

"By Helping Business You Help Yourself" The Floyd County Plainsman

No. 12

Floydada, Floyd County, Texas, Thursday, May 22, 1941

Number 24

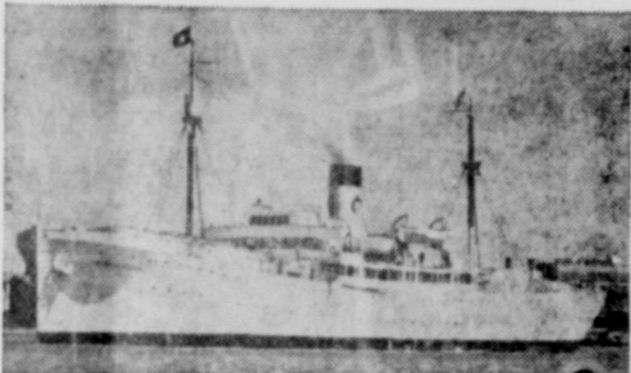

U. S. TRAINS YOUTHS FOR SEA

The United States Maritime Service is meeting the threatened shortage of skilled merchant seamen by training youths who have had no previous seagoing experience. Young American citizens in good physical condition 18 to 23 years of age are being enrolled for a seven months' course of instruction in the duties of the deck, engineers, and stewards furnished by the Government. Enrollees are paid \$21.00 monthly, clothing, food, and quarters are furnished by the Government.

The training course qualifies these young men for jobs on American merchant vessels where pay starts at \$72.50 a month with food and quarters furnished.

For detailed information write to U. S. MARITIME SERVICE, WASHINGTON, D. C.

FLOYD COUNTY PIONEERS MEET MAY 28

- Prettiest Wild Flower Bouquet, \$2.50.
- Best up to date buggy and team \$2.50.

Wheat Farmers to Decide Issue on May 31

Special to the Plainsman: In the wheat marketing referendum May 31, wheat farmers will decide how they want to handle a supply of wheat big enough to last nearly two years, Paul Snodgrass, chairman of the Floyd County AAA Committee points out.

Always in the past, oversupply has meant low prices for the farmer, he said, pointing out that in the early 30's wheat supplies in this country exceeded a billion bushels, and the price went down to the world level, which was then approximately 36 cents a bushel.

In 1940 supplies once more exceeded a billion bushels, as a result of war blockades and economic barriers which decreased our export markets. Despite the fact that the world market was depressed by an excess of wheat in all the exporting countries, the cash return to AAA program cooperators was double the world price.

The reason for this price support, he said, was the national farm program of the Department of Agriculture, including the wheat loan, which acted as a prop to hold up the wheat in spite of large supplies.

Snodgrass said that the present 1 1/4 billion bushels. The Ever-Normal Granary is full, and export outlets are fewer than they were last year or in the early 30's.

For such times, the Farm Program provides for an additional price-support, the marketing quotas, which is designed to bolster the loan and the allotment, by dividing equitably the available market among wheat producers, Snodgrass explained. Because loans on an uncontrolled wheat surplus are an unwarranted risk of public money, Federal legislation prohibits loans when quotas are not approved in referendum.

Farmers have only to compare the present wheat situation and the first World War situation to realize the conditions are radically different, and that some protective measure such as marketing quotas is needed to meet the new problems says Paul Snodgrass, chairman of the County AAA Committee.

From 1917 to 1920 there was a good demand for American wheat, while today there is neither the demand nor the shipping space for wheat exports from the United States, he explained. Exports have also dwindled in Australia and Canada, where large stocks of wheat have accumulated. Exports from this country will run about 30 to 35 million bushels for the current season, compared to 106 million bushels in 1938-39 and 240 million in 1935.

