

The Floyd County Plainsman

VOLUME NO. 4

Floydada, Floyd County, Texas, September 14, 1933

NUMBER 40

FIRST BALE 1933 COTTON GINNED IN FLOYDADA THURSDAY BY S. M. CRAWFORD, OF DOUGHERTY, COTTON YIELD IS GOOD

The first bale of cotton for Floyd County for 1933 was brought in by S. M. Crawford, of the Dougherty community, Thursday afternoon. The bale was ginned at the Texas Cotton Growers Gin in Floydada.

A \$32.00 premium was donated by the business men of Floydada and the ginning and wrapping was contributed by the Texas Cotton Growers Gin. J. W. Lanier, manager of the gin, bought the first bale for the Texas Cotton Cooperative Association. The bale, which weighed 484 pounds sold for 9 cents per pound. The cotton graded bright middling, 15-16 staple.

The first bale was picked from Mr. Crawford's farm located just between the Pleasant Hill and Dougherty communities in the southeast section of Floyd County. This section of the county has an unusually good cotton crop due to plenty of moisture and favorable weather conditions.

A second bale was ginned Saturday by R. E. Warren, of the Mount Blanco community. This bale was also ginned by the Texas Cotton Growers Gin and bought by Paul Jacobsen.

The cotton harvest has not started in full blast as yet but Floyd County ginner say that by the 25th of this month regular ginning will start. In spite of the fact that a large percentage of this year's cotton crop was retired under the Government National Acreage Reduction movement, the county is expected to produce a crop equally as large as last year. The yield is much better and the increase in acreage over last year has been estimated at thirty five percent.

Floyd County farmers in many sections are asking for warm, dry weather during the next few days and weeks to dry out their cotton and open it. Severe damage by boll worms has been reported from sections of the county where rainfall has been more heavy than ordinary. Damage in the largest extent was reported from the northeast section of Floyd County.

Floyd County Gins Ready
Gin men in Floydada and other parts of Floyd County have been busy for the past few weeks getting their machinery in condition for the fall cotton harvest ginning and are now about ready for the pouring in of the cotton crop.

Floyd County Covered By Rain Tuesday Night, Some Rain Sunday

Floyd County was covered by rainfall Tuesday night which averaged more than an inch in every part of the county. The heavier rain was in the northeast and north sections.

A local shower in Floydada and vicinity fell Sunday but was not general as the western section and eastern section of the county did not report any precipitation. No rain was received between Lockney and Floydada but on the north side of Lockney to Plainview a heavy rain was received.

Two inches of rain was reported Tuesday night in the Fairview and Hillcrest communities and about the same was had in the entire northeast section of the county. One inch fell in this vicinity Sunday night. No rain fell in Harmony community in the west section of the county Sunday but 1 inch was reported Tuesday night. Locally the rain was slightly more than 1 inch.

Farm work in Floyd County is at a standstill for a few days until fields dry out enough to allow farmers to get into them with tractors and plows and finish plowing for wheat. Some cotton picking had started but this was not extensive only in the most far advanced cotton fields.

Danger to cotton from boll worms is said to have been greatly increased by recent rains and showers and some dry hot weather is needed at the present for that staple. No extensive damage by worms has been reported as yet.

Mrs. Glad Snodgrass and daughter, Miss Gwendolyn, left Sunday for Waco, where Miss Snodgrass entered Baylor University for the fall term. Miss Snodgrass is a former student of Ward-Belmont in Tennessee and Baylor at Belton.

W. H. Seale Underwent Operation At Lubbock Sanitarium Thursday

Col. W. H. Seale, pioneer Floyd County auctioneer and dry goodsman, underwent a serious operation at the Lubbock Sanitarium Thursday of last week. His condition was reported as being favorable.

Mrs. W. H. Seale is in Lubbock with Mr. Seale. Two daughters, Mrs. Fred Poore, of San Pedro California, and Mrs. Carter Andrews, of Pomona, California, left Monday to return to their homes after having visited with their father.

Mr. Seale has been ill for some time but has been in the Lubbock Sanitarium for only a short while.

Attended Magnolia District Meeting In Lubbock Friday

H. O. Cline, manager of the Magnolia Service Stations and C. W. Ginn, wholesale agent, attended a district company meeting held in Lubbock Friday afternoon. The meeting was held at the Hilton hotel. Officials of the company discussed and explained the oil code which recently went into effect.

Floydada Good Roads Association Organized Here Friday Night

A Floydada branch of the Texas Good Roads Association was organized in a meeting in Floydada Friday evening at the court house. J. C. Watson, representative of the Texas Good Roads Association, West Texas Division, was in Floydada for that purpose.

Mr. Watson explained the purpose of the good roads association and explained what had already been done for Texas through this organization's efforts. Resolutions were read and adopted giving reasons why Texas should have special organizations to assist West Texas, if necessary, in getting the funds from the state and Federal government.

J. N. Johnston Chairman
J. N. Johnston, who has been active in the past several months in his efforts to secure a highway improvement for Floyd County, was elected chairman of the Floydada association. W. C. Hanna, city mayor, was named assistant or vice-chairman and Roy Snodgrass was elected secretary. A resolution was passed requesting the Commissioners Court, including the county judge, and the city council and the mayor to become members of the Texas Good Roads Association for the reason that all matters relating to good roads and streets must be passed on by the commissioners' court and by the city council.

