

The Floyd County Plainsman

Floydada, Floyd County, Texas, Thursday, March 10, 1938

Number 14

TIME No. 9

Teachers to Attend Meeting; Misses to Discuss Project

Teachers who are to attend the Texas State Teachers' Association, which is being held at Dallas, March 11 and 12, are Misses P. F. A. King, superintendent of schools, and Miss Fannie Mae Bess, county superintendent of schools.

Work Sheets Must Be Secured Immediately

"Work sheets must be secured immediately," the State Administrative officer of the Texas AAA program has informed County Agent D. F. Bredthauer "covering all farms not covered by the 1937 work sheet."

No definite information has been received by the County Agent concerning the 1938 agricultural conservation program but it was understood that the work sheets would be used to establish goals for whatever program that may set up.

Information has been received, however, that the cotton base production figures on the work sheets will be a basis for making payments under the 1937 cotton price adjustment program.

The county agent explained, "If you are contemplating executing a work sheet for 1938 and if you did not make a work sheet in 1937 it will be required now that you make a 1937 work sheet so your goal for 1938 can be established."

Mr. Bredthauer explained that his office would like to finish this requirement before beginning work on the 1938 program. "For those producers to whom this new ruling applies, it will help matters a great deal if they will come to my office at their earliest possible moment and make this 1937 work sheet," he said.

FREE TALKING PICTURE TO BE PRESENTED MARCH 11, BY FLOYDADA MOTOR CO.

Orvil W. Harris, of the Floydada Motor Company, announces that he is bringing to Floydada March 11, at 8 o'clock p. m., "A Parade of Stars," in Free Talking Pictures, which will be presented at his De Soto-Plymouth show room first door north of the postoffice.

This program promises to be very interesting and educational, Mr. Harris said. "Fibber McGee and Molly," in Everyone laughs but Molly; "The Jubilee," exciting, educational; "Major Bowes and His Radio Family," in See behind the studio scenes; "Fish From Hell," Monsters of the sea caught on hook and line, are subjects to be shown.

Mr. and Mrs. Frogge Attend Funeral of Aunt

Mrs. Mary Ellen Wright, 63 years old, died Monday, March 7, at the home of her daughter, Mrs. Thompson, in Slaton. She had been in poor health for the past year and had made her home with her daughter, but previous to the past year, the deceased had been a resident of Plainview for 30 years, coming to Plainview from Kentucky.

VOGUE BEAUTY SHOP WILL MOVE TO NEW LOCATION MARCH 16th

Mrs. Amy Patton, manager of the Vogue Shop, announces this week that she is moving her beauty shop from the balcony of the Arwine Drug Company, to the building first door north of Harmon's Furniture store, on Main street, and will be in the new location by Wednesday, March 16th.

Mrs. Patton says that her shop will be able to serve the public more efficiently in the new location, and invites patrons and friends to visit them.

W. A. King to Leave Friday With Stock Judging Team

W. A. King will leave Friday of this week with his P. F. A. stock judging team, for Fort Worth, where the team will take part in contests at the Pat Stock Show, which is held there yearly.

They will also be accompanied by James Fry Gibbs, who is making application for the Lone Star Farmer Degree.

The group will be away for two or three days, since the contests in which they will enter are not to be held until Saturday.

Sophomores Win Follies by Close Margin Of Sixteen Votes

The Sophomore Class of the Floydada High School won the "Follies", a one-act play contest, over the Freshman last Thursday night by only sixteen votes. When votes were counted, it was found that one hundred and sixty seven had been cast for the sophomore play, while the freshman play rated only one hundred and fifty votes, which was not far behind the winner.

Those who took part in the sophomore play were: Joe Conway, Mary Louise Medlen, Dalton Jones, Georgia Lee Sparks, Jerry Porter, Mary Frances McRoberts, and Carl Arnold. The title of the play was "Detour Ahead."

The cast for the freshman play, "Kidnapping Betty", included: Laverne Handley, Alene McIntyre, J. L. Nichols, Leon Handley, Laverne Hanks, Louise Willson, and Bruce Foster.

The "Soph's" have been promised a party as reward for winning the follies, and the date has been set for March 25. It will likely be held in the gymnasium of the Andrews Ward School.

The proceeds, which amounted to some thirty five dollars, go to the Senior Class for their project. The Senior project is given each year as a gift to the school.

Farm Meeting to be Held at Lubbock Friday, March 11

L. W. Duggan, director of the Southern Region, AAA will hold a regional meeting in Lubbock, on Friday, March 11, at College Auditorium, at 1:30 p. m., for the purpose of giving Texas farmers full information about the AAA of 1938 and the cotton election to be held on Saturday of this week. This meeting is being arranged and sponsored by the Texas Agricultural Association which has been making every effort to reach all farmers in Texas with full details of the significance of the cotton election to enable them to decide how they will vote on Saturday.

The purpose of this meeting is to clarify the issue to be voted on Saturday in the minds of the farmers. Members who hear Mr. Duggan will be able to take the message back to their county and community meetings which are being held this week.

Local Business Men Attend to Business in Corpus Christi

J. W. Lanier, J. E. Newton, Lon Davis, V. Williams, and J. V. Daniel left Monday for Corpus Christi on a business trip. The party plans to return the latter part of the week.

Mrs. J. M. Grace, mother of Mrs. W. J. Browning of this city, is recuperating from a broken hip, received by a fall at her home in Petersburg, the last of the week. She has been moved here to her daughter's to remain until she is better.

Edwin Golightly, freshman at Texas Technological College, spent the week end visiting relatives and friends in Floydada.

Miss Dorothy Stovall of Lubbock spent the week end with her parents, Mr. and Mrs. Richard Stovall.

