

"By Helping Business You Help Yourself"

The Floyd County Plainsman

FLOYDADA, FLOYD COUNTY, TEXAS, FEBRUARY 25, 1943

NUMBER 12

Supplemental Credit is Available to Farmers

Supplemental credit has been set up and is available for supplementary agriculture credit through the County War Board and the Regional Agricultural Corporation to encourage production of essential commodities, it is announced by the Floyd County USDA War Board.

Floyd County USDA War Board approved W. H. Nelson as representative and laid out loans to be made and each Monday in the AAA new source of credit "is not intended to compete with other sources," the announcement says. "Loans will be made if the borrower to engage in his production of agricultural commodities. The purpose is to supplement other sources of credit where individual loans will be made to producers whose farm operations afford "every reasonable assurance that the indebtedness will be repaid." Loans are renewed with renewals under special circumstances. The rate will be five percent collateral will be first liens on land, livestock or other property. Loans are not for financing, purchase of real estate or extensive improvements. The purpose of the program is to encourage certain high risk crops or essential crops that might not otherwise be produced under special terms of loans. The liability of the borrower is limited in cases of failure where diligent application of good husbandry practices are observed.

Approved crops include, soybeans, Irish potatoes, sweet potatoes on farms where determined, dry beans, castor beans, tomatoes, lima beans, peas, and other vegetable markets, and sweet corn, and beets for processing.

Supplemental credit is part of the War for Freedom program looking to realization of the 1943 goals. Loans will be limited to the amount needed to do the production job.

Supplemental credit is part of the War for Freedom program looking to realization of the 1943 goals. Loans will be limited to the amount needed to do the production job.

Burial For Orville Fawver Held Friday Evening

Funeral services for Orville L. Fawver were held Friday afternoon at 3 o'clock at the First Methodist Church. Elder Alva Johnson of Turkey, officiated. Interment was made in Floydada Cemetery with Harmon Funeral Home in charge of arrangement.

Survivors are his wife and daughter, OrvaLee and son, James; his parents, Mr. and Mrs. John A. Fawver; two brothers, John A. Jr., and Joe, of Floydada; three sisters, Mrs. Gus Lloyd of Visalia, California; Mrs. A. R. Epperson, Floydada, and Mrs. T. R. Corley, of Lamesa.

Leaders to Help Explain Food Rationing

Texas' 60,000 neighborhood and community leaders serving as links in the nation's human chain of communication will be called on to help acquaint rural families of the state with the "why" and "how" of rationing, Director H. H. Williamson of the A. and M. College Extension Service has notified county extension agents.

Leaflets explaining the rationing program are being furnished the Victory leaders, through cooperation of the Office of Price Administration. The OPA recently announced that actual rationing of commercially processed fruits and vegetables will begin March 1, and retail sales of the foods to be rationed will be frozen, Feb. 20.

In his letter, Mr. Williamson emphasized the need for helping farm families increase their home produced food supplies and spend their food coupons wisely. In spite of the limitations on the purchase of certain foods, bountiful home production and wise buying will assure well-balanced, nutritious, and protective diets, he said.

Point rationing will make living and buying more complicated to many homemakers. They will have to figure and budget to pay for products twice—with money and with ration stamps. However, planning meals by the week will aid in stretching both stamps and money and in saving time, worry, and energy.

"Rationing is for the protection of us all. It is the only way every one can be assured his fair share of the food available," Director Williamson observed.

Douglas Hollums To Succeed Hollingsworth

Douglas Hollums will succeed Somer Hollingsworth, Jr., as American Railway Express Agent March 1. Hollingsworth tendered his resignation to the Express company several weeks ago effective on the above date, to volunteer in the Air Corps.

Mr. Hollums and wife have been working with Mr. and Mrs. Hollingsworth this week in the office familiarizing themselves with the duties of the office. Mr. Hollums has had some experience in the office, when A. S. Hollingsworth, now of Midland, was agent here.

Mr. and Mrs. Dorris W. Jones and daughter, Linda Gay, of Lubbock, spent the week end with Mr. and Mrs. W. O. Jones.

Texas Schoolboy Basketball Games Will be on the Air

Tire and gasoline rationing will keep most followers of Texas schoolboy basketball teams at home this year, but they need not miss the finals of the state tournament, since the three final games will be broadcast over a state-wide network, Rodney J. Kidd, athletic director of the University of Texas Interscholastic League, has announced.

