The Floyd County Plainsman

ALL GOVERNORS—CANDIDATES FOR JUNIOR UNITED STATES SENATOR

JAMES V. ALLRED

W. LEE O'DANIEL

DAN MOODY

To comment on the qualifications of either of these men would be taking up the voters' time, since each has been before the public for a period of years, and each, also, at one time was Texas' choice for governor.

COMMODITY CREDIT CORPORATION HAS EXTENDED COTTON LOANS

1941 cotton loans have been extended for an indefinite period. The date previously was July 31, 1942.

A new plan, under which Commodity Credit Corporation will continue to carry the loans, and producers to repay their loans and obtain possession of the cotton or sell their equity in the cotton prior to the maturity of the notes.

Leading agencies Certificates of 1941 cotton producers' loans will be permitted to carry after July 31, 1942, on terms of agreement with the certificates will bear at 1 percent per annum.

Cooperative marketing associations also will be permitted to carry loans held for their members under 1941 CCC cotton Form July 31, and the rate of interest to the associations on advances made to members will be the same as for lending agencies, according to P. C. Colgin, state commodity loan specialist.

The new agreement for lending and amended cotton Form will be forwarded to lending agencies and cooperative marketing associations by Commodity Corporation, Colgin said.

B. RAINER LEAVES FOR MOINE, IOWA

B. Rainer left Monday for Moine, Iowa, where he will stay for eight weeks in training at Armour's Creameries, following which he will be given an appointment as cream inspector for the company. It is not known at present where his territory will be.

Rainer has been employed at Armour Creameries here for several years, and this assignment is a promotion in his career.

Rainer and children will remain in Floydada until definite plans are made by Mr. Rainer.

Let Cavanaugh do your printing.

rites set Wednesday for J. W. Gamble, son of former resident

J. W. Gamble, 22, son of Mr. and Mrs. A. N. Gamble of Lubbock and a ministerial student at Southern Methodist University, was returned to Lubbock Tuesday afternoon from Dallas.

The young man died about 9 o'clock Monday night in a Dallas hospital of complications following surgery.

Young Gamble, a graduate of Texas Technological college, had undergone an appendectomy Friday. The parents were returning home and had reached Gainesville, where relatives informed them his condition had taken a turn for the worse. They returned to Dallas and his bedside shortly before the death.

Funeral services were scheduled to be conducted Wednesday afternoon in the First Methodist church at three o'clock, friends here were informed.

Young Gamble received a bachelor's degree with a speech major in 1941 at Texas Tech and had attended Southern Methodist university the past two sessions and this summer.

Besides the parents, who live at 2402 Twentieth street, Lubbock, a brother, Arthur Earl Gamble of Roswell, New Mexico, and a sister, Miss Virginia Belle Gamble, a Texas Tech student, survive. The father is a real estate dealer, and the family were former residents of Floydada.

MR. AND MRS. MYERS ARE HONORED WITH FAREWELL PARTY MONDAY

Mr. and Mrs. John H. Myers and family, who are leaving this week to make their home at Roberson, was honored with a farewell party at the home of Dr. and I. W. Hicks Monday evening. A large number of friends were in attendance.

IN MARKET THIS WEEK

Mrs. Mollie Morton left Sunday for Dallas and Fort Worth, where she will spend the week in wholesale market for the Style Shoppe.

CANDIDATES FOR NOMINATION TO THE OFFICE OF CHIEF JUSTICE OF THE COURT OF CIVIL APPEALS, AMARILLO

E. L. PITTS Lubbock

E. C. NELSON Amarillo

J. ROSS BELL Childress

W. T. LINK Clarendon

MR. AND MRS. J. H. MYERS MOVING THIS WEEK

Mr. and Mrs. J. H. Myers and family moved this week to Roberson, where Mr. Myers will be employed in the consolidated schools. Mr. Myers was principal at the Andrews Ward school here for a number of years.

VISITED IN FRIONA

Misses Mollie and Lucy Crum and nieces, little Misses Bobby Louise and Karla Sue Crum, spent the week end in Friona, with their brother and uncle, Mart Crum.

LYNDON JOHNSON RETURNS TO WORK IN CONGRESS

Tanned and slimmer than when he left Congress six months ago to begin active naval duty, Representative Lyndon B. Johnson, Democrat, Texas, appeared last Friday on the House floor for the first time since his return from the Pacific war zone, dispatches from Washington announced.

