss Vivian, moved this week to Plainview where they will make their home for an indefinite period of time. Miss Vivian will attend Lip-perts Business College there.

Mrs. Stegall and family have been residents of Floydada for a number of years and are well known over Floyd county.

The Stegall home here will be occupied by Mr. and Mrs. Dyer.

### CITY PARK CHURCH OF CHRIST REVIVAL BEGAN FRIDAY

The City Park Church of Christ revival, conducted by John M. Rice, of Abilene, began Friday evening, January 1. A good meeting is being held although the weather conditions have kept a number of persons from attending the revival.

Services are held every evening, no morning services are held during the week. The revival will continue for an indefinite period.

### 20 IN MID-TERM GRADUATING CLASS ANDREWS WARD

Approximately twenty students will graduate from Andrews Ward school to high school at mid-term this year. Exercises will be held Friday evening, January 15, at 7:30, conducted by Rev. N. E. Tyler, who will preach the baccalaureate.

Mid term examinations given next week will determine the graduates. Gayle Bishop, Floeta Manning, Kathleen Hodge and Fern Finkner were the students exempt from examinations in all subjects. A number of other students will be exempt in some subjects.

Graduating exercises will be held in the Andrews Ward auditorium.

Mark Duncanson returned home Thursday from Lubbock where he spent the Christmas holidays visiting.

Winifred Newsome left Saturday for Waco, where he will attend Baylor University for the winter and spring term.

Miss Evelyn Dennis returned Sunday from Itasca, where she spent the Christmas holidays.

### 500 ENTRIES EXPECTED IN COMING POULTRY SHOW

According to Show Manager Edwin Heald, more than 500 entries are expected in the Floyd County Poultry Show which will be held here January 15 and 16. Exhibits will be placed in the Floydada Hatchery Building which is large enough to house the county entrants.

H. B. Lansdan, A. P. A. judge, of Lubbock, will judge the entries. Judging in the show will begin Friday afternoon and all entries must be in by noon Friday. "Exhibitors are asked to call at the Floydada Hatchery in advance of the show dates in order that we may make arrangements to take care of their entries," Mr. Heald states. "All birds entered will be copped in standard A. P. A. exhibit coops," for the duration of the show.

No entrant charges will be made and a free door will be made to those wishing to see the exhibits. Ribbons will be awarded to first, second, third and fourth place winners in the exhibits.

Some of the best poultry show birds in the country is expected to be exhibited in the show.

### WHIRLWINDS SECOND TEAM GIVEN SILVER FOOTBALLS

Members of the second team of the high school Whirlwinds were awarded silver miniature footballs as a token of their work during the past year, Monday of this week. The footballs were given at the chapel period Monday afternoon.

Sweaters were also formally awarded to the letter men and two coaches and athletic manager. The boys have been wearing their sweaters for over a week but the usual ceremonies were held Monday.

Mr. and Mrs. Geo. A. Lider and family returned Saturday from Dallas, where they spent Christmas visiting with Mr. Lider's mother and sister.

Mr. and Mrs. Odus Stephen, teachers in the Floydada high school, returned Sunday from Dublin and Navasota, Texas, where they spent the holidays with their parents.

Doc Massie and David Rutledge visited from Wednesday night to Saturday here with friends. Doc is making his home at Corpus Christi, David lives in Fort Worth.

### FLOYDADA SCHOOLS OPENED MONDAY AFTER HOLIDAYS

The Floydada Public Schools opened Monday of this week after having been closed for fourteen days for the Christmas holidays. School was dismissed Wednesday, December 23.

A number of the teachers in the three schools spent the Christmas holidays visiting out of town but returned in time for the opening Monday.

The 1931 term will be closed with the mid-term examinations which will be given after two weeks of review work. Seniors who will graduate will probably be known when the examinations are completed, in the high school.

### EX-SOLDIERS POSTPONED MASS MEETING TO JAN. 11

Due to weather conditions, the mass meeting of ex-service men, which was scheduled for last Monday night, January 11. A number of ex-service men were present at the meeting at the American Legion home, but not a large enough crowd to vote on the payment of the balance of certificates.

