Floydada Public Schools To Open 1933 Term Monday, September Fourth

The Floydada Schools, the high school and the Andrews Ward, will open for the 1933-34 school term Monday, September 4. The date for the opening was set in a meeting of the trustees of the Floydada Independent School district Monday night.

During the summer months much repair work has been done at both the high school and ward buildings getting them in condition for another year of school. Practically every arrangement necessary has been completed for the 1933-34 term.

Miss Reba Copeland, who has been making her home recently at Plainview, was elected in the meeting as a teacher in the Floydada schools, subject to assignment.

The First National Bank was selected as depository for the school district funds for the year of 1933-1934.

Salaries Remain As 1932
The teachers salaries for the 1933-34 term will remain as in the 1932-33 term by a decision of the board. An economy move was taken when the East Ward school was discontinued in 1932-33 term. Since then rigid economy has been stressed in the operation of the school system.

A building committee of the board was authorized to draw plans for an athletics building and secure bids for the construction of the house. Members of committee are: M. L. Probasco, L. H. Dorrell and J. B. Turner.

The athletic building was a total loss last year by a fire. The building is used to house lockers, showers and equipment of football, track and field athletes.

It was further voted to employ Tony B. Maxey to collect delinquent taxes on personal property and from loan companies.

256 Completed Cotton Reduction Contracts Mailed To Washington

Up to late yesterday a total of 256 approved completed cotton reduction certificates had been returned to Washington D. C., from the office of V. S. Payne, special County agent for Floyd County, in the government cotton reduction plan.

Approximately 665 acceptance certificates had been received in the Floyd County office from Washington. These certificates will be distributed to farmers who have contracts to plow up cotton and they in turn will return them to the local office for forwarding to Washington. Exact date of the first payments to farmers had not been ascertained.

J. N. Johnston's Information On The Highway And Unemployment

None of us know how it happened and what it is all about. One thing we all know is that since 1928 the clutches of a contracted finance have encompassed all men and all lines of business except the get-by bunch "who do not sow, neither do they reap."

The people of the United States have a second four year war beginning in 1929; and under former Presidential administrations would have remained forever in the depression.

\$500,000,000 For Relief
The highway departments of the several states were granted \$500,000,000 to be expended by such departments in accordance with the provisions of the Federal Highway Act approved November 9, 1921, as amended and supplemented and provided as follows:

(1) For expenditure in emergency construction on the Federal highway system and extension into and through municipalities. The amount apportioned to any State may be used to pay part or all the cost of surveys, plans of highway and bridge construction. No funds made available by this law shall be used for the acquisition of any land, right-of-way or easement in connection with any railroad grade or elimination project.

(2) For expenditure in emergency construction on secondary or feeder roads to be agreed upon by the State highway departments and the secretary of agriculture provided the state will provide for the maintenance of said roads. The funds are apportioned among the several states on a population basis and Texas has a present estimated population of approximately 6,000,000 people; hence Texas receives \$24,240,000 of the fund and Floyd County would receive approximately \$4.00 per capita on 12,409 persons or on the basis of 12,600 people, \$50,400 from this fund which is the correct amount. Other funds will be available for the completions of the thirty seven miles through Floyd County. No part of these funds need to be matched by the State or Counties. All contracts involving the expenditure of such grants shall contain provisions establishing minimum rates of wages to be predetermined by the State highway department which contractors shall pay to skilled and unskilled labor and such minimum rates shall be stated in the invitation for bids and shall be included in proposals for bids for the work.

No convict labor shall be employed on any such project; no person employed shall work more than thirty hours in any one week; that employees shall be paid reasonable wages as to insure a standard of living; preference shall be given to ex-service men with dependents; and local labor to be employed when available and qualified; that the maximum of human labor shall be used in lieu of machinery whenever practical and economic; all men will be examined and assigned to work they can do best; all expected to work.

The highway through Floyd County will be constructed as surveyed. Rapid progress is now being made in procuring the right-of-way to the Hale County line. The efforts to prevent the construction will be tried out in the courts. The delay in the courts will not delay the construction of the highway. The delay now is the adjustment of the new law relative to the application of the rules in the state and the rules by the Federal Government. Every loyal citizen should give full support to the greatest public project in Floyd County.

J. N. JOHNSTON.

Judge L. G. Mathews and Dudley Hill, of Floydada, are attending the Texas National Guard Encampment at Palacios, Texas. They left last week.