A lieutenant commander in the naval reserves, Johnson was called back from active service in Australia by a recent presidential directive. He said he had been placed in inactive status.

KEEPING SCHOOL STUDENTS HEALTH CONSCIOUS IS ANOTHER RESPONSIBILITY

Austin, July 23.—School teachers must take on the responsibility of keeping their students health and nutrition conscious during the war, declared a group of Texas teachers who have been studying school health problems this summer at the University of Texas.

Since so many doctors and nurses are being called to military service, these teachers urge additional emphasis on health in the public schools.

They suggest: setting up a breakfast counter in the school cafeteria, to operate before school opens each morning; publicizing nutrition needs of school boys and girls in cabinet displays and school newspaper stories; and insisting on isolation for pupils with colds and symptoms of contagious disease.

ANNUAL OLD SETTLERS REUNION CALLED OFF BY DIRECTORS

Directors of the West Texas Old Settlers' Association, at a recent meeting in the old Rock House at Hank Smith Memorial state park in Blanco canyon, voted to call off the annual reunion, tentatively scheduled for August 15. W. H. Hames, president, announced early this week.

The reunion has been held for more than a decade at the first house on the plains, built in the middle 1870's by the late Hank Smith, first permanent settler. Reunion dates are usually as near his birthday anniversary as possible, August 15.

"Uncle Hank" who built the house for Charles Tasker, who had a plan to drive buffalo into the canyon and kill them for hides, later took over the house in payment for money due him.

"The reunion will be called off for the year 1942, and maybe for the duration of the war," said Hames.

Gets TSCW Cup for Extemp Speaking

Miss Louise Goble of Mission holds the large loving cup awarded the best extemporaneous speaker at Texas State College for Women. This young junior, who is one of the outstanding members of the TSCW debate team, last month won the annual contest among the students of the college.

Mr. and Mrs. W. B. Wells, of Amarillo, arrived Tuesday in Floydada to spend several days with Mrs. Wells father and mother, Rev. G. W. Tubbs, and brother, Judge G. C. Tubbs.

Mr. and Mrs. Hugh McCollough, of Midland, are the parents of a son, born Friday, July 17. Mr. and Mrs. Ernest Fry are the grandparents of the child. The mother is the former Miss Maxine Fry.

Mrs. A. N. Ward went to Canyon Monday afternoon where she will visit several days with her sisters, Mrs. Arthur B. Duncan and Miss Johnnie Courtney.

Mrs. Dona Covington is attending a four day bookkeepers meeting in Lubbock this week for the Rural Electrification Co-operatives of the South Plains. Mrs. Covington will return home Friday.

Miss Florrie Conway is spending this week in Amarillo the guest of her uncle, John Conway and Mrs. Conway.

A motion picture film has been made by the University of Texas to be used for demonstration purposes by the schools' Victory Physical Fitness Clubs this fall. It will be distributed by the University's Visual Instruction Bureau.

Mr. and Mrs. John A. Hollums and Mrs. John I. Hammonds returned home Saturday afternoon from Dallas where they attended the State Florists Convention.

CANDIDATES FOR DISTRICT ATTORNEY 110TH JUDICIAL DISTRICT

JOHN A. HAMILTON OF MATADOR

L. D. RATLIFF, JR. OF SPUR

SANTA FE WESTERN LINES, ANNOUNCE PROMOTION FOR EMPLOYEES

Promotion of George H. Minchin, general manager of the Santa Fe Western Lines, Amarillo, to assist vice president of the operating department, a newly created position, and the appointment of G. C. Jefferies to succeed Minchin, was announced today by W. K. Etter, vice president in charge of operations, Chicago.

Jefferies has been assistant to the vice president at Chicago.

Minchin has been recognized as one of the outstanding operating officials of the Santa Fe System, which he has served for 40 years. He was born in Spring Brook, Ontario, July 20, 1882. He became chief clerk to the general manager, transportation inspector, and then assistant superintendent, in 1922 superintendent of the Illinois division and in 1938 superintendent of the merged Illinois and Missouri railway divisions.

He was promoted as assistant general manager of the Santa Fe Western Lines and acting general manager October 15, 1941, when Col. John A. Gillies, reported missing, took a leave of absence to serve with the Army forces in Iraq. He was made general manager the first of this month.

