Final Tribute Paid Veteran Newspaperman In Services Conducted at Order Last Friday Afternoon

February 21st.—Several friends and acquaintances of Scurry and nearby counties gathered Friday afternoon at the Christian church to pay final tribute to Ben F. Smith, 69, newspaperman for 44 years who founded the Scurry County Times.

Rodney Glasscock, First Baptist pastor of Lamesa and former Scurry county minister, conducted final rites for Smith, who died Wednesday night at 11:15, following a heart attack.

December 2, 1872, in Arkansas Smith entered the newspaper business when he worked at Weatherford. He owned The Rosenberg Enterprise when he married Miss Bennington in 1897.

During several years' work with the Foundation in Austin and later Enterprise, Smith came to Scurry in 1908 and purchased The Light. In 1910, the veteran newspaperman bought The Lockney Beacon and returned to Snyder in the fall of 1923 and founded The Scurry County Times.

Smith moved to Slaton and founded The Slaton Times. After the Slaton paper to Nunneley Publishing company, he and Smith worked a year with the paper. Following a period in which the long-time newspaperman operated a grocery store in Big Spring, Smith retired in 1930, and moved to Scurry county conciliator. After appointment as Scurry county assessor Marvin Jones until health forced him to decline another term.

Smith is survived by the widow, two sons, Lester P. Smith of the Scurry, Camp Berkeley, Abilene, and Robert Smith of Big Spring; two daughters, Elizabeth Smith of Snyder, and Mrs. W. R. Stone of Lamesa, granddaughters.

Funeral home was in charge of arrangements, with burial in the cemetery.

Put a circle around Saturday, May 2, because it's an important date, according to Geo. Slaughter, chairman, state AAA committee.

On that date, the nation's wheat farmers will vote on marketing quotas for the second consecutive year. To be in effect on this year's crop, quotas must be approved by two-thirds of the farmers voting. Last spring, farmers approved quotas by an 81 percent majority the chairman said.

"We'll beawasting labor, machines and materials if we increase wheat acreage this year," Slaughter said, "because we have enough wheat on hand now to supply our needs well into 1943."

Further increases in wheat production also will disrupt transportation and clog storage facilities already filled to capacity, he added.

"We need foods like eggs, milk, fats and oils, meat, vegetables, poultry and dairy products to help whip the Japs, the Nazis, and the Italians. That's the big production job we've got for this year," the chairman explained.

The present supply of wheat is estimated at 1,428 million bushels on the basis of a July 1, 1942 carryover of 635 million bushels and a 1942 crop of 793 million bushels, which includes a preliminary estimate for 1942 winter wheat of 631 million bushels and average production for spring wheat of 162 million bushels.

"That's nearly 100 million bushels more than a year ago, or the greatest supply on record," the AAA official said.

Aim of quotas is to divide a limited wheat market fairly among all wheat farmers, Slaughter said. Farmers who oversee their acreage allotments are asked to make the same adjustments in marketing that AAA cooperators make when they seed within their allotments.

Redd Enters Race for Sheriff of Floyd County

THE VOTERS OF FLOYD COUNTY: To take this method of announcing my candidacy for the office of Sheriff of Floyd County, submission of the Democratic

lived in Floyd County for 28 years, and have been here practically all of this time through the solicitation of my friends that I have to make the race for Sheriff. I am elected I believe I can give a good law-enforcement

note and influence will be appreciated.

Sincerely,
J. N. REDD.

Frank Copeland Married at Lockney

Services were held at the Church of Christ in Lockney Thursday for J. Frank Copeland, member of the West Side Christ.

Mr. Copeland is the son of Mr. and Mrs. J. M. Copeland of Littlefield. Interment was in the cemetery under the direction of Crager Funeral Home.

His wife, Mr. Copeland is the daughter of Mr. and Mrs. Lee and T. V. of Houston, D. Martin and Dora Copeland, and Mrs. A. B. of Lockney; one brother, N. of Petersburg; and five sisters, M. L. Adrian of Lamesa, Mattie Moore of Lamesa, and Mrs. Lewis Adrian of

Draft Lottery to be Held March Nineteenth

National selective service headquarters have put the machinery in motion for the third draft lottery which will take place in Washington March 17 and will assign order numbers for men between the ages of 20 and 44 who registered last week, it was announced early this week.