Brother-In-Law of Mrs. Bob Smith Died at Denver, Colorado

Mrs. Bob Smith of this city left Tuesday afternoon at 3 o'clock from Plainview to go to Denver, Colorado, to attend funeral services for J. E. Kent, her brother-in-law.

Mr. Kent, aged 35 years, died Tuesday morning at 4 o'clock at his home in Denver. He had been in failing health for a year following an operation for appendicitis.

Mr. Kent was married five years ago to Marivena Bartley. She and one son, J. E. Jr., survive. Funeral services were held Wednesday. Although never a resident of Floydada Mr. Kent visited in Floydada several times and was known by several here.

Contract Between City And Bonding Company Representatives Dissolved

A contract between the City of Floydada and M. H. Smith and R. K. Dunbar, representatives of Brown Crummer Company of Wichita, Kansas, was dissolved by agreement of both parties in a meeting of the City Council Wednesday.

The contract, which was made August 3, between the city and the two Brown-Crummer representatives named above, was an agreement pertaining to a possible refunding bond issue, to revise the financial situation of the City of Floydada.

Under terms of the contract the men were to make an investigation and study on behalf of the city and of Brown and Crummer Company. The city was to contribute \$500.00 to the preliminary expenses incurred in making the surveys, studies and investigations. This amount was payable in two payments \$250.00 on August first and \$250.00 on September first. This amount was to be returned later in cancelled bond coupons.

Following the dissolution of the City's contract with the Brown and Crummer representatives the status of the City of Floydada's financial affairs remain as before.

John L. West and Mrs. Power Attended Family Reunion Friday

John L. West and daughter, Miss Lora and his sister, Mrs. Fannie Power, left Friday afternoon for Post where they spent the night with their cousin, Mrs. Dora Davis. At Post Mrs. Davis joined them and they went to Lamesa for a visit with Mr. and Mrs. R. T. Spencer.

Jessie West, of Rule, Sebura West of Dennison, Texas, Willie West of Seagraves and Mrs. Fannie Tiner and daughter, Agnes, of Medlin, Texas, joined the group at Lamesa. The group enjoyed a happy reunion together. The Floydada people returned home Sunday evening.

D. M. Carter and son, Irwin and his wife, and daughters Lela Mae and Carrie Lee, of Childress, visited over the week end in Floyd County with Mr. and Mrs. W. E. Miller and family. Mr. Carter has farming interests in this county and was here attending to business.

Clay Muncy, of Muncy, Hershel Hammonds, of Floydada and Weldon Dodson and Harold Woods, of Lockney, left last Thursday for Chicago to the world's fair, a century of progress. They will be gone for three weeks.

Glad Snodgrass Given Decision In Paving Suit, In Dallas District Court

One of the Floydada paving suits, styled, Owen M. Murry, Receiver North Texas Trust Company vs. Glad Snodgrass was settled in 90th District Court in Dallas last week. The decision was in favor of Mr. Snodgrass.

Others of the Floydada paving suits came up for settlement in the court. Decision was in favor of plaintiff in each of the following cases: Ed Brown property bought of the Willis estate; Fred Brown and Carr Surginer. The Kirk, Regan and another of Fred Brown's cases were not tried as was the case of the three church suits.

It was indicated that the Brown suits and Carr Surginer case would be appealed. It was the opinion of one of the men connected with the suits that the court's action was a decided victory for Floydada property owners who were involved in the cases.

In the case of North Texas Trust Company vs. D. W. Fyffe the judgment was in favor of plaintiff in form of a personal judgment, Mr. Fyffe clearing his homestead. In all the suits the attorney's fees and other costs were greatly reduced.

Several from Floydada who went to Dallas to court last week were: Edd and Fred Brown, D. W. Fyffe, H. D. Payne, Glad Snodgrass, Ohmer W. Kirk and Carr Surginer.

The Floydada paving suits were transferred to the Dallas District court on appeal of the plaintiff. The suits came up in several terms of Floyd County District court but no final action was ever given.

McDermott Post American Legion Pledges Support To The NRA Plan

The McDermott Post American Legion of Floydada, in a meeting Tuesday night of this week, voted to co-operate in every way possible with President Roosevelt's National Recovery Act.

Roy Snodgrass was appointed to draw up resolutions favoring the N. R. A. and pledging the support of the local post of the American Legion.

Discussions on the State Legion Convention, to be held at Wichita Falls, August 26-29, were heard in further business of the legion.