Jefferies returns to Amarillo headquarters where he started with the Santa Fe in 1911. He served in various capacities in the engineering department and was named engineer of the Pecos division in 1917. He served as assistant superintendent of the Middle division and superintendent of the Slaton division and later Oklahoma division. He was made assistant general manager of the Western Lines, at La Juanita, July 1, 1938. In 1939 he became assistant to the vice president at Chicago. The Santa Fe Western Lines embraces Colorado, New Mexico and parts of Texas, Oklahoma and Kansas.

Other important promotions affecting officials who have seen many years of service in the Southwest include O. L. Gray, assistant general manager, who goes to Chicago as assistant to the vice president, succeeding Jefferies. Gray has been with the Santa Fe since 1900 and formerly was superintendent of the Albuquerque division.

F. A. Baker, superintendent of the Albuquerque division, was made assistant general manager with jurisdiction over the Albuquerque and Arizona divisions. Baker has served at Amarillo, Slaton, Pecos and Las Vegas.

A. B. Enderle, superintendent at Newton, Kansas, succeeds Baker as superintendent of the Albuquerque division.

L. D. Comer, manager of personnel at Chicago, formerly at Raton, La Junta and Amarillo, was placed in charge of personnel

SAVE FATS FOR UNCLE SAM AND HELP SINK AN ENEMY BATTLESHIP

College Station, July 23.—Waste fat homemakers save in their kitchens for the nation's salvage campaign may one day sink an enemy battleship or help crumble axis fortifications on fronts the world over.

Grease makes glycerine, and glycerine makes gunpowder, explains Louise Bryant, specialist in home management for the A. and M. College Extension Service. She explains that every 10 pounds of fat saved in the nation's campaign will produce one pound of glycerine for gunpowder or other explosives needed in winning the war. The two billion pounds of fat wasted in American kitchens every year would provide two hundred million pounds of glycerine Uncle Sam badly needs, according to the Bureau of Home Economics.

Recently the War Production Board arranged with meat dealers to receive some of this waste fat from housewives, and the A. and M. Extension Service will cooperate with state and county salvage committees in helping every rural family in Texas know its part. Co-operation in the national fat-saving campaign is in line with the war-time Extension program—the Victory Demonstration—to which thousands of rural Texans are pledged.

The homemakers' part in the campaign is to use grease wisely in cooking and take her surplus fats to her nearest meat dealer or freezer locker plant. She'll receive money—probably five cents per pound. Fat should be strained and poured into clean, wide-mouthed cans, such as a coffee can. "Keep the fat in the refrigerator or some other dark, cool place until you have a pound or more," the specialist suggests.

Using fat drippings in preparing food will help in the movement, since it will prevent drawing on commercial stocks of fats and oils. Every tablespoon used means buying less fat.

Some homemakers have mistakenly feared a soap shortage would make it necessary to save their fats for making soap at home. But soap is a by-product of glycerine, Miss Bryant explains, so large supplies will be available.

Merchants of Austin have urged 19 University of Texas cooperative houses, low-cost share-the-cost-and-work residences for students, to continue their cooperative buying next year. The club, which did a total business of nearly \$13,000 in four months last year, enabled student managers to buy food at wholesale prices, and reduced the merchants' costs of getting business, delivering goods, and collecting payments.

**SHEEP PAY DIVIDENDS ON ANY FARM IF THEY ARE PROPERLY CARED FOR**

College Station, July 23.—If you need food, comforts, or a lawn mower, a few sheep on your ranch or farm will help fill the bill. That's the opinion of three specialists of the Texas A. and M. College Extension Service. Sheep furnish meat for the table, wool for fluffy, warm comforts, and keep the premises neat, trim and free from weeds.

Lamb adds variety to meals, and is a delicious and valuable food, says Jennie Camp, specialist in home production planning. One animal will furnish about 40 pounds of meat—and you can feast on leg of lamb twice, two shoulder roasts, lamb chops from the rib and loin, and stew or ground meat for patties.

And for your comfort—an average sheep will produce three pounds of clean wool each year—enough to make a good size cover. Since war conditions will make it harder to get wool scoured commercially, you can do it yourself and then card the washed wool into bats for comforts, says Mrs. Bernice Claytor, specialist in home improvement.

Finally, W. R. Nisbet, animal husbandman, says sheep help keep your farm pastures neat and free from weeds. This and the fact that they bring in extra cash when sold are ample reasons for every Texas farm and ranch stocking a few of the animals.

If you don't know how to prepare delicious lamb dishes, or need help in washing wool, consult your county home demonstration agent or write to the Extension Service, College Station, for this information.

