You Just Think You Save Money

ORDERING JOB PRINTING FROM OUT-OF-TOWN!

Mr. Merchant, let's lay the cards "face up" and see what they reveal See, in other words, if patronizing out-of-town printing concerns means money to you.

Candidly, we say no, because for the simple reason the money you send out of town for printing supplies never comes back to Floydada and it has reduced the buying power of employes of the local newspaper. If the money you spend out-of-town was spent here instead, even if it might cost a few cents more, in a year's time you will have realized a dividend from the investment.

We don't care what you want printed we will do it—and give you a better job (nine times out of ten) than you will get from some of these throat cutting city print shops.

Furthermore, the money you could spend for printing, locally, would help carry on the schools, (to educate your children) as well as paying other taxes; it would help keep YOU IN BUSINESS!

Pointedly, Mr. Merchant, you do not like for your Floydada friends to go elsewhere and buy their drugs, hardware, groceries, furniture, dry goods, etc., and when they do you complain. What about the Printer—a Floydada business institution?

All we want is to serve you and help you succeed; you help us succeed, and then Floydada will be a much better town.

Let's forget what the out-of-town firms can do, and instead, let's all work for each other's cause. IT PAYS!

Investigate and seee if there is something in the printing line you need. Then call 187. We will be right there, and as for service, no out-of-town firm can compete.