"Texas Relief Bond Issue" to be Discussed by Judge J. Dorenfield

Judge Julius Dorenfield, of Amarillo, will speak in Floydada Saturday afternoon on the court house lawn in support of the proposed constitutional amendment authorizing the State to issue bonds to be known as the "Texas Relief Bond Issue."

The issue, which will be discussed by Judge Dorenfield, is one of the most important which will be placed before the voters of Texas on August 26th. An invitation is extended to everyone to hear the speaker.

The question concerns the federal funds, through which at the present time 1,270,000 Texans are being fed.

TO ST. LOUIS IN MARKET

J. G. Martin, of the Martin Dry Goods Company, left Saturday for St. Louis Mo., where he is in market for fall style merchandise for the store. He will return within the next few days.

Floydada Well Represented At Northwest Texas Girls Camp

Several from Floydada are attending the annual Northwest Texas Girls Encampment being held in the Palo Duro canyon near Canyon, Texas.

Miss Elizabeth McManney, Miss Mabel Smith and Mrs. T. W. Whigham left last Thursday for the camp and will remain there until the camp closes next Thursday.

Mrs. M. L. Solomon, Miss Bernice Bishop, Eula Mae Gullion, Verla Blassegame, of Floydada and Miss Royce Blackwell, of Spur left Sunday and will return today.

T. W. Whigham, M. L. Solomon and Dr. Blackwell, of Spur, took the latter named group to the Palo Duro camp.

Mrs. J. H. Fondy Died Saturday Afternoon at 3:15 Services Monday

Mrs. J. H. Fondy, aged 65 years, 3 months, died Saturday afternoon at 3:15 o'clock at her home two miles south of Floydada. She had been ill for a week following a paralysis attack.

Sarah Calzona Light was born April 21, 1868 near Scottsborough, Alabama. She first moved to Texas at the age of eight years, coming to Tarrant county near Mansfield, in 1876. She was married to J. H. Fondy in 1886 at Mansfield and to this union were born 15 children, eleven of whom survive. The family moved to Snyder, Scurry county in 1903, where they lived until moving to Floyd County twelve years ago.

Children surviving are: Dan and Fred Fondy, at home; H. L. Fondy, of Edgerton, Wyoming; D. V., of Manteca, California; C. B., Red River, New Mexico; H. R., San Antonio; J. M., Edgerton, Wisconsin; Floyd, Taos, New Mexico; Joe B., Lubbock; C. S. of Espanola, New Mexico; one daughter, Mrs. W. T. Murphy, of Snyder, Texas, and one brother, S. L. Light, of Snyder, Texas, and a sister, Mrs. R. L. Anderson, of Alvarado, Texas, also survive. All were present with the exception of one son, C. S. Fondy, of Espanola, New Mexico, and the sister, Mrs. Anderson, of Alvarado. Mrs. Murphy's H. L. Fondy's, D. V. Fondy's families were also present for the services.

Other out of town relatives present were a sister-in-law, Mrs. H. S. Fondy, of Amarillo and a granddaughter, Mrs. Raymond Sexton, and Mr. Sexton, of Silverton.

Funeral services were held from the First Baptist Church at 3 o'clock Monday afternoon. Rev. L. J. McCarty, of Hart, Texas, conducted. He was assisted by Rev. C. J. L. Bolinger, of Cone, Texas.

Pall bearers were: R. C. Ross, S. M. Rawdon, T. J. Hopper, D. M. Moore, W. E. Lowe, Wilbur Nelson; flower girls: Tommie Rawdon, Maxine Ross, Inez Huey, Abbie Lee Woolsey, Sarah Davis and Dorothy Nelson.

Interment was in the Floydada cemetery following the services.

Verner Norman, Miss Amy McRoberts and Miss Edwin Christian of Floydada visited in Jacksboro, Texas, Saturday night and returned Monday. They visited with Mrs. S. G. McRoberts and family.

C. J. Hollingsworth, J. O. Dudley, A. S. Hollingsworth and son, A. S. Jr., went to Amarillo, Sunday to a meeting of the Amateurs Trap Shooters association of Texas meeting.

Dr. Knapp, Tech President, To Speak At Lockney Short Course Thursday

WHIRLWINDS START TRAINING CAMP SEPT. 1, FOR 1933 SEASON

With the days of fall not far removed and the opening of the 1933-34 school term near, Floydada High School youths are brushing up on their gridiron tactics and hunting up the pigskin preparatory to getting in shape for the new season.

