Swiftettes repeat as state champs

about dimmitt castro county

It may still be a little early in the election year for anyone to get set in their choice of candidates, unless, of course, 51st Year - No. 24 there is an overriding reason for an early selection. In the it's going to be a rather ho-hum election in all depart-

Not that it would make any difference one way or the other, but I never publicly announce a preference for any candidates in county or local races. The main reason is, I guess, that candidates running for district, state or national office live in distant places and are not quite as apt to take me to task as are the candidates that I see every day.

The candidates that I have tentatively decided to support, for US Senator and Governor, Joe Christie and John Hill, are probably in a dead heat right now with their closest opponents. I guess that same appraisal of the Panama Canal treaty could be made.

I have the same opinion of the Panama Canal situation as apparently many of its opponents do. I agree with the opponents of the canal treaty that we have enough firepower to keep that ditch regardless of the Panamanians' claim of sovreignty. While I agree with the concept of the opponents of the canal treaty in regard to our strength and capability in maintaining control of the facility, I disagree that it is the proper thing to do. If might makes right then there is no problem, we've [See DIMMITT, Page 15]

been rather lukewarm up to this point and unless some of the electioneering picks up it's going to be a rather.

The county attorney's race in the May 6 Democratic primary was left up in the air last Thursday when Judge George Miller of Floydada ruled that the 64th District Court had no authority to rule in favor of one candidate or

The ruling stemmed from a civil suit filed by candidate Keith Lemons, seeking to prevent the name of Jimmy Davis from appearing on the Democratic ballot. The suit was filed against County Democratic Chairman Oscar Wylie.

Lemons has filed for a transcript of the trial, the first step toward appealing the case to the State Court of Civil Appeals in Amarillo.

However, the County Democratic Executive Committee is to meet Monday to certify names for the ballot. Absentee voting is scheduled to begin April 17.

Davis is the acting countydistrict attorney, having been appointed in November by the County Commissioners' Court to fill the vacancy created by the death of Robert Buntyn. an assistant district attorney, and filed in February for election to a full term.

Lemons charged that Davis had not met the residency requirements of Article 1.05 of the Texas Election Code, and is not eligible to run. Article 1.05 states that a candidate must be a resident of the county for six months prior to filing for office; Davis' petition showed that he had lived here 23/4 months by the Feb. 6 filing deadline.

But Davis' and Wylie's attorneys questioned Lemons' eligibility during Thursday's trial, too. Lemons, a Hart native who is a senior in the Baylor University Law School, admitted he is not an attorney, but told the court he took his state bar exam in February and expects to have the results by the May 6 primary

Wylie testified that, as Democratic county chairman, he accepted both Davis' and Lemons' applications "under

"Mr. Davis had not lived in the county six months, and Mr. Lemons was a law student rather than a lawyer," Wylie told the court.

the Joint Congressional Committee on Agriculture is being circulated this week by the Concerned Citizens of Castro County, a recently formed bipartisan group, urging action to solve the nation's farm-price crisis.

The strongly worded petition urges a flexible farm act allowing full parity of target prices at a 50 percent setaside level, a loan provision at a rate equivalent to cost of production, and a special rate for natural gas used for farm

DHS students 'losing too much class time'

Dimmitt members discussed a proposed need for more uninterrupted school days, made some changes in the school calendar, hired teachers for Richardson Elementary, and heard a report on the high school Ag Department at their March Meeting Monday

Due to the two days that school was dismissed for the boys' state basketball tournament, two class days had to be made up. One was made up ahead of time by changing an in-service day to a class day, and the other will be made up be returning a day early from spring break, May 2 instead of May 3. The inservice day will be made up May 20, a Saturday, so that teachers will have more time for end-of-school preparations, Supt. Robert Ryan ad-

Board member Deanne Clark claimed that so far this school year there have been only 85 days of uninterrupted classtime in the high school. She read a list of some of the activities which interrupt classes, and suggested that more emphasis be put on the classroom time, rather than on extracurricular activities.