Richard Tubbs, who is attending school at Lubbock, visited in Floydada over the week end with his parents, Mr. and Mrs. Clifford Tubbs.

Mrs. Ella Bradford passed away at her home in Denton, last Monday night, March 7th. The deceased was a sister of R. L. Hawk of the Campbell community. Mr. and Mrs. Hawk, and Mrs. Hawk's brother, Volley McNeil left Tuesday for Denton to attend the funeral which was to have been held Wednesday afternoon.

The party plan to return home from Denton the latter part of the week.

-And Getting Farther Away!

Local Employees Attend Postal Convention In Lubbock Saturday

A postal convention and banquet were held in the Hilton Hotel in Lubbock last Saturday night, the 15th.

Local postal employees enjoying the program were: N. W. Williams, Lorin Liebfried, Ray Chapman, Burl Hueckabay, and G. N. Shirey.

Oran Martin to Preach At Church of Christ Sunday Morning

Oran Martin, young minister from Petersburg, will occupy the pulpit at the Church of Christ on Wall Street Sunday morning, March 13. Services begin at 10:45.

Earl Cantwell, evangelist from Silverton, delivered an interesting and beneficial address to the congregation last Sunday morning, choosing for his topic of consideration "True and Vain Worship". He did not preach Sunday night, as had been formerly announced, due to the illness of his wife.

Local Masons Attend Zone Meeting of Lodges Of West Texas Area

Over 200 Masons gathered at the Masonic Hall Monday night, in Lubbock, where 47 lodges were represented in a zone meeting of masonic lodges of the West Texas area. Masons from the Floydada Lodge attending were: E. S. Randerson, M. L. Probaseo, C. A. Boethe, N. W. Williams, Sam Thurmon, and W. H. Henderson.

The Grand Master of the Grand Lodge of Texas and his officers were present, namely: Grand Master, John Temple Rice of El Paso; Deputy Grand Master, Lee Lockwood of Ennis; Grand Senior Warden, Leo Hart, of Gilmer; Grand Junior Warden, Sam B. Cauty, of Fort Worth; and Grand Marshal, Martin of Stamford.

Local Business Men Attend to Business in Corpus Christi

Cauty, of Fort Worth; and Grand Marshal, Martin of Stamford.

Local Business Men Attend to Business in Corpus Christi

J. W. Lanier, J. E. Newton, Lon Davis, V. Williams, and J. V. Daniel left Monday for Corpus Christi on a business trip. The party plans to return the latter part of the week.

Mrs. J. M. Grace, mother of Mrs. W. J. Browning of this city, is recuperating from a broken hip, received by a fall at her home in Petersburg, the last of the week. She has been moved here to her daughter's to remain until she is better.

Edwin Golightly, freshman at Texas Technological College, spent the week end visiting relatives and friends in Floydada.

Miss Dorothy Stovall of Lubbock spent the week end with her parents, Mr. and Mrs. Richard Stovall.

Mr. and Mrs. J. C. Covington Are Building New Home in Floydada

A contract has been let by Mr. and Mrs. J. C. Covington for the construction of a new home, to be erected on lot No. 15 in block No. 136 on Crockett Street just south of the Bobby Eubank's home.

Actual work was started Tuesday morning on the building, which will be a three room house, front and back porch, with all conveniences built in which make it a modern small home in every respect.

Bedford Boys' Grandmother Passed Away at Colorado, Texas, Home

Mrs. Lee Bedford, age 80, grandmother of Charley, Lloyd, Burl and Lee Bedford, passed away Wednesday morning at her home near Colorado, Texas, following an illness of several months duration. Charley Bedford was notified Wednesday morning of his grandmother's death.

Charley and Lloyd Bedford of Floydada, left this morning for Colorado where they will attend the funeral this afternoon. Lee Bedford of Plainview, and Burl of Lubbock, also will attend the funeral.

Mrs. Bedford was at one time a resident of Floyd county, but for several years had made her home on a farm about five miles from Colorado City, Texas. She was preceded in death by her husband and two sons. One son survives and makes his home on a farm adjacent to his mother's farm at Colorado.

HARMON AND CHENOWETH ATTENDING CONVENTIONS IN SESSION AT DALLAS

Mr. and Mrs. F. C. Harmon, accompanied by Mrs. Edwin Brazier, Mrs. C. A. Cass, and Judson Chenoweth, left Monday morning for Dallas where Mr. Harmon will attend a funeral directors meeting which opened sessions Monday, and Mr. Chenoweth will attend an Armstrong Floor-covering convention. Mrs. Brazier and Mrs. Cass are to visit friends and relatives while away.

The party plan to return the last of the week, the conventions lasting through Friday.

SISTER OF R. L. HAWK, OF THE CAMPBELL COMMUNITY DIED IN DENTON MONDAY

Mrs. Ella Bradford passed away at her home in Denton, last Monday night, March 7th. The deceased was a sister of R. L. Hawk of the Campbell community. Mr. and Mrs. Hawk, and Mrs. Hawk's brother, Volley McNeil left Tuesday for Denton to attend the funeral which was to have been held Wednesday afternoon.

The party plan to return home from Denton the latter part of the week.

Richard Tubbs, who is attending school at Lubbock, visited in Floydada over the week end with his parents, Mr. and Mrs. Clifford Tubbs.

Grover Smith Recovering From Double Pneumonia

Word received late Wednesday was that Grover Smith, who has been very ill with double pneumonia, is satisfactorily recovering at his home east of town.

Mr. Smith became ill Thursday of last week, and in a very short time developed pneumonia in both lungs. It was hoped Wednesday that he would be able to be up some Saturday if his condition continued to improve.

