## Persons Are Fed to Lamb Feeders Day At Lubbock

Agent D. F. Bredthaupt, National Teacher W. A. King, and Mrs. I. M. Steen, of Canyon, attended the funeral services Saturday in Goldthwaite, for Mrs. Robert L. Steen, who died in that city Friday afternoon.

Mrs. Steen is a sister-in-law of Bill Steen and I. M. Steen, and an aunt of Mrs. Orvil W. Harris. The party returned home Monday night after having visited with relatives in Hamilton, enroute home.

Wide Spread Interest Shown In Securing Home Demonstration Agent

By Mrs. Ed Holmes

Wide spread interest is being shown over Floyd County, both by the town and country women in Home Demonstration work.

Representatives from every community in the county are planning to attend the meeting with the commissioners court on Monday, February 14th. It is hoped that Miss Lida Cooper, district home demonstration agent will be present at this meeting.

The Commissioners' were put in office to serve the people and are willing and anxious to do what the people want done most. So if you would like to see a home demonstration agent put to work in Floyd County, do not fail to attend the meeting Monday afternoon or contact your commissioner in some way before that date.

In this the greatest agricultural county in Texas, why not have a home demonstration agent to help teach the homemakers how to save what we raise?

It will make us money! Not cost us!

Lion's Entertain Ladies With Annual Banquet Tuesday

The Lion's Club had as their guests Tuesday night at their banquet, the ladies and District Governor Joe Bond of Big Spring. Mr. Bond made the principal address of the evening.

There were ten visiting lions and ladies from the Crosbyton club, twelve visiting members and ladies from the Crosbyton club, twelve visiting members and ladies from the Matador club, two from the Plainview club, and one lion from the San Angelo club.

Three former members of Floydada club were present for the banquet, they were Gordon Voight, Woody Guthrie, and Roy Holmes.

Judge L. G. Mathews gave the welcoming remarks, and short talks Dr. J. L. Adams of Crosbyton club, W. F. Jacobs, Lion Boss of Matador club, and Dr. C. M. Clough from the Plainview club, were also made.

The entertainment was made up of several musical numbers by the lion's club quartet, and two dance numbers by Frances Keims accompanied by Marguerite Leonard, lion's pianist.

Rotarians Observe Annual Ladies Night With Banquet

The Floydada Rotarians honored their wives Thursday night with a banquet given at the annex of the First Christian Church. The gathering, which is an annual affair, was attended by most of the local rotarians and their wives.

## Leave It to the Young Brother!

## District Judge Chapman Speaks to Legionnaires In Meeting Monday Night

District Judge Alton B. Chapman spoke at the American Legion meeting held at the Legion Home Monday night, on "The Out-Look of the Future." He defined the Totalitarian state; Nazism, Fascism, and Democracy, Communism and Nialism, and contrasted the rights of individuals in the different states.

His theme being that "Isms" were running the world mad, and if not subdued in reasonable manner, an explosion in world affairs was liable to occur. He also showed that the American Legion stood strictly for American ideals, the Constitution and individual rights of man.

About thirty five of the membership were present for the opening of the meeting at 8 o'clock.

## Floydada Host to Plainview District Womens Missionary Society Training Day

Tuesday the Plainview District Womens Missionary Society held its training day for officers in Floydada at the Methodist Church with an all-day meeting.

The conference officers present and holding their respective study courses were: Mrs. C. M. Randall of Seymour, conference president; Mrs. C. A. Bickley of Abilene, the conference vice president; Mrs. H. A. Longino of Munday, conference superintendent of spiritual life; Mrs. Billy Bryant of Stamford, superintendent of study; Mrs. J. G. Merritt of Colorado, superintendent of supplies; Mrs. S. S. Sloaker, superintendent of publicity; Mrs. Lorin Leibfried of Floydada, superintendent of children's work; and Mrs. F. A. Duckett of Tullia, district secretary. Mrs. Duckett presided over the meeting as a whole.

The gathering opened at ten o'clock Tuesday morning and continued until 12:00 when they were served with a covered dish luncheon in the basement. Classes were resumed at 1:00 and continued until 4:30, when they were dismissed.

