VOLUME NO. 4

Floydada, Floyd County, Texas, August 24, 1933

NUMBER 37

## Federal Government Has Spent \$22,992 In Floyd County in Ten Months

Austin, August 22.—In many counties in Texas the Federal government is now spending more money every month for relief work than those counties would have to pay back in a year in paying off the relief bonds, according to William Strauss, chairman of the committee campaigning for adoption of the proposed relief bond amendment.

"It is primarily a matter of bread and meat for the hungry," said Mr. Strauss. "It is unthinkable that Texas will let its women and children go hungry. But some people may want to know what Texas will get for authorizing a bond issue that may go up to \$20,000,000 if the legislature finds that much is needed."

"In the first place, there is hardly a county in Texas that can care for its own destitute through local taxation. If they could the burden of taxes would fall on homes and farms and be tremendously heavy. By issuing state bonds the burden is taken off homes and farms for the taxes to fund these bonds cannot be raised on real or personal property. If all the bonds are issued the tax per capita will not average over 41 cents a year for 10 years. Actually it probably will be some special tax that will fall heavier on city people and be lighter than that on rural citizens."

"In Floyd County the Federal government in the past ten months has spent for relief work \$22,992. The county has asked for \$3,600 to carry on the work during August for the benefit of 1503 persons on its relief rolls."

## Formal Approval Given Budget For Floydada Independent District

Formal approval of the budget for the Floydada Independent School District for the 1933-34 term was given after a hearing was held Monday in the County court room. The budget was filed with County Clerk A. B. Clark after having been approved.

The budget shows a total amount available during the year of \$42,467.00. Total disbursements are \$42,179.00. The receipts are as follows: State available fund, \$13,024; County available fund, \$826.00; Transfers, \$280.00; Local taxes, \$24,085; Tuition, \$2,500; Vocational aid, \$1,650.00.

Disbursements in general divisions are as follows: General control, \$3,639.00; Instructional service, \$22,000.00; Operation of school plant, \$2,875.00; Maintenance of school plant, \$200.00; Fixed charges, \$1,465.00; Debt service, \$12,000.00; Total, \$42,179.00.

The Lockney School District budget also filed with the county clerk shows a total amount available for the year at \$25,148.77 with total expenditures of \$25,605.00.

## Tuesday Night's Rain Heaviest In Northeast Part of County

Reports from the rain Tuesday night indicate that the heaviest precipitation was in the northeast section of the county. Other reports were that rainfall varied from light showers to one half an inch.

S. L. Rushing, of the Fairview community, said that he received an inch and a half. Only a shower was reported by Mrs. W. E. Miller, of the Sandhill community, in the west side of the county.

W. C. Cates said that one half inch fell at his farm in the Blanco community and that the rain was general.

Mrs. A. H. Kreis said that one half an inch fell at their farm 9 miles east of Floydada on the Matador highway. Approximately one half to better rain was reported from the Lakeview district. One quarter inch was said to have fallen in the Mt. Blanco community.

Travelers report good rains both to Lubbock on the Ralls highway and to Plainview to the north end of Floyd County. Some difficulty was found in traveling yesterday morning but the roads soon dried enough that travel was resumed.

Although not an extensive heavy rain the moisture will prove an aid in some sections provided boll worms do not get into the cotton.

## SUMMER NIGHT IDYLL

They walked in the lane together, The sky was covered with stars, They reached the gate in silence, He lifted down the bars. She neither smiled nor thanked him Because she knew not how; For he was just a farmer's boy, And she—a Jersey cow.

