CROSS CHAPTER URGED GARMENTS BE FINISH-AUGUST 8

Following is an urgent appeal to the Red Cross to those who can help:

You please finish and send to the Red Cross room all your shirts, bed shirts and undershirts so that we can pack them by the 8th of August. A new quota will be in effect now and we need to get our finished and shipped to have the room for the arrival.

There will be several helmets and a pair of gloves to be made for our own soldiers. Can't you please help us. The Red Cross is helping the soldiers fighting for us and we need our garments soon. It is hot but it is also hot to

LADIES WILL ATTEND DRESSING

C. M. Thacker and Mrs. S. will attend a Surgical Institute to be held in the 3rd and 4th of August. They will teach a class of dressmaking, who will have the art of making and packing of dressings.

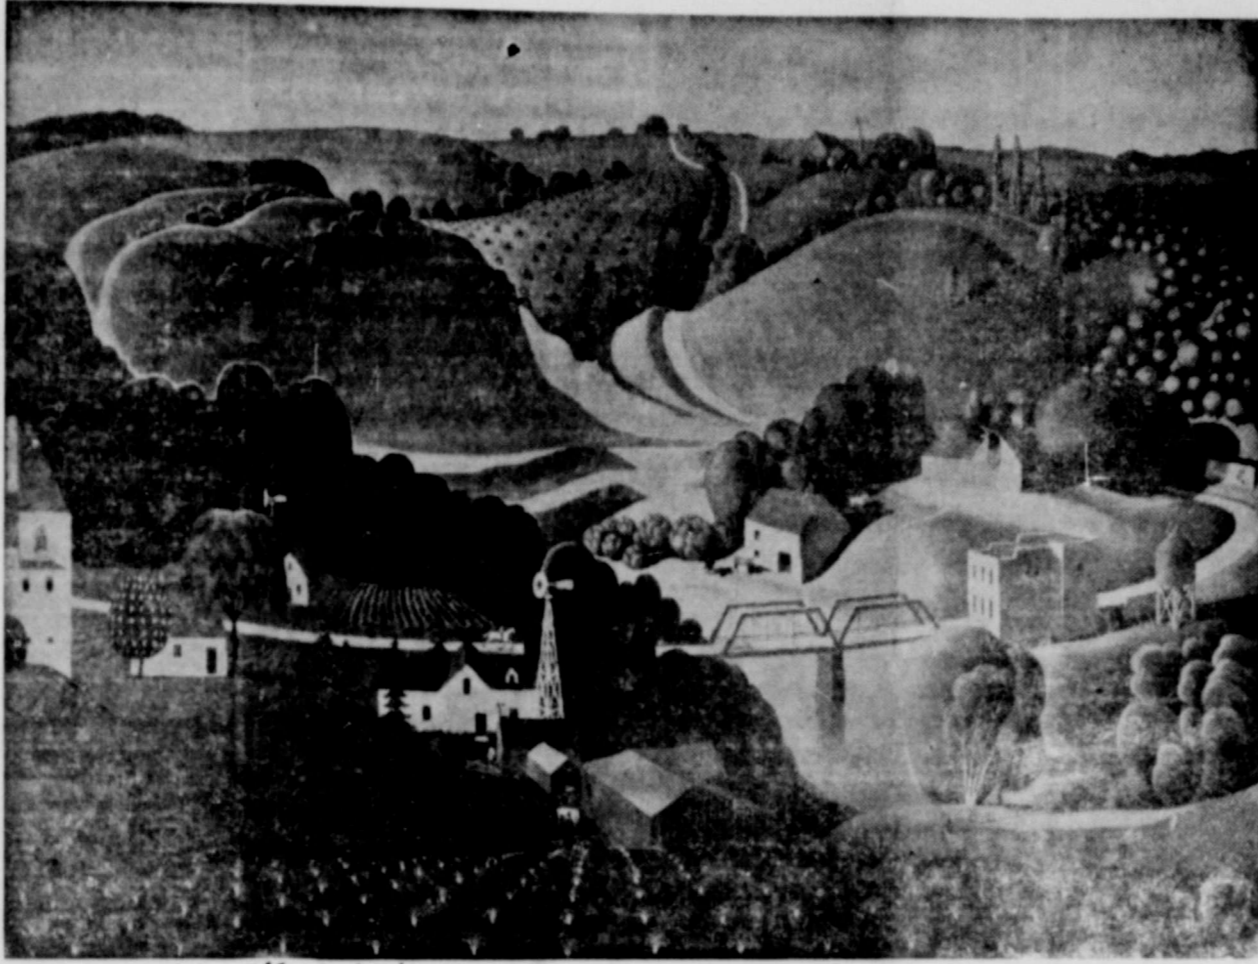

Only the larger chapters of the Red Cross were asked to do this very important work but because of the increasing need for these dressings our chapter has been asked to accept a quota and for the next few months this is to be an important part of the work of the Floyd County Red Cross.

VICTORY BEGINS RIGHT HERE

What's Up to the U. S. is Up to Us

This war belongs to all of us—to fight, to finance, to finish! As the President has said: "We are all in it—all the way. Every man, woman, and child is a partner in the most tremendous undertaking of our American history." Your part is clear—to put every dime and dollar you can possibly spare into uniform—to buy U. S. Savings Bonds and Stamps regularly—so that our boys will have the guns and planes and tanks they need to put the enemy on the run. Take part of your change in U. S. Savings Stamps every time you shop—your 25-cent Stamp may buy the machine bullet that sends an enemy bomber crashing in flames. Turn Stamps into Bonds as fast as you can, that is the American way—the volunteer way—to preserve our freedom and safeguard your home, your family, and your future. Remember that you can start buying U. S. Savings Bonds for as low as \$18.75 (for the \$25.00 Bond) and Savings Stamps for as little as 10 cents.

W. LEE O'DANIEL AND JAMES V. ALLRED WILL BATTLE IN SECOND PRIMARY

Indications now are that Senator W. Lee O'Daniel, victor of past political races without a runoff, will have to meet James V. Allred in the second primary to battle for the first time in his fast-moving political career.

