

# Beauty Said Prayers On 2nd Assault

SANTA ANA, Calif. (AP)—"I tried to reason with him the first time he attacked me, but this time I just prayed."

DONNA MAY SCHURR  
Victim of second attack

Beauty queen Donna Schurr, 18, spoke softly as she told sheriff's officers how she was dragged from her Garden Grove home and raped by the same man who assaulted her last March.

"I said the Lord's Prayer and all the other prayers I knew. I said a prayer for him."

Captured after a 100 m.p.h. auto chase by Miss Schurr's fiancé Lloyd Brett, 21, was Jack James Walker, 25, a 200-pound auto upholsterer. Officers said he admitted the attack.

Walker told deputies he is married, a father and his wife is expecting a second child. He was charged with rape, kidnapping and first-degree burglary. California law permits the death penalty in kidnap cases where injury occurs.

Officers said Walker also admitted hiding in the pretty art student's car and assaulting her last March. At that time, Miss Schurr, Miss California in Long Beach last summer, where she placed fourth, drew a picture of her assailant. Officers termed it very accurate.

Miss Schurr said she was alone and preparing for bed Tuesday night when Walker broke into her home. He had a knife. She screamed.

"He told me to shut up or he would kill me. I pulled over as many things as I could when he dragged me out of the house. I wanted my mother to know there had been a struggle."

Walker cut her hand when she resisted him and then drove her to a partially finished house, where he forced her to submit, she said. Later he drove her home and let her out of the car near the home.

Brett told officers he had stopped by Miss Schurr's home after he finished work. He found the house in disorder and drove around the neighborhood looking for her.

"Just as I turned the corner I saw my little darling in the headlights," he said. "I heard her screaming. I got after the man right away. He was never out of my sight. My speedometer read 110 m.p.h. at one time. Finally I forced Walker's car to the curb."

Two California highway patrolmen who had followed the speeding pair arrived at the same time and quickly disarmed Brett, who they

# Shoemaker Is 'Holding Own' Medics Report

WACO (AP)—Attendants said today A. B. Shoemaker, president of the defunct U. S. Trust and Guaranty Co. who shot himself through the head Saturday night, was "holding his own and doing a little better."

Doctors said his condition was still "very critical."

"If he lives a couple of more days, he could be on the road to recovery," his physician has said.

The insurance company executive, 60, shot himself in the right temple. The steel-jacketed bullet went through his skull and emerged through the left temple. It did not hit the optic or motor nerves.

He first wrote three suicide notes and turned on the gas from two stoves in his palatial estate here. The notes said he had no money with which to defend himself in the receivership case against the insurance company. Creditors have claimed they may lose up to seven million dollars.

In a special message, the President also asked authority for federal grants for the next five years to help conquer the nation's critical school shortage.

The states would be required to match the federal grants for construction.

The matching, however, would be under a formula whereby the wealthiest states put up \$2 for each \$1 of federal money while the poorer states would get \$2 for each \$1 they put out.

Eisenhower said a cardinal principle of his program is that "federal grants must not reduce the incentive for state and local efforts — but rather should stimulate an increase in such efforts."

"With this program," Eisenhower said in his 2,600-word message, "we can lay the basis for better education in America in the years ahead. In this way we keep faith

with our children."

He made no mention of a question already stirring Congress — whether federal education aid should go only to states adhering to the Supreme Court's ruling barring race segregation.

One reason Congress got nowhere in the last session on school aid was a split over this question. Eisenhower's plan for needier states to get the biggest share of

federal money collides with a bill by Rep. Kelley (D-Pa.) which would supply 1 1/4 billion in federal grants over a four-year period. This bill, already approved by the House Education Committee, is due for early action.

The Kelley plan would provide money to the states on the basis of the number of school age children.

## Message Also Asks Purchase Of \$750 Million School Bonds

WASHINGTON (AP)—President Eisenhower asked Congress today to provide 1 1/4 billion dollars in federal grants over the next five years to help conquer the nation's critical school shortage.

In a special message, the President also asked authority for federal grants for the next five years to help conquer the nation's critical school shortage.

Eisenhower cautioned his program should be considered only as an emergency measure designed to help states and local communities "overcome the nation's critical classroom shortage within five years."

"Once this shortage is overcome, the federal grant program can and must go forward without federal funds, to meet their current and future needs. Present construction levels indicate their ability to do this."

A fact sheet issued by the Department of Welfare in connection with the message estimated that school construction needs over the next five years will be about 470,000 classrooms.

# LATE BULLETIN

of the million-dollar Brinks robbery in Boston in January, 1950, was announced today by the Justice Department. Eight men are in custody.

FBI Director J. Edgar Hoover said FBI agents had arrested six members of the daring gang responsible for the robbery, that two more robbers are now in prison for other offenses, and that one participant is dead.

The announcement followed six years of perhaps the most intensive investigation the FBI has ever concentrated on a single case.

The Brink's loot, carried away by a large group of Halloween-masked men, included \$1,218,211 in cash and \$1,557,183 in checks, money orders and other securities.

mission acted. The committee had asked him to bring the written records to yesterday's session.

Bracewell asked the House Investigating Committee which meets here next week to "investigate the use of political influence" in Texas insurance troubles.

Developments came on other fronts of the investigation of insurance and investment companies.

In Dallas four officials of two investment companies were charged with theft of funds from their firms. They were M. A. Ward and A. D. Holdcraft, president and vice president of the Mercantile Investment Corp., and James Gragg and Elbert Ascue Jr., former comptroller and assistant to the president of Longhorn Investment Co.

Freeman Hearing Set For Friday

Hearing has been set for 10 a.m. Friday in the 118th district courtroom on B. E. Freeman's motion for probation of a two-year penitentiary sentence.

Freeman's motion, citing a good reputation and the fact that he never previously had been convicted of a felony, was filed Tuesday. The petitioner also offered restitution of any sum that the court should designate.

Freeman was found guilty early in December of embezzling \$2,320.70 in county funds while he was tax assessor during the latter part of 1952. An audit of tax office records from Jan. 1, 1949, through Dec. 31, 1952, the period when Freeman was tax assessor-collector, showed a total of \$9,395.97 in "unreported or under-reported" tax collections.

The former tax official was found guilty by a jury which fixed the penitentiary sentence. He appealed the verdict, but said in his petition for probation of the sentence that the appeal is being withdrawn.

# DESEGREGATION

## 'Colored' Sign Down At Depot

Desegregation has begun in one phase of the transportation industry here with the removal of "colored" signs from the waiting rooms.

The sign was removed from the waiting room at the T&P station Monday and agents there today stated there has been no incidents or commotion as a result.

But at the bus stations, there have been no changes as yet. Continental Trailways' station does not have a colored waiting room so there could be no change there.

Greyhound officials reported this morning they will have to wait for word from the Fort Worth office for any changes. And as yet no order has come from there. A district official from Abilene here today said they expect to have the signs removed until they hear from Fort Worth.

He added that they have had no trouble thus far.

Officials at T&P noted that the waiting rooms for colored have the same facilities both for seating and toilets as do the white section, and as a result there have been no repercussions previously, and they looked for none now.

They said that all colored patrons since the sign was taken down Monday have gone to the waiting room formerly marked colored.

# Fairview Road Contract Let

Contract has been awarded to Ernest Lloyd of Fort Worth in the amount of \$47,266 for construction of five miles of lateral road in northwest Howard county.

Lloyd submitted the low bid Tuesday at Austin when the state highway commission received proposals for 658 miles of road.

The project is Farm 2230, and calls for five miles of grading, structures and surfacing on U.S. 87 at Fairview west. This is on the old Lamesa or Hiway community road.

Lloyd is also contractor for 12.5 miles of lateral road on U.S. 87 west through Elbow to Lomax and back to the present Lomax road coming south off U.S. 80 12 miles west of Big Spring.

Missionaries Believed Seen

NEW YORK (AP)—A radio report from Quito, Ecuador, today said two men waving white flags were sighted on a sandy river beach in the Amazon jungle area where five U. S. missionaries were seized by savage Aucas Indians.

Dr. Clarence W. Jones, president of the World Radio Missionary Fellowship, related the report in a radiotelephone interview with Dave Garroway of the National Broadcasting Co., terming it "the best word we've had in the last few days."

Air Force and missionary pilots previously have spotted two bodies near the stripped Piper plane in which the missionaries had flown to the jungle site in an effort to contact the Aucas. The bodies were not identified.

# Blast Victim At Lamesa Satisfactory

LAMESA — Condition of DeWayne Nelson, injured when a blast of gasoline fumes severely damaged a service station on the Seminole Road Tuesday night, was satisfactory today. He sustained second and third degree burns about the head, hands and face when vapor from the gasoline used to clean a grease rack ignited.

# Wilson Orders New Study On Weapons

WASHINGTON (AP)—Secretary of Defense Wilson told Congress today he has ordered the high command to make a "complete and careful" new study of the military progress and changes in the weapons field and the international situation.

He wants the picture of what may be needed in the next three years.

In testimony prepared for the Senate Armed Services Committee, Wilson also disclosed that military manpower will increase to about 2,840,000 by the end of the next fiscal year from the 2,814,000 estimated for June 30.

# SALESMAN HELD

## Abortion Feared In Blonde's Death

NEW YORK (AP)—A young salesman is being held as a material witness in the baffling disappearance of a 20-year-old blonde. After questioning several other men, authorities termed the case "almost certainly a criminal homicide."

"Criminal homicide" is a legal charge which could possibly mean that Jacqueline Smith died at the hands of a bungling abortionist.

Held in \$25,000 bail yesterday was 24-year-old Thomas G. Daniel, who steadily dated Miss Smith since last June. The girl has been missing since she visited Daniel's apartment Christmas Eve.

Police said the search for the girl started Dec. 30, when her father — coming here to spend the New Year's holiday with her — reported she was missing.

Authorities said Daniel has given conflicting stories about his girl friend's disappearance: that she walked out while he dozed on a couch; that she committed suicide with a knife when he refused to marry her and he dumped her body into the Hudson River; and that a second man was involved.

Police believe the girl is dead. Asst. Dist. Atty. Alexander Herman said:

"The reason I can't be positive about it is because of circumstances and that is because her body has not been found."

He has vital information concerning the disappearance and almost certainly Criminal Homicide of Jacqueline Smith.

Deputy Chief Inspector Edward Byrnes told newsmen: "There is a possibility that the body may have been dissected."

Also questioned yesterday was Leo Pejuan, a longtime hospital attendant. In Pejuan's Manhattan apartment, police said, they found a bag of surgical instruments "stolen from the various hospitals where he had worked."

Asked if the instruments could have been used for an abortion, Byrnes said, "Some of them could have been used for that purpose."

Police also questioned two other men.

Police yesterday dragged the Hudson River at 95th Street, the spot where Daniel purportedly said he disposed of the girl's body. Other areas, including the East River, may be dragged today.

Daniel, Greek-born, came to New York from Warren, Ohio, in 1953. Miss Smith came here a year and a half ago from Lebanon, Pa.

# Israel Faces Strong Rap For Syria Attack

UNITED NATIONS (AP)—Israel today faced a strong U.N. condemnation for a Dec. 11 attack on Syria and a warning that further such incidents would bring sterner measures.

Both Russia and the big Western powers were pressing for such action in the 11-nation Security Council meeting to consider their rival proposals.