Coach R. P. Terrell, of the Floydada High School Whirlwinds, announced the first of this week that fall training would start September first. Suits will be issued to the 1933 green and white defenders August 31, at the High School building.

Only two open dates remain in the following schedule of games for the Whirlwinds:

September 29, Rails in Floydada.
October 6, Plainview Bulldogs, at Plainview.
October 13, open.
October 20, Paducah Dragons, at Floydada.
October 27, open.

November 3, Matador Bullfighters, at Floydada.
November 11, Lockney Longhorns, at Floydada.

Terrell said that he was negotiating games with Memphis, Clarendon, Happy and Canyon, to fill the open dates. He thought that two of the schools would accept.

Three Lettermen Back
Coach Terrell will fashion his eleven around three lettermen and two reserves who will be eligible to play again this year. Golightly, Jenkins and R. Smith will return from the 1932 squad. Cothran and Beard are reserves of last year.

Some good football material will be in Floydada High School next year from several of the rural of the rural schools. Among the best prospects are: Leonard Alexander, G. Smith, Ray Lloyd, and Dean Nelson, of Lakeview; Hinesley and Hall, of Dougherty; Wilbur Matthews and Lightfoot, of Center.

Among those in Floydada who will probably be in the front lines are: Maceom Linder, Willson Connelley, James Badgett, Louis Hollingsworth, John Eudy, Melvin Blassegame, L. V. Assiter, N. B. Mooney, Grady Connor, Floyd Geeter, Eugene Dennison, Montgomery, I. A. Smith Jr., Harvey L. Howard, Carthel Baker, Clovis Johnston, Louis Rawdon and Junior Rutledge.

Terrell indicated that the men would be tried as follows: Ends, Beard, Golightly, Jenkins, Dean Nelson, Hall, Lightfoot, I. A. Smith, Clovis Johnston; tackles, Smith, Lloyd, Geeter, Dennison, Howard; guards, Hinesley, Eudy, Mooney, Connor, Baker, Rawdon; center, Alexander, Assiter, Montgomery; backfield, Cothran, G. Smith, Matthews, Linder, Connelley, Badgett, Hollingsworth, Blassegame, Rutledge.

Coach Terrell and Ernest Carter, the latter of whom will also teach in Andrews Ward, will hold workouts for both the first string and reserves, on the block just west of the high school building. Last year the little Breezes practiced at the Andrews Ward grounds but the change will be made this season.

Improve Gridiron

The grass, which last year was frozen out, has been reseeded on Whirlwind Field and the grid is being put in shape for the games. Floydada high school will ably be proud to boast of one of the best fields in West Texas.

OKEY TWO ORDINANCES

The City Council in meeting Tuesday night voted to approve Ordinance 155 and 156 in the ordinance records of the city. In the first ordinance a poll tax of \$1.00 per year was levied and in the second an occupation tax was levied.

Mr. and Mrs. Herbert Sparks and daughter Martha Lee, are in Floydada visiting with her brother, Oliver Allen and family and other relatives. They are residents of Hollywood, California. They arrived Monday night.

Mr. and Mrs. E. P. Nelson visited in East Texas last week.

As an outstanding feature of the Floyd County one day farm and home short course, Dr. Bradford Knapp, president of Texas Technological College at Lubbock will speak. The short course will be held all day next Thursday at Lockney in the Municipal auditorium.

The short course is being sponsored by the city of Lockney, in cooperation with the rest of the county. The purpose as outlined by several of those active in completing the arrangements for the affair is the broadcasting of knowledge concerning the farms and homes of Floyd County and Texas.

Program Starts at 9:30
Following is the program for the day which starts at 9:30 o'clock Thursday morning.

9:30 to 10—Songs and recreation, led by J. W. Chapman, of Floydada.
10 to 10:15—Address of Welcome, Mrs. Perkins, Lockney.
10:15 to 10:30, Response, Miss Blanche Ramsey, of Harmony.
10:30 to 11, What 4-H Clubs Means to Me, by a 4-H Club Girl.
11 to 11:30, address, "Crop Rotation", Dr. C. J. McCollum of Lockney.

11:30 to 12, Address, Mrs. Lon V. Smith of Floydada.
12 to 1:30, Picnic dinner.
1:30 to 2 o'clock, High Points of the A. & M. Short course, Mrs. Olin Miller, of Center.