Funeral Services Held Sunday For George P. Rhodes

Funeral services were held Sunday afternoon at 2:30 at the Wall Street Church of Christ for George P. Rhodes, of Llano, Texas, former resident of Floyd County. Last rites were spoken by Evangelist Earl Cantwell of Silverton.

Mr. Rhodes, who was 70 years of age, passed away Friday, March 4, at his home in Llano, and the body was brought to Floydada for burial by Harmon Funeral Home.

Survivors include three sons: D. E. Rhodes, Shallowater; L. S. Rhodes, Seminole; C. F. Rhodes, Fort Collins, Colorado; two daughters, Mrs. A. C. Kirk, Fresno, California; and Mrs. Phillip Dunavant, of Floydada.

Palbearers were: T. J. Chapman, Carl Denison, C. F. Scott, Dan Johnson, and Clyde Bagwell. Flower bearers were: Mrs. Lee Wilkinson, Mrs. Clyde Bagwell, Mrs. C. F. Scott, Mrs. Carl Denison, and Mrs. Ben Johnson.

Interment was made in the Floydada Cemetery with Harmon Funeral Home in charge of arrangements.

High School Debaters Show Up Well; They Go to Wichita Falls Friday

The Debate Teams of the High School showed up well Tuesday when they went to Crosbyton for practice debates. The local team of boys, which includes James Willson and Garth Morse, came out victorious; and the girls' team, Josephine Troutman and Dorothy Dell Stovall, showed up well although they were defeated by the Crosbyton team in the practice tryouts, the Crosbyton team having had some ten practice debates.

Both the girls' and boys' teams plan to go to Wichita Falls Friday, March 11, where they will have three practice tournaments Friday afternoon. They will be accompanied by their sponsor, Miss Mary Elizabeth Wolfe, and Mr. and Mrs. J. M. Willson. The elimination debates will be held Saturday morning, and if the local team comes through to the finals, they will engage in their last effort at four o'clock Saturday afternoon.

TIN AND METAL WORKING EQUIPMENT ADDED TO SHOP OF CLINE'S AUTOMOTIVE REPAIR

Cline's Automotive Repair Company has recently added to their shop a complete tin and metal working equipment service for the convenience of their customers, and which will enable them to handle all kinds of metal work.

This added equipment is just another step forward in the service line which we are striving to maintain for customers, Frank Cline, manager, said in discussing the business this week.

Mrs. Anna Marie Boothe Re-Opens Beauty Shop

Mrs. Anna Marie Moore Boothe, who closed her beauty shop several months ago when she moved to Paducah, has returned to Floydada to make her home, and has re-opened her shop in the Boothe building, where it was formerly located.

Mrs. Gertrude Hoffums, who was formerly employed with Mrs. Boothe will have charge of the shop.

REGULAR SECOND SUNDAY SINGING WILL BE HELD HERE SUNDAY

The regular Second Sunday Singing will be held at the Missionary Baptist Church in South Floydada, on Highway No. 28 next Sunday, March 13. Singing will start promptly at 2:00 p. m. and every one is urged to attend. There will be plenty of new books for all, and some excellent singing is expected.

Instructions on Voting on Marketing Quotas for Cotton

1. Only farmers who were engaged in the production of cotton in 1937 are entitled to vote.

2. No cotton farmer (whether an individual, partnership, corporation firm, association, or other legal entity) shall be entitled to more than one vote in the referendum, even though he may have been engaged in 1937 in the production of cotton in two or more communities, counties, or States.

3. There shall be no voting by proxy or agent, but a duly authorized officer of a corporation, firm, association, or other legal entity shall be allowed to cast its vote.

4. In case several persons, such as husband, wife, and children, participated in the production of cotton in 1937 under a lease or sharecropping agreement, only the person or persons who signed or entered into the lease or sharecropping agreement shall be eligible to vote.

5. In the event two or more persons engaged in producing cotton in 1937 jointly, in common, or in community, each such person is entitled to vote.

On March 12, 1938 from 9:00 a. m. to 7:00 p. m., at the following places a ballot box will be located for voting:

- Floydada, County Court Room;
- Lockney, at the Beacon Office;
- Cedar, at School House;
- Edgin, at Edgin School;
- D. F. BREDTHAUER, County Agent, Floyd County;
- O. D. ALLEN, Chairman, County Committee.

MEETINGS EXPLAINING MARKETING QUOTAS ARE SCHEDULED IN COUNTY

There will be a meeting at the following places and times for the purpose of explaining the marketing quotas to be voted upon in the referendum to be held Saturday, March 12, 1938.

- Providence at school house Thursday night, March 10th at 7:30.
- Allmon at school house, Thursday night, March 10, at 7:30.
- Pleasant Hill at school house, Thursday night, March 10, at 7:30.
- Liberty at school house Thursday night, March 10, at 7:30.
- Cedar at Cedar school house Friday, March 11, at 7:30 p. m.
- Lockney, at Grammar school building, Thursday night, March 10, at 7:30.
- Pleasant Valley at school house, Friday night, March 11th, at 7:30.
- Floydada, a county court room, Friday night, March 11 at 7:30.

Voting Districts are as follows: Floydada Community, Dougherty, Antelope, Baker, Pleasant Hill Lakeview, Starkey, McCoy, Allmon, Harmony, Sandhill, Floydada, Blanco and Campbell. You vote at Floydada.

Lockney Community: Erick, Pleasant Valley, Muncie, Aiken, Lockney, Ramsey, Roseland, Sterley, Lone Star, Providence, Prairie Chapel. You vote at Lockney.

Cedar Community: Cedar, South Plains, Center, Fairview, Hillcrest, Liberty. You vote at Cedar.

