Ford Motor Company Planning \$2,250,000 Exhibit For Exposition

The Ford Motor Company will enter the Texas Centennial Exposition in Dallas when it opens there in June with a building and exhibit of \$2,250,000. Announcement of the Ford Exposition program was made from El Paso, after a conference between Henry Ford, Edsel Ford, Nathan Adams, Chairman of the Exposition directorate, and Paul M. Massmann, director of Exposition exhibits.

Plans for a \$1,200,000 Ford Building for the exposition have been drawn by Albert Kahn, New York architect.

Work is to start on or before February 10, with completion date set for May 1.

The structure will be of steel and concrete, with wide patios and exhibition spaces. It will include an amphitheatre for a series of elaborate musical and entertainment programs which the Ford company will present during the progress of the exposition.

A feature of the Ford plans will be "Roads of the Southwest." This will consist of a series of replicas of historic southwestern roads and trails which will be constructed around an ornamental lagoon near the Ford building. Each section of historic road will be appropriately landscaped and Ford cars will carry exposition visitors across the trails with the compliments of the company.

The Ford exhibit will feature a display of raw materials used in the manufacture of their cars including cotton, mohair, wool, hides, soy beans, resin and rice. The exhibit will be the largest on the grounds of the Texas Centennial Exposition, the building occupying 55,000 square feet.

Floydada National Farm Loan Ass'n Annual Meeting Was Held Tuesday

The annual meeting of the Floydada National Farm Loan Association, which was held at Floydada, Tuesday, January 14, was one of the best meetings in the history of the association.

W. A. Cates, W. C. Hanna, W. F. Weatherbee, J. H. Shurbet, and T. J. Heard of Floydada, were elected directors of the association for the ensuing year.

A feature of the meeting was the annual report of the Secretary-Treasurer, and a radio address by A. J. Williams, president of the Federal Land Bank of Houston, who spoke to the members of the 365 national farm loan associations in Texas who were attending similar meetings in cities and towns all over Texas at the same hour. This was made possible through the cooperation of the major radio broadcasting stations which make up the Texas Quality Network.

Mr. Williams explained the types of credit available through the units of the Farm Credit Administration, the basis upon which appraisals are made in connection with applications for land bank loans, and the advantages of these credit institutions. He also commented upon the important part which the cooperative farm-owned national farm loan associations play in the successful operation of the Federal Farm Loan System, and emphasized the fact that the Farm Credit Administration units offered the many types of credit needed by agriculture. "Farmers generally should familiarize themselves with the types of loans available through these institutions, with the view of developing cooperative credit centers where deserving borrowers may secure both long and short term credit according to their needs," said Mr. Williams.

The Floydada National Farm Loan Association has helped more than 508 farmers and stockmen of Floyd, Briscoe, and Crosby counties refinance their indebtedness on a sound basis. Since the creation of the Farm Credit Administration in May, 1933, this association has made land bank and Commissioner loans in its territory amounting to \$727,950.00.

W. C. Hanna Announces Candidacy For Sheriff Of Floyd County

W. C. Hanna, present Mayor of the City of Floydada, has authorized the Plainsman to announce his candidacy for the office of Sheriff of Floyd County, subject to the action of the Democratic Primary election, July 25, 1936.

Mr. Hanna needs no introduction to the people of Floydada and Floyd County, as he has been a resident of this county for the past twenty-six years. During this time he served the county as Commissioner of Precinct One, and has served the City of Floydada as Mayor for seven years, which position he now holds.

If elected to the office of Sheriff of Floyd County, Mr. Hanna pledges himself to fulfill the duties of the Sheriff's office to the best of his ability and power.

Floydada Fire Department was called to the home of Mr. and Mrs. Troy Leonard, 518 West Mississippi Street, about 10 o'clock Friday morning. A pile of trash, in the back yard, had been burning and several sparks had blown against a stack of higher feed. Fire was extinguished immediately and there was no damage done.

Walter Travis Enters Race As Candidate For County Superintendent

To the Citizenship of Floyd County: In making my announcement as a candidate for election to the office of County Superintendent of Floyd County, which office I now hold by appointment of the Commissioners Court, I wish to express my appreciation to you for your kindness and patience with me while I was becoming familiar with the business of the office. I was, as you know, appointed after the death of our County Superintendent, E. C. Nelson, in September, 1935. The regular term of office would have ended in 1938, but in case of appointment, election must be made the first election year following the appointment.