The other council members were reported in general agreement that the body must go this far at least. The main point at issue was what form the resolution should take.

### Insurance Chief Denies Shivers Political Funds

AUSTIN (AP)—Life insurance commissioner Garland Smith said yesterday he accepted but did not solicit contributions in behalf of Gov. Shivers' 1954 campaign. He denied he ever accepted contributions from insurance companies for Shivers' race. "These are the facts," Smith said. "Knowing of my association with Gov. Shivers, both as his manager for lieutenant governor and later as administrative assistant to him as governor, naturally some friends offered contributions to his 1954 campaign through me. I accepted them and turned them in to campaign headquarters. The amounts were small. They were from people from all walks of life. "I did not keep any records, so I do not have any amounts or names." He said some donations might have come from insurance men. Shivers' only comment was: "My expenses and contributions are a public record, on file in the secretary of state's office, where they are available for anyone to see." His sworn statement of campaign expenses after his 1954 race against Ralph Yarborough listed spending of \$285,121 and \$242,067 in contributions.

### No Incidents In ICC Race Ruling

By The Associated Press  
The Interstate Commerce Commission ruling that Negro and white passengers could not be segregated in interstate travel went into effect this week with little furor in Texas.

At least two Texas cities reported that white and colored signs had been taken down in waiting rooms in rail terminals. In several other cities Negro waiting room signs were changed to read "Colored for Intra-State Passengers." In other cities the signs were still up.

No incidents have been reported. When the ruling was first made, bus and railroad officials in Texas said that for some time no effort had been made to enforce the state segregation law aboard vehicles. Some railroad officials said there was no segregation aboard their trains. Other transport officials said that if a Negro had sat in a white section aboard a vehicle he would be asked to move but that if he declined to do so no issue was made of it.

The white and Negro signs were removed from the T&P station at Marshall and at the Southern Pacific and Missouri Pacific stations in San Antonio. They remained up in the Missouri-Kansas-Texas depot and in bus stations at San Antonio. At Paris the sign on the Negro waiting room had been changed to read "colored for intra-state passengers."

### 66 Koreans Die In Ship Fire

SEOUL (AP)—Sixty-six passengers, trapped in a third-class cabin, were burned to death today as flames roared through a small coastal ship, Korean national police reported. Police said a cabin boy dropped a kerosene lamp, turning the cluttered, below-deck cabin into an inferno. The cabin boy, Park Chong Chul, 20, and the cabin, Kim Han Suk, were arrested on a charge of negligence.

The 130-ton ship was docked at Samchonpo, about 60 miles west of Pusan on Korea's southern coast. Eighteen persons were reported injured. The 66 dead included 7 small children.

Flames boiled up from the straw mat floor, spread to cotton quilts and blankets. Within seconds the tiny cabin was a sea of flames. First class passengers scurried to safety, but nearly all the third-class occupants were trapped and died, police said. The ship was reported carrying 127 passengers. The fire raged for three hours, almost completely consuming the vessel.

### Ex-Mayor Reveals 3-Year-old Marriage

LOS ANGELES (AP)—Frank L. Shaw, 79, ex-mayor of Los Angeles, walked down the gangway of a freighter at nearby Wilmington with a pretty blonde on his arm, and told newsmen: "Fellows, I'm going to let you in on a little secret. This is Mrs. Dortha Sheehan Shaw, my wife since Feb. 2, 1953." Shaw said he and the 25-year-old ex-secretary had just returned yesterday from their third honeymoon. This time they visited South America, he said. Previous junkets were to Hawaii and Europe. Shaw was mayor from 1933 to 1938. His first wife, Cora, died in 1951 at the age of 68. "We're very happy," said Mrs. Shaw. "The difference in our ages makes no difference to us."

### Fifth Rainy Day In New England

BOSTON (AP)—This is the fifth day of rain in New England—and the Weather Bureau says "all we can promise is more rain."

The U. S. forecaster at Boston added that for a bit of variety there will be some freezing rain or sleet in northern Maine, New Hampshire and Vermont today.

He said also there is a chance for some snow in Vermont tonight and that Massachusetts, New Hampshire and Rhode Island may have some snow-mixed-with-rain tomorrow. Little danger of floods was seen by authorities as ice jams on thawing streams broke up yesterday in many parts of New England and released backed-up waters.

The movement of a mile-long ice field in the Merrimack River was accompanied by the temporary evacuation of 30 families in Methuen.

### Official To Make Burglary Charge Pleas Next Week

CHANDLER, Okla. (AP)—Joe Taylor, Ardmore city commissioner, will make formal pleas on six burglary charges at two hearings next week.

Taylor, accused of masterminding a two-state burglary ring, will go before Justice of Peace G. W. Griggs at Pauls Valley Tuesday on four Garvin County burglary charges.

Hearing will be Jan. 19 before Justice of Peace C. C. Curry at Chandler on two Lincoln County burglary charges. The Ardmore official faces 17 burglary charges in Wichita Falls. He has denied all charges, asserting they are a plot to ruin him politically.

After five days in jail, Taylor went free yesterday by posting bonds on 11 charges. He posted \$10,000 bond on four Garvin County charges stemming from burglaries

Nov. 27 at Stratford, and \$5,000 bond on five Texas charges. A sixth Texas warrant was thrown out because it was worded wrong.

Taylor was brought then to Chandler and arraigned on the two Lincoln County charges, accusing him of taking part in motor company burglaries Dec. 3 at Prague. He posted \$4,000 bond here.

Figure With Curves

Victoria Shaw, who was discovered by Bob Hope in Australia, deplores the overly-thin fashion models in the United States. She likes a woman to be slender, but she also prefers well-rounded figures.

HOLLYWOOD BEAUTY

You Can Get Too Thin Says This Newcomer

By LYDIA LANE  
HOLLYWOOD — Hollywood is a magnet which draws beauty and talent from the four corners of the earth. The newest Cinderella is Victoria Shaw from Australia. She was discovered by Bob Hope when he was in Sydney on an entertainment tour and he brought her back to Hollywood.

my skin. I've always tended to ward dry skin but Sydney has a much cooler, damper type of weather.

"How did you work out your dry skin problem?" I wanted to know. "I don't use soap any more. After rinsing my face in the morning I use a circulation lotion to freshen my skin. Then I put on a few drops of a blend of oils.

"When I'm working I'm extra careful about removing my make-up thoroughly. I like to use a liquid cleansing cream and then open the pores with hot cloths to let it penetrate. When I'm sure my face is clean, I press in a few drops of oil again.

Even natural beauties like Victoria have their problems. "When I'm tired I get dark circles under my eyes," she told me. "This is inherited — my mother and even my little sister react this way.

"I get around it by using a lighter shade of make-up than my skin tone on the dark area and this hides the circles pretty well."

Victoria feels very strongly about the emaciated figures of the American girls.

"It's most unnatural and definitely unfeminine for a woman to be as thin as your fashion models," she announced. "In Sydney the models are slender but they have well-rounded figures, and I must say I think they are more appealing than the angular figures your models strive for."

Victoria admitted that the studio asked her to diet, but let her choose her own method.

"My mother sent me a special diet which her doctor gave her but he warned that it was not to be followed more than twice a year. My mother lost eight pounds in five days with it. It's a very efficient diet because it works on the body chemistry and happens to allow large quantities of eggs, tomatoes and steak which I am very fond of," she said with a smile.

HIGH PROTEIN DIET  
That special diet which Victoria's mother passed on to her is available in Leaflet M-1, the "High Protein Diet." Precise menus for each day of the week are laid out, with a list of Do's and Don'ts to make the diet more effective. A copy will be yours when you send 5 cents AND a self-addressed, stamped envelope to Lydia Lane, Hollywood Beauty, in care of The Big Spring Herald.

Spoudazio Fora Has Program By Frazier

Guest speaker for the Spoudazio Fora Study Club Tuesday night was James Bruce Frazier, instructor at the Howard County Junior College. The club met in the home of Mrs. W. W. Lansing with Mrs. Glen Brown as cohostess.

Mr. Frazier, through his talk on "Texas Look At Natural Resources," pointed out that Texas has a great potential of further development of the many resources available. Mrs. Jack Watkins had charge of the program.

Plans were discussed for entertainment at the State Hospital by the club. Refreshments were served followed by a social hour. Mrs. C. C. Ryan Jr. was a guest.

Look 'Ladylike' Both Daytime And Evening

By DOROTHY ROE  
NEW YORK — Ladies will look ladylike this spring, whether in slim daytime sheath dresses that fit them like the paper on the wall, or in floating clouds of chiffon after dark.

There are two extremes in the new fashions for spring, as shown this week to some 200 visiting fashion editors representing newspapers throughout the country. One is the straight, narrow, understated column silhouette. The other is the strictly feminine, often full-skirted, always flattering cocktail or evening gown.

Roxane, designing for Samuel Winston, revives a gentle and nostalgic fashion in her pleated chiffon short formal dresses. An outstanding example is a dress of gossamer-thin black silk chiffon, its full yolk using yards and yards of tiny pleats, its bodice smoothly fitted with neckline scooped to the back, with a waist-length cape of the same pleated chiffon tied at the neck with narrow silk shoestrings. There is

something definitely alluring and utterly feminine about black chiffon, a fact that some designers have overlooked for the past few seasons. Roxane rediscovers it and uses her discovery with telling effect.

Karen Stark, designing for Harvey Berlin, also shows a beautiful and feminine collection accenting slim lines for daytime, full skirts for party wear, and her signature touches such as lace appliques and inserts, delicate embroidery and subtle dressmaker touches.

Editors got a capsule picture of junior styles for spring in a combined showing of youthful styles by Mr. Mort, Junior Sophisticates and Reich-Goldfarb, all of which follow the main lines of the adult mode in slim lines for daytime, frou-frou for evening and distinction in beauty and variety of fabrics.

Girl Scout Workers To Meet Here

Today the district meeting of volunteer Girl Scout workers will be held at the Wesley Methodist Church. About 100 workers from 13 counties are expected to attend the all day meeting.

At 10 a.m., there was a meeting of the board and of the senior planning board. Also during the day, there will be reports from the district meeting in San Francisco, Calif.; evaluation and reports from committees; election of officers; and installation of officers.

The theme of the meeting is "The Americans"

Catholic Society To Have Benefit Party In February

At a meeting of St. Thomas Altar Society Tuesday evening in the church hall, members planned a benefit party to be given Feb. 14. Proceeds will go into the building fund.

A report that \$70 was made from a sale of Christmas cards was given by Miss Carrie Scholz, chairman of that committee. It was announced that the Society will be hostesses at the Service Men's Center on Jan. 29.

Father William J. Moore opened the meeting with a prayer. Mrs. L. D. Jenkins served as secretary for Mrs. John Flynn and as treasurer for Mrs. Joseph Linneman.

New members introduced were Mrs. Ray Broussard, Mrs. Maurice Smith and Mrs. Thomas Armstrong. A guest was Mrs. Bob Parker of Hamlin, who is visiting Mrs. R. C. Frayser. Nine women and Father Moore attended the meeting.

College Heights P-TA To Sponsor Procedure Course

At an executive meeting of the College-Heights P-TA Wednesday afternoon at the school, officers decided to cancel the regular meeting scheduled for this afternoon.

