**The Very Latest In Women's And Misses' Hats**

It has been well said that women, always style conscious, plunges head first into a new style season, which means literally that a new hat is usually first in her selections. Designers and fashion pace-setters of millinery have been scrambling wildly for weeks and had first spring models on display before the holiday season ended.

Off-the-face models have the lead as this is written. The small little creations have been shaped from satins and ribbons and may be worn with winter ensembles without disrupting smartness. Such early felts as have been shown run to lighter colors and thereby make their claim to being early spring hats.

The hats shown in the sketch above display excellent uses of satin and grosgrain ribbon. Designers agree that we may see little Puritan poke bonnets developed from the off-face styles at an early date. The models shown above are but forerunners of regiments of new models now on their way for the Spring season.

**Science says Today use a LIQUID Laxative**

If you want to GET RID of Constipation worries—

Any hospital offers evidence of the harm done by harsh laxatives that drain the system, weaken the bowel muscles, and in some cases even affect the liver and kidneys.

A doctor will tell you that the unwise choice of laxatives is a common cause of chronic constipation.

Fortunately, the public is fast returning to the use of laxatives in liquid form.

A properly prepared liquid laxative brings a perfect movement. There is no discomfort at the time and no weakness after. You don't have to take "a double dose" a day or two later.

In buying any laxative, always read the label. Not the claims, but the contents. If it contains one doubtful drug, don't take it.

Dr. Caldwell's Syrup Pepsin is a prescriptive preparation in which there are no mineral drugs. Its ingredients are on the label. By using

it, you avoid danger of bowel strain. You can keep the bowels regular, and comfortable; you can make constipated spells as rare as colds.

**The liquid test:**

This test has proved to many men and women that their trouble was not "weak bowels," but strong cathartics:

1. First. Select a good liquid laxative. 2. Take the dose you find is suited to your system. 3. Gradually reduce the dose until bowels are moving regularly without any need of stimulation.

Syrup Pepsin has the highest standing among liquid laxatives, and is the one generally used. It contains senna, a natural laxative which is perfectly safe for the youngest child. Your druggist has Dr. Caldwell's Syrup Pepsin.

It saves stress and strain on the laundry and the laundress alike. Yet the cost of operating an Electric Washer rarely exceeds a penny an hour. **HOW WOMEN CAN WIN MEN AND MEN WIN**  
The Favor of Other Men

Unless two pints of bile juice flow daily from your liver into your bowels, your food decays in your bowels. This poisons your whole body. Movements get hard and constipated. You get yellow tongue, yellow skin, pimples, dull eyes, bad breath, bad taste, gas, dizziness, headache. You have become an ugly-looking, foul-smelling, sour-thinking person. You have lost your personal charm. Everybody wants to run from you. But don't take salts, mineral waters, oils, laxative pills, laxative candies or chewing gums and expect them to get rid of this poison that destroys your personal charm. They can't do it, for they only move out the tail end of your bowels and that doesn't take away enough of the decayed poison. Cosmetics won't help at all. Only a free flow of your bile juice will stop this decay in your bowels. The one mild vegetable medicine which starts a free flow of your bile juice is Carter's Little Liver Pills. No calomel (mercury) in Carter's. Only fine, mild vegetable extracts. If you would bring back your personal charm to win men, start taking Carter's Little Liver Pills according to directions today. 25¢ at drug stores. Refuse "something just as good" for it may grip, loosen teeth or scald rectum. Ask for Carter's Little Liver Pills by name and get what you ask for. ©1933, C.M.Co.
