

# "By Helping Business You Help Yourself" The Floyd County Plainsman

Floydada, Floyd County, Texas, October 23, 1941

Number 46

## FLOYD COUNTY FARMERS ARE URGED TO INCREASE PRODUCTION OF FOOD SUPPLIES

Floyd county farmers were asked to do their part in the "Food for Freedom" campaign by increasing production of milk by 31,000 gallons and eggs by 105,000 in 1942.

prepared stating the goals as agreed upon by the county group. From now until November 1 groundwork for the farm to farm canvass on production pledges will be laid. During the first three weeks of November AAA county and community committees, working with and assisted by the USDA Defense Board, will contact every farmer and ranchman in the county with a farm plan sheet. In addition to information concerning allotments, soil-building allowance, etc., which has appeared on farm plan sheets in the past, the form this year will include a production pledge on the products needed in the Food For Freedom campaign, the county chairman said.

## Defense Savings Stamps and Bond Week is Set

November 3rd to 11th has been proclaimed by the Honorable Coke Stevenson, Governor of the State of Texas as Defense Savings Stamp and Bond Week in all of our 13,791 schools and colleges in Texas. As a great army they will move forward with one accord to revive the Spirit of '76 — the Spirit that made America great.

The Spirit of '76 made possible those great privileges you stress so loudly today—Freedom of Speech, Freedom of the Press, and its continuation will be perpetuated only by the boys and girls of today that are prepared and protected for tomorrow.

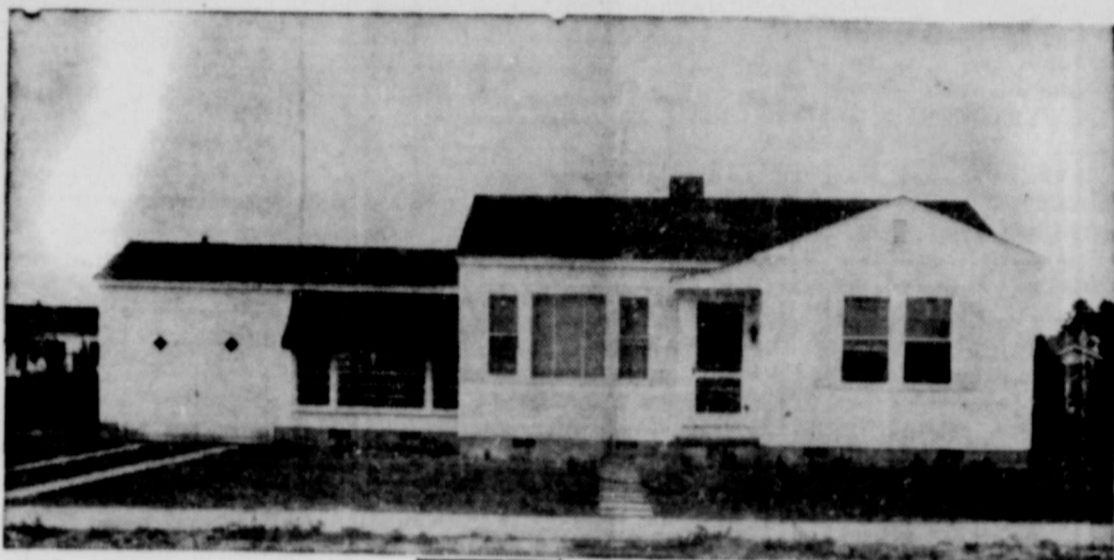

The Treasury Department of the U. S. Government has been given the Herculean job of administration of the sale of Defense Stamps and Bonds, so necessary now to our defense program. Won't you be a minute man of '41 and help us break this week of November 3-11 with a big noise?

## DR. THACKER TO ATTEND AMERICAN DENTAL CONVENTION

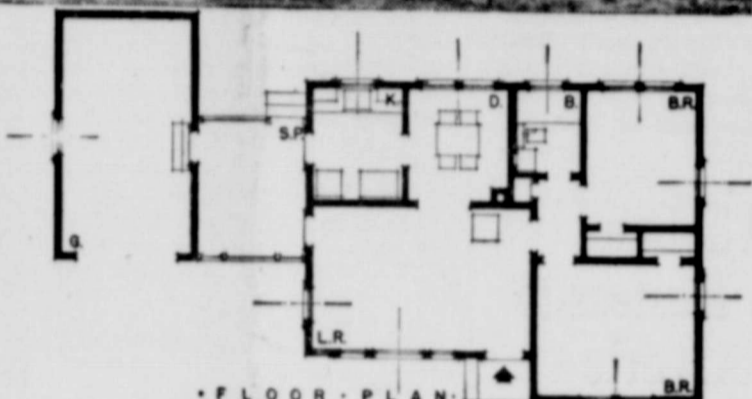

Dr. and Mrs. C. M. Thacker will leave Sunday to attend the American Dental Convention to be held in Houston October 27 until the 31st.