The state tournament will be held in the University's Gregory Gymnasium the week-end of March 6th, Kidd said, and competition is scheduled for all three brackets of the League—classes AA, A and B. The finals will be held Saturday night, March 6, and the broadcast will run from 7 until 11 o'clock.

Mrs. A. P. McKinnon returned home Monday from Dallas, where she had spent the past two months visiting her daughter, Mrs. A. J. Kirchner and Mr. Kirchner.

Texas Educator is Placed on Board of Visitors

Dr. Homer P. Rainey, president of the University of Texas, has been appointed by President Roosevelt as a member of the Board of Visitors to the U. S. Naval Academy for 1943, Secretary of Navy Frank Knox has announced.

Secretary Knox's letter sets forth the functions of the board as including the following: to report on the adequacy and conditions of physical equipment; to recommend changes in the physical equipment considered necessary or advisable; to report upon the curriculum and recommend changes considered desirable; and to report upon the general state of morale and discipline.

Dr. Rainey will attend the first meeting of the board this year in April, at Annapolis, Md.

Arthur J. Beedy, U. S. Meat Inspector with headquarters at Fort Worth, visited in Floydada from Friday until Monday with his family.

Rural Clubs Are Growing in Texas, Survey Shows

Texas' home demonstration clubs continued their steady growth both in numbers and in women enrolled during 1942, says Helen H. Swift, sociologist for the A. and M. College Extension Service, who works with rural women's organizations.

The membership has increased from 40,611 in 1938 to 46,079 at the close of last year, she says. Local clubs grew in number from 2,197 to 2,717 during the same year. County home demonstration councils are active in 193 counties.

What is even more important is the number of Texas families with whom these club women have shared information about better homemaking and responsibilities of citizenship, Miss Swift says. Home Demonstration clubs gave some sort of assistance to 139,678 farm families in addition to their own and to 44,877 families who live in cities or towns.

District office OPA Inspection of Knitted Items is Stressed

Lubbock, Feb. 22.—Calling attention to several important facts of the point rationing program, Lubbock district officials of the Office of Price Administration urged today that West Texans "be prepared" when they report to registration sites to obtain war ration book two and when they go to grocery stores to purchase goods under the processed foods rationing program.

"Here in the district office we have made every effort within our power to furnish the county War Price and Rationing boards with proper material and information which will enable them to register almost one million persons in the 71 counties of the Lubbock district of the OPA," said Howard R. Gholson, Lubbock district manager. "We earnestly appeal to the West Texas public to lesson the problems of the county boards by going to registration sites with the required declaration forms and copies of war ration book one, and by studying information published on the point rationing system."

Senator Formby is Named to Finance Committee

Senator Marshall Formby of this district has been named to the important Finance Committee, and 13 other Committees in the State Senate, according to announcement made early this week. He holds one chairmanship and one vice-chairmanship.

Formby, who is stationed in Louisiana with the Army Engineers, is attending as much of the session this year as is possible. He has been in the army since last May.

The announcement said he did not believe there would be any new State taxes imposed upon the people this session. He predicted that legislation would be passed this session to give some increase to the aged persons of the state who are receiving old age assistance.

"Although I will not be able to be at Austin much of the time this session," he said, "I want the people of our Senatorial district to contact my office in Austin at any time I can be of assistance. My office is open all the time in Austin and any legislation needed for the district will be taken care of by my friends in the Senate, if I am not in Austin at that particular time. Winning the war is the most important thing before the people now and it seems to me we should keep State taxes and State expenditures down at this time as much as possible."

Formby was County Judge of Dickens County before entering the Senate in 1941. He owns a farm at McAdoo where he was reared and also is publisher of The Plainview Tribune.

MRS. CARL MONIR'S FATHER IS ILL AT DENTON

Mrs. Carl L. Minor was called to Denton last Friday on account of the serious illness of her father, L. H. McMurry. Reports from Mrs. Minor to her husband, indicate that her father's condition is serious and shows little or no improvement since her arrival in Denton.

LET CAVANAUGH DO YOUR JOB PRINTING

Careful inspection of each knitted item made for the Armed Forces cannot be over-emphasized. It is most important that yarn sent to Chapters be used for the items requested by the Area Office; that Chapters follow knitting instructions exactly; that only perfectly made garments be shipped, and others raveled and reknit; that yarn be given to only experienced knitters for making the more difficult garments. If Chapters do not receive specifications for the items they are requested to make, they should write the Area Office at once.