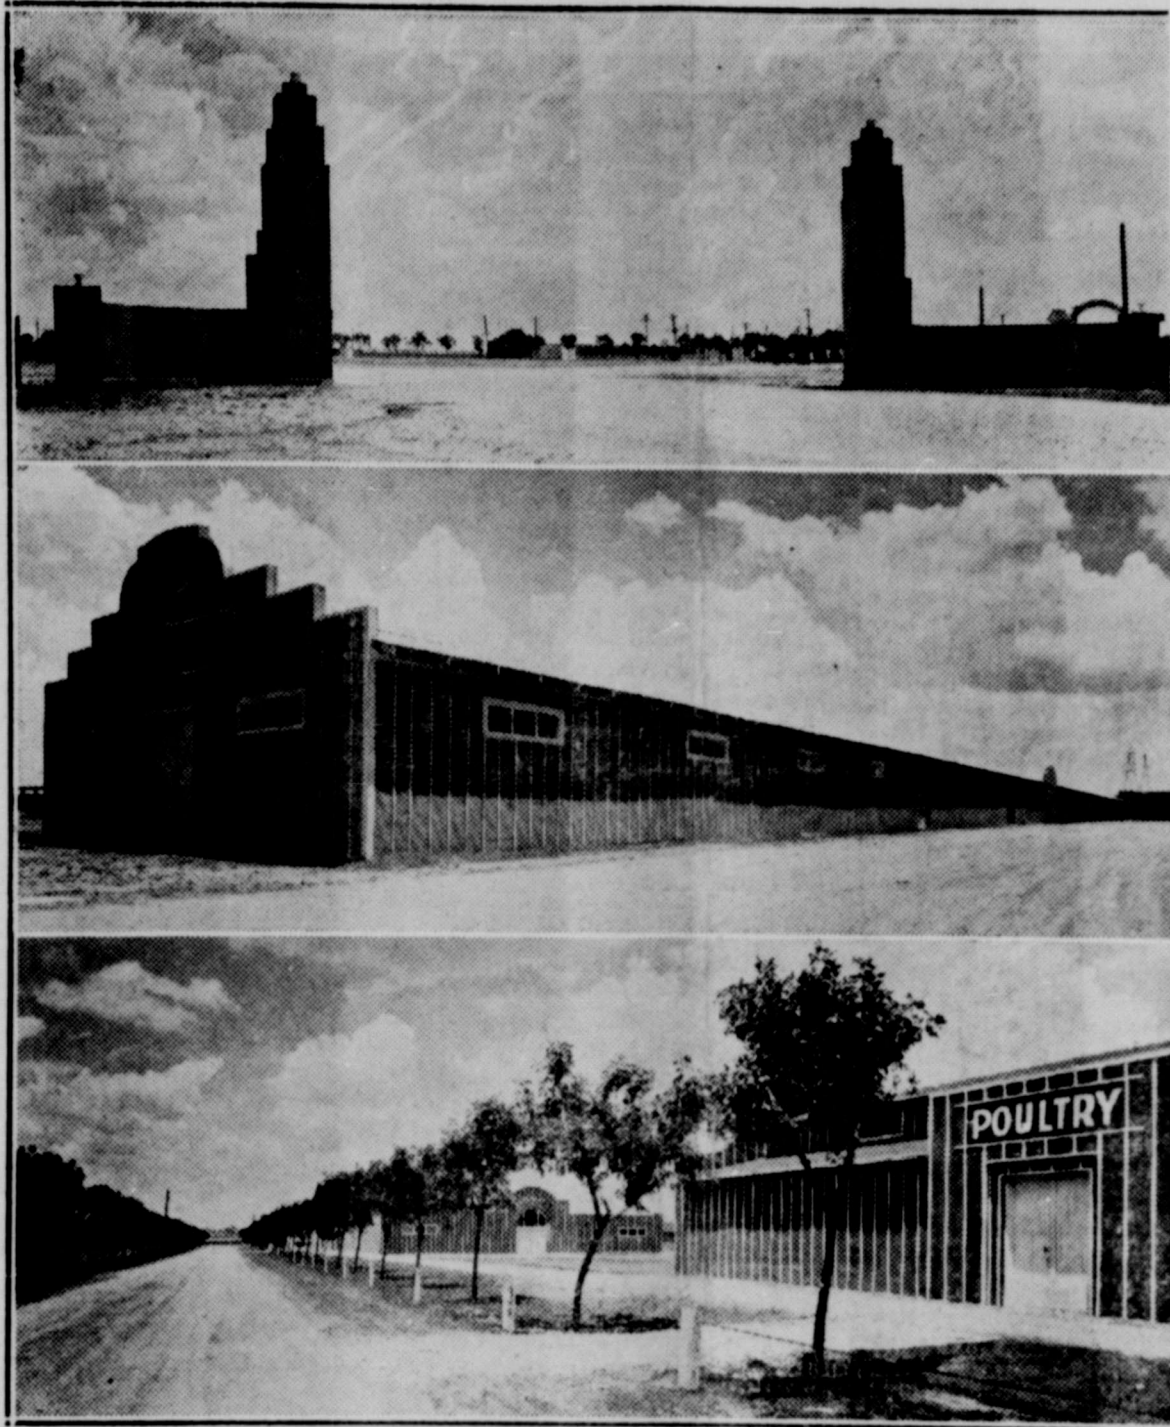

It was stated in the meeting Friday night that since the \$20,000,000 bond issue had been voted by the qualified electors of this state and since large sums of money will be appropriated by the federal government, that it is necessary that an organization be set up for the handling of the road and street funds. Since all the authority is vested in the mayor and the city council for the city streets and all the authority is vested in the commissioners court for the county roads and the right-of-way this was pointed out as an economic saving in the meeting.

Commissioners Approved Budget For 1934 In Meeting Tuesday

A budget for Floyd County, material for which was compiled by the Rankin Audit Company, was approved in a meeting of the Floyd County Commissioners Court Tuesday. The budget for 1934 is practically the same as for 1932.

Floyd County Council women met with the court again and asked for a county home demonstration agent. On a motion and second a vote was asked on a reduction of salary to pay the agent. Two votes for and 2 against and the judge voted against. The vote was the same on the question of employing the agent.

Virgil Shaw and E. S. Price visited in Amarillo Saturday.