The announcement was made of a parliamentary procedure course to be held Jan. 18. Members are urged to take this course, which will be taught by Mrs. R. D. Bell of San Antonio. She is the first vice president of the state organization. Place for the course will be announced.

Mothers, who will help with the Mothers' March on Polio on Jan. 31, are asked to call Mrs. W. S. Goodlett Jr. at 4-7194.

Appointed as hostesses for the party at the Veterans Hospital were Mrs. D. D. Johnston, Mrs. Jarrrell Jones and Mrs. Buford Hull. This is to be given Jan. 19.

Girl Scouts Discuss Troop Dramatic Badge

Girl Scout Troop 6 acted out pantomimes when they met Wednesday afternoon at the home of Mrs. H. E. Bost. They also discussed requirements for troop dramatic badges.

The vice president, Alice Bost, presided during the business session. Refreshments were served to seven girl and one visitor, Martha Bost.

The meeting closed with a friendship circle.

Rebekahs Install Officers

Officers were installed when the Big Spring Rebekah Lodge No. 284 met Tuesday night at the IOOF Hall.

The ceremony was conducted by district deputy president Frances Shank and the installing staff, which includes Mrs. Gordon Gross, Mrs. Leon Cain, Mrs. Eugene Thomas, Mrs. Charlie Boland, Mrs. Earl Wilson, Mrs. A. C. Wilkerson, Mrs. Albert Gilliland, Mrs. Fred Coleman and Mrs. Charles Herring.

Mrs. Egelee Patterson was installed as noble grand. Vice grand was Mrs. Lonnie Griffith, and Ruby Brown was recording secretary. Financial secretary was Mrs. Henry Rogers. Mrs. Tom McAdams is warden and Mrs. Earl Wilson is conductor. Mrs. J. C. Morrison will be the chaplain. Musician for the term will be Mrs. Boland.

Mrs. K. J. Nielsen was escorted to a station and presented the past noble grand pin by Mrs. Gross. Mrs. Boland accompanied herself at the piano as she sang "At the End of a Perfect Year."

Announcement was made of a coffee to be held in the home of Mrs. Boland, 104 W. 16th Jan. 17 from 9:30 to 11 a.m. The public is invited to attend. Hostesses will be Mrs. Boland, Mrs. Nielsen, Mrs. Bill Graddy and Mrs. A. F. Hill. The proceeds will go to the polio fund.

Refreshments were served to 51.

Program On Annuals Given Gardeners

The program for the Green Thumb Garden Club Tuesday when they met in the home of Mrs. J. O. McCrary was on "Annuals."

Mrs. Hank Gwyn Jr. told the group what to plant and how to take care of the plants after they are up.

The club decided to help at the Servicemen's Center again this year. Announcement was made of the Flower Show School to be held Jan. 17-19 at the Episcopal Parish House.

Eleven members were present. The next meeting will be at the home of Mrs. Roy Sloan at the State Hospital on Feb. 7. Mrs. Fred Lutting will be in charge of the meeting on "Perennials."

Plans To Care For Gardeners' Children

Mrs. Bruce Frazier has announced that arrangements have been made for special rates at a nursery for children of mothers attending the Flower Show School Tuesday, Wednesday and Thursday.

Seven hours of care and lunch will be provided for \$1.25 per day at the nursery of Mrs. Essie Hubbard, 706 1/2 Nolan.

The school will cover two and a half days and will be held at the Episcopal Parish House. It is open to garden club members only, and all members are urged to attend.

Past Matrons Have Dinner In Home Of Mrs. George Hall

Committees were appointed at a dinner meeting of the Past Matrons Tuesday evening in the home of Mrs. George Hall, with Mrs. Allen Hull and Mrs. J. D. Benson as cohostesses.

Included are Mrs. Willard Read and Mrs. George Pitman as the telephone committee and Mrs. G. C. Graves and Mrs. George Dabney as the visiting committee.

Following a dinner, the group played bingo, with Mrs. Benson as caller. Winner of high score was Mrs. Read. A report on the Christmas activities for shut-ins was given.

Star sister gifts were exchanged, and birthdays for Mrs. Sam McComb and Mrs. Elmer Boudier were observed.

Hostesses for next time were announced. They will be Mrs. Beulah Carnrike, Mrs. Euta Hall and Mrs. Theo Andrews.

Mrs. Irons Will Head Dance Club

Mrs. Jack Irons was elected president of the Wednesday Night Dance Club at a dinner and business meeting Wednesday evening at Cosden Country Club. According to the custom of the club, the husband of the president automatically becomes secretary-treasurer.

Members voted to make the October dance a masquerade affair with a prize to be given for the best-costumed man and woman.

Three vacancies were filled by the election of Mr. and Mrs. Dick Johnson, Mr. and Mrs. Fred Kasch and Mr. and Mrs. Jack Cook.

Choice of the orchestra and the place for each of the four dances will be decided by the officers in combination with a committee of members.

The dinner was a buffet affair, and guests were seated at tables in "U" shape. Head table was decorated with an arrangement of white and deep rose stock, which was presented to Mrs. Doug Orme, out-going president.

About 31 couples attended the meeting. Host couples were Mr. and Mrs. Don Burk, chairmen, Mr. and Mrs. R. P. Kountz, Mr. and Mrs. Obie Bristow, Mr. and Mrs. J. R. Hatch, Mr. and Mrs. Bob Whipple, Mr. and Mrs. Omar Pittman, Dr. and Mrs. Fred Lutting, Dr. and Mrs. George Peacock, Dr. and Mrs. Floyd Mays and Mrs. B. L. LeFever.

Knott HD Club Has Officer Installation

During a meeting of the Knott Home Demonstration Club, officers were installed and the yearbooks were completed. Mrs. Robert Brown was hostess to the group on Tuesday.

Roll call was answered with a useful household hint. Mrs. Wiley Burchell gave the devotion. Club leaders and demonstrators were appointed.

Members voted to bring the hostess of each meeting a gift. A general discussion of the work for the coming year was held and a recreation hour followed with Mrs. Larry Shaw in charge.

The next meeting was set for the home of Mrs. Burchell Jan. 24. Eight members attended Tuesday's session.

Mr. and Mrs. R. O. Carothers and their daughters, Deborah Carol and Barbara Ann, 4005 Stadium, have returned from a recent visit with Mrs. Carothers' parents, Mr. and Mrs. E. A. Fillman, in El Paso.

Methodists Slate TV Workshop In Dallas Next Week

DALLAS — Representatives from the South Central Methodist Jurisdiction are expected to attend a four-day television workshop to be held at First Methodist Church, Dallas, Monday, through Thursday. **City Paints Own Segregation Signs**

The city of Jackson, Miss., said it would put up its own segregation signs in the railroad station after the Illinois Central Railroad workers removed "colored" and "white" signs in compliance with an ICC order. Police will enforce segregation. Negro city worker Robert Wheaton paints the new signs as W. O. Wall and John W. Haley, city employes, watch.

**Soviet Union Sharply Steps Up Offers Of Aid To India**

NEW DELHI, India (AP) — The Soviet Union is reported sharply stepping up its offers of economic assistance to India. Indian officials disclosed that the Russians have offered to build a complete aluminum industry and to expand a major hydroelectric project in this country. These and previous Soviet offers to build a steel mill and aid Indian oil exploration are believed only a beginning in the Russian campaign. Informants say, however, the Reds are finding the going slow, with the Indians examining every angle of any Russian proposition. Indian officials so far will confirm only the Russian offer for the aluminum and hydroelectric projects, which they say are both still in the discussion stage. It was understood the unresolved factors include prices and credit terms. India's small aluminum industry now produces about 7,000 tons a year. The second five-year plan starting in April calls for boosting production to 30,000 tons. Officials said Russia has offered to supply technicians and machinery in aid of the undertaking all along the line. The hydroelectric project is at Machkund, in Andhra state. Already under construction, it will have a capacity of about 120,000 kilowatts. The amount of the Soviet proposal was not disclosed, but U. S. engineers estimate expansion of the Machkund project would involve about 20 million dollars. It is believed the aluminum proposal would cost at least that much.

**Jess-Talkin**  
by Jess Blair

There is still some grass on the Claude Collins Ranch in Southern Borden County, but it won't last more than another month, said John Blackburn, ranch foreman. They are feeding range cubes to about 120 head of cattle and 900 sheep. "If we don't get a rain in the next month, we'll probably have to start feeding alfalfa hay," he said. The ranch got plenty of rain last spring and early summer, but the last moisture to amount to anything fell in October. Blackburn said Collins' ranch in Sterling County was very dry, and has only 12 head of cattle on it. Doris Bissard is leaving the Loma community here this winter. He will start building a house on a 320-acre block just west of the St. Lawrence store in February and move to it. He is also having another well drilled now, and hopes to get a second one before irrigation season. On Bissard's lake farm north of St. Lawrence he made two bales of cotton per acre. He had three wells for this crop, and will have five in operation next season. Last fall Bissard said there was no comparison between irrigation and dryland farming, and he hoped to spend most of his time on the irrigation land. The Shroyer Ranch in north Howard County is not worrying too much about a feed shortage. They put up a lot of African millet for silage and have been feeding it. James Grissard, who manages the cattle, said the millet was a better dry weather crop than he had made a sweet, high quality silage. The ranch was in the path of several good rains last spring and summer and grew a lot of new grass. It is still affording some grazing, and with the silage is expected to last through the winter. Grissard said they were creeping the calves with cottonseed meal, ground maize and silage. Every spring the question comes up: How late can you plant cotton and still make a good crop? This last year E. L. Newsom of the Lee's Community got his cotton blown out on June 8. He didn't get it replanted till the 20th of the month. In spite of dry weather, hail and other natural calamities, it made a quarter bale to the acre. And if the freeze had stayed off a couple of weeks later, he would have really made a good yield. As winter wears on toward the windy months of February and March, another dust bowl is in the making. H. N. Smith, the head of the Soil Conservation Service in Texas, says a big one is in Oklahoma, New Mexico and West Texas, as may develop, with its southern boundary taking in all the High Plains. Consensus of farmers and ranchers is that the ground is better protected than during the windy springs of 1952 and 1953. Very little feed stubble has been grazed down, and the cotton stalks are larger than usual. Some blowing will occur, they say, but it won't be as severe in this locality as it was in '52 and '53. The insect crop next summer may rival that of 1955, if we get a wet season, says County Agent James Taylor. The infestation depends upon a number of things, but the amount of moisture is the main one. Taylor thinks a big part of the insect crop was saved because farmers started their insect control program early and stayed with it. Ralph Proctor, farming north of Big Spring, made 1,380 pounds of maize per acre on a 14-acre patch, but part of the fields were hardly worth combining. He says planting two rows in and one out will grow more maize over a five-year period than planting regular width rows. Proctor doesn't intend to go along with some farmers who leave four blank rows. He says that is too much open space and leaves the land unprotected against blowing. His cotton averaged only about a fourth of a bale. It looked good for awhile but the hot winds in August caused a lot of shedding. With dry weather gripping West Texas and the spring winds just a few weeks ahead, farmers are again worrying about planting moisture. In some places, Fort Worth and Paint Rock in particular, people are meeting together to pray for rain. Now this is not meant in a spirit of levity but it does bring to mind a story told at a ginners' meeting in Lubbock two years ago. A man from Georgia told about a small rural church praying for rain. As the prayer ended, the clouds darkened and big drops began to fall. It rained every day and the next Sunday when the congregation gathered, water was up into the church. The preacher looked out at the floor, lifted his eyes and said: "Lord, I know we asked for rain, but this is ridiculous!" Owen Kelly, who raises Shetland ponies at his place west of Stanton, says the market is so brisk that he has a hard time keeping the little horses. He has sold down to 14 now, but doesn't intend to go out of business in fact, the Shetland ponies were never so much in demand, with more buyers than sellers. He says a lot of new people are getting into the business, particularly older people who have retired and want something to do. Kelly sold his stallion Champ, but now has another one, a dapple horse, with silver mane. He says Shetlands are easier to raise than big horses. They eat only a third as much and are much gentler. Even the stallions can be gentled so a boy can handle them. Most of his horses get shaggy this time of year. They originally came from the cold, wet Shetland Islands off the coast of Europe, and with the coming of frost their hair starts growing.

