Homebuilders Club Met Friday With Miss Mary McCarty

A well trained child with good habits is a constant joy, and his care a delight; but an untrained child will disturb the harmony of any family. Mrs. Raymond Teeple told members of the Homebuilders Club when they met in the home of Miss Mary McCarty June 23.

The next meeting of the club will be with Mrs. D. D. Shipley July 28.

Training should begin early in life and a regular schedule is the only way to secure regularity day by day. The first essential in training is regularity in sleep, feeding, bathing, bowel movements, outing and exercise. Due to the absence of two members on the program, round table discussion was given on "Child Right to Privacy and Children and Self-Help Equipment."

During the business meeting room was answered by answering the question, "Do you take a magazine for children?" Mrs. D. D. Shipley was elected to go to the A. and M. Short Course.

Those present for the meeting were, guests: Misses Lois Martin and Ireta Jones; Members, Mesdames L. L. Clark, C. B. Martin, P. F. Bertrand, C. W. Denison, Elbert Parks, D. D. Shipley, A. W. Dunn, Roy Curry, R. I. Teeple, J. L. Lloyd, T. J. Heard; Misses Myra and Joy Dunavant, Daisy Aaron, and the hostess.

Driver License Good Until April 1, 1942

An announcement from Austin this indicated that the public safety department has extended private automobile driver's licenses to April 1, 1942.

Normally, licenses now held by drivers would have expired last April but state police, anticipating a possible change in the licensing law by the recently adjourned legislature, extended them indefinitely. The legislature failed to modify the law.

Chief Fred Hickman of the highway patrol said present licensees may continue to use their permits until 1942.

Because some Texans driving in other states have had their licenses questioned. Texas state police have invited those contemplating travel in other states to contact patrol district headquarters where letters attesting the validity of permits, despite the April 1, 1939, expiration date, will be issued drivers.

Exceptions to the automatic extension are drivers who licenses show two coupons missing, indicating convictions for serious traffic violations. They are subject to examination before extension is granted. First-time applicants for permits are subject to driving and physical tests in accordance with the present law, it was indicated.

Mr. and Mrs. Jno. R. Freeman and daughter, Wilma Jean, visited with their daughter, Mrs. Dorris W. Jones Sunday. Mr. Freeman preached at the Wall Street Church of Christ at the 11 o'clock hour.

Miss Oleta Owens visited Mrs. I. E. Grundy Sunday night after having spent the week end in Vernon with her parents. Miss Owen is attending Tech Summer School.

The Gainesville Community Circus is unique in that all of its performers are amateurs and residents of the town of Gainesville, Texas. Nevertheless, they present a complete three ring circus that runs the gamut of big top thrills. There are horseback riders, tight wire artists, equilibrists, contortionists, jugglers, aerialists, acrobats, trained horses, ponies, dogs, monkeys and geese, and a horde of 41 clowns.

The performances are presented under a big top containing 2,000 square feet of floor space. One hundred and fifty people make up the personnel, and there are 60,000 pounds of equipment used by the show.

The Gainesville Circus has exhibited at the Pan-American and Centennial Expositions in Dallas, at the Farmers Short Course at Texas A. & M. College, in Memorial Stadium at Austin, and last year, showed before 27,000 persons in two performances in Will Rogers Memorial coliseum in Fort Worth, the largest crowds that have ever been attracted to the auditorium.

The circus is now in its tenth year and this year features "An Old Time Street Parade" as its grand entry, with blaring bands, carved, gold-leafed tableau wagons, performers contoured in glittering gold and silver, scores of plumed, prancing horses and ponies, and other outstanding features. Then there are Stephens and Ritchie in balancing perch pole feats, an aerial ballet of 15 stunning girls, Capt. Vern Brewer's liberty horses, Doris Marie Norman, world's youngest heel and toe catch artist in the flying trapeze; Benny Saylor and his troupe of 41 clowns; and dozens of other attractions.

Swisher County Birthday Plans Pushed

Tulia, June 27.—Tulia moved a step nearer the completion of plans for entertaining all Swisher County at its 49th annual anniversary celebration, July 14 and 15, as several committees began functioning this week.

Prizes were announced for the winning floats by the chairman of the float committee, C. C. Northcutt, as a campaign began late this week to enlist merchants' representations in the parade.

The winning exhibit in the parade will receive \$40, second \$30, third \$20, and a \$10 prize will be given the individual who gives the best personal performance in the course of the procession.