I have tried to serve the schools of the county to the best of my ability. I realize the office is an important one, and needs a competent, reliable man. An investigation of what I have done, and am doing, will be appreciated. If you find that I have discharged the duties of the office in an efficient and satisfactory manner, then I will appreciate your vote and influence in the coming Democratic primary.

Respectfully,
WALTER TRAVIS

34,500 LOSE LIVES IN HOME ACCIDENTS

Exceeded Only by Highways in Casualty Roll.

Washington.—Next to the public highway, the home is about the most dangerous place frequented by the people of the United States.

Beginning an inquiry into our national extent and economic cost of all types of accidents, in connection with the President's program of casualty prevention, Josephine Roche, assistant secretary of the treasury, observed that it was estimated 34,500 persons were killed in home accidents last year, a number second only to motor vehicle fatalities.

The survey will be conducted by the public health service with PWA funds.

The National Safety council estimated that more than 150,000 persons were permanently disabled in home accidents and that 5,000,000 were temporarily disabled last year. These accidents included falls, burns, explosions, cuts, asphyxiation, poisoning and electrical shocks.

Miss Roche said that enumerators are now engaged in a house-to-house canvass, covering 750,000 families in 19 states. The compiled data will indicate the frequency of various types of accidents in cities, small towns and rural areas and among families of various economic levels.

"Learning all the necessary facts is the first step toward solving the problem of home accidents," Miss Roche said. "They are costly to the community but their cost falls largely upon the victims and their families rather than upon an industry or other specific activity."

"Records are silent about the breaking up of homes when accidents disable men and women to the prime of life. We have no witnesses to the cruel burden on the disabled bread winner or of the sacrifices made by relatives."

"It is our hope to provide this information through the public health inventory. With this material at hand we will be in a better position to determine both the seriousness and the cause of such accidents, and to meet the problem, as the problem of occupational accidents is now being met."

St. Louis Group Enlists 70 as Donors of Blood

St. Louis, Mo.—An organization known as the "Blood Donors' Benevolent Society of St. Louis" was established here a few years ago and today claims a membership of 70.

W. R. Goodman conceived the idea, and now at any hour of the day or night men or women of this voluntary band will rush to a hospital to aid some patient.

Goodman tells this story of the group's founding:

"I used to take my Sunday school class to the city hospital to visit patients who might be lonely. Soon the doctors got to know us and once or twice asked us if we would give blood for some patient who couldn't afford to pay for transmission."

"So I thought it would take less running around if I got a list ready of people who would give their blood free. I talked to one of the doctors and he said he didn't think I could do it, but if I could get the people he'd be glad to test them and classify their blood."

Goodman enlisted 35 friends. A total of 109 transfusions have been made by members and in 50 per cent of the cases the patient has left the hospital well.

Irked Sergeant Keeps Warrant for Ten Years

New Haven, Conn.—The most joyous moment in the long career of Sgt. James J. (Scoop) O'Brien will come when he finally serves the warrant he has been carrying for ten years.

It's not the fugitive so much as his "insolence" that strengthens O'Brien's determination.

Always one step ahead of the law, the fugitive has faithfully kept the sergeant posted as to his whereabouts. His latest "insult" came from Paris in the form of a postcard which read:

"Dear Scoop: Having a good time. Glad you're not here."

On the reverse side was a picture of a youngster wearing boxing gloves and a notation:

"I'm the champion. Come over and take me some time."

Grateful Storks

Madrid.—Every day a stork and its two young ones tap on the door of a cottage in Ildes, a village in Aragon, Spain. A year ago the peasants found the stork with a leg broken. They cared for it until it flew away to the South.

Now the stork has returned with its young. They call each day at the cottage to "show their gratitude," the villagers say.

Floyd County Agreed to Pay \$1,500 to Lockney Cotton Oil Company

The County of Floyd and Lockney Cotton Oil Company came to an agreement Monday, which was settled out of court, that the county would pay \$1,500 to the company for 7,279 acres to be used for highway purposes. This case was begun March 30, 1934, by the company.