Above are scenes of the Amarillo Fair Grounds and Buildings. The Tri-State Fair will be in session this year September 23 to 30, inclusive. A cordial invitation is extended everyone to attend.

EMPLOYMENT BUREAU FOR MEN TO WORK ON HIGHWAY 28 PROJECT SET UP IN FLOYDADA, OPERATE IN CONNECTION WITH COUNTY T. R. C.

Prospects for improvement of Highway 28 from the west side of Floydada to the Motley county line, are apparently much better as two supervisors under the United States Department of Labor were in Floydada Monday completing a set up to employ men on road construction.

David H. Orand and J. H. Bond, supervisors under the United States Department of Labor and working in connection with the re-employment service were here leaving data and instructions, relative to his duties in the matter, with Burl Bedford, county administrator for the board of welfare and employment.

Mr. Bedford was instructed by Mr. Orand and Mr. Bond that when he received notice he was to register men who wanted to work and were

ready to work on the road construction project. Mr. Bedford will give notice in a short while through Floyd County papers and otherwise when he is ready to start registering and classifying men for positions on the construction work.

The employment on the road construction project is not a matter of charity but merely an opportunity for able bodied men of this section to secure employment and reasonable good wages. It was indicated by members of the Floyd County Rehabilitation committee that if the highway was constructed in Floyd County that enough men would be employed to relieve the unemployment situation to the extent that the board of welfare would be required to administer funds in cases of sickness and in cases where people were unable

to work. The employment work on highway 28 will not be a part of the local welfare board but will be set up through it in order to locate the men who want to work. A contract for the building of Highway 28 from Floydada east to Motley county will come up for action September 18 it was indicated, and in all probability approved it was stated. Plans are rapidly advancing for the starting of work within the next few days.

Men who want employment on the road are asked to see Burl Bedford and register and classify as to what duties they can best perform. They are asked to register after the proper notice is given, not before.

Let Cavanaugh do your Printing

Mrs. B. O. Cloud's Mother Died Saturday Night In Plainview

Mrs. S. J. Whitacre, mother of Mrs. B. O. Cloud, of this city, died Saturday night in the Plainview sanitarium. Mrs. Whitacre had been seriously ill for some time. A tumor caused her death.

Funeral services were held in Plainview Sunday. Members of the family and a number of friends were present. Several from Floydada attended the funeral services. Mrs. Cloud was at her mother's bedside for several days before her death. Interment was at the Plainview cemetery.

Donald Thomas, of Springtown, Texas, is making his home in Floydada with his sister, Mrs. J. A. Arwine and Mr. Arwine, while attending Floydada High School. He is working at Arwine Drug.

Mr. and Mrs. Frank L. Moore and family returned Friday from Hot Springs, New Mexico, and other points where they had been for a month on a health and vacation tour. They visited scenic spots at Carlsbad, Santa Fe, Albuquerque and other places.

Silver Awards To Be Given To Three High Teams District Football

Silver awards in the form of football statues mounted on pedestals will be given to each of the first, second and third place winners in district football class B this year. It was decided to give these awards in a meeting last Saturday of the executive committee of the district interscholastic league.

Officers elected for the district league are: Leo V. Rogers, superintendent of schools at Lamesa, chairman; A. B. Sanders, Littlefield superintendent, secretary; David Lemon, committeeman, Slaton superintendent; A. D. Cummings, committeeman, Floydada; I. R. Witt, Post, committeeman; Wilford Jones, of Lockney and C. V. Hall, of Spur, alternates.

The silver football awards will become permanent property of the winning schools.

COUNTY SCHOOLS OPEN
Hillcrest and Baker schools opened Monday for the fall term. A good crowd of school patrons were present for the opening programs. All of the Floyd County schools are in operation at the present with the exception of Antelope and Blanco.

Dr. A. E. Guthrie Starts Practice Of Medicine In Floydada

Dr. A. E. Guthrie arrived Friday night and Saturday opened his offices in the Readhimer building. He is sharing a combination office with Dr. C. M. Thacker, dentist, but will practice medicine. He with Mrs. Guthrie and a baby son are making their home at the former Dr. Alexander residence on West California street.

Dr. Guthrie comes to Floydada from Clayton, New Mexico, where he practiced in St. Joseph's Hospital. He is a former student in the University of Texas where he studied medicine and studied medicine in Baylor Hospital at Dallas.

Mrs. J. R. Terry returned home last week from Temple where she had spent the past several weeks visiting her mother and other relatives.

Mr. and Mrs. Hugh Cardell and Mr. and Mrs. Charlie Busby, all of Plainview, visited in Floydada Sunday with Mr. and Mrs. Y. Onstott.

BORN—To Mr. and Mrs. S. A. Stapleton, of McCoy, Tuesday, September 12, a 9 pound son.

FLOYD COUNTY WHEAT PRODUCTION CONTROL ASSOCIATION TO BE PERFECTED IN COUNTY MEETINGS FRIDAY NIGHT

The Style Shoppe Name of New Firm Opened For Business Here

"The Style Shoppe" is the name of the new ladies ready-to-wear and millinery shop opened in Floydada on the south side of the square.

Miss Estella Russell, of Farmersville, Texas, and Mrs. C. A. Cass, of the Lakeview community are the owners and operators. Mrs. Cass is well known in Floyd County, especially in the Lakeview community. She and Miss Russell are relatives.

Miss Russell has had a number of years experience in the ready-to-wear and millinery business. She is a former employee of Sanger Bros. and Titche-Goettinger of Dallas. For the past two years Miss Russell has operated a ladies ready to wear in Farmersville.

U. S. To Match Texas Bonds Dollar For Dollar Of Issue Is Report

Washington, September 8.—Harry L. Hopkins, emergency relief administrator, Friday announced that the Federal Government would match Texas' \$20,000,000 bond issue dollar for dollar.

It had been planned previously to give Texas \$1 Federal money for each \$2 of the bond issue.