Monday night Mrs. Leibfried was hostess to the conference officers and their hostess' to a three course 6:00 dinner.

Mrs. C. M. Thacker, her mother, Mrs. A. C. Sullivan, and Miss Louise Hyatt, left this morning for Austin where they will visit with Mrs. Thacker's sister, Mrs. B. T. Miller and family. The party are planning a trip on farther South from Austin, to San Antonio, New Braunfels, Kennedy, and probably on to Galveston. In New Braunfels they will visit with Mr. and Mrs. Daily Bishop, formerly of Floydada. The three plan to be gone ten days or two weeks.

Conner Oden, of the Oden Chevrolet Company of Floydada, Arthur Barker, of Lockney, and J. M. Willson, of Floydada, were business visitors in Oklahoma City, Sunday and Monday.

## Mr. Medlen Reports Daughter Doing Nicely

Robert Medlen returned to his home here the latter part of last week from Snyder, and reported that his daughter, Maurine, was doing nicely following an operation which she underwent there the first of last week.

Both Mr. and Mrs. Medlen accompanied their nine year old daughter there for the operation, which revealed a ruptured appendix.

## Local Baptists Attend Pastors and Laymen's Associational Meeting

The Santa Fe handled a total of 23,384 cars in the preceding week this year.

## Funeral Services Held Sunday For J. A. Huckabay

Funeral services were held Sunday afternoon at 2:30 at the First Baptist Church of Floydada for James Amos Huckabay, pioneer resident of Floyd County. Last rites were spoken by Rev. G. I. Britain, pioneer Plains Baptist minister of Plainview, and Rev. Vernon Shaw, pastor of the Baptist church here.

Mr. Huckabay, who was 84 years of age, passed away Friday afternoon, February 4, at a Plainview hospital, where he had undergone amputation of an infected foot about a week before.

The deceased had been a resident of Floydada and near by communities for 44 years, and was a charter member of the First Baptist Church in Floydada.

Survivors include his wife, two daughters, Mrs. Maggie Jeffery, Albuquerque, New Mexico; and Mrs. T. D. Smith, El Paso; five sons, A. C. and J. W. Huckabay, both of Austin; C. P. Huckabay of Lovington, New Mexico; A. B. Huckabay of Gallup, New Mexico; and Dock Huckabay of Albuquerque, New Mexico.

Active pallbearers were: J. G. Wood, E. P. Nelson, Glad Snodgrass, Roy Snodgrass, Jack Henry, John Reagan, Ham Smith, and Grover Smith.

The flower bearers were: Mrs. G. V. Smith, Mrs. Luther Fry, Mrs. Glad Snodgrass, Mrs. Frank L. Moore, Mrs. Roy Snodgrass, and Mrs. Carrie Snodgrass.

## 4-H Clubs Organized And Projects Selected

Organization of 4-H Clubs have been completed in McCoy, Iriek and Sandhill School Communities. All of the members have selected their projects for the new year. It is found that more pure bred livestock has been listed by 4-H Club Members this year than ever before.

The principal reason for this is that the boys are taught to select their projects on a safe and sane basis and most of the pure bred stock was acquired by the boy after one or two years of 4-H field crop projects were completed, thereby giving the boy sufficient feed and making necessary preparations to take care of his pure bred livestock, and besides he has sufficient money to make the purchase.

Officers of the Iriek 4-H Club are: President, Marshall Langford, dairy calf; Vice President, Geo. Robert Chambers, Cotton; Secretary and Treasurer, Johnny Langford, Dairy calf; Reporter, James Whitfill, pig.

Sandhill 4-H Club: President, Kenneth Cates, pig; Vice President, Frank Jeter, pig; Secretary and Treasurer, David Battey, turkeys; Reporter, Gene Probasco, cotton.

McCoy Community 4-H Club: President, Archie F. Curry, Dairy calf; Vice President, Charles F. Hartwell, pig; Secretary, Leon Hulsey, dairy calf; Treasurer, Edward Smith, pig; Reporter, Troy E. Cummings, pig.

