JIM COOK, OLD TIME PLAINSMAN, TEXAS RANGER AND COWBOY TO LECTURE THURSDAY

"I knew the old wild west when it was really glorious in all its wildness," said Jim Cook, 80-year-old Indian Scout and Texas Ranger and Cowboy who will speak on the "Old Wild West" at the County Court Room in the courthouse Thursday night, at 7:30. A small admission charge will be made.

Mr. Cook, who has recently completed a series of lectures at Baylor University, S. M. U., the University of Texas and Simmons university is widely known as a speaker on his chosen topic.

He was born in what he calls the Tom Green territory on March 10, 1858. His grandfather fought with Sam Houston when Texas gained her independence from Mexico. His father was a captain in the army of Gen. Sterling Price during the Civil War and in 1868 drove a herd of cattle from Matagorda Bay into Kansas, marking the first herd of cattle ever driven out of Texas. In the following year 2,000,000 head of cattle were driven from this state, he indicated.

In 1870 Jim Cook was captured by the Comanche Indians and held captive by them for two years, at the end of which time he married to the princess of the tribe, daughter of Chief Rain-Water, she being 15 years old and one year his senior. The young bride and groom immediately planned to escape for the bride longed to see the Tom Green home of her husband, of which she had heard many tales. Five years later the princess died as the result of a rattlesnake bite. At this time Mr. Cook was made chief of a cavalry detachment to round up the Indians and take them to newly created reservations. For the next years he led a group of buffalo hunters over the Texas plains.

Cook returned to the Llano Estacado, where he became a cowboy, rancher, buffalo hunter, government scout and soldier of fortune.

Mr. Cook claims to have traveled over the south plains and the very ground that the city of Floydada is built before there was a living person in this section. In his lecture Thursday night he will give in detail his travel and experiences in that true western language.

FILL THE TANK ONCE and drive all day!

FORD "60" OWNERS REPORT 22-27 MILES PER GALLON

THE 60-horsepower Ford V-8 is writing remarkable mileage records on American roads. Private owners and fleet operators alike report averages of from 22 to 27 miles on a gallon of gasoline.

You can fill the tank of your Ford "60" and drive all day — 300 to 400 miles — without stopping again for fuel. Besides costing less to run than any Ford car ever built, it sells at the lowest Ford price in years. That's double economy!

The "60" delivers V-8 smoothness and quiet at speeds up to 70 miles an hour. It is built into the same roomy body as the famous "85"—with the same modern features of comfort and dependability that make the 1937 Ford V-8 unquestionably THE QUALITY CAR IN THE LOW-PRICE FIELD.

Ford V-8 "60"

FORD V-8 PRICES BEGIN AT \$529 at Dealerships. Transportation charges, State and Federal taxes extra.

This price is for the 60-horsepower Coupe, equipped with front and rear bumpers, spare tire, horn, windshield wiper, sun visor, glove compartment, and ash tray.

\$25 A MONTH, after usual down-payment, buys any model 1937 Ford V-8 Car—any Ford dealer—anywhere in the United States. Ask your Ford dealer about the easy payment plans of the Universal Credit Company.