2 to 2:30, Address, Dr. Bradford Knapp, Lubbock.
Tech College—"Farm Recovery".
2:30 to 2:45, Music, M. D. Ramsey family, Harmony.

2:45 to 3:15, General discussion of Floyd County's problems.
3:15 to night, Ballgames and out door recreation. In charge of G. D. Tate, of Lockney.

Educational Booths

Educational booths will be placed on the grounds for the inspections of the visitors. Following are the booths and names of those who will have charge of them:

Poultry, Mrs. Olin Miller, Center, Mrs. Marble, Roseland and Mrs. J. V. Greer, Sandhill.

Hooked Rugs and Mats, Mrs. A. R. Hanna, Sandhill, Mrs. S. M. Lester, Liberty and Mrs. Ashton, Campbell.

Pantry and Gardens, Mrs. W. E. Miller, Sandhill, Mrs. Carr, Harmony and Mrs. Albert King, Lonestar.

An invitation to the public is being extended to attend the one day short course.

3:15, W. A. King will instruct farmers as to dairy and beef type cattle and give the feed for different results.

New Rehabilitation Committee Not Operative, Funds Not Transferred

To the present time the new Rehabilitation and Relief Committee for Floyd County, which was ratified by the Commissioners' Court Tuesday, August 1, has not been operative.

The committee, which was selected to take over the functions heretofore performed by the local R. F. C. or Unemployment Relief Committee, has not been operative due to the fact that the former R. F. C. committee had not been audited and the relief funds checked over to the Rehabilitation group.

The above explanation is given to the public to clarify statements made indicating that "Burl Bedford received S. W. Ross for funds now on hand in the name of the Unemployment Relief Bureau and took over the handling of disbursements as representative of the Texas Rehabilitation and Relief Commission."

Mr. Bedford will be administrator of the Rehabilitation Relief Committee and the funds, but the status of the administration of the funds remain as before until the former committee is properly audited and the funds re-assigned, according to information handed out Wednesday afternoon.

Mr. and Mrs. E. P. Nelson visited in East Texas last week.

**MORE FACTS THAT
SHOULD CLARIFY
STREET RUMOR**

To correct a misimpression that
appears to have arisen in connection
with the interview appearing
in last week's paper, I wish
to state that I did not intend to
infer that two members, or any
member of the R. F. C. Commit-
tee was receiving pay, or had re-
ceived pay; nor did I intend to
state that I had any proof that
they were receiving pay. I did
not think the interview was sub-
ject to the construction that some
persons have placed upon it, but
I make this statement to clear up
any doubt.

Jeff D. Ayres.

Editor's Note: In accepting
and printing the interview above
referred to, we did not construe
the interview as charging the R.
F. C. committee with having re-
ceived pay, nor that Mr. Ayres
could furnish proof of the fact;
we construed it as vouching mere-
ly for the existence of the street
rumor therein referred to—not for
its truth. The head on the ar-
ticle in question, we believe, in-
dicates this fact, also.

A STATEMENT

In the August 3rd issue of the
Floyd County Plainsman there ap-
peared an article from Judge Jeff
D. Ayres dealing with the activities
of the present R. F. C. or T. R. C.
committee for Floyd County. The
members of this committee interpret
this article as charging them with
misappropriation of the T. R. C.
funds allotted to Floyd County; as
questioning their integrity; and as
an indictment against them for gen-
eral misconduct.

Judge Ayres assured the members
of this committee who called on him
for an explanation of this article
that same was written and based on
a rumor which he had heard in
Floydada and that it was not his in-
tention to cast any reflection on any
member or members of the commit-
tee, nor to charge them with any mis-
conduct.

Since the article by Judge Ayres
stated that the rumor was correct
save for certain details and further
stated that ample proof of any of
the statements would be gladly fur-
nished, the Floyd County Committee
called on him for this "ample proof"
to substantiate his article referred
to. This "ample proof" he could not
furnish, but stated that his informa-
tion that there were two paid mem-
bers of the Floyd County Committee
came from a Mr. Harris of Plain-
view, Texas, and from Mr. Grazier,
a field organizer for the T. R. C.,
that Mr. Grazier visited his office
for the purpose of instructing him in
the T. R. C. work in Floyd County
—which work he would have in
charge as Chairman of the County
for the T. R. C.

Our committee has been trying by
telegraph and telephone to get in
touch with Mr. Grazier to have him
explain the statement which Judge
Ayres said he made to him concern-
ing "paid members" of the Floyd
County Committee. Statements from
both Mr. Harris and Mr. Grazier will
be secured and published if these
gentlemen will make a statement.