Ex-service men are asked to be present and vote on the payment of the balance of adjusted compensation certificates.

### TO PREPARE A HOT BED FOR EARLY GARDEN PLANTS

The following was given by Miss Martha Faulkner, county home demonstration agent, as a method to prepare hot beds:

To grow an early garden it is necessary to start such crops as cabbage, cauliflower, tomatoes, egg plant, and peppers in a protected place and then transplant them. A hot bed is an excellent place for getting the plants started. When the plants begin to crowd each other they should be transplanted to give space of four inches each way from them.

Plants should be hardened before moving to the garden in order that they will be able to withstand adverse conditions. This is done by gradually exposing the plant in hot bed to right temperatures and by withholding water from them. They should always be watered twelve hours before transplanting.

Pit. Assuming that the gardener is to use two sash (6x3 feet each) frame, the pit should be 8 feet long, 7 to 8 feet wide and 18 inches deep so that when the frame is placed on, the manure will extend beyond the boundaries of the frame. By banking the manure around the outer edges of the frame the temperature will remain practically the same in all parts of the bed.

Manure—Use fresh horse manure that contains one-fourth part of straw or other litter. (Fresh horse manure gives off an even heat and straw is necessary for air circulation.)

The preparation of the manure should begin about ten days before planting the hot bed. Pile it near the pit. If it is dry, moisten it preferably with warm water. Moistening is especially necessary in the case of small piles. Make the piles of manure firm or it may not heat evenly. Allow to remain for two or three days. Re-pile when heated. Putting the outside on the inside, if dry, moisten again, place in the pit, packing it in layers as placed in. Firm the corners and edges well. Fill the pit to within five inches of the surface of the soil, add a five inch layer of soil.

Allow to remain in this condition about one week. Plant seed and water.

Miss Wilma Brock, of Lubbock, spent the week end visiting with Miss Vela Blansengame. Miss Brock is attending Texas Tech College at Lubbock.

Miss Mildred Abernathy and Miss Robyn Swinson, visited over the week end with friends in Plainview.

### FLOYD COUNTY SCHOOLS RECEIVE PICTURE EXHIBITS

All of the schools in Floyd County, thirty in number, have received pictures to be exhibited in classrooms in their buildings. Two groups of pictures were distributed through County Superintendent Price Scott to rural school principals and teachers, one was a large likeness of George Washington and the other a picture of the Texas State Capitol Building.

The picture of the United States' first president was sent out by the Bi-Centennial Commission of Washington, D. C. The Texas State Capitol Building portrait was given to the schools of Texas by Mrs. Seecy of Austin, in honor of her daughter, Edna Seecy. Mrs. Seecy, a wealthy Austin resident, had the pictures made from a famous oil painting of the capitol structure.

Several rural school officials stated that they would have some kind of patriotic program at the time of the presentation of these pictures.

### BASKETBALL TOURNAMENT IS RE-SCHEDULED FOR JAN. 29 AND 30

Floydada's annual South Plains Basketball Tournament has been postponed until January 29 and 30. High school officials in a meeting early this week decided that the South Plains Tournament, which was previously scheduled to be held here Friday and Saturday of this week, would not be held but would be on January 29 and 30th.

Letters stating that the tournament has been postponed have been mailed out by W. E. Patty, superintendent of the local school, to school coaches over this section. Over thirty teams are being invited to enter the tournament. The same plans as previously arranged will be followed in the tournament.

A number of teams that have entered tournaments here at past years will be guests of Floydada at this tournament. Gold basketballs as first place prizes will be awarded, silver basketballs will be given runners up.

### MOISTURE FALL IS ALMOST 1 INCH DURING PAST WEEK

Rain, snow and heavy mist combined to leave a total moisture content in Floyd County of approximately three-fourths of an inch. Colder weather accompanied at intervals by rain and mist was prevalent during the week, broken at intervals by warmer periods and almost clear skies.

Snow, which followed a rain Monday afternoon and evening, blanketed the county with a two inch covering. The moisture content of the snow was approximately two tenths of an inch.

Melting of snow and ice, formed by a hard freeze Tuesday morning, caused roads in the county to become heavy and traffic was considerably slower.