The enthusiastic majority by which the state agreed to the relief funds induced the administration to increase the proportionate allotment.

385 Sign N. R. A. Consumers Pledge in House to House Drive

Signatures of 385 N. R. A. consumers were secured in the Floydada house-to-house residence canvass made Friday morning by Floydada women. The drive was under the direction of Mrs. Geo. A. Linder, who was appointed as chairman by the Floydada N. R. A. executive committee.

The entire town of Floydada was canvassed in the drive with the following results: 385 signed pledges, 39 not at home and 52 refused to sign. Members of the consumers drive committee will go back to see the 39 and attempt to secure their signatures. The N. R. A. consumers drive completed the N. R. A. enlistment campaign for Floydada, the business-to-business canvass having been made prior.

Floydada women who conducted the drive were: Mesdames Walton Hale, W. E. Stone, L. J. Weiborn, W. Edd Brown, R. Fred Brown, J. U. Borum, J. A. Arwine, Lon M. Davis, J. B. Jenkins, W. M. Houghton, Virgil Williams, O. P. Rutledge, C. L. Minor, Pierce King, Glad Snodgrass, Geo. Smith, S. W. Ross, A. D. Cummings, Grover Smith, Paul Jacobsen, Lorin Leibfried, Bob Smith, A. R. Cardinal, E. L. Norman, John McCleskey, J. D. McBrien, C. J. Holbingsworth, R. E. Fry, E. P. Nelson, O. T. Williams, Bill Sharp and Terrell Loran.

"I wish to thank all those ladies who had any part in any way for assisting in the N. R. A. consumers drive and I feel sure that the canvass has been a success," Mrs. Linder said.

REDD TRUCK DAMAGED IN WRECK IN COLORADO, NO ONE INJURED

J. N. Redd, owner of J. N. Redd Produce and Grocery Company, received a telegram Tuesday morning from S. L. Sanderfur, one of his truck drivers, that he had been in a wreck and that the truck was damaged about \$100. No details of the accident had been learned.

Sanderfur and Sid Barlett left Sunday to go to Colorado for a load of produce. They carried a load of cotton seed cake. The telegram, telling of the accident, was sent from Pueblo and it is thought that the accident occurred there or near there. The truck is a Chevrolet and has been used for several months by the Redd System.

WE APOLOGIZE TO THE FARMER

"Darling, it will have to be a long engagement."

"She: "Dear, I'll wait for you 'til the farmers are satisfied."

Mr. and Mrs. W. F. Daniels and family are visiting Mr. Daniel's father and other relatives in Temple, Texas, this week.

Meetings, to perfect the organization of what is to be known as the Floyd County wheat production control association, will be held at twelve centers in Floyd County Friday night at 8 o'clock. The plan as outlined by Glen A. Lindsey, emergency county agent, is explained below:

"The meeting Friday night is an organization and election meeting. The county has been divided into 12 wheat districts and each district will elect a chairman who will also serve on the board of directors of the county wide organization.

"Two other members will be elected to serve on the community district committees with the chairman. In the election meetings Friday night all wheat farmers, who sign for wheat allotment contracts, are eligible to vote. Growers who have not signed applications will be given an opportunity to do so at the meetings.

"Chairman of the local committees will meet at 2:30 o'clock Saturday afternoon in the Grand Jury Room at the court house to officially organize the Floyd County Wheat Production Control Association." Mr. Lindsey's plan stated.

12 Districts Listed
The twelve wheat districts will be composed of two or more communities in Floyd County. Meetings Friday night will be held at one of the community school houses in the district. Meeting places and communities to meet are as follows:

1 Fairview, Hillcrest and Campbell; 2 Dougherty, Antelope; 3 Pleasant Hill, Baker and Lakeview; 4 McCoy, Blanco and Starkey; 5 Harmony, Allmon and Sandhill; 6 Floydada, Center; 7 South Plains, Edgia, Cedar, Liberty and Fairmount; 9 Lockney, Ramsey and Roseland; 10 Prairie Chapel, Providence and Alken; 11 Pleasant Valley, Muncy and Irick; 12 Lone Star, Holt and Sterling.

One or more of the educational campaign committees will be assigned by Emergency Agent Lindsey to go to each of the wheat districts to hold the elections and organize the district. The educational campaign, closed Tuesday night, was conducted by O. T. Williams, vocational agriculture instructor and Lockney and Floydada business men.

Educational campaign committees for north Floyd County were: A. R. Meriwether, Olan Ridings, T. Z. Reed, Geo. T. Merriwether, L. L. Brewster, E. D. Teuton, W. R. Childress, Carl McAdams and J. H. Hoblaus. For south Floyd County: O. T. Williams, S. W. Ross, O. M. Watson, O. P. Rutledge, R. E. Fry and Roy Haynes.

During the educational campaign the wheat production allotment plan of the government was explained to Floyd County wheat farmers. During the next few weeks the production control will be set.

Mrs. Lindsey, the new agent, who succeeds V. S. Payne, who recently resigned to go to Abernathy, comes to Floydada from Rusk, Cherokee county, where he conducted the cotton acreage reduction campaign during the summer.

SCHOOL ENROLLMENT SHOWS INCREASE

Enrollment in the Floydada Public Schools has increased over last week, according to a check up yesterday. Enrolled in the high school are 328 students and in the Andrews Ward 516.

Texas Lawmakers
To Convene In Extra
Session Today

Austin, September 7.—The Texas
legislature was called by Gov. Miriam
A. Ferguson today to meet in
extraordinary session on next Thurs-
day to consider emergency legisla-
tion.
Chief of the subjects presented to
the legislators for their considera-
tion was issuance of bonds with
which to obtain money to augment
federal relief funds. In a special
election on August 26, voters of the
state approved a proposed amend-
ment to the constitution that would
empower the legislature to exceed
state securities, not to exceed
\$20,000,000 to help destitute families
that heretofore have been on the
United States government relief rolls.