We desire to make this statement
for the benefit of everyone: There
is not now nor has there been at any
time a member of the Floydada
Committee drawing a wage or a sal-
ary for his services. Mr. Arthur
Barker and Mr. Hub Mason, mem-
bers of the Lockney Committee, ask
us to state for their committee that
there is not now nor has there been
any member of their commit- draw-
ing a salary or wage for his services.
The books of the committees for
both Floydada and Lockney are open
for inspection by the public at any
and all times, and anyone who de-

sires to do so may inspect them. We
invite inspection of every expendi-
ture that we have made for any and
all purposes, from the beginning to
date, and challenge anyone to show
where any member of either the
Lockney or the Floydada Committees
has ever drawn a salary of any kind
for his services, or has in any man-
ner whatsoever misappropriated any
of the funds of the T. R. C. allotted
to Floyd County.

This committee further desires to
state that it had no part in the origi-
nating or spreading of the rumor to
the effect that Judge Ayres slipped
off down to Austin and had himself
appointed as a member of the T. R. C.
committee of Floyd County and then
slipped back and secured the ap-
pointment of Burt Bedford at \$75.00
per month salary to replace Mr. Ross
who has worked without a salary
from the beginning of the work in
Floyd County to the present time.

The question is being asked why
there is a "shake-up" in the present
committee arrangement and why is
it that the old committee does not
turn its business over to the new
committee. Here's the answer. The
old committee was appointed by the
Sterling Administration. Certainly
no one will deny the right of the
present administration to name its
committees, especially if one of
them is to be paid for his services.

The old committee will gladly turn
its work, and money to the right
parties. We certainly are not "itch-
ing" to continue in this work when
all the pay is "messing" and "ceti-
cism" with little exception. But,
everyone please get this: Before any
man or bunch of men receive the
monies of the T. R. C. which we
have in our possession we demand
an audit of our entire records and
a clear receipt which will be placed
of record with the County Clerk of
Floyd County to settle future rum-
ors and satisfy all doubting Thom-
ases.

We are deeply appreciative of the
co-operation that our many friends
have given us while serving as T.
R. C. committeemen for this county.
We do not pose as philanthropists
in any sense of the word. We have
only done what any of you would
have done if you had been called
upon. We are just common citizens
of this county, interested in the gen-
eral welfare of all, and glad to do,
in our feeble way, anything reason-
able that will help those who are out
of employment and need our assist-
ance.

PUBLIC FORUM

Dear Editor:

It may be of interest to some of
your readers to know that in 1916
according to the United States Bu-
reau of Education the government
spent for public education \$640,717,
053. Disbursements for the govern-
ment, \$1,072,894,093. Drink bill of
the United States for 1916 \$2,438,
037,985. The drink bill it will be
observed is more than the govern-
ment spent on public education and
all other expenses, and was nearly
four times as much money as was
spent for public education.

The year before prohibition there
were 2,000,000 boys and girls in high
school and now there are 5,000,000.
There were 350,000 enrolled in the
colleges now there are 1,900,000.

Many are now clamoring for a re-
duction in the expenses of education
and at the same time they are want-
ing to increase the drink bill of the
nation by legalizing alcoholic liquors.

These figures are almost unbelieve-
able but they are facts beyond any
question and they were furnished by
the government.

The clamor that the revenue is
needed for the government is folly
when the government received one
dollar out of every ten spent by the
citizen who himself receives nothing
of value in return, but worse than
nothing as he receives an impaired
body and mind and passes the in-
firmity of his mind on to his de-
scendants.

Why do they not advocate other
well known methods of raising money
for the government. Mexico and
Japan license prostitution. China
licenses the sale of narcotics. If this
country is ready and willing to sell
her soul for a mess of pottage we
can do likewise and raise money for
the government. But when we do
it we should cease to call ourselves
Christian and admit that we are re-
sponsible for the misery and moral
degradation that will follow our do-
ing so.

While the traffic is outlawed by
our votes and our influence if the
law is violated we are not responsi-
ble for the violation or the conse-
quences to the violator but when
by our votes and our influence we
license the sale we become a party
to the transaction and have no right
to claim immunity from the results.
Honest men must admit this fact.

We desire to quote from Senator
Morris Shepherd who is now speak-
ing for the dry's in Texas and who
the wet's will seek to defeat when
his term expires as they sought be-
fore and failed.