On the basis of unofficial election returns, James V. Allred, a former Texas governor who resigned a federal judgeship to campaign against O'Daniel for the Texas Democratic nomination of the U. S. Senate, will be O'Daniel's opponent.

Past records of the two men would indicate that the people of Texas may expect a hot time in the campaign during the next few weeks of the primary.

O'Daniel received slightly under 50 per cent of all the votes cast in the first primary, and in view of this fact, and with the announced "coming home" of some of Allred's friends from Washington, it is being suggested by the political guessers that much effort will be put into the campaign.

It was estimated that 971,210 votes were cast in Saturday's election, and that O'Daniel received 470,317, while Allred polled 311,358; Dan Moody 177,019, and Floyd E. Ryan 12,516.

Miss Ruth Elaine Harmon is visiting in Dallas with her brother, Dr. F. C. Harmon, Jr., and family.

I WISH TO THANK THE PEOPLE OF FLOYD COUNTY FOR THEIR SUPPORT

I sincerely thank the people of Floyd County for the substantial vote you gave me on July 25th, and I earnestly solicit your vote and influence in the second Primary on August 22nd for the office of County Judge.

My record as a Public Official in Floyd County is an open book and I invite your inspection of that record. My thirty two years as a citizen of Floyd County stands for itself, and I invite your investigation of that record.

I am proud of my record of efficiency and economy in the financial affairs of the county and claim to know Floyd County financial affairs and believe I am better qualified to administer the finances of Floyd County than I have ever been, by reason of experience and knowledge of conditions in the county.

I shall try to see as many of you as is possible personally, before election day; in the meantime I ask your indulgence and consideration of my candidacy.

Yours very truly,
G. C. TUBBS.

(Paid Political Advertising.)

TO THE VOTERS OF FLOYD COUNTY:

I want you to know that I am deeply grateful to each and every one of you for your splendid support at the polls last Saturday. I thank you for this, and assure you I will serve you to the best of my ability as your Sheriff of Floyd County.

LEE HOWARD.

TO THE VOTERS OF PRECINCT NUMBER 1:

I wish to thank each and every one of you for the loyal support given me in the July primary, and at the same time I wish to say that I will be in the August runoff for election, and will appreciate anything you can do for me between now and August 22.

Respectfully yours,
A. S. CUMMINGS.