The legislature will decide how
much in bonds shall be issued and
set up a plan of administering the
relief money. The regular session
created the state rehabilitation and
relief commission of seven members,
to handle distribution of federal
funds. Lawrence Westbrook is di-
rector of that organization and the
membership was picked by the gov-
ernor, lieutenant governor and speaker
of the house. Whether that ag-
ency will be continued is a matter
for the legislature to determine.

Fifteen Million Loss
Said To Be Caused By Rats
In Texas Last Year

Austin, Texas, September 12.—
Texas sustained a fifteen million
dollar loss last year, on account of
rats, declared Dr. John W. Brown,
state health officer. This figure is
a very low estimate based upon the
number of rats in the state, two for
each person. No doubt many sur-
fer losses that would pay their taxes,
and this does not take into consid-
eration the losses from diseases, time
and money, caused by the rat.

Typhus fever is on the increase
in Texas and the rat is the cause of
its spread. Old World typhus fever
has a low death rate, while the type
we have in Texas, sometimes called
Brill's Disease, has a low death rate.
It occurs among persons who work or
live in rat infested buildings. It was
the observation of this fact that led
to the discovery that rats are car-
riers or transmitters of the disease.
It appears that the rat suffers at-
tacks of this form of typhus fever
and that the fleas harbored by the
rat bite man thus human infection
results.
Although this disease is not com-
monly fatal, it cannot be considered
lightly. The intense headache, the
high fever, and the great mental
depression are its most unpleasant
features. Like in sea sickness, the
patients greatest fear is that he is
not going to die. The illness gener-
ally lasts about two weeks.
The control of typhus is very dif-
ficult and it depends upon the ex-
termination of rats and this is no
easy matter. Trapping and poi-
soning help, but the best results are
obtained by having all buildings where
food is stored ratproofed. The State
Department of Health and the U. S.
Department of Agriculture will be
glad to assist communities in their
program for the extermination of this
pest.

has been set for trial on October 2.
Way Clear for Other Questions
The governor, in her official call,
asked the legislature to "make need-
ed appropriations for refrigeration
at the governor's mansion and needed
work on the grounds of the govern-
or's mansion."
She took care, in her proclama-
tion to leave the way clear to submit
"other subjects and questions"
from time to time during the ses-
sion should she see fit.
It was believed that an effort
would be made to have her present
sales tax bill. It was proposed
by some that a sales tax be levied to
take care of the principal and inter-
est of the relief bonds.
The regular session of the legis-
lature adjourned on June 1 last after
having been at work continuously
for seven days less than five months.
There is a constitutional provision
that a special session shall not ex-
ceed 30 days but there is nothing to
keep a governor from calling the
lawmakers back as often as one
should care to do so.

Plan To Cut 1933
Acreage By 5,000,000 Is
Cotton Program

Washington, September 9.—A cot-
ton reduction program intended to
limit the 1934 crop to 25,000,000
acres is planned by the Farm Adjus-
tment Administration with the ap-
proval of President Roosevelt.
This would make next year's acre-
age 5,000,000 less than this year's
and 15,000,000 under the normal
planting.
Broad outlines of the plan were
announced today by Secretary Wal-
lace at his press conference, but de-
tails will not be made public until
early next week.
Would Include Guarantee
The plan contemplates a combina-
tion of rental payments to farmers
and a form of the domestic allotment
proposal.
It was understood the allotment
feature would include a virtual guar-
antee of parity price on approxi-
mately half the total crop, the
basis of domestic consumption.
Henry Morgenthau Jr., governor of
the Farm Credit Administration, an-
nounced that all farmers who have
pledged cotton as collateral for seed
and crop production loans prior to
this year's crop will be notified to
sell their collateral cotton at once
in liquidation of the loans that are
past due.

For every bale of cotton so sold, a
bale of long futures will be bought,
as authorized by the Agricultural
Adjustment Act. The long futures
contracts will provide the Secretary
of Agriculture with cotton for carry-
ing out the acreage reduction pro-
gram, but the transactions will result
in no net sales or purchases, Mor-
genthau said.

Miss Ruby Lee
McMurray Became Bride of
Altus, Oklahoma, Man

Miss Ruby Lee McMurray, daugh-
ter of Mr. and Mrs. J. H. McMurray,
of this city, and Mr. Vernon Foster,
of Altus, Oklahoma, were married
Sunday in Floydada at the home of
the bride, 302 West Virginia street.
The Rev. G. W. Tubbs, baptist
minister of Floydada, read the mar-
riage ceremonies. Those present were
Mr. and Mrs. Lee Allen and baby,
Mr. and Mrs. Oscar McMurray and
family, of Mt. Blanco, Miss Ona Mae
McMurray, C. L. McMurray and Miss
Florence McMurray, all of Floydada
and the bride's parents, Mr. and Mrs.
J. H. McMurray.
The bride is a graduate of the
Canyon schools and a former student
in West Texas State Teachers Col-
lege at Canyon. She formerly taught
school in the Fairmount school in the
northeast section of Floyd County.
Mr. and Mrs. Foster left imme-
diately following the ceremony for
Carlsbad, New Mexico, for a short
honeymoon trip before returning to
Altus to make their home.

Miss Clarabell Golightly
And Mr. Durand Bishop
Announce Marriage

The marriage of Miss Clarabell
Golightly and Mr. Durand Bishop,
both of this city, was announced
Sunday. The wedding was held in
Clovis, New Mexico, January 22, of
this year.
The bride is a daughter of Mr. and
Mrs. R. E. Golightly of this city. She
is a graduate from Floydada High
School with the class of 1933.
The groom is a son of Mr. and
Mrs. S. G. Bishop. He is a former stu-
dent of the Floydada public schools.
Mr. and Mrs. Bishop will make
their home in Floydada.