Officials said that between 8,000 and 9,000 capsules will be drawn from the historic gold fish bowl, in the first war time lottery since 1918, and the third since enactment of the selective service act in 1940.

It is not expected that many of the new registrants will be called in the immediate future as present plans of Brig. Gen. Lewis B. Hershey, national draft director, are not to integrate the order number of the recent registrations into the existing master lists.

Serial numbers in the third draft will be marked T-1, T-2, etc., and the numbers in the capsules drawn will begin with 10,001.

General Hershey has ruled that "publication of order numbers, or even names, in communities is authorized, as such publication will not reveal exactly the total number of registrants enrolled throughout the nation of February 16—information which is still restricted by the war deaprtment."

TEXAS WHEAT FARMERS ARE ADVISED TO CIRCLE MAY 2 AS THE DAY

Put a circle around Saturday, May 2, because it's an important date, according to Geo. Slaughter, chairman, state AAA committee.

On that date, the nation's wheat farmers will vote on marketing quotas for the second consecutive year. To be in effect on this year's crop, quotas must be approved by two-thirds of the farmers voting. Last spring, farmers approved quotas by an 81 percent majority the chairman said.

"We'll beawasting labor, machines and materials if we increase wheat acreage this year," Slaughter said, "because we have enough wheat on hand now to supply our needs well into 1943."

Further increases in wheat production also will disrupt transportation and clog storage facilities already filled to capacity, he added.

"We need foods like eggs, milk, fats and oils, meat, vegetables, poultry and dairy products to help whip the Japs, the Nazis, and the Italians. That's the big production job we've got for this year," the chairman explained.

The present supply of wheat is estimated at 1,428 million bushels on the basis of a July 1, 1942 carryover of 635 million bushels and a 1942 crop of 793 million bushels, which includes a preliminary estimate for 1942 winter wheat of 631 million bushels and average production for spring wheat of 162 million bushels.

"That's nearly 100 million bushels more than a year ago, or the greatest supply on record," the AAA official said.