Some of the errors which have had to be corrected on garments returned from Field Directors are listed as follows:

Watch caps made according to instructions other than ARC-400-9D, which result in a cap more like a "beanie" than a watch cap.

Turtleneck sweaters the necks of which have been bound off too tightly or knit on needles too small.

Sleeveless Army sweaters joined together from the stockinette stitch of the front to the stockinette stitch on both front and back fall in the seam. This is incorrect. ARC-400-3C gives instructions for joining as follows: "sew up side seams, using overcast stitch." This makes the sweater very flat at the joining seam with two rows of garter stitch on each side of the seam itself.

Navy turtleneck sweaters with sleeves set in so that joining is not smooth; some have been almost gathered in. The cuffs on the turtleneck sweaters bound off too tightly or on too small needles.

It is not possible to inspect each garment received at our warehouse. This means that if incorrectly made they reach a destination for an emergency and are found unusable. Most knitting done by our volunteers is excellent. Thousands of garments are perfectly made, but it is in order that every garment, be perfectly made that we call attention to the possibilities as indicated above and ask for the closest inspection on every shipment.

Yarn distributed to knitters should be recorded in such a way that it may be checked easily. It should not remain in the hands of a knitter more than six weeks and preferably not more than four.

Quartz Sand is Discovered in Mason County

Three exceptionally pure belts of quartz sand have been discovered in Mason County by the University of Texas Bureau of Economic Geology, Director E. H. Sellards has revealed.

In answer to a request from an interested industrialist, the Bureau has prepared a circular on the new quartz sand horizon indicating the extent of the mineral suitable for commercial development. The outcropping of quartz sand was first discovered by bureau workers in the summer of 1942, along the valley of Leon Creek.

Dr. Sellards declared the sand to be useable for industrial purposes. Similar sands found in the St. Louis, Mo., region are used extensively in the manufacture of glass, he said.

Bloody Angle, Scene of Japanese Defeat

U. S. Marine Corps Photo
It was here, during the Battle of Tenaru River, Guadalcanal, that 700 Japanese met U. S. Marines and death in a futile attempt to cross the beach on the left. Artillery fire, concentrated on the coconut palms, did tremendous damage. Seen at the lower right is a rubber landing boat.

Wild Life is Being Advanced by 4-H Club Boys

College Station.—Texas 4-H club boys are making a constructive contribution to wild life conservation, says R. E. Callender of the A. and M. College Extension Service. He's the Extension game management specialist.

Wheeler County 4-H boys in 1942 protected 21 beaver dams by preventing livestock from making paths too close to the base of the dams. In some instances trampling by cattle cause a dam to give way at the base, and being unpredictable, beavers sometimes move to another site and build a new barrier rather than repair the old one. The industrious beavers provide water for stock, and swimming and fishing for the boys by impounding water in the streams. In addition, these club boys

furnished feed for quail along with protecting shelter against marauding coyotes and hawks.

Through the efforts of Richard Adams, Jr., 4-H Club boy, a game conservation district comprising 15,000 acres was organized in Sherman County, and game conservation signs posted. Last spring Richard bought a Chinese pheasant cock and four hens, and when the first batch of young birds matured he released them on his father's ranch. His father cooperated in providing cover protection of bushes and shrubs.

The ranch also is a refuge for quail, doves, wild ducks and geese, jack rabbits, owls and skunks. The state game commission appointed a farmer as game warden to protect wild life in the district.

Young Adams became interested in game conservation while attending two district 4-H club encampments. In his active club career, Richard has received the County Wilson meat animal award,

the county achievement award, and an all-expense trip to the National 4-H Congress at Chicago as guest of a railroad company.

NORTH TEXAS STATE EAGLE TRACKSTERS ARE IN TRAINING

Denton.—The far-famed Eagle tracksters of North Texas State are going through their paces daily on the NTSTC cinder track in preparation for their initial meet of the year, the Fort Worth Fat Stock Show Meet, March 6.

Coach Lloyd Russell's thinly clad, long known in sports annals for their gift of capturing speed records, are shaping into a well balanced team, despite heavy service calls. Missing from the Eagle ranks this year will be Albert Mikeska, Seymour javelin tosser who never failed to nail up several meet points; Johnny Jackson and Ed Rogers of the NTSTC relay teams; Welby Williams, stellar dash man; and several other North Texas track greats.