This is the first time in twenty years that the American Dental Convention will be held in Texas.

LET CAVANAUGH DO YOUR  
JOB PRINTING.

The single-floor scheme is so well handled in this low-cost home that the bulk of the house seems much greater than it actually is. A sleeping porch is used as the connecting element between the living units and the garage. This treatment is regarded as excellent since it not only adds to the apparent size of the house but also removes the odors and fire hazards of a garage to a point as far as possible from the dwelling itself.

In Florida this property was valued at \$2,950 and was financed with a Federal Housing Administration insured mortgage of \$2,500. Average monthly payments on a maximum 25-year mortgage of this amount total approximately \$15, exclusive of local taxes and hazard insurance. The cost of this property will vary in other localities.

## FIVE-YEAR FERTILIZER DEMONSTRATION SHOW GREAT INCREASE IN UNDERTAKING

College Station, October 23.—Results of five years of demonstrations by Extension Service workers in the use of superphosphate on pastures in about 50 Texas counties show greatly increased carrying capacity, improvement in the quality of cattle, and enlarged calf crops. Demonstrations were begun in seven new counties in 1941.

According to M. K. Thornton, Jr., extension agricultural chemist, who directed the work, more than 2,000,000 pounds of 20 percent active ingredient phosphate have been used in the counties, which are mostly in east Texas. Some of the demonstrations were carried on in cooperation with the Tennessee Valley Authority.

One of the first trials was on a 65-acre pasture block owned by Tom Bridges of the Chapman community in Rusk County. At the beginning of the demonstration in 1936, he was pasturing five to seven head on the acreage and producing poor quality calves. In 1941 he ran 46 cows on the same area and produced a 100 percent calf crop, Thornton says. The cost of improvement was about \$12 an acre for fertilizer, seed and care.

Ed Rake, Jefferson County farmer and another early demonstrator, could not carry his dairy herd on a 78-acre pasture without substantial supplemental feeding. Treatment with 400 pounds of superphosphate to the acre, plus seeding transformed the land so that it is able at present to sustain 83 animal units with a minimum of supplemental feeding. The quality of the livestock—beef and dairy cattle, and sheep—is of the best, Thornton says. Similar results have been obtained from demonstrations in Cass, Delta, Lamar, Rains and other east Texas counties.

## Coach Beryl Huffman Guest of Lions Club

The Lions Club, which met Tuesday at the First Methodist Church, had as special guest, Coach Beryl Huffman, of Texas Tech.

Floyd Murray, present coach and J. C. Wester, first coach of the Floydada High School, were also special guest at the meeting. R. S. Wilkinson, Jr., had charge of the program.

Mr. and Mrs. W. I. Cannaday's daughter, Mrs. L. G. Stewart and children, Margaret and L. G., of Wichita Falls, and Mrs. Katherine Norman, and daughter, Roelerta, of Dallas, visited with Mr. and Mrs. Cannaday over the week end.

## NUTRITION PROGRAM IS ADOPTED FOR STATE OF TEXAS IN RECENT GATHERING

A unified state food and nutrition program designed to strengthen the total population for its defense effort, as well as to meet the state's long-range health needs, was adopted by the Texas State Nutrition Committee during a meeting in Austin, October 13-14.

Economic assistance for Texas families unable to produce or purchase a well balanced diet was one objective of the broad program, so the committee endorsed an over-all price control bill, recommended legislation which would remove the occupation tax on dealers in oleomargarine, and resolved to work toward adjustment of freight rate differentials.

To accomplish its objectives the group planned for the setting up of volunteer food and nutrition committees in every Texas county and incorporated town, according to the chairman, Mildred Horton, who is vice director of the Texas A. and M. College Extension Service. She explains that these committees will be asked to assist with in-service training for people working in food establishments and to work toward expansion of the community school lunch program and the food stamp plan.

Other objectives included in the plan are: promotion of consumer and producer cooperatives, establishment of diet clinics in connection with hospitals and medical clinics, and cooperation in the Food for Freedom program of the state and county USDA Defense Boards to assure adequate food production for domestic uses and lend-lease needs.