THANKS, FRIENDS, FOR THE GOOD VOTE IN THE FIRST PRIMARY SATURDAY:

I hope to get to see each of you personally before the next primary election. However, I may not be able to do it. If not, I earnestly solicit your consideration of my candidacy for County Judge in the run-off primary August 22.

I am familiar with the duties of City and County officials and know that I am qualified to hold this important office of County Judge.

Economy has been one of the practices of my business both personal and for the offices I have filled. At this time I believe economy should be stressed in the County's affairs.

JOHN A. HAMILTON IS AGAIN CHOSEN TO SERVE AS DISTRICT ATTORNEY

John A. Hamilton of Matador was chosen in Saturday's election to serve the 110th Judicial District as District Attorney, it was revealed by an unofficial count which was tabulated at 202 more than his only opponent, L. D. Ratliff, Jr., of Spur.

Hamilton is serving the district at present as District Attorney, while Ratliff is serving Dickens county as County Attorney. Both men are popular attorneys over the district, as the close margin in Saturday's primary indicates.

FLOYDADA NATIONAL FARM LOAN ASSOCIATION SAVES FOR IT BORROWERS

Farmers and ranchmen of this territory served by the Floydada National Farm Loan Association will save approximately \$48,200 during the next two years through continued low interest rates on Federal Land Bank and Land Bank Commissioner loans, A. B. Clark, secretary treasurer of the association reported Tuesday.

The saving, Mr. Clark explained, results from legislation recently passed by Congress, which continues through June 30, 1944, the 31-2 per cent interest rate on long-term Federal Land Bank and Land Bank Commissioner loans.

The Floydada National Farm Loan Association has approximately \$1,606,600 in loans outstanding.

A JOINT RESOLUTION

proposing an amendment to Article III of the Constitution of the State of Texas by adding a new section thereto to be known as Section 49a, requiring all bills passed by the Legislature on and after January 1, 1945, appropriating money for any purpose, to be sent to the Comptroller of Public Accounts for his approval, and fixing the duties of the Comptroller with reference thereto; authorizing the Legislature to provide for the issuance, sale, and retirement of serial bonds, equal in principal to the total outstanding, valid, and approved obligations owing by the General Revenue Fund on September 1, 1943; providing for the submission of this amendment to the voters of this State; prescribing the form of ballot; providing for the proclamation and publication thereof; and providing for the necessary appropriation to defray necessary expenses for the submission of this amendment.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas be amended by adding thereto, immediately after Section 49, a section to be known as Section 49a, to read as follows:

"Section 49a. It shall be the duty of the Comptroller of Public Accounts in advance of each Regular Session of the Legislature to prepare and submit to the Governor and to the Legislature upon its convening a statement under oath showing fully the financial condition of the State Treasury at the close of the last fiscal period and an estimate of the probable receipts and disbursements for the then current fiscal year. There shall also be contained in said statement an itemized estimate of the anticipated revenue based on the laws then in effect that will be received by and for the State from all sources showing the fund accounts to be credited during the succeeding biennium and said statement shall contain such other information as may be required by law. Supplemental statements shall be submitted at any Special Session of the Legislature and at such other times as may be necessary to show probable changes.

"From and after January 1, 1945, save in the case of emergency and imperative public necessity and with a four-fifths vote of the total membership of each House, no appropriation in excess of the cash and anticipated revenue of the funds from which such appropriation is to be made shall be valid. From and after January 1, 1945, no bill containing an appropriation shall be considered as passed or be sent to the Governor for consideration until and unless the Comptroller of Public Accounts endorses his certificate thereon showing that the amount appropriated is within the amount estimated to be available in the affected funds. When the Comptroller finds an appropriation bill exceeds the estimated revenue he shall endorse such finding thereon and return to the House in which same originated. Such information shall be immediately made known to both the House of Representatives and the Senate and the necessary steps shall be taken to bring such appropriation to within the revenue, either by providing additional revenue or reducing the appropriation.