New members of the green and white squad who are showing up favorably at the present include Ed Clipper, Mobeetie, high and broad jump; Jimmy Teague, Daingerfield, 440 run; Mike Schumchyk, Bridgeport, 440 and 220; Jack Gilbert, Edgewood, pole vault and broad jump; and Le Roy Gibson, Anahuac, in the weights.

The addition of H. P. Shannon, Munday, a sprinter, and Manly Cooper, Kerrville, a hurdler, to the team after basketball season will

help round out the team.

Following the Fat Stock Show Meet the Eagles will venture to Laredo, March 13, for the Border Olympics. Last year's NTSTC mile relay team permanently captured the Bobbett Trophy there.

U. S. NAVY IS DEVOTING TIME TO RECRUITING WOMEN

For the first time in history, the U. S. Navy Recruiting service is devoting part of its efforts to the recruiting of women.

Monday, February 15 was a history-making day in the Navy recruiting stations through the United States, as the offices which heretofore have been man's sanctum alone actually began inviting women to drop in for information and discussion.

The recruiting stations have geared their efforts to the procurement of Waves and Spars, lending assistance to the various offices of Naval Officer Procurement in the campaign to enlist thousands of women to replace men on shore station duties.

Men thus released are free to man the guns and fly the planes which will help to smash the Axis powers.

Green Lake in Calhoun County is one of the largest fresh water lakes in Texas.

One of Texas' oldest counties is Bexar County, which was created in 1836 and organized the following year.

FLOYDADA IS GRANTED 10 PER CENT REDUCTION IN FIRE RATE

A good fire record credit of 10 per cent will apply to fire insurance premiums on policies written in Floydada for 12 months beginning March 1, it was announced this week by Marvin Hall, State Fire Insurance Commissioner. This will result in a direct saving on fire insurance as 10 per cent of the normal premium will be deducted on policies written after the effective date.

The 10 per cent credit will result in an estimated saving of \$2,076 on fire insurance costs for Floydada policyholders during the next year. The estimate is based on fire insurance premium payments in 1942. A 10 per cent credit has been in effect for the past year.

Lying on that portion of the Rio Grande delta that faces tide-water on the east and Mexico on the south, Cameron County, Texas, is the "Farthest South" County in the State.

MRS. CARL MONIR'S FATHER IS ILL AT DENTON

Mrs. Carl L. Minor was called to Denton last Friday on account of the serious illness of her father, L. H. McMurtry. Reports from Mrs. Minor to her husband, indicate that her father's condition is serious and shows little or no improvement since her arrival in Denton.

**Howard
Wedding in New
York City**

A church wedding solemnized in New York City February 13th, by the Rev. Mr. Miss Margaret Jane Howard, daughter of Mr. and Mrs. J. M. Howard, 840 Grand Concourse, New York City, became the bride of Sgt. Harvey L. Howard, U. S. Army, and Mrs. Lee Howard.

The bride wore an organ program, a white gown and a white veil. The ceremony united the bride and groom in the presence of the bride's parents and the groom's mother which was at her wedding.

The reception was held at the home of the bride's parents. The dining table was set with a lace cloth, and centered with a wedding cake topped by the bride and groom, with a spray of white gladiolas on top. A silver punch bowl was used in serving. White gladiolas were scattered throughout the reception.

Howard is a graduate of High School, New York City. Mr. Howard, who was married here, graduated from the class of 1934. He was at Texas Technological College, Lubbock, when he enlisted in the U. S. Army Air Corps in 1941. He has been stationed at Langley Field Virginia for the past month, but he is expected to return to Florida this week, where he has been stationed since September. They are expected to be married here sometime in March.

**FLOYD COUNTY QUOTA SET AT
\$2,750.00 FOR RED CROSS WAR
FUND CAMPAIGN**

Clarence Guffee, chairman of the Floyd County chapter, American Red Cross, R. E. Fry, Floydada and Frank Perkins, Lockney, War Fund chairmen, have selected War Fund Chairmen in each rural district, and have called a committee meeting for Wednesday, March 3, in the County Court room, to discuss the Red Cross War Fund Campaign, which is scheduled to start in March.

Floyd County's quota for this campaign is \$2,750.00.