Setting up of a state nutrition committee for Negroes likely will be one result of the meeting, according to Miss Horton. A sub-committee on research pledged to find new ways to increase use of Texas-produced food. Another sub-committee, one devoted to education in nutrition, will work toward helping all Texas school children know what constitutes a good diet and its importance to their physical and mental welfare. The necessity of universal education in the principals of nutrition was emphasized in an address to the committee by Dr. Homer P. Roney, president of the University of Texas.

Dr. J. M. Coleman of the State Health Department, Austin; Dr. Erel S. Eppright of the Texas State College for Women, Denton; Ruth Huey of the State Board for Vocational Education, Austin; and Jennie Camp, Extension Service specialist in home production planning, College Station, formulated the state program from recommendations submitted by seven sub-committees.

Nutritionists were urged to take a tip from Popeye in a panel discussion on "Propagandizing for Improved Nutrition." Speakers pointed out

how the comic strip character has glorified spinach and helped increase its consumption. Educators were advised to keep their propaganda for good foods dramatic, and aesthetic if they wanted to capture the public imagination.

## South Side Singing To be Sunday, October 26th

The South Side Singing Convention will meet in an all-day convention Sunday, October 26, at Rushing Chapel, 9 miles northeast of Floydada. The public is invited to attend and bring their lunch.

Weather permitting they expect several out of county visitors for the convention.

Mr. and Mrs. Flake Thomas and Miss Varona Baitinger, of Long Beach, California, visited Monday night with Mr. Thomas' aunts, Mesdames Ben G. Morton and M. B. Cavanaugh.

## Florrie Conway of Floydada to House Council at Baylor

Miss Florrie Conway of Floydada, senior at Baylor University, has been elected to the house council of Burleson Hall, women's dormitory.

Miss Conway, daughter of Mrs. O. M. Conway of Floydada, is an officer in the Baptist Student Union. She was graduated from Floydada High School in 1937 and attended Wayland College in Plainview for two years.

## Local Dealers Attend Magnolia District Meeting

H. O., and A. J. Cline, local Magnolia dealers, attended a district meeting of the Magnolia Petroleum Company in Lubbock Thursday night. Mrs. H. O. Cline and children accompanied Mr. Cline, and Mrs. A. J. Cline and Mrs. Carl Smith accompanied A. J. Cline.

Judge Jeff D. Ayres returned home Tuesday from a weeks visit in Pampa with relatives.

## Soldiers Choose "Correspondence Queen"

Dorothy Mae Condon, 19, Janesville, Wis., voted by thousands of men at Camp Lee, Va., as the "prettiest girl writing to a soldier," took her laurels graciously last week as she visited the scene of her conquest to be feted and entertained by the doughboys stationed at the camp. Miss Condon is an employee of the Chevrolet plant at Janesville, and her employer made it possible for her to fly to her soldier sweetheart, Corporal Robert Carr, whose submission of her photograph in the Camp contest resulted in her selection as the prettiest correspondent.

## Increasing Farm Accidents Attributed to Machine Age

Above—When the horses start, the knife-sharp blades of the discs begin to turn. Agricultural implements are the leading farm accident hazard. Right—Cigarettes and gasoline are noted for their teamwork in causing serious injury and costly fires.

## Farmer Is Urged By Red Cross to Check Accident Hazards

Washington, D. C.—Mechanization of the American farm is accounting for a mounting accident fatality toll, the Red Cross pointed out in an appeal for farm owners to participate in its year-round Home and Farm Accident Prevention drive beginning the last week of October.

Of the 4,500 farm workers killed by accidents last year, approximately 28 per cent were due to carelessness and the use of faulty implements, the Red Cross said. Ill-tempered animals, vehicles, excessive heat and falls led other farm accident causes in that order.

