VOLUME NO. 3

Floydada, Floyd County, Texas, Thursday, May 26, 1932

NUMBER 24

PARADE TO FEATURE OLD SETTLERS REUNION HERE SATURDAY

The Old Settlers' parade to be staged at 2:30 o'clock Saturday afternoon will be the feature attraction on the program for the Old Settlers' reunion being held here Saturday of this week. Old timers from all over Floyd County and other points in the panhandle will be present, at the informal old time gathering on the court house lawn.

Registration of pioneers will begin Saturday morning at ten o'clock and will be in charge of Mrs. Maud Burrus, chairman; Mrs. J. D. Starke, Mrs. C. Surginer, Mrs. R. C. Scott, Mrs. E. P. Nelson and Mrs. Glad Snodgrass. Members of the Floyd County Pioneers' Association, those who have lived in Floyd County for 25 years or over, will be given badges signifying that they are old settlers, by the badge committee, as they register. Those on the badge committee are: Mrs. Mary Boerner Ross, chairman; and Mrs. Nora E. Bishop Cox.

Following the registration and informal greetings by old timers with one another, two minute spontaneous speeches will be made preceding the basket dinner. Many old settlers of Floyd County will address their fellow pioneers during this period.

Those present at the gathering will enjoy a "basket dinner" at the noon hour, which is an additional feature of the day's reunion.

"We are especially urging that those who plan to attend to bring a basket dinner for themselves and their guests for the day and enjoy this dinner," Glad Snodgrass said. Mr. Snodgrass is business manager of the Floyd County Pioneers' Association.

"Procedure will be very much in the nature of that of the first reunion held last year, with registration occupying the time during the morning, lunch at noon, the old settlers' parade, speaking and the dance in the afternoon session," Mr. Snodgrass further said.

Mrs. A. S. Hollis, (nee Aura Adams), will be the first speaker during the afternoon, making the welcome address at two o'clock Saturday. Response to Mrs. Hollis' welcome will be made by Mrs. Ethlyn McAdams (nee Ethlyn Broyles).

These speeches will be followed by the historical old settlers parade. Many old timers dressed in the styles of yesteryear will be seen in this parade, either in wagons or horseback. Many Floyd County pioneers will be seen in review during this western characteristic affair.

Merrymaking will be at its height during the parade and during the old settlers dance following. J. A. Fawver and John McDonald will arrange for the music for this occasion. The latest in promenade will be seen when these pioneer men and women gather in the favorite recreation of early days.

Committee in charge of arrangements for the parade Saturday afternoon includes, Roy Snodgrass, chairman; John Maxwell, M. M. Day, J. B. Jenkins, Mrs. Maud Burrus, Mrs. Beatrice Smith, Mrs. E. P. Nelson, Carr Surginer and J. C. Holding.

Many Floydada residents, as well as others from other sections, will be on hand Saturday afternoon to witness the picturesque parade and dance.

Mrs. J. C. Dickey, Mrs. A. J. Welch and Miss Virginia Welch attended the graduation exercises of the Lubbock High School Wednesday night of last week. Mack Scoggin, Mrs. Dickey's grandson, was a member of the class.

DOROTHY ANN DOOLEY IN LUBBOCK SANITARIUM

Dorothy Ann, daughter of Mr. and Mrs. W. R. Dooley, was taken by her parents to Lubbock several days ago for a medical examination. The child has been suffering from mastoid trouble.

Mrs. Dooley is remaining in Lubbock with her daughter while Mr. Dooley is attending to business here. It is hoped that Dorothy Ann will be able to return this week but her condition will not permit her removal as yet.

Physicians attending have not deemed an operation necessary and one will not be performed if possible. She is in the Lubbock Sanitarium.

Latest reports indicate that the child's condition is improving.

MCDERMOTT POST AMERICAN LEGION TO OBSERVE MEMORIAL

The McDermott Post American Legion in keeping with the day Monday, May 30, will observe Memorial Day with a program at the graves of ex-war veterans in the Floydada Cemetery. Announcement of completion of plans for the memorial program was made late yesterday by McDermott Post Commander Bob Garrett.

Members of the McDermott Post American Legion will meet together with others at the Cemetery Monday in an informal program dedicated to their ex-war buddies buried there.

REV. P. D. O'BRIEN ACCEPTS CALL TO COLORADO CITY CHURCH

Rev. P. D. O'Brien, pastor of the First Baptist Church here for the past three years and eight months, formally announced Sunday morning that he would accept a call to become pastor of the First Baptist Church at Colorado City, Texas.

Colorado City has a much larger population than Floydada and the member enrollment of the First Baptist Church exceeds that of the local church by over 300. Rev. O'Brien became pastor of the local church in September, 1928, and has been actively engaged in that capacity since that time.

O'Brien will probably preach his initial sermon to the Colorado City church on the first Sunday in June. No arrangements have been made for a pastor for the Floydada church as yet. Several preachers are being considered by the church members as a whole.

Rev. O'Brien with Mrs. O'Brien and their family will leave the latter part of this month for the new location.

FIREMEN'S AIR CIRCUS TO BE TREAT TO AVIATION ENTHUSIASTS

The second Firemen's Aerial Circus to be staged here Saturday and Sunday of this week will bring to aviation enthusiasts from all over the western part of Texas who will be present some real thrills and interesting knowledge about the flying art.