"For the purpose of financing the outstanding obligations of the General Revenue Fund of the State and placing its current accounts on a cash basis the Legislature of the State of Texas is hereby authorized to provide for the issuance, sale, and retirement of serial bonds, equal in principal to the total outstanding, valid, and approved obligations owing by said fund on September 1, 1943, provided such bonds shall not draw interest in excess of two (2) per cent per annum and shall mature within twenty (20) years from date."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the State of Texas, at the next general election to be held on the first Tuesday after the first Monday in November, 1942, being November 3, 1942, at which election all voters favoring said proposed amendment shall write or have printed on their ballots, the words:

"For the Amendment to the Constitution of the State of Texas, requiring appropriation bill passed by the Legislature to be presented to and certified by the Comptroller of Public Accounts as to available funds for payment thereof, limiting appropriations to the total of such available funds, provid-

ing for issuance of bonds to pay off State obligations outstanding September 1, 1943, and fixing the duties of the Legislature and Comptroller of Public Accounts with reference thereto."

Those opposing said proposed Amendment shall write or have printed on their ballots, the words: "Against the Amendment to the Constitution of the State of Texas requiring appropriation bills passed by the Legislature to be presented to and certified by the Comptroller of Public Accounts as to available funds for payment thereof, limiting appropriations to the total of such available funds, providing for issuance of bonds to pay off State obligations outstanding September 1, 1943, and fixing the duties of the Legislature and Comptroller of Public Accounts with reference thereto."

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and have same published as required by the Constitution for amendments thereto.

Sec. 4. The sum of Five Thousand Dollars (\$5,000.00), or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas, not otherwise appropriated, to pay the expenses of such publication and election.

FULL SUBMARINE CREW IS NEEDED DURING AUGUST AND SEPTEMBER

Enough men to equal the crew of a submarine now building will be enlisted from the Lubbock Navy recruiting district each month during August and September, Chief J. E. Calloway recruiter in charge of this district, announced today. The district includes Bailey, Crosby, Floyd, Hale, Hockley, Lamb, Lubbock, Lynn, Motley, Garza, and Terry counties.

Sponsoring the campaign to enlist at least 165 men from this district each month will be American Legion Posts and civic organizations in each county. Committees have been organized and supplied with Navy recruiting literature. Individual members will be designated "Volunteer Navy Recruiter."

A monthly quota of volunteer enlistments for naval service has been assigned each county, based on population. Exact figures on complements of naval vessels are secret, Chief Calloway said, but certain figures may be used for recruiting purposes. In the Houston Navy recruiting district, comprising the Southern half of Texas, a recent slogan was "Wanted, 1,000 Volunteers for Replacement of the Cruiser Houston."

Floyd County with a population of 10,659 is asked to furnish 10 volunteers each of the two months. The recruiting slogan for this county is "Floyd County Navy Enlistments This Month Shall Equal a Gun Crew."

Lubbock County with a population of 51,782 and a quota of 47 men per month will have for a recruiting slogan "Lubbock County Navy Enlistments this Month Shall Equal 6 Gun Crews."

Other counties will have appropriate recruiting slogans based on their monthly quota.

Navy enlistment ages are from 17 to 50 years. Unskilled men have opportunity to attend Navy trade schools. Qualified skilled men may be enlisted as petty officers with monthly pay ranging from \$78 to \$126.00. It is necessary that application for enlistment be made before induction into the army.

FIELD ARTILLERY AIR OBSERVATION PILOT TRAINING UNDER WAY

A new field of aviation training service is now open. The Department has authorized expansion of Field Artillery Observation Pilot Training. In the past few months the group of these pilots has made thousands of landings in unorthodox places as small as roads. During the advanced experimental training at Sill in connection with the Artillery Air Liaison, so far and thoroughly specialized their original flight training that their accomplishments will surpass beyond the previous of all officials; hence, the authorized expansion of this high specialized service.

Opportunity is now afforded to enter Civilian Pilot training and enlist for this work. Completion of the ten-week group and flight course that is being conducted by six specialized training centers in this area, the student receives advanced liaison flight training at Sill, Oklahoma. Food, shelter, assistance and medical attention are furnished by the government during the entire course at the training center. The student, upon reaching Fort Sill, is furnished clothing and \$50 month pay while completing advanced training. Immediately upon graduation he is rated as a staff sergeant and receives wings and staff sergeant pay, 50 per cent flight pay, and is assigned to flying duty.