# The Bond Issue Amendment

"Section 51a. The Legislature shall have power to authorize by law the issuance and sale of the bonds of the State of Texas, NOT TO EXCEED the sum of Twenty Million (\$20,000,000) Dollars, bearing interest at a rate not to exceed Four and a half (4 1/2) per centum per annum; and payable serially or otherwise not more than Ten (10) years from their date, and said bonds SHALL BE SOLD FOR NOT LESS THAN PAR and accrued interest, and NO FORM OF COMMISSION SHALL BE ALLOWED in any transaction involving said bonds. The proceeds of the sale of such bonds to be used in furnishing relief and work relief to needy and distressed people and in relieving the hardships resulting from unemployment, but to be FAIRLY DISTRIBUTED OVER THE STATE and upon such terms and conditions as may be provided by law, and the Legislature shall make appropriations as are necessary to pay the interest and principal of such bonds as the same becomes due. The power hereby granted to the Legislature to issue bonds hereunder is expressly LIMITED TO THE AMOUNT STATED AND TO TWO YEARS FROM AND AFTER THE ADOPTION of this grant of power by the people. Provided that the Legislature shall provide for the payment of the interest and redemption of any bonds issued under the terms hereof FROM SOME SOURCE OTHER THAN A TAX ON REAL PROPERTY, and the indebtedness as evidenced by such bonds SHALL NEVER BECOME A CHARGE AGAINST OR LIEN UPON ANY PROPERTY, real or personal, within this state."

1. The bond cannot be paid off by a tax on real property, and can never constitute a lien on real or personal property.
2. The bonds must mature within ten years from date, and bear interest not to exceed four and a half percent per annum.
3. The Legislature is given power to control distribution and spending of the proceeds of the bonds—Not the Governor.
4. The Legislature can issue only twenty million dollars worth of bonds—The power to issue them dies two years after adoption of the amendment.
5. Proceeds of the bonds can be used for relief of destitute and unemployed only, and must be fairly distributed over the State.
6. Bonds can be sold only at par (face value) and accrued interest, and no form of commission can be paid on sale of bonds.

These six points are provided for in the Amendment itself—read it—Don't vote against it blindly. If the Amendment does not pass, Federal Relief stops. Without the Amendment your State cannot provide relief funds; your County and City have neither the authority nor the funds to take care of the destitute, and private charity cannot carry the burden—VOTE FOR THE AMENDMENT.

JEFF D. AYRES,  
Chairman Relief Bond Issue Committee for Floyd County.

Ferguson on relief matters. In his 3,400 mile trip Hopkins will visit ten cities in as many states to get first hand information on relief conditions. While no stops are scheduled in the drouth area, the relief administrator expects to get a visual picture of conditions from the air.

Hopkins is expected to point out again to Governor Ferguson the necessity of Texas voting the \$20,000,000 bond issue when it comes up for a vote Saturday. Meanwhile, Congressman Marvin Jones, Amarillo, continues to press for approval of a public works program to provide employment in the drouth region. Now that President Roosevelt has announced that some 450 Civilian Conservation Corps camps will be transferred from the north to localities where the work can continue through the winter, Mr. Jones is hopeful that his request for several more work camps for the Palo Duro Parks project will be granted.

## Uncle Sam to Plow Cotton If Farmers Refuse to go By Contract, U. S. Will do Job

Washington, August 22.—If the farmers who agreed to cut their acreage this year won't plow up their cotton, the government will.

The farm administration announced today it would insist on the fulfillment of contracts by those who signed reduction agreements, with no ifs, ands and buts about it.

The time for the farmer to plow up his cotton expires tomorrow at midnight. If the staple has not been destroyed by then, the county agent, as the representative of the government, will take steps to have it done. The added expenses will be deducted from the grower's benefit payments given him for his agreement to curtail acreage.

## Isolated Cases

Chester C. Davis, the farm administration's director of production, said the decision to see that the cotton is destroyed was not made because of widespread refusals to plow under.

"Only a few isolated cases have come to our attention but in fairness to all producers and in fairness to the government," he said, "it will be the policy to require performance of every offer that has been accepted."

## Over 10,000,000 Acres

The amount of cotton reduced by the campaign is estimated at more than 10,000,000 acres. Checks for 7,600 farmers are to be distributed Wednesday and by next week the administration expects to have them moving at the rate of 25,000 a day.

In cases where the grower is indebted to the government because of seed, feed and other loans, the checks will be made payable jointly to the farmer and the governor of the Farm Credit administration.

They will be sent, officials said, to county agents, who are authorized to act for the Farm Credit administration.

Should it be decided that the farmer is financially able to pay some or all of his debt, that will be deducted from the benefit payments. If the grower can show, however, that he is unable to pay anything now, he will get the full amount of the check.

## NO AUTHORITY GIVEN TO WITHDRAW EAGLE.

Washington, August 22.—Hugh S. Johnson, Recovery Administrator, said today he had given no authority and none would be given for local committees to arbitrate or to withdraw the Blue Eagle from establishments believed to have violated the terms of agreement.