U. S. Marine Corps
Announce Vacancies In
Historic Corps Dept.

It is announced by Major P. D.
Cornell, U. S. Marine Corps, that a
few vacancies now existing in this
famous military organization will be
filled through the Marine Corps Re-
cruiting Station at 535 St. Charles
Street, New Orleans, La., during the
month of October.
All applicants for enlistment must
have been graduated from an ac-
credited high school or attended an
institution of higher learning, and,
due to the high qualifications re-
quired of an applicant he must be
of the highest type both physically
and morally.

Men enlisted at the New Orleans
office, after a period of intensive
training, which consists of close and
open order drills, the use of rifles,
machine guns, bayonet, automatic
rifles, Stokes mortars and all the
other implements of modern war-
fare, are transferred from Parris
Island, S. C., where they receive their
initial training, to one of the many
"Marine Corps Posts at home or
abroad. Many of those men, who
desire to serve at sea with the fleet
are sent to the Sea School Detach-
ment at Norfolk, Va.

Any young man desiring informa-
tion about this service should write
Major Cornell at the above address
and he will furnish him with full
information and application blanks.

Boles Orphan's
Home Singers Gave Pro-
gram in Floydada

A group of seventeen singers from
the Boles Orphan's Home at Green-
ville, Texas, gave a song program at
the City Park Church in Floydada
Sunday.
The pulpit was filled at the morn-
ing service by Bro. Z. D. Barber,
superintendent of the Boles Home,
and at the evening service by Albert
Smith, of Pleasanton.

McCoy Baptist Church

Following is the announcement of
services for the McCoy Baptist
church for Saturday night and Sun-
day of this week:

evening.
Sunday school 10 o'clock Sunday
morning.
Preaching 11 o'clock Sunday morn-
ing.
B. Y. P. U. 7 o'clock Sunday even-
ing.
Preaching at 8 o'clock Sunday
evening.
Members urged to be present.
Visitors invited.
REV. G. W. TUBBS, Pastor.

ATTENDED DEALERS MEETING

Bob Eubank, salesman for Barker
Brothers Ford dealers in Floydada,
attended a Ford dealers and sales-
men meeting held in Lubbock Fri-
day night. The meeting was held
at the Lubbock auto company.
Mr. Eubank was accompanied by
Mrs. Eubank and their son, Bobbie
James.

Co-Operative Plan
Helps Needy Girls
Acquire Education

Canyon, September 10.—The co-
operative plan which has been work-
ing out for Randall Hall is going to
bring many students to college this
fall who would have no chance of
coming on the usual plan," said Dr.
J. A. Hill, president of the West
Texas State Teachers College.

The plan has been received with
approval from the first, and at pres-
ent there are reservations from 39
towns representing widely separated
sections.
The girls who will live in Randall
Hall have been carefully chosen, and
only young women of excellent
grades and superior character ratings
have been selected. Each girl will
keep her own room, and each will
do her share of the general housekeep-
ing. Many of the girls are planning
to pay as much as \$6 of their monthly
board and room bill in produce
which they will bring with them or
have sent from home.

Luther Jenkins, 14,
Underwent Operation At
Lubbock Monday

Luther Jenkins, 14 year old son of
Mr. and Mrs. Geo. Jenkins, of three
miles west of Floydada, underwent
an operation for acute peritonitis at
the Lubbock sanitarium Monday af-
ternoon. He had been seriously ill
for several days.
The ill lad and Mr. and Mrs. Jen-
kins were carried to Lubbock by J.
B. Bishop, who remained until the
operation was completed.

Miss Mildred Armstrong
Returned Home Saturday

Miss Mildred Armstrong returned
home Saturday from Littlefield
where she had been visiting with her
cousin. She is visiting with Mr. and
Mrs. Frank Cline, City.

M. B. McFarland and Alton Peak,
of Lubbock, visited in Floydada over
the week end with Mr. and Mrs. T.
W. Whigham.

Mr. and Mrs. W. B. Clark left last
week to go to Brownwood where Gar-
land Foster, who accompanied them,
entered Howard Payne college. They
went on to Glenrose, Texas, to take
treatments and medical baths in the
health resort there.

Littlefield People Vote
For Sale of Legal Beer
In Election Saturday

Littlefield, September 9.—Little-
field voters today approved the sale
of 3.2 beer within the city by a vote
of 215 for to 117 against, a majority
of 98 votes.

The election was quite. Total vote
was 332. The city in the county-
wide election, August 26, showed a
majority of 46 for sale of beer but
the county went dry.

Wake Up Your Liver Bile
—Without Calomel

If this bile is not flowing freely, your
food doesn't digest. It just decays in the
bowels. Gas bloats up your stomach. You
have a thick, bad taste and your breath
is foul, skin often breaks out in blas-
phes. Your head aches and you feel down
and out. Your whole system is poisoned.
It takes those good, old CARTER'S
LITTLE LIVER PILLS to get these two
pounds of bile flowing freely and make
you feel "up and up." They contain won-
derful, harmless, gentle vegetable ex-
tracts, amazing when it comes to making
the bile flow freely.
But don't ask for liver pills. Ask for
Carter's Little Liver Pills. Look for the

AND DON'T BRIT YOUR
NERVES SO!

This Letter Will Bring
Joy To Fat Folks and
NEURITIS SUFFERERS

"Dear Sirs: I was so crippled
with neuritis all down left side of
my head and arm and both knees so
swollen that I could hardly get up
and down. At times my feet pained
so badly I thought my toes would
break off. I tried everything. The
doctor told me I would be no better
while I lived here but I stopped in
a drug store in Brooklyn, N. Y., one
day last November and the man in
charge told me to take Kruschen for
3 weeks steady and I would get
relief which I did. Never felt better
and along with it, have lost weight.
I weighed 210 then. Now I weigh
154 and while I'm over 50 years old I
feel 30. I took it for one thing—
got two—so I now have 6 others here
taking it." Mrs. A. V. Carr, Ft. Til-
den, N. Y.
"it's the little daily dose that does
it" so take a half teaspoonful of
Kruschen in a glass of hot water
every morning before breakfast. Get
Kruschen at any live druggist in the
world—a jar lasts 4 weeks and costs
but a trifle. —Adv.