### Detroit Papers Strike May End By Monday

DETROIT (AP)—The possibility that Detroit's three strikebound newspapers would resume publication by Monday rose today after leaders of three striking unions said they would recommend acceptance of management's latest contract proposals.

The city's three metropolitan dailies—the Free Press, News and the Times—have been shut down since Dec. 1.

The striking unions—stereotypers, mailers and printers—scheduled Saturday membership meetings to vote on the publishers' offer of a \$3.75 weekly wage increase on 12-month contracts expiring Nov. 30.

The color and advance copy issues were turned over to a joint management-union study committee for decision later.

Most observers said chances were bright that publication would resume Monday.

The publishers also are negotiating contracts with the photographers, teamsters and Newspaper Guild, none of which is on strike, but whose contracts have expired.

### Yank Troupe Nearly Gets Stage Fright As Red Chiefs Show

MOSCOW (AP)—Performers in "Porgy and Bess" all but got stage fright last night when top Soviet officials, including Communist party chief Nikita S. Khrushchev, suddenly appeared at the show.

The cast of the George Gershwin-Dubose Heyward opera had no advance word the officials would show up until they saw them file into their box at the Stanislavsky Theater.

A hurried call was sent to producer-director Robert Breen, who had gone off with his wife to see a Bolshoi Theater production of the ballet "Swan Lake."

Khrushchev's party included foreign Minister V. M. Molotov, former Premier Georgi M. Malenkov and top officials L. M. Kaganovich, M. A. Suslov and D. T. Shepilov.

The color and advance copy issues were turned over to a joint management-union study committee for decision later.

Most observers said chances were bright that publication would resume Monday.

The publishers also are negotiating contracts with the photographers, teamsters and Newspaper Guild, none of which is on strike, but whose contracts have expired.

The strike began Dec. 1 when 116 stereotypers left their jobs when their contract expired.

Eight unions were engaged in contract talks during the walkout. Federal and state mediators joined in efforts to end the creep.

### Officials Of 2 Dallas Investment Companies Face Theft Charges

DALLAS (AP)—Four officials of two Dallas investment firms faced today criminal charges accusing them with theft in connection with the operation of their companies.

The four are James Gragg and Elbert Ascue Jr., former comptroller and assistant to the president of Longhorn Investment Co., and M. A. Ward and A. D. Holdcraft, president and vice president of the Mercantile Investment Corp.

Gragg and Ascue were charged yesterday with theft of over \$50,000 cash and \$1,000 shares of Western Acceptance Corp. of Lubbock, now in receivership, into Longhorn.

Saxe, a Longhorn stockholder, said that when the officers and directors resigned and turned the company over to employees.

Richard Saxe, Midland attorney who represents Longhorn stockholders, said the stockholders put \$130,000 cash and \$1,000 shares of Western Acceptance Corp. of Lubbock, now in receivership, into Longhorn.

Saxe said Charles Adams, former president of Longhorn, called a stockholders meeting after the resignations and set it for Sept. 12 at Midland.

Gragg and Ascue are charged with stealing the \$5,000 which the company had on deposit with the secretary of state pending action on an application for a securities license.

Saxe said the \$130,000 is gone with no tangible assets to show for the money.

Stockholders met Tuesday at Midland and elected new officers. Saxe called the reorganization a "salvage operation."

### Abilene Due Bomber Wing

WASHINGTON (AP)—The Air Force said today a second B47 jet bomber wing will be assigned to its Abilene, Tex., Air Base.

Officials said the wing will be moved to Abilene in the latter half of 1957 to join the B47 wing already there.

The Defense Department said later the 96th Medium Bomber wing now stationed at the Altus (Okla.) Air Base, will be moved to Abilene.

No reduction in operations at Altus is likely as the Air Force is expected to be expanded by the time it is made.

Student Gets Post With H-SU Band

ABILENE (SC)—Recently elected chairman of the Life Service Band at Hardin-Simmons University is R. B. Hall Jr., son of Mr. and Mrs. R. B. Hall, Big Spring.

A sophomore at H-SU, Hall also is a member of the Baptist Student Union.

### 2 Awards Given By Frank Wood Conservation Unit

WICHITA FALLS (AP)—A San Antonio farmer-rancher and a Uvalde insurance man won two top prizes in the adult division of the Frank Wood Wildlife Conservation Awards program.

Ray Bellinger, who operates a farm-ranch near Pearsall, was selected as the farmer-rancher of Texas contributing most to wildlife conservation during 1955.

Four other area winners in each of the two divisions also were named by Porter:

Farmer-rancher—G. Y. Gillispie, Goodlett, Area 1; C. A. McDaniel, Odessa, Area 2; Duran Harrison, Ore City, Area 4; Joe Cunningham, Wichita Falls, Area 5.

Non-farmer-rancher—Charles Boynton, Quanah, game warden.

Farmer-rancher area winners will receive \$75 cash awards and plaques and non-farmer winners will receive plaques.

Why "Good-Time Charlie" Suffers Uneasy Bladder

Such a common thing as unwise eating or drinking may be a source of mild, but annoying bladder irritations—making you feel restless, tense, and uncomfortable.

Doan's Pills have three outstanding advantages—act in three ways for your speedy return to comfort.

### Mild Weather To Continue

By The Associated Press

The dry, mild weather Texas has had all week will continue Thursday and Friday, the Weather Bureau said.

Temperatures are expected to follow the same pattern. No rain has been reported and none was in sight.

Shortly before dawn temperatures ranged from 17 degrees at Junction to 50 at Corpus Christi.

Purchase Okayed

WASHINGTON (AP)—Grayson Enterprises, operating Radio KSYH at Wichita Falls, was authorized yesterday to buy the Wichita Falls TV station KWFT—TV from Rowley Brown Broadcasting Co. for \$750,000.

Kenyon Brown, now one-third owner of KWFT and KWFT-TV, will acquire full ownership of KWFT from his associates for \$750,000.

### Crippled Plane Lands Safely

NEW ORLEANS (AP)—They didn't tell us about the trouble until they almost had it fixed," a passenger said after a Capital Airlines plane made a safe landing here early today.

The plane reported it had a crippled landing gear and radioed the tower at Moisant International Airport that it might have to make an emergency landing.

But Ed Kestley of Forest Hills, N.Y., pilot of the Constellation, said he was able to lower the landing gear as he reached New Orleans and bring the plane in on a normal landing.

### Jury Puts Finger On Bank Book Thief

WHITE PLAINS, N.Y. (AP)—A Westchester County grand jury "put the finger" yesterday on 21-year-old Lollice Holley of Port Chester, N. Y., indicting him on charges of stealing the bank book of 77-year-old Tony Dennis.

Holley is accused of taking the book and signing Dennis' name to a \$96 withdrawal slip.

What Holley didn't know, police said, was that Dennis cannot write. He "signs" his withdrawal slips with his thumb print.

# Troops Rushed To Troubled Cyprus

LONDON (AP)—Britain began moving out under terms of the British-Egyptian Suez agreement and at the present rate it was anticipated the whole force would be out by the end of next month, 1-2 months ahead of schedule. The pact provides, however, that only 75 per cent of the original force must be out by Feb. 19 and the other 20,000 can stay until June 19. Informants said that in view of the troubled situation, the British may revert to the original schedule.

The Egyptian government has not commented on the possible change. The deployment of the airborne force to Cyprus and the possible canal slowdown reflected the Eden government's deep concern over the anti-British riots in normally pro-British Jordan.

The possibility Britain may slow down its Suez Canal evacuation came barely a month before the previously expected completion of the project. More than 65 per cent of the 80,000-man garrison already has

# Ex-Hitler Aide Says Body Was Partly Burned

CAMP FRIEDLAND, Germany (AP)—A member of Hitler's personal bodyguard released by the Russians said today that he helped burn the bodies of Hitler and his bride, Eva Braun, but that only their legs were completely destroyed.

Because of a gasoline shortage, Lt. Harry Mengershausen reported, the upper parts of the bodies escaped the flames and were "well recognizable." He said they were buried in a garden near the air raid shelter in which the pair had committed suicide.

Mengershausen added that several months after the Russians captured him, they took him back to the burial spot to identify the grave. He said the grave was empty, and that apparently the Russians wanted only to confirm the location.

His account supported earlier prison reports that the Russians had recovered the bodies or parts of the bodies.

Hitler's dentist, former Maj. Helmut Kunz, said on his release from Russia last October that he flew to Moscow in 1945 to identify Hitler's jawbone. He said the Russians previously had exhumed Hitler's remains.

Hitler's valet, Heinz Linge, related on his release from Russia that he carried Hitler's body out of the bunker and, with others, poured gasoline over it. Linge said they watched it burn for five minutes.

Mengershausen was one of 285 German prisoners who arrived here from the Soviet Union today.

# Veteran Texan Back In Federal Position

By TEX EASLEY WASHINGTON (AP)—One of the prominent Texans around town, out of federal service since the Republicans took over, is back in an important government job.

He is Mastin White, 52, once a University of Texas law instructor from Tyler. A nephew of Rep. Brady Gentry of Tyler, White has been appointed a commissioner of the U.S. Court of Claims.

White taught in the University at Austin from 1930-32 and came to Washington when Franklin D. Roosevelt took over in 1933. After being in the anti-trust division in the Justice Department, he was appointed solicitor of the Agriculture Department.

During the war he was back in Washington, appointed by former President Truman as solicitor of the Interior Department. He led the Interior Department's fight against Texas, incidentally, in the tidelands controversy.

With the "house cleaning" by Republicans soon after Eisenhower became President, White was out of government service for the first time in more than two decades. He set up a private law office here with former Sen. Tom Connally of Marlin.

The partnership now has been dissolved. The position of commissioner on the claims court is unlike that on any other federal agency or tribunal. Each of the 12 commissioners is empowered to conduct trials and reach findings which become final unless parties in suits want to appeal to the five judges of the court themselves.

The chief justice is Marvin Jones, once the Panhandle congressman. Another judge is Benjamin Littleton, born at Weatherford, although reared in Tennessee. Two other

commissioners are Texans—Wilson Cowen, formerly of Amarillo, and Paul McMurray, who calls Floyd-dada his legal residence, although his parents, Mr. and Mrs. J. H. McMurray live in Canyon.