Les Stringer of Wichita Falls, and Ben Branson of Lubbock, will bring an exhibit group of five planes to perform during the days of the show. These planes will include a six passenger Travelair monoplane and four open cockpit planes.

A special constructed Eaglerock stunt plane will be piloted by "Frenchie", daredevil aviator of Wichita Falls, through breath taking stunts, loops, spins and barrel rolls as an outstanding feature of this year's show.

Wing walking, parachute jumping and other equally daring aerial tactics will be demonstrated at the Air Circus, by the show troupe.

Fireboys to Have Charge
Members of the Floydada Fire Department will have charge of all arrangements and all activities of the show. Ticket sales and collections, traffic direction and other details will be supervised by the fireboys. An admission price to the grounds will be 10 cents for children and 15 cents for adults.

The circus will be held in the massive pasture located one-half mile west of town, where the refueling stops and landing field will be provided.

Two Aerocars to Perform
Two aerocars, small two cylinder planes, will be brought from Lubbock by Ben Branson and his crew of fliers and will be seen in action during the two days of the show. These unique machines will be used in carrying up passengers. They will accommodate one passenger and the pilot with ease but are very small and light weight machines.

The aerocars has a 40 horsepower motor capable of producing an air speed of 70 miles per hour. These miniature craft are very interesting and have caused a great deal of comment where they have been exhibited. Passengers may ride in either the cabin or open planes for \$1.00.

All machines to be flown during the show are of very latest type and will be piloted by licensed aviators. Committee in charge of the show from the Fire Department includes E. S. Price, Hal Drace and Garland Glover.

Harold Terry, student in Cameron A. & M. College at Lawton, Oklahoma returned the latter part of the week to visit with his parents, Mr. and Mrs. J. R. Terry.

Miss Bama Gene Smalley, who is attending W. T. S. T. College at Canyon, spent the week end in Floydada visiting with her mother, Mrs. Alma Emalley.

O. Steven, of Dimmitt, was a business visitor in the Floydada office of the Wilson and Son Lumber Company, Wednesday of this week.

Howard Welborn, student in Cameron A. & M. College at Lawton, Oklahoma, has returned to spend the summer with his parents, near Floydada.

John A. Hollums and Jim Hargroves left Monday of this week for South Texas where they will attend to business for some time.

Miss Daltis Rea and Miss Lucy Crum visited in Plainview Sunday.

BORN—To Mr. and Mrs. Raymond Teeple, Sunday, May 22, a girl.

SCHOOL BOARD TO SELECT SCHOOL COACH SOON

A coach for the Floydada High School athletics for next year will probably be selected by the Floydada Independent School board within the next week. A meeting of the trustees was previously scheduled to have been held Monday night but due to the illness of J. C. Wester, member of the board, was postponed. At this meeting applications for the position were to have been considered.

Applications are being considered from Bob Sumpter of Durant, Oklahoma, ex-student of Oklahoma State Teachers College at Durant; Weir Washam who has been coaching at Spur; and Hunt coach at Crosbyton. Washam is a former football star from Baylor University and Hunt is a McMurry College man.

Although it has not been definitely decided as yet it is expected that one of these three coaches will be elected by the local trustees to coach here next year. The regular meeting of the school board is June 6, but the coach will probably be selected before that time.

FLOYDADA TO BE HOST TO THROGS FROM OVER PANHANDLE

Floydada will be host to a large number of out-of-town visitors Saturday and Sunday of this week when the Old Settlers reunion will be held and the Firemen's Air Circus staged simultaneously.

A large number of old timers will be here from surrounding counties as guests of the Floyd County Pioneer's Association while a number of aviation enthusiasts will attend the Air Circus Deluxe being sponsored by the Floydada Fire Department.

The old settlers reunion will group together a number of pioneers whose knowledge of aviation will not exceed that of the younger people but whose experience is marked on the milestones of civilization in West Texas.

Saturday will be a day of enjoyment and merriment for everyone concerned as the pioneers meet and discuss old times and hear speeches by fellow old timers and others throng to the scene of the air circus to view the thrilling stunt flying, parachute jumping and other daredevil stunts, or see Floydada from the air.

A direct contrast in activities will be noticeable when the pioneers discuss the days of ox-wagons, horse drawn vehicles and settlement of the country, while seeing the examples of advancement in the powerful aeroplanes at the air circus.

VISIT IN BOVINA

Mr. and Mrs. John L. West went to Bovina, Wednesday where they visited with the family of Ike Quikel, Rev. and Mrs. Ansil Lynn's family and attended the graduation exercises of the Bovina schools.

They were accompanied home by their son, John Key, and by Mrs. Jane Armstrong, mother of Mrs. Ike Quikel. Mrs. Armstrong and J. K. West spent the week end here. They were accompanied on their return to Bovina by Mr. and Mrs. Paul Murff who will visit in Brice and Amarillo for some time.

Mr. and Mrs. J. B. Dickey of Lubbock, spent the week visiting in Floydada with relatives.

BORN—To Mr. and Mrs. Raymond Teeple, Sunday, May 22, a girl.

T. S. STEVENSON FORGERY CASE TRANSFERRED TO LAMB CO.

The case of State of Texas vs. T. S. Stevenson, charged with forgery was transferred to the Lamb County District Court, by a decision made in Floyd County District Court this week. Attorneys for the defense asked that the case be transferred, saying that an impartial trial could not be had in Floyd County, for Stevenson.