### H. L. BRUNKS COMEDIANS TO SHOW AT PALACE THEATRE

H. L. Brunks Comedians show will appear at the Palace Theatre next week. The first performance will be Sunday afternoon, January 10th.

The company is composed of twenty people a band and an orchestra. Opening play is entitled, "Apple Sauce" will be on Sunday afternoon. This play showed for two seasons in a New York theatre.

A vaudeville between acts will also compose a part of the show.

Miss Wana C. Water, of Quanah, is visiting with Misses Helene and Marjorie Hay here for the next several days. Miss Tawater was formerly a student in Floydada high school.

Mr. and Mrs. Jack Deakins visited over the week end in Snyder with Mr. Deakins' parents. Marion Heald accompanied them to Snyder.

**KEEP YOUR MONEY MOVING**

One of the reasons why four million people are out of work in the United States—in fact, almost the only reason—is that too many people who have money have stopped spending it. In the discussions which led to the formation of the National Credit Corporation, it was estimated that more than a thousand million dollars has been taken out of cir-

ulation, out of the banks, and hidden away in safe deposits and mattresses by people who are almost paralyzed by the fear that they are going to lose what they have accumulated.

In ordinary course of business every dollar changes hands seventeen times a year. To take a billion dollars out of circulation means a loss of seventeen billion dollars of business and that, the experts say, is a large enough sum to keep four million persons at work.

There are much safer things to do with money than to hide it. Money is not of the slightest value except to spend. Hidden away it earns nothing, and if enough of it is hidden it actually loses its value.

Anybody who is holding currency because of fear would be better off to invest it in anything. The safest of all places to put money is in improved real estate. If there are no commodities that you feel a desire for, and you have money that is not working, why not put it into one of these perfectly safe investments and get it back into circulation? Until most of the hoarded money begins to work again, we are going to continue to have hard times; as soon as this money gets to work, prosperity will come back almost instantly.

Let Cavanaugh do your printing.

**COMPULSORY VOTING**

We sometimes wonder what would happen if everybody who is entitled to vote at a Presidential election were compelled to go to the polls or go to jail. The first thing we would have to do would be to build a lot more jails. For at the last Presidential election, in 1928, only just a bare half of the citizens who were entitled to vote took the trouble to do so. According to a recent report of the Census Office, there are 72,943,624 persons more than twenty-one years old in the United States. The total vote cast for all candidates for president in 1928 was 36,724,523.

We are not sure but what there is some merit in the idea of compulsory voting. Something of the sort is being tried, we understand, in some of the smaller young republics of Europe. We believe it would be a very good thing for the nation if some way could be found to make it absolutely necessary for every citizen of voting age to go to the polls, at least once every four years, and cast some kind of a ballot, whether intelligent or not.

We believe that the forces of corruption in public offices retain their main power because such a high proportion of people who regard themselves as good citizens do not take the trouble to cast their ballots. We believe that it would be an effective way of making our people recognize that they are really a part of the government, if we could figure out some way of making it worth while for every body to go to the polls on election day, or uncomfortable for them if they did not. And when election was over there would be no question in anybody's mind as to what the nation as a whole really thought about the candidates and the issues.

**CAKES BUILT THIS FARM LIVING ROOM**

Wanting to make over her living room in 1930 but lacking the funds, Mrs. W. C. Rogers of Bar-B Home Demonstration Club in Howard county, improved her poultry house and poultry rations instead, doubled the flock production, and sold the eggs at \$1.09 per dozen in the form of angel food cakes and chess pies. In the spring of 1931 she took \$103 made in this way to work a miracle in the living room of the old farm place. This in brief is the story of the woman who won first in the county and third in the district in the 1931 Texas Improved Living Room Contest.

"It takes the whites of 11 eggs to make one angel food cake," says Mrs. Rogers. "I sold 100 to people in Big Spring for \$1 apiece but have since lowered the price and sold 67 of them for 75 cents. I combine the yolks with sugar, butter and cream to make chess pies that sell for 35 cents. Orders are taken on one Saturday and delivered the next, but since the Home Demonstration Club Market opened I have sold my surplus there."