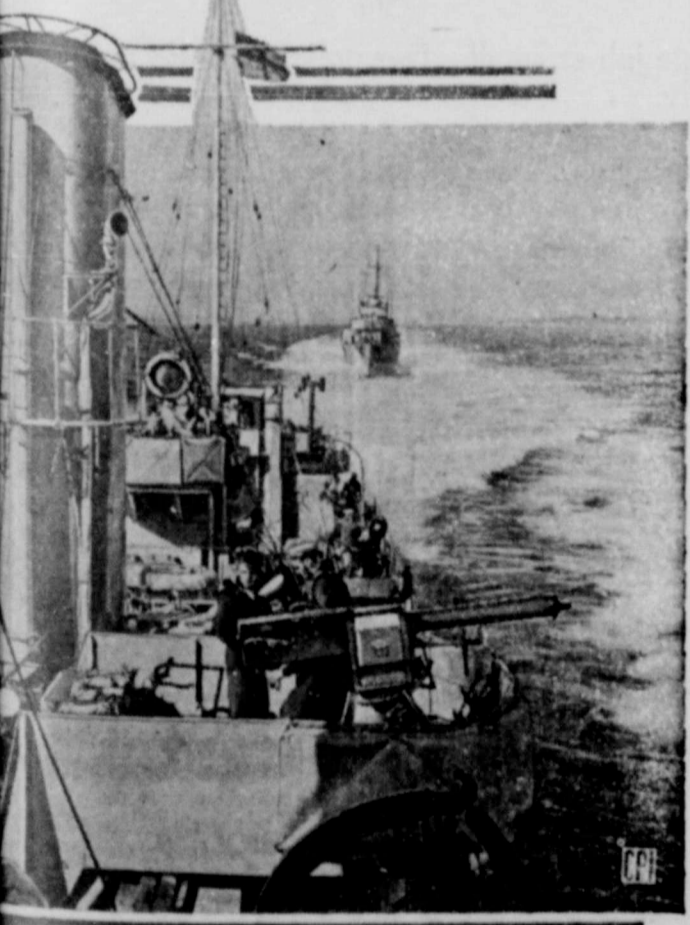

To the farmer, the Red Cross urges a close check-up for the removal of accident hazards. Machinery, tools and other equipment should be examined periodically and kept in good repair. Tools and implements should be kept in regular places, out of the farm yard or where they may cause a serious fall. Bulls, boars and other dangerous animals should be kept in secure pens.

Approximately 50 injuries of varying degree occur for every farm accident fatality—a nation-wide total

of some 225,000 for last year, the Red Cross appeal for greater safety pointed out. To launch this year's Accident Prevention program the Red Cross again will distribute 10,000,000 home and farm "check lists." By following the suggestions urban householders can systematically check the home for accident hazards. A similar check-up is outlined for the removal of hazards on the farm.

## CANADIAN ATLANTIC CONVOY

Passed by Cape H.

the outbreak of war, the Canadian Navy which is maintained by the Department of the Navy is serving, has an enviable record. It has 100,000 deadweight tons; it is the largest fleet in the North Sea and it has destroyed several enemy vessels. The declaration of war by the United States of America has added 100,000 men and 13 ships. To-

day, it musters more than 20,000 men and 200 vessels, including 13 destroyers, several of which were secured from the United States in the destroyer deal. By March, 1942, the Royal Canadian Navy, two of whose destroyers are pictured above, will be manned by some 27,000 men and the fleet will consist of more than 400 ships of various types. Many of Canada's seamen come from the prairie provinces.

Published Thursday Each Week  
M. B. CAVANAUGH, PUBLISHER

In Floyd County \$1.00; Outside Floyd County \$2.00  
Entered as second class matter June 23, 1930, at the post office at  
Floydada, Texas, under the Act of March 3, 1879.

ADVERTISING RATES GIVEN ON APPLICATION

**NOTICE!**

Any erroneous reflections upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of The Floyd County Plainsman will be gladly corrected upon its being brought to the attention of the publisher.

**Mrs. H. G. Parker  
Hostess to  
Informal Supper**

Mrs. H. G. Parker was hostess to an informal supper at the Parker home Wednesday evening at 7:30.

After the supper, games of bridge were enjoyed. Those present were Mrs. Claude Hammonds, Mrs. Earl Holt, Mrs. Clinton Fyffe and Mrs. Marshall Swepton.

Mr. and Mrs. A. A. Hoots visited with Mrs. Hoot's mother, Mrs. C. D. Dodd, and Mr. Hoot's mother, Mrs. A. M. Hoots, at Winters over the week end.

**ANNOUNCE NEW ARRIVAL**

Mr. and Mrs. L. B. Martin, of Clovis, New Mexico, are the parents of a son, born Thursday, October 16, named Jerry Lee. The grandparents are Mr. and Mrs. M. B. Martin, Floydada, and John R. Young, Turkey. Mrs. Martin in announcing the new grandchild said she believed she was the youngest grandmother in Floyd County. Mrs. Martin is 37 years of age. The mother and child are doing nicely.

Mr. and Mrs. H. G. Parker and W. E. Penner were in Wichita Falls, Sunday, on a business trip.

Mrs. George Hulsey and son George Haines, of Oklahoma City, are visiting with Mrs. Hulsey's mother, Mrs. P. G. Stegall this week.