Stevenson, former resident of Floydada and president of the Floyd County National Bank, was indicted for forgery in the January term of Floyd County District Court here. Stevenson was arrested Thursday morning, February 25, this year, after an indictment was returned by the grand jury charging forgery of the name of his brother-in-law, Will Smith, to a note for the sum of \$350.00. The note was said to have been dated, July 7, 1931. Stevenson was released after making bond for \$1,500.00.

Mr. Stevenson, at present a resident of Plainview, moved there immediately following the closing of the Floyd County National Bank here on July 15 last year.

W. Edd Brown and J. M. Willson, both of this city, signed the bail for \$1,500.00 for Stevenson's appearance at the next term of Lamb County District Court to be held in Oltor, Texas.

A. D. CUMMINGS TO TEACH SUMMER SCHOOL BEGINNING MAY 30

The summer term of school for students both of high school and grade school will open Monday morning, May 30, at the Floydada High School building. Students wishing to enroll are asked to be present at the high school auditorium, Monday morning.

A. D. Cummings, superintendent, will have charge of the school and will teach high school subjects. Mrs. A. D. Cummings will teach the grade school subjects. Courses to be offered will be arranged Monday after the students have indicated the subject that they wish to take.

Tuition Reduced

According to Mr. Cummings the tuition for the courses for this year's summer school will be reduced from \$20.00 to \$15.00. \$20.00 has been charged in previous years for three subjects for eight weeks duration of the school.

The reduction in tuition price was made in keeping with the present distressed conditions.

Courses to be taught will be determined following the enrollment Monday morning and school will start Tuesday morning in all probability.

Several have already stated that they would enroll at the summer school. Schedule for the school will be followed similar to previous years with classes beginning between 7 and 8 o'clock and continuing until noon.

ATTENDED PLAINVIEW OLD SETTLERS REUNION

Mr. and Mrs. Glad Snodgrass went to Plainview Saturday where they attended the fourth annual Old Settlers Roundup held there. Old timers from all over the south plains were present.

Mr. and Mrs. Snodgrass saw the old settlers parade and remained in Plainview at the convention for the "chuck" wagon dinner. Both are old settlers of Floyd County.

FLOYDADA DRUG TO REOPEN IN NEW LOCATION BY JUNE 15

The business location now occupied by the Radio Electric Company is being repainted and rearranged to become the new location of the Floydada Drug Company. Fixtures slightly damaged in the Floydada Drug Store fire recently have been renovated to be used in the store. It is expected by the management of the company that the Floydada Drug will be open for business by June 15.

Radio Electric Company will move one door east of their present location in the First National Bank building. Fixtures and stock will be removed from the present location during the next few days. A new floor is being built in a portion of this building and plumbing done. This building was formerly occupied by the Perfect Bakery.

CONTRACT AWARDED FOR CONSTRUCTION OF LAKEVIEW SCHOOL

W. S. Moss, of Lubbock, was awarded the contract for the construction of the Lakeview school building in a meeting of the Lakeview school board Saturday, at which bids were considered which were submitted. The low bid for the construction of the building was \$7,832.00 made by Mr. Moss.

Work on the erection of the building was scheduled to begin yesterday. The contract made with Mr. Moss calls for the building to be completed within 80 working days after the time specified for the beginning of work on it.

A total of 9 bids were submitted on the first consideration all of which were eliminated leaving only three low bids. The three bids considered Saturday were those of, Abilene Construction Company, of Abilene, through J. R. Horn, manager; L. B. Maxey, Floydada and W. S. Moss of Lubbock.

Some minor changes in the plans made for the first bids were necessitated, all of the prices for construction submitted were more than the amount specified to be spent on erecting the building. The contract however, calls for four class rooms, hall way, library room and auditorium.

Several items including furniture, blackboards and other articles have not been selected at the present.

Misses Pauline Rogers and Dorothy Faye King went to Abilene Sunday where Miss Rogers will visit for some time. Miss King returned home after several weeks visit here.

Eulalia Burrus, student in West Texas Teachers College at Canyon, spent from Friday to Sunday afternoon visiting with her mother, Mrs. Maud Burrus in this city.

Mrs. A. B. Duncan is visiting in Canyon with her daughter, Mrs. Joe E. Pitts and her son, Arthur B. Duncan, Jr.

Mr. and Mrs. Gene Pittman and daughter of Lubbock visited over the week end with Mr. and Mrs. R. F. Jackson.

Mr. and Mrs. Louis Jackson, of Lubbock, spent the week end visiting with his parents, Mr. and Mrs. R. F. Jackson.

Mr. and Mrs. J. D. McPhaul, of Lubbock, visited Sunday night with Mrs. McPhaul's parents, Mr. and Mrs. R. F. Jackson, in this city.

JUDGMENT GRANTED IN THREE SUITS FILED IN DISTRICT COURT

JUDGMENT FOR \$12,062.65 GRANTED ED KELLY AGAINST FORMER BANK OFFICIALS

In the case of Ed Kelly vs. T. S. Stevenson, C. Surginer, R. E. L. Muncy and James K. Green, which was tried before Special Judge A. J. Fires of Childress, Monday, May 23, in district court judgement was granted Ed Kelly for the sum of \$12,062.65 against T. S. Stevenson, R. E. L. Muncy, and James K. Green, all former Floyd County National Bank officials.