Around the capital: Sen. Lyndon Johnson, in an intimate sort of press conference with only Texas correspondents, all personal friends, was asked how he really felt and if he were really going to slow down. He had a heart attack July 2.

"I think I'm getting along fine," Johnson said. He looked rested and relaxed as he talked.

"I'm not getting out as early as I use to. It's 8 o'clock or 9 o'clock before I get going in the mornings now. I try to get in bed by 11 o'clock.

"I suppose I put in a 50 to 60 hour work week, but I'm following the doctor's orders and breaking the day up with an hour or so rest or nap about 4 in the afternoon."

The senator said he is able to drop off to sleep almost instantly when he wants to, at any time or place.

He may do official business at any hour—sometimes a secretary brings papers to his home for him to look over just before he goes to bed. His doctors told him, he remarked, that tensions which could do him the most harm were worries over little matters and not big problems.

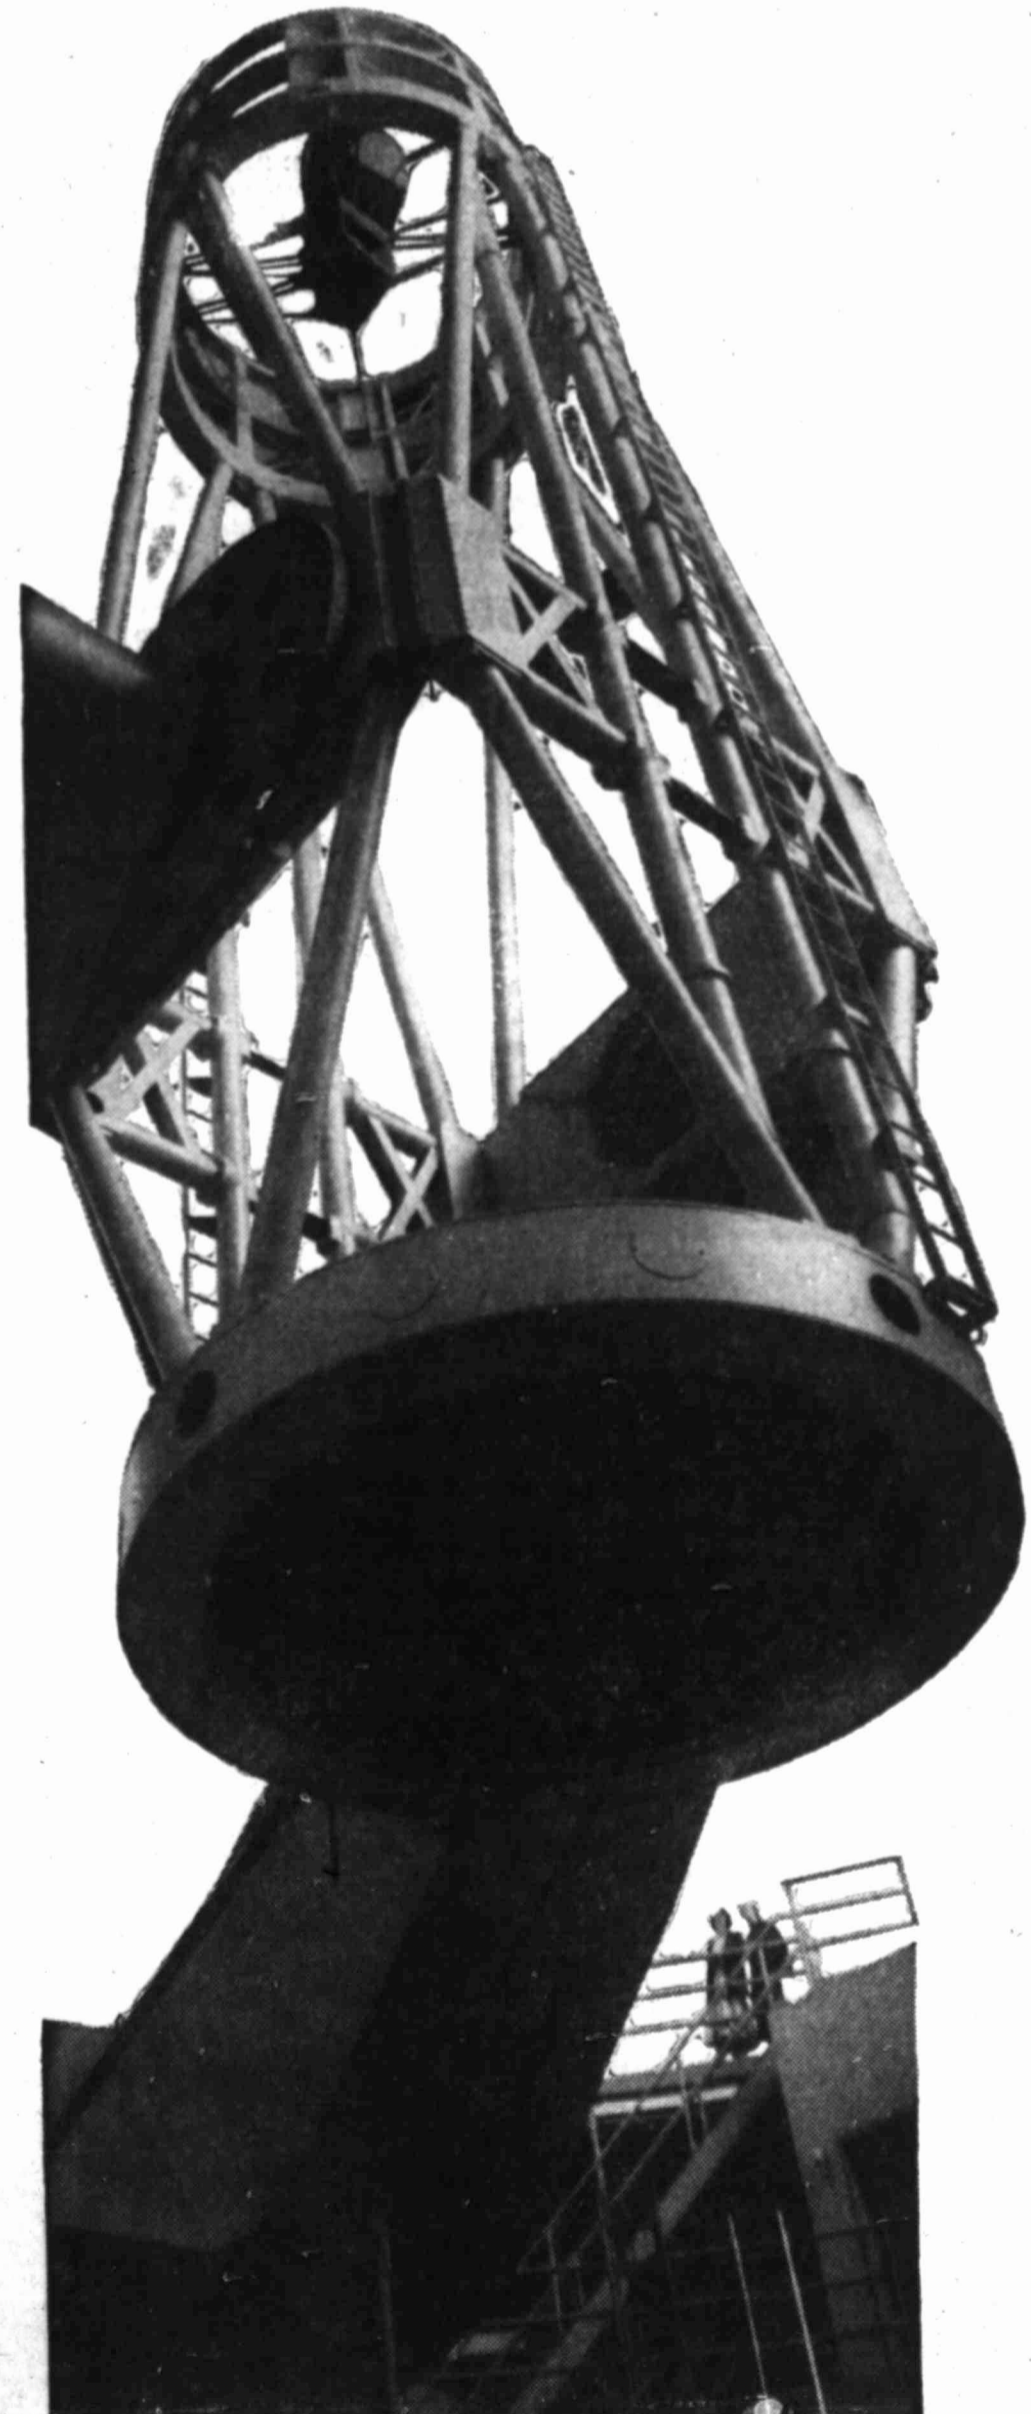

"So," he grinned, "I have to watch my temper with my secretaries over little mistakes."

Mrs. Tom Connally, wife of the former Texas senator, is reported making good recovery in their northwest Washington home. She underwent major abdominal surgery a week before Christmas.

Two-million dollar giant telescope at Lick Observatory, atop Mt. Hamilton, Calif., will open up new vistas to star-gazing astronomers.

### It takes a GIANT to open up new worlds

New markets can be new worlds to advertisers. But advertisers need the powerful services of a giant to open up their new worlds. This giant is the newspaper—a giant who lives in every town.

When sales-wise advertisers set their sights on a market, they use the newspaper to pin-point that market for them much the same way a telescope pin-points stars in the heavens.

Over 55,000,000 newspapers are bought daily by people in all walks of life who yearn to know everything that goes on—around the world and particularly around the corner.

Newspaper advertising is a straight line to sales for retailers, wholesalers and distributors. It moves the merchandise they sell—fast.

In today's competitive market every selling job is a giant selling job. Use a giant to do that job. Use the newspaper.

All business is local . . . and so are all newspapers.

## School Revenue For 4 Months Is \$648,000

The Big Spring Independent School District passed the half way mark on receipts and the one-third mark on disbursements in December.

Monthly financial statement filed with the board of trustees Tuesday evening showed revenues of \$648,073 for the first four months of the fiscal year. Of this amount \$542,429 went into the general fund and \$105,643.80 into interest and sinking. There was roughly \$125,000 state money included and about \$420,000 in local tax funds included.

Disbursements showed \$17,194 for administration, \$345,341.21 for instruction, \$10,739 for other school services, \$26,401 for operation of plant, \$12,353 for maintenance, \$1,037 for insurance, \$280 for community service, \$21,963 for capital outlay, \$22,026 for debt service.

Bank balance as of Dec. 31, 1955 was \$275,982 in the general fund, \$108,352 in the interest and sinking fund, a total of \$384,335.

## Motor Explodes, Workers Burned

Two men were burned in an oil field mishap early this morning. Lawrence Johnson, 814 W. 4th, and Vernon Southerland, Big Spring Courts, received first and second degree burns on the hands, arms, and face.

The accident occurred when they tried to start a pump motor. It exploded causing the injuries. The men are employed by D. H. Boodle, drilling contractor.

## Chilly Weather Stays In Southeast States

By The Associated Press A stagnant storm center off the Atlantic Coast brought more wet and chilly weather to wide areas in the eastern third of the nation today.

Florida and other southeast states, hit by the season's coldest weather since Sunday, didn't get much warming. In contrast, mild winter weather prevailed in most parts of the Northeast.