**NELSON IS CANDIDATE FOR CHIEF JUSTICE**

E. C. NELSON

Judge E. C. Nelson, former County Judge of Floyd County, is a candidate for Chief Justice of the Court of Civil Appeals. This is one of the highest judicial offices in our State, one that demands the most thorough training and the widest possible experience. Judge Nelson has attended and graduated from the leading universities and law schools in our country, giving him the finest educational background. For five years he was a teacher, before entering the legal profession.

He served two years in the United States Army during World War I, fourteen months of his service being in France.

He has had a well-rounded legal experience. He has been a licensed attorney for more than 22 years. He has practiced law in all our courts, and he has been judge of all courts of record up to the Court of Civil Appeals. He is now District Judge of the district composed of Potter, Randall, and Armstrong Counties, and his record as a trial judge is one of the best in the State. As an appellate judge, he will be able, from his own experience, to review a case from the standpoint of both the practicing lawyer and the trial judge.

He is 51 years old, just the right age to undertake the work of an appellate judge. He is old enough for maturity, experience, and judgment, and young enough for the years of hard work the position demands.

"It has been impossible for me to see all of my old friends," said Judge Nelson. "It was the people of Floyd County who gave me my start in public life by electing me their County Judge twenty years ago, and I am confidently relying on them to give me their loyal support in this race."

# AN EFFICIENT OFFICIAL IS A VALUABLE PUBLIC INVESTMENT

JOHN A. HAMILTON OF MATADOR

**OUR NATION** is at war, facing the greatest peril in its history. Every able man is needed to apply his strength where it will be most effective. Today, more than ever before, an efficient official is a valuable public investment. We cannot afford to pause that a new man may become acquainted with his job when an experienced, able and proven man is waiting to fill it. This is not the time to indulge in extravagance of valuable time and money to replace a proven efficient official

In considering John Hamilton as a candidate for re-election, we, as citizens of the entire district, point to his record during the years he has served as District Attorney. He investigates his cases carefully and thoroughly that facts, and facts alone, will determine decisions, thus protecting the innocent and insuring trial of the guilty. As a prosecuting officer he has been fearless, vigorous and capable. He has proven himself fair and without prejudice.

John Hamilton's record proves that he has done his job well. He has never aspired to building a reputation as an aggressive prosecutor but conducted his duties with faithful, conscientious and efficient effort with the single goal of bringing about impartial justice.

John Hamilton is a native West Texan. He speaks our language and knows our people. There is no question of his ability, his fairness or sincerity. He is doing a good job and he is well-trained for it. We as voters and taxpayers believe he has earned the right to re-election. We urge your most sincere consideration. We ask that you consider the 70 terms of District Court in which he has represented the people of this district. We urge you to weigh his work and the decisions he has obtained.

Each taxpayer has a valuable investment in the training and experience of John Hamilton. That investment will not be lost if you re-elect him to office.

**COMPETENT . . . . . EXPERIENCED . . . . . SINCERE . . . . . REASONABLE**

THE NEWSPAPER  
DIES AT ALTUS,  
SUNDAY

Services were held at Altus, Oklahoma, Sunday afternoon at Chillicothe, Oklahoma, for the late Mrs. Mary E. Forgy, 46-year-old publisher of the Chillicothe Valley News, who died Sunday at Altus, Oklahoma. She had been ill for several months.

She purchased the News in 1911 and was publishing the paper under a lease agreement. She spent his early boyhood in Chillicothe, but lived at Altus and at Munday.

She is the widow; one son, Presley Forgy, and two daughters, Hendrick Forgy, and Bill Forgy, O'Donnell.

BEAUFORD H. JESTER  
ENTERS FINAL PHASE OF  
CAMPAIGN

Pledging efficient operations of the Texas Railroad Commission in gearing Texas oil and transportation systems to the war effort, Beauford H. Jester of Corsicana is entering the final phase of his first primary campaign for the unexpired term on the commission. "We are rolling along at a fine pace," Jester says in surveying the work which has been done in his less-than-a-month of political life.

It is the first campaign for public office for the Corsicana lawyer who was an infantry captain in the first world war and who has announced he seeks the railroad commission post to render a war time service to his State and nation.

"In these days when petroleum means so much to our fighting machine and when transportation is the real key to keeping our men at the front supplied with their necessary materials, the railroad commission's job is one of the greatest war services available," Jester declares.