If you are over 18 and under 35 years of age, weigh less than 180 pounds and consider you can meet the physical requirements of the Civilian Pilot with a waiver, you may be eligible. Interested, it is necessary that you write immediately, giving full details about yourself, to C. P. T., Box 1689, Fort Worth, Texas. Don't delay, as only a limited number of students can be assigned to this highly specialized training. Remember—write immediately to C. P. T., Box 1689, Fort Worth, Texas, if interested.

WEST TEXAS LITERARY EXHIBIT IS BEING BUILT UP BY SPONSORS

Abilene, July 30.—Ever widening are the views and functions of the West Texas Resource and Museum Institute, housed in the headquarters building of the West Texas Chamber of Commerce.

The institute has had three divisions—West Texas resources, museum pieces and art displays; all devoted to telling the West Texas story. Now the fourth is being installed. This is a permanent exhibit of books and other writings on West Texas subjects and writings by West Texans. The exhibit will be collected by and be the property of the West Texas Historical Association and be housed in the institute.

Dr. R. N. Richardson of Hardin Simmons University of Abilene is chairman of the historical society's publication committee. This group has started a letter writing campaign to authors and publishing houses asking for West Texas gift books. The public is also asked to help build up the collection, on the pledge that the books will be suitably and permanently housed, with caretaker service, and will not be removed from the institute. However, quarters will be provided for students, literary researchers and writers seeking West Texas material.

The first collection will be the complete file of the historical society's annuals. This has been tendered by its president, Judge R. C. Crane of Sweetwater.

The exhibit will be housed in the west end of the Resource and Museum Institute, which occupies the first floor of the WTCC headquarters building. On June 24 that stately brick, granite and marble structure was again subleased to the regional organization by the city of Abilene for five years.

Land for an herb-garden to grow plants for experimental use in pharmacy laboratories has been cleared at the University of Texas. One of the chief plants to be grown is castillian malva, an herb which University pharmacists are studying experimentally to test its value in the treatment of gangrene.

Brooding Areas For Grouse Are Provided

Austin, July 30.—Construction of 24 fenced brooding areas for grouse in the Panhandle has been completed by field biologists, the Game Department announced today.

The areas, located in Wheeler County, are approximately 50 yards square and include excellent grouse, or prairie chicken ragne. Similar prairie chicken restoration work is being conducted in other Panhandle Counties in an effort to restore the species to relative abundance.

Known to Texans and most other Southwesterners as the prairie chicken, the bird really is a grouse. It gets this name from its wing-tufted feathers about its neck which are most readily seen during the mating or "booming" season.

The grouse is now protected by law in Texas and may not be molested at any time. Aside from its excellent qualities as a game bird, it also is a consistent feeder on insects such as grasshoppers and is thus worth thousands of dollars annually to Panhandle farmers. Its value to farmers as a predator on insects that devour crops was one of the principal factors that led to the prairie chicken restoration program, the Executive Secretary of the Game Department said.

There are two sub-species of grouse or prairie chicken in Texas. Those in the Panhandle are known as the Lesser prairie chicken and occupy a range spread over about 26 Panhandle Counties and extending southward to the lower South Plains adjacent to the New Mexico state line. The other sub-species is found along the Gulf Coast and is known as the Attwater's prairie chicken. Neither of the sub-species is abundant, and in fact face extermination unless restoration work is continued, officials said.

Plenty of Fresh Water is Required By Laying Flocks

When laying hens don't drink enough water, egg production will drop as fast, or faster, than when they fall off in eating, says George P. McCarthy, poultry husbandman of the Texas A. and M. College Extension Service. The drop in consumption of water in summer months is traceable to the drinking fountain being left in the open exposed to the afternoon sun. Normally, hens drink more liquids in hot weather than at other times of year, but if the water in the fountain gets too hot the birds won't drink enough. A decline in consumption of water also results in a reduction in the size of the eggs, McCarthy says. Placing the water fountain inside the chicken house, or under shade nearby, will

induce the chickens to drink more freely.

Advancing summer has still another reaction upon eggs. Usually, McCarthy explains, when green feed begins to dry up thin shells begin to appear. As a corrective he suggests adding at least three per cent more of good quality dehydrated alfalfa leaf meal to the ration. In addition, a handful of fresh oyster shell should be sprinkled over the mash at least every other day until the shells of the eggs become normal. It is also a good practice in using shell in small hoppers to place only small amounts and change it when ever it becomes dusty or litter accumulates in the hopper.