"No more profound disaster could
befall this nation than the surren-
der of an ideal, an ideal embodied in
its basic law, proclaimed to all the
world and demonstrated to be just.
From Sinai with its crown of fire
came ideals that have remained in
human statutes through the centu-
ries despite continuous and whole-
sale violation. Most of them are
prohibitions, including thou shalt
murder and thou shalt not steal. The
Eighteenth Amendment repeats those
objectives in another form, when it
says in effect, thou shalt not give
men drink that makes them murder
and induces them to steal. All that
there is worth while in government
and in life is the attempt to accom-
plish what is right and to establish
what is just. We can never gain per-
fection. Give up the effort to ac-
cend, and the return to the wallow
and the mire will have become in-
evitable. Run down the flag of pro-
hibition and run up the flag of drink
and the saddest transformation that
ever marked the struggle of man-
kind for its own redemption will
have been achieved. It will have
been the first time this nation ever
abandoned a principal or deserted
a responsibility. It will be the first
time this nation ever muffled its
drums and lowered its standards in
retreat from a position once taken
and shown to be right."

"Let the movement for repeal be
resisted by every element in America
that would preserve the essence of
our freedom, the meaning of our
history, the basis of our advance-
ment, and the character of our most
sacred obligations to humanity".

**Wake Up Your Liver Bile
—Without Calomel**

And You'll Jump Out of Bed
in the Morning Rarin' to Go

If you feel sour and sunk and
the world looks punk, don't swal-
low a lot of salts, mineral water,
oil, laxative candy or chewing
gum and expect them to make you
suddenly sweet and buoyant and
full of sunshine.

For they can't do it. They only
move the bowels and a mere move-
ment doesn't get at the cause. The
reason for your down-and-out
feeling is your liver. It should
pour out two pounds of liquid bile
into your bowels daily.

If this bile is not flowing freely, your
food doesn't digest. It just decays in the
bowels. Gas bloats up your stomach. You
have a thick, bad taste and your breath
is foul, skin often breaks out in blam-
ishes. Your head aches and you feel down
and out. Your whole system is poisoned.
It takes those good, old CARTER'S
LITTLE LIVER PILLS to get these two
pounds of bile flowing freely and make
you feel "up and up." They contain won-
derful, harmless, gentle vegetable ex-
tracts, amazing when it comes to making
the bile flow freely.

But don't ask for liver pills. Ask for
Carter's Little Liver Pills. Look for the
name Carter's Little Liver Pills on the
red label. Resent a substitute. 25c at

State School Allotment Is Again Set At \$16.00 Per Capita In Texas

Austin, Texas.—The month of August usually shows an increase in the number of cases of infantile paralysis in Texas, according to Dr. John W. Brown, State Health Officer. It is not only a serious disease but also one of the most treacherous with which the medical profession has to deal. The death rate is very high and also the number of cripples. It is estimated that one third to one half of all the cripples in the United States can trace their handicap to infantile paralysis.

Suspicion should be aroused when an illness begins with headache, drowsiness, fever, irritability, vomiting, diarrhea or constipation and with stiffness in the back of the neck or spine. When such early symptoms appear, parents are urged to obtain medical advice without delay, and not assume the condition to be temporary or trivial importance. Treatment at this stage of the disease is of the greatest importance and more effective than when delayed until after the appearance of paralysis. These acute symptoms rarely last more than a few days, 75 per cent of the cases developing paralysis on or before the fourth day.

The disease may be divided into two main groups, the paralyzed and the non paralyzed. The latter, regardless as to how mild, is the greater danger in spreading the disease. No one would deliberately expose a susceptible person to a definite paralytic case, so it is the exposures to the unknown case or carrier which causes the greatest spreading of this disease.

Wiley Post And "Winnie Mae" Welcomed At Home on Landing

Dallas, Texas.—When Wiley Post landed his world-girdling airplane, "Winnie Mae" at Oklahoma City last Friday the famed round-the-world solo flyer, not only returned to his homeland, but to a city in the Southwestern empire from whence came the fuel and lubricants that made possible his historical flight. E. P. Angus of Dallas, vice president and sales manager of the Magnolia Petroleum Company, said. Mr. Angus has extended hearty congratulations to Post on behalf of his company, Southwestern unit of the Socony-Vacuum Corporation which was chosen by Post to supply fuel and lubricants on his flight.