Ryan said that some of the activities she had listed were required by state law, such as eye, ear and tuberculosis tests. But he agreed that there were others which could be more closely evaluated and possibly eliminated.

IMMACULATE CONCEPTION CATHOLIC CHURCH Rev. Raphael Chen, Pastor 1001 W. Halsell - Ph. 647-4219

The Church is God's appointed agency in this

world for spreading the knowledge of His love

for man and of His demand for man to respond

to that love by loving his neighbor. Without

ment or society or way of life will long

persevere and the freedoms which we hold so

dear will inevitably perish. Therefore, even

from a selfish point of view, one should support the Church for the sake of the welfare of him-

self and his family. Beyond that, however,

every person should uphold and participate in

the Church because it tells the truth about

man's life, death and destiny; the truth which

alone will set him free to live as a child of

WILL YOU LET LITTLE **RED HEN DO IT?**

Sir: To all you "Stay Neutrals," "Lookers On-ers," and "Non-Helpers" sitting on the side-lines while Active Farmers are making their one big effort for equality--

What price do you plan to take for your wheat?

Are you going to say, "Oh well, \$2.20 a bushel is enough for me, since I didn't help in bringing the price up to the cost-ofproduction plus?"

Or will you be like all the animals in the story of "The Little Red Hen?" --

After she had grown the wheat and baked the bread then they all wanted in on a share of it?

Girls' track workouts did not begin in earnest until this week because the Nazareth Swiftettes went to the finals to win the Class B girls' basketball championship Saturday.

The Swift varsity boys finished seventh in a field of 11 teams at Friona, competing against Class AA teams. Coach Eddie Hooper's boys earned a total of 12 points.

Gayle Book placed second in the girls' mile run with a time of 6:23:8. The other Nazareth girl who placed was Joyce Acker, taking third in discus throw with a 99-6 toss.

Kenny Brockman finished third in boys' pole vault, scaling 10 feet, 6 inches, and was fifth in discus with a throw of 11-2. Gary Huseman, with a time of 2:13:8, placed fourth in the 880 run.

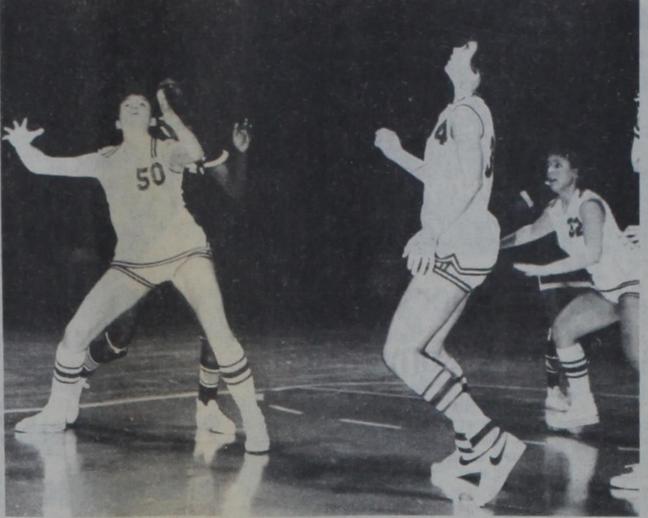

At the junior high meet Joe Kleman raced the mile in 5:51:1 for first place and gained more points for Nazareth with fourth place in the 440. His time was 65:3.

UMC revival starting in Hart church

Revival services will be held three days this week in the United Methodist Church at Hart, with Rev. Lewis Holland, pastor of the Hale Center UMC, as evangelist.

Rev. Lanny Wheeler, pastor, invites the public to at- ney and Rex and Brandi of said, is much like Amarillo tend services today (Thursday) through Saturday. Breakfast will be served at the church at 7 a.m. each morning and the preaching service will follow at 7:30 a.m. Evening meetings will be at 7:30 p.m.

Song leader for the revival will be Norman Hemphill, music director and associate pastor of the Oakwood UMC at Lubbock.