Mrs. Edna Welland, of Berger, and
Mrs. M. M. Mason, of Melrose, New
Mexico, are in Floydada visiting
with their parents, Mr. and Mrs. A.
J. Ryals.

The school is conducted every evening at the Plainview Methodist Church. The closing session will be held Friday night.

U. S. Warns Bankers To Meet Requirements of Glass-Steagall Act

Chicago, Ill., September 7.—The banks of a nation, as represented by the American Bankers' Association, adopted a "code of fair competition" today.

The permanent code made some exceptions to and minor changes in minimum wages and maximum working hours as provided in the temporary code under which the banks have been operating.

The American Bankers' Association was told today that the administration is determined to carry out the provisions of the Glass-Steagall banking act providing for insurance deposits on Jan. 1 despite opposition.

"Bank insurance is part of the Federal law," J. F. T. O'Connor, Comptroller of the Currency, declared in an address at the bankers' association convention. Yesterday the convention adopted a resolution pleading that means be found to postpone the insurance provision and contending that under it thousands of banks unable to qualify would be forced to close.

O'Connor made a spirited defense of the insurance provision.

First, he said, it transforms into fact the theory that every depositor has a right to his money.

Second, he said, it will remove the danger of runs on banks, thus leaving bankers free to make loans to take care of business' increased expenditures under the recovery program.

Third, he said, it will obviate the necessity for the postal savings bank, and return to the banks over \$1,000,000,000 in deposits.

The banks themselves will save "many millions of dollars," O'Connor said, through the elimination of interest on demand deposits.

"Is there any depositor who would not accept one-half of 1 per cent less interest and know his deposit was insured, if such a step were necessary to save the insurance provision?" He asked.

Attacking unscrupulous stock sellers, O'Connor listed the crowning benefit of the law, in his opinion, as the likelihood that much money now being invested in worthless securities would go into the banks after deposits are insured.

"It is my firm opinion that the insurance features of the law will save millions to our people," he said.

Answering the contention that the insurance provisions of the law penalizes "good" banking for "bad," O'Connor said he knew of "no more vicious, unwarranted and untruthful propaganda."

"The present administration has demonstrated its policy of protection for the little fellow, whether individual or corporate," he said.

MILK!
Plenty of it, whole and wholesome. Best All Round Food Known—From—
ROY PATTON'S DAIRY

Should The Children EAT IT?

Parents, particularly mothers, are paying a lot of attention to children's diet these days. For it is far more economical and pleasant to keep a child well by feeding him correctly than by nursing and doctoring him back to health.

Of course in case of doubt the doctor should be consulted regarding what a child should eat and what he should not eat. But do you realize that the leading manufacturers of food now seek the advice and approval of the leading nutritional authorities in the country, relative to the claims they make for their products in their advertising?

In other words, food advertisements are reliable sources of information regarding diet. They are based upon the results of the latest approved scientific discoveries about vitamins, minerals and roughage, in relation to vigorous bodies, clear complexions, sound teeth and properly regulated systems.

So read the advertisements carefully. Consult your doctor about them. Very often the advertiser invites you to do this because he has asked authorities, whom your doctor respects, about statements made in those advertisements.

Texas Good Roads Association West Texas Division

J. C. Watson, representative of the Texas Good Roads Association, West Texas Division, organized this association at Floydada, Friday evening at the Court House. Mr. Watson explained the purpose of the Good Roads Association and explained what had already been done for Texas through its efforts. Resolutions were read and adopted giving reasons why Texas should have special organizations to assist West Texas, if necessary, in getting the funds from the state and federal government.

A resolution was passed requesting the commissioners' court, including the county judge, and the city council, including the mayor, to become members of this organization for the reason that all matters relating to good roads and streets must be passed on by the commissioners' court and by the city council. J. N. Johnston was elected chairman of the association, W. C. Hanna, vice chairman and Roy Snodgrass, secretary.

The resolutions provided that the chairman, vice chairman and the county judge should each appoint one member of each committee and that these committees should be made up largely of the members of the city council and commissioners court for the reason that they have been elected by the qualified voters of Floyd County to direct and manage the affairs of the streets and the roads of the county.

It was declared at this meeting that since the \$20,000,000 voted by the qualified electors of this state and since large sums of money will be appropriated by the Federal government, that it is necessary that an organization be set up for the handling of the road and street funds. Since all the authority is vested in the mayor and the city council for the city streets and all the authority is vested in the county judge and the commissioners for county roads and the right-of-way, this is an economic saving.

Since that meeting, we read in the papers that the federal government will set aside \$20,000,000 to match the bond issue in Texas. This is in addition to the \$24,240,000 recently allocated. A portion of these funds may be used for other purposes than the construction of the highway through Floyd County. Progress on the right-of-way through and west of Lockney has been checked for reasons that are obvious. The entire matter is almost completed as to the right-of-way.

Many more millions of dollars will come to Texas in the next year or two from the federal government to aid Texas in many ways for public improvements. Every person that has an interest in the construction of the main highway east and west through Floyd County and an interest in the construction of highways in other directions should lend their full assistance to any organization that attempts to prove useful to the entire county; and especially should the people of Floydada join in the movement as one man for any public matter that will assist in the development of the best county on the plains.

The purpose of this entire movement is to invest the money in worthwhile and permanent improvements in Floyd County and to give employment to the people who are qualified to perform labor on the highway. Burl Bedford will take applications from persons who would like to be employed in the construction of the highway through the county.

