A. Hamilton Matador Texas...

A. Hamilton Re-election District Att'y

PEOPLE OF FLOYD... candidate for re-election to the office of District Attorney...

...I do not believe that I should, and I do not believe that you will expect me to, devote much of my time campaigning for this office...

...I am 33 years old, and right in the middle of the draft age, and registered in the first registration...

...I could probably get a new tire because it is assumed that they would be performing official duties...

...I could probably get a new tire because it is assumed that they would be performing official duties...

...I could probably get a new tire because it is assumed that they would be performing official duties...

Governor Signs Cotton Week Proclamation

John Stevenson, recognizing the part that Texas' greatest agricultural product will play in winning the war...

her trying to advance my own interest by getting re-elected, and than take advantage of my office to equip myself with new tires or automobile while the rest of you had to do without...

In doing these things I feel that I am doing my country more good than I would be if I were wearing out my car and tires and using time running over the district campaigning for public office...

But I do want to assure you most sincerely that I do want your vote and your help and support in every manner...

I am 33 years old, and right in the middle of the draft age, and registered in the first registration. I have a wife and three small boys who are dependent upon me for support...

Sincerely, JOHN A. HAMILTON (Political Advertisement)

Navy photographic units are complete in every detail.

APPLICATION FOR WAR RATION BOOK

Form with fields for Local Board No., County, State, Application made at, Name, Address, and Description of person to whom the book is to be issued.

PLEA FOR INCREASED COTTON ACREAGE ALLOTMENT TO WEST TEXAS FOR WAR PURPOSES

Abilene, April 23.—The West Texas chamber of commerce is asking the U. S. department of agriculture to allot, on or before June 1, the then unplanted cotton acreage of the 1942 national allotment to those territories which, after that date, can still successfully plant and produce cotton...

This year's national acreage allotment has been set at 27,400,000 acres. The petition by the regional chamber pointed out that invariably final plantings in the belt have been far under the allotments, due to unreasonable weather, diversion of cotton lands to other crops, and other factors...

The WTCC's petition signed by J. Thos. Davis, president, and by C. M. Francis and Clifford B. Jones, chairman of the agriculture and chemurgic committees was prepared by Manager D. A. Banteen. Copies have been sent to all West Texas congressmen with request that they appoint a delegation to wait on Secretary Wickard in support of the plea...

Mr. and Mrs. David Fogerson and children, left Sunday for Hot Springs, New Mexico, where they will spend the next month taking the health baths...

Texas Chapters of Delta Kappa Gamma to Meet

Austin, April 23.—Delegates from 95 Texas chapters of Delta Kappa Gamma, national professional education sorority for women, will gather in Austin for a state convention April 24-25.

Delta Kappa Gamma will celebrate its thirteenth anniversary at the meeting. Dr. Annie Webb Blanton, University of Texas professor of education and founder of the sorority, has announced. One of the highlights of the meeting will be a reception at Dr. Blanton's home where members may see the national collection of over 100 figurines of pioneer women teachers of the United States.

Speakers at the convention will be Dr. May Allen, of Sophie Newcomb College, New Orleans; Dr. Grace Agate, of Lafayette, La., and Mrs. Ruby Terrill Lomax, of Dallas, former dean of women at the University of Texas.

Since its inception at the University of Texas 13 years ago, Delta Kappa Gamma has established chapters in 45 states with over 17,000 members.

Floydada Couple Plead Guilty to Sugar Hoarding

In one of the first cases of its type in court this session, Clarence and Opal Guffee, a Floydada couple, pleaded guilty to hoarding seven pounds and three ounces of sugar above their regular quota. They admitted that the additional supply was obtained by them on April 21, 1942 at Pitts Hospital and that the package was put out under the name of SONJA KAY.

Although the judge was pleased with the frankness of the couple, he was appalled at their apparent pride in getting away with more than their rightful share of sugar. In assessing the penalty, he stated: "This hoarded supply will have to last you a long time. No further ration cards will be issued you for sweets of this variety during the remainder of 1942."

SEVERAL RURAL SCHOOLS CLOSED. Superintendent Clarence Guffee, the following rural schools closed the past two weeks: Closed last week were: Campbell, Harmony, and Lone Star; this week: Providence; Hillcrest, Center, and Aiken.

Bring on that Jap

Bugga Brigadier is a snappy little wire-haired pup whose master, Edward E. Williams of Dallas, is serving with the fighting fleet. Bugga would dearly love to bite a Jap and would give part of his daily hamburger meat for Navy Relief. The pup's plea for the worthy cause was answered by his mistress, Mrs. Williams, with a contribution sent to Gerald C. Mann, Austin, State chairman of the Navy Relief Society.

Carl Minor attends Mother's Funeral At Lewisville

Mr. and Mrs. Carl Minor were called to Lewisville last mid-week in response to a message telling of his mother's death Thursday in Houston. They left home Thursday and returned Sunday following the burial of his mother, Mrs. Elizabeth Minor, on Saturday afternoon.