Asked by newspapermen, if he had heard of a Houston, Texas, case in which 14 persons were accused of selling gasoline at a price below the 13-cent limit fixed by the local N.R.A. committee, Johnson said it had not been called to his attention but that there was no authority for the committee to act.

He said discretion for dealing with violations would be retained by the national administration.

**GROWERS OF WINTER  
WHEAT WIN PLEA FOR FURTHER  
FEDERAL LOANS**

Pleas of farm production committees  
at Dalhart, Muleshoe and in  
other counties of the Panhandle for  
federal loans where row crops for  
federal loans where row crops are  
grown have at least been partially  
met by G. L. Hoffman, executive  
officer of the Farm Credit Adminis-  
tration at Washington.

John Hill of Amarillo, chairman  
of the Panhandle Agricultural Associa-  
tion, composed of crop produc-  
tion committees and leading farm-  
ers and bankers, received a letter  
Friday from Mr. Hoffman in which  
he said winter wheat loans would  
be extended beyond the former dead-  
line of June 17.

While the letter did not give de-  
tails of the regulations to be mailed  
soon, Mr. Hill said he believed the  
loans will not be confined to those  
who raised wheat in 1932 but that a  
limit will be put on the amount of  
acreage of any new wheat and that  
loans will be limited to those actu-  
ally operating farms.

The loans thus far have been on  
summer fallowing and fall planting  
of wheat but since summer fallow-  
ing season is past the new ones likely  
will cover further preparation of  
wheat land and seeding.

The regulations when received  
will be forwarded to the county  
committees by Owen W. Sherrill of  
Dallas, who conducted the negotia-  
tions with Washington. Sherrill will  
see that proper publicity is given in  
the counties concerned.

**PIG SLAUGHTER HAS THREE  
OBJECTS—MEAT FOR JOBLESS,  
CASH, RAISE FOR PORK PRICE**

Chicago, Aug. 24.—Slaughter 5,000-  
600 hogs, give the meat to the un-  
employed, and \$55,000,000 to the  
farmers' income and increase the  
price of pork—that in brief was the  
corn-hog plan announced by Secre-  
tary of Agriculture Wallace.

He told several thousand farmers  
in the court of states at the Cen-  
tury of Progress the plan was a de-  
liberate attempt to "change the eco-  
nomic facts" and give the corn and  
hog farmer his share of the national  
income. He said the new deal for  
the farmer would be put into  
effect immediately and completed  
by October 1.

The secretary said the government  
would buy heavily enough to reduce  
the full supply of pork by 16 per  
cent and would pay more than the  
present market prices.

The hog farmers, he explained,  
would get more than the market  
price for hogs sold in the big butch-  
ering drive, and should get higher  
prices later for the rest of their  
pork because of the reduction in  
the supply.

He told them there was a new  
element in their troubles. The NRA  
program, he said, would raise prices  
and make it impossible for the far-  
mer to buy, unless his condition was  
improved immediately.

The terms of the plan, as he pre-  
sented it, were:  
The government would buy enough

pigs, light hogs and sows due to  
farrow in the fall to remove from  
the markets between 600,000,000 and  
700,000,000 pounds of live pork. This  
would be done "as rapidly and ef-  
fectively as possible," and the farm-  
ers would be paid prices "which en-  
courage co-operation."

**EXPERIMENTAL OBSERVA-  
TION TO BE MADE ON WORKING  
OF AGR. ADJUSTMENT ACT**

E. G. Nourse, directory of the In-  
stitute of Economics of the Brook-  
ings Institutions has announced that  
a study of the operation and effects  
of the Agricultural Adjustment Act  
is to be made concurrently as the  
act operates. It is recognized that  
the act is an experiment in the so-  
cial control or direction of a major  
industry which presents an unusual  
opportunity for scientific study while  
it is in progress. The work is be-  
ing financed by the Brookings In-  
stitution and has the endorsement of  
the Secretary of Agriculture, The  
Director of Extension Service in  
Washington, and the Extension Ser-  
vice Directors, Experiment Station  
Directors and Deans of Colleges of  
the several states. The A. and M.  
College of Texas is cooperating in  
the study through the division of  
Farm and Ranch Economics, Texas  
Agricultural Experiment Station with  
C. A. Bonnen acting as local obser-  
ver for Texas.