The present surplus in the United States, Canada and Australia also contrast with World War conditions, Snodgrass pointed out. At that time neither Argentina, Canada, nor Australia produced as much wheat as they do now and a larger part of the export wheat came from the United States. As a result the wheat reserve in the United States was negligible all through the first World War period. The stock of old wheat which will be on hand here on July 1 will be approximately seven times the size of the 1915 carry-over.

During the world war years the United States boosted its wheat production facilities to meet the war-born demand. Following the war Canada, Argentina and Australia expanded acreage considerably. Because of smaller markets and increased competition for the remaining world outlets, the available markets will not take all the wheat this country can produce for export.

With the present shutting off even the limited foreign markets, the result has been a record-breaking wheat surplus here, he said, and U. S. Farmers need some measure as marketing quotas to divide their remaining market fairly and to provide for safe storage of the surplus until needed.

LOCAL BOARD RECEIVES CALL NUMBER FOURTEEN

Call No. 14 on the Local Board is being filled with Registrants: Frank Milous Swain, order No. 392 and John Henry Holt, order No. 464 who will leave by bus for El Paso Induction Station, Thursday, May 22nd.

Funeral Services Held for N. B. Stanley Saturday

Last rites were held for N. B. Stanley Saturday afternoon at 2:30 o'clock at the First Baptist Church, Rev. Vernon Shaw, pastor, officiating. Mr. Stanley passed away Friday, May 16, at 5:30 a. m., at the home of his son, Harry R. Stanley.

Deceased was born March 7, 1858 in Howard County, Missouri, and moved to Texas in early manhood. He was married to Miss Catherine Ella Manning at Weatherford, Texas August 19, 1886. He was ordained to the Ministry at the New Hope Church, in Parker County October 20, 1900. Mrs. Stanley preceded Mr. Stanley in death August 19, 1937.

Mr. Stanley is survived by the following children: Mrs. G. T. Wakefield, Mrs. R. V. Bond, of Amarillo, Mrs. Frank Boerner and Mrs. J. E. Dickey, Phoenix, Arizona; three sons, Harry H., Homer M., and Hershal C. Stanley, of Floydada; two sisters, Mrs. R. G. Walker, Mineral Wells, Texas; Mrs. Kate Jordan, Weatherford, Texas.

pallbearers were: John Lloyd, W. H. Hilton, Ed Bond, E. P. Nelson, H. M. McDonald, and A. L. Scogins.

Interment was made in Floydada Cemetery with F. C. Harmon Funeral Home in charge of arrangement.

Mrs. Ohmer W. Kirk Will Present Pupils in Piano Recital

Mrs. Ohmer W. Kirk will present her pupils in Spring Recital on Monday evening, May 26, at 8:15 o'clock. This program has two main features: A five piano ensemble and the Solovox which will be demonstrated in about a ten minute program.

Pianos are furnished through the Mary L. Spence Agency of Plainview, Texas, through courtesy Tobzien Music Company, Amarillo.

Florrie Conway is Assistant Editor of "Carillon"

Waco, May 21.—Miss Florrie Conway, Baylor University junior from Floydada, has been elected assistant editor of the "Carillon," a magazine made up entirely of short stories and poems by students and published by Mrs. Davis R. Gurley's Short Story classes.

Miss Conway, a 1937 graduate of Floydada High School, is majoring in English. She is the daughter of Mrs. O. M. Conway of 1122 South Main Street.

War Department Lowers Air Requirements

The War Department has lowered the requirements for enlistment in the Regular Army Air Corps from High School graduation to an 8th grade education, providing applicants for this branch can pass the War Department Classification Test.

This new regulation opens, to intelligent young men with out a High School education, an excellent future and a wonderful opportunity to learn the aviation trade, through the Air Corps Technical Schools which are open to any enlisted man of the Air Corps.

The following courses are just a few of the many taught at the Air Corps Technical Schools. Aircraft Mechanist, Airplane Mechanic, Welders, Electricians, Instrument Specialists, Aircraft Sheet Metal Workers, Aircraft Riggers, Radio Repair and Operators, and many others too numerous to mention, for the Air Corps Soldier must be a specialist in some department.