"Oklahoma has a right to be proud of Wiley Post and his achievement," Mr. Angus said. "But we in Texas and other Southwestern States also claim a share in his triumph for it was the excellence of petroleum products manufactured from Southwestern oil that contributed in a large measure to the success of Post's heroic venture. The care with which Post prepared for his flight did much to assure its successful completion and naturally we of Magnolia organization are elated in the fact that he chose Gargoyle Aero "H" and Mobilgreases to lubricate the "Winnie Mae" for fuel. These products manufactured in the Southwest from Southwestern petroleum in Magnolia refineries are distributed throughout the world by the Socony-Vacuum Corporation of which Magnolia is a unit.

"Wiley Post has written a new and glorious chapter in aviation history and is deserving of the highest honors we can accord him," Mr. Angus said. Magnolia service men at twelve thousand stations and dealers in the Southwest join with me in extending our sincere congratulations to Wiley Post."

Twenty Miles Of Chinese Elms Are Plans In Lubbock County

The Lubbock Station's introduction of the Chinese elm in 1919 and its extensive propagation and distribution of this tree throughout West Texas since that time has resulted in the planting of thousands of the trees in this region every year. This past spring, through cooperative efforts between civic leaders in Lubbock, the State Highway Department and the Experiment Station, plans were worked out for planting an avenue of Chinese elms for two miles on each side of the five main highways leading out of the city. These trees, which were planted on well prepared ground and are cultivated and watered by the Highway Department, are making a nice start this year, according to D. L. Jones, superintendent of the Lubbock Substation. This roadside planting of Chinese elms equal to a single row twenty miles in length required about 4,900 trees, 1,900 of which were furnished by the Station for further trials and demonstration of this tree for roadside planting in West Texas.

UNTIL WE LEARNED BETTER

Until we learned better, we used to mix wood and steel in our car bodies and wheels.

It was the best way to make bodies—then. But the state of the art has advanced.

Of course, it is more expensive to make an all-steel body than to make a wooden frame and nail steel panels on to it. The better way involves an initial expenditure of several millions of dollars for new dies, which renders a change very costly. Cars, especially large expensive cars which are produced in small volume, cannot afford this, because the dies cost as much for one car as for a million. That alone explains why all-steel bodies are not used in all cars.

But our basic policy from the beginning is to make a good car better, regardless of cost.

For example, when we discarded wood-steel body construction, it was not because we lacked wood. We still have some thousands of acres of the best hard wood in America. Economy would urge us to use up the wood first, and then adopt the better all-steel body. But we decided that quality was more important than expense.

We weighed the reasons, for and against, before we made the change. We could see only one reason for retaining a mixed wood-and-steel body —nailing the metal on, instead of welding an all-steel body into a strong one-piece whole. That reason was, it would be cheaper—for us.

Our reasons for adopting an all-steel body were these: A wood-steel body is not much stronger structurally than its wooden frame. In all American climates, wood construction weakens with age. Every used car lot gives evidence of this. Rain seeps in between joints and the wood decays. A car may have a metal surface, and yet not be of steel construction. Under extreme shock or stress the steel body remains intact—dented perhaps, but not crushed.

Steel does not need wood for strength or protection. Wood is fine for furniture, but not for the high speed vehicles of 1933.

In the Ford body there are no joints to squeak, no seams to crack or leak.

The all-steel body is more expensive—to us, but not to you. By all odds, then, steel bodies seem preferable.

Wheels also have become all-steel. No one argues that an electrically welded one-piece steel wheel, such as the Ford wheel, needs to be "strengthened" by adding wood to it.

The one-piece all-steel body is the strongest, safest, quietest, most durable body made. That is our only reason for making them.

OF NEURITIS**

Newark Man Knows How
and Loses 10 Pounds

"Gentlemen: I used Kruschen Salts to try and get rid of Neuritis from which I had suffered for one year in my left shoulder and arm. . . I took a little of the salts in the morning, sometimes in my coffee, other times in water. I would also occasionally take a dose in water at night before retiring. For 3 months I used the salts and while I lost 10 pounds in weight, the pain in my shoulder HAS ENTIRELY DISAPPEARED. During the time I was taking the salts I received no other medicinal treatment so I am fully convinced the Kruschen Salts did the trick." C. K. Murray, Newark, N. J.

Take one half teaspoonful of Kruschen Salts in a glass of hot water every morning—a jar lasts 4 weeks—get it at any druggist in the world—costs but a trifle. Adv.