Edgin Community: Edgin and Fairmont. You vote at Edgin. You must vote in your district.

Those voting in Floydada, will vote in county court room, and G. L. Snodgrass, W. H. Nelson, and R. M. Batty will have charge of that box. Those voting in Lockney, will vote in the Lockney Beacon office, with G. B. Johnston, R. W. Smith, Jr., and G. D. Allen in charge of that box.

Those voting at Cedar, will vote in the school house with T. S. Brown, W. E. Sims, and Carl V. Lemons in charge. Those voting at Edgin, will meet at the school house and J. A. Taylor, W. I. True, and E. W. Tibbotts will be in charge.

N. C. PURCELL, CHIROPRACTOR, OPENS DOWN TOWN OFFICE

N. C. Purcell, Chiropractor, announces the opening of a down-town office in the Roy Holmes Studio, having moved into the new location Friday, March 4. Mr. Purcell believes that this location will be more convenient for the public than his home office has been.

Mr. and Mrs. Trenton T. Davis had as their guests Sunday Mrs. Davis' parents, Mr. and Mrs. P. T. Hamilton, of Lubbock, and also her sister, Mrs. C. E. Aydelotte and children, of Anton.

Babylonians Were Fathers of Science, Says Orientalist

Knew Much of Medicine and About Astronomy

By DR. WALDO H. DUBBERSTEIN
The Oriental Institute,
University of Chicago

Chicago. — Assuredly the ancient Babylonians deserve the title of "Fathers of Science."

Through 3,000 years of documented history we can trace their slow steps toward modern science. We today have no reason to feel smugly superior in our advanced knowledge. The really hard steps in progress are the first ones. Those were taken for us thousands of years ago.

Four thousand years ago, Babylonian surgeons set broken bones, made major and minor body incisions, and even attempted eye operations. A pictorial representation shows the physician with his inevitable case and bandages.

Sicknesses were known by specific names, and symptoms were recorded. Magical and religious elements of Babylonian medicine are easily over-emphasized, while honest medical prescriptions are overlooked. There is a reasonable purpose in Babylonian magic. Once gods and demons had been accepted, then charms and incantations for their control were also necessary. Had magic been omitted, the patient would certainly have lacked confidence in his physician. It was part of his professional "bedside" technique. But scores of simple medical prescriptions have no magic in them. Some even have real medicinal value.

Mathematics and Astronomy.
Mathematics was obviously practical in a complicated business development such as Babylonian experienced almost 5,000 years ago. Ancient textbooks offer simple and complex problems.

In the oldest texts are found addition, subtraction, division, multiplication, and fractional numbers. Square and cube root tables, as well as multiplication tables, were also compiled. Even the theorems commonly ascribed to the Greek Pythagoras and Thales, who lived in the sixth century B. C., seem to have been known, empirically at least, in Babylon 4,000 years ago.

Astronomy began its climb toward a respectable science as an assistant to that pseudo-science, astrology. Yet by 2000 B. C. Babylonian astronomy had assumed much of its later form as a practical science. The necessary adjustment between the lunar and the solar year was made by inserting extra months. All this demanded specific astronomical information. The path of the sun through the heavens had been charted through the 12 constellations, whose names still survive in our zodiac. At least 71 stars were carefully studied and named.

They Knew Some Chemistry, Too.
Chemistry as a science developed out of practical needs and practical experiences. Metal smelting was practiced before written history, more than 5,000 years ago, and it was through experimentation with fire that early man learned much about the properties of many minerals.

Detailed formulas for making various kinds of glass are preserved. A recipe for lead glaze colored with copper is dated 3,500 years ago. It was their practical compilation of observed phenomena, as well as their discovery of general truths, that made the Babylonians pioneering scientists.

Briton Sees Great Advance in Battle to Defeat Cancer

New York.—A "great advance in the struggle against cancer" was reported by Dr. W. Cramer, of the Imperial Cancer Research fund, London, to the American Journal of Cancer here.

This is the fact that the increase in cancer during the last 20 years, in England at least, is almost all in the age groups over 65 years. This is true for cancer of the organs most frequently attacked by cancer, such as the tongue, esophagus, stomach, intestines, liver and pancreas in men, and the uterus in women. The only exception is in the case of breast cancer in women. Here there is a significant increase even in the earlier age groups.

"To the average person and his relatives," Dr. Cramer points out in reporting this encouraging advance in the fight against cancer, "the question of importance is not whether he dies from cancer or some other disease, but at what age he dies from any disease whatever."

The increase in cancer mortality is not so frightening when it is realized that cancer is not killing any more people before they have approached the Biblical span of life than it did 20 years or more ago.

Questions and Answers On The Agricultural Adjustment Act of 1938 As It Applies to Cotton

A Message to all Cotton Producers

On March 12 all farmers who produced cotton in 1937 will be given an opportunity to vote on Cotton Marketing Quotas. The question will be: "Do you favor marketing quotas for cotton in 1938?"

In this leaflet are questions and answers which give in brief form information about the new program. It is my hope that you will do the following things:

(1) Study this leaflet carefully, along with all other available information on marketing quotas; (2) make every effort to determine how quotas would, if approved, affect you individually, and how they would affect all producers, consumers, and the country generally; and (3) go to the voting place in your community on March 12 and cast your vote on the basis of your knowledge and carefully considered judgment.

H. R. TOLLEY, Administrator,
Agricultural Adjustment Administration.

General Features of Act

1. Q. What is the Agricultural Adjustment Act of 1938?

A. An Act of Congress, approved by the President February 16, 1938, which, among other things, continues, amends, and strengthens the Soil Conservation and Domestic Allotment Act and provides authority for the control of burdensome surpluses in five major commodities.