## Mrs. Judson Chenoweth Undergoes Major Operation In Knox City Hospital

Mrs. Judson Chenoweth underwent a major operation last Thursday morning in a hospital in Knox City, where she had been the past week receiving treatment.

Mr. Chenoweth who is with his wife reports her condition satisfactory following the operation.

## ROTARY CLUB HOLDS REGULAR LUNCHEON

The Rotary Club met in regular luncheon at the First Christian Church at 12:00 Wednesday, with Dr. Bradford Knapp, president of Texas Technological College, of Lubbock, as speaker to the club.

ALTON B. CHAPMAN Judge of 110th Judicial District, Spur, Texas.

## Alton B. Chapman Announces Candidacy For District Judge

The Plainsman has been authorized to announce the candidacy of Alton B. Chapman for District Judge of the 110th Judicial District composing the Counties of Floyd, Motley, Briscoe and Dickens.

In announcing his candidacy Judge Chapman said that he wished to express his appreciation to the people of Floyd County for the many courtesies shown him four years ago when he was elected District Attorney and for the splendid cooperation given him by the people of Floyd County during the time he served in that office and during the eight months he has served as District Judge.

During the time that Judge Chapman served as District Attorney he handled approximately two hundred felony cases and out of these there were only three verdicts of acquittal on contested cases. In addition to his regular duties as District Attorney, Judge Chapman, with the help of the County Attorney of Dickens County, contested the application for probate of a will. They alleged the will to be forged and won the contest in both the County Court of Dickens County and the District Court of that County. The case is now pending in the Court of Civil Appeals at Amarillo and a final verdict by the higher court in accordance with the verdicts in the two lower courts will mean that an estate worth approximately fifteen thousand dollars will be recovered for the State of Texas.

Judge Chapman has tried conscientiously to operate the Court with as much speed and economy as possible, and the people who have served as jurors know that there has been very little time and money wasted since he has been District Judge.

Judge Chapman said that most of the time between now and election will be taken up in the discharge of his official duties, and it will be impossible for him to talk with each voter personally; therefore, he has asked that his announcement be considered as his personal solicitation for the vote and influence of the people of Floyd County.

## New Hudson "112" Sedan

### Cline Motor Company Demonstrates Hudson 112 Which is Shown Above

With Hudson's recent announcement of a new car to be known as the Hudson 112, as an entry into the lowest price field, it was indicated that volume production has already commenced and first shipments are being made. Showings to the trade and public throughout the country are already under way and Cline Motor Company, H. O. Cline, owner, of Floydada, has been showing the new car locally during the past week.

The new Hudson 112 which enters the volume field after a year of development by one of the country's oldest automobile manufacturers, makes its bid in this highly compe-

titive market on the basis of qualities which the makers claim have never before been offered to that section of the trade. It is said to be particularly outstanding in the matter of size, roominess and advanced mechanical and safety features heretofore confined to higher priced cars.

Mounted on an entirely new 112 inch wheelbase chassis, the new car is 187 1/2 inches long overall. It is powered by an 83 horsepower engine which is extremely smooth running and free from vibration. The bodies are of complete steel construction with more seating space by far than ever before offered in this price field, the manufacturers state. Brakes are the exclusive Hudson safety hydraulic type with two mechanical reserve systems. The Hudson oil-cushioned clutch, propeller shaft and rear axle are all over size units and the car is mounted on a frame having the exceptional depth of 7 1/4 inches and an extremely rigid box construction.

The car has been designed for exceptional economy of operation and maintenance. Gasoline economy on tests made by private owners of other leading lowest priced cars to whom the new cars were turned over by Hudson for an unbiased test showed 24 miles to the gallon. Economy of maintenance will be obtained through the fact that every working part of the engine and running gear are generously over size, Mr. Cline indicated while bringing out the new features of the car.