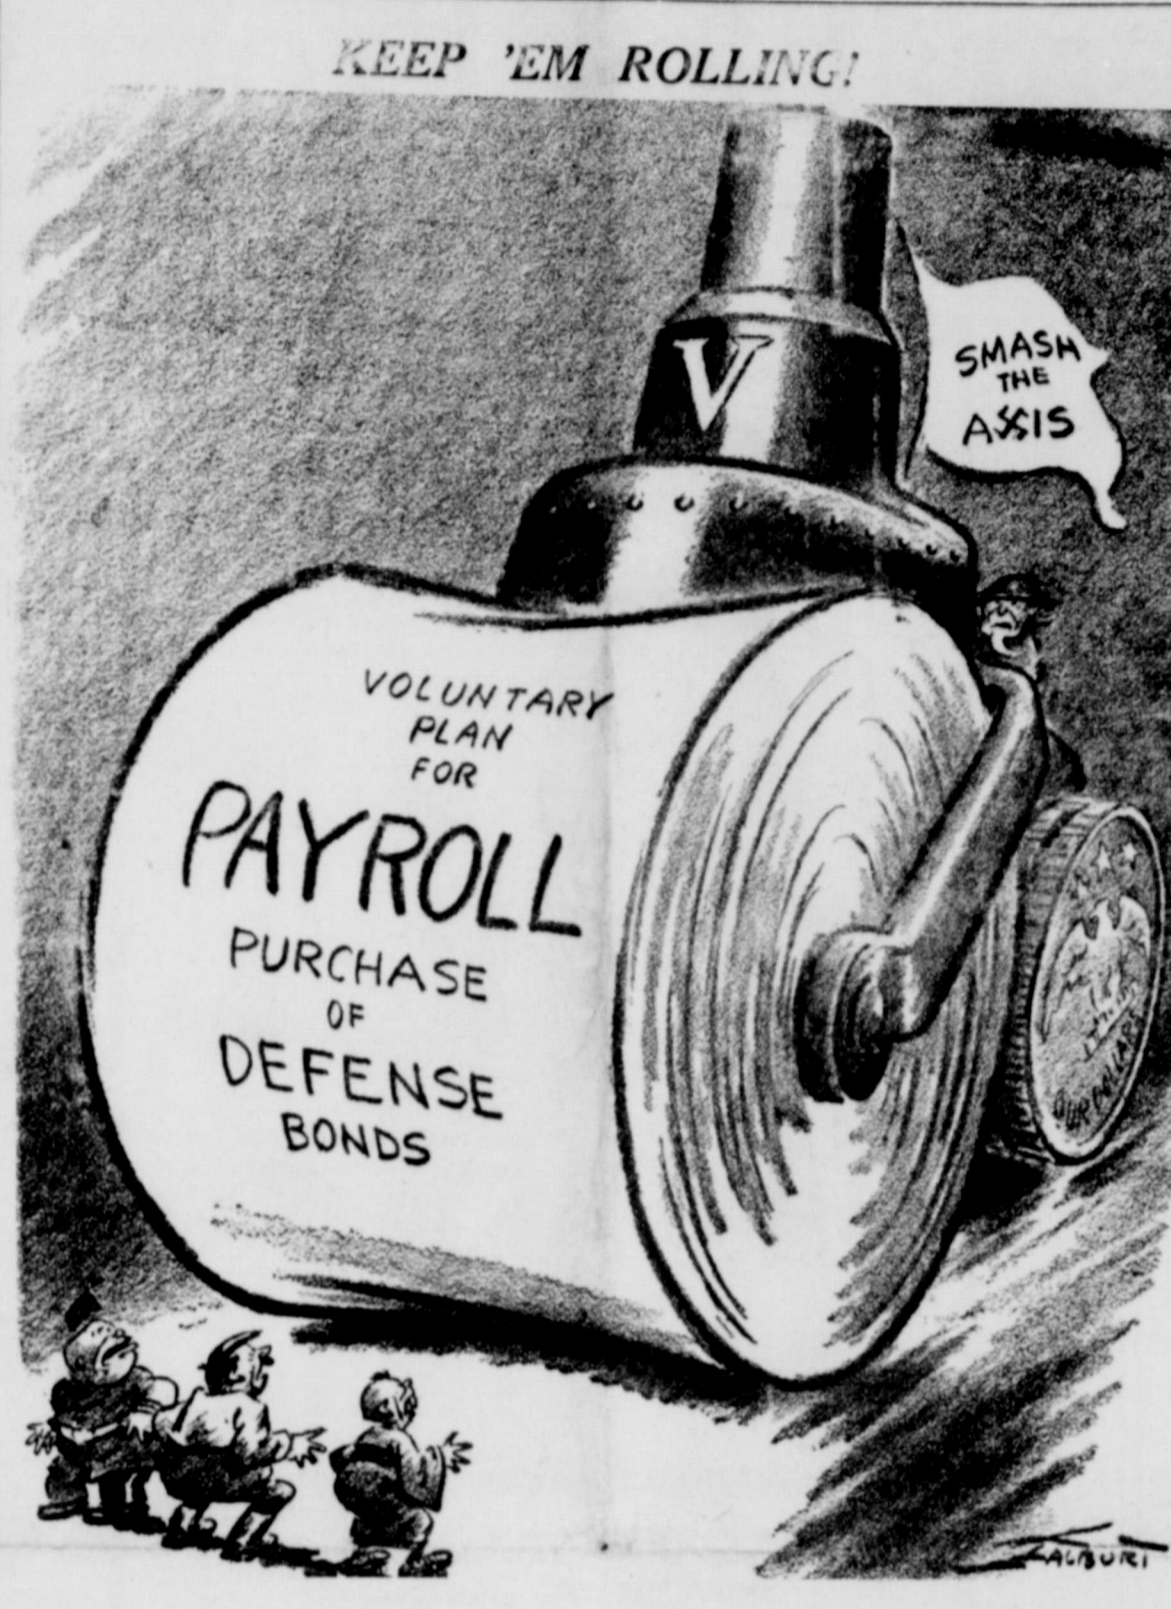

Aim of quotas is to divide a limited wheat market fairly among all wheat farmers, Slaughter said. Farmers who oversee their acreage allotments are asked to make the same adjustments in marketing that AAA cooperators make when they seed within their allotments.