A mixture of rain, freezing rain and snow continued to dampen broad sections from Maine to western Tennessee and northern Alabama and Georgia.

## 20 Groups Helped Mental Patients During December

Outside participation in aiding patients and their morale reached a peak for the Big Spring State Hospital in December, Chaplain Clarence Thiele reported Wednesday.

During the month there were 20 groups who participated in presenting programs or entertainment, and 17 of these were from Big Spring. There were 293 individuals who came out to the hospital

to do some sort of volunteer service, reported Chaplain Thiele. Because of this help patients were able to select and mail home some 300 presents for Christmas, and themselves received 3,500 presents. There were a dozen cities represented in sending materials, services and volunteer personnel, including Stanton, Midland, Odessa, Abilene, Sweetwater, Lubbock, Big Spring, Gail, Lamesa, Seminole, Iraan, Pecos, and Kermit.

Participating from Stanton were Walgreen Drug, Exemplar chapter of Beta Sigma Phi, Garden Club, Study Club; from Midland were the chapter of State Mental Hospital Development Association of University of Texas, Garden Club, Modern Study Club; from Odessa, SMDHA chapter, Belmont Baptist Church, Cub Scout Den No. 4, Pack 21, Bonham Junior High Future Homemakers of America, Eagles Auxiliary, Cimri Tri-Hi-Y chapter, Dale Read from Gail — Borden County Sheriff's Posse from Lamesa, Junior Women's Study Club; from Seminole, Sophomore Class, American Association of University Women; from Iraan and Pecos, Future Homemakers of America; from Lubbock, Jaycees; from Kermit, First Baptist WMU.

The Big Spring list included Garden Club, Altrusa, FHA chapter No. 1, Junior High School, Faye's Flowers, Carolyn's Flowers, Estah Florist, Cottage of Flowers, Modern Woman's Forum, Rebekah Lodge No. 284, American Association of University Women, Airport Fourth grade, Exemplar chapter Beta Sigma Phi, Spoudiazos Fora, 1948 Hyperion, Men of the First Christian Church, Mu Zeta Chapter Beta Sigma Phi, Elrod Furniture, Salvation Army, Youth Fellowship First Methodist Church, Hemphill Wells, Green Thumb Garden Club, Shine Phillips, Elks, Rotary, Lions, Kiwanis, ABC, Jaycees, American Legion and VFW and their auxiliaries. B&PW Club.

Beauty culturists from Cisco, Abilene, Sweetwater, Lubbock, Big Spring, Midland and Odessa also aided by giving permanents.

## Elephants Cross New Bridge

LAREDO, Tex. (AP)—The new international bridge across the Rio Grande moved its first freight yesterday and the problem of getting two elephants into Mexico was solved.

For several days, Lucy, frisky at 45, and Dixie, mature at 65, had been munching their hay alongside cattle at the stockyards here while their owners tried to arrange transportation for them.

A truck sent from Mexico City to pick them up was in Nuevo Laredo, just across the river, but the driver didn't want to have to buy expensive Texas truck license plates to pick up his cargo. And the owners were unable to find a Texas truck driver who would take Lucy and Dixie, who together weigh nearly 16,000 pounds, across the temporary pontoon bridge being used since floods washed out the old bridge.

The new bridge was not to be opened to traffic until Saturday, but bridge officials relented yesterday to let Lucy and Dixie, en route from Oklahoma to a Mexico City circus, amble across to their waiting truck.

## U.S., India Reach Accord On Air Pact

NEW DELHI (AP)—The U.S. and India have agreed on a new air agreement. The old accord expired Jan. 1, 1955. U.S. air lines have been operating in India under a one-year interim agreement.

## Funds Approved

WASHINGTON (AP)—The Public Housing Authority approved yesterday planning funds for 418 new low-rent homes in Texas. The money will permit local housing authorities to move ahead with surveys and planning which will precede actual construction. Some 400 houses will be at Waco and 18 at Crystal City.

# France, Spain To Take Action In N. Africa

LARACHE, Spanish Morocco (AP)—France and Spain have agreed on joint action against Riff rebels harassing the French in Morocco. Lt. Gen. Rafael Garcia Valino, the Spanish high commissioner, and French Resident General Andre Dubois decided at a meeting yesterday their forces would cooperate in suppressing the rebellious tribesmen along their joint frontier.

The four-hour conference in this Spanish sector was the first meeting in three years of the top officials of the two protectorates. Informants said they made progress in reconciling conflicting policies which have caused tension between France and Spain ever since the French threw out Sultan Mohammed Ben Youssef in 1953.

Spain charged the ouster was illegal and openly sympathized with the Sultan's Nationalist followers who finally forced the French to bring Ben Youssef back. The Spanish changed their tune when French promises of home rule for the Moroccans brought Nationalist demands that the Spanish do the same.

France also accused Spain of aiding the Riff guerrillas, who brought strife to the eastern part of the French zone in recent months. The Spanish denied the charges but took no action against the Riffs.

The bulk of yesterday's discussion reportedly centered on the future of Ben Youssef's "empire," which technically includes the Spanish protectorate and the international zone of Tangier, as well as French Morocco, where he makes his home.

The Moroccan Nationalists want both Spain and France to pull out and leave their country united and independent.

Both Spain and France say they favor eventual autonomy for their North African protectorates, but Madrid fears Paris is moving Morocco toward independence too rapidly.

# Greek King Sets Election

ATHENS, Greece (AP)—King Paul has set Feb. 19 as election day for a new Greek Parliament despite threats of opposition parties to boycott the results.

The opposition leaders said they would not consider the results of the vote genuine because the King refused their demand that he dismiss Premier Constantine Karamanlis' Cabinet.

Instead the monarch replaced only five ministers—including those for interior, national defense and justice—with men from outside Parliament. Despite the boycott threat, he signed the decree dissolving the legislature and ordering the new vote.

# Demo Says No Evidence Offered On Red Charges

WASHINGTON (AP)—Sen. Olin D. Johnston (D-SC) said today the Eisenhower administration has never offered evidence that it found a single Communist on the government payroll when it came into power.

Chairman Philip Young of the Civil Service Commission has estimated that about 41 per cent of signed were hired under the Eisenhower administration which took over three years ago.

Johnston and other Democrats have accused Republicans of making "a political numbers game" out of the figures and of attempting to convey the impression that the Eisenhower administration found a lot of Communists or Communist sympathizers on the federal payroll.

He said the administration has "never shown" that it found a single Communist working for the government. Nor, he said, has it obtained indictment of any federal employe under a law making it illegal for a Communist to work for the government.

As of last June 30, the adminis-

# Doors Opened To GOP Senate Unit

WASHINGTON (AP)—The Senate Republican Policy Committee, in a move to achieve "more unity and harmony" among various party factions, has decided to open its sessions to all 46 GOP senators.

Chairman Bridges (R-NH) said the idea was his and that it was adopted at yesterday's committee session.

The committee received many complaints in the past that senators weren't informed of White House requests reaching the group, Bridges said.

The committee, which sometimes determines the party's stand and strategy on legislation, had been limited to nine members until Bridges two years ago enlarged it to include all Republicans up for re-election. This expanded the group to 22 members.

When they arrested Lawrence H. Schulte, 30, for parole violation yesterday, sheriff's deputies said they found a note in his pocket which read:

"Hand over all the money you have. Don't look around, just hand it over. I have a gun."

Sheriff James Dill said Schulte orally admitted he had planned to use the note in a bank robbery. But he didn't. Dill quoted Schulte, because someone had stolen the gun from his car.

# Sen. Ellender Claims Backing In Farm Program

WASHINGTON (AP)—Sen. Ellender (D-La.) said today the Senate Republican Policy Committee "is just backing me up" by its unanimous vote Tuesday calling for speedy action on a new farm program.

Chairman Bridges (R-NH) of the policy group told newsmen the committee felt that any new legislation should be enacted no later than mid-April if farmers are to count on it for this year's crops.

Ellender, chairman of the Senate Agriculture Committee said in an interview that Republicans "can get a farm bill in a hurry if they just cooperate." He recalled that he has urged that Congress complete work on a farm bill by Feb. 15.

He added that his committee may make some changes or additions to the farm program outlined by President Eisenhower in a special message to Congress Monday. The program included a proposed soil bank under which subsidy payments would be made to farmers who cooperate in cutting back production of crops already in surplus.

"I think we may have to make those payments mandatory," Ellender said. "The first thing we must do is to reduce our surpluses. And the way to do that is a mandatory program."

"After all the soil bank program is not a new idea but a new name."

# Brewers Due Hearing On Anti-Beer Petition

OKLAHOMA CITY (AP)—A hearing on the protest of a brewers organization against initiative peti-

tions calling for a state-wide referendum on local beer option has been set for Feb. 9. The petitions were circulated by the United Dry Assn. and are opposed by Oklahoma United, which raised the challenge yesterday.

# TV Station Ready

OKLAHOMA CITY (AP)—The state's first educational television station will go on the air April 1, Gov. Raymond Gary said yesterday. It will be in Oklahoma City on Channel 13.

He Requires No Food

Robert, the Robot, a new toy belonging to four-year-old Harold, is no problem in the food department. But Mrs. William Boyd is kept busy preparing interesting and delicious meals for the other members of her family, the Rev. Boyd, and two more sons, William and John.

## Sauce Making Brightens Menus

The American homemaker would do well to look to the example of the French cooks, who are experts in the art of making sauces.

Sauces can be a boon to everyday menus, as well as gourmet dishes. With a distinctive sauce, an ordinary dish can be dressed up into something "special."

A housewife can put sauces to use to help her food budget sail smoothly through the grocery store's rough seas, for a tempting sauce enables her to make a delicious meal of less expensive seafoods and not-so-choice cuts of meat.

There is no better solution to the problem of leftovers than sauces. With a tasty sauce, a leftover dish can take on new eye and taste appeal. Sauces add variety and interest to mealtime, because the same old dish is a new each time it is served with a different sauce.

Not only do sauces add appeal to inexpensive foods and leftovers, but they also can make the finest foods even better. Ice cream and other frozen desserts are delicious alone, but add a delectable topping and an elegant dish results. Filet mignon is delightful by itself, but cover it with a Bernaise sauce and the steak becomes a royal dish.

Sauces can be just as simple or as elaborate as the homemaker wants to make them. The simplest to make is a plain sauce prepared by melting margarine slowly, adding salt, pepper, and a few drops

of lemon juice. Don't allow the margarine to become overheated while it is melting. Serve this flavo-enhancing sauce while hot on boiled, sauteed, or broiled foods.

White sauce is a universal favorite for vegetables, fish, or chicken. It is a basic sauce that may be varied in many appetizing ways by the addition of special ingredients and seasonings.

The time-conscious homemaker should take a cue from the French housewife and make a roux to keep on hand for use in her sauces. A roux is the thickening for many sauces and consists of flour cooked in margarine. The roux is cooked to a light golden color for use in white sauces. It is cooked to a deeper brown for use in brown sauces. Roux can be made in quantity for a week or longer because they do not spoil if stored in the refrigerator.

Different cooks advise slightly different proportions for making a roux. Some say the proportions should be one-half cup of melted margarine to one-half cup of flour, while others recommend one-half to three-fourths cup of flour. The roux should be stirred and cooked slowly for 15-20 minutes to make sure the flour is thoroughly done. Otherwise, lumps may remain in the mixture.