The new car embodies the latest thoughts and advancements of the industry, and in addition, exclusive design features developed during Hudson's thirty years of experience. The front end with its characteristic louvre structure is of simple design enhanced by a center ornamental piece in body color. A narrow chromium molding sets off the bonnet line. The bonnet itself is an entirely new design which is hinged at its forward end at the peak and supported by its length by rigid folding brackets. This construction is safer than usual, it is claimed by its makers, because if left unlocked accidentally, it will not blow open. The bonnet may be locked or unlocked from either side by a single chromium handle. The lamps are mounted on superimposed raised streamline panels at the radiator shell and motor compartment side panels. This treatment adds a note of motion to the otherwise smooth panel which is unbroken by louvres.

Early production will include four body types: Sedan, 3-passenger coupe, 4-passenger coupe and a convertible brougham. No rumble seats are provided, the extra passenger space being within the body. This is a new feature in the lowest price field, Mr. Cline indicated. Colors available at the beginning of production are: black, russet tan, cabot grey and Venetian blue.

Mr. and Mrs. Douglas Hollams visited in Lubbock Saturday afternoon and night.

Mr. and Mrs. E. M. Thomas of Tulla spent Sunday with their daughter, Mrs. David Fogerson and family, of this city.

Mrs. Jess Brown and father, S. N. McPeak, spent the week-end in Lubbock with relatives. Mrs. McPeak, who has been with her daughter, Mrs. McDaniels of Lubbock since her illness, returned home with her husband Sunday night. She reports Mrs. McDaniels is gradually improving.

### 28th Anniversary Of Founding of Boy Scout Movement Celebrated

A birthday which will involve more than a million boys and men through out America is being celebrated this week. It is the 28th Anniversary of the founding of the Boy Scout Movement, which is beginning its new year with an all-time record of 1,129,827 active members and with more than 7,500,000 former boys and men as participants since its organization February 8, 1910.

Plans for the week include a project through which Scouts themselves will express their thanks for the support and assistance given by men and women everywhere. This "thanks" will take the form of thousands of "living" demonstrations of safety and Scoutercraft through which Scouts hope to combat such accident breeding human frailties as thoughtlessness, carelessness and ignorance. The "Live Expo", as it is to be called, will be staged on Saturday, February 12th, in stores and store windows, on sidewalks and vacant lots... wherever there are people to stop, look and learn... safety.

Other high spots of Boy Scout

Week celebration will be the observance of Scout Sunday February 6th when Scouts will attend church services in Scout Uniform to give visual evidence of their practice of the twelfth law, "A Scout is Reverent," and a personal greeting via radio by President Franklin D. Roosevelt, Honorary President of the Boy Scouts of America.

Tuesday, February 8, as is traditional throughout the land, Scouts gathered to re-dedicate themselves to the Scout Promise and Scout Law which is the guiding principle of Scout living.

The theme for the week, "Building a Stronger Generation" will be given meaning each day of Boy Scout Week as Scouts carry the story of the things they know and do to interested church, civic, and social groups in their home towns.

Ralph Groves attended to business in Levelland Thursday and Friday of last week.

Mr. and Mrs. W. B. Hall of Plainview were visitors in Floydada Sunday.

Mr. and Mrs. Dorris W. Jones and Mr. and Mrs. Trenton T. Davis and daughter, Sharron, spent Sunday in Lubbock where they visited Mrs. Jones' parents, Mr. and Mrs. Jno. R. Freeman, and Mrs. Davis' parents, Mr. and Mrs. P. T. Hamilton. Mrs. Davis and Sharron remained in Lubbock for a few days visit.

## 2 Steps in Fighting Discomfort of COLDS

All it usually costs to relieve the misery of a cold today—is 3¢ to 5¢—relief for the period of your cold 15¢ to 25¢. Hence no family need neglect even minor head colds.

Here is what to do: Take two BAYER tablets when you feel a cold coming on — with a full glass of water. Then repeat, if necessary, according to directions in each package. Relief comes rapidly.

The Bayer method of relief is the way many doctors now approve. You take Bayer Aspirin for relief — then if you are not improved promptly, you call the family doctor.

### Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste  
Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.  
Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength.  
Other signs of kidney or bladder disorder may be burning, scanty or too frequent urination.  
There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

**Sidelights on Cotton Production in the 19th Congressional District**

By George Mahon

The 1937 West Texas cotton crop has received a lot of publicity. I have noted the claims of various West Texas counties. In fact, I have been making some bold claims myself among my colleagues in Congress who represent cotton areas. Some of them charged me with being overly enthusiastic in some of my claims in behalf of my Congressional District. However, with the aid of the Bureau of the Census, I have been able to establish them, and I think you will be interested in the facts which I have just received from the Bureau.

The 25 county 19th Congressional District of Texas led all other Congressional Districts in the nation in the production of cotton in 1937 according to the latest Bureau of the Census figures, the total being 1,133,531 bales. The District of Congressman Whittington of Mississippi located on the Mississippi Delta ranks second in the United States. The District of Congressman Sam Rayburn of Bonham ranks second in Texas, but its production is not one half that of the 19th District.

Of the four counties in Texas producing 100,000 bales or more last year, three are in the 19th District; Lubbock County led the parade with 149,937 bales; Lynn was next with 140,564 bales, and Dawson was third with 106,324 bales. In the nation, Mississippi County, Arkansas, was first with 233,771 bales.

Not only did the 19th District produce more cotton than any other Congressional District, but more than any one of 12 of the 15 States, other than Texas, listed by the Bureau of the Census as cotton producing States. The crop of 1,133,531 bales exceeded that of such States as Louisiana, Tennessee, South Carolina, and North Carolina.

West Texas has achieved a dominant place in cotton production in a relatively short time. It is interesting to compare the 1,133,531 bales of the 1937 crop to the 60,000 bales produced by these 25 counties in 1907, the 34,107 produced by them in 1917, and the 469,406 bales produced by them in 1927.