C. Surginer, a party to the suit, was eliminated from the suit by appearing before the court alleging that he has filed in the district court of the United States for the Northern District of Texas, Lubbock Division, his petition and schedule in bankruptcy and that he has been legally declared insolvent and a bankruptcy at Lubbock in Lubbock County, Texas, and plaintiff agreed not to further prosecute said suit against Mr. Surginer.

The plaintiff alleged in his petition that the defendants executed a promissory note on March 7, 1931, for the sum of \$10,000.00. Plaintiff further alleged in his petition that S. A. Greer, another former Floyd County National Bank official, signed the note with the other defendants but he, also, had been declared insolvent in the bankruptcy court and for such insolvency was not made a party to the suit.

Wahl Granted Judgment
John Wahl was also granted a judgment in district court Monday morning for the sum of \$2,890.00 against T. S. Stevenson and James K. Green.

Plaintiff John Wahl alleged in the petition to the court that he had been sold notes by defendants, T. S. Stevenson and James K. Green, at which time defendants were president and vice president of the Floyd County National Bank respectively. The petition further alleged that Wahl had bought the notes represented to him as being first lien notes, but that it later developed that the said notes were second lien notes.

Allen Recovers Judgment
J. W. Allen, Sr., recovered judgment in Floyd County District Court Monday, May 23, for the amount of \$3,053.72 against T. S. Stevenson and James K. Green. Suit being brought on promissory note by the said plaintiff.

GO ON CAMPING TRIP

Mrs. L. G. Mathews, Charles Mathews and Irene Mathews returned Wednesday from Santa Fe, Raton, Las Vegas and other points in New Mexico, where they had been on a pleasure camping trip.