Applications are being accepted now, at this office or the nearest recruiting station, of young men who can pass the test. Young men applying now have three choices of assignment; March Field, California; Air Base, Fort Sill, Oklahoma, and Lowry Field, Colorado.

Recruiting Stations are locate at the Post Office Building, Amarillo; Post Office Building, Plainview; Court House, Childress and the Post Office Building, Pampa, with the Main Office in the Post Office Building, Lubbock.

Baylor University Loses Oldest Employee

Waco, Texas, May 21.—Death on May 14 of Baylor University's oldest living employee, Prof. Wade Hill Pool, terminated a career with Baylor that began when the North Carolina-born lad entered old Waco University in 1881.

He graduated from the merged Waco and Baylor Universities in 1887, took graduate work in Harvard and Columbia, and returned to Baylor as head-master of the academy in 1892.

The academy was discontinued in 1923, and Professor Pool became Latin professor in the university. In 1931 President Pat M. Neff designated him as field representative which position he held until his death. He was 82.

Rhubarb is classed among vitamins as a "fairly good" source of vitamin C and also contains some iron and calcium.

Texas Cowboy Reunion Will Meet At Stamford

Stamford, May 14.—The most elaborate program in the history of the Texas Cowboy Reunion is assured by the list of attractions tentatively adopted by the directors for the twelfth annual round-up in Stamford on July 3, 4 and 5.

New events will be added to the thrilling show in the arena of the world's biggest cowboy rodeo. For the first time this year, the cowgirl attraction at the 1938 reunion. A new group of trick and fancy riders and ropers are being signed for the arena shows, as well as an outstanding rodeo specialist.

These special events are: in addition to the cowboy rodeo contests in bare-back bronc riding, wild-cow milking, steer-riding, calf-roping and saddle bronc-riding in the arena each afternoon and night. Less elaborate programs are provided for the morning matinees. The annual cutting horse contest will be held on the morning of July 5. The special calf-roping contest for oldtime cowboys has been eliminated due to sentiment against the risks which the elderly men take in this event.

Besides the arena shows, numerous other attractions will round out the reunion program. Oldtime dances will be held at the Coombes Round-up hall every night and sponsors dances at the reunion pavilion. The annual old fiddlers contest will take place on the morning of July 5. The Quarter Horse Show, inaugurated last year, will be repeated, sponsored jointly by the American Quarter Horse Association and the Texas Cowboy Reunion. The grand parade will be held on the opening day and smaller parades on succeeding days.

Pioneer ranchmen and cowhands, composing the membership of the Texas Cowboy Reunion Association, will hold their annual meeting and election of officers.

In one Texas county, 325 of 371 eligible farmers have signed intention sheets for participating in the AAA's 1941 cotton supplementary program. The deadline for signing intention to comply is June 15.

Miss Louise Hyatt left Thursday for Menard, where she will visit several days with Mr. and Mrs. R. H. Carmichael.

Too Much Wheat May Make Quotas Necessary

College Station—United States farmers produce more wheat than the home market is able to use, Charlie L. Thomas, state AAA committee man and wheat farmer from Pampa, says in pointing out that large supplies of wheat are expected to make marketing quotas necessary for handling the 1941 crop.

During the past 18 years, the committee declared, farmers have produced an average of 109,000,000 bushels of wheat more than was consumed in this country. Exports have furnished an outlet for much of the wheat produced above domestic needs, but since the outbreak of the present war, wheat exports have been almost entirely cut off.

As a result of the war, wheat has piled up in this country until the total supply for the 1941-42 marketing year is expected to be nearly one and a quarter billion bushels, Thomas said. That is almost enough wheat to meet this country's needs for two years.

