

**What Makes the Wheels of Jumbo Go 'Round**

Artist's Conception of the Innards of Billy Rose's Spectacle

Billy Rose's circus-musical comedy-drama-revue-extravaganza "Jumbo" will be seen to even greater advantage during its stay at the Fort Worth Frontier Centennial than during its season-long run at the New York Hippodrome. True nearly a quarter of a million dollars was expended making the famous Manhattan playhouse habitable for the elephantine spectacle.

But the "little" cow town way out west has gone the big town on the Hudson one better. At Fort Worth a complete circus amphitheatre has been constructed, the first to be devoted exclusively to a circus in over seventy years. Designed and supervised by Albert Johnson it represents an investment of \$300,000.00, over a third of which is allotted to electrical equipment and another \$100,000.00 to paraphernalia.

**Miscellaneous Shower Was Given Monday for Miss Elizabeth McKinney**

A miscellaneous shower was given Monday evening at the home of Mrs. N. W. Williams, 215 West Houston Street, honoring Miss Elizabeth McKinney on her approaching marriage to Clyde Snell, of Fort Worth, formerly of Floydada. Hostesses were: Miss Mary Gamble, Miss Edwina Christiana, Miss Polly Smith, Mrs. George Sherrill, Mrs. N. W. Williams, Mrs. Bess Cantwell, Mrs. T. W. Whigham, and Mrs. Sam Brewer.

Boquets of beautiful cut flowers were placed about the home. The punch bowl was embanked in flowers. As the guests entered they were received by Mrs. Williams and Mrs. Whigham. Miss Gamble presided over the bride's book. Refreshments were served by the hostesses.

Soft music was played by Mrs. Pearl Fagan and several of her pupils. Mrs. Whigham gave the toast to the bride-to-be, after which Beth Henson presented the gifts to the honored guest from a miniature Fort Worth bound train.

**Floydada Y. W. A. Girls Entertained Canyon Girls With Buffet Dinner**

Members of the local Y. W. A. society entertained the members of the Canyon Y. W. A. with a buffet dinner Monday evening at 6:30, given at the home of Miss Annie Laura Martin. The places were laid on small tables, which were placed on the lawn. Small bouquets of orchid and white phlox were sitting in the center of the tables. Orchid and white colors were used throughout the entertainment. Small corsages of sweet peas were attached to the place cards. Large standing baskets of flowers were on the lawn.

A welcome was given by Mrs. Delbert Eubank, after which a dialogue was presented by Mrs. C. W. McCarty and Mrs. Wilmer Jones, Jr. Misses Lorena and Mary Lockhart Dennison sang a song and Mrs. Buck Bishop gave several readings.

Members of the Y. W. A. at Canyon that attended the entertainment were: Misses Florence McMurry, Fannie Mae Russell, Wilma Hixson, Marie Couch, Betty Hicks, Zudie Bible, Ruth Burtz, Ruth W. McCreery and Lucy Mae Furlow. They were accompanied by Broughton Hardin, also of Canyon.

**Miss Bonnie Smith And G. V. Slaughter Marry Saturday Night**

Miss Bonnie Grace Smith became the bride of G. V. (Buck) Slaughter, both of this city, Saturday evening with Rev. W. B. Hicks, pastor of the First Methodist Church performing the ceremony at the parsonage.

The bride is the daughter of Mr. and Mrs. Marshall Smith and has made her home here for several years. She was wearing a peach crepe dress with which she chose white accessories.

The groom is the son of Mrs. Lula Slaughter and he has made his home here for a number of years. He is now employed in Lubbock in the contracting business with Homer McDonald.

Mr. and Mrs. Slaughter left Monday morning for Lubbock, where they will make their home for the present.

**Importance of Farmer of Southwest in Manufacture of the Ford V-8 Told by Lecturers and in Murals**

**Industrialized Farm Exhibit at Ford Expo**

In the Ford Exposition building, at the Texas Centennial in Dallas, Texas, murals as well as trained lecturers tell a complete story of how important the farmer of the Southwest is in the manufacture of the Ford V-8, the Lincoln-Zephyr and the Lincoln motor cars. The industrialized farm exhibit has proved to be of marked interest to the tens of thousands who throng into the Ford Exposition daily. The story of how the soy bean is utilized is told at the Ford Exposition and in the story below.

A fascinating development by the Ford Motor Company, the industrialized farm exhibit in the Ford building at the Texas Centennial in Dallas reveals how the Ford company uses products of the farm in manufacturing cars. One example is the utilization of the soy beans, a crop of the southwest.

Murals on the wall of the exhibit building tell in figures that the Ford Motor Company is a very good customer of agriculture. Machines on the floor demonstrate how soy beans are used. Henry Ford is among the foremost experimenters in the use of the soy bean and is constantly seeking to enlarge the number of parts of the Ford car which are made from either the oil or the meal.

In the exhibit is a small transparent model of the soy bean oil extractor developed by the Edison Institute, which is maintained by Mr. Ford at Dearborn, Michigan. Soy beans contain 20 per cent oil, 35 per cent protein, and 45 per cent carbohydrates. It is the protein that is converted into plastics. The extractor crushes the beans into flakes and a solvent washes out the oil. The oil is then separated from the solvent by distillation. The oil is used in paint, enamel and as a bond in moulding sand cores.

The soy bean is used extensively in plastics. The exhibit shows how soy bean plastics are used in the manufacture of 41 different parts for the Ford car.

The soy bean will thrive in almost any kind of soil and is a prime builder of the soil. As a forage crop it has many enthusiastic advocates.

Mr. Ford foresees the time when it will no longer be necessary to denude the forests and deplete the mines for materials with which to build homes, offices, furniture and even automobile bodies. He believes that better materials can be grown on the farm than those produced from forests and mines.

Back of this is the cherished Ford theory that the farm and factory are natural allies and that in any movement toward universal progress they must be united. The connecting link is chemical research.

**To The Citizens of  
Floyd County:**

By reason of the fact that the duties of Sheriff of this county include a large amount of routine office and field work, I have not had, and will not have, time to make a county wide campaign.

After nearly four years in the office, it is reasonable to suppose that most of you are already acquainted with me by this time, and if I were to call upon you, I should be required, as a matter of logic and fairness, to base my appeal for your vote on my record, during the time I have been your Sheriff, and I believe that I can discuss my record with you in this brief statement just as effectively, and with less inconvenience to you than in a personal interview.

Since I took office the official records in the Clerk's offices and the Justices of the Peace offices, show that there have been 753 criminal cases filed, and out of this number there were 167 felony indictments. And there have been 383 prisoners in the County Jail during this period of time, all of which can be verified by the public records of Floyd County.

About one-half of the duties of the Sheriff consist of the service of Civil process, that is, citations, executions and other papers in civil cases, little known to the general public, but constitutes a very important and exacting duty of the office. By reason of the fact that most of you have little occasion to become familiar with this branch of my work as Sheriff, I will refer you to the District and County Clerks, Justices of Peace, and the various local attorneys; I believe that they will tell you that I have never slighted the service of civil process, and that I have executed all papers placed in my hands for service with reasonable promptness and efficiency.

This statement is not intended as a boastful account of my activities as Sheriff in the past. I am merely asking that you give full and fair consideration to my record as Sheriff, and on this record I solicit your vote and influence in the coming election, July 25th, 1936.

Respectfully Submitted,

**E. S. RANDERSON.**