CHARLIE LEWIS INJURED IN CAR ACCIDENT

Charlie Lewis was injured in a car accident Monday night on the highway near Tullia, when he fell asleep and his car ran into a culvert. He was found later and carried to an Amarillo hospital where he is receiving treatment. According to information from relatives the hospital reported he received two broken ribs and severe bruises. His condition is thought to be satisfactory.

Mr. Lewis is the son of Mrs. Annie Lewis, of Floydada.

Trent, Mrs. Claude Swann of Sweetwater and Mrs. Dunn Gunn of Lorraine, also survive.

KEEP 'EM ROLLING!

Nine Personnel Placement Officers to Be Opened; One Will be in Lubbock

Nine personnel placement offices were opened Monday in the Eighth corps area to handle applications from civilians—men and women—who wish to serve the Army, it was announced early this week.

Many have volunteered to do Army jobs their experience qualifies them for. The personnel officers are being established to utilize to the best advantage the services of such men and women.

Major General Richard Donovan, commanding the Eighth corps area, said that the offices in the five-state region "will aim at placing every man or woman of special qualifications in the job in which he or she can best serve."

Applicants were advised to write to the office nearest his home, stating his qualifications. If these are considered sufficient to make him valuable in some branch of the army, he will be given a questionnaire, upon which the applicant's classification will be determined. Many applicants will be eligible for commissions.

Officers besides the headquarters at Fort Sam Houston will be in San Antonio, Houston, Lubbock, and Dallas, in Texas; Oklahoma City, in Oklahoma; Denver, in Colorado; Santa Fe, in New Mexico, and Phoenix, in Arizona.

ANNOUNCE NEW ARRIVAL

Mr. and Mrs. Ralph Taylor are the parents of a daughter, born February 23, at Pitts' hospital. The child has been named Jacolyn, and is the granddaughter of Mr. and Mrs. Fred Taylor. Mother and baby is reported to be doing nicely.

Let Cavanaugh do Your Printing.

FEBRUARY 28 IS TIME LIMIT TO SECURE TREES FOR SHELTERBELT

Farmers of Floyd County have until February 28 to request seedling varieties of slash pine and Chinese elms for shelter belts around the farm. Such request will be accepted by the county office but it is the producers responsibility to plant the seedlings and care for them in a workman like manner.

The price of slash pine trees is \$2.00 per 1,000 plus express from Alton, Texas while the price of Chinese elms is \$3.00 per 1,000 plus express.

Any farmer who is interested in such a program must contact the county AAA office by Saturday, February 28, according to A. A. Hoots, County Administrative Officer of the ACA.

Let Cavanaugh do Your Printing.

MEN RECENTLY INDUCTED FOR ARMY SERVICE

The following Selectees were inducted into the service at Fort Bliss on February 10th: Clifford Foster Whitley, Floydada, Hershel Ed Beaton Powell, Floydada, and Clifton McGinley of Lockney. On February 17th, L. G. Eason, Lockney, was inducted at Fort Bliss, and on February 16th, the local board sent one colored selectee, Ellard (Buck) Mason, to Mineral Wells, for induction at Camp Wolters.

Five Hundred Eight Men Registered in Lockney and Floydada

Figures are now available showing the results of the Third Registration held February 16th, 1942, for all men within the ages of 20 to 44 inclusive, who had not registered previously.

578 men registered in Lockney and Floydada, where the registration was held, and up to time this goes to press, 40 cards have been received from State Headquarters and from other local boards, for men who registered away from home, and whose cards were sent to this board for permanent filing. Among those registered in the county on the 16th were forty nine men who registered away from their home boards, and their cards have been sent to their respective home boards.