Another factor that has contributed to large wheat supplies is that the average person in the United States eats less wheat than formerly, he continued. In 1920 the consumption of wheat averaged 4.4 bushels per person, while in 1930 it was 4.1 bushels and in 1939 only 3.7 bushels. Although the population has increased, the lower consumption per person has prevented any appreciable increase of the total consumption.

Inability of the domestic market to absorb the wheat produced, coupled with the sharp curtailment of exports, are factors for wheat growers to study carefully before the marketing quota referendum on May 31, Thomas declared.

West Tex Chamber Will Meet at Mineral Wells

Mineral Wells, May 14.—The annual convention of the West Texas Chamber of Commerce, to be held here on May 15 and 16, will offer visitors from far distant states the most colorful and eventful visit they can make in Mineral Wells' history. This city, location of Camp Walters, already is entertaining parents, relatives and friends of the boys who are in training at the camp. Most of the visitors and the boys, too, are from New York and Ohio. Now that the vacation season is at hand, they're coming to Mineral Wells for a two-fold purpose, the visit and vacation. The WTCC convention, with all of its Western color and carnival spirit, will give them a more enjoyable and thrilling visit here. And the same goes for those who plan on being here for the convention.

General chairman Lonnie C. Taylor is at work with the local steering committee composed of Fred Brown, Dr. H. A. Zappe, John W. Bridwell, W. W. Woodall and Paul Ord. All details are being worked out and everything made ready for the thousands who will be here. Ample accommodations are assured as the boom conditions are over and additional facilities and conveniences have been provided. The climax of the convention will come on the night of May 16, with the "To Hell With Hitler" dinner at which affair Amon Carter will preside. Other unique features of entertainment have been provided and visit to Camp Walters are also on the schedule for convention visitors. Max Bentley, activities and convention manager for the WTCC, with offices at Abilene, is here at the Baker Hotel and is working with local committees. Among honored guests who have been extended special invitations are Gov. W. Lee O'Daniel and the commanding officers of the various Texas defense projects etc. The colorful military atmosphere, along with Mineral Wells' reputation as a host city are assurance of the greatest convention of its kind ever staged.

Cotton provides more clothes and cloth for mankind than all the world's other textiles put together.

Miss Selma Linder Honored With Shower

Miss Selma Linder was honored with a miscellaneous shower given at the home of Mrs. E. L. Norman Monday evening at 8 o'clock. Hostesses for the occasion were: Mesdames R. S. Wilkinson, W. I. Cannaday, George Smith, Ross Henry, J. V. Daniels, R. C. Patton, Wilmer Jones, Jr., M. J. McNeil, Hershel Hammonds, Tucker Teutsch, Earl Crow, E. L. Norman; Misses Emma Louise Smith, Polly Smith, Reba Copeland, Lida Bell Walding, Bernice Patton, Giessie Goins, Faye Newell, Ann Swepton, and Jean Bain.

Mrs. Norman greeted the guest to the door. Mrs. Hershel Hammonds, Misses Giessie Goins and Bernice Patton served refreshments to the guests at the dining table, and as they passed out the back door onto the lawn Mrs. R. C. Patton presided at the guests register where about 126 registered and numerous gifts were sent. Mrs. R. S. Wilkinson gave the toast to the bride.

The dining table was laid at one end with a centerpiece and in the center was a reflector and on each side was a little crystal bowl with cut flowers. On the other side the mirror was two blue and white tapers. On the other end of the table was the punch bowl and punch, cookies and nuts were served.

The many gifts were placed before the honoree chair on the lawn before she arrived, and after the guests were seated the many beautiful gifts were opened and admired by the honoree and guests.

Out of town guests attending was Miss Linder's aunt, Mrs. Sam Henry, and cousin, Mrs. Holt Waldrep, of Lubbock.

Bill Dyer was called to Carnegie, Oklahoma, where his mother is reported to be very ill. Mr. Dyer went to Carnegie Tuesday.