2. Q. What are the five commodities?

A. Cotton, tobacco, rice, corn, and wheat.

3. Q. How does the act provide control of these crop surpluses?

A. After supplies reach certain levels, marketing of the crops is regulated through the imposition of quotas.

4. Q. Who will put the quotas into effect?

A. The act puts them into effect, but they are subject to rejection by referendum vote of producers.

5. Q. How will this control surpluses?

A. By providing penalties on sales in excess of quotas.

6. Q. When will cotton-marketing quotas be put into effect?

A. Whenever the supply of cotton exceeds the normal supply by more than 7 percent, unless quotas are opposed by more than one-third of the producers. Quotas will be effective in 1938, unless disapproved by more than one-third of the cotton producers voting in the referendum to be held on March 12.

7. Q. What is a "normal supply" for 1938?

A. Approximately 18,200,000 bales. Normal supply is defined in the act as a normal year's domestic consumption and exports, plus 40 percent as an allowance for a normal carryover.

8. Q. What is the present supply of American cotton?

A. Almost 25,000,000 bales, resulting largely from the record crop of 18,700,000 bales in 1937.

9. Q. If marketing quotas are approved, what steps will be taken to put them into effect on individual farms?

A. The national cotton allotment proclaimed by the Secretary of Agriculture in terms of bales will be allocated to the States, in terms of the acres which, with average yields, would produce the national allotment, and the acreage allocated to the States will be apportioned to counties and ultimately to farms.

10. Q. What is the total acreage which will be allotted to States, counties, and farms in 1938?

A. Approximately 26,300,000 acres.

11. Q. On the basis of average yields, how much cotton is expected to be produced on this number of acres?

A. Between 10,500,000 and 11,500,000 bales.

12. Q. How do cotton marketing quotas under the Adjustment Act of 1938 differ from the quotas under the Bankhead Act?

A. Under the Bankhead Act each cotton producer received a poundage allotment and paid a tax on all cotton gained in excess of that allotment. Under the Adjustment Act of 1938, each cotton farm will receive an acreage allotment, and all cotton produced on the acreage allotment may be sold without any penalty.

13. Q. Will marketing quotas apply to all cotton?

A. Yes; except that they will not apply to cotton with a staple of 1½ inches or longer.

Referendum
14. Q. When will farmers vote on 1938 cotton quotas?

A. On March 12, 1938.

15. Q. Who will be eligible to vote?

A. All farmers who produced cotton in 1937.

will select a voting place in each community and will select three local farmers to hold the referendum.

17. Q. Will the ballot be secret?

A. Yes.

18. Q. If two-thirds of the farmers taking part in the referendum vote for quotas, will they apply to States, counties, and communities where they are not approved?

A. Yes; the cotton problem is a national problem and not confined to any State or county. Consequently, the quotas will apply wherever cotton is produced.

Apportionment of Allotments
19. Q. How will the national cotton allotment be divided?

A. The national allotment will be divided among the cotton-growing States on the basis of the production of cotton in each State during the preceding 5 years, taking into account the acres diverted from cotton.

20. Q. How will the State allotments be divided?

A. Each State's allotment in terms of bales is translated into acres and divided among counties on the basis of the acreage planted to cotton in each county during the years 1933-37, inclusive, taking into consideration the acres diverted from cotton, but whatever additional allotment is necessary will be made to assure that no county shall receive less than 60 percent of the sum of the acreage planted in 1937 and the acreage diverted from cotton under the 1937 program.

21. Q. How will the county allotment be divided among farms?

A. It will be divided among farms on which cotton has been planted in any of the past 3 years as follows: All farms which have not planted and diverted as much as 5 acres of cotton in any of the 3 years, will receive as their allotments the largest number of acres planted and diverted in any 1 of the 3 years. All farms on which 5 acres or more of cotton were planted and diverted in any of the 3 years, will receive as their allotments 5 acres and an additional amount which will bring the total allotment up to a percentage of the farm cropland (excluding acreage devoted to wheat, tobacco, and rice) which will be the same for all farms in the county, or administrative area. Provision is made for a small county reserve which may be allotted to farms receiving 5 to 15 acres under the above provision.

22. Q. Will farms producing cotton in 1938, but which did not produce cotton during the past 3 years, receive allotments?

A. Yes; a small reserve acreage will be available in each State to be divided among these farms.

23. Q. Is there a limit to the acreage that may be allotted to a farm?

A. Yes; a farm on which cotton was planted in either 1935, 1936, or 1937 will not be allotted an acreage greater than the cotton acreage planted and diverted in any of these years.

24. Q. What is the marketing quota of the individual cotton farmer?

A. It is the cotton produced on his allotted acres, or the normal production on his allotted acres, whichever is the greater.

25. Q. Who handle the local apportionment of individual farm allotments?

A. The community and county committees.

Penalties
26. Q. What is the penalty for marketing cotton produced in 1938 in excess of the farm's marketing quota?

A. Two cents a pound on the excess production sold, to be collected by the buyer.

27. Q. If quotas are in effect, what is the disadvantage to a farmer if he knowingly plants cotton on his farm in excess of the farm acreage allotment?

A. He loses (1) all soil-conservation payments; (2) his cotton price adjustment; and (3) the opportunity to obtain a loan on the marketing quota for the farm. However, he may receive a loan on cotton produced in excess of his marketing quota at 60 percent of the rate to cooperators.

28. Q. Do all farms have to pay the penalty on excess cotton?

A. No; the penalty does not apply to cotton produced on any farm which has received a cotton acreage allotment and on which the production is 1,000 pounds of lint cotton or less.