The plaintiff also agreed to pay all court expenses that were unpaid up to the date. Funds of this amount will be paid out of any special road funds, it was indicated.

Find Out

From Your Doctor if the "Pain" Remedy You Take Is Safe.

Don't Entrust Your Own or Your Family's Well-Being to Unknown Preparations

BEFORE you take any preparation you don't know all about, for the relief of headaches; or the pains of rheumatism, neuritis or neuralgia, ask your doctor what he thinks about it—in comparison with Genuine Bayer Aspirin.

We say this because, before the discovery of Bayer Aspirin, most so-called "pain" remedies were advised against by physicians as being bad for the stomach; or, often, for the heart. And the discovery of Bayer Aspirin largely changed medical practice.

Countless thousands of people who have taken Bayer Aspirin year in and out without ill effect, have proved that the medical findings about its safety were correct.

Remember this: Genuine Bayer Aspirin is rated among the fastest methods yet discovered for the relief of headaches and all common pains . . . and safe for the average person to take regularly.

You can get real Bayer Aspirin at any drug store—simply by never asking for it by the name "aspirin" alone, but always saying BAYER ASPIRIN when you buy.

J. C. PENNEY CO. STORE BROKEN INTO BY WOULD BE ROBBERS WEDNESDAY NIGHT

Last night, Wednesday, robbers entered the local J. C. Penney Dry Goods Company store, but were frustrated by local people and officers and did not get away with anything. Local officers and men who discovered the robbers while at their work in the store, tried to capture the thieves but did not complete the tasks.

Walton Hale, manager, of the store, had returned from the J. C. Penney Company store in Plainview, where he had gotten some goods, and went to his store here. First thing he noticed the glass had been taken from the front door. Mr. Hale went to Arwine Drug and got J. B. Claiborne, Rev. Gordon Voight, Orin Miller and Donald Thomas. The men rushed to the store where they called to the marauders to "come out", but unfortunately for the locals, they were not armed, and the robbers did come out and covered their eyes as captors and locked them in a closet in the store, and made their get-away.

Rev. Voight escaped the hold up by slipping away and later returned with Lee Howard, and J. A. Arwine, who had secured revolvers. The culprits had left by way of the front door and had been seen by people passing by, but had not been fully recognized.

Description of the men were about twenty-five years of age and acted as though they were amateur robbers. About \$500.00 worth of men's wearing apparel had been stacked by the men to be taken away. This goods was never removed from the store.

TREASURY WILL PAY 9,000 AAA WORKERS

Miss Bert Ione Smith, student of Texas Tech, spent last week end in Floydada visiting with relatives and friends.

G. W. Ginn, of Aiken, was a business visitor in Floydada Monday.

R. W. Cothern made a business trip to Plainview Monday.

NO UPSETS

The proper treatment for a bilious child

ANY mother knows the reason when her child stops playing, eats little, is hard to manage. Constipation. But what a pity so few know the sensible way to set things right! The ordinary laxatives, of even ordinary strength, destroy all hopes of restoring regularity.

A liquid laxative is the answer, mothers. The answer to all your worries over constipation. A liquid can be measured. The dose can be exactly suited to any age or need. Just reduce the dose each time, until the bowels are moving of their own accord and need no help.

This treatment will succeed with any child and with any adult. Doctors use a liquid laxative. Hospitals use the liquid form. If it is best for their use, it is best for home use. The liquid laxative they generally use is Dr. Caldwell's Syrup Pepsin. Any druggist has it.

U Deal Em Bridge Club Met Tuesday With Mrs. J. Q. Hill

Members of the U Deal Em Bridge Club met Tuesday afternoon at the home of Mrs. J. Q. Hill. High score was won by Miss Bernice Bishop at the close of the afternoon. Lovely refreshments were served by the hostess. Colors of blue and white were used in the mints.

Watch Your Kidneys!

Be Sure They Properly Cleanse the Blood

YOUR kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as nature intended—fail to remove impurities that poison the system when retained.

Then you may suffer nagging backache, dizziness, scanty or too frequent urination, getting up at night, puffiness under the eyes, feel nervous, miserable—all upset.

Don't delay? Use Doan's Pills. Doan's are especially for poorly functioning kidneys. They are recommended by grateful users the country over. Get them from any druggist.