Miss Ruby Wood, head of the basket committee, has asked that all families who attend the festivities bring a basket lunch sufficient for their immediate family. Free barbecue will be given by Tulia merchants on Friday, the first day.

It was learned Thursday that Happy planned to participate in the celebration by sending its popular high school bands and at least one float sponsored by the business men's organization in that community.

Henry Teubel, president of the movement, said Friday that all committees were expected to have completed their assignments within the next few days as most plans were ready for operation Saturday.

The Tomato Is a Native of America Say Scientists

College Station, June 27.—The tomato is one of America's contributions to the world. Early explorers carried it back to Europe where it was regarded first as a curiosity, then as a poisonous plant, and finally as the "love apple."

Italy first recognized the tomato as a prized food, and it was grown there for nearly three centuries before it came back to America. Since 1835 it has had a valuable place in American gardens.

This is the history of the tomato as set forth in a leaflet C-147, "Starling Tomatoes," recently issued by the Texas A. and M. College Extension Service in support of its campaign for more food on Texas farms. The leaflet is now in the hands of county agricultural and home demonstration agents.

Every individual, states the publication, needs a serving of tomatoes or citrus daily.

In addition to a discussion of the food and health values of the tomato, the leaflet contains directions for canning and a wide selection of tomato recipes.

Bill Dyer Wins Top Place In Tire Contest

With only three days left, it is believed that Mr. Dyer will continue to hold the lead in the contest which closes Friday night, June 30.

County Receives Moisture Monday Night

Floyd County received rain Monday night in most parts, which amounted from light sprinkles to an estimated six inches. Floydada received .65 inches, and in the Dougherty and Lakeview communities and the southeast part of the county it was reported to have rained from two to six inches. No damaging hail was reported. In the western half of the county moisture was light; some sections barely received a sprinkle, while other sections reported as much as half an inch of rain. This moisture will aid the row crops, and little if any damage was done to the wheat not harvested.

Wheat harvest has been slowed up due to the recent rains, but many farmers were able to start cutting again Wednesday afternoon.

Cemetery Fund Drive Nets \$82.82 In Cash

The cemetery fund drive which was made last Friday by a committee of ladies netted \$82.82, which will be used to maintain the cemetery for the coming year. Due to harvest work quite a number of folks could not be seen during the day's drive, and the ladies in charge wish to advise those who would like to donate to the fund, may do so by calling at the First National Bank where they will be properly credited for their donation.

Mrs. Bob Smith, chairman of the association, wishes to thank the people who so generously responded to the drive.

Protein Premiums Will Be Granted Farmers

College Station, June 27.—A dry year in Texas usually means high protein wheat, and that's one reason why wheat farm leaders here are glad to know that the Commodity Credit Corporation will grant protein premiums this year in addition to the regular loan rates, already announced.

The grain must contain at least 13 percent protein to be eligible for a premium. The bounty is 1 cent a bushel for Texas wheat of 13 to 13.9 percent protein, and one cent for each additional percent, beginning at 14.

Charles Thomas of Pampa, wheat producer and member of the Texas Agricultural Conservation Committee, said undoubtedly a lot more farmers will take advantage of the wheat loan this year than did last year, as the 1939 program has come out in time for the farmer to give it plenty of thought and soon enough for the AAA to set up lending mechanism before harvest is too far along.

Wheat loans likely will be made in 127 counties this year, he said.

To explain how the wheat loan and protein premium apply, Thomas cited the hypothetical Mr. Blank of Potter county.

NAGGING BACKACHE
May Warn of Disordered Kidney Action. Don't Neglect It!

Modern life with its hurry and worry, irregular habits, improper eating and drinking, exposure, contagion, whatnot, keeps doctors busy, hospitals crowded. The after effects are disturbing to the kidneys and oftentimes people suffer without knowing that disordered kidney action may cause the trouble.

After colds, fever and similar ills there is an increase of body impurities the kidneys must filter from the blood. If the kidneys are overtaxed and fail to remove excess acid and other harmful waste, there is poisoning of the whole system.

Symptoms of disturbed kidney function may be nagging backache, persistent headache, dizziness, getting up at night, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of strength and energy. Other signs of kidney or bladder disturbance may be burning, scanty or too frequent urination. **THE REASON DOAN'S ARE FAMOUS** All over the country grateful people tell frequent urination. *"Doan's helped me! I recommend them to you."* That is why we rely on a medical man's advice. Ask your neighbor! Doan's Pills. They have been winning new friends for more than forty years. Be sure to get Doan's.