Mrs. Elizabeth M. Minor, 93, a resident of the Lewisville community since 1855, died Thursday at the home of her daughter, Mrs. J. A. McKenzie, in Houston.

She was the daughter of Wade and Susan McCombs Boyd and was born in Tennessee April 6, 1849. She came to Texas with her parents, settling about three miles south of Lewisville in 1855, having made the trip from Tennessee in a wagon caravan, which required seven weeks.

Funeral services were held Saturday afternoon at 2 o'clock at the First Presbyterian Church in Lewisville, conducted by Dr. Robert E. Robertson, minister of the First Presbyterian Church, assisted by Rev. J. L. Cleveland, of Prosper, a former minister of the local church, and burial was made in the Old Hall Cemetery.

Children's Week, April 19 to 25 to be Observed in State

Austin, April 23.—Children's Week April 19-25, should focus the attention of the community on prevention of delinquency, according to Mrs. Violet S. Greenhill, chief of the state division of child welfare.

Rehabilitation of young people is enormously expensive compared with the cost of an adequate preventive program, she said. There are now 586 boys in the Gatesville State School and 220 girls in the Gainesville State School for Girls. Too often they return to communities not prepared for their future care and protection, it was pointed out.

"What Texas needs," said Mrs. Greenhill, "is a constructive program for well established juvenile courts or courts of domestic relations, probation courts, foster homes, case work services to meet every exigency and more adequate provision for aid to dependent children."

### Cotton Farmers Outsmart Weather and Insects

College Station, April 23.—Insects and weather won't scare approximately 42,000 Texas cotton farmers this year regardless of the damage they do.

Reason is the new federal all-risk cotton crop insurance which protects either 50 or 75 per cent of the average yield on their farms.

"We have 331,694 cotton allotment farms in Texas and about 15 per cent of them went all-out against unavoidable hazards this year by taking out crop insurance," Donald L. Cothran, state crop insurance supervisor, has announced.

According to tabulations in the state AAA office, Mitchell County farmers led the state with 64 per cent participation. Concho county ranked second with 58 per cent coverage while one-half of the cotton farmers in McCulloch county signed up.

Collin County, with 1,593 applications covering 2,223 insurance units, led all other counties in total policies sold.

Other counties in the state reporting one-third or more sign-up include Donley, Floyd, Irion, Williamson, Archer, Reeves, Trinity, Coleman, Grayson, Runnels, Tarrant, Burnet, Delta, Coryell, Coke, Hamilton, Sterling, and Limestone.

Approximately 40 counties show more than 25 per cent sign-up, Cothran said.

Final closing date for taking cotton crop insurance on this year's crop was March 31.

### Texas Wheat Storage Expected to be Short

College Station, April 23.—About 12,000,000 bushels of Texas wheat will be without a home this year unless more storage space is constructed.

Estimated wheat crop for the state is 37,842,000 bushels while bulk storage capacity is estimated at 25,817,000 bushels. These figures do not take into account the Oklahoma crop, a portion of which normally moves into Texas. Estimated combined Texas-Oklahoma crop will approximate 93,000,000 bushels with storage space in both states which will take care of approximately 49,000,000 bushels.

Terminals in Texas are full; sub-terminals are nearly full; and country elevators are from 80 to 90 per cent occupied. Best bet for Texas wheat farmers is vastly increased farm storage," George Slaughter, chairman, Texas AAA committee, announces.

Texas USDA War Board has been advised that supplies for wooden bin construction will be available but that other materials, ordinarily used, are being diverted into war channels.

"If controlled production of wheat cannot be stored satisfactorily, think of the serious problem an uncontrolled flood of wheat would create next year and the next," he adds.

For the second consecutive year, Texas wheat farmers will vote in national wheat marketing quota referendum Saturday, May 2. Aim of marketing quotas is to divide a limited wheat market cooperatively and democratically among wheat farmers and provide orderly production, marketing, transportation and storage.

### Whorled Milkweed Poison to Young Turkeys

College Station, April 23.—A mouthful or two of whorled milkweed may kill a young turkey in a few hours. Because of its deadly character, George P. McCarthy, poultry husbandman of the A. and M. College Extension Service, advises raisers to eradicate the plant from turkey ranges before young birds are turned out.

Ranchmen long have known that this species of weed kills cattle, sheep and horses on the range each year, and have destroyed the poisonous plant wherever found. Recently, however, whorled milkweed has been proved a killer of turkeys and chickens as well. Immature, tender milkweed plants prevalent in the spring seem to be more deadly than more mature ones.

Tests by specialists of the U. S. Department of Agriculture show that young turkeys fed as little as one-seventh ounce of milkweed leaves for each pound of body weight go into spasms within an hour and usually die less than five hours after feeding.

Generally, poultry and livestock will avoid whorled milkweed, but if other green feed is scarce they will eat enough of the weed to cause death. One of the best safeguards, McCarthy says, is to supply poultry with plenty of green feed, and wherever possible, destroy the whorled milkweed.

### Gonzales Goes Pan American Friday, May First

Gonzales, April 23. — With the flags of the 21 Pan American Republics flying and with sombreros and colorful costumes the order of the day, Gonzales goes Pan American on Friday, May 1, with an all-day Fiesta celebrating Pan American solidarity.