Following is a list of War Fund chairmen for the March 1943 War Fund Drive:

Floydada, R. E. Fry; Lockney, Frank Perkins; Irick, John Holmes; Pleasant Valley, J. E. Watson; Muncy, Mrs. Robert

Muncy; Pleasant Hill, R. M. Battey; Fairview, Edell DuBois; Starkey, J. K. Holmes; Aiken, R. Jones Goode; South Plains, J. B. Jarnagin; Sandhill, W. R. Dooley; Harmony, Mrs. Walter Hanna; Lakeview, Earl Edwards; Fairmount, Ford Johnson; Center, Roe Jones; Lone Star, R. L. Knox; Cedar Hill, Clarence Ginn; McCoy, Rev. Sidney Johnson; Dougherty, H. N. Powell; Baker, W. H. Nelson; Antelope, Claude Ring; Providence, Ben Quebe; Blanco, Carrick Snodgrass; Allmon, E. E. Foster; Liberty, C. W. Burton; Prairie Chapel, Frank Jones; Campbell, Joe M. Smith; Ramsey, S. A. Thornton; Hillcrest, Mrs. A. T. Swebston; Edgin, Cecil Purcell; Sterley, B. A. Howell.

**Mrs. Thacker's
Brother Dies in
Dallas**

W. P. (Pat) Sullivan, of Big Spring, brother of Mrs. C. M. Thacker, of this city, passed away Wednesday morning at 7:05 in Veterans Hospital, Dallas. Mr. Sullivan had been in ill health several months. He was carried to Dallas February 17, for treatment, and his condition became grave Sunday when Mrs. Thacker was notified to come to Dallas. Dr. Thacker and W. A. Gound accompanied Mrs. Thacker to Dallas returning home Monday.

Funeral services will be held at Big Spring today (Thursday) at 4 o'clock. Further information in regard to the funeral was not complete.

Mr. Sullivan is survived by his wife, Lillie May, a six months old daughter, Patricia Sue; one brother, John Sullivan, of San Diego, California; three sisters, Miss Edna Sullivan, Chicago; Mrs. Gladys Miller, Austin; Mrs. C. M. Thacker, Floydada.

Mrs. Sullivan, Mrs. Thacker and Miss Sullivan was with him at the time of his passing. He was a Veteran of World War I, and served overseas.

Burial will be made at Big Spring, Texas.

**Mrs. J. F. Fox to be
Buried at Today
at Lakeview**

Funeral services for Mrs. Jennie F. Fox, who died in Amarillo Sunday night, will be held at 3 o'clock this afternoon (Thursday) at Lakeview. Elders S. J. Ellis and Charlie Garrett will officiate.

The eight sons of Mrs. Fox will serve as pallbearers. They are P. C. Fox, Bushland; A. C. Fox, Tullia; N. F. Fox, Lubbock; W. H. Fox, Amarillo; R. H. Fox, Amarillo; J. A. Fox, Brownfield; H. R. Fox, Brownfield; and E. A. Fox, U. S. Army. Burial will be in the Lakeview Cemetery.

Mrs. Fox, a former resident of Floyd County, died Sunday night at her home, 319 Travis Street. She was 65 years old.

Besides her eight sons, survivors

include her husband and seven daughters, Mrs. Mattie Jameson of Dougherty, Texas; Mrs. Myrtle Waitman of Clovis, New Mexico; Mrs. Ruby Stewart of Compton, California; Mrs. Malinda Tarkington of Amarillo; Mrs. Oleta Stoberly of Norfolk, Virginia; Mrs. Voncile Sanders of Amarillo and Mrs. Jewell Mariner of Amarillo.

**English Journalist
Thanks Farm
Women**

College Station, February 18.—Food preservation equipment which home demonstration club women of Texas and other states sent to the rural women of Great Britain during the air blitz of England helped keep the war effort of many families going at full speed, Mary Grigs, eminent British journalist said last week during a visit to Texas.

Miss Grigs, who is women's editor of a farm weekly published in London, expressed appreciation of her countrywomen to Mrs. W. G. Kennedy, Hamilton County, president of the Texas Home Demonstration Association.

"They want you to know what good use was made of your canning machines and pressure cookers, and how they helped us preserve the food we so badly needed," she said.

