WATCH YOUR
KIDNEYS!

Be Sure They Properly
Cleanse the Blood

YOUR kidneys are constantly fil-
tering impurities from the blood
stream. But kidneys get function-
ally disturbed—lag in their work—
fail to remove the poisonous body
wastes.

Then you may suffer nagging
backache, attacks of dizziness,
burning, scanty or too frequent
urination, getting up at night,
swollen feet and ankles, rheumatic
pains; feel "all worn out."

Don't delay! For the quicker you
get rid of these poisons, the better
your chances of good health.

Use Doan's Pills. Doan's are for
the kidneys only. They tend to pro-
mote normal functioning of the
kidneys; should help them pass off
the irritating poisons. Doan's are
recommended by users the country
over. Get them from any druggist.

Doctors' Know!
... and they use liquid laxatives

You'd use a liquid, too, if you knew how much better it makes you feel. A liquid laxative can always be taken in the right amount. You can gradually reduce the dose. Reduced dosage is the secret of real and safe relief from constipation.

Just ask your own doctor about this. Ask your druggist how popular liquid laxatives have become. The right liquid laxative gives the right kind of help—and the right amount of help. When the dose is repeated, instead of more each time, you take less. Until the bowels are moving regularly and thoroughly without aid.

People who have experienced this comfort, never return to any form of help that can't be regulated! The liquid laxative generally used is Dr. Caldwell's Syrup Pepsin. It contains senna and cascara, and these are natural laxatives that form no habit. It relieves a condition of biliousness or sluggishness without upset.

To relieve your occasional upset safely and comfortably, try Syrup Pepsin. The druggist has it.

"In the old days I used to dread the coming of winter. I was always fighting colds—feeling about half alive—trying to work with my body aching and every nerve on edge. Then a friend told me about McCoy's Cod Liver Oil Tablets with their marvelous vitamins A and D. I started to take them five years ago and I haven't had a cold since that time. McCoy's tablets put new life in folks; build up resistance so anyone can laugh at cold germs. They make weak, skiny people strong, steady-nerved and vigorous. They're wonderful!"

Not Your Lighting Bill, But Your Electric Service Bill.

If we itemized your electric bill you would then see that lighting is really only a small part. So accustomed have we become to the other electric services that we sometimes forget how many times a day electricity serves us. It makes our toast in the morning. It sweeps our rugs. It washes the clothes. Then it irons them. And almost everyone of the many services electricity performs in the home cost only a cent or so . . . many cost less. In fact if you paid for electricity as you use it, you could really let your pennies pay your electric bill. Considering the time and labor it saves you, what other money you spend brings greater return in comfort and convenience?