The work of registering was handled through the local board, with the assistance of volunteers from Lockney and Floydada, and was accomplished without any undue delay or inconvenience to Registrars and registrants. The local board is very appreciative of the fine co-operation of the volunteer registrars and those who offered to help, but were not called upon because of the fact that they were not needed. Also the board wishes to express their appreciation to those who loaned typewriters, and desks, without which the work would have been much harder.

Owing to recent changes in the method of handling the third registration, details of which have not been completed, lists showing names and addresses of registrants will probably be delayed. As soon as possible, they will no doubt be posted, as they were in the former registrations.

Retirement at age Of 37 With Pay of \$63.00 per Month

Retirement at age of 37 with pay of \$63.00 per month, increased to \$110.25 at age 47, is now open to 17 year old youths who choose the Regular Navy for enlistment and make a career of the service. Older men may plan on retirement at corresponding older ages, the recruiting officer, in charge of the U. S. Navy Recruiting Station at Lubbock announced today.

Enlistments in the Regular Navy are for service until 21st birthday of those between 17 and 18 years of age. Those who have passed their 18th birthday are enlist to serve for a period of six years. Age limits for first enlistments in the Regular Navy are from 17 to 31 years. Parents' consent is required for those under 21 years of age.

Men who desire to serve in the naval service only during the period of war may still enlist in the Naval Reserve and will be released to inactive duty and returned to their homes as soon as their services can be spared. Age limits for enlistment in the Naval Reserve are from 17 to 50 years.

Floyd County Men Entrained Feb. 26, For Induction

Following registrants were entrained Thursday, February 26, for induction at Fort Bliss, Texas: Marvin Jones Sams, R. C. Phillips, Marvin Eugene Love, Rayford Wilbanks, William Elton Wylie, and John B. Pigg of Lockney, and Marvin Cecil Harris, Estle Baker, Milton Terry, Carl Nelson, Lloyd Cumble and Kenneth Bain, Jr., of Floydada.

Will Theron Spence and Jimmie Hodel of Lockney were also originally inducted in this list of men to be inducted, but both had volunteered, and are already in service. Spence in the U. S. Navy, and Hodel in the Air School for Mechanics at Lubbock.

Miss Gliesse Goin, of Lubbock, visited Sunday and Monday with her parents, Mr. and Mrs. J. A. Goin.

MRS. PAUL CONNER SELLS HOME TO F. W. COOKSEY OF FORT WORTH

Mrs. Paul Conner this week closed a deal with Mr. and Mrs. F. W. Cooksey, of Fort Worth whereby she sold her residence at 521 West Mississippi street. Mrs. Conner plans to give possession of the property about February 15, and Mr. and Mrs. Cooksey will move to Floydada to make their home.

Mr. and Mrs. Cooksey are former residents of Floydada, and for a number of years they resided at Plainview, and later they moved to Fort Worth.

Miss Jean Bain, of Post, spent the week end with her parents, Judge and Mrs. Kenneth Bain.

JUDGES PICKED ONE OF THESE CO-EDS AS NORTH TEXAS STATE BEAUTY QUEEN; PUBLIC FREE TO GUESS THE WINNER.

Denton, Texas, February 26.—Judged the five prettiest Beauty Queen candidates at North Texas State Teachers College in Denton, the five co-eds above still don't know which has been judged the prettiest—and the Queen.

That secret will be told at NTSTC on March 21 by Charles Dameron, editor of the campus yearbook, the Yucca, at the Yucca Coronation Ball, when the Queen will be crowned and the four beauties will attend her as princesses. Meanwhile the public is free to make its own guess on the identity of Her Royal Highness.

The five beauties are, left to right: Jo Frances Worley, Claude; Velma Rae Bateman, Fort Worth; Jackie McKay, Madisonville; Jewel Taylor, Corsicana; and Rosalie Grimes, Abilene.

Emphasis Should Be Placed upon Food Habits

Greater emphasis has been placed upon food habits for both adults and small children after examination of young men in the selective draft disclosed a large percentage of them in a poor condition of health, says Dosca Hale of the A. and M. College Extension Service. In a review of her work in parent education and child development during 1941, she explains that family planning also was emphasized because it seemed important that good planning should be done before boys left for military camps.