**Mrs. Virgil Shaw  
Hostess to Study  
1934 Club**

Mrs. Virgil Shaw was hostess to the 1934 Study Club Tuesday evening at the Shaw home.

Officers, who were elected for the coming year, were Mrs. J. W. Clonts, second vice president; Miss Margaret Stuart, treasurer; Miss Betty Newell, recording secretary; Miss Rita Rhoades, oratorian; Miss Imogene Roy, custodian; Mrs. Elton Goen was re-elected delegate to the state convention at Dallas, November 10, 11, 12; and Mrs. Truett McClung, alternate.

After the roll call, Miss Bernice Patton gave an interesting history of Anne Lindbergh. Miss Imogene Roy reported on Amelia Earhart Putman.

Those attending were Mesdames Walter Travis, J. W. Clonts, Floyd Murry, Robert Linder and special guest, Mrs. Bonnie Brown, of New York. Misses Sibyl Poteet, Rita Rhoades, Edith Wilson, Emma Louise Smith, Fannie Mae Bail, Bernice Patton, Imogene Roy, Georgia Mae Hall, Zelma Elliott, Betty Newell, Merle Eaton and Ouida Whitfield. The next meeting will be November 4, at the home of Mrs. Elton Goen.

**Miss Thelma  
Doyle Hostess to  
Y. W. A. Girls**

The Lillie Hundley Y. W. A. met at the home of Miss Thelma Doyle Monday evening at 7 o'clock.

Officers for the coming year were chosen. Miss Dorothy Nell Swinson was elected president, Miss Aline Warren vice president, Miss Lovell Ginn as secretary and treasurer, and Miss Maurice Burton corresponding secretary.

Others who attended the meeting were: Misses Mary Frances Jones and Nelda Fagan and Mrs. J. B. Houston.

The next meeting will be held Monday, October 27, at the home of Mrs. J. B. Houston.

Let Cavanaugh do your printing.

**FARM  
TOPICS**

**POULTRY OUTLOOK  
FOUND FAVORABLE**

**Government Bureau Pre-  
dicts Higher Egg Prices.**

Supplied by the United States Department of Agriculture—WNU Service.

Somewhat higher prices of eggs next year are foreseen by the bureau of agricultural economics in a review of the poultry and egg situation. This conclusion is drawn from the smaller number of layers which will be in farm flocks next year and the expectation that the rate of egg production will be somewhat lower.

The larger supply of feed this year is expected to have a material effect on the poultry situation. The total production of the four feed grains, corn, oats, barley, and grain sorghum, this fall will be the largest since 1932. And the wheat supply for poultry feeding will be larger than in recent years. With the number of grain-eating animals at a low point, there will be unusually ample supplies of grain for poultry, especially in some of the Corn Belt states. In other words, the bureau says, the feed situation next spring will be much more favorable to producers than in 1937.

Largely as a result of the ample feed supply, it is expected that the hatch of chicks next spring will be larger than the small hatch this year. This leads to the conclusion that while poultry supplies will be smaller in the first half, they will be larger in the last half of 1938 than in the corresponding periods of 1937. Higher prices of chickens are looked for in early 1938, whereas lower prices may be the rule a year from now.

Stocks of eggs in cold storage which will affect egg prices next year are likely to be much less than they were in 1937, because of smaller marketings.

While the production of fall and winter broilers this year is expected to be heavy, the price is not likely to be depressed correspondingly because the general meat supply is smaller.

Turkey production this year is estimated at 10 per cent less than it was in 1936. With prices expected to be higher than they were last year and possibly higher than in 1935, the hatch and production of turkeys in 1938 probably will be increased over this year.

**Fast-Growing Pigs Are  
the Best as Breeders**

The best swine breeding stock usually comes from the heaviest pigs, said H. W. Taylor, extension swine specialist at North Carolina State college.

So a good way to select breeding stock, he added, is to weigh the litters at weaning time.

If all sows and litters have had the same care and feeding, the litters which are heaviest at weaning time will be those from the best sows.

The boar and sow pigs selected for breeding purposes should be taken from these heaviest litters.

Boar pigs to be raised for pork should be treated when four to five weeks old, Taylor continued. At this age the treatment does not shock the pig as much as it will later, and the young pigs recover more rapidly.

He also pointed out that sanitation and balanced rations are two of the most important factors in hog production. "If you have not tried farrowing and raising pigs on clean land, give it a trial," he said.

**Agricultural Notes**

The flesh of sharks is a source of poultry food.