Director Nourse called a special  
conference in Chicago for July 19-21  
which was attended by L. P. Gab-  
bard and Mr. Bonnen of the Texas  
station. At this conference plans  
were laid and discussed for carrying  
the study forward. The study em-  
braces three principal objectives,  
namely: (1) Observations on what  
results are sought and what machin-  
ery is to be set up in obtaining  
these results; (2) What specific acts  
will be performed in response to set-  
ting this machinery into motion; and  
(3) What changes, if any, will be  
occurring as a result of the act and  
what will be the effect upon the  
several parts of the agricultural in-  
dustry.

Mr. and Mrs. H. H. Hatchett, of  
Clinton, Oklahoma, visited in Floyd-  
ada during the week end with Mr.  
and Mrs. J. C. Dickey. They were  
returning from a two weeks vacation  
trip to Arizona and New Mexico.

Mrs. E. L. Angus left Friday for  
Mineral Wells, Texas, where she  
will visit at the health resort for  
several days.

I weighed 154 lbs. I have been tak-  
ing a half-teaspoonful of Kruschen

Now I am less round the hips, and

**PLAINS COUNTIES

A check in this immediate district  
reveal that at least eleven counties  
in the Texas Plains will hold local  
option elections August 26. They  
are Lamb, Lubbock, Hale, Castro,  
Howard, Lynn, Terry, Potter, Swish-  
er, Bailey and Crosby.

**SPECIFIC INFORMATION  
ON HOW TO GET BLUE EAGLE**

Washington.— Specific informa-  
tion as to steps that must be taken  
to receive the Blue Eagle are con-  
tained in a statement issued by Gen.  
Thomas E. Hammond, executive di-  
rector of the President's reemploy-  
ment program, as follows:  
To all employers not working un-  
der codes that have been approved  
by the President, there are three  
methods to be pursued:

1. Sign the President's Reemploy-  
ment Agreement without change or  
modification and mail it to the near-  
est district office of the Department  
of Commerce, the address of which  
can be obtained from any post office  
or chamber of commerce; put the  
provisions of the agreement into op-  
eration immediately; sign the certi-  
ficate of compliance and hand it to  
your local postmaster, who will post  
your name on the honor roll and  
hand you your Blue Eagle.

2. If your line of business has  
submitted a code and the NRA has  
temporarily approved hours and  
wages to be in effect until the code  
itself is approved by the President,  
do as above with this endorsement  
added to the certificate of compli-  
ance: "To the extent of NRA con-  
sent as announced, we have com-  
plied with the President's agreement  
by conforming with the substituted  
provisions of the code submitted for  
the trade or industry."

Hand this to your local postmaster,  
who will post your name on the hon-  
or roll and hand you the Blue Eagle.  
3. If neither 1 nor 2 applies and  
you feel you should file a petition  
for relief, sign the President's Re-  
employment Agreement and mail it  
to the district office of the Depart-  
ment of Commerce. If you find you  
cannot comply with most of its pro-  
visions, then prepare a petition to  
the NRA asking for a stay or post-  
ponement of those provisions which  
would produce an "unfavorable  
hardship." Submit this petition to  
a trade association of your indus-  
try; or if none, to your local cham-  
ber of commerce or such other or-  
ganization as can properly vouch for  
the facts. If officially accepted by  
one of the above, add the following  
to the face of your certificate before  
presenting it to the postmaster:  
"Except for those interim provisions  
regarding wages and hours which

**FERGUSON PLEADS FOR  
AMENDMENT PASSAGE**

A picture of 1,200,000 hungry peo-  
ple in Texas, which he said could be  
erased at a cost of 50 cents per year  
to each of the state's 6,000,000 in-  
habitants, was painted by James E.  
Ferguson in a plea for passage of  
an amendment to authorize the \$20,-  
000,000 relief bond issue in Texas,  
in an address delivered at Abilene  
on the 19th. He also favored the  
ratification of a constitutional  
amendment to repeal prohibition.

Ferguson spoke Monday night at  
Fort Worth, Tuesday night at Green-  
ville, Wednesday at Tyler and Thurs-  
day at Temple.

"There are 6,000,000 people in  
Texas. Soon one-third of that num-  
ber will be in the hungry line," said  
Ferguson in his Abilene address.