President Calls National Conference on Nutrition

Washington, May 21.—A national conference on nutrition for developing recommendations for a program of action has been called by President Roosevelt at Washington May 26, 27, 28 and 29. H. H. Williamson of the U. S. Department of Agriculture and M. College Extension Service, Mildred E. Galt, director of the Texas Experiment Station, and Jennie Camp, specialist in home production, are among the 700 delegates. The conference will discuss nutrition problems at national, state, and community levels as an essential part of defense and as a part of a continuing national health and welfare program.

Civilian Supply, and Dr. Louise Stanley, chief of the bureau of home economics. Commenting upon the proposed conference, Surgeon General Parran said: "This conference must tell us how to translate our knowledge of nutrition into everyday reality for all the people. Forty percent of the American population is not properly fed. The ill health results mean a slowing down of industrial production, a danger to military strength and a lowering of the morale of millions. I hope this conference will make recommendations to solve nutrition problems at national, state, and community levels as an essential part of defense and as a part of a continuing national health and welfare program."

Many Young Men Entering Air Corps

Since the lowering of the requirements for enlistment in the regular Army Air Corps, states Major Jesse, U. S. Army Recruiting Officer for this District, there have been many young men with only an 8th grade education who have succeeded in passing the War Department Test and thus were acceptable for this branch of the service.

Most of these young men chose for their assignment, the 14th Pursuit Group, March Field, California, although there are also vacancies at the Air Base Detachment, Fort Sill, Oklahoma and for the Photo Group, Lowry Field, Denver, Colorado. Applicants for enlistment in the Photo Group must desire photographic training.

The majority of the young who enlisted this month have decided to take the Airplane Mechanics Course through the Air Corps Technical Schools, open to any enlisted man of the Air Corps, for these young men quickly realized the value that such training will be to them in later years in Air Transportation.

Applications for enlistment in the Regular Army Air Corps can be made at the nearest Army Recruiting Station where young men with out a High School diploma will be given an opportunity to take the War Department Test.

Experiments at the Weslaco Station of the Texas Agricultural Experiment Station have resulted in the development of improved varieties of papayas that are being used in commercial plantings in the Rio Grande Valley.

Notice to Bidders

Sealed bids will be received by the Commissioners Court of Floyd County, Texas, on the 9th day of June, 1941, at 10 o'clock a. m., at the Court House in Floydada, Texas, for the following machinery:

Three Tandem Drive Road Graders with Diesel Engine, with approximately 12 foot blade; pneumatic tires, regular tubes front and low pressure (single) pneumatic tires, puncture proof tubes, rear muffler, jack, leaning front axle, and dual brakes, and accessories.

Said County offers in trade as a part of the consideration to be paid for the above described machinery the following:

- One Austin Western 99 Diesel Motor Grader, Serial Number D-1120.
- One Austin Western 99 Diesel Motor Grader, Serial Number _____
- One Caterpillar Model No. 11, Diesel Motor Grader Serial Number 6K4618P.

The Commissioners Court reserves the right to reject any and all bids.

If purchase is made pursuant to said bids, Floyd County will issue time warrants for the payment of all or a part of such purchase price, such time warrants to be issued in the maximum amount of \$15,000.00, bearing interest at the rate of six (6%) per cent per annum and maturing serially, the maximum maturity of final maturity being not later than ten (10) years from the date of said warrants.

Executed this 12th day of May, 1941.

G. C. TUBBS,
County Judge, Floyd County, Texas.
23-2tc

Car Supply and Wheat Movement Is Discussed

Amarillo, May 21.—Car supply and adequate locomotive power to handle the forthcoming wheat crop movement were the subjects of deep consideration by Santa Fe officials at a special meeting in Amarillo recently under the leadership of President Edward J. Engel.

President Engel with W. K. Etter and F. G. Gurley, vice presidents, and J. J. Mahoney, general superintendent of transportation, of Chicago, are making an extensive survey of the wheat territory in Kansas, Oklahoma, Texas and New Mexico.