Sugar cane requires 9 to 13 months to mature.

Duck eggs have a greater fat content than hen eggs.

The Iowa college of agriculture at Ames has more than 5,000 students.

Sugar and sirup have been manufactured in limited quantities from watermelons.

An expert claims that farmers put back only one-third of the phosphate they take out.

Turkeys can be made to lay eggs earlier than normally by use of lights in their houses.

A turkey at McCook, Neb., drove a pheasant hen from her nest and hatched the fledglings.

Canada's creamery butter output in the first eight months of 1937 totaled 170,705,417 pounds.

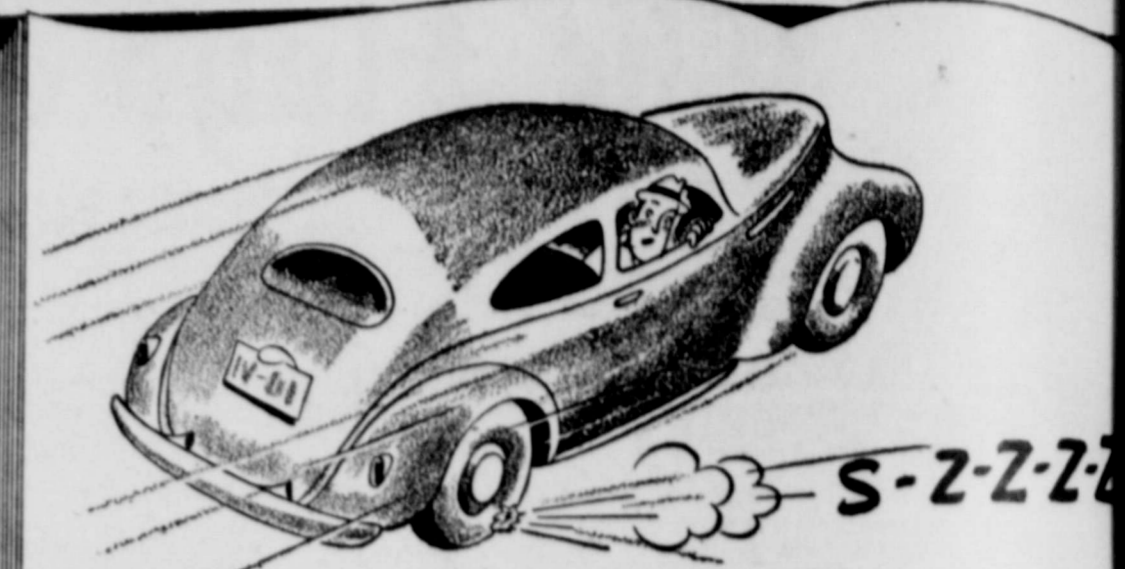

Devices for the artificial hatching of chickens from eggs were known to mankind in early times.

Ireland's potato crop is being turned to new uses. Industrial alcohol factories utilize farm surplus.

The best winter protection to alfalfa is a growth of from six to eight inches or more to hold the snow.

**THE RECORD... Facts That Concern You**

No. 33 of a Series

**THERE GOES A TIRE!**

...but why junk the car?

Any car can have a blowout in a tire. But you wouldn't junk the car. You'd just fix the tire—or replace it.

That's very much like a situation that exists in the retailing of beer. Beer retailing has its "flat tires," too—retailers who disobey the law or who permit unsavory conditions.

To protect your right to drink good beer, we of the beer industry want to eliminate the few "flat tire" retailers. Here's another reason: Right here in Texas, beer has provided employment

for 31,165 persons, supports an annual payroll of \$22,076,182 and paid \$2,273,968.64 in state taxes last year.

The state, too, has an important stake in the beer industry's purchases—for material, equipment and services—from more than 100 other industries.

Those benefits are worth preserving. You can help us preserve them by patronizing only the reputable and legal places where beer is sold and by reporting any law violations you may observe to the duly constituted authorities.

**BEER...a beverage of moderation**

### Texas Farmers Have Two AAA Programs

Texas farmers will have two AAA farm programs in 1942, according to Fred Rennels, assistant administrative officer of the state AAA.

In west Texas, farmers will have the minimum conserving-acreage plan and farmers in east Texas will have the erosion-resisting plan, he said.

In defining the areas in which the two programs will apply, Rennels pointed out that all counties in the state lying south and east of and including Wilbarger, Maylor, Throckmorton, Shackelford, Callahan, Coleman, McCulloch, Mason, Gillespie, Kerr, Edwards and Kinney counties will carry out the erosion-resisting plan, and all other counties in the state will have the minimum conserving-acreage plan.