Payments
29. Q. What payments may cotton producers receive in 1938?

A. Producers who comply with the program will receive conservation payments and those otherwise eligible will receive cotton-price adjustment payments on a portion of their 1937 crop. No additional payments have been provided in connection with marketing quotas.

Loans
30. Q. Does the program provide for cotton loans?

A. Yes.

31. Q. Are loans to be available in 1938?

A. Yes; but only if marketing quo-

tas are in effect. If quotas are rejected on March 12 by vote of the producers, loans will not be available before August 1, 1939.

32. Q. What will the loan rate be?

A. The act provides that the loan rate for ¾-inch Middling cotton is to be fixed between 52 and 75 percent of the parity price of cotton. The loan rate may be increased or decreased in relation to grade and staple.

33. Q. Under what conditions will loans be made available in other years?

A. Either (1) when the price of cotton on August 1 is below 52 percent of parity, or (2) when the August crop estimate for cotton is greater than a normal year's domestic consumption and exports, unless marketing quotas have been rejected during the preceding marketing year, or are later rejected during the current marketing year.

Safeguards
Miss Maxine Fry and Marylen Fry students of Texas Tech, Lubbock, spent the week end with their parents, Mr. and Mrs. R. E. Fry.

Malcomb Bridges, student of Simmons University, Abilene, was a week end guest of Mr. and Mrs. Len Davis.

Mrs. Geo. V. Smith, Miss Reba Copeland, and Miss Lois Fouts spent the week end in Munday and Haskell with relatives and friends.

Jack Stansell of Lubbock, visited his parents, Mr. and Mrs. Oscar Stansell, over the week end.

Miss Mattie Fern Fields, and Florine Dorrell of Lubbock were week end guests of Miss Durrell's parents, Mr. and Mrs. Luther Dorrell.

Mr. and Mrs. Sebren Summers of Lubbock, were visitors of Miss Grace McNeil Sunday. Mrs. Summers is a sister of Miss McNeil.

34. Q. What provision is there for a review of a producer's marketing quota which seems unfair to him?

A. Provision is made for appeals to a review committee of farmers other than members of the local committees which made the allotment.

35. Q. How are growers protected in case of a crop failure?

A. They are assured payments on their normal production under the Agricultural Conservation Program, if the do not exceed their acreage allotments and meet other provisions of that program.

36. Q. May marketing quotas be altered after they become effective?

A. The Secretary of Agriculture may, under certain conditions, terminate quotas or he may increase by a uniform percentage the amount of cotton producers may market, in order to make a normal supply of cotton available. The act does not give the Secretary the power to decrease marketing quotas.

Floydada People Attend Mother-in-Law Day Celebration

Among Floydada citizens attending the Mother-in-law day celebration in Amarillo were: Mrs. Van Leonard, and daughter, Mrs. Leona Bell, and son, accompanied by Joe Chenoweth; Mr. and Mrs. Glad Snodgrass, Mrs. John Hollums, and mother, Mrs. A. B. Duncanson, and Mrs. John I. Hammonds; Mrs. Alma Smalley, Mrs. Lee Howard, Mrs. Sam Thurmon, Mrs. W. H. Hilton, Miss Mary Louise Thurmon, and Miss Mildred Abernathy; Mrs. Lewis Norman and Mrs. Ernest Carter, Mrs. Luther Fry, Mrs. Lula Slaughter, Mrs. Geo. A. Lider, and S. B. McClerkey.

Y. W. A. Met With Mrs. Geo. A. Lider Monday Night

On Monday night, March 7th, the Y. W. A. of the First Baptist Church met with Mrs. Geo. A. Lider in a Mission Study.

The meeting opened with a short business session, with Miss Ina Sims in charge, after which Missionary Study was taken up.

Those present were: Miss Ina Sims, Miss Fanny Bolding, Miss Fanny Mae Reese, Mrs. Trenton T. Davis, Miss Agnes Porter, Mrs. Seton Howard, Miss Mae Shelton, Miss Selma Lider, Mrs. Milton Sims, Mrs. Vernon Norman, Miss Lavell Edwards, Miss Bernice Patton, and Miss Faye Newell, and the hostess, Mrs. Geo. A. Lider.

HIGH SCHOOL BAND GOES TO AMARILLO

Mr. C. H. Grummish, Floydada High School Band Master, with his band, went to Amarillo Wednesday to contribute their part in the Mother-in-laws celebration.

Floydada is one of the many bands which attended the celebration from neighboring towns and states, and had their new white and green uniforms for the occasion.

MRS. LATA ENTERTAINS BLUE BONNET NEEDLE CLUB

Mrs. S. J. Latta was hostess to the Blue Bonnet Needle Club last Friday afternoon at 2:30. The ladies brought their needle work and enjoyed an afternoon full of conversation and stitching.

Refreshments were served to the following ladies: Mrs. Dean Hill, Mrs. J. J. McKinney, Mrs. R. M. McCauley, Mrs. W. C. Sims, Mrs. C. M. Sims, Mrs. R. B. Calhoun, Mrs. Will Walker, Mrs. J. M. Wright, Mrs. G. N. Shirey, and Mrs. Wayne Finley, with the hostess, Mrs. S. J. Latta.

The next regular meeting of the club will be March 17, with Mrs. J. J. McKinney.

LION'S CLUB MET IN WEEKLY LUNCHEON

The Lion's Club met Tuesday in regular weekly luncheon at the First Christian Church Annex with 22 members present. The program was a round table discussion, with a short business session following the program.

First Girl In 85 Years Born to Miles Family

Miles, March 6.—When a baby daughter was born to Mr. and Mrs. Eddie Paul Voss of Santa Anna on February 24, she was the first girl born to the Voss family in 85 years. Eleven boys were born during that time. The father of the baby girl was born in Miles.