The railroads of America have eagerly assumed tremendous and unprecedented burdens in the nation's service in the war, and they have borne them magnificently. Throughout the land they are pouring endless streams of materials into the war factories and taking away the finished munitions in a ceaseless flow. They move great armies of men and their equipment. But with it all they have also maintained their many and vital services to the civilian population, and all this has been accomplished with such smooth competence that neither the military nor the civilian public has been obliged to forego any needed service. Keep Long Distance VOICWAYS clear for VICTORY!

The weight of war on the long distance telephone lines grows heavier every day. We can't build new lines to carry it because materials aren't available. We've got to make the most of the service we now have.

To keep our lines free for calls essential to fighting the war, we need your help and sympathetic understanding.

In general, of course, we are able to handle fairly easily calls over shorter distances. But remember always that if your call goes to a large city where

war work is under way, or must pass through such cities, it may add to an already dangerous congestion. This is especially true in the rush hours from 9 to 12 in the morning, 2 to 5 in the afternoon, 7 to 9 at night.

On calls to more distant points during those hours, we are sure you will feel that your personal interests must give way to official messages that constantly are flooding our lines.

AUGUST STAMP LIST INCLUDES FRESH FRUIT

Blue stamp foods listed for August and announced today by C. W. Henderson, issuing officer, for the Agricultural Marketing Administration's Food Stamp Plan includes a number of fresh fruits and all fresh vegetables, thus offering participants a healthful and varied hot weather diet. Fresh pears have been added to the August list of Stamp Program foods which are those obtainable nationally by participants in areas where the program is in operation.

By placing fresh pears on the list at this time, Mr. Henderson pointed out, producers will have a broader outlet and greater assurance of a fair return during the period in which pears will be in heaviest abundance on the nation's markets. Also the pears will be a palatable addition to the variety of foods made available to public-aid families through the Stamp Program.

With this addition, the complete list of Blue Stamp foods issued by the Agricultural Marketing Administration for August 1 through August 31 in all stamp program areas is as follows: fresh pears, peaches, plums, apples, and oranges, all fresh vegetables including Irish and sweet potatoes, shell eggs, butter, corn meal, hominy (corn) grits, dry edible beans, wheat flour, enriched wheat flour, self-rising flour, enriched self-rising flour, and whole wheat (Graham) flour.

Hostesses assisting Mrs. Arwine were: Mesdames A. J. Jackson, Roe McCleskey, J. B. Woods, J. D. Eaves, J. Day, N. W. Williams, M. L. Solomon, A. J. Welch, F. C. Harmon, J. G. Wood, J. G. Malphurs, Billy Henry, Ben G. Morton; Misses Anna Cates, Frances Fields, Wynona Smith, Bobbe Muncy, and Helen Ring.

The scene of the occasion was the spacious lawn at the Arwine home. Flood lights from the upstairs lighted the lawn, soft music was furnished by radio, and cut flowers decorated the lawn.

The guests who arrived at 8:30 o'clock were met at the door by Mrs. M. L. Solomon, and Mrs. Billy Henry had charge of the bride's book. Miss Helen Ring gave a toast to the bride. Misses Frances Fields, Anna Cates, Mrs. J. Day, and Miss Eaves presided at the punch bowl, and served punch and cookies to the guests.

The guests were seated on the lawn in a circle and the gifts were presented to the bride in a large basket by some of the hostesses. Mrs. Gearhart received many beautiful and useful gifts.

Garnett Ezell and Bruce Foster and Mrs. Clarence Foster, of San Diego, California, arrived Sunday. Mrs. Foster had been visiting with her son for two months, and Mr. Ezell is visiting with Mr. and Mrs. J. C. Wester, before going to Mount Vernon where he will visit his parents several days. Mrs. Wester will accompany Garnett to Mount Vernon for a visit with relatives.

Mr. and Mrs. F. C. Harmon visited in Amarillo from Wednesday until Saturday and Mr. Harmon attended to business while there.

PAT COLLINS IS PROMOTED TO FIRST LIEUTENANT AT JOHN TARLETON

Stevenville, July 30.—Upon the recommendation of their company commander and with the approval of Dean J. Thomas Davis, Lt. McCullough, Professor of Military Science and Tactics, at John Tarleton Agricultural College, has made appointments and promotions for the Tarleton Cadet Corps.