Egg-throwing 'childish'

I am writing to protest the childish resort to egg-throwing at government officials by some of our farmers. Certainly such tactics do not help the legitimate aims of the farm community. In fact, they do just the opposite, and turn most people off-even those whose sympathies are completely with the right of farmers and ranchers to make a profit on their labors. Such tactics remind us all of

the equally childish actions of

the "younger generation"

Letter to the editor

Dear Editor:

back in the sixties, with their picketing, sit-ins, bombings and arson, which we all deplored. I would be willing to bet that some of our current egg-throwers took to the stump to issue resounding condemnations against those "hippies" and "long-hairs." Yet here they are doing exactly the same thing. And in the process they do harm to what is a legitimate protest movement against unfair governmental treatment toward one of the most important elements of society-the farm families of America.

Let us all pull togetherin an intelligent manner-so that our communities and those whose labors make our communities great can reap the rewards of their labors to the same extent as other segments of our society do. APRIL GUY

Farmers put emphasis on planting cut

'Right now we're working hard to get all our farmers to join in the 50 percent planting program. We think that will be a more effective way to reach the farmers' goal than stopping trucks," a spokes-man at the Dimmitt office of American Agriculture said Wednesday.

American Ag has adopted the plan of cutting 1978 planting in half, to reduce crop surpluses and emphasize to the nation the vital importance of farmers' role in national industry. This is part of their campaign to achieve 100 percent parity in crop prices.

Some farmers from Castro County joined in the blockading of highways in the area Tuesday, stopping trucks in an effort to halt movement of food to market. The group from Dimmitt went to the Amarillo area.

Trucks and trains were halted while farmers urged their case to train crews and truck drivers, but most of the carriers later went on through the picket lines. The farmers had adopted the definite policy of "no violence" and simply told their stories and pasted farm strike bumper stickers on the trucks.

HIGH resolution radar, developed for satellite navigation and intelligence missions, is now used to search for oil deposits. Agriculture depends on the same equipment to conduct crop and soil surveys, to measure water quality, and to detect and map pollutants and oil spills.

Fans honor **Swiftettes**

By VIRGIE GERBER

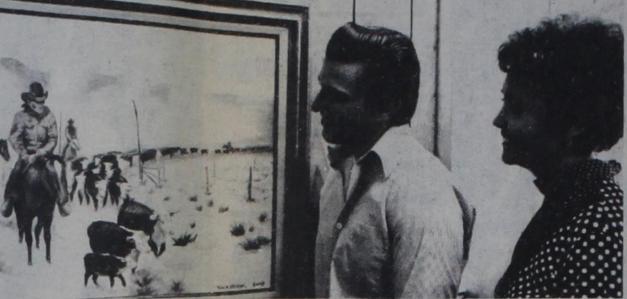

The Nazareth Swiftettes brought honor to the Nazareth community this past weekend by winning the Class B State Basketball Tournament in Austin. A very large crowd of fans traveled to Austin to watch the determined Swiftettes. A reception honoring the team and their proud coach was held in the Nazareth gym Sunday afternoon when they arrived home. We are all very proud of you, Swiftettes. To capture the crown they beat Avinger 71-43 and on Saturday they beat undefeated Graford 47-39.

Several couples from here entered the Forester Bowling Tournament in Kingfisher, Okla. George Book Jr. and David Acker won first in men's doubles, Rita Book and Mary Acker won third in women's doubles, David Acker won third in men's singles, George Book won fifth in men's singles and Rita Book won ninth place in women's singles. There were 46 entered in the tournament.

Alvin, Matilda, Gregory and Monica Anderle spent the weekend visiting in Windthorst. Matilda is president of the women's section of the Northern District Catholic State League, which had a meeting. While there the Anderles enjoyed a Knights of Columbus sausage dinner.

Hereford city judge is dead

Funeral services for Woodie r. McDermitt, 60, of Hereford, brother of Lester Mc-Dermitt of Dimmitt, were held Tuesday afternoon in the Central Church of Christ at Hereford by Bob Wear, pastor. Burial was in West Park Cemetery there.

McDermitt, who had served the past two years as Hereford municipal judge, collapsed at the Intercontinental Airport at Houston Saturday and died before reaching a hospital. He had been attending a convention of municipal judges at Houston.