Keynote of the grain meeting in Amarillo was the necessity for prompt unloading of cars so that the maximum availability of cars will

prevail thereby preventing possibility of shortage.

Vice President Etter, in charge of operations, asserted that every effort should be made to have as many additional cars as possible properly repaired for the movement. He called upon mechanical superintendents of the Western Lines, division superintendents and others, with instructions to keep the equipment rolling and yard facilities in high gear.

"The railroads have a problem which calls for the utmost cooperation of grain men," he said. "Special committees of grain men have been appointed to work in the closest cooperation with the railroads for the purpose of providing the most expeditious manner of handling the crop, moving stored grain to seaboard storage, and providing additional inland elevator and terminal storage."

Transportation Superintendent Mahoney declared that the government is deeply concerned with the movement of defense materials and wheat and that its officials were anxious to secure smooth cooperation and prompt handling, particularly unloading, so that cars can be returned for service.

Mahoney said that the special committees working with the railroads were anxious to assist and that railway officials should work in the closest relationship with them.

Reports were made as to the earliest time of harvest and movement which will be in the Slaton, Texas, area the latter part of May. The peak of the movement for the entire grain territory, according to the officials, was expected about June 25.

It was generally conceded that the most pressing problem is the movement of holdover wheat at present in elevators and terminals and report was made of the government's plan to move 15,000,000 bushels to Gulf ports and 25,000,000 into storage east of the Mississippi.

Reports were made on the conditioning of motive power, rolling stock and yard facilities for the purpose of providing the highest efficiency and utmost facility in preparing for the anticipated huge crop.

MODERN VISUAL INSTRUCTION TO BE USED AT COOPERATIVE BVBS

Through cooperative effort the First Christian, First Methodist, Nazarene, and Cumberland Presbyterian churches are conducting a Daily Vacation Bible School. Beginning at 8:15 next Monday morning the school will last for two weeks.

Distinctive features of the cooperative school will be the wide use of modern visual methods of instruction, a lively daily recreational period, and serving of refreshments. All children of the Floydada region between 5 and 17 years are urged to attend whether they are members of a Sunday School or not. Each days lesson includes a correlated hand-

work project for classes of all departments. For all juniors and intermediates who desire, an additional period of handcraft is planned. This will include woodwork projects for the boys and handwork for the girls.

The cooperating committee has elected Rev. E. A. Renfer as director of the cooperative school. The departments are to be superintended by Mrs. L. W. Bridges, the Primary; Mrs. R. A. Renfer, Junior; and Mrs. Colville, Intermediate.

LIQUOR PRESCRIPTION BILL BECOMES LAW

Austin, May 20.—Texas operated today under a new and stringent liquor prescription law invoking penalties of a \$100 to \$1,000 fine or up to one year in jail for violations.

Gov. W. Lee O'Daniel's signature to a bill made the law, overwhelmingly approved in both branches of the legislature, effective immediately.

The statute limits the number of prescriptions any one doctor may

THE RECORD Facts That Concern You

No. 29 of a Series

It's always the SORE thumb that sticks out...

Odd, isn't it—the way everybody notices the sore thumb?

It's the same way with the retailing of beer. Everybody knows about the one undesirable place...everybody seems to forget about the thousands of worthwhile retailers who operate clean, decent, law-abiding establishments.

To protect the good name of beer, we of the beer industry want the few... but noticeable... "black sheep" retailers eliminated.

That's not all. Such retailers endanger an industry that brings important economic benefits to the community. Right

here in Texas beer provides employment for 31,165 persons, supports an annual payroll of \$22,076,182 and contributed \$2,273,968.64 last year in state taxes.

This state, too, has an important stake in the beer industry's purchases—for materials, equipment, and services—from more than 100 other industries.

You can help us protect these benefits in two ways—by (1) patronizing only the law-abiding places where beer is sold and (2) by reporting any irregularities you may observe to the duly constituted authorities.

BEER...a beverage of moderation