The principal difference in the two plans, the AAA official said, is that under the conserving-acreage plan a minimum of 20 percent of the cropland must be devoted exclusively to soil-conserving crops during the crop year, while in the erosion-resisting area at least 25 percent of the cropland must be devoted to erosion resisting crops or land uses at some time during the crop year.

The method of payment will be substantially the same in both plans with payments being made for planting within special allotments, such as cotton, wheat, rice, peanuts and Irish potatoes, and carrying out approved soil building practices.

Percentage deductions in net payments will be made for failure to meet minimum requirements under the two plans, and a deduction of ten times the rate applicable to a farm will be made for exceeding special allotments. Deductions incurred for exceeding crop allotments will be applied against payments earned under the range program, he said.

### A WINNING COMBINATION

## Mobiloil and Mobilgas

Everybody likes a winning combination. That's why so many motorists use Mobilgas and Mobiloil. Used together they make an unbeatable combination that means true mileage economy. Mobilgas and Mobiloil are made for each other, and for modern motors. Use this winning combination in YOUR car.

### Phillips Team Won Over Floydada 19-0

Phillips High School team won a victory over the Floydada Whirlwind Friday evening. Score 19-0.

The Whirlwind team will encounter the Paducah Dragons, who will be guest of the Whirlwinds, Friday evening on the Wester field. This is not only the first home game for the Whirlwinds but promises to be one of the toughest games of the season.

### Texas 4-H Club Boys Win at Dairy Show

Texas 4-H Club dairy judging team from Ellis County won third place in the nation-wide dairy judging contest held recently during the National Dairy Show in Memphis, Tenn., according to information received by L. L. Johnson and J. W. Potts, state club agents of the A. and M. College Extension Service.

The team, composed of Boyd Couch, Davis Sutherland, and Edwin Prather, was coached by Assistant County Agricultural Agent John Whitfield of Ellis County.

First place in judging Jerseys was awarded the Texas team, and they placed seventh in the Holstein and Guernsey divisions. Young Couch ranked fourth in judging Jerseys and Guernseys, while Sutherland was fourth in Ayrshires and Prather was eighth in the Jersey class.

### Price of U. S. Wheat Doubles Foreign Price

College Station, October 23.—Texas wheat farmers selling wheat protected by the AAA what program are receiving approximately twice as much as growers in other major wheat producing countries, P. C. Colgin, community loan supervisor of the state AAA, has announced.

The average farm price of wheat in Texas is about \$1.05 and the average farm price in the United States is about 90 cents, he said.

The average price received by Canadian growers is about 47 cents (U. S. money) while Australian growers have been receiving 51 cents per bushel. Returns to Argentina growers are from 42 to 45 cents per bushel.

Marketing quotas on wheat, acreage allotments, the loan program and import embargoes account for the price United States farmers are receiving, Colgin said in pointing out that this year is the first time in history that domestic wheat prices have exceeded foreign wheat prices by more than the tariff without threats of large imports.

Mr. and Mrs. L. T. Bredsoe and Mrs. E. T. Chipwood, of Lubbock, visited Mrs. Bredsoe's and Mrs. Chipwood's brother, Weldon Gibbs and Mrs. Gibbs Sunday.

Mrs. George Hulsey, and little son, of Oklahoma City, Oklahoma, is visiting Mrs. Hulsey's mother, Mrs. P. G. Stegall this week.

Mr. and Mrs. Earl McNutt's brother, A. C., and Mrs. McNutt, of Thackerville, Oklahoma, visited several days with Mr. and Mrs. McNutt this week.

### Friendship Club Met in the Arwine Home at 7:45

Mr. and Mrs. J. A. Arwine were host to the Friendship Bridge Club Friday evening at 7:45 at the Arwine home.

After the buffet style dinner, the regular games of bridge were played. Mrs. A. B. Keim and Dr. A. E. Guthrie held high score.

Those present were Mr. and Mrs. B. K. Barker, Mr. and Mrs. L. T. Bishop, Mr. and Mrs. Walton Hale, Mr. and Mrs. A. B. Keim, Mr. and Mrs. J. C. Gilliam, Dr. and Mrs. A. E. Guthrie and host, Mr. and Mrs. J. A. Arwine.

The next meeting will be at the home of Mr. and Mrs. B. K. Barker on October 31.

Mrs. Claude Hammonds, Mrs. H. G. Parker, Mrs. Burl Holt and Mrs. Marshall Swepton visited Mrs. J. D. Cates, in Lubbock Thursday.