Other ways of gaining more family security in war time—religion, friendship and a sense of humor—were employed, too, and mental hygiene was conspicuous in club discussions during the year, she adds. Parents and relatives were urged to seek the right attitude for themselves and then to give courage, inspiration, and the right attitude to the boys in camps by writing them frequent cheerful letters, helping them to obtain opportunities to visit in homes and to share in good community recreation.

Miss Hale explains that the purpose of parent education and child development "is to center attention

upon the worth and integrity of the individual in the home and upon groups of individuals called families." Program on family relations recalls the importance of the individual in the home, she continues. It emphasizes that much can be done about the relations of one member of the family to another by thinking about what relations already exist, and what can be done to change or improve them. "By studying relations in a family and what relations might be developed in connection with each demonstration, much may be achieved."

Encouraging home demonstration agents to emphasize the proper feeding of small children in every home, Miss Hale reports instances where children were persuaded to cultivate a taste for certain foods served in school lunches for which they had shown distaste.

Besides correlating parent education and child development with every demonstration being worked on in a county, the specialist says, the people were encouraged to read, discuss, and think about subjects which are definitely in this field. In this connection, she demonstrated the importance of family play and community and neighborhood recreation, the value of good reading in the home, and of family relationships making for better understanding between parents and children and, accordingly, a more closely knit family unit.

Texans Are First In Milking Record Of Merit

With four class leaders coming from Texas and two other high ranking producers coming from the South west, this section leads the nation in Vol. 26 of the Milking Shorthorn Yearbook, just off the press, according to W. J. Hardy, secretary of the Milking Shorthorn Society, Union Stock Yards, Chicago.

Senior 4-year-olds are headed in fat production by Bessie Lou, owned by Mack Edwards & Son, Amarillo. She made 12,619.4 pounds of milk and 560.42 pounds of fat.

From Southland comes E. L. King's senior 3-year-old, Strong Heart, to lead that class in fat production with 12,208.6 pounds of milk and 491.45 pounds of fat.

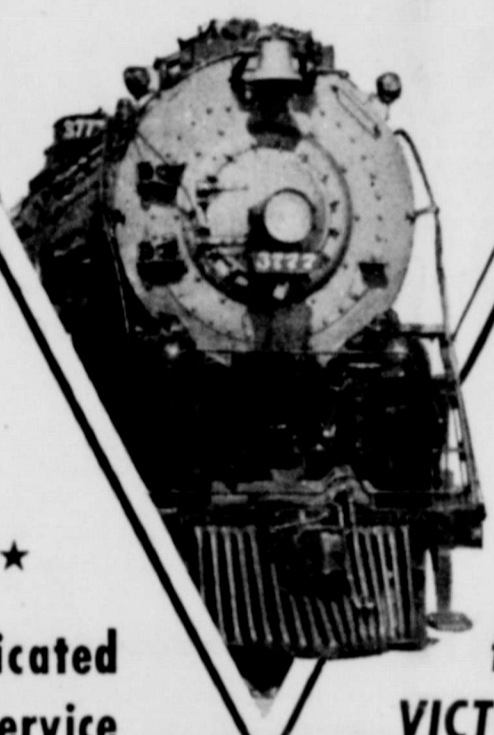

Highest milk producer among the junior 3-year-olds listed in Vol. 26 is Timber Mistress, owned by Ed Gray, Sagerton, with a record of 11,441 pounds of milk.

C. E. Donnell, Canyon, tops the junior 2-year-olds in fat production with Don Acres Anxious, producing 10,831 pounds of milk and 432.74 pounds of fat.

High milk producer in the junior 2-year-old class is Marbar's Queen Cutie, belonging to John S. Hoffman, Ensign, Kansas, and having 11,118.2 pounds of milk and 430.68 pounds of butterfat to her credit.

The youngest milking shorthorn cow to qualify for record of merit recognition in Vol. 26 is Glenvue Lydia Clay 2nd, owned by Gabriel Bros., Hastings, Oklahoma. Starting her record when she was 19 months old, the Gabriel heifer produced 6,047.2 pounds of milk and 255.18 pounds of fat.