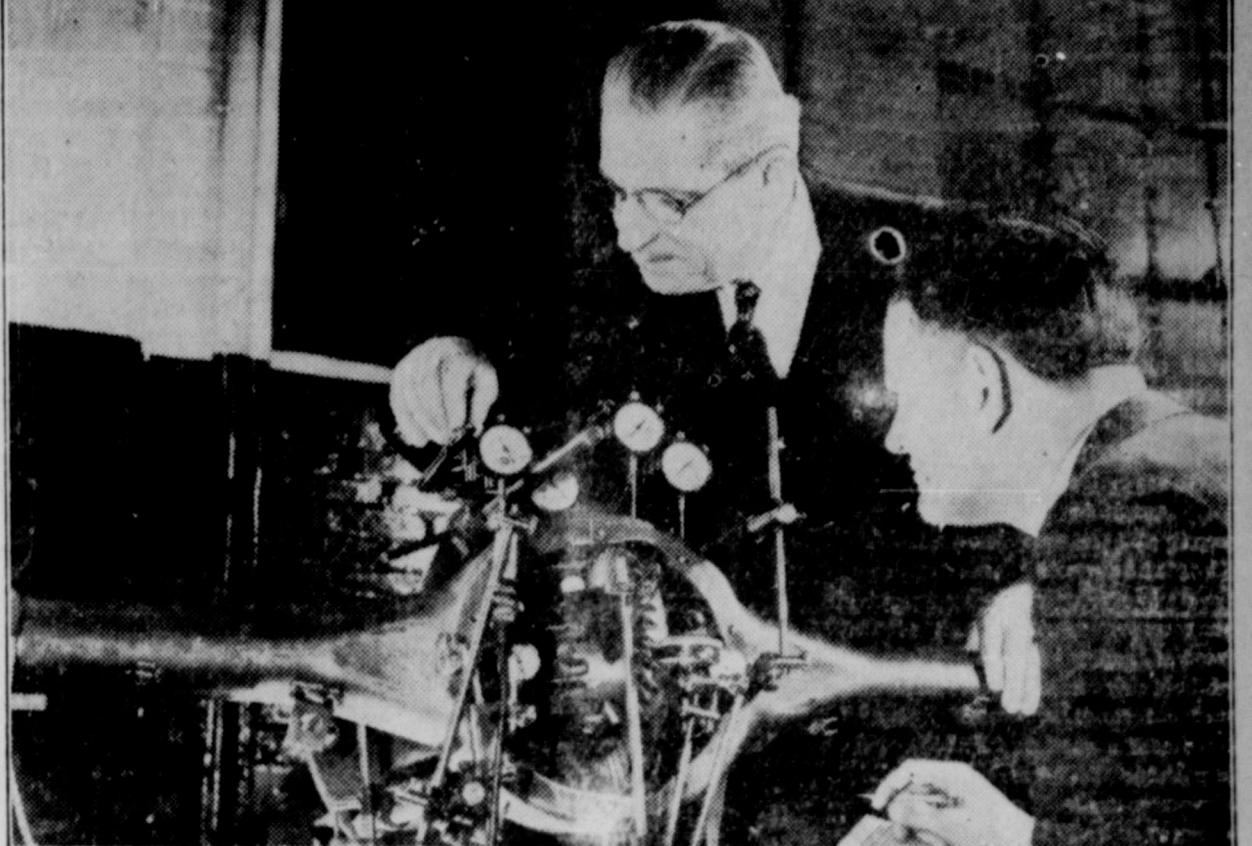

With the aid of the Department of Agriculture experts in Washington, I have been trying to figure out some of the things which could be done with 1,133,531 bales of cotton. If it should be manufactured into bed sheeting 81 inches in width, it would reach around the earth 16 times. It would be adequate to supply every woman in the 19th District with 100 dresses, every man with 100 shirts, and every household with 100 bed sheets, and enough would be left over to supply every woman in America outside the West Texas area with 13 cotton frocks.

If the 1937 crop of the 19th District should be converted into money at the rate of 10¢ per pound, it would supply each of the 254,000 residents of the District with \$223.13, a grand total of \$56,676,650.00. If this sum were divided equally among the 30,193 farms of the District, each farm would be entitled to \$1,877.14.

This further fact is interesting: The average consumption of cotton for all purposes in the United States is 25 pounds per person per year. On this basis, the 1937 crop in the 19th District would be adequate to supply the people of the District for 88 years.

Mr. and Mrs. Douglas Hollums were Plainview visitors Sunday afternoon.

**Gauges Tell What Happens in Axle Under Load**

By means of this unique test on a passenger car rear axle, set up in the laboratory of the Chevrolet Gear and Axle Plant in Detroit, twelve gauges measure every possible deflection assumed by the parts in the rear axle under a given load condition. A weight is hung on the end of the drive shaft that corresponds to a maximum load on the axle during actual driving conditions. All movements or deflections of the drive shaft, pinion and ring gears, and axle shafts are then read simultaneously. Such minute and constant checking results in better mounting of bearings, that serves to prolong axle life and insure more satisfactory service. In this picture are Leo B. Olick (left) and Jack Kelly.

Mrs. W. C. Cates' underwent an examination at a Lubbock hospital Monday, and returned to her home that night.

Marvin English made a business trip to Paducah Tuesday.

Albert Ross of Temple, Oklahoma, was in Floydada last week-end visiting in the homes of his two sisters-in-law, Mrs. G. C. Tubbs, and Mrs. W. B. Jordan, leaving Sunday afternoon to visit with friends in Leveland.

Mr. and Mrs. R. B. Mitchell are visiting their daughter, Mrs. Robert McGuire and family. They have just recently returned from Los Angeles, California, where they spent some time visiting another daughter, Mrs. S. H. Alden.

### 1922 Study Club Met With Mrs. Daniel Thursday Afternoon

Mrs. J. V. Daniel was hostess to the 1922 Study Club, which met at her home Thursday afternoon of last week.

After the regular business meeting, Mrs. O. P. Rutledge, program leader for the day, directed an interesting program. The topic of discussion was "The Great Emancipator". An interesting book review was given by Mrs. J. M. Willson, who pointed out the chief ideas of "Abraham Lincoln" by Sanburg. As entertainers for the gathering, the club had as their guests C. W. Denison, Charles Denison, and Miss Muriel Pagan, who rendered two musical selections on their stringed instruments.

The next meeting of the club will be February 17 at the home of Mrs. W. I. Cannaday. The subject for the meeting will be "Father of Our Country."