Mr. and Mrs. R. L. Glenn and daughter, Llyndell Mae, visited last week with Mr. Glenn's mother, Mrs. E. A. Glenn, in Sulphur Springs.

Mr. and Mrs. Cecil Hagood, Mrs. Vern Elliott and Robert McGuire attended the wholesale market in Lubbock Sunday where they purchased merchandise for the Hagood Dry Goods store.

Mr. and Mrs. C. L. Minor and Mr. and Mrs. L. T. Bishop visited Judge and Mrs. Folley in Amarillo Sunday.

Mr. and Mrs. Virgil Shaw visited Mrs. Shaw's brother, John Gamble and Mrs. Gamble, and Mr. Shaw's sister, Mrs. John Austin, in Lubbock, last week.

Mrs. Wilmer Jones, Jr., Misses Mary Louise Tubbs and Doris Jordan visited Sunday afternoon in Lubbock with Mr. and Mrs. Richard Tubbs.

### Baltimore Receives Exact Duplicate Of Original "Star Spangled Banner"

A huge flag which is the first exact duplicate of the original "Star Spangled Banner"—was presented to the city of Baltimore recently with impressive ceremonies and it is now preserved in the War Memorial Building there.

The original flag was flying above Fort McHenry during the attack on the city in September, 1814, and it inspired Francis Scott Key to write his immortal poem.

In the presence of representatives of historical and patriotic societies, and of the United States treasury, war and navy departments, and thousands of other persons, the duplicate was presented to the Hon. Howard W. Jackson, Mayor of Baltimore, in ceremonies at the War Memorial Plaza.

The presentation was made by George B. Sippel of Cincinnati, president of the Master Brewers Association of America on the occasion of its 35th Annual Convention. The ceremonies included an address by Arthur P. Sewell, curator of the "Flag House" on the history of the "Star Spangled Banner," the unfurling of the duplicate and singing of the anthem by an audience of thousands. Colonel Edwin Butcher, chief of staff of the Third Corps Area, represented the United States Army. At the conclusion of the program, the flag was carried through the crowd to the War Memorial by 12 young women, representing the Daughters of the Defenders. They were dressed in costumes of 1814.

This well-planned street even now presents an attractive appearance although the neighborhood is obviously new. No poles and wires mar the appearance of the street, for the developer has followed suggestions of the FHA Land Planning Division and placed utility wires to the rear of the houses.

Sidewalks and pavements are already installed, and each of the houses has a well-kept lawn. In this case the developer has planted new street trees, an inexpensive project at the time but one which will do much to increase the beauty and value of the neighborhood in the future.

Corp. Raymond Baker, who is stationed at Camp Bowie, Brownwood, former resident of Floydada, visited with Mr. and Mrs. Marshall Swepton this week.

Mrs. W. J. Rhoades, who has been visiting her son, Clifford Rhoades, and Mrs. Rhoades in Kansas City, Missouri, for the past three weeks returned to Floydada Sunday.

Mr. and Mrs. Y. M. Moore, of Midland, former residents of Floydada, were in Floydada on business over the week end.

Let us SERVE you

## Mobilgas and Mobiloil

If you have ever wondered how it would feel to be a king, just drive in and let us SERVE you. A king couldn't get better service, nor better products for the money, than we give every customer, every time. Next time you need gas or oil, let us serve you with Mobilgas and Mobiloil, products fit for a king at everyday prices.

### ATTENDED FAMILY REUNION IN PLAINVIEW

Mrs. Newell Parker attended a family reunion at the home of her sister, Mrs. James Cox, in Plainview Sunday.

This was the first time in five years that the six daughters of Mr. and Mrs. A. L. Sparks, of Paducah,

former residents of Floydada, were all together.

The daughters attending were: Newell Parker, Floydada; Mrs. Willard Rylatt, Louisville, Colorado; Mrs. V. C. Anderson, Phoenix, Arizona; Mrs. Ted Borum, Big Spring; Mrs. Shirley Sandefur, Paducah, and their mother, Mrs. A. L. Sparks.

### Your CIVILIAN "SIGNAL CORPS"

Platoons of telephone construction men stand ready to roll out in blue-gray Bell trucks to set poles—string wire—install switchboards.

mighty mill sheds—must cross vast industrial areas and leap the miles between cities.

They're doing a big job—these telephone men—and the telephone operators and repairmen who work with them. They race with your country's vital needs. They struggle to keep up with a demand for service greater than they have ever known before.