A native of Elk City, Okla., he moved to Hereford in 1952 from Tulsa. A musician and teacher of guitar, McDermitt played in dance bands and broadcast groups in the Panhandle and Eastern New Mexico many years and traveled for a time with the famed Bob Wills band.

He is survived by his wife; a daughter, Dona Henson of Conway, Mo.; a son, Donald of Lubbock: two brothers and a grandchild.

Schulte, 5-9 forward on the state Class B Champion Swiftettes, is the youngest of three sisters who have made basketball history at Nazareth in recent years, each winning all-state designation.

She was named an all-state forward last year after the Swiftettes won the state title which they repeated this year.

Nazareth Coach George Cox says she has been outstanding as a free throw shooter and in the bi-district game with Sudan this year got 10 of 10. Her second best effort was 9 of 12 against Lazbuddie in 1976, when she was a sophomore on the team that set a scoring record of 108 points.

In district play this year, Schulte made 103 of her 149 free tosses and in previous games of the season, 79 of 118. She hit on 180 of 193 field goal tries in district

In other school activities she has been a regional qualifier in track as a hurdler, class and FHA officer, class favorite two years and Homecoming Queen candidate three years. She is the daughter of Mr. and Mrs. Gilbert Schulte of Nazareth.

Melanie Upshaw has been a mainstay for the Hart Longhornettes the past two seasons and was a unanimous alldistrict choice this year in

Schulte 12.

A key in the semifinal game was 16 Avinger turnovers which Nazareth turned into 26 points.

"Defensively, Avinger was not as tough as we thought they would be," said Hartman.

"We ran our plays off real well (against Avinger)," said Schulte. "We moved the ball well."

The first half made the difference in the final game. Graford sank only three of 18 first-half shots, while Nazareth hit 13 of 20. Nazareth had 19-point leads twice in the game.

Graford pulled to within nine points twice in the last five minutes, but Schulte hit four straight free shots and Hartman sank two turnaround jump shots to keep the Swiftettes a safe distance ahead.

"Braddock did a great job on the post girl (5-10 Kim Nowak, who finished with 23 points)," Cox said. "Those Graford girls are used to scoring 65 to 70 points a game. Our guards played a super game."

Braddock held Nowak to two of 10 field goals in the first half.

"We turned the ball over too much in the second half," Pohlmeier said, "but we played tough the first half."

"The second half they got rebound position and they were hitting a lot more shots," said guard Colleen Gerber. "The first half, either they were not hitting well or we were guarding them well."

"Poise had a lot to do with the win," said Glenda Gerber. "We took our time and played deliberate ball."

The Nazareth championship win broke a 39-game winning streak for Graford, and left the Swiftettes with a 37-4 season record and their second state championship trophy.

Kiwanians asked to aid youth athletic events

Help in staging a track meet at Dimmitt Middle School and a proposed basketball tournament in the Kids, Inc. program was requested of Dimmitt Kiwanians at their lunch Monday.

Robert Benton announced that the school here has asked for help in conducting a triangular meet for 7th, 8th and 9th grade teams. The basketball tournament planned at the close of the Kids, Inc. season late in April was also discussed.

Benton, Jack Patton and Bob Murdock were assigned by Kiwanis President Bob Crozier to learn details and firm dates and report to the club.

Alan Newman, new police chief in Dimmitt, was the program guest. He stated facts about the police department and answered questions. The department consists of the chief, sergeant and five patrolmen, Newman said, and is now one patrolman short.

He said the average age of personnel is 25, "just a little older than in the average police department."

Asked his opinion of a possible city-county law enforcement agency, he replied, "I don't think it would ever work. The city PD is strictly law enforcement, whereas the SO involves other duties. I think it would be hard for a sheriff to do all he needs to do and still worry about such

things as city traffic control." Newman said the new PD offices, just being completed,

include a darkroom and reception area as well as two offices. "We're now in the process of revamping the entire record system," he said, "That's our primary job right

Commenting on the turnover in the chief's job the past year, Newman said, "I know there's been a large turnover, but I've talked with Sheriff Martin and I think we reached an understanding. He won't try to run my department and I won't try to run his.