H. D. Payne spent last week end in Fort Worth, returning home Sunday afternoon.

Jack Allmon, of Hereford, little grandson of Mr. and Mrs. W. R. Allmon, of Floydada, received a broken leg while playing at school last Friday. Mr. and Mrs. W. R. Allmon and Mr. Charlie Allmon spent Sunday in Hereford visiting W. R. Allmon's son, Henry Allmon and family.

Mr. and Mrs. Lacy Martin of Ralls were Sunday visitors in Floydada.

John McKinney and Lorena Denison spent the day in Ralls with Mr. McKinney's sister, Mr. and Mrs. W. E. Kendrick Sunday.

Mrs. C. M. Thacker and daughter, Mary Lee, and Peggy McKinney made a business trip to Big Spring Friday and Saturday.

Mrs. Freeman Thacker of Boaring Springs, was a business visitor in Floydada Tuesday.

Miss Fernie Fry of Canyon spent the week end with her parents, Mr. and Mrs. O. W. Fry.

Mary Ann Kimble spent the week end in Lubbock with friends.

Orvil W. Harris was a business visitor in Lubbock Wednesday evening.

1922 Study Club Met With Mrs. Troutman Thursday Afternoon

The 1922 Study Club met last Thursday afternoon, March 3, with Mrs. Noel Troutman in a "Representative Statesman Program." The theme being taken from the Texas Constitution and was "The Faith of People of Texas Stand Pledged to a Republican Form of Government."

The leader of the program was Mrs. Kenneth Bain. Roll call was answered by Outstanding Statesmen of Texas.

A reading was given by Mrs. John H. Myers.

A talk, "Six Foot Six, James" was given by Mrs. W. I. Cannaday.

Song, "The Eyes of Texas"—By the club.

"Thomas Jefferson's Ideas of Democracy" was discussed by Mrs. W. P. Bell.

A good crowd enjoyed the interesting program which preceded the short business meeting.

Slaughter Explains Practical Applications Of New Farm Act

College Station.—The new farm act continues and strengthens the provisions of the Agricultural Conservation Program of the past two years, and at the same time provides a means of controlling the production of cotton and other major crops, according to Geo. Slaughter, Wharton, chairman of the Texas Agricultural Conservation Committee.

Control of cotton and other major crops is provided by marketing quotas, which, in the case of cotton, will apply to the 1938 crop unless rejected by more than one-third of the cotton producers voting in the March 12 referendum. If the cotton marketing quota is rejected, the conservation feature will still be in effect.

Cotton loans at the rate of 52 to 75 percent of the parity price are provided by the act, but will not be offered if the quota is rejected.

If the quota is accepted, each cotton farm will be allotted a cotton acreage from the county acreage quota. A producer's marketing quota will be the actual production of his allotted acres or the normal production of his allotted acreage, whichever is higher.

This means, Slaughter says, that a farmer who does not exceed his acreage allotment may sell without penalty all the cotton he produces, regardless of the amount.

Sales in excess of marketing quotas when the producer has knowingly planted more than his acreage allotment will be taxed at two cents a pound, with the buyer collecting the tax.

"A farmer who does not cooperate with the program if market quotas are approved will lose all agricultural conservation payments, his cotton price adjustment payment to be made on the 1937 crop, and the chance to obtain a full loan on the marketing quota for his farm," Slaughter pointed out.

Channing Rancher Has Quail Haven

Channing, March 6.—Tom Belcher, rancher in the Canadian River breaks five miles northeast of Channing since 1901, is establishing a quail preserve.

Protection of the birds has been a hobby with him for years and already more than 1,000 blue quail make their home in the three gullies at the convergence of which, in a sheltered nook, the Belcher ranch house is located.

The preserve is being established in connection with a program to stabilize the gullies and prevent further soil washing, and range destruction.

Similar stabilization work and wildlife propagation are under way on the farms of Sheriff Ralph Queen, C. C. Gilbert and J. L. Bivins, it was learned from W. E. Connell, manager of the Channing Soil Conservation Service project.

Wild plums and skunk brush are the most common native plants to be found in the gullies, said Belcher. Shrubs that are adaptable include the hackberry tree, current, choke cherry, Virginia creeper and wild grape. Some of them furnish food as well as cover and soil stabilization.

Quail on the Belcher ranch most of the time have plenty of wild, native food, but in Belcher's years of protecting them he has always made his grain sorghum stacks available, and if food gets particularly scarce he establishes special feeding grounds. As a result many of the quail are almost as tame as chickens.

Dr. and Mrs. V. Andrews, and Mrs. Bess Cantwell spent Monday in Plainview, where Mrs. Cantwell received treatment for an infected ear.

FARM TOPICS

POULTRY OUTLOOK FOUND FAVORABLE

Government Bureau Predicts Higher Egg Prices.

Supplied by the United States Department of Agriculture.—WNU Service.

Somewhat higher prices of eggs next year as compared with this year are foreseen by the bureau of agricultural economics in a review of the poultry and egg situation. This conclusion is drawn from the smaller number of layers which will be in farm flocks next year and the expectation that the rate of egg production will be somewhat lower.

The larger supply of feed this year is expected to have a material effect on the poultry situation. The total production of the four feed grains, corn, oats, barley, and grain sorghum, this fall will be the largest since 1932. And the wheat supply for poultry feeding will be larger than in recent years. With the number of grain-eating animals at a low point, there will be unusually ample supplies of grain for poultry, especially in some of the Corn Belt states. In other words, the bureau says, the feed situation next spring will be much more favorable to producers than in 1937.