Mr. and Mrs. Somer Hollingsworth, of Amarillo, are visiting Mr. Hollingsworth's parents, Mr. and Mrs. A. S. Hollingsworth.

Dedicated to Service for VICTORY!

Victory Demonstrations will be Established

The establishment of Victory farm and ranch demonstrations to run for the duration has been announced by the Texas A. and M. Extension Service.

The demonstrations will be designed to stimulate the participation of Texas farm and ranch people in war activities related to agriculture and homemaking. Director Williamson explained, and will bring increased emphasis to the USDA Food For Freedom drive.

County agricultural and home demonstration agents will establish the demonstrations.

A Victory Demonstrator, doing his best to help win the war, will:

Produce food, feed and fiber for home use and for distribution to meet war needs.

Repair and take good care of farm and home equipment, buildings, machinery, furnishings and clothes.

Purchase necessities wisely and eliminate unnecessary buying activities, such as collecting scrap iron and junk, assisting in air raid warning stations, guarding water supplies and public health, preventing and controlling fires, etc.

Assist in relieving farm labor shortages.

Conserve human and natural resources by good farm and home management.

Understand and help others understand the "why" and "how" of adjustments rural people must make to

war-time situations. Build the kind of family, community and national life which is worth defending, which will maintain morale, and which can meet the difficulties of post war reconstruction.

FUNERAL RITES HELD FOR R. S. WILKINSON TUESDAY AFTERNOON

Last rites were held Tuesday afternoon at 5 o'clock at the First Baptist Church for R. S. Wilkinson, age 60, who passed away at his home February 23, 1942 at 11:30 p. m. Services were conducted by Rev. L. A. Doyle, pastor of the First Baptist Church, and interment was made in Floydada Cemetery with F. C. Harmon Funeral Home in charge of arrangement.

Mr. Wilkinson was born July 14, 1881 at Leamington, Ontario, Canada. He had lived in Lubbock thirteen years before moving to Floydada about three years ago. He had operated the meat market department of Piggly Wiggly Grocery Store since moving to Floydada. Associated with him, was his son, R. S. Wilkinson, Jr.

Deceased is survived by his wife, one son, R. S. Wilkinson, Jr., of Floydada.

Pallbearers were Clifford Williams, Edwin Sowell, Winfred Stout, Skiny Edward, of Lubbock, and J. B. Claiborne and Edgar Duncan of Floydada.

Flower girls were: Mesdames Herwin Strickland, Ralph Hammonds, Tucker Teutsch, and J. B. Claiborne.

Kenneth Bain, Jr. of Lubbock Tech spent the week end with his parents, Judge and Mrs. Kenneth Bain.

Mrs. Sarah K. Duncan returned home Sunday afternoon from Amarillo where she spent the past week visiting her daughter, Mrs. Joe E. Pitts and Mr. Pitts.

Quitting Time?

... Not for Us

QUITTING time doesn't mean a thing to your Electrical Company. Twenty-four hours a day, every day of the year, it brings better living to thousands of homes at the snap of a switch. It serves equally in industry, working as one of the most versatile tools ever given man's hand.

In this time of stress, when our whole country is devoted to production, we in the Electrical Industry are proud of the part Electricity is playing in making this land of ours a safer place for democracy. We are proud, too, that we were not found wanting when we were called on to serve.

No quitting time for the buying of U. S. Defense Bonds, either!

SPEED... at a telephone job that is vital

Telephone construction crews everywhere have been breaking records month after month.

Within the space of a year, Southwestern Bell crews completed extensive telephone systems at scores of military or military supply locations in Texas, Missouri, Kansas, Arkansas, and Oklahoma, finishing each job on time... or ahead of time.

In some exchanges where the inrush of workers in armament plants created an extraordinary demand, these crews have helped to double the number of telephones in service.

All told, 30,000 Bell Telephone folks in the Southwest march ahead these days, doing their best with such materials as are available to give you... and the nation... all the telephone service possible in time of war.