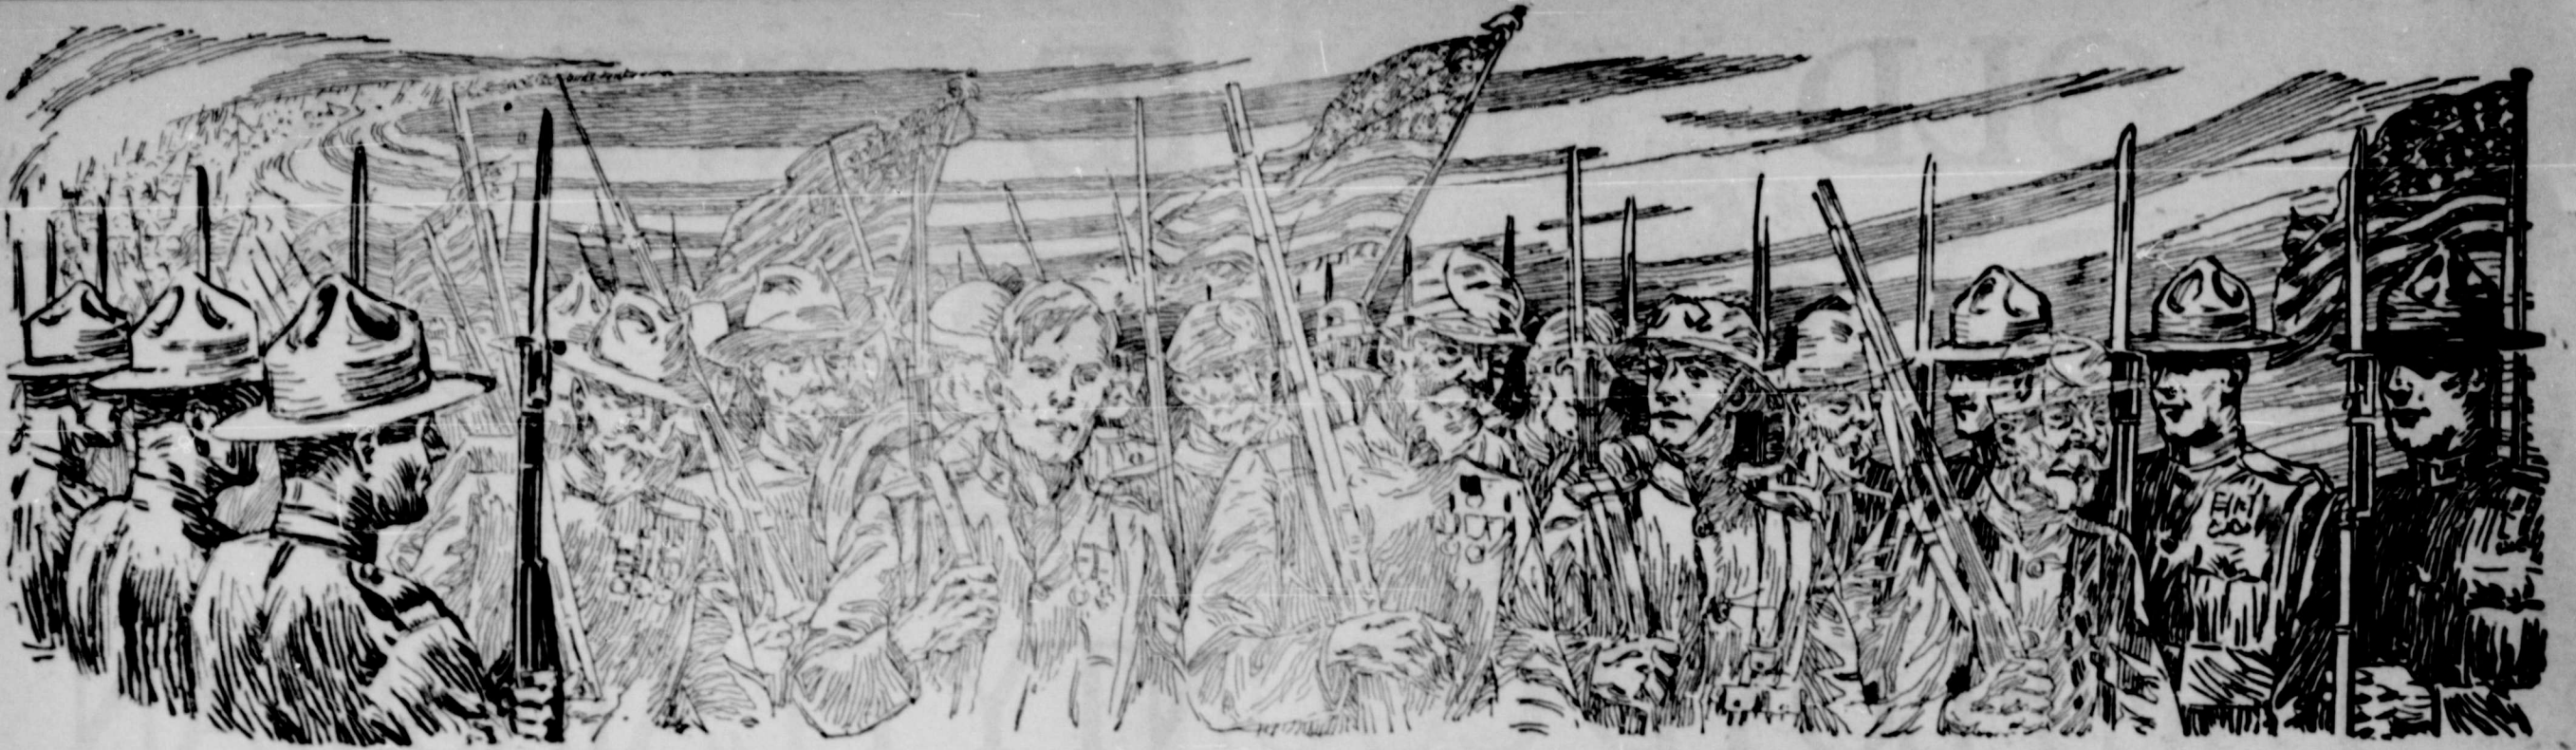

They left Floydada Friday going by Dalhart where they were joined by Mrs. Mathews' sister, Miss Lou Featherston, and her friend, Miss Ray Milujan.

VISITED SON HERE

Mr. and Mrs. J. B. Cole and daughter, Edna Cole, returned to their home in Corsicana Tuesday after visiting with their son, B. M. Cole and family in this city for over a week.

Marilyn Cole, Mr. and Mrs. B. M. Cole's daughter, returned to visit with her grandparents for the summer months.

Miss Jane Douglas Wilson, of Spur, spent the week end visiting with Miss Martha Faulkner here.

Memorial Day 1932, "Their Spirit Goes Marching On"

Next Monday, May 30th, is the day observed in forty-two of the forty-eight states, and in all of the territories of the United States, as Memorial Day. It is the day upon which the nation pays tribute to its honored dead, who served their country at the peril of their own lives. Originally established in the North as a day for decorating the graves of soldiers who had lost their lives in the war between the states. Memorial Day has practically lost its sectional significance; for North and South alike contributed the heroes of the Spanish War and of the great World War, whose memories are preserved with special ceremonial on this day. In the South, in the states of the old Confederacy, where another gray, the 30th of May is now largely observed as the national day of commemoration for all of the brave.

It is meet and fitting that at least once a year the nation should be reminded that our country has had, from its inception, to fight for the liberties, the rights and privileges which we, more than any other people in the world, enjoy so greatly. The seeds of that liberty have been sown in the blood of heroes. We make a great fuss about hard times. We complain with bitterness about our personal business and financial worries. But all the troubles that we in time of peace compelled to bear are insignificant compared with the risk of life itself, which every man who has served under our flag has accepted cheerfully, even jubilantly. There is no tribute too great to pay to those who proved their willingness to make that sacrifice if necessary. To whom do we raise monuments but to these?

Let us, then, who are still living, unite on the 30th of May to praise these illustrious dead, and at the same time let us renew our pledge that they have not died in vain, that the nation which they fought to save shall proceed forever onward toward a higher and more glorious destiny.

1922 STUDY CLUB MET WITH MRS. KENNETH BAIN THURSDAY AFTERNOON

"Intimate Glimpses of Interesting People", was the subject of the lesson discussed in the last meeting of the 1922 Study Club for the present club year. Mrs. J. H. Myers was the leader of the lesson. The club meeting was held with Mrs. Kenneth Bain at her home on South Main street.

Members answered roll call by naming a prominent American. The leader was assisted in the program by four others on the program who gave parts as follows: "Life of Edgar A. Guest", Mrs. O. P. Rutledge; "Life of Walter Dambrosch", Mrs. E. F. Stovall; "General Pershing", Mrs. Dick O'Brien; "Other Outstanding Americans", Mrs. Geo. A. Lider.