Hollandaise is an excellent basic sauce. It is essentially an emulsion of egg yolk and margarine, unthickened by flour. Hollandaise gets its name because it is supposed to

be of Dutch origin. Every complete cookbook has at least one recipe for this sauce that makes asparagus, broccoli, and other dishes into sumptuous taste treats.

A favorite even a bride can prepare is Mornay sauce, which took its name from a French prime minister during the reign of Henry IV. Just whip up two egg yolks, a half cup of grated Parmesan cheese, and a tablespoon of margarine in two cups of white sauce. This does wonders for eggs, fish, and vegetables.

Proper seasoning and the use of herbs and spices can bring added charm to sauces—but use restraint with seasonings and don't overdo a good thing.

A word of warning about sauce making: Follow the recipe's directions faithfully. There is usually good reason for a recipe to say "stir constantly," "brown before adding," "pour in slowly," or other instructions which require a little more time or work. But the extra effort is rewarded when a perfect sauce is served.

storage procedures and times. For example, pre-packaged cured and smoked meats and sausages may be stored in their original wrapper; fresh meats should be re-wrapped loosely to allow circulation of air.

Roasts may be held in the refrigerator for four or five days, steaks a day or two, ground beef and the variety meats only about 24 hours.

Smoked meats should be as carefully stored as the fresh meats. Hams should be eaten within a week, but bacon will keep a week to ten days.

### Canned Lunch Meat Is Used For Loaf

Use canned luncheon meat to make a pretty and tasty meat loaf ring. Place seven thin slices of luncheon meat against the outside edge (but partially on the bottom) of a greased 9-inch ring mold. Chop the rest of the luncheon meat from one, 12-ounce can.

Add 4 cups hot cooked salted rice, 1/2 can condensed cream of mushroom soup, 1/2 cup water, 1-3 cup chopped stuffed green olives, dash of Tabasco sauce, 1/2 teaspoon salt and 1/2 teaspoon black pepper.

Place on meat in the mold. Press in firmly.

Loosely cover mold with a lid or foil. Bake at 350 F. for 45 minutes. Allow to stand 5 minutes. Unmold and serve with the rest of the soup heated with 1/2 cup water.

## Mrs. Boyd's Recipes Are Simple To Make

Cooking is Mrs. William Boyd's hobby and she is always interested in new and different recipes. She gives three recipes that she has found easy and quick to make.

The busy housewife is the mother of three sons—and also has the many duties that go with the position of the wife of the rector of St. Mary's Episcopal Church. The Rev. Boyd has been with the local Episcopal Church for six years.

The entire Boyd family enjoys doing things together, especially traveling. They spend some time each summer in California. The sons are William, age 10, who is quite a stamp collector, but shares this hobby with his father, John, who is seven, likes to make model airplanes and is very interested in his dancing lessons. The baby of the family is four-year old Harold, who has been nicknamed "Dennis the Menace," and he usually lives up to this title.

Mrs. Boyd is the president of American Association of University Women and treasurer of the 1948 Hyperion Club. She is an associate member of the Officers' Wives' Club.

Here are her recipes. "This salad is so simple to make, and yet it is so elegant," the rector's wife said.

### CHERRY SALAD

1 No. 2 can Dark Red Sweet

Cherries  
1 No. 2 can Crushed Pineapple  
2 packages cherry gelatin  
1 cup pecans

Heat juice from cherries and pineapple and stir in gelatin. Cool. Add two bottles of a cola beverage. Add fruits and nuts. Chill.

"Here is a delightful treat to serve during the holidays or for teas," explained Mrs. Boyd.

### STUFFED DATES

Take one pound pitted dates and put into mixing bowl. Pour 1/2 cup sherry over them and let set for at least an hour, so sherry will be absorbed. Stuff with pecans or almonds. Make a sugar syrup of 1/2 cup sugar and 1/2 cup water. Dip stuffed dates in sugar syrup and roll in colored coconut.

"Now that pork is so inexpensive, here is a recipe that will please any budgeting housewife," Mrs. Boyd said.

### ITALIAN SAUSAGE

1 pound sausage  
2 tablespoons minced onion  
Cook together until brown and drain.

Then add:  
2 cups cooked rice  
1 1/2 cups cooked tomatoes  
1/2 cup catsup or chili sauce  
1/2 cup diced celery  
Roll in colored coconut.

Do not remove lid until cooking time is complete.

## Coconut-Plum Coffee Ring Is Favorite For Breakfast

If you are an old hand at baking with yeast, our delicious coconut-and-plum sweet bread will intrigue you. If you have never baked with yeast, don't let it scare you! The basis of the sweet bread is a hot roll mix; follow directions carefully, and you are bound to get a lot of satisfaction from having made this risen coffee ring.

If you are having company at a brunch, have a big pitcher of cold tomato or orange juice ready on a tray with glasses, so guests can help themselves as soon as they arrive. Then you might serve shirred eggs with chicken livers, mushrooms and bacon. Have crisp buttered toast to go with the eggs. The coffee ring can be brought on after this main course and eaten with those second — and third — cups of good strong hot coffee.

This is one of our favorite ways to prepare shirred eggs. Grease shirred-egg dishes with butter; or use shallow six-inch individual heat-resistant glass pie plates. Pour a tablespoon of heavy cream into each buttered dish. Now put two eggs in each, without breaking the yolks. Bake in a slow (325 degrees) oven 12 to 15 minutes or until set as firm as desired. Sprinkle with salt and paprika.

To prepare the chicken-liver accompaniment, cut each liver into quarters. Cook in butter in a skillet with sliced mushrooms, salt and pepper. Top with strips of crisply-cooked bacon and garnish with parsley.

### COCONUT-PLUM COFFEE RING

Ingredients:  
1 package (14 1/2 ounces) hot roll mix  
1 can (1 pound and 14 ounces) purple plums (well drained)  
1/2 cup sugar  
1 1/2 teaspoons cinnamon  
1-3 cup butter or margarine (soft)  
1 cup canned moist-type shredded coconut

Confectioner's sugar glaze (if desired):

Method:  
Prepare hot roll mix according to basic recipe on package. Pit drained plums; place in strainer to drain again. Mix sugar and cinnamon together. When ready to shape, divide dough in half. Roll out on lightly floured surface into two rectangles — 8 by 14 inches each. Spread with butter and sprinkle with sugar-cinnamon mixture and coconut. Arrange plums over coconut. Roll up each rectangle in jelly-roll fashion. Bring ends together to form two rings. Seal ends and place on greased baking sheets. With scissors, make cuts two-thirds of the way through the rings at 1 1/2-inch intervals; turn each cut section on its side. Let rise in warm place, covered with waxed paper or towel, until double in bulk — 30 to 60 minutes. Bake in moderate (375 degrees) oven 30 to 35 minutes or until well browned. Let cool 5 minutes, then frost with confectioner's sugar glaze if used. Makes two 10-inch coffee rings.

Variation:  
Two-thirds cup chopped walnut meats may be sprinkled on the dough with the coconut.

### Vary Sugar Cookies

Making sugar cookies for small fry? Try adding graded orange rind to the cookie dough for good flavor.

## Pie With Cereal Crust Perks Up Winter Meals

Here is a recipe for homemakers who enjoy creating a dessert that is not only attractive and delectable but is chock-full of important nutrients.

A Cereal Flake Crust is so easy to make. There's no guess work about the amount of liquid to add — no possibility of a tough crust!

The easiest way to make fine crumbs is to use a food mill. Fine crumbs can be made, however, by placing the flakes between wax paper and crushing with a rolling pin. Place the crushed cereal flakes and sugar in the pie pan, add the melted butter or margarine, mix and press into shape. It's as simple as that!

Package vanilla pudding mix is the basis for the Ambrosia Pie Filling. The gelatin and eggs make the pudding mix into an elegant chiffon pie filling.

The next time dreary winter weather gets you down, make an Ambrosia Pie with Cereal Flake Crust. Not only will it lift your own spirits but those of your family when they taste your creation.

### CEREAL FLAKE CRUST

4 cups corn flakes, finely crushed after measuring  
5 tablespoons sugar  
1/2 cup melted butter or margarine

Crush cereal very fine. Add sugar. Mix in melted butter thoroughly. Press mixture into 9-inch pie pan, making the bottom slightly thicker than the sides. Chill thoroughly before a adding filling.

### AMBROSIA PIE FILLING

1 envelope plain gelatin  
1/2 cup orange juice  
1 1/2 cups milk  
1 package vanilla pudding mix (not instant variety)

1 teaspoon grated orange rind  
2 eggs, separated  
1/4 cup sugar  
1 cup well drained orange pieces (optional)

Grated coconut  
Orange slices  
Combine gelatin and 1/2 cup orange juice. Let stand 5 minutes. Add milk to pudding mix. Blend. Cook over low heat until thickened. Beat egg yolks. Mix 1/4 cup hot pudding mix into egg yolks. Return

to pudding. Blend. Cook over low heat 1 additional minute. Add softened gelatin and grated orange rind. Stir until gelatin has dissolved. Cool. Whip egg whites to a soft peak. Add sugar, 2 tablespoonsful at a time, beating well after each addition. Beat cooled pudding until fluffy. Fold in egg whites. Add oranges, blend in carefully. Pour into pie shell. Chill until firm. If desired, garnish edge of pie with a ring of coconut and center with orange slices. Yield: Filling for one 9-inch pie shell.

## Surprise "Girls" With Fancy Mold

Mold this snow white chicken salad in a fancy mold and surprise the "girls." Soften one envelope plain gelatin in 1 cup water, then heat to dissolve the gelatin.

Add 1 cup cold water, dash of black pepper, red pepper, paprika, 1/2 teaspoon salt, 1 to 2 cups salted cooked rice, 1 1/2 cups diced cooked chicken, 1/4 cup diced celery, 2 tablespoons chopped green pepper, 1 tablespoon diced dill pickle, 6 chopped stuffed olives, 1 tablespoon chopped parsley and 12 chopped pecans. Cool.

Stir in 2-3 cup mayonnaise. Fold in 1/2 to 1 cup cream, whipped. Chill until firm, or mold and chill.

## Cheese Adds Flavor To Tempting Sauce

Cheese adds to the flavor and texture of many tempting sauces. Although most homemakers are more familiar with white sauces that require American or cheddar cheese, there are endless possibilities for distinctive sauces which make use of the wide variety of cheeses available. This delicious sauce made with Swiss cheese is excellent for hot cooked vegetables or served on toast with crisp bacon.

3 tablespoons margarine  
2 tablespoons flour  
1 cup milk  
1/4 teaspoon salt  
1/4 teaspoon ground black pepper  
1-1/2 teaspoon ground cayenne pepper  
1/4 cup finely chopped Swiss cheese

2 teaspoons fresh lemon juice  
Melt margarine in a saucepan. Blend in flour. Stir in milk. Cook until medium thickness. Add seasonings and Swiss cheese. Mix well and cook over low heat until cheese is almost melted. Stir in lemon juice. Serve over hot cooked vegetables or on toast with crisp bacon. This makes one and three-fourths cups.