Pat Collins of Floydada has been promoted to the rank of first lieutenant in the Tarleton Cadet Corps. The cadet officers and non-commissioned officers drill the R. O. T. C. unit and exercise the same authority as regular army officers of the same rank. This gives the commissioned and non-commissioned officers an opportunity to develop qualities of leadership.

DISPENSE WITH CARELESSNESS AND SAVE TEXAS MANY DOLLARS

By observing some precautions and outlawing carelessness, farm homemakers could reduce by half the annual fire losses on farms in the United States. These losses run into millions of dollars every year, says Mrs. Ebrance Claytor, A. and M. College Extension Service specialist in home improvement.

Defective chimneys and flues are responsible for a large percentage of farm fires. Mrs. Claytor explains that chimneys of brick or stone should be built from the ground up and should rest on a masonry foundation or basement walls. Long stove pipes are bad. So are stove pipes passing through floors or closets.

Good fire-resistant roofing material pays in cutting down fires from sparks on combustible roofs. If wooden shingles are used, the specialist says, choose the best grade of grain edge shingles.

One good fire prevention rule is, "Don't use matches carelessly." Mrs. Claytor advises the use of safety matches on a farm and warns against smoking in or near a barn or near fuels. By all means, keep matches away from children, she says, and teach them to respect and avoid fire.

Careless use of gasoline or kerosene also causes many farm fires. "Never use either to start a fire, never store them in open containers, and do not use gasoline for dry cleaning at home," Mrs. Claytor urges. Here are some other fire prevention suggestions she offers:

- Place stoves and ranges several feet from woodwork and walls.
- Don't overload electric circuits.
- Avoid spontaneous combustion by properly curing hay, ventilating barns, and frequent inspection.
- Dispose of litter and waste around the farmstead.

SHOE SALES ARE EXPECTED TO INCREASE DURING THE FEW MONTHS

During the next six months the U. S. Army will buy more than 16 million pairs of shoes. That means civilians must take good care of all the leather goods they have, so the men at the front may have enough, says Mrs. Dora R. Barnes, clothing specialist for the A. and M. College Extension Service.

Taking good care of shoes and leather goods is in line with the Victory Demonstrator's pledge to help win the war which thousands of Texans have made in the last few months.

The shoe industry last year turned out four pairs of shoes for every man, woman, and child in the country, but many pairs are not in use now because they don't fit. The fault lies both in the shoes and in the customers, Mrs. Barnes says.

"You can't be sure you get a shoe that fits just by asking for a certain size. There are no national standards for sizing footwear. So the best you can do is keep trying on shoes until you find a really comfortable pair," the specialist advises.

4-H CLUB BOYS OF TEXAS HAVE INCREASED THEIR PROJECTS OVER 1941

College Station, July 30.—Texas 4-H Club Boys, 53,000 strong, have mobilized on the home front to do their part in winning the war just as their older brothers are doing in the armed forces.

According to L. L. Johnson, state boys' club agent of the Texas A. and M. College Extension Service, beef cattle, hogs, sheep and poultry the boys now have on feed substantially outnumber the livestock and poultry projects of last year, and field crops and Victory gardens show corresponding, or even greater, increases. Through May, 6,039 Victory gardens were being grown, compared with 1,471 in 1941.

Texas 4-H Club boys have carried forward their rifle training work, and many are taking first aid training, Johnson says. Some counties have organized labor patrols, which are helping with farm work in their communities and home counties.

The boys have taken an active part in all salvage campaigns including collection of scrap rubber, but totals for rubber are not yet available. Other achievements in connection with the war program, based upon reports from 129 counties, follow: Scrap iron collected, 3,478,554 pounds; waste paper collected, 190,804 pounds, and sold for \$832; aluminum collected, 57,826 pounds, and sold for \$750; and bonds and stamps bought, \$39,456.02.

Demonstrations being conducted in the 139 counties are: beef calves on feed, 4,178; swine on feed, 10,552; sheep on feed, 4,477; hens, 73,230; baby chicks, 689,589; increased flocks, 2,332.