Miss Ethna Green of Fort Worth was a guest of the club. The next regular meeting of the club will be the first Thursday in September.

LIGHT SHOWER HERE

A light shower of rain fell in Floydada and vicinity Saturday afternoon at 1:30 o'clock.

No rain was reported from any other part of Floyd County at that time.

Miss Ethna Green of Fort Worth arrived last week for a visit with her mother, Mrs. Jas. K. Green in this city.

TEXAS TRUCK LIMIT STATUTE UPHeld BY SUPREME COURT

Washington, May 23.—The Texas law regulating the size and weight of loads of commercial motor vehicles which may use its highways was today sustained by the supreme court.

In May, 1931, the Texas legislature enacted a law prescribing the size of commercial motor vehicles which might operate over its highways and limited the load transported on trucks to 7,000 pounds.

Challenge Validity

Ed Sprules and others operating motor vehicles over the state highways, some as common carriers and others as private carriers, challenged the validity of the regulations and contended their vehicles could not be lawfully operated under the law.

A district court sustained the law, but granted a temporary order preventing the enforcement of the load limit until the supreme court would review the case.

Not Limited

In an opinion read by Chief Justice Hughes the court held that in exercising its authority over its highway the state is not limited to the raising of revenue for maintenance and reconstruction, or to regulations as to the manner in which vehicles shall be operated, but may also prevent the wear and hazards due to excessive size of vehicles and weight of load.

"Limitations of size and weight are manifestly subjects within the broad range of legislative discretion", it said.

Rightly Prescribed

"In the absence of national legislation especially covering the subject of interstate commerce, this court has had frequent occasion to observe that it is not fettered by the necessity of maintaining existing arrangements which would conflict with the execution of its policy, as such a restriction would place the regulation of interstate commerce in the hands of private individuals and withdraw from the control of Congress so much of the field as they might choose by prophetic discernment to bring within the range of their agreements."

COMFORT for COLICKY BABIES

... THROUGH CASTORIA'S GENTLE REGULATION

The best way to prevent colic, doctors say, is to avoid gas in stomach and bowels by keeping the entire intestinal tract open, free from waste. But remember this: a tiny baby's tender little organs cannot stand harsh treatment. They must be gently urged. This is just the time Castoria can help most. Castoria, you know, is made especially for babies and children. It is a pure vegetable preparation, perfectly harmless. It contains no harsh drugs, no narcotics. For years it has helped mothers through trying times with colicky babies and children suffering with digestive upsets, colds and fever. Keep genuine Castoria on hand, with the name:

Lucky Whalers Found Fortune in Ambergris

Captain Ingristson of the Aukra Whaling company recently secured a whale worth a hundred times as much as any ordinary single whale. The average whale is worth about \$400 for the oil obtained from its blubber. The one killed by Captain Ingristson was worth more than \$40,000.

It was not a very big whale, and it gave no more blubber than usual. But when it was being cut up members of the crew gave a sudden shout of astonishment and delight. Within the whale was found a shapeless lump of yellow matter weighing more than a hundredweight.

That by no means beautiful lump was ambergris, one of the most valuable substances in the world, for it is worth \$20 an ounce, or more than five times as much as gold. Ambergris is in great demand by perfumers, for it has the property of making the odor of any scent to which it is added almost everlasting. Only two larger pieces have ever been found. It is found only in the sperm whale, and is supposed to be a growth caused by the sharp beaks of the cetacean on which the whale lives.—London Tit-Bits.

World Apt to Neglect Its Great Benefactors

Humphrey O'Sullivan was a world benefactor, but he posed as a mere business man. He invented the rubber heel as a necessary sequel to the development of hard streets and sidewalks. Few of the so-called minor inventions have given so much relief and prevented so much injury as the resilient heel. The great benefactors are not always acclaimed. The man who invents a new gun or deadly gas or blows up a town is more likely to be conspicuously honored than is the student, scientist or mechanic who tries to help humanity. The inventor of the machine gun was judged by street standards, a greater man than the one who developed the Concord grape. Jesse James was more prominent than Burbank. The heroes of the workbench, farm, shop and library are not the ones who reap the grapes of public favor. Somehow humanity prefers a killer to a builder. O'Sullivan died almost neglected. The same week a fat, degenerate gangster, died in the same city of New York and he had a \$20,000 funeral and several miles of press notices.—Tulsa World.

Ocean Traditions

A tradition of the sea of Biblical origin explains the use of the term Jonah, applied to a shipmate who is considered unlucky or a bringer of ill luck. Numerous and strange have been the reasons ascribed by ship companies for selecting one of their number to be a hoodoo or a Jonah. Mariners of a century ago believed that no one could so effectively raise a wind as natives of Finland, or Russian Finns, as they were almost reproachfully called. Dana preserves the legend in his "Two Years Before the Mast" in one of the tales of the cook, telling of the loss of one of the crew by drowning; Conrad also, in "Wamambo of that sea classic, "The Tiger of the Narcissus."

Water Supply Long a Worry

An occasional water shortage is nothing new in New York. Even as far back as 1786 it was a matter of concern, as indicated by a writer who said:

"A want of good water is a great inconvenience to the citizens, there being few wells in the city. Most of the people are supplied every day with fresh water, conveyed to their doors in casks from a pump near the head of Queen (Pearl) street, which received it from a pond almost a mile from the city. Several proposals have been made by individuals to supply the citizens by pipes, but none have been accepted."—New York Sun.