Mr. and Mrs. John I. Hammonds, daughter Gloria, and son Johnnie, visited Mr. Hammond's sister, Mrs. Heckathorn, in Portales, New Mexico, Sunday.

Mrs. Roy C. Curry, Mrs. J. J. McKinney and son, Jack, spent Tuesday afternoon in Ralls with Mrs. McKinney's daughter, Mrs. Ernest Kendrick.

E. E. Henson of the Radio Electric Company, attended a Frigidaire dealers meeting at Lubbock Monday. The gathering was held in the Lubbock Hotel.

### South Plains Farm Women and 4-H Club Girls Had Good Year

By LIDA COOPER, Extension District Agent.

\$217,498.00 is the total value of food produced and conserved by 3,801 home demonstration club women and 4-H club girls, representing 214 clubs on the South Plains of Texas during 1937, as indicated by the home demonstration agents' annual reports from the following counties: Bailey, Castro, Cochran, Dickens, Hale, Hookley, Kent, Lamb, Lubbock, Lynn, Parmer, Swisher, and Yoakum. A total of 504,310 quarts of fruits and vegetables, pickles, preserves, jellies, and meats were conserved. In addition to this, 145,515 pounds of dried, cured and stored vegetables and fruits were reported, as well as 232,507 pounds cured meat and 16,928 pounds of nuts stored and 3,623 chickens were grown and marketed; 60,198 dozen eggs were produced, which were sold and used at home.

Besides conserving this amount of food, the women and girls reported 486 pantries and store houses built and 436 pantries organized.

Mrs. Murray Lea, demonstrator for the Dickens home demonstration club of Dickens county, was interested in the financial contribution she made to the family bank account through her home food supply. Mrs. Lea said: "I have 419 quarts of vegetables, valued at \$83.00 which cost me \$8.00 to produce and earn—a saving of \$75.00."

Sand storms and high winds make early gardens impossible in this section of the state. The women and girls have become convinced that the farm gardens will supplement their supply of canned products with green vegetables during the early months. 527 frame gardens were reported in 1937. Mrs. W. J. Carter, home food supply demonstrator of the County Line Club in Cochran county built a subirrigated frame garden of scrape of lumber around the place. The garden was 4 by 16 feet and cost 76c for nails and tile, and 45c for seeds. Four crops of mustard, beets, carrots, lettuce, spinach and turnips were secured during the year from this garden. In Bailey county 89 4-H club girls made frame gardens. In Castro county 64 4-H club girls made frame gardens.

In Yoakum, Lubbock, Lynn, Kent and Hookley counties, 828 4-H club girls worked on the poultry demonstrations. Their reports show that at the beginning of the year they had a total of 16,697 hens and that on December 1 they had 24,021 hens. In addition, 9,228 chickens were used at home and 2,981 marketed, also 35,000 dozen eggs were sold and 24,955 dozen eggs consumed in the home by the families of these girls.

Other demonstrations worked on in the district were clothing, home orchards, yard improvement, bedrooms, and kitchen improvement. Dickens and Lamb counties have some demonstrations developed in yard improvement showing how much can be accomplished in 2 and 3 years' time. Reports from these two counties show 52 lawns sodded; 71 drives and walks constructed, and 1,147 shrubs and plants put out and living, with the addition of 5,487 shade trees.

Mrs. J. M. Whitfield, yard demonstrator in Lamb county said in her report, "We all enjoyed our yard this summer. It is a grand place to entertain our friends and when it was so hot this summer we enjoyed our evening meals out in the yard. The house has been cooler and the grass has helped in keeping the sand out of the house."

or a long time there has been a need for windbreaks to protect the home steads from high winds and sands. Through the cooperation of the Experiment Station at Lubbock, progress was made in securing some of these windbreaks. Reports from Bailey, Dickens, Hale, Kent, Lamb, Lubbock, Parmer, Swisher and Yoakum counties show 166 windbreaks were started with 24,962 trees and shrubs. Approximately 4,700 trees were planted around 38 farm homes in Bailey county.