REGULATIONS GOVERNING HUNTING OF GAME IN TEXAS IS CLARIFIED

Regulations governing hunting of white winged doves, mourning doves, waterfowl, geese and coot their leniency cannot be extended. In Texas were clarified this week by the executive secretary of the Game Department upon receipt of official copies of the Federal regulations, which often conflict with State laws pertaining to hunting some of these species.

The Legislature as long ago as 1933 gave the Game, Fish and Oyster Commission authority to make State laws concerning ducks, geese and coot conform to Federal regulations. The Commission at its regular quarterly meeting July 17 assented to the recently issued Federal waterfowl regulations and so there will be no conflicts in laws regarding these species this year, it was pointed out.

But conflicts exist in the dove laws, the Executive Secretary said, principally because the Game Commission has no Legislative authority to reconcile them.

The white winged dove open season this year, according to Federal regulations, will be September 16 to 25, inclusive, thus on the surface giving hunters 10 days' of white winged shooting. It is a fact, however, the Executive Secretary said, that virtually all white winged doves in Texas concentrate each season in Webb, Starr, Zapata, Hidalgo, Cameron and Willacy Counties, and a special State law applicable to those Counties forbids shooting of white winged and mourning doves except on Sundays, Tuesdays and Thursdays during the open season, and then only from 12 noon until sunset.

White winged hunters in this concentration area thus will be allowed their favorite sport this year only on September 17th, 20th, 22nd and 24th, between the hours of 12 noon and sunset, according to Federal regulations and State law.

676 Words H. J. R. No. 23 A JOINT RESOLUTION

proposing an Amendment to Article 3 of the Constitution of the State of Texas authorizing the lending of Two Million Dollars (\$2,000,000) of the Permanent School Fund for the construction of a State office building or buildings; providing for repayment to the Permanent School Fund; providing for the submission of this Amendment to the voters of this State; and providing for the necessary proclamation and expense of publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article 3 of the Constitution of the State of Texas be amended by adding thereto a new section to be known as Section 49-b, which shall read as follows:

"Section 49-b. The Legislature may provide by law for the issuance of not more than Two Million Dollars (\$2,000,000) in bonds or obligations of the State of Texas to the Permanent School Fund for the construction in the City of Austin of a State office building or buildings, and the State Board of Education is hereby directed to invest not more than Two Million Dollars (\$2,000,000) of the Permanent School Fund therein. Such bonds shall be executed on behalf of the State of Texas by the Governor and Comptroller, and shall bear a rate of interest not to exceed three (3) per cent per annum, payable annually; they shall be of such denomination as may be prescribed by law, and shall be payable in not to exceed twenty-five (25) equal installments beginning one (1) year from date of issuance; and the State Treasurer is hereby authorized and directed to set aside into a special fund annually at the beginning of each fiscal year until all of said bonds shall have been paid off and discharged, a sufficient amount of the first moneys coming into the Treasury for the use and benefit of the General Revenue Fund not otherwise heretofore obligated to the payment of bonds and interest, a sufficient amount to pay the interest becoming due and the bonds maturing during such fiscal year. From said fund, the Treasurer shall pay the interest on said bonds as it comes due, to the credit of the Available School Fund; and shall pay off said bonds as they become due and deposit the amounts so paid to the credit of the Permanent School Fund. The power hereby granted to issue bonds is expressly limited to the amount stated and to five (5) years from and after the adoption of this grant by the people."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified voters of the State of Texas at an election to be held on the third day of November, 1942, at which election all voters favoring such proposed Amendment shall write or have printed on their ballots the words:

"For the Amendment to the Constitution of the State of Texas authorizing the investment of not more than Two Million Dollars (\$2,000,000) of the Permanent School Fund in bonds of the State of Texas to be issued for the construction of a State office building or buildings and providing for the repayment of the said sum of money to the Permanent School Fund."

Those voters opposing said Amendment shall write or have printed on their ballots the words: "Against the Amendment to the Constitution of the State of Texas authorizing the investment of not more than Two Million Dollars (\$2,000,000) of the Permanent School Fund in bonds of the State of Texas to be issued for the construction of a State office building or buildings and providing for the repayment of the said sum of money to the Permanent School Fund."

Sec. 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and have the same published as required by the Constitution and existing laws of the State.

Sec. 4. The sum of Eight Thousand Dollars (\$8,000), or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated to pay the expenses of said publication and election.