Odd Headache "Cure"

In the sixteenth century to cure a headache, the patient took a mixture of pepper and mustard, rolled into a ball about the size of a bean, and rolled it on his tongue. He was to eat nothing, but was to keep rolling this awful mixture in his mouth until cured, says an article in a Boston paper.

The "evil humors" of the head were supposed to be drawn by the pallet in the mouth. Without a doubt, the patient thought he had the evil humors in his mouth after rolling the mixture around for a few minutes.

Uncle Sam's Battleships

Under existing statute laws our battleships and armored cruisers are named for states of the Union; our cruisers for cities. Torpedo boat destroyers are named for distinguished naval officers, for heroic enlisted men, for secretaries of the navy, and in a few instances for United States senators and congressmen distinguished in the naval committee. Mine sweepers are named for various birds. Submarines are designated by letters and numbers.

The Ambassador bridge connecting Detroit and Windsor, Canada, has a clear span of 1,800 feet and was completed at a cost of \$23,000,000. It is 185 feet high at the har-

Heat and Cold in Britain

The maximum temperature of the air in Great Britain recorded in the shade at four feet above the ground is 100 degrees Fahrenheit. This was observed at Wilton house, Salisbury, July 15, 1881, and at Greenwich observatory on August 9, 1911. The lowest temperature of the air recorded in the shade at four feet above the ground is 23 degrees Fahrenheit, at Blackader, Berwickshire, December 4, 1879.

Object of Trial Balance

A trial balance is the testing of a ledger to discover whether the debits and credits balance by finding whether the sum of the personal credits increased by the difference between the debit and credit sums in the merchandise and impersonal accounts equals the sum of personal debits. The equality would show that the items were all correctly posted.

Beautiful Wales

Wales has been called the British Tyrol because of the loveliness of its mountain scenery. Snowdon, the highest peak of the range, has only 3,000 feet elevation, small, indeed, compared to the giants of other mountain ranges, but it holds its own for boldness of outline and grace of proportion. From its summit the outlook is unrivaled in all Britain.

Seats

Architecture and engineering will not be "finished" arts until they devise ways and means for making all theater seats, aisles and center seats unobstructed by pillars and posts, and for building bowls and stadium for every seat of which every line and corner of the gridiron will be in full and intimate view.—Michigan City News.

Berlin Model of Cleanliness

Berlin is the cleanest large city in the world. All things that tend to disturb this perfection are forbidden. One is not allowed to throw things upon the sidewalk; not even in the sacred precincts of one's own property is there allowed disorder or litter of any kind whatsoever. The result is cleanliness and comfort and order.

Vienna, 2,000 Years Old

It is nearly 3,000 years since an urban settlement was founded on the territory which today is covered by Vienna. The small Roman military camp, Vinobona, developed into the modern metropolis with her enormous municipal area of 275.88 square kilometers, second only to London.

The Human Machine

The human race would be a lot more wonderful if it took the same care in selecting filling for its stomach that it exercises in picking the cylinder oil best adapted to the motor car.—Lafayette Journal and Courier.

Kiwanis' Motto

The present motto of the Kiwanis club is "We Build." The first motto selected was "We Trade." The first chapter of the club was organized January 21, 1915, in Detroit.

CONCERT OF AMERICAN MUSIC HEAD AT HIGH SCHOOL AUDITORIUM

The Piano pupils of Mrs. E. C. Thomas were presented recently at the High School Auditorium in a program of American music. The program was arranged for the Celebration of the Bi-Centennial Anniversary of the Birth of George Washington.

Mrs. J. H. Myers, assisting Mrs. Thomas, gave a short explanation of all of the songs and many of the piano numbers given on the program. The Floydada Men's Chorus also assisted in the program.

Following the program of music; J. H. Myers presented the medals of award as follows: Group number 1, Highest Average, Mary Louise Tubbs; Group number 2—Highest average, Sappho Ward; Group number three, Highest average was a tie, Marilyn Cole and Marquinta Price. Club honors—There are three ranks in the La Koo Pla club, that of music lover, Music Learner and Music Player. In order to attain a rank a pupil must win the required honors for each rank in turn.

Those who finished the required honors in order to become a music lover and receive the charm were: Joyce Glass, Jean and Terrell Williams.

Other pupils will finish their honors and receive the charm at the ceremonial meeting this week.

A large crowd of people were present at the recital given at the auditorium, and were well pleased with the program and performance.

Wensel's Store

In a recent issue we mentioned a bird that provides stores for the winter. Wensel's share this foresight.

When slicing a poplar at a sawmill it was found that no fewer than 44 mice had been carefully stacked, one above the other, in an orderly pile, with sand and mold between them, to form an airtight mound. These mice were in as fresh condition as if they had just been caught.

Two magpies had been placed on top of them, and a large collection of acorns filled the hollowed-out cavity to the entrance, which was just large enough for the wensel to slip inside.—London Tit-Bits.

Coconut Propagation

Coconuts are propagated differently from almost any form of fruit or nuts. The coconut, as it forms in the outer hull, is buried in the ground and the embryo gains nourishment first from the coconut milk, and as the growth of the plant advances the white meat which we eat becomes soft and spongy and also feeds the young plant. After a certain stage of development has been reached small roots reach out into the ground, and by the time they are sufficiently long and strong enough to feed the nourishment to the plant from the earth the original coconut has entirely disintegrated.