The celebration will emphasize the importance of Pan American unity in a world at war and is sponsored by U. S. Department of Agriculture, through the AAA, in cooperation with the Department of State, Pan American Union, the Office of the Coordinator of Inter-American Affairs, and the Gonzales Chamber of Commerce.

First event of the day will be a parade featuring floats representing the several republics, school children wearing clothes typical of the 21 nations, and bands playing South American and Mexican music.

Down town store windows will be devoted to the display of exhibits of products of the Pan American nations, showing the dependence of the United States on her sister republic.

The Fiesta committee, headed by Sam H. Burchard, county AAA committee chairman, has invited representatives of the Pan American nations to attend the Fiesta and to participate in the celebration. Civic clubs, women's organizations, and the schools all are taking active parts in the observance.

The Fiesta in Gonzales is the first of its kind to be held in Texas, although similar celebrations were held in several mid-western cities last year.

### Balanced Food Supply Depends on Production

College Station, April 23.—Success of the Food for Victory program depends upon abundant production to provide a balanced food supply, B. F. Vance, chairman of the Texas USDA War Board, declared today.

"We need more—much more—of some commodities such as peanuts, dairy products, poultry products, and certain meat products," he pointed out. "At the same time, the thinking public and the thinking farmers realize that we have an over-abundance of wheat and an over-supply of the shorter staple length cottons. Certainly, there would be no logic in expanding the production of crops of which we have more than enough."

The board chairman explained that "it's going to take every available acre of good soil to produce the foods needed to win this war without wasting acreage on production which will not contribute to that victory."

Vance cited the two-year supply of American wheat which will be available for use this year as ample evidence that the consumer has no need to worry about "wheat and flour rationing."

Reminding farmers that the Department of Agriculture is urging the full planting of cotton allotments Vance emphasized, however, that the increased demand is for longer staple length cottons, and that the supply of short staple cotton is adequate to meet the nation's needs.

To preserve rubber-insulated electric cord, lay it flat in storage and out of the sunshine. Avoid sharp kinks and bends.

### Pioneer Plainsman's Funeral Held at Plainview

Funeral services for Robert M. May, 86, pioneer Floyd and Hale county farmer-rancher, were conducted at Plainview Saturday. T. J. Garder, Tulla Church of Christ minister officiated.

Survivors are his wife and the following children: Mrs. George Pierce, E. E. May, Mrs. E. L. Mickey, Claude May, Ralph May, all of Plainview; Mrs. Elmer Mickey, Floydada; C. M. May, Oklahoma City, and Mrs. Phillip Baker, Fortales, Ned Mexico; a brother, a sister, and several grandchildren and great grandchildren.

**Coach Winter Has  
Bright Prospects  
For 1942 Season**

Seymour, April 23.—Winding up  
their spring training season with an  
inter-squad game which ended in a  
scoreless tie, the Seymour Panthers  
revealed that their football prospects  
for the 1942 season are the best in a  
number of years.

Coach Odell Winter had 34 can-  
didates out for the spring training,  
including 14 lettermen. The letter-  
men are so well divided that there  
is at least one for every position; but  
some of the new men have shown  
that they will be giving the veter-  
ans a hard fight for starting posts.

The entire squad was divided into  
two teams this spring, and three  
games were played between the  
groups, which had seven lettermen  
each. The White team won the first  
game, 12-6; the Reds the second, 14-  
13, with the last contest ending 0-0.  
The Panther line will be heavier  
than in many years. The backfield  
can be varied to feature either speed  
or power, with the passing and punt-  
ing very satisfactory.

Seymour will play this fall in Dis-  
trict 11-A for the first time, having  
transferred there from District 10-A.

**HERE FROM CALIFORNIA**  
Mrs. Jodie Day and Mrs. Syrus  
Wright, of Long Beach, California,  
arrived last Friday for a ten days  
visit with their mother, Mrs. Lula  
Slaughter and their sister, Mrs. W.  
L. Fry.

Enlist in the Navy and learn a trade.

**Sheriff's Meeting  
Is Changed to  
Wichita Falls**

The semi-annual convention of  
north Texas and Southern Oklahoma  
peace officers association will meet  
at Wichita Falls May 25-26 instead  
of Gainesville April 29-30, the presi-  
dent, Sheriff Cal Rose of Pampa an-  
nounced this week.

Lack of accommodations at Gaines-  
ville is said to have caused the  
change.

As a preventive to coccidiosis, add  
2½ pounds of dusting sulphur to  
100 pounds of mash and keep it be-  
fore chicks until they are about 16  
weeks old. Begin when chicks are  
three weeks old and have had access  
to sunlight (six hours of sunlight  
weekly is sufficient).

The best under the seas, on the  
seas and over the seas are the sub-  
marines, ships and airplanes of the  
U. S. Navy.

Mrs. Richard Tubbs, of Lubbock,  
spent the week end with Judge and  
Mrs. G. C. Tubbs.