Rural women of the nation contributed \$3,500 for the purchase of 300 canning units loaned from village to village by the English Women's Institutes. Texas led other states of the nation with a \$300 gift contributed by home demonstration club women in 184 Texas counties.

Miss Grigs assured the Texas Association that "your equipment will be used as long as there are women to work it in the English country-side." She added that "we feel when the time comes to tackle the problems of peace, we shall—"

Miss Marian Beedy, of Lubbock, spent the week end with her parents, Mr. and Mrs. Arthur J. Beedy. Miss Beedy has recently completed a business course at Draughon's Business College, Lubbock, and has been employed by Davis-Humphrey Wholesale Grocery of that city.

More Information On the Butter Situation

An average American ate 16 pounds of butter last year, but he will be lucky to get 13 pounds during 1943, Louise Bryant, home management specialist for the A. and M. College Extension Service said in a radio broadcast this week.

In areas where the population has increased considerably because of war industries, consumers can expect even less than 13 pounds, unless better means of distribution are worked out or butter is rationed, the specialist speculated. She explained Secretary Wickard's recent order providing that 30 per cent of the nation's butter supply is to be reserved for military and lend-lease use. This does not apply to farm families

who make butter at home or to small creameries. It affects creameries which produced more than 12,000 pounds of butter in any one month since January of last year.

Of the 30 per cent of U. S. butter supplies reserved, two thirds will go to U. S. fighting forces, one third to U. S. possessions, the United Nations, and to the Red Cross.

Miss Bryant explained that lend lease exports of butter last year were less than one per cent of the nation's total supply, but that shipments will be considerably larger during 1943. To date, Great Britain has received no butter, and most of the shipments are sent to Russia for use by the fighting forces, she said.

"If every person in the United States would eat just one pound of butter less than usual in 1943, the supply saved would be more than the amount we plan to send to Russia. I don't know any Texan

who wouldn't be willing to share his butter with the defenders of Stalingrad," she said. The Russians put butter on their priority list with planes and guns.

Besides the Alamo, still standing at San Antonio, Texas, are a number of other historic missions, some more than 200 years old.

POLITICAL ANNOUNCEMENTS

Those whose names appear below have authorized The Floyd County Plainsman to announce their candidacy for nomination for the office under which their name appears, subject to the action of the City Election to be held on April 6, 1943:

FOR CITY MARSHAL—
Bob Smith

FOR CITY SECRETARY
Silas E. Duncan

Last Rites for Mrs. Hallie J. Shipley Curry

Last rites were said for Mrs. Hallie J. Shipley Curry, wife of Roy C. Curry, Monday afternoon at three o'clock at the First Methodist Church, with Rev. I. E. Smith of Snyder, officiating, assisted by Rev. L. A. Doyle. Mrs. Curry passed away Sunday morning, February 21, 1943, at 1:30 at Floydada Hospital and Clinic, after an illness of several weeks. Interment was made in Floydada Cemetery with Harmon Funeral Home in charge of arrangement.

Mrs. Curry was born May 23, 1892, the daughter of Mr. and Mrs. W. A. Shipley. She had been a member of the First Methodist Church since 14 years of age.

Survivors include her husband, Roy C. Curry; mother, Mrs. W.

A. Shipley, of Floydada; two brothers, Alex and John T. Shipley, Fort Sumner, New Mexico; one sister, Mrs. Mae Fullingim of Lorenzo.

Pallbearers were: Clarence Foster, Grover Smith, Charlie Lewis, Joe McBrien, Charlie Bedford, and Lee Rushing.

AMERICAN LEGION ENTERTAINED THEIR FAMILIES MONDAY NIGHT

The American Legion entertained their families Monday night with a social at the legion home. Dinner was served buffet style to a large crowd of legion members and families.

Out-of-town speakers included District Commander, Charley Whitaker, Jim Cade and H. D. Woods, all of Lubbock.

Cherokee is Texas' leading tomato growing and shipping county.

Many Thousands of College Catalogs Are in Library

The general title of "a history of American education" might well be given a collection of nearly 33,000 college catalogs found in the University of Texas Library.

Included are catalogs from state universities, private and endowed schools, junior colleges, military,

technical, theological, art, music, and—more recently—nautical schools. Oldest in the 1823 publication of Transylvania University in Lexington.

Since "Chisos" means ghost spirits, Texas Chisos Mountains are believed to have been so named because of their changing color under the morning and evening sunlight.