Milton and Music

Much depends upon when and where you read a book. In the five or six impatient minutes before the dinner is quite ready, who would think of taking up the "Faerie Queene" for a stop gap, or a volume of Bishop Andrew's sermons? Milton almost requires a solemn service of music to be played before you enter upon him. But he brings his music, to which who listens had need bring docile thoughts, and purged ears.—Lamb, in "Detached Thoughts."

Welcome To Floyd County Pioneers!

The men who came westward 40 to 50 years ago bringing civilization, have long since accomplished their ends. Our country is now one vast commonwealth—differing little in its population and characteristics from one coast to the other. The Pioneer with his prairie schooner—rifle and oxen is no longer in evidence—but,

we believe that pioneering spirit is still with us—still necessary—not so picturesquely garbed, 'tis true, but just as adventurous, just as hardy, just as courageous.

Glad to have you here. Your coming to Floydada is the biggest event in months. We hope that your convention is a success in every way, and that your visit is a very enjoyable one.

CLASS DAY EXERCISES PRESENTED SENIORS PROJECT FOR THE YEAR

Senior class day exercises were held at the auditorium of Floydada High School Thursday afternoon at five o'clock. A portion of the program was given in the building and was completed on the campus south of the building.

Selma Linder, valedictorian of the year's class, played a piano solo as opening number on the program. Alice Mae Pyffe gave the class history. Samuel Rutledge, selected as class poet, gave the poem.

A quartette composed of Lola Mayo Grundy, Louise Connor, Madge Dorsey, Pauline Rogers with Lurlyne Clouts at the piano continued the program with a song. Bruce McLaughlin read the class prophecy, which was followed by a class will by Lola Mae Grundy.

Following a chorus by the entire class the processional was played and the program concluded on the athletic field.

Billy Joe Welch, president of the class, presented the class project, which was the improvement of the athletic park, to the school as the beginning of the program on the field. Superintendent-elect A. D. Cummings accepted the class gift. W. E. Patty had been selected to officiate in this capacity but declined to do so.

Several yells for the senior class, class president, A. D. Cummings and others was given by the class.

Roy Homes, photographer, took pictures of the seniors in a group.

FLOYDADA HIGH SCHOOL WILL NOT HAVE PRINCIPAL NEXT YEAR

Superintendent A. D. Cummings will serve both in the capacity of superintendent and principal of the Floydada High School next year. The position of principal has been discontinued for the next school year in high school as an economical measure.

O. T. Williams, vocational agriculture instructor of the Floydada High School, will have charge of a portion of the duties of the principal although he is not permitted by the state to hold this position.

As the offices of the superintendent and principal in the Floydada High School a combination of the two places will not be a difficult situation.

DR. J. O. ELLSWORTH MADE F. H. S. COMMENCEMENT TALK

Commencement exercises for the Senior Class were held Friday evening at the High School Auditorium. Dr. J. O. Ellsworth of Texas Technological College at Lubbock made the commencement address to the group.

The program for the night began with the procession played by Mrs. O. W. Kirk, at the conclusion of which, the seniors were seated on the stage. The stage was attractively decorated, by the junior class, in the Senior class colors, orchid, pink and green, with streamers of crepe paper in the colors forming a beautiful background on the stage.

Rev. I. A. Smith, while the audience and class stood, said the invocation. The auditorium and balcony of the High School was crowded to more than capacity by those attending the closing of school event.

Caps and gowns were worn by the members of the graduating class Friday night. This ceremonial was inaugurated by the Senior class last year.

As the second number on the program Ernel Mathews made the salutatory for the evening. A sextette composed of Esther Tyler, Pauline Rogers, Louise Connor, Elizabeth Daniel, Madge Dursay and Lurlyne Clouts gave a musical number led by Mrs. W. E. Patty, who also lead the song by the entire class.

Selma Linder, valedictorian of the class followed the sextette with the valedictory speech. The class sang the Anvil Chorus as the following number.

Dr. J. O. Ellsworth of Tech college delivered the commencement address on the subject, "Education, Less Barbarism, Education, More Godliness". Dr. Ellsworth's address was made up of concise statements illustrating the subject topics indicated.

In the progress of his talk for the evening Dr. Ellsworth traced the progress of civilization by better methods and advancement of education. He showed the advancement of education in Texas schools in the past two decades, illustrating points with statements concerning costs of education and results of education.

"We formerly thought that the basis of foundation of our character was laid in the homes of the land, but we have come to the conclusion that the true basis of character and ambition is in education", the speaker said in part. He gave illustration pointing to the fact that primitive man had homes, that animals and birds had homes but no education and were barbaric, worshipping other than god.

Dr. Ellsworth concluded his address with a poem which was appropriate for the occasion and clearly outlined his main thought in his talk.

Following Dr. Ellsworth's address, W. E. Patty presented diplomas to the 67 members of the graduation group. Preceding the presentation of the diplomas, Mr. Patty expressed his appreciation for the cooperation of the Seniors during their time in high school and made a short address.

Superintendent-elect A. D. Cummings presented the awards to Selma Linder, Valedictorian and to Ernel Mathews Honor boy. These awards were scholarships which entitle the winners to tuition and other expenses paid in any of 59 universities and colleges in the Southern Association of colleges.