He said that recently in Wash-  
ington he was authorized by Harry  
Hopkins, relief administrator, to  
"tell your people that if they vote  
this proposed state bond issue, the  
federal government will see that  
there is no suffering in Texas this  
winter, even if it takes another \$20,-  
000,000."

**OF INTEREST TO ALL  
AMERICAN LEGION MEN  
AND THEIR FRIENDS**

A trip to Chicago and return at  
an expense of only \$5 a day is in  
prospect for American Legion mem-  
bers and their friends, as a result  
of arrangements made by Legion-  
naires who have the project in  
charge for the 1th District of Tex-  
as. New Mexico and Oklahoma  
Legionnaires are heartily invited to  
join the excursion and take advan-  
tage of the low rates secured.

The plans call for a special train  
at the time of the National Conven-  
tion, October 1 to 3. The trip will  
last eight days, seven days and six  
nights of which will be spent in  
Chicago. This allows ample time for  
the Century of Progress exposition  
and other sight seeing, as well as  
attendance at the convention enter-  
tainments. Railroad fare; hotel bill  
in Chicago, except meals and inci-  
dentals, steamer cruise on Lake  
Michigan and scores of entertain-  
ment events are included in the  
round trip price of \$40.85 from Ama-  
rillo. Passengers boarding the train  
north of this city will pay slightly  
less. Those living south and west  
on the Santa Fe pay but slightly  
more, ride the regular trains into  
Amarillo and join the special here.

The advantages of this low price  
all-expense tour are open to the  
general public, except for the Legion  
Convention entertainments, which  
are restricted to paid-up Legion-  
naires and auxiliary members.

Full information concerning the  
trip may be obtained by writing the  
Legion Train Committee, P. O. Box  
1472, Amarillo, Texas.

family, of Memphis, Texas, visited in

Mrs. J. S. Solomon.

**FEED LOAN DEADLINE ALSO  
EXTENDED**

Dallas, Aug. 24.— Owen Sherrill,  
manager for Texas, received word  
that the date for making feed loans  
in West Texas by the government  
office here had been extended in-  
definitely. The deadline previously  
had been August 15.

Sherrill said that information from  
Washington advised that additional  
west crop loans might be made in  
West Texas. Those production loans,  
however, will be granted only when  
the producer agrees to curtail his  
average approximately 20 per cent  
in line with the government's pro-  
gram.

Sherrill planned to leave tomor-  
row for field conferences in the west-  
ern part of his territory, which in-  
cludes Texas, New Mexico, and Ari-  
zona.

**Wake Up Your Liver Bile  
—Without Calomel**

And You'll Jump Out of Bed  
in the Morning Rarin' to Go

If you feel sour and sunk and  
the world looks punk, don't swal-  
low a lot of salts, mineral water,  
oil, laxative candy or chewing  
gum and expect them to make you  
suddenly sweet and buoyant and  
full of sunshine.

For they can't do it. They only  
move the bowels and a mere move-  
ment doesn't get at the cause. The  
reason for your down-and-out  
feeling is your liver. It should  
pour out two pounds of liquid bile  
into your bowels daily.

If this bile is not flowing freely, your  
food doesn't digest. It just decays in the  
bowels. Gas bloats up your stomach. You  
have a thick, bad taste and your breath  
is foul, skin often breaks out in blis-  
ters. Your head aches and you feel down  
and out. Your whole system is poisoned.

It takes those good, old CARTER'S  
LITTLE LIVER PILLS to get these two  
pounds of bile flowing freely and make  
you feel "up and up." They contain won-  
derful, harmless, gentle vegetable ex-  
tracts, amazing when it comes to making  
the bile flow freely.

But don't ask for liver pills. Ask for  
Carter's Little Liver Pills. Look for the  
name Carter's Little Liver Pills on the  
red label. Resist a substitute. 25c at

MERCHANDISE AT THE PRESENT LOW PRICES IS THE BEST INVESTMENT YOU CAN MAKE . . .

Prices on most everything are like the Old Black Mammy's cakes: "Dey's dun rose."

However, almost every merchant and business man will manage to keep the prices at a low figure in an effort to meet every demand. This however, will last only for a short time as everything points toward the rise in prices.