*Wonderful ways with fruits and vegetables*

Perk up your winter menus with some of these new ideas! You'll find all the fresh fruits and vegetables...together with the other ingredients...featured at Safeway now!

**FOLKS RAVE** about eggburgers. Just scramble eggs with chopped green pepper, tomato and onion. Season. Spoon on hot toasted buns and pass the ketchup.

**NEW TWIST** to the ever-popular cinnamon toast. Toast bread and spread one side with butter. Top with thinly sliced bananas; sprinkle with cinnamon-sugar mixture and bake until bubbly.

**GOOD COMPANIONS** are hot buttered cauliflower and creamed chipped beef. A vegetable is a nifty substitute for the usual toast.

**WHAT'S COOLING?** Avocados. They should be nice and chilly for the dinner appetizer made by dressing cubed avocado with equal parts of sour cream and chili sauce, spiked with lemon juice.

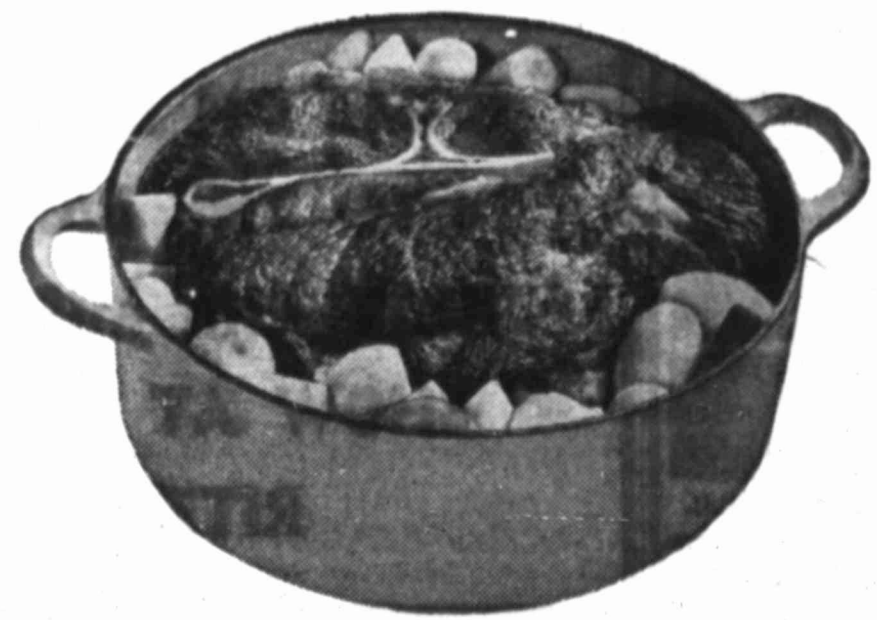

**FOR BRIGHTER GREENS:** Perk up lettuce, cabbage and other greens by plunging them in salted ice water mixed with a bit of vinegar.

**SWEET IDEA** this Sweet Potato Ambrosia. Mash hot sweet potatoes, adding enough orange juice to make them fluffy. Heap into casserole, dot with butter and sprinkle with coconut. Bake until coconut toasts.

**ENTERTAINING IDEA:** Cut potatoes into fingers as you do for French fries; scallop them your usual way and sprinkle with poppy seeds just before serving.

**GO STYLISH** with green beans simmered in consomme or bouillon. When they are tender but still slightly crisp, stir in hot cooked mushrooms.

# Ike Reports To Congress On Great Plains Farm Program

WASHINGTON (AP) — President Eisenhower reported to Congress today on a program designed to relieve "widespread suffering and heavy economic losses" by farmers in the Great Plains region.

The President advised the lawmakers that "certain legislation is needed" to carry out phases of the program.

In identical letters to Vice President Nixon and House Speaker Rayburn, Eisenhower said:

"The Great Plains region, a vast agricultural empire peopled by 17,000,000 of our citizens, is an area of severe climatic variations which periodically produce widespread suffering and heavy economic losses. In this region farm families have a continuous struggle to pro-

tect their best cultivated and grazing lands against soil erosion during seasons of high winds and frequent periods of extremely dry weather.

The Great Plains program was one of nine points in the special farm message which Eisenhower sent to Congress Monday. In that message, and in his State of the Union message last Thursday, he dealt with the matter in general terms.

The area known as the Great Plains includes parts of ten states east of the Rocky Mountains — Montana, Wyoming, North and South Dakota, Nebraska, Kansas, Colorado, Oklahoma, New Mexico, and Texas.

In his letter, Eisenhower said that because the problems of the Plains area directly concerned the lives and prosperity of millions of Americans, "the nation as a whole is directly concerned."

The President sent Congress a letter sent to him by Secretary of Agriculture Benson.

Administration actions which Benson said will be taken include strengthening of federal crop insurance; still more research; in-

tesification of education programs; distribution of land use films; and improvement of an acreage allotment and price support program.

In the legislative field, Benson informed the President added authority is needed to "authorize the formulation and announcement of conservation programs covering an extensive period."

"Because all Americans are concerned with the maintenance of oil, soil and water resources, every citizen in the land has an interest in the solution of agricultural difficulties in the vast Great Plains area," the letter added.

Benson's letter outlined these steps he said had been taken:

An increase in technical aid for conservation measures; greater flexibility in the cost-sharing of conservation measures; encouragement of private lenders to finance sound credit needs; improvement of a farm home administration credit program; and increased weather reports and re-

# Sir Winston Receives Ben Franklin Award

LONDON (AP) — Sir Winston Churchill today received the Benjamin Franklin award as the man who has done most to promote international understanding since World War II.

Joseph S. Clark Jr., former mayor of Philadelphia, handed the 80-year-old former British Prime Minister the gigantic silver medal and a book of Franklin's letters to commemorate the award in a modest ceremony at the home Franklin occupied when he was agent here for the American Colonies.

Churchill, wearing a black jacket, striped pants and polka dot tie, graced as Clark presented the medal designed by American-born British sculptor, Sir Jacob Epstein. Clark told Churchill:

"We come here today, sir, to honor you for what you have done to bring the free world together, for your sense of history, for your magnanimity in victory, but most of all for your unrelenting search during the last 10 years for peace on earth and good will towards man."

Churchill rose slowly, put on a pair of half-moon glasses and told Clark: "I think it is a charming idea for the city of Philadelphia to award the Benjamin Franklin medal to an English representative."

"I shall always cherish the medal for sentimental reasons—but also as a work of art, worthy of Jacob Epstein's skill and fame."

"I shall cherish it too, because I am half-American myself—by blood anyway."

Churchill, whose mother was Jennie Jerome of New York, said the great developments of science which Franklin himself would appreciate made the need for world understanding even more pressing.

Churchill flies to the French Riviera tomorrow for a six-week holiday. Lady Churchill is in a hospital for a medical checkup.

# Uncle Ray: Wondrous Tricks Described By Ads

By RAMON COFFMAN

If you had lived in England 229 years ago, you might have read a newspaper advertisement with these words:

"Breslaw's new CAPITAL performances will be displayed at the Great Room in Pantion St. Haymarket . . . at 7 o'clock. Mr. Breslaw will exhibit his magical card deceptions, letters, numbers, dice, handkerchiefs, rings, pocket pieces, etc."

"The celebrated Miss Rosmond, a child about 11 years of age, will deliver a lecture on HEADS . . ."

"Mr. Breslaw will display new deceptions with six different methods, magical watches, gold boxes, silver cup, glass and silver . . ."

Another advertisement, printed 55 years later, gave the public a statement that a Mr. Fawkes would show his musical clock and a puppet show. The puppets were to act a play entitled, "The False Lover."

The best trick of Mr. Fawkes was described in this manner:

"He throws the cards up and causes many of the to stick against the ceiling, and the rest to fall down. Likewise he causes the whole pack to stick up to the ceiling, and calls them down by their name, one by one."

Many were the men who performed tricks in the same period as Mr. Breslaw and Mr. Fawkes. In France a magician known as

An old-time magician. (After Mulholland.)

Comus gained fame by producing an image over a table. This image would vanish as suddenly as it appeared. The trick is believed to have been performed with the help of mirrors.

The early tricks included getting rabbits out of a hat. Other tricks were performed by using boxes with false bottoms. Folding tables with handy, built-in parts were used.

Many early performers, but not all of them, wore aprons with large, baggy pockets. If the magician was quick, he could take many objects from the pockets without letting the audience see him do so.

# Radioactive Device Found

MILFORD, Conn. (AP)—The jumping needle of a Geiger counter at a construction job gate turned up a small cylinder of deadly, radioactive cobalt Wednesday in the possession of a bewildered workman.

Benjamin Zowacki, 33-year-old electrician, told a reporter he took the cylinder late Tuesday afternoon because he wanted the string from which it was hanging.

The device, used in photographing steel pipe, was in a paper bag lying inside of a cloth cap in the glove compartment of Zowacki's car.

Searchers with a Geiger counter had been checking all cars entering and leaving the site of a job where the United Engineers Construction Co. is building a power plant addition for the Connecticut Light & Power Co.

When Zowacki's car came through the gate, the search ended. Zowacki said he was wholly unaware that radio and television stations in this area had been broadcasting periodic warnings all night, advising whoever had the cylinder to dispose of it in a vacant lot, notify police and report immediately to a hospital.

# Former CO Of Air Base Reprimanded

SCOTT AIR FORCE BASE, Ill. (AP)—A former commanding general of Chanute Air Force Base, Ill., accused of giving preferred treatment to insurance firms for personal gain, has been punished by forfeiture of half month's pay and a written reprimand.

This punishment for retired Maj. Gen. Byron E. Gates, 60, was announced yesterday at headquarters here of the Air Force's Air Training Command. He was ordered to forfeit \$500 in pay.

Lt. Gen. Charles T. Myers, commander of the ATC, imposed punishment under an article of the Uniform Code of Military Justice which provides for nonjudicial punishment if the accused chooses this in preference to a court-martial.

The ATC said Gen. Gates was punished for "wrongfully using his rank, position and influence as commander (at Chanute) by sponsoring private insurance companies in which he had a financial interest."

Gates, a veteran of 38 years in the Air Force, retired last June but was recalled Aug. 1 to face charges that he "willfully mis-handled his administration of Chanute Air Force Base for personal gain."

**Tomatoes And Soap**

"The time has come to talk of many things," and unlike Louis Carrol's storybook Walrus, we are deserting the discussion of cabbages and kings in favor of tomatoes and soap.

Did you know that at one time people thought tomatoes were poisonous? Occasionally they were used in gay mantel decorations at Christmas time, but not without severe criticism from magazine articles which warned of the dangers of leaving such dangerous items within reach of little fingers.

Strange, isn't it the notions people sometimes get? Even today there are some boys who honestly believe soap is rather unmasculine. Even more, by the smell of things.

# German Chief Gets Rebuff

BONN, Germany (AP)—The Free Democratic party has rebuffed Chancellor Konrad Adenauer by re-electing one of his chief foreign policy critics as leader of its parliamentary delegation.

The FDP, second largest party in Adenauer's coalition Cabinet, elected Thomas Dehler last night to head its 33-member parliamentary delegation despite Adenauer's efforts to have him removed. The continued support of Dehler aroused speculation the party might pull out of the coalition.

Dehler ran afoul of Adenauer recently when he urged the government to modify its alliance with the West in an effort to get Russia to agree to German unification.