The Good Roads Association will use every means possible and legitimate to bring to Floyd County all the money that is due the county. This organization will cooperate with any set-up for the benefit of the county and with every organization that is meritorious from Floydada to Austin and Washington. The organization will attempt not to trespass on the duties belonging to other groups; but will serve with one thing in view—Floyd County first, last and all the time.

J. N. JOHNSTON.

Many Floyd County Students Going Away To Texas Colleges

Many Floyd County young people have already gone and others are leaving within the next few days to go to colleges in Texas, there to attend the fall term. Probably the largest group in the history of Floydada will attend college this year.

Among the many colleges to be attended by Floyd County students and those attending are:

Texas Tech, Lubbock, Lowell Gamblin, Genell Stovall, Lola Mae Grundy, Wilmer Jones, Lois Newcome, Jean Ayres, Waldo Houghton, Billy Joe Welch, W. E. Dooley, Louise Connor, Alice Mae Pyffe, Blanche Hilton, Ruth Rutledge, Denzell Probasco, Raymond King, Leroy Green, Ersel Mathews, Clayton Fuller, Martin True, Floyd Wilkes, Rex Johnston, and Layton Dorrell.

Abilene Christian College, Abilene, Virginia Welch, Roxie Norton, Emma Louise Bedford, F. C. Harmon Jr., McMurray, Abilene, Mary Anne Kimble, Donley Stevenson, Shreiner Institute, Kerville, Otho Johnston.

Texas University, Kinder Farris, Texas University School of Medicine, Warren Poole.

Wayland Baptist College, Plainview, Johnny Johnston, Ray Chapman, Virdeane Snodgrass, Carroll McClung, Selma Linder, Latane and Ralph Hale, Vida and Zelda Battey.

Lippert's Business College, J. D. Moore, P. W. Bell and John Hoffman.

Baylor University, Winifred Newcome, Marion Heald, Gwendolyn Snodgrass, Thelma and Virgil Crawford.

Simmons University, Abilene, Malcolm Bridges and Mildred Southern, Howard Payne, Brownwood, Garland Foster and C. W. McCarty.

A. & M. College, College Station, Samuel Rutledge.

W. T. S. T. C., Canyon, Irene Kreis, Leo Jackson, Bama Gene Smalley, Melvon Alexander.

Trinity University, Waxsachie, Jean Bain.

Others will probably go to school at other places, some perhaps in other states. Most of the list of students given above are graduates during the last two years from Floydada High School.

HESTER WEST MISSIONARY CIRCLE CHANGE TIME OF MEETING HOURS

The Hester West Circle of the Methodist Church has changed the meeting time from the afternoon to 8 o'clock at night. Since the time has been changed the attendance is better.

Mrs. T. W. Whigham taught the lesson Monday night from the Book of Job. The next meeting will be next Monday evening when that study will be completed.

Mr. and Mrs. T. M. Noland and family spent Sunday visiting in Plainview with relatives.

Mrs. B. F. Manasco Died In California, Funeral In Floydada Today

Mrs. B. F. Manasco, aged 50, died Sunday morning at 5:15 at Pomona, California, where she had been for several months for her health. Mrs. Manasco had been in failing health for more than a year, and had had several major operations.

Funeral services are to be held this afternoon in Floydada at the First Christian Church. Services will be conducted by Rev. I. A. Smith, pastor of the First Methodist Church.

The body was shipped to Plainview via rail, arriving Wednesday morning at 10:15, and was brought overland yesterday afternoon to Floydada by F. C. Harmon and lies in state at the W. U. White home. Arrangements were completed late yesterday.

Mrs. Manasco is survived by her husband and two children by a former marriage, Honora and Robert Ashley Childers, both of Pomona. Mr. Manasco and R. A. Childers arrived yesterday afternoon for the funeral.

Mrs. Manasco had been a resident of Floydada for a number of years. She was married to Mr. Manasco in 1918, a year following the death of her first husband, Dr. R. A. Childers. Dr. Childers founded the first sanitarium in Floydada and had extensive interests here during his lifetime.

Several out of town relatives are here for the funeral having arrived the fore part of the week.

Mrs. Clyde Mayes, of Slaton, visited in Floydada from Saturday until Monday with Mr. and Mrs. R. F. Jackson. She is a niece of Mr. and Mrs. Jackson.

\$70,000 Appropriation For Floyd County Road Submitted By State

Tony B. Maxey, county attorney who has been working for the past several months securing right-of-way for Highway 28 through Floyd County, spent several days last week in Austin obtaining information regarding the highway improvement project.

Mr. Maxey talked with several highway officials at Austin who assured him that the highway improvement appropriation would be made. An appropriation of \$70,000.00 has been approved by the state departments and submitted for action to the Federal Highway officials at Washington, it was understood. \$19,000.00 of this amount was to be spent in the City of Floydada building the highway through here.

Of the amount asked for the remaining portion will be spent in building grading and drainage structures on the east end of highway toward Motley county. Contracts will be let first for the east end, it is believed by those in close touch with the project.

Mr. Maxey made a report on the trip to the Commissioners Court in meeting Monday afternoon.

Bread . . . Cast on the waters

IT WON'T BE many days before the bread you cast on the waters in the shape of shorter hours and higher minimum wages comes back in the form of PROSPERITY!

For you're making your own market.

When you sign the President's Reemployment Agreement, cut down working hours, take on more people, increase minimum wages—you're giving people money to spend.

They won't spend it for your product, perhaps. But they'll spend it for things they want—and that will put money in the pockets of the people who want your things.

It's a pleasant circle. Higher wages—

more demand for goods. Greater demand—easier to pay the higher wages.

You've felt this ball start rolling during the last few months. Don't let it stop! You can give it your push this very day by signing the President's Reemployment Agreement—and by buying from those manufacturers and retailers that display the pledge that they, too, have signed.

Hurry up!

—Now's the time to proclaim WE DO OUR PART!