Largely as a result of the ample feed supply, it is expected that the hatch of chicks next spring will be larger than the small hatch this year. This leads to the conclusion that while poultry supplies will be smaller in the first half, they will be larger in the last half of 1938 than in the corresponding periods of 1937. Higher prices of chickens are looked for in early 1938, whereas lower prices may be the rule a year from now.

Stocks of eggs in cold storage which will affect egg prices next year are likely to be much less than they were in 1937, because of smaller marketings. While the production of fall and winter broilers this year is expected to be heavy, the price is not likely to be depressed correspondingly because the general meat supply is smaller.

Turkey production this year is estimated at 10 per cent less than it was in 1936. With prices expected to be higher than they were last year and possibly higher than in 1935, the hatch and production of turkeys in 1938 probably will be increased over this year.

Fast-Growing Pigs Are the Best as Breeders

The best swine breeding stock usually comes from the heaviest pigs, said H. W. Taylor, extension swine specialist at North Carolina State college.

So a good way to select breeding stock, he added, is to weigh the litters at weaning time. If all sows and litters have had the same care and feeding, the litters which are heaviest at weaning time will be those from the best sows.

The boar and sow pigs selected for breeding purposes should be taken from these heaviest litters.

Boar pigs to be raised for pork should be treated when four to five weeks old, Taylor continued. At this age the treatment does not shock the pig as much as it will later, and the young pigs recover more rapidly.

He also pointed out that sanitation and balanced rations are two of the most important factors in hog production. "If you have not tried farrowing and raising pigs on clean land, give it a trial," he said.

Agricultural Notes

The flesh of sharks is a source of poultry food.

Sugar cane requires 9 to 13 months to mature.

Duck eggs have a greater fat content than hen eggs.

The Iowa college of agriculture at Ames has more than 5,000 students.

Sugar and sirup have been manufactured in limited quantities from watermelons.

An expert claims that farmers put back only one-third of the phosphate they take out.

Turkeys can be made to lay eggs earlier than normally by use of lights in their houses.

A turkey at McCook, Neb., drove a pheasant hen from her nest and hatched the fledglings.

Canada's creamery butter output in the first eight months of 1937 totaled 170,705,417 pounds.

Devices for the artificial hatching of chickens from eggs were known to mankind in early times.

Ireland's potato crop is being turned to new uses. Industrial alcohol factories utilize farm surplus.

The best winter protection to alfalfa is a growth of from six to eight inches or more to hold the snow.

All Cotton Farmers Are Urged to Vote In March 12 Referendum

College Station.—"It is very important that all cotton producers take part in the March 12 referendum on the cotton marketing quota," Geo. Slaughter, Wharton, chairman of the Texas Agricultural Conservation Committee, says.

The cotton quota plan will require a two-thirds favorable vote to be effective, or one-third negative vote to be rejected, the state committee chairman pointed out. Therefore, the true will of the cotton farmers can be expressed only if practically all producers vote.

The referendum will be in charge of the county committees, who will provide convenient voting places and will appoint three local farmers to handle the referendum at each balloting place. Unofficial county results may be announced as soon as votes are tabulated.

The polls will open not later than 9 a. m. and will close at 7 p. m. Each producer who grew cotton in 1937 will be entitled to cast one vote. Printed leaflets and other information on the details of the 1938 farm program have been sent to county agricultural agents for distribution among farmers, according to Slaughter.

Every farmer will have, before March 12, an opportunity to attend a county or community meeting at which the program will be explained, he said.

The material being distributed includes "A New Farm Act," a leaflet which summarizes the provisions of the Agricultural Adjustment Act of 1938, and "Questions and Answers on the Agricultural Conservation Act of 1938 as It Applies to Cotton," which covers important points on marketing quotas, acreage allotments, penalties, payments and loans.

Miss Lida Lea, 90, Is Buried At Corsicana

Corsicana, March 6.—Funeral services were held from St. John's Episcopal Church here Saturday afternoon for Miss Lida Lea, 90, for more than 60 years a resident of Corsicana, who died Friday night. Burial was in Oakwood Cemetery.

Miss Lea was a cousin of the late wife of Gen. Sam Houston.

Mrs. C. E. Hopkins of Quanah, arrived Sunday for a few days with her son, Homer Hopkins and wife of this city.

Charles Huckabee, Jr., student at Texas Technological College, spent the week end here visiting with his parents, Mr. and Mrs. C. C. Huckabee.

Scoggins Talks on "Crime Doesn't Pay" At Special Chapel

A special chapel was called of the high school students and teachers of the local school Monday morning at nine o'clock, and the minds of all were impressed with the fact that "Crime Doesn't Pay."

Mr. Scoggins, criminal for twenty-two years and former inmate of the Huntsville penitentiary, addressed the group, relating the horrors of crime and the terrible penalty that must be paid.

In his discourse he related how his mother had died when he was young, and how he had gone step by step into criminal life. He insisted that disobedience to parents and teachers leads to the disobedience of the laws of the country, and certainly this leads to outright crime.

Having served more than two years in the penitentiary, Mr. Scoggins returned to his home, but was deserted by his wife. He stated that he was without money, without home, without friends. He could not get work. He seemed to be an outcast, but he knew then that "Crime Doesn't Pay." He then decided to devote the rest of his life telling others of his mistakes and warning and pleading with them to think before it is too late.

A free will offering was given to Mr. Scoggins at the close of the chapel period.

Mr. and Mrs. O. P. Rutledge and son, Randolph, spent Sunday in Lubbock and Odessa with friends and relatives.

Mr. and Mrs. John Fry of Canyon spent Sunday in Floydada with relatives.