"On back-up, if a city officer needs it there will usually be another city officer available. I think the back-up problem has probably been blown out of proportion . . . We won't work outside the

Fan incidents bring warning AA group

The executive committee of District 3-AA has gone on record as expressing "concern and displeasure with the behavior of a few fans from both schools" in regard to incidents after the final district games of the year between Dimmitt's and Friona's varsity teams.

The committee, made up of superintendents of the member schools, met to consider business pertaining to the 1978 basketball season, and discussed the incident which occurred at Dimmitt Feb. 14.

Supt. Robert Ryan of Dimmitt and Supt. Tom Jarboe of Friona, in a joint statement, detailed events leading to and taking place on the floor after the boys' game. They reported that fans confronted players on the floor, and that there was verbal abuse of players, coaches and officials.

The committee went on record to say that it was "not pleased with the reported fan behavior, and this type of problem will be more closely handled by the committee in

the future. Ryan said he felt the executive committee "was understanding concerning the disturbance," but added that he felt another such situation would bring some type of disciplinary action.

The committee has the power to place a school on probation or to bar a school from competing for district honors for violation of the Basketball Plan of the UIL, Ryan explained, "provided a protest is filed and facts support the charges made."

A protest may be filed by a

A year of adjustments, the pressures of defending a state championship title, a few close calls-it all came to a thrilling conclusion for Nazareth this past weekend in Austin as the Swiftettes successfully defended their Class B state championship title.

'This year we had to adjust to a different coach," post forward Cheryl Hartman said, 'and we had a lot to lose (as defending state champions). There was a lot more pressure. It makes it tougher when everyone is out to beat

"I knew we could win state," said forward Karen Schulte, "but we had a big adjustment to make. I wanted it bad-knowing it was my last year.'

"We all hate to lose," Hartman said, and Nazareth had some close calls on the way to the championship.

The Swiftettes wrapped up the District 5-B title with a 6-0 record, but not without a close call from Silverton (47-43). The Swiftettes made an overwhelming comeback

A MEMENTO of the recent Hidalgo Bridge incident is this onion sack brought back by Don Prentice [center] of Spade. The large wording on the label says "Trophy Quality Onions . . . Packed and Distributed by Griffin & Brand . . . Main Offices, McAllen & Hereford, Texas." In small type at the right are the words, "Produce of Mexico"-and that's what has Texas farmers angry. They charge that the Mexico vegetables are being 'passed off' as Texas produce, and are being

grown without the chemical restrictions that are placed on American farmers. Truck drivers reportedly told Texas farmers they had driven seven to 34 hours to transport their produce from the interior of Mexico to the border at the international bridge. TEXAS FARM BUREAU

The Voice of Agriculture

SERVING MORE THAN 214,000 MEMBER FAMILIES IN TEXAS

WHAT IS FARM BUREAU? -

Farm Bureau is a free, independent, non-governmental voluntary organization of farm and ranch families united for the purpose of analyzing their problems and formulating action to achieve educational improvement, economic opportunity, and social advancement, thereby promoting the national welfare. It is wholly controlled by its members through majority decision and is financed by voluntary membership dues.

- from Farm Bureau policies

FARM BUREAU IS BIG. The Texas Farm Bureau has 214,197 member families in 210 organized counties. It is affiliated with the American Farm Bureau Federation which has a membership of 2,895, 357 member families in more than 2,800 counties in all states except Alaska.

HOW POLICIES ARE MADE. Policies that guide the organization originate at the grass-roots level with each member given an opportunity to participate. They are adopted after discussion and exchange of ideas at county, state, and national conventions.

MEMBERS HAVE CONTROL. Farm Bureau's structure guarantees membership control. Members originate policies, and through their delegates, control state and national policies and election of officers and directors.

POWER IN THE PEOPLE. Farm Bureau members get action on policies by expressing their desires to their elected representatives. Legislative staffs in Austin and Washington inform lawmakers on Farm Bureau's position, and call for membership action when