In her living room she laid a new floor, made sheet rock walls which she papered, put in a new glass door, re-finished the piano and living room set, had a writing desk made at the planing mill, and bought a library table. The piano is considered by Mrs. Lucile Allgood, home demonstration agent, to be one of the finest examples of re-finished furniture anywhere.

Miss Fannie Bolding, teacher in the Andrews ward school, visited during Christmas with her sister in Plainview.

Mr. and Mrs. W. H. Cline, of Electra, visited Sunday with Mr. and Mrs. J. S. Collins here.

**THE VERY LATEST BY MARY MARSHALL**

Way back in the eighteenth century they called these dainty accessories of lace or fine linen "modesty" pieces and now that they have been revived in present day fashions the simple old designation is still used.

Modesty pieces or simple modesties came as a natural outcome of the fashion for deep V necklines, which are usually more becoming than shorter V's and which give an effect of slenderness that is not possible with a more abrupt neck line. If a modesty piece is to be added to the costume the V opening of the dress may be decidedly low without giving a glimpse of one's slip or handkerchief.

Many of the new wool dresses are made with these dainty additions, but

sometimes a dress designed to be worn without one is improved if one is added. If you are rather short and rather plump you may find that V neck lines which would otherwise be much too deep may be worn with the addition of these lace or lingerie additions.

You can buy these accessories ready made or you can make them yourself. But remember that they should be made of fine material, lace, fine linen, mull or organdie. The new idea is to make them in square shapes, arranging the lace or embroidery along one side where it will be seen at the V opening and finishing the other side of the square with a fine rolled hem and an edging of fine lace. This of course does not show but it gives a sense of daintiness that appeals to the well dressed woman.

Miss Carrie Dixon, teacher in the Lakeview school, returned Sunday from Ballinger, where she visited during Christmas.

Miss Clarabelle Carter went to Canyon Thursday where she enrolled in the training school department of W. T. S. T. College.

**POISON in Your bowels!**

Poisons absorbed into the system from souring waste in the bowels, cause that dull, headachy, sluggish, bilious condition; coat the tongue; foul the breath; sap energy, strength and nerve-force. A little of Dr. Caldwell's Syrup Pepsin will clear up trouble like that, gently, harmlessly, in a hurry. The difference it will make in your feelings over night will prove its merit to you.

Dr. Caldwell studied constipation for over forty-seven years. This long experience enabled him to make his prescription just what men, women, old people and children need to make their bowels help themselves. Its natural, mild, thorough action and its pleasant taste commend it to everyone. That's why "Dr. Caldwell's Syrup Pepsin," as it is called, is the most popular laxative drugstore sell.

**FREE AIR CAN COST YOU plenty**

**SKIDDING, bouncing, careening their way** on winter's icy streets and snow covered roads, thousands of motorists entrust their safety with tires that haven't a chance to hold. Tires for which the makers advise that the pressure be "kept up" to prevent fast wear or sudden failure.

For safe winter driving ride on the low-pressure General Dual-Balloon... about which General says: "keep the air in these tires down... not up." Ride on 30% less air than any other tire can stand. Think of it! Here is a tire designed and built for much less air than you've ever dared with other makes... a tire that hugs and grips the road with soft, wide-spread, positive traction. A tire that brings you new safety... new comfort... new peace of mind... no matter what the road or weather.

Equally amazing, this same exclusive low-pressure construction makes the General Dual-Balloon Blowout-Proof as well.

This winter, don't skid. Equip with low pressure General Dual-Balloons now.

## Restless CHILDREN

CHILDREN will fret, often for no apparent reason. But there's always Castoria! As harmless as the recipe on the wrapper, mild and bland as it tastes. But its gentle action soothes a youngster more surely than a more powerful medicine.

That's the beauty of this special children's remedy! It may be given the tiniest infant—as often as there is need. In cases of colic, diarrhea or similar disturbance, it is invaluable. A coated tongue calls for just a few drops to ward off constipation; so does any suggestion of bad breath. Whenever children don't eat well, don't rest well, or have any little upset—this pure vegetable preparation is usually all that's needed.