Denied readmission to the armed forces with which he served overseas in 1917-18, due to physical disqualification, Jester has pledged that Texas oil and transportation shall not prove bottle-necks for men in the armed forces.

### SANTA CARLOADINGS FOR WEEK ENDING JULY 18

The Santa Fe System carloadings for the week ending July 18, 1942, were 26,308 compared with 26,106 for the same week in 1941. Cars received from connections totaled 11,514 compared with 7,943 for the same week in 1941. Total cars moved were 37,822 compared with 34,049 for the same week in 1941. The Santa Fe handled a total of 38,543 cars during the preceding week of this year.

### SUMMER TROUBLE IN TURKEYS SHOULD BE WATCHED CLOSELY BY GROWERS

Blackhead is one of the serious problems confronting turkey growers, with poult of one to three or four months old most affected, says W. A. Boney, Jr., poultry veterinarian of the Texas A. and M. College Extension Service. The source of the disease is a one-cell organism which is taken into the body in the cecal worm egg picked up from contaminated soil or food.

The principal symptoms are drooping and decline in feeding, and the death rate soon becomes very high if preventative measures are not adopted. There is no practical treatment available, Dr. Boney says, but regular worming with phenothiazine or tobacco dust has proved beneficial as a preventative.

Phenothiazine powder is given on the basis of one pound to 1,000 birds. It is easily mixed by placing one pound of the drug in 60 pounds of mash and feeding six pounds of the mixture to each 100 birds for two days. Tobacco dust at the rate of two to four percent easily is given for one to two weeks. If possible, move the birds to clean ground and isolate the sick.

Another disease, trichomoniasis, closely resembles blackhead. It also is caused by a one-cell organism picked up directly from soil, water, litter and feed, and affects all ages. Dr. Boney says he has observed more of it this year than any other disease, and losses have been large. The birds show generalized weakness and droopiness when attacked, along with watery, foamy, whitish diarrhea. Treatment, he adds, is strictly a problem of sanitation. By administering a mixture of two ounces of copper sulphate (blue stone) in one pint vinegar, and moving the birds if possible, good results can be expected. The mixture should be given in quantities of one tablespoonful to each gallon of drinking water in a non-metal container for four or five days.

T. P. Guimarin left Saturday for Guymon, Oklahoma, where he will visit with relatives.

## TO THE VOTERS OF FLOYD COUNTY:

As you go to the polls Saturday to vote for your County Clerk, consider carefully the value of experienced, competent and efficient office management before casting your ballot.

A high school education, business course, nine years' banking experience and almost a year's employment as Deputy County Clerk are the qualifications upon which I am asking your support.

I sincerely appreciate the encouragement I have had from so many of you, and if I am elected, I will do my very best to justify your confidence in my ability to handle the work by rendering prompt, efficient and courteous service.

- Stands for:
- "All Out" support of President Roosevelt's war program.
  - No strikes—nor slow-downs in war plants.
  - Production of war materials 24 hours per day, seven days per week.
  - Writing of a peace that will prevent ANOTHER world war.
  - The best of comfort and fighting equipment, adequate compensation, free laundry, insurance, and transportation for our soldiers while in service. Employment and educational opportunities upon their discharge.

**THE LYNCHING RECORD FOR THE FIRST SIX MONTHS OF 1942**

F. D. Patterson, President of Tuskegee Institute, Tuskegee, Institute, Alabama, sends the following statement concerning lynchings for the first six months of this year:

I find according to the information compiled at Tuskegee Institute in the Department of Records and Research that there was one lynching recorded in the first six months of 1942.

The person lynched was a Negro. The offense charged was: Suspected of criminal assault. The state in which the lynching occurred is Missouri.

A reported case of a lynching in Texas is now under investigation.

**COTTON INDUSTRY FURNISHES LARGE PERCENT WITH EMPLOYMENT**

Austin, July 23.—Almost 10 per cent of the nation's entire employed population owes its livelihood to the cotton industry—its production, processing and distribution—declares a University of Texas cotton expert.

Dr. A. B. Cox, director of the University's Bureau of Business Research, estimates that approximately 5,000,000 persons are employed in agriculture or industry or commerce dealing with cotton.

Approximately 3,500,000 are employed in cotton production or in various kinds of cotton or cottonseed manufacture, with perhaps another 1,500,000 engaged in distribution of these products or in service and manufacturing industries dependent upon the cotton industry, he said.
